VIKINGS CRASH OFF NEWFOUNDLAND

NEWS IN BRIEF

SHORT ITEMS RECEIVED OVER C. P. WIRE

LIQUOR TRANSPORTER FINED.

HAMILTON. — George Badawey, to-day was fined $100, with the option of three months in jail, when he was convicted before Magistrate Vance for transporting alcohol illegally on the Niagara Highway. Badawey was caught yesterday by Constable Ed. Jess of the Niagara Highway Squad.

GET 15-YEAR TERM.

THREE RIVERS. — Georges Lacourciere and Donald Cheva'ir, both of Montreal, who pleaded guilty to robbing the St. Leon branch of the Banque Canadienne Nationale on July 24, and escaping with $6,000, were sentenced to 15 years in the Penitentiary by Magistrate Morchildon here to-day. Emile Michaud, of Montreal, charged with being an accomplice, is at present awaiting trial in Montreal.

SENTENCED TO 4 MONTHS.

LONDON, Ont. — Frank O'Connor, Toronto, was ordered to leave this city on August 10. He walked out, but turned around and walked right in again. To-day his daring cost him four months' liberty. He will spend them in the Ontario Reformatory. Police say he has some record in Toronto, including two theft charges, which made him change his mind about returning to that city.

WILL VISIT SWEDEN.

LONDON. — It was learned on high authority to-day the Prince of Wales intends to visit Sweden some time in October, but that no definite date for the trip has been fixed. The information recalled frequent rumors in the past that Princess Ingrid of Sweden might become the Prince's bride.

NEW GOLD FIND

WINDSOR.—Discovery of a gold find on an island in Great Slave Lake is reported in Detroit today from Edmonton, Alta. Joseph Girard of Detroit, is said to be the leader of the party which made the discovery and the location is said to be the Aurora mine launched by William Smith of Seattle, Wash. in 1926.

$41,000 CARGO SEIZED

BUFFALO, N.Y.—A truck and its cargo of 2,000 quart bottles of allegedly imported Scotch whiskey was seized on the Lake Shore Road to-day by state troopers and two Detroit men were arrested. Police valued the seizure at $41,000.

The men gave their names as Sam Sleinshers, 27 and Anthony Massu, 24, both of Detroit. One of the state troopers who made the arrests said his suspicions were aroused when the truck picked up speed as soon as the driver noticed the officers behind them.

DEBT CONVERSION

ROME.—It was learned to-day in a reliable source that Premier Mussolini is considering conversion of the Italian public debt after the example of the United Kingdom. The total involved would be about $3,750,000,000 less than half the British loan.

$75,000 LESS FOR MANITOBA

Premier Bracken to Achieve Objective Cuts All Employees 7 Per Cent.

LOWER SCHOOL GRANTS.

WINNIPEG, Aug. 24.—(CP)—Determined to cut some $750,000 from its expenditures for the present fiscal year the Manitoba government will reduce the salaries of all its employees by another seven per cent beginning Sept. 7. The cut together with one affected previously brings the total reduction to 15 percent. on lower salaries and 25 per cent. on higher. It affects everyone from cabinet ministers down.

Faced with declining revenues and increasing expenditures on relief Premier John Bracken and his ministers recently mapped out the economy program which is designed to keep the budget balanced. The program was partially disclosed by Mr. Bracken prior to his departure for Ottawa when he will meet Premier R. B. Bennett, representatives of Alberta and Saskatchewan and the wheat pools in a conference on wheat marketing.

Besides the salary reduction amalgamation of various government services, the elimination of a number of grants and reduction of the grants to the University of Manitoba are forecast. Mr. Bracken said there would be curtailment of grants to public schools.

A Prolific Lily

IN MILLBROOK GARDEN

Golden-banded lily of Japan (Lilium Auratium) with 111 blossoms from the garden of Mrs. (Canon) W. C. Allen of Millbrook. It is now in its fourth year of flowering, the bulb having been planted three years ago last May. The blossoms are borne on eleven stalks.

25,000 MINERS START MARCH ON COAL FIELDS

None to Dissuade Fellow Workers From Starting on $6 Scale.

CARAVAN 4 MILES LONG.

Strike Leaders Declare Franklin County's Refusal to Enter, All Bluff.

STAUNTON, Ill., Aug. 24 — A motor caravan four miles long, carrying striking miners, left here to-day for an invasion of the southern Illinois coal fields, where they will attempt to dissuade their fellow miners from working under the new $5 wage scale.

Mine leaders prophesied the protest march would be the largest labor march in the history of the country. They estimated that 25,000 persons would be in the line of march before they camped to-night at Dowell.

When word came from Franklin county that authorities would not permit the dissenting miners to enter, the strike leaders said it's all a bluff. Christian county officials said the same thing last week when we marched on Taylorville. They withdrew their guards, didn't they; Franklin county will do the same.

3,000 Star Parade

SPRINGFIELD, Ill., Aug. 24. — The trek of Central Illinois Miners to Saunton, focal point of the army that planned to invade Franklin county to picket operating mines, started from Sangamon, Christian and Montgomery counties today.

Proximately 3,000 diggers assembled here and after a brief organization meeting started downstate in automobiles and trucks.

Lumber Camp Signs Are Brightening Up

NORTH BAY, Ont., Aug. 24. — (CP). — Although operators are sounding a note of uncertainty at this time and two or three state that the outlook is far from bright the concensus of opinion here is that the coming winter will bring helpful activity in the lumbering industry. Enquiries received by the local branch of the Ontario government employment service tend to the belief that woods operation during the winter months will show a gain compared with the 1931-32 season. The opinion of a man in close touch with the trade is that twelve or fifteen camps will be operating in this district compared with half that number last year.

Amy Abandons Plan To Try Atlantic Hop

LONDON, Aug. 24. (AP)—Amy Johnson, who used to do a lot of long distance flying before she was married said to-day she had reconsidered her plan to fly across the Atlantic.

This she said is in deference to the wishes of her husband Captain J. A. Moilison who made the first westward solo flight across the north Atlantic last week and is now in New York preparing to fly back

FARM STRIKERS GAIN VICTORIES, MILK PRICES UP

Over 1,000 Agriculturists Are Camped on Main Roads Leading Into Omaha.

STOPPING TRUCKS.

Sheriff's Assistants Forced to Use Tear Bombs to Disperse Pickets.

DES MOINES, Iowa, August 24 (C.P.). — Two victories marked the course of the Mid-west farm strike for higher prices to-day, as the movement spread in some quarters and receded in others. Interference with rail transportation continued.

Both victories were scored in Nebraska, where milk producers gained higher prices for their products. At Omaha, officials of the Iowa-Nebraska Co-operative Milk Association consented to pay $2 per hundredweight for milk, compared with a previous top of $1.45, while at Lincoln milk dealers agreed to pay $1.80, an increase of 40 cents.

More than 1,000 agriculturists were assembled in camps along the main highways leading into Omaha, but there were reports some of the picketeers were in a dispute as to the best method of enforcing the farmers' holiday.

Strike Spreads.

Reports of a spread of the strike came from Danbury, Rockford, Mapleton, and other points in Iowa. At Danbury fifty strikers unloaded a car of hogs bound for the Sioux City Market, and chased the animals into a yard, where they were reloaded by their owner on to a truck. The owner returned home, taking the live stock with him.

Creamery and product houses at Mapleton and Monona have agreed to cooperate in the strike, reports from those towns said, but on the other hand the cooperative creamery at Sioux Center, Ia., decided to continue operations, despite threats.

Hog receipts at 21 concentration points and seven packing plants in the interior of Iowa and Southern Minnesota were 72,300 yesterday, an increase of 2,000 over the same day a week ago.

Aid Appears

Although the strike wave appeared to weaken in some sections the possibility loomed the strikers might add two vitally important sectors to their warfare. Wisconsin dairymen are to meet at Marshfield, Sept. 2 to decide whether they will join the strike, and Minnesota milk producers will gather at Farmington, Minn., Saturday to pass on the same question.

Tear bombs came into use at Council Bluffs, Ia., last night when Sheriff's deputies employed them to scatter a crowd of 1,000 farm strikers and spectators, who were blocking a highway.

AMERY, ACTRESS ON WAY TO WED

Young Couple Head For Biarritz After Having Plans Foiled in London.

HOPE FOR SANCTION.

PARIS, Aug. 24. (C. P. Cable)—John Amery and Miss Una Wing, 22-year-old actress, are on their way to stay with friends near Biarritz, where they hope to arrange their marriage. A wedding set for noon on Monday at Chelsea registry office, London was halted when Mr. Amery's aunt and uncle, Lord and Lady Greenwood, sent telegrams forbidding it on the ground that the groom was under age.

Mr. Amery said it was the greatest distress in his life, with his father, Rt. Hon. L. S. Amery. His attitude must be based on cabled information, said Mr. Amery; I cannot believe that when I see him personally he will persist in his present frame of mind.

His father has been attending the Imperial Economic Conference at Ottawa as an observer.

WITH THE PROHIBITIONISTS

WASHINGTON—President Hoover considers himself on common ground with the prohibitionists in a desire to rid this civilization of the evils of the liquor traffic.

He made this statement in a letter to Dr. Daniel A. Poling, made public by the chairman of the allied dry forces for prohibition.

To Fly Home To England Across Atlantic

THE CENTRE OF ATTRACTION MOLLISON TALKS FOR MOVIES

Surrounded by eager admirers, James A. Mollison, daring British aviator, talks into the movie microphone that is thrust before his mouth after his arrival at Roosevelt Field from Pennifield Ridge, New Brunswick, August 21. Thousands greeted the first man to make a solo non-stop flight flight from Europe to America. George F. Mano of the mayor's committee is on the extreme (right). He plans to return to England in his plane.

DAIRY INDUSTRY TO REAP BENFIT

G. A. Gillespie Confident Trade Agreements With U. K. Will Re-act Beneficially.

MUST SHIP QUALITY GOODS

Benefits are certain to result for the dairy farmers of Canada from the trade agreements made with the United Kingdom at the Imperial Conference was the opinion expressed today by George A. Gillespie, manager of Silverwood's creamery here.

While Mr. Gillespie stated that he had been hopeful that greater preferences might have been given to some dairy products the decisions reached were a giant step in the right direction and the benefits would be far reaching.

"I was particularly interested in what they might do in regard to condensed milk," he said. "We haven't sent a tin of condensed milk to Britain since 1921, but now I believe with the preference assured that this important trade will again be opened."

Also, Mr. Gillespie held the opinion that the preferences given on cheese, butter and eggs would prove beneficial directly to dairy producers, but in these branches Canada must face strong competition from Australia. Canada must ship only quality products of unvarying excellence unto the British to gain and retain the advantages of the preferences, he said.

Free Trade Policy Denied By Denmark

COPENHAGEN, Denmark, Aug. 24. (C. P. Cable).—Statement by the Montreal Board of Trade that Denmark is about to embark on a sweeping free trade policy is unfounded, it was stated in official circles to-day, but it was admitted that important changes will be made in the import regulation system.

As outlined here several groups of imports will be placed on the free list this meaning that foreign certificates will not be required to be produced by the exchange board as at present.

Chaplin Would Bar Sons From Movies

LOS ANGELES, Cal. Aug. 24.—(CP). Charlie Chaplin plans to institute legal proceedings to prevent his sons from entering the movies. The action will be either a petition for injunction or for modification of the agreement entered into by Chaplin and his former wife Lita Grey Chaplin, when they were divorced five years ago.

She has custody of the boys, Charles, Jr., six, and Sidney Earle, five and has made a contract with a film studio to appear with the youngsters in pictures.

SUFFERS FIRE LOSS.

KITCHENER.—Edward Dietrick, Tavistock farmer, to-day counted loss of $9,000 from fire which last night destroyed his barn, 30 pigs, 200 chickens and farm machinery.

A spark from a threshing machine was thought to have caused the blaze.

Interest Revives

GODERICH, Ont., Aug. 24.—(CP)—John Taylor Taylor was in court. He had set up a pool table in his garage at Exeter, contrary to municipal by-laws.

How do you want to plead, guilty or not guilty? asked the magistrate.

I'm not interested, said Mr. Taylor.

So the magistrate revived his interest with a fine of $25 and costs.

NOTED EXPLORER SINKS IN ARCTIC

Tragedy Occurs While Watkin's Expedition Seeking Sites for Air Bases.

BRITAIN TO CANADA ROUTE.

ANGMAGSALIK, Greenland, Aug. 24.—H. G. Watkins, one of the most distinguished of youger British explorers, was drowned to-day when his kayak— a one-man Eskimo canoe—upset in the sea. He was only 25 years of age.

Watkins rescued Augustine Courtauld from the Greenland ice-cap last May after Courtauld, a member of Watkins' expedition, had been marooned for several days.

Details of the accident were not available. Watkins was leading an expedition investigating possible sites for air bases on an Arctic air route between Great Britain and Canada.

Despite his youth Watkins had established himself as a distinguished explorer. He held the Royal Geographic Society's medal. Shortly before he set out on this expedition he became engaged to marry Miss Margaret Rose Graham.

Pittsburg Tourist Makes Lucky Catch

On the day of her arrival at Chief Dan Whetung's fishing lodge on Curve Lake, Ontario, Mrs. Geo. P. P. Langfitt, of Pittsburgh, Pennsylvania, caught the largest large-mouth black bass seen in years. The fish weighed seven pounds, was 25 inches long and 20½ inches in girth.

A good catch of bass and maskinonge has been obtained daily.

This fish is being mounted by Miss Elcome at 692 Elcome Crescent, and can be seen there.

Bank Gun Lost in Hold-up Found On River Bottom

STRATFORD, Ont., Aug. 24. — Echoes of the robbery of the Bank of Nova Scotia at Brussels on Oct. 29 1930, resounded at Wingham this week, when a .32 calibre, automatic colt revolver, taken from the bank on the day of the robbery, was found in the river by a young son of Adolph Scatte, of Brussels. In the same river are thought to be the remnants of $50 in coppers also taken from the bank.

For the last few days boys who have been diving in the river have brought many coppers to the surface.

The revolver was identified as the one stolen from the bank.

Altogether the robbery netted $5,880.04 and of this $50 was in coppers.

DOUKHOBORS CLING TO HOPES

Brotherhood Executive Rejects Peter Veregin's Notice of Resignation.

WAIT DEFINITE MOVE.

BRILLIANT, B.C., Aug. 24. — (CP)—Hopes for reorganization of the Christian community of universal brotherhood were born today in the shadow of the tomb of the community's founder, Peter Vergin I. Its members refused to take seriously the resignation of the president, Peter Verigin II. and his two lieutenants.

Harried by convictions that sent 594 members of its Sons of Freedom group in British Columbia and a score more in Saskatchewan to jail for parading in the nude; by conviction and sentence of its president to 18 months in Prince Albert jail on a perjury charge and by financial plights and leadership resignations, 15,000 members waited patiently for the executive to state definitely the position of the organization.

S. W. Poochin, second vice-president, and J. W. Sherbinin, manager of indutries for the Doukhobors enterprises here, declared the resignation of Verigin had been tendered to the executive, and had been rejected.

AERIAL ARTISTS MEET FOR RACES

Noted Fliers From Britain and Five European Countries Head for Cleveland.

ATCHERLY RETURNING.

CLEVELAND, Aug. 24. — A little band of aerial dare-devils, recruited from Great Britain and five European nations, Saturday will bring planes to Cleveland for a 10-day workout before national air race crowds.

One of the most popuar features of the races, the International contingent strikes the light note in the annual symphony of speed and danger.

Witnesses of the 1931 races remember Flight Commander R. L. R. Atcherly of England, whose flying antics and sense of humor made him a reputation.

Atcherly's tall silk hat and impeccable swallow-tail coat —which he wore "for fun" at least once in last year's stunts—will again be seen this year, together with Blackburn, "Lincock," English military plane.

Germany sends another great war ace, Herr Emil Kropf, who was credited with bringing down 25 allied planes. Since the war, Kropf has earned a reputation as a stunt flyer. The plane which he is bringing to Cleveland is equipped with special fuel tanks beneath the fuselage for use in inverted flying.

Lieut. Jean Assolant of France, is another visitor. Both his plane and picture adorned front pages a few years ago when he piloted the "Yellow Bird" across the Atlantic ocean from Maine to Spain.

Flight To Norway Ends In Disaster; Fog Holds Others

Solberg and Peterson Forced Down Near Placentia Bay, and Plane Wrecked—Both Fliers Unhurt.

AIR IS FULL OF PLANE PINIONS AS FLIGHTS PROCEED OR PREPARE

Hutchinson Family Reach St. John, N.B.—Lee and Bochkon Reach Harbor Grace Safely.

(By the Canadian Press)

Anxiety for two teams of aspiring Atlantic fliers was ended today with reports that one plane had landed safely at Harbor Grace, Nfld., and the other had crashed 50 miles away without injury to the flyers. Both planes were long overdue.

The plane reported to have crashed was that of Thor Solberg and Carl Petersen, which left Floyd Bennett Field, New York City, yesterday morning. The ship was said to be so badly damaged that the flight would have to be abandoned.

After a night of anxiety for their welfare Clyde Lee and John Bochkon, who started from Barre, Vt. yesterday, brought their plane down to a safe landing at Harbor Grace. Their next scheduled stop is Oslo, Norway, which was also the destination of the Solberg-Petersen plane.

Wreck Spoils Race.

What at first was an impromptu race from the United States to Norway to-day was halted by a mishap and the airman's code.

The wrecked airplane of Thor Solberg and Carl Petersen lay at Darby's Harbor, Placentia Bay, while the Green Mountain Boy, Oslo-bound from Barre, Vermont, rested on the air field at Harbor Grace with its fliers, Clyde A. Lee and John Bochkon, under orders to delay their hop for Europe until to-morrow so as to give any possible help to Petersen and Solberg.

William Ulbrich, Dr. Leon M. Pisculli and Miss Edna Newcomer delayed until tomorrow the start from New York on an announced non-stop flight to Rome. They had intended getting away today.

Mollison Waits.

Capt. J. A. Mollison, famous British flyer who recently flew solo from Ireland to New York, expected to start his flight back to Britain Friday. The London Express said his wife, Amy Johnson, was planning to duplicate his east to west feat.

Mixed winds about half way across the Atlantic from Harbor Grace, Newfoundland, which will be Captain Mollison's taking-off point from this continent, changed his resolve to commence his return trip to-day. Fogs were reported over the Grand Banks and the sky was said to become more overcast toward mid-ocean. The youthful aviator is undaunted by mist, but prefers a wind from the west to assist him on his flight. While west winds were reported off Newfoundland, they shifted to southerly about 1,500 miles out.

"I won't go until it is reasonably clear at night, and I am fairly well assured of following winds," he said.

Germans in Alaska

The German airman, Capt. Wolfgang von Gronau, who is flying from Germany westward around the world, poised at Cordova, Alaska, with two companions for the next hop in his unhurried progress.

HUTCHINSONS CONTINUE.

ST. JOHN, N.B., August 24 (C. P.). — The flying Hutchinsons took off from here at 1.42 (E.S.T.) to-day bound for Anticosti on the second leg of their flight to Europe via the northern route over Greenland.

The party of eight, including Hutchinson's wife, two young daughters, a navigator, motor engineer, radio operator and cameraman, arrived here last evening from New York in their big twin-motored amphibian. Hutchinson's main purpose in making the trip, he said, is to secure material for lecturing and writing.

C. N. PERSONNEL TO BE REDUCED ON SEPTEMBER 1

Positions to be Consolidated, With Lowering of Compensation to Officers.

55 FEWER POSTS.

Salary Slashes Range From 40 Per Cent. for High Official Is Downward.

MONTREAL, Aug. 24.—(C.P.) — Further reductions in the official personel of the Canadian National Railways will be made effective on September 1, according to an announcement made here to-day by S. J. Hungerford, acting president of the ayshtem. Positions will be abolished or consolidated and here will be a lowering in the general average of compensation to officers.

It is understood that the positions which will disappear number about 55 and that the new revised salary ratings of Canadian National officers will be below those for corresponding positions on United States' railways. The reductions in salary ratings, it is believed, range from 40 per cent. in the case of some of the executive officers to smaller percentage decreases where the salaries are considerably lower.

President's Statement.

The statement issued by the acting president of the Canadian National Railways was as follows:

There has been carried out a complete survey of all official and supervisory positions exitsing on the railway and associated enterprises. The duties performed by the respective officers have been carefully scrutinised in the light of existing circumstances, and arrangements have been made for the abolition or consolidation of such positions as can be dipensed with, without impairing efficiency. Moreover, positions calling for salary payments of $5,000 a year and upwards have been placed on a lower basis of compensation.

Call for Special Action.

It was realised that the existing circumstances called for a more than ordinarily rigid review of the official positions and compensation, especially as the Canadian National Railways has emerged from a period in which major consolidations of lines and construction have been proceeding, also re-organisation of departments and development of standard and improved practices leading to economies in all operations, during which time it was necessary to have a somewhat larger number of executive and supervisory officers than would be required on a property which was engaged only with the work of transportation and maintenance. The Canadian National Railways administration has, during the past two years, brought about very large economies in payments to official personnel, the total annual supervisory costs having been reduced by more than one-third.

HUNT FOR DROWNED BODY.

BROCKVILLE. — Police to-day were grappling for the body of an unidentified man hooked last night by Major Joseph Cacavajo, New York, as he fished in Chippewa Bay.

The Major said his line broke just as the body reached the surface. It was clothed in a blue shirt, he added.

No one was reported missing in the neighborhood.

Superior Males

OTTAWA, August 24 (C.P.). —The boys are sitting pretty to-day and the old-fashioned custom for men to feel superior to women is still the vogue.

At the baby show of the Central Canada Exhibition boys won all the prizes during the first day's judging. There were 86 entries, including several blonde baby girls, but the boys were the victors.

The judging continues to-day and the tables may be turned. Three hundred babies, including 13 sets of twins, are entered in the various classes.

GERMAN REICH FIRM IN ANSWER TO NAZI THREATS

Violence to be Punished Without Regard to Person or Party.

EXCITEMENT SPREADS.

Cabinet Emphatic it Will Not Yield to Political Pressure.

BERLIN, August 24. — The German Government swiftly met criticism by Adolf Hitler last night by issuing a manifesto declaring that severest penalties for political violence would be invoked "against every lawbreaker, regardless of person or party."

This manifesto was in answer to Hitler's vigorous assault on death sentences imposed on Monday on five of his followers who were found guilty by one of the Government's emergency speed courts of a political murder.

"Heaven may send us torture upon torture, but our movement will be able to finish this guillotine Government," Hitler declared.

A few hours after he had issued his statement the Governments of the Reich and of the State of Prussia joined in a manifesto which, without mentioning him, obviously was aimed at the Nazi leader.

"Acts of violence which seriously prejudiced the authority of the Reich necessitated President von Hindenburg's emergency decree of August 9, providing severest penalties for political violence," the manifesto said.

"The terms of that decree must be imposed, the same moment they were put into effect against every lawbreaker, regardless of person or party. The Reich's Government will use all its power to make the law respected by everyone and will not allow anyone to revolt against it."

Will Not Yield to Pressure

Emphasizing that the Government was not willing to yield to political pressure in dealing with the five death sentences imposed by the speed court at Beuthen, the manifesto concluded:

"Violent charges against verdicts should be addressed to the originators of bloody occurrences and not to the Government, which in the interest of all had to resort to such sharp measures. The Government will nip in the bud all attempts to tamper with the principles of the constitutional state and to incite political passions."

Before the manifesto was issued the government made it clear that it would not permit justice to be coerced and that it would not stand for political pressure, but would decide solely on the basis of justice whether or not to grant pardons.

Reprisals Threatened

Beuthen yesterday was a place of feverish excitement, a great crowd, the majority of which consisted of uniformed Nazis, assembled in the streets discussing the death penalties, the first imposed under the government's emergency regulations.

NO PACT WITH U.S.

WELLINGTON, New Zealand. — The Government announced today it had no intention of entering negotiations for a tariff treaty with the United States. The announcement was made by Prime Minister G. W. Forbes.

AIR TRAFFIC RULES

SAN FRANCISCO.—Traffic rules of the air are what Judge Leo A. Murasky must cogitate in a suit brought by Miss Anton Lewis and Alex Schwart, fliers. They say their plane was wrecked because another, in landing, passed to the left instead of the right.

LIEUT. McINTOSH UNCHANGED

TORONTO—No change was reported in the condition of Lieut. Col. W. A. McIntosh, of Simcoe, at the Toronto General Hospital today.

Lieut. Col. McIntosh was taken there Sunday night, seriously ill form a glandular infection.

Seeking To Reduce Education Expenses

ORANGEVILLE, Ont., August 24 (C.P.).—Reeves and wardens of Dufferin and Simcoe Counties met here to-day to discuss the cost of secondary education and methods of reducing expenditures. The meeting was called following a gathering of the joint committee appointed by the counties to discuss educational matters at Alliston on July 18, at which reeves of Alliston, Bradford and Coldwater in Simcoe, and Shelburne, Mono and Mulmur in Dufferin were present.

The object is to arrive at a plan that will meet the present extreme situation and that we report to our county councils at the November session, when the matter would be carefully considered and we would unitedly request the Department of Education to act on our suggested plan, the joint committee stated in calling to-day's meeting.

KENNEDY GIVEN LENIENT TERM

Two Years' Suspended Sentence Handed Out by Magistrate J. M. Bygott at Campbellford.

"DUD" CHEQUE DEAL.

CAMPBELLFORD, Aug. 24 (By Examiner Staff Correspondent) — Appearing before Magistrate J. M. Bygott in Campbellford Police Court on a remand from last Saturday, Jack Kennedy, 20, was given two years suspended sentence on a charge of intent to defraud. He will however, be required to report once a month to the parish priest in the parish in which he will work.

The case aroused considerable interest in the district as Kennedy was well known and had a good character. A plea for leniency was entered at the hearing on Saturday by Crown Attorney Col. F. G. Boggs, who pleaded on the grounds of first offence and the youthfulness of the accused, recommending suspended sentence providing the costs of the court were met, and restitution made to T. R. Hall, from whom the car was bought on a "dud" cheque deal.

It is understood that work has been found for Kennedy by his friends, who have also arranged for the costs of the court to be met. Kennedy came to Canada from England six years ago and has worked for the past year in Percy Township.

Gas in the Stomach Is Dangerous

Recommends Daily Use of Saturated Magnesia to Overcome Trouble Caused by Acid Indigestion

Gas in the stomach accompanied by a full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a little Saturated Magnesia and take a teaspoonful in water right after eating. This will drive the gas, wind and bloat right out of the body, sweeten the stomach, neutralizes the excess acid and prevent its formation and there is no sourness, gas or pain. Saturated Magnesia (in powder form—never in liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

SNAPPY SEA LION.

NEW YORK, August 24. — The doubtful distinction of being the first Zoo visitor ever bitten by a sea lion here befell 10-year-old Victor Bianchi, Jr., of Brooklyn.

The sea lion, Bouncer, became a widower about six months ago and he's been pretty surly ever since. So when Victor scaled the rail around his tank and patted him on the head, Bouncer took a vicious snap and Victor nearly lost his little finger.

LYING IN WAIT MOUNTIES FOIL BANK ROBBERY

Kill One, Seriously Wound Another and Capture Third Raider.

WERE TIPPED OFF.

Officers Return Fire as Bandits, Covering Staff, Spot Police and Start Shooting.

HALIFAX, Aug. 24 (C.P.).—One bandit was killed, another was seriously wounded and a third was arrested yesterday afternoon when police thwarted an attempt to rob the Shubenacadie branch of the Royal Bank of Canada.

Tipped off that the hold-up had been planned, the police hid in the bank and engaged in a gun fight when the bandits herded the bank staff into the back of the building.

The fight was brief. Seeing the police, the bandits immediately opened fire, but their aim was poor and their bullets went wild.

Two Men Drop.

The police returned the fire and two men dropped on the floor, the third was handcuffed.

Though police had not announced early last night the names of the men, it was learned the wounded man was Edison Boutilier of Halifax, who has a previous police record. The arrested man, unhurt, was S. A. Rafuse, of Sydney, N.S., who claimed he was in the bank selling the manager insurance and had nothing to do with the robbery.

The dead man's name was not immediately learned.

Superintendent C. D. LaNauze of the Royal Canadian Mounted Police, issued the following official statement:

"On information received by Chief of Police W. E. Palmer of Halifax and ourselves, Inspector J. P. Blakeney, Detective-Constable A. Bauld, Staff-Sergeant R. Warrion of the Royal Canadian Mounted Police and Detective Thomas Kennedy and Constable Baker of the city police, went to Shubenacadie, where they had heard, a hold-up was to take place.

On Schedule.

"The hold-up took place as anticipated, about 3 p.m. (standard time). Two masked men appeared, held up the bank and started to herd the bank staff into the back, where our men were hidden. Upon seeing our men, the bandits opened fire on them and failed to hit them.

"Our men returned the fire, killing one bandit, wounding a second, and capturing a third."

It is understood the arrested man did not wear a mask and appeared to be acting as look-out man for the others.

W. P. Robertson, manager of the bank; Charles Lawlor, the teller, and Roy McNeill, Junior, were uninjured.

LAUNDRY USED AS OPIUM DEN

Mounties in Raid Find Whiskey Still Hidden Behind Secret Panel.

TWO CHINESE ARRESTED

LONDON, Ont., Aug. 24.—Following a raid on an alleged opium den, Charles W. Wong, alias Wong Chee Duck, alias Wong Tack, operator of a laundry at that address, pleaded guilty in city police court yesterday to possessing opium and a whisky still. He was remanded to jail until Thursday for sentence.

Wong Dug Soo pleaded not guilty to possessing drugs while John Wong pleaded not guilty to the charge of frequenting an opium den. Their trial was adjourned until Wednesday at the request of defence counsel, W. B. Henderson.

Secret doors, sliding panels and hidden dens were unearthed by the detail of Royal Canadian Mounted and city police officers that raided the Chinese laundry last night.

A panel was found in a wall that seemed a little loose. It was removed and inside police found some opium. A secret door was located in a ceiling and it was found to guard a large whisky still. Another hidden door was located and this time the police officers found a jug of snake whiskey.

MUCH DAMAGE IS DONE BY STORM

Harvesting Operations in Rawdon Township Delayed For Several Days.

BURNBRAE, Aug. 24 (Examiner Correspondence)—Assuming almost cyclonic proportions, Monday afternoon's storm, sweeping over this district and the neighboring communities in Rawdon Township, caused much damage and delayed harvesting operations for several days. In many cases, trees are uprooted, gates and fences wrecked, while some silos were badly twisted.

Most of the farmers in this locality expected to finish harvest this week, but it is very doubtful if the work will be cleaned up by the end of the month.

Corn fields suffered particularly from the storm, as there are many very heavy stands of this crop throughout the Burnbrae district.

Threaten To Plunge Germany Into Civil War

HITLER AGAIN MENACES GERMANY'S PEACE

Adolf Hitler, leader of the National Socialist party, is shown here being greeted in true Fascisti style as he leaves the chancellery in Berlin after his recent conference with Chancellor von Papen. Hitler's bid for the chancellorship, planned at this discussion, failed. Now the Fascist leader threatens to plunge Germany into unrest which might develop into civil war because five of his men have been condemned to death for killing a Communist

SAYS LAW BAD, MORALS WORSE

Cosgrave Describes De Valera's Attitude on Land Annuities.

WEAKNESS DISPLAYED.

DUBLIN, Aug. 24 (C.P. Cable)—"No hope lies along the line of legal argument for the retention of the land annuities," declared former President William T. Cosgrave, replying last night to a speech at Drogheda on Sunday by President Eamon de Valera.

Mr. Cosgrave described the president's attitude as "good politics, but bad law and worse morals." At Drogheda, Mr. de Valera summed up his policy in these words: "I pledge myself England will not get her money until she proves her right to it."

The so-called "secret agreement" of 1923 has saved the Irish taxpayer the very considerable expense of a new department of state, said Mr. Cosgrave. More important still, it imposed on the United Kingdom Government an annual liability of nearly $4,000,000, which would otherwise be borne by the Irish taxpayer.

"Nothing has more clearly illustrated the Government's realization of the weakness of their land annuities case than their continued and continuous insistence on the supposed secrecy of our past agreements. We urge the Government," said Mr. Cosgrave, "to abandon legal chicanery and take full advantage of the new situation—a situation offering opportunities not available to us."

May Reduce Liability

When the Free State made the settlement of 1923 wiping out its liability for war debts, explained Mr. Cosgrave, the Government had put forward the Free State's obligation to pay land annuities as one reason why it should be relieved from further liability under Article Five of the Treaty of 1921. Article Five was cancelled.

"The situation is now altered," declared the former president. "There is hope of all-round remission of war debts. If Great Britain can get such remission then the liability she undertook under the agreement of December, 1925, may be reduced, and consequently a good case may arise for the remission of the land annuities.

"If the de Valera Government," concluded Mr. Cosgrave, "fail to realize and take full advantage of their opportunities, the farmers who are now being asked to pay the annuities twice over and at the same time suffer in patriotic silence their poverty and possible ruin, will know how to deal with such a Government at the appropriate time."

PLAN TO PUNISH MARSHAL CHANG

Failure to Resist Jap Invasion in Manchuria, Back of Action.

WILL SELL TREASURES.

CANTON, China, August 24 (C.P.). — Alleging that Nanking had failed to act, Canton was reported to-day as preparing to convene a Kuomintang Congress to punish Marshal Chang Sziao-Liang for failure to resist the Japanese invasion of Manchuria.

Marshal Chang, the son of the famous Chang Tso Lin, controlled Manchuria when the Sino-Japanese clashes began occurring there last September. He was in China proper at the time, and his headquarters at Mukden were seized. He is now in Peiping.

Chinese papers to-day printed reports that General Chiang Kai-Shek, China's foremost Generalissimo, had ordered the removal from Peiping palaces of curios and other treasures worth about $100,000,000.

It was said the treasures would be sold to buy munitions.

Bankruptcies have dropped 23 per cent. in New Zealand compared with last year.

RIO FEDERALS PURSUE REBELS

Battle on Sao Paulo Front Ends With 95 Government Casualties.

37 HOUR BATTLE.

RIO DE JANEIRO, August 24 (C.P.). — Federal cavalry forces today were reported pursuing fleeing rebels on the southern Sao Paulo front almost within 100 miles of the rebel capital, Sao Paulo City.

The pursuit was a sequel to a 37-hour battle that ended on Tuesday in which 10,000 Federal troops participated. The Federal casualties were given as 15 dead and 80 wounded.

The engagement occurred in the mountains near Victorino Carmillo, 120 miles south-west of Sao Paulo City. The rebels were forced out of their stubbornly defended trenches, and retreated toward Capao Bonta, 100 miles from Sao Paulo.

CEMENT PLANT RE-OPENS PORT COLBORNE SEPT. 1

PORT COLBORNE, Aug. 24.—A much needed note of optimism was struck in Port Colborne industrial circles yesterday when Superintendent L. M. McDonald of the Port Colborne plant of the Canada Cement Company stated that the Port Colborne plant would open up on the first of September with all departments producing in due course as the material goes through.

All the men who were affected by the closing down of the plant several months ago will be taken back with the opening of the branch. Increased orders from highways throughout the district has sufficiently depleted the stock of the plant.

READ THIS

GRATEFUL MOTHER'S LETTER

"With my last baby," writes Mrs. William McLean of Elora, "and I have a family of eight children, I was only able to nurse him for about four months, and then naturally turned to Eagle Brand to bring him along. He was a normal infant all the way, but after starting him on Eagle Brand he gave me little or no trouble, sleeping regularly between feedings, and grew to be such a happy, contented little fellow. He cut his teeth without difficulty and has not had a sick day since. Wherever I go, people admire him and say 'What a lovely baby,' and ask me how I feed him. Eagle Brand is highly thought of in our home, and I recommend it to every mother seeking a satisfactory food for her infant."

Every photograph and letter published by the Borden Company is voluntarily sent us by a grateful parent or other relative.

FREE! Wonderful Baby Booklet!

The Borden Co., Limited, 115 George Street, Toronto, Ontario. C.W. 7

TRANSPORTATION COMMISSION RUSHING WORK UPON REPORT

Expect Document to be in Hands of Government Before Parliament Assembles.

Expect Bus, Truck Ruling.

OTTAWA, August 24. —(C.P.)— Private sittings of the Royal Commission on Transportation for preparation of its report are taking place daily. As the members of the Commission, headed by Mr. Justice L. P. Duff, are concentrating on the work, the document will probably be in the hands of the Government for consideration before Parliament assembles. Consequently it may be made public within the next few weeks, or some time in October, assuming that the session opens then.

Rumor and conjecture in regard to its recommendations are current, but absolutely nothing of an official or semi-official nature has been given out. Joint operation of the two great Canadian railway systems, eliminating duplicating lines and services and apportioning revenues, is one rumored recommendation.

Supervision of both systems by a commission which will have wide powers of control over capital expenditure is also suggested. But the Commission has given no inkling of its findings.

Expect Bus Ruling.

It seems reasonably certain that motor bus competition will be dealt with in the report, and that some means will be suggested for affording the railways a better chance of meeting their new and formidable competitor. It has been represented that the railway systems are under a serious handicap because of having to maintain expensive trackage, stations and other equipment, while the motor bus or truck utilizes the publicly-owned roads. Arguments for and against the motor bus and truck were presented during the Commission sittings.

The Commission secretarial staff has been busy for some time putting the evidence collected during sittings into shape for the commissioners. This preliminary work was completed some little time ago, and the actual preparing of the report is now going on.

Colombia has just established a new inheritance tax.

CHOLERA INFANTUM

THE FATAL DISEASE OF CHILDREN

Is a valuable preparation that has been on the market for the past eighty years.

It has no equal for off-setting the vomiting, purging, and diarrhoea of cholera infantum.

Price, 50c a bottle at all druggists or dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

SOLVED!

● Gillette solves, believe it or not, a problem that has baffled metallurgists for years. We have just developed a secret automatic process for achieving uniformity of hardness in razor steel. This method typifies the skill that makes the Gillette **BLUE SUPER-BLADE** possible.

The Blue Blade is made in addition to the regular Gillette Blade sold in the green package.

Write your way to a free car!

Winner of Twelfth Turret CAR-A-WEEK CONTEST

HERE'S THE WAY TO WIN

William Bonnell

This contest is so easy that every cigarette smoker should enter each week. To date, 12 Chevrolet Standard Coaches have been won by fortunate smokers of Turret Cigarettes—and each has been won simply by the contestant writing his or her name, occupation, street and town address and province on the backs of 4 front panels of Turret Cigarette packages. (See details at right.) What a wonderful chance to get a car, free!

Could anything be simpler or easier? You are smoking anyway, so smoke Turrets and save the empty packages—take off the front panels, with portion of the excise stamp attached, and enter each week's contest.

The winner each week is chosen, *not for good writing, but for writing which reveals character or interesting features.*

Free Graphological Readings are also given to 100 other contestants by Mr. F. D. Jacob, for 15 years Dominion Government Graphologist, who heads the committee of judges.

This week's (THE FIFTEENTH) CAR-A-WEEK CONTEST closes August 31, 1932. All entries mailed after that date will be entered in the next week's contest. The winner of this contest will be announced September 14, 1932.

The weekly prizes are awarded not for good writing but for writing which reveals character or temperament, unique or unusual features.

NOTE

The only condition of entry in this contest is that you write the following on the backs of 4 front panels from empty Turret Cigarette (20's) packages, with portion of excise stamp attached: on the back of one panel, your name; on the back of another, your occupation; on a third, your street and town; and on the fourth, your province. Fasten the four panels together and mail, on or before the closing date shown above, to Turret Cigarette Handwriting Contest,

P.O. Box 2500 Montreal, P.Q.

Miss Marion Freeman, 532 Patterson Street, is visiting Miss Mary Cathcart and Mrs. Donald Tinney, at Cavan, for a few days.

* * *

Mr. and Mrs. Fred Deakin and family, of Windsor, are visiting at the home of Mrs. Deakin's parents, Mr. and Mrs. E. Walton, Dennistoun Avenue.

* * *

Mrs. E. N. Draper, Weller Street, has returned from a month's holiday which she spent on a short sea cruise to New York, after which she visited her parents, Rev. R. S. and Mrs. Booy, at the Rectory, St. Andrew's East, Quebec.

* * *

Mr. Stewart S. Massie left the city to-day for Ottawa, where he will spend a few days before going to Montreal, from whence he will leave on the S.S. Montcalm, to spend a vacation with relatives in Aberdeen, Scotland.

* * *

Mr. and Mrs. Richard Perry and children, of St. Catharines, are spending a vacation with Mrs. R. McGill Hood of Aylmer Street.

* * *

Mr. and Mrs. W. J. Hambleton, of Dallas, Texas; Mr. and Mrs. Porter Knox Davis, of Boonville, Mo., and daughter, Dorothy Jean Davis, and niece, Mrs. J. H. Roberts, of Dallas, Texas, are visiting Mrs. Alvah Wilson, 243 Westcott Street.

* * *

Miss Emily Lidell, 603 Armour Road, has left for Toronto, where she will be a guest of her aunt, Mrs. R. H. Harper, and will attend the Toronto Exhibition.

* * *

Mrs. J. A. Wolstenholme, 322 Bolivar Street, wishes to announce the engagement of her sister, Miss Phyllis Golday, to Mr. Walter Stocker. Marriage to take place very quietly early next month.

MANITOBA TOWN RINGED BY FIRE

Whole Muskeg is Aflame Near Vivian, 40 Miles From Winnipeg.

ALL MEN CALLED OUT.

WINNIPEG, Aug. 24. (CP)—The village of Vivian, 40 miles southeast of here, is almost entirely surrounded by fire. North, east and west the flaming muskeg threatens the little hamlet, and all available men and even some of the women have dropped their chores to wage a day and night battle with the advancing menace.

Practically no rain has fallen in the district all Summer and the undergrowth is tinder-dry. Already the line of fire has swept over the farms of some of the settlers, and although none of their buildings have yet been destroyed, they have suffered heavy losses in hay and other crops destroyed, and fear is expressed the flames may reach the village unless rain intervenes or the wind shifts from the south.

At Hadashville, 40 miles east of Vivian, the flames are under control, after a light shower aided bands of heaters who had been working night and day over the week-end. The danger in that area is said to be practically over.

FASHION SERVICE

Paris has a way of turning every little sewing device to good effect when it comes to dress making.

This time she takes puffs and adds them to this becoming dropped shoulder sleeved blouse. And she joins them with shirring which creates a delightful effect. The bib-like collar has a similar shirred treatment at the neckline.

It's so easily fashioned.

It's fascinatingly lovely in crepe satin.

Silk crepe, chiffon and novelty sheers are equally smart.

Style No. 3030 is designed for sizes, 14, 16, 18, 20 years, 36, 38 and 40 inches bust.

Size 16 requires 2¼ yards of 36-inch material.

Be sure to fill in the size of the pattern.

Send stamps or coin (coin preferred.)

The Examiner:

Please order for me—

Students Win Fight To Oust Professor

HEIDELBERG, Germany, August 24 (CP)—National Socialist students in the University here have won their campaign to oust Emil Gumbel, noted professor of political science. The Baden Ministry of Education voted his dismissal today, ending a long class room fued over his pacifistic views.

The chief point of the controversy was whether he said in a lecture that "a turnip is better than a war monument," than a statue adorned by scantily-clad ladies."

The Minister did not give the reasons for his dismissal. Prof. Gumbel is to lecture in the United States, and thereafter may go to the Sorbonne in Paris.

New Irish Army Appears In Dublin

DUBLIN, Aug. 24 (C.P. Cable).—A new Irish army appeared to-day, sponsored by Frank Aiken, Minister of Defence, and bearing the name of the National Guard.

It is understood to be a volunteer reserve in which young men weaned from the Irish Republican Army will be trained and drilled to protect the Government of President Eamon De Valera against Extremist threats.

The Free State Minister of Defence hopes by means of the National Guard, to tone down the flaming red character of the Irish Republican Army to a milk pink, combining its activities with the regular army under his own control.

NO LUMPY SUGAR

DENVER, Colo. — Science has found a substance to make the house wifes trouble with lumpy sugar a thing of the past.

H. V. Moss, St. Louis, told the American chemical society convention calcium phospete does the work. The same substance, he said has been shown to have valuable health properties and provides elements essential for development of bones and teeth.

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

A LOCAL FAMILY was moving to a distant place.

* * * * * * *

The wife was inclined to push work ahead so fast that she was wearing out her strength. A neighbor, who was a kindly soul and a good friend of the wife's, fearing the young woman would get sick under the vigorous strain, said:

* * * * * * *

"When you get to your new home and are putting the house in order, it is well to remember that another day is coming. Don't feel that you must get everything done in one day.

* * * * * * *

"There's always the next one coming. The work will wait. It is better it should than that you get over-tired. You need above all else to keep well."

* * * * * * *

And this young woman said that not only then, but ever afterwards, she remembered the wisdom of the saying: "Remember, there's another day coming."

* * * * * * *

If she knew it was necessary for her to cease working, however much she wanted to accomplish what she was about before nightfall, she would repeat to herself this phrase as she stopped, and would be encouraged by it.

* * * * * * *

At this season of the year when homemakers are returning to their houses after vacation days are passed, they will do well also to remember the saying.

* * * * * * *

After the weeks or possibly the months of absence, they will see so much which should be done, that the inclination will be to plunge headlong into the task of cleaning and immediate restoration.

* * * * * * *

Unless this is done with enough reserve not to tax energy beyond its powers of daily recuperation, the benefits of the vacation period will be lost in a short time.

* * * * * * *

Stop before getting so tired that sleep does not follow the efforts. Don't get too tired to sleep, nor so weary that the temper gets easily ruffled.

* * * * * * *

This is no plea for evasion of work nor for a lazy attitude. Some homemakers are too easy going for the good of their housework. Down deep in their hearts they realize that they are inclined to put work off, or to be drawn away from it on too slight a pretex.

* * * * * * *

But there are also thousands of homemakers who are so eager to accomplish their tasks that they overdraw their stock of strength almost before they know it. It is these who should take the saying to heart.

CULBERTSON on CONTRACT

by Ely Culbertson

World's Champion Player and Greatest Card Analyst

270

NOT A NOTRUMPER

The value of a hand at Contract depends on two features—on honor-tricks and on distribution. Unless one has high cards—Aces, Kings and Queens—one cannot hope to do much; but long and short suits and the pattern of the hand, generally, are hardly less important.

There is one type of hand that will play best at a suit bid; another type that will play more successfully at notrump. For a notrump bid, a balanced hand is desirable. Long suits are useful when, with trump aid, one can establish them; short suits on a trump deal can be ruffed, but long suits and short suits alike may prove sad pitfalls in a notrumper.

Mr. Lupin (South) and Miss Pepys (North) were matched against Admiral Penge and Mr. Hake. The score was love-all in a Rubber game. Mr. Hake, sitting East, dealt and passed. Mr. Lupin bid one club. Pass from the Admiral. One diamond from Miss Pepys. Her hand is a poor one, but with 1½ honor-tricks, a biddable diamond suit and a void in clubs, she is bound to take out her partner's Opening bid.

Mr. Lupin now bid one spade (East-West never entering the arena), and Miss Pepys, after some thought, bid one notrump. She argued that she had already shown her diamonds, and was drawing attention now to her Ace of hearts. But the bid is a bad one. Miss Pepys has a bare—a very bare—honor-trick minimum. She has bid her hand once already and after that should hold her peace. Any second bid is misleading.

Mr. Lupin, not satisfied with the two bids he had already made, now raised his partner to two notrump. This thoroughly scared Miss Pepys. Realizing, too late, how unsuitable her hand was for notrump, she sought refuge now in three diamonds. But you cannot retreat at Contract; you can only advance. Mr. Lupin, who had already overbid his hand, was lured by his partner's seeming encouragement into yet another bid. He raised the contract to three notrump.

The disaster which followed need not be described in detail. Mr. Hake led the Queen of clubs, and, on getting in again with his Ace of diamonds, the nine of hearts. Miss Pepys lost her sole entry card before the diamonds were established. The contract was set for 700.

The bidding of North's hand is admittedly difficult, but with a holding like Miss Pepys', notrump should at all costs be avoided. The hand should have been played by South in one spade. North could make three diamonds, or perhaps four, but there is no sound method, as the cards lie, of arriving at a three diamond contract.

TODAY'S POINTER

Minimum Takeout of Opening One Notrump Bid

A bid of two in a suit, over an Opening one notrump, shows a five-card suit, headed by a Queen, at least, or a six-card suit, and from 1½ to 2½ honor-tricks in the hand.

Example:

	Opening Hand	
1	♠ K J 9 6	1½
1	♡ A 10 9 7	1½
1	◇ A 6 5 4	1½
0	♣ 3	2
2 honor-tricks		6½ supporting-tricks at hearts

Responding Hand		
0	♠ 8 5 4	0
1	♡ K J 5 4 3	3
0	◇ 7 3	0
1	♣ A 7 4	1
2 honor-tricks		4 playing-tricks at hearts

The bidding of this hand is:

Opening Hand	Resp'd'g Hand
1NT	2♡
4♡	

The Double Raise is based on the supporting strength of the Declarer's hand.

Copyright 1932, Ely Culbertson

Church Raises Cash Sheriff Warded Off

MONTREAL, Aug. 24 (C.P.)—For the last four weeks parishioners of St. Columbia's, Anglican Church in Montreal's west end, have worshipped under the shadow of a sheriff's notice of sale posted on the parch door. To-day there was general relief as officers of a special committee announced they had raised almost enough money to meet an $855 tax bill and confidently expected to ward off the sheriff before September 10, date of the proposed sale.

As a religious corporation St. Columbia's is exempt from payment of ordinary taxes but is subject to water and improvement taxes.

A new church, recently constructed, it occupies frontage on three separate avenues and the resultant taxes exceeded the expectations of the parishioners.

Lakefield

Miss Elizabeth Nicholls of Peterborough is spending her holidays visiting relatives and friends in Lakefield and the vicinity.

Mr. C. Hughes of Peterborough (Lay Reader) was in the village on Sunday, taking the morning service in St. John's Church. There was no evening service.

Mrs. M. Sabatino and family of Bangor, Pa., are visiting relatives in the village.

Miss Thelma Carveth has returned home from a trip to Quebec.

Mr. Hilliard Millar of Toronto is visiting relatives in the village and vicinity.

Mrs. O'Neill and sons, who have been visiting Mr. and Mrs. George Charlton for the past few weeks have returned to their home in Buffalo.

Mr. John I. Ridpath of Toronto was in the village for the week end.

Mr. and Mrs. George Walton and daughter of Detroit are visiting relatives in the village.

Mrs. A. Hoskins of Peterborough was the guest of Mr. and Mrs. A. C. Carveth for a few days last week.

Miss Viola Murphy is spending a week with her cousin, Miss Vleita Carveth at Stoney Lake.

Messrs. Robert, Harry, Roger and James Nicholls of Bridgenorth were in the village on Saturday evening attending the ball game.

Mr. and Mrs. Burrows and family spent Sunday with friends who are summering at Buckhorn.

Dr. and Mrs. E. E. Binns of Welland were guests at "Cedar Lodge" last week.

Mr. and Mrs. A. Sabatino of Chicago are visiting relatives in the village.

Miss Marguerite White, who spent the past few months in Bangor, Pa., with her uncle and aunt, has returned to the village.

Mrs. D. S. Robertson, who had a serious operation performed on her eye in Nicholls Hospital, has returned to the village and is making a satisfactory recovery.

Mr. and Mrs. F. J. Coakly of Hilton, N.Y., were guests of Mr. and Mrs. C. W. Garbutt at "Cedar Lodge" last week.

Master Donald Yale was visiting friends in Peterborough this week.

Mrs. E. Waldon was visiting friends at Gore's Landing last week.

Mr. Patrick Allen of Detroit is visiting friends in the village.

Mr. and Mrs. C. Johnston of Hilton, N.Y., were guests of Mr. and Mrs. C. W. Garbutt "Cedar Lodge" for a few days last week.

Miss Betty Harvey, who spent the past few weeks at Newmarket, is with her parents in the village.

Among those from Young's Point who attended the ball game on Saturday night were: Rev. and Mrs. E. C. Moore, Mrs. A. Brooks, Mr. and Mrs. A. Wilson. Mr. and Mrs. Norman Hurl, Mrs. V. Darling, Miss McFarlane and Mr. W. E. Brooks.

Mrs. Wesley Sherin of Toronto was in the village last week calling on friends.

Mr. and Mrs. A. C. Carveth are spending the summer at their cottage at Stoney Lake.

Miss Florence McNabb of Campbellford was the guest of friends in the village last week.

Mr. and Mrs. Ingol M. Grant and daughter, Doreen, of Toronto, were guests of Mrs. F. G. Kendall for a few days last week.

Mrs. John Murphy, Sr., spent the past week with Mr. and Mrs. A. C. Carveth at Stoney Lake.

St. Paul's Church annual social will be held on August 31st on the bowling green, Queen street.

Warkworth

Mr. and Mrs. J. B. Thompson and Mrs. W. R. Dawkins of Toronto were week end guests of his parents, Mr. and Mrs. J. E. Thompson.

Mr. and Mrs. G. Knott and daughters of Toronto spent the week end with Mr. and Mrs. Tom Allen.

Mr. and Mrs. Cyril and family spent Sunday with relatives in Oshawa.

Mrs. W. B. Baker visited her mother, Mrs. James A. Arkils, Castleton, on Sunday.

Mr. and Mrs. Archie Frost of Marmora are guests of her parents, Mr. and Mrs. W. V. Drewry.

Rev. G. S. and Mrs. Hammond, Jimmie and Elaine of Comber are guests of Mr. and Mrs. George Wilson.

Rev. R. C. Tate and Mrs. Tate and Bobbie were guests of Mr. and Mrs. A. M. Smale on Sunday.

Master Cameron Baker has returned after spending two weeks with relatives at Castleton.

Rev. Russell McGillivray, Mrs. McGillivray and family returned to Ottawa on Sunday after spending a week with her parents, Mr. and Mrs. W. J. Baker, her sister, Mrs. H. B. Wilson, Hastings and brother, W. B. Baker, accompanied them.

Mr. and Mrs. Tom Dick and Bobbie and friend, Mr. Bowman, have returned to Toronto after spending two weeks with his parents, Mr. and Mrs. John Dick.

Miss Margaret Howard of Deseronto is visiting Mr. and Mrs. George Cockburn.

Miss Dorothy German has returned after visiting relatives in Hastings.

Here is one of the many puddings you can make with ST. CHARLES!

Everybody loves corn starch pudding, especially the children. Here is a simple way of making the best corn starch pudding you have ever tasted.

1½ cups St. Charles Milk	¼ teaspoon salt
1½ cups water	2 eggs, beaten
6 tablespoons sugar	1 tablespoon butter
4 tablespoons corn starch	1 teaspoon vanilla

Dilute milk with water. Blend sugar, corn starch and salt and mix with one-half cup of milk. Scald remainder of the milk in top of a double boiler. Add the corn starch mixture to hot milk, stir until the mixture is smooth and thick. Cover and cook over hot water fifteen minutes. Add the eggs and cook just long enough to set them. Remove from the fire. Add the butter and flavoring. Turn into mould and chill.

Mrs. C. Holmes, who has been holidaying at their summer home here returned to Toronto on Monday.

Bethany

Mr. Harold Monk, of Detroit, is visiting his parents, Mr. and Mrs. A. H. Monk.

Mr. and Mrs. Richard Johnson and son Harry attended the funeral of the late Mrs. J. Johnson, of Springville, on Monday afternoon.

Mr. and Mrs. Ross Carr, of Toronto are preparing to reside in Bethany in the very near future, occupying the brick cottage formerly owned by the late Mrs. Smith.

The friends of Mr. James McMullen, formerly of Bethany and now of Lotus wil regret to lear of his recent accident when he suffered a double fracture of his leg, caused while leading an animal which became unmanageable, crowding him against a fence.

Messrs. Jack and Douglas Marshall and C. Savage, of Mount Dennis, were recent guests of Rev. Mr. and Mrs. Holden, at the rectory.

Miss Holden arrived home on Monday after visiting friends at Allandale and Toronto.

Mr. and Mrs. William McMullen, of Lindsay are guests of Mrs. Arnott, for the week-end.

Miss Lila Davis is visiting friends at Manvers Station.

A street dance is being held in Bethany on Labor Day.

Mrs. A. Driver is visiting friends in Peterborough for a couple of days.

Miss Iolene Holden is receiving congratulations on having successfully passed her examination and will enter the University at St. Hilda's, Toronto, at the opening of the fall term. Miss Holden secured a number of scholarships.

Mr. William Davis was a visitor to Peterborough on Tuesday.

Miss Winnie Dawe entertained a number of her young friends on Monday evening.

Mount Pleasant

Mr. Gordon McLean of Toronto is spending his vacation with his brother, Mr. Eric McLean and Mrs. McLean in town.

Mr. and Mrs. Carley, Toronto were in the village on Thursday and were guests of Mr. and Mrs. H. Sisson during their stay.

Mr. and Mrs. L. Sutton of Cavan were visitors in the village on Sunday.

Mr. and Mrs. E. Windrem and children spent Sunday at the home of Mr. and Mrs. George Wilson.

Miss Margaret Best spent the past week holidaying with Miss Norma Fee.

Mr. and Mrs. F. Chapman and family motored from Aurora and were guests at the home of Mrs. Paragreen over the week-end.

Mrs. H. Baker and son Mr. Bruce Baker were visitors at the home of Mr. and Mrs. Ira Lowe on Sunday.

Mr. and Mrs. J. Handley and Mr. W. Scott of Peterborough spent Sunday evening at the home of Mr. and Mrs. A. Finley, Emily.

Mr. J. H. Lowe spent Saturday at the home of his daughter, Mrs. L. Sutton, Cavan.

Miss C. Rogers of Toronto is visiting Mr. and Mrs. E. McLean, during her vacation.

Mr. and Mrs. Chapman and family and Mrs. Paragreen spent Sunday at the home of Mr. and Mrs. George Wilson.

Mr. Walter Scott of Peterborough is spending this week at the home of Mr. and Mrs. Ira Lowe.

Mr. and Mrs. H. Sisson and Kenneth were visitors in Peterborough on Thursday.

Miss Ruth Tully is receiving congratulations this week on her success in the recent judging competitions. Ruth was high girl in East Durham and will receive the $25.00 scholarship donated by the Women's Institute.

Wooler

Mr. and Mrs. Langdon and daughter, of Canton, were guests of Mr. and Mrs. William Montgomery on Sunday.

Mrs. Graham Stacey is nursing a patient at Frankford, Mr. George Frost, who had a stroke.

Mr. and Mrs. E. M. Wessels returned home from Toronto.

Gwennie Elford is spending her holidays in Toronto with the Misses Milligans.

Mr. and Mrs. S. L. Terrill spent Sunday at Barcovan Beach with Rev. and Mrs. Poulter and family.

Mr. and Mrs. W. J. Lawson, accompanied by Messrs. Bob Bate and John Petrie, the Misses Eva Masters, Mary Tackaberry and Helen Steele, of Toronto, spent noon hour at Twelve o'Clock Point and tea at Presque'ile Point.

Mr. and Mrs. Steele, of Toronto, spent Sunday with Mr. and Mrs. Arnley Masters.

Howard Ireland, of Rochester, N. Y., is the guest of his parents, Mr. and Mrs. Charles Ireland.

Hastings

Mr. R. Michael, a former principal of Hastings Public school, but now of Ottawa, called on old Hastings friends on Saturday.

Mr. and Mrs. F. Petersal and daughter of Toronto are spending their vacation at the home of the former's father, Mr. H. Petersal.

Mrs. Irene H. Chapman is a guest of friends in Toronto.

Miss Dorothy Bassman of Toronto is a week end visitor in town.

Miss Mary Fowlds returned home on Saturday after spending the past week in Ottawa.

Mr. and Mrs. P. Landen of Toronto spent the week end in the village.

Mr. and Mrs. T. Neil of Windsor are guests at the home of the latter's mother, Mrs. E. Keogan.

Miss H. Chapman returned to Detroit on Saturday after spending her vacation in the village.

Mr. E. C. Prentice of Marmora, a former resident of the village, called on old friends on Friday.

Mr. and Mrs. F. Turcotte are spending their vacation with friends in Kitchener.

Mr. H. Wilkins is spending a week's vacation with his mother at Baysville, Muskoka.

Mr. P. Barry of Toronto is a guest at the home of his sister, Miss Mary Barry.

Mr. and Mrs. F. Scott of Trent River were Sunday guests at the home of their son, Mr. and Mrs. V. Scott.

Miss M. Gorman was a guest at the home of Mr. and Mrs. R. Walsh last week.

Mrs. W. Burkholder of Haliburton is a guest at the home of her parents, Mr. and Mrs. A. B. Smith.

Miss Della P. Plant left on Monday by motor for Smooth Rock Falls to spend her vacation with her brother.

Mr. and Mrs. G. Jeffries and family were visitors to friends in Peterborough on Sunday.

Mrs. Josephine White is spending a few holidays with relatives in Trenton.

Mrs. H. B. Wilson is spending a week's vacation at the home of her sister in Ottawa.

Miss Della Plant motored to Smooth Rock Falls on Tuesday.

Miss Dorothy Bassman of Toronto, is visiting at the home of Mrs A. Brownell.

Mr. Pierre Powers, who has been visiting at the home of Mrs. John Doherty, returned to Chicago on Monday with Mr. Joseph Powers.

Miss Freda McKee is home after five weeks vacation spent in Peterborough.

Miss Dorothy Johnston, nurse-in-training at Nicholls Hospital, is spending part of her vacation in Haliburton.

Mr. and Mrs. Leo Hayes, and Miss Mary Quirk of Rochester, were recent visitors at the home of Mr. and Mrs. T. J. Crowley.

Mrs. C. Drinkwater and son Benny of Smith Falls, are visiting at the home of Dr. and Mrs. W. N. Campbell.

Miss Edna Brooks of Trent River, is visiting at her home here.

Mr. Carlos McCoy is vacationing in Fenelon Falls.

Miss Helen Smith has returned from a holiday spent in Haliburton.

Mr. and Mrs. Glascock and son, Gordon, and Mr. and Mrs. Shelly of Toronto, spent Monday in town.

Mr. and Mrs. Stewart and Mrs. Wood of Parry Sound, are the guests of Mr. William Londerville.

Rev. M. L. Hunter of Castleton was a visitor to town on Monday.

Fraserville

Mr. Leigh Hewitt spent the week end at Hall's Lake, his mother, Mrs. Arthur Hewitt, returning with him on Sunday after spending a couple of weeks with friends there.

Mary and Howard Lawrence returned home on Sunday after spending a few days at the home of Mr. and Mrs. Sid Todd.

Mr. and Mrs. Arthur Wesson, Sr., and Mr. and Mrs. Arthur Wesson, Jr., of Oshawa, were guests on Saturday of Mr. and Mrs. A. R. Church. Miss Zella Wesson returned home with them after spending a week's vacation here.

Mr. and Mrs Richard Moncrief and Mr. and Mrs. Robert Cruckshanks of Peterborough were guests on Sunday of Mr. and Mrs. Robert Delahaye.

Mr. and Mrs. J. Solomon were guests of Mrs. H. Bidgood of Springville on Sunday.

Mr. and Mrs. J. Johnson and son, Ross, of Bailleboro were guests of Mr. and Mrs. Percy Moncrief on Sunday.

Mr. Austin Trotter of Oshawa is visiting at the home of his parents, Mr. and Mrs. George Trotter.

Mr. and Mrs. Stewart Hogg and sons, Elmer and Edgar, visited the former's sister, Mr. and Mrs. Arnold Mitchell, of Belleville, on Sunday.

Miss Olive Garrett and Mr. Isaac Garrett of Dummer were guests at the home of Mr. and Mrs. C. Lawrence on Sunday.

Lenore Moncrief of Ida is spending a few days with her cousin, Lila McElroy.

The A Group of the Fraserville Ladies' Aid are holding a lawn social at the home of Mr. and Mrs. Richard Moncrief on August 31. An interesting program of sports will be followed by supper.

On Sunday afternoon the church service at Fraserville will be in charge of the young people of Bailieboro.

Jumping from an airplane at a height of 300 feet, in Japan, a dog dived into the sea and swam ashore unhurt.

WEDNESDAY, AUGUST 24, 1932

FINISHING THE PROBE.

In appointing a commission, composed of Mr. Justice Riddell and Mr. Justice Sedgewick, to complete the Hydro investigation, and in giving the new tribunal wide powers to re-hear evidence and argument if it sees fit, the Ontario Government has taken the best possible course in dealing with the awkward situation created by the death of Judge Orde before that jurist had had time to bring in his findings.

The personnel of the commission will command respect, and the public will have confidence that the tribunal that is to wind up the investigation will do everything in its power to bring in a fair verdict, having regard to the testimony placed before it.

While it is true that the ultimate jury will be the people of Ontario and they will have a chance to give a verdict with their ballots on the probity of the Hydro transactions that have been under fire, the Government has taken the right course in deciding that the probe, having been carried on almost to completion, should be finished as satisfactorily as is possible under the unusual circumstances.

The commissioners have the authority to recall witnesses if they decide that such action is necessary, and the way chosen is probably the best method of dealing with the affair that could be used.

SATURDAY'S TAG DAY.

Faced on the one hand by a depleted treasury and on the other by increased demands for assistance, the Peterborough branch of the Canadian Legion finds it necessary to appeal to the generosity of the public, and with a view to distributing the campaign over as many people as possible, will conduct a tag day on Saturday.

Under normal conditions the Legion has been able to carry on each year through the medium of the Poppy Day effort, but with unusual economic stress, particularly hitting returned men and their families, there has been a steady demand upon the relief funds of the organization that has finally made the replenishing of the treasury a vital necessity.

The work done by the Legion in relieving distress among ex-soldiers and their dependents is widely known to the citizens generally, who know that the funds are administered economically and are expended on the assistance of really deserving cases.

Under the circumstances, therefore, the public will, The Examiner is confident, give to the extent of its ability on Saturday, realising that a very real need necessitates the present request for help, and that in subscribing to the Legion funds assistance is being made possible for men who, by reason of their patriotism and self-sacrifice during the war years, deserve much of their fellow-citizens.

MR. FERGUSON'S ADVICE.

No time has been lost by Mr. Ferguson, Canada's High Commissioner to London, since his arrival home in sounding a helpful note to Canadian producers to prepare themselves to take advantage of the benefits that should accrue from the Imperial Conference.

In an address at Ottawa Mr. Ferguson stressed the vital importance of keeping a constant supply of high quality Canadian products available for the British market if the producers of the Dominion are to get anything like the full benefit of the new trade agreements that have been entered into.

He warned his hearers that in the past there had not been the attention given to careful packing that had been shown by other Dominions, and pointed out that Canadian sales in the Mother Country would be affected if there was not an improvement shown.

The High Commissioner's advice desires attention; it should be obvious that our products must be kept at a consistently high level of quality, and that they must be supplied in regular quantities if we are to keep a good share of the British market now available to us.

We have been guilty in the past of treating the export business carelessly; there has not been enough care given to packing, and in certain products we have not consistently maintained a high quality.

Their weaknesses will have to be ironed out; if not some of our sister Dominions will have a quality preference in the Motherland.

HOW IT WORKED.

The Toronto Telegram believes that municipal councils everywhere will learn with considerable interest of an economy plan put into effect in Louisville, Ky.

In the latter part of 1931 the mayor ordered a ten per cent. reduction in the salaries of the city employees, coupling with it a promise that if sufficient economies were effected in the departments the old salary scale would be restored.

The incentive seems to have been sufficient to induce the employees to find or adopt ways and means of reducing expenditures which they had never before bothered about. Vigilance and thrift took the place of waste. The effect was not only immediate but of such a far-reaching nature that the Kentucky city has just closed its financial year with a surplus of $400,000. As a consequence the City Council has been able to announce a reduction of a mill in taxation. And it has rewarded the employees for their co-operation by restoring the former salary scale and voting them $140,000 to compensate for the reduction which had been imposed.—Stratford Beacon-Herald.

BRITISH JUSTICE FIRM.

When Lord Kylsant was sentenced to one year in jail for publishing a misleading financial statement there were those who believed that he would not serve his time like an ordinary prisoner, or that he would serve any considerable part of it. He had been a member of Parliament, was a member of the House of Lords, connected with some of the aristocratic houses of England and Wales, a personal friend of every member of the Cabinet, and he was—or had been—a millionaire. It was hinted that there would be some back way out of going to the common jail, or staying there for any length of time. "Ill health," or some other excuse would be "pulled" to prevent his humiliation.

But the noble lord went to jail, and he has just been released after serving ten months of his twelve, which is the customary remission granted to a prisoner for good conduct.

British law is no respecter of persons.—Exchange.

NO CONTENT PLAN.

Much to the disappointment of many persons, the Imperial Economic Conference has arrived at no decision with respect to proposed changes in what is known as Empire content.

Proponents of a higher content had urged at least 50 per cent. Then for some time 75 per cent. was mentioned and there seemed to be an excellent prospect of getting this through, by a gradual process extending over three years or so. In the long run, however, it was found that the idea presented too many complications and consequently it was dropped.

Content, in this connection, means the percentage of Canadian materials and labor put into an article in Canada in order to allow that article to enter Britain or Australia under the preferential tariff rates given Canada by either of those countries. The British requirement at present is 25 per cent. To have increased this to 75 per cent., even gradually, would have meant a radical change and might have brought about the closing of certain branches of American industry in Canada because of a feeling that it would not pay them to enlarge their operations here. On the other hand, proponents of the 50 and 75 per cent. content plans, argued that while we might lose some plants we would gain much more through the employment of additional hands and the use of more Canadian material in those remaining.

Ottawa reports show that the committee in charge of this phase was unable to arrive at any happy solution, the great complication being the necessity of making a number of exceptions and thus more or less nullifying the principle.

Once more, then, we see the difficulties that arrive when artificial means to control trade are proposed. Nevertheless, if we are going to have tariff walls it seems to us that the higher content proposal was a worthy one and deserved a better fate than is met at the conference. The idea has real merit.—Border Cities Star.

THOSE WAR DEBTS.

The Vancouver Province sums up the war debts situation unusually well for a general public, in this way:

"The debts were created by the shipment of goods, not money. And if they could be discharged by the shipment of goods it is very likely they would be discharged without very much fuss. The annual sum due, about $170,000,000, when spread over the various debtor nations, would not be an impossible sum if facilities for paying it existed. But they do not exist. Nor would they exist if the European nations reduced their armaments.

"The war debts can be discharged only in the way they were created—by the shipment of goods. But the United States does not want goods. It built up great industries to manufacture war supplies, then turned these industries to make commodities for peace. It has more of these commodities now than it can use, and to accept more from abroad would mean ruin. The United States cannot afford to allow the war debts to be paid in the only coin in which they can be paid. The United States has been insisting on gold. But there isn't enough gold in the world to discharge the debt, and payments already made in gold have been just about as disastrous as if they had been made in goods. They have depleted the world's gold reserves, sending to low levels the prices of commodities in international exchange, particularly basic commodities like cotton, wheat and metals. So the United States has suffered, through the constriction of purchasing power at home and abroad, a great deal more than it has gained through the gold sent to it across the Atlantic."

EDITORIAL NOTES AND COMMENT.

The conference is over, but apparently the comment has only fairly begun.

Peterborough's Industrial Exhibition will reflect the spirit that is needed to pull Canada through to brighter days. There is no "blue ruin" element among the directors.

Perhaps, says the Globe, the Canadian High Commissioner has come over to see if he can get a larger shipment of Niagara peaches this year. He reported success with the last allotment.

Governor Roosevelt is living up to the traditions of his clan. His keynote campaign speech did not show any inclination to call a spade an agricultural implement.

Most people would be delighted to hear that as a by-product of the Ottawa conference reconciliation between the Irish Free State and the United Kingdom is likely to be an assured fact.

It's practically all over at Los Angeles, except for the marathon marrying event, and that, as we go to press, seems to be quite safely in the hands of Hollywood.—Border Cities Star.

There are two ways to become unpopular. One way is, tell other people all about your business; the other, keep close mouthed on your own business—don't tell anything.—Atchison Globe.

The hardy pioneer who stepped out mornings and hunted his dinners left a nature lover of a grandson who toasts a marshmallow on a stick.—Detroit News.

Despite bobs and boyish dress, you can tell the young male from the female. He still hides to do his first smoking.—Robert Quillen.

Reports from the West are to the effect that no harvest help from the East will be required this year. Another hope blasted.—Guelph Mercury.

THE FAMILY ALBUM—SCREEN DOOR HOOKS

By GLUYAS WILLIAMS

(Copyright, 1932, by The Bell Syndicate, Inc.)

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner.

AUGUST 24, 1922.

Weavers in the Campbellford woollen mills returned to work today, having obtained the ten per cent wage increase for which they went on strike last week.... A dozen or more local people are financially interested in a Texas oil well that struck a gusher recently.

AUGUST 24 1912.

F. J. Forsyth of Warsaw has organized a local company to drill and prospect in and around Warsaw for oil, gas, salt and other minerals.. the company being capitalized at $40,000 and shares selling for one dollar.

AUGUST 24, 1902.

No progress has been made in erecting a memorial to Dan Spence, Peterborough soldier who was killed in battle two years ago, although $550 has been collected toward it. The price of coal here has advanced to eight dollars a ton.

In Lighter Vein

Action

"We'll leave no stone unturned to find your purse," said the police inspector to the young man from the country, who had just lost his purse.

"Hm-m!" exclaimed the young man as he strolled down the Strand and Piccadilly the next morning and saw the roadmenders at work. "They haven't lost much time."—Pearson's.

Choice

He was a new boarder, but when prunes were served for breakfast for the third morning in succession, he felt he was entitled to say something.

"I am not very fond of prunes," he said. "Have I no choice?"

"Yes," replied the lady of the house, sweetly, "you may take 'em or leave 'em."—New Outlook.

Ice Still Remained

"What do you suppose makes your apartment so cool these hot days?"

"Our radiators haven't thawed out from last winter."—Pathfinder.

Voice of the People

ANOTHER OF THE LETTERS RECEIVED IN CONJUNCTION WITH THE LETTER CONTEST, CONDUCTED AUG. 13TH—

The Shopping Editor.

Having done business with Haboco Stores for some considerable time, I must say I have always had satisfactory service in dealing at such a dependable grocers. I am very pleased to say that one of them is my local store. The free gift "English Denby China" to customers shopping at Haboco Stores is worth making note of. I for one appreciate the same. I remain,

Yours truly,
MRS. N. C.

C.P.R. Makes Special Train Rate To C.N.E.

TORONTO, Ont., August 24. — Announcement is made by the Canadian Pacific Railway that the company will on certain days during the Canadian National Exhibition give a return trip to Toronto and back for a single fare. The days when this concession is in force are August 30, Automotive Day; Sept 6th, Aviation Day; Sept. 8th, Transportation Day, and also on Women's Day, Sept. 1. Including the going date, the tickets are good for return up to three clear days. The area that these tickets are in force is from Windsor and Sudbury to Montreal and all intermediate stations. Not since 1912 has the company given such bargain rates during Exhibition time.

THE MARKETS

. . . .TORONTO PRODUCE. . . .

TORONTO, Aug. 24. — Extra grade eggs continued to be scarce on the local market yesterday and brokers' prices on this quality were about 11c per dozen higher. Receipts were light, but, though there was a fair call for firsts and seconds, extras found the real demand. Montreal prices remained considerably higher than those quoted locally and that city received quantities of Ontario extras. Quotations to country shippers were stronger, at 2c more on extras and 1c more on firsts. They were quoted 20c for extras, 16c for firsts and 12c for seconds, delivered, cases returned. Quotations to retailers were unchanged at 25c to 28c for extras in cartons, 24c for extras loose, 20c for firsts loose and 15c to 16c for seconds loose.

Butter.

The offering of butter on this market was light and though the demand was small prices were steady. The undertone of the market was steady to firm. Local brokers quoted creamery solids at 19¼c to 20c for No. 1 and 18¾c to 19c for No. 2. Prices to retailers on prints were unchanged at 22c to 23c for No. 1 and 21c to 22c for No. 2.

Cheese.

Prices on new makes of cheese were firm and the demand was fair. Brokers offered new makes at 10c to 10¼c for large, 10¼c to 10½c for twins and 10½c to 10¾c for triplets. Prices to retailers were higher at 11½c for new, large, 11¾c for twins, 12c for triplets, and 14c for stiltons.

CHICAGO GRAIN.

CHICAGO, Aug. 24. — Wheat climbed with stocks and securities yesterday, but in the final hour of trading lost almost all of the gains registered. Support from Eastern operators, which had appeared on minor reactions all day, vanished when stocks reacted and prices dropped almost to last night's finish before resting orders halted the decline.

The general tone of the market during most of the session was stronger than for some time. Corn and oats were chiefly swayed by wheat and provisions ruled firm. Wheat closed weak, but ¼c to ½c higher than yesterday's finish; corn, 1-8c to 3-8c up; oats, 1-8c advanced, and provisions mixed; lard, 5c to 13c up, and bellies, 5c down.

MONTREAL PRODUCE.

MONTREAL, Aug. 24. — Butter advanced yesterday to the highest prices of the recent upward move, becoming 20¼c to 20½c per pound for carlots or less of No. 1, a gain of ½c for the day. This is roughly 4c per pound above the summer's low, when the Canadian market went on to an export basis temporarily to dispose of the surplus during peak production. Receipts continue light, production being down all over the country. Arrivals in Montreal to-day were 268 boxes. Small lots to retailers were quoted by jobbing houses at 22c for solids and 23c for prints.

Cheese slipped off ¼c as British buyers have not followed the latest advance. Cheese was being quoted mostly 10½c for Ontarios and 10¼c for Quebecs. Receipts were 8,233 boxes.

Eggs held about the same. Car lots or less of Ontario, Western or near-by offerings ranged from 24c to 26c for extras, 18c to 20c for firsts and 13c to 14½c for seconds. Newest stock is at the maximum levels, and held stock at the minimums. Receipts, 3,905 cases.

Potatoes were unchanged.

WINNIPEG GRAIN.

WINNIPEG, August 24. — Higher wheat values at Liverpool and an increase in purchasing for export account gave wheat a substantial upward thrust yesterday. Prices at the close were ¼c to ¼c higher than Monday's finish.

October gained ½c to 55⅝c. December and May each advanced ¼c to 57⅝c and 61¾c, respectively.

Hedging pressure yesterday was on a lighter scale. Trading was fairly active, and, although slight recessions were injected from time to time, the top levels were easily held. Liverpool was influenced by light receipts and decreasing stocks.

Cash wheat spreads were fractionally higher for the top grades, and generally unchanged on the others. Wheat delivered to country elevators in Western Canada on Monday totalled 1,711,000 bushels, or three times as much as was delivered on the same day last year. Coarse grains were uninteresting.

Futures:

Wheat—	Open	High	Low	Close	Prev Close
Oct.	.56¼	.56¾	.55¾	.56⅛	.55¼
Dec.	.57⅝	.57¼	.57¼	.57⅝	.56¾

Canada Plans List Of World War Dead

Casket on Altar in Memorial Chamber of Peace Tower Will Hold Book of Remembrance.

OTTAWA, Aug. 24.—In the heart of the Peace Tower which rises over the entrance to the Canadian Parliament Buildings is a magnificent memorial chamber where centre the nation's thoughts of its sacrifices in the great war. In the chamber is a splendid altar, and on the altar a vacant casket which is to hold a book of remembrance on which will be inscribed the names of Canada's war dead. The government now has authorized preparation of this book, a task, which will occupy at least two years.

About 68,000 names will be inscribed in the book, written by hand on fine calfskin vellum and bound in full purple levant on oak boards clasped with gold and having gold mountings. The book will weigh about 125 pounds, will measure 22 by 20 inches, and will have 900 pages.

This book will contain the names of all members of the Canadian forces, and all Canadians in other empire armies, who lost their lives from war causes between Aug. 4, 1914, and April 30, 1922. Each entry will consist of surname, Christian name, rank, decorations, unit, and the arrangement will be alphabetical by years of death. There is to be a page without names dedicated to Canadians who have died or may die from war causes subsequent to April 30, 1922, and another dedicated to Canadians who died while serving with allied armies.

The plan of this book of remembrance is exceptional in that it is national in scope. The only other of the kind, so far as is recorded here, is the Scottish War Memorial at Edinburgh.

FARMER PLAYS "JOSEPH" IN FAIR PRICE FIGHT

DES MOINES, Iowa, Aug. 24. — When historians write a dozen years from now in a chapter probably called the revolt of agriculture there will be found the name of Milo Reno.

Some may call him Militant Milo and they wouldn't be far wrong, for he has been fighting the cause of the farmer for a dozen years.

To-day he is the moving spirit in what may or may not be one of the upstanding economic reforms of the century—based on the theory the farmer should control the distribution of his product to assure himself a fair price for his goods plus a reasonable profit for his labor.

Like Joseph of Biblical days he advocates storing the fruits of the seven plentiful years again the seven years of famine—and then getting fair price for his product.

Quotations For To-Day

Grow old along with me
The best of life is yet to be
The last of life, for which the first was made:
Our times are in His hand
Who saith, "A whole I planned
Youth shows but half; trust God: see all,
Nor be afraid."
—Robert Browning.

Mussolini Marches With Infantry Troop

PERUGIA, Italy, Aug. 24 (A.P.). —Premier Mussolini, here for the Italian army manoeuvres, fell into step with the men of the 22nd Infantry to-day and marched in the ranks for an hour and a half.

For a while he carried on his back the pack of the soldier who marched next to him, so that he might test its weight. When he swung out of the column the soldiers gave him an ovation.

Excitedly searching for her two small children, a Bedford, England, mother arrived at the railway station just in time to see them on a moving excursion train, which she succeeded in having stopped.

THE FALL TERM OF THE PETERBOROUGH BUSINESS COLLEGE
OPENS TUESDAY, SEPT. 6TH.

FOREIGN EXCHANGE.

NEW YORK, August 24 (C.P.).—Prime commercial paper, 2 per cent.; foreign exchange easy. Demand rates (Great Britain in dollars, others in cents)—Great Britain 3.46; France, 3.92 7-8; Italy, 5 10½; Germany, 23.79; Canadian dollar, 88 3-8.

COURT IS DECIDING CASE OF FIRED RAILWAY MEN

WINDSOR, Ont., Aug.24.—(C.P.)—The cases of 21 employees of the Sandwich, Windsor and Amherstburg Railway, who were dismissed some weeks ago, are being heard today by Grand Lodge Executives of the International Association of Electrical Steel Railway Employes of America. The sessions are being held in Detroit.

The railway is operated by the Hydro-Electric Power Commission of Ontario for the municipalities which own the line.

The men contend that seniority was not observed when a lay-off of some men became imperative. Some of the dismissed men had been 15 years on the road. The local union has not taken any action to secure reinstatement of the men as it is claimed they withdrew from the pensions fund scheme of the road and so jeopardized the rights of other employes.

Drove Car Only Once, Crashes, Is Fined $15

WINDSOR, Ont., Aug. 24 (C.P.). — William Letherman of Detroit has only driven a car once in his life, and then only for a few yards. It cost him $15 to-day in County Police Court. He was charged with not having a driver's permit.

According to the story told the court to-day, by Letherman and the traffic officer, the former had merely taken the wheel to drive the car out of a traffic jam but he went into a ditch and so attracted the attention of the officer.

MAN BEATEN UNCONSCIOUS TWO SUSPECTS ARRESTED

KITCHENER, Ont., Aug. 24 — Found beaten in a ditch on Heiman street, in an outlying section of the city, Mike Bryschka is in St. Mary's Hospital in a serious condition. Mike Dychuk is in jail and his wife, Mary, out on bail, charged with the assault. Marks on the road near where Bryschka was found indicate a terrific struggle. Dychuk told police that he had been kicked in the ribs and over the heart, after being knocked down. The case was adjourned to August 31.

MAKE ASSIGNMENT.

LONDON. — Hit hard by the terrific explosion which destroyed their fruit warehouse, two months ago, in which one man was killed, the pioneer firm of Catalano & Sons made an assignment to-day. Liabilities totalled $30,864. William Spittal has been named as custodian.

BARRED OUT.

MOSCOW.—To-day's newspapers said nine Russian delegates to the anti-war congress at Amsterdam, headed by Maxim Gorcy, had been refused permission to enter Holland. The delegation has asked Romain Rolland, famed Internationalist, to intercede.

MISS SLADE JAILED.

BOMBAY. — Madeline Slade, follower of Mahatma Gandhi, the Indian Nationalist and civil disobedience leader, was sentenced to one year's simple imprisonment.

Miss Slade was arrested on arrival here on August 8 in defiance of a Government ban against her appearance in the city.

LEAVES $93,835.

LONDON.—James Rowntree, London merchant, who died three weeks ago, left an estate of $93,836 to be equally divided among his son, daughter and sister.

C. P. R. EARNINGS

MONTREAL, Aug. 24. — (CP) — Earnings of the Canadian Pacific Railway for the week ended Aug. 21 were: 1932, $2,331,000; 1931, $2,014,-

INDIAN RIVER.

Mr. and Mrs. Melville O'Brien, of Peterborough, spent the week-end with the former's parents, Mr. and Mrs. Samuel O'Brien.

Mr. and Mrs. Victor Croft and family spent a day recently at Chemong Park, guests of Mr. and Mrs. Percy Oke, of Toronto, formerly of Peterborough, who are spending 2 weeks' vacation at their cottage.

Mr. Eric Edmindson, of Donegal street, Peterborough, is a guest for a few days of his friend, Mr. Orville Braden.

Mr. and Mrs. Ernest Fife were in Peterborough recently.

A very pleasant evening was spent at the home of Mr. and Mrs. Victor Croft on Friday evening in honor of Mr. and Mrs. Percy Oke, of Toronto. During the early part of the evening Mrs. Oke sang a comic number, "The Bonnie Wee Window." Music was supplied by Mr. Alex. Graham, Mrs. Scott Huston and Miss Barbara Barrie. Those present were: Mr. and Mrs. Percy Oke, of Toronto; Mr. and Mrs. Lorne Braden, Mr. and Mrs. Ernest Fife, Mr. and Mrs. Scott Huston, of Coldsprings Mrs. William Bolton, of Peterborough; the Misses Eleanor Evans, Verna Braden, Helen Armstrong, Rose Drimmie, Barbara Barrie, Ruth Evans and Gertrude Barrie, Messrs. Walter Barrie, John Evans, William Elmhurst, Joe Warner, Orville Braden, Jim Devlin, Jim Barrie, George Croft, Eric Edmindson, Thomas Devlin and Alex. Graham. Music and dancing were enjoyed and the party broke up in the wee early hours of the morning.

INTERNATIONAL NICKEL ACTIVE

Falconbridge Retains Net Gain of 18 and Sherritt Gordon Advances.

GOLDS ARE SOFT.

TORONTO, Aug. 24. (CP)—Base metal shares, establishing new price peak for the year and current advance, featured action on the Standard Stock and Mining Exchange market to-day, balance of the list losing ground in face of increased offerings.

International Nickel and Noranda provided brisk movements, standing up 50 and 35, respectively, from last night's final despite some profit-taking towards midday. Falconbridge retained a net gain of 12 at $1.26 and Sherritt Gordon was up a few cents at 40.

Golds were a soft section, McIntire dropping 35 to $18.25, Dome 10 to $12.05 and Granada, Wright-Harkreaves and Nippissing 4 apiece to $1.05, $2.88 and $1.26 respectively.

Oils were irregular, Vacuum Gas dropping a half and Homestead a cent.

Market Closing On All Exchanges

WALL STREET

NEW YORK, Aug. 24 (C.P.)—The stock market was a mixexd affair to-day. Several pivotal issues recovered in the last hour, after sagging 1 to 3 points. American Telephone more than regained a 2-point loss, and losses of about 3 in Case and Union Pacific were about recovered. A few of the minor rails were strong, with Lackawanna up 3 to a new 1932 high, National Biscuit, Kennecott, Penney, Corn Products and Procter and Gamble.

MONTREAL EXCHANGE

MONTREAL, Aug 24. — (CP) — Montreal Stock Exchange again made a material advance in today's trading. The list as a whole registered gains ranging from fractions to over a point, a wide list of issues appeared and volume was considerable above yesterday's.

Montreal Power furnished the leadership carrying the list into higher territory with a brisk rally that carried the price to 36 for the first time since last March when its minimum was at that level.

International Nickel, Brazilian Traction, Steel of Canada, Dominion Bridge and Quebec Power followed closely to the lead from Montreal Power. International Nickel sold up to 11⅝-¾ higher.

National Breweries came in strong with the late trading, following the announcement that the directors had declared the regular dividends, and closed with a net gain of 7 at 17⅞.

STANDARD EXCHANGES

TORONTO, Aug. 24.—(CP)— Base metal shares maintained their leadership of action on the Standard Stock and Mining Exchange market today, closing with substantial gains for the session despite a midday reaction. Balance of the list moved irregularly lower.

International Nickel and Noranda were up about $1 apiece, Hudson Bay gained 25, Falconbridge 11 and Sherritt Gordon 3. Great Bear issues eased in the forenoon but rallied to finish unchanged.

Golds were mixed, Lake Shore dropping 50, Dome 15, Granada 9 and Teck-Hughes and Wright-Hargreaves 5 apiece. Pioneer of B. C. firmed 10.

TORONTO EXCHANGE

TORONTO, Aug. 24 (C.P.) — Stocks were turned over actively in a record breaking performance on the Toronto Stock Exchange today. Total sales were estimated about 3,000 shares in excess of the previous high mark for a day set yesterday, and prices soared up from small fractions to 12 points to set 11 new peaks for 1932.

International Nickel total transactions ran over 20,000 shares with a new high price of 11⅝ and a gain of about a point. Consolidated Smelters equalled its sold mark of 75, but failed to hold and closed unchanged at 74. C.P.R. after weakness in early trading came back to sell above 19 for a fractional gain. Ford of Canada and Brazilian Traction joined the active leaders to advance approximately a point. Oils, implements, and distillery issues were all firm.

Abitibi issues were bid up on news of negotiations between the company and the protective committee.

Stocks that soared spectacularly included: Simpsons preferred up 12; International Utilities A 6¼; International MillingA preferred 3; Canadian General Electric preferred 2½; Bank of Toronto 3⅛; Royal Bank 3; Canada Cement preferred 2½; Goodyear common 2; and Page-Hersey, Steel of Canada, Laura Secord and Moore Corporation a point or more.

MOTORIST KILLED IN CRASH.

AMOS, Que. — Alphonse Parent was killed and Fernand Bourcier critically injured when their automobile crashed through a bridge on highway here early to-day. The men, both of Amos, were motoring to Lasarre. Parent leaves a widow and four children. Bourcier's condition was reported as critical, and doctors held little hope for his recovery

Livestock-Produce Quotations

TORONTO PRODUCE.

TORONTO, Aug. 24.— (C.P.) — The United Farmers' Co-operative Co. to-day supplied the Canadian Press with the following quotations on produce delivered at Toronto:

Eggs extras, doz. 20c.
Eggs firsts, doz. 16c.
Eggs seconds (cracked) 12c.
Cream No. 7 lb. off truck) 17c.
Cream No. 1, lb. (f.o.b.) 17c.
Butter No. 1 solids, lb. 20½c to 20½c.
New potatoes per bag. 60c to 65c.
Finished cattle, 1,100-1,150 lbs., $5.00 to $5.75
Store cattle, 1,100-1,150 lbs. $5.25 to $5.50.

FRUIT and VEGETABLES

TORONTO, Aug. 24. (CP) — Wholesale prices on Canadian fruits and vegetables as reported to the Canadian Press by White and Co., are as follows:

Thimbleberries, per point, 5c to 6c.
Duchess apples, No. 1 per bushel 75c to $1.00.
Duchess apples, No. 2 per bushel 50c to 60c.
Cherries, 6 qt. basket 20c to 25c.
Cherries, 11 qt. basket, 35c to 40c.
Blueberries, 11 qt. basket 75c to $1.25.
New beets, per doz. 15c.
Green onions, per doz. 15c.
Radishes, per doz. 15c.
New cabbage, per doz, 40c.
Wax beans, 11 qt. basket, 25 to 30c.
Green beans 11 qt. basket, 30 to 35c.
Tomatoes 6 qt. basket 15 to 20c.
Tomatoes, 11 qt. basket, 22½ to 25c.
Rhubarb, per bunch, 15c.

TORONTO LIVE STOCK.

TORONTO, August 24 (C.P.). — Trading on the Toronto live stock market was slow to-day, with light offerings in all classes. Prices remained steady with Monday's close. Cattle trade opened slow, calves firm, hogs firm, sheep and lambs unsettled.

Receipts—Cattle 500; calves 200; hogs 60; sheep and lambs 610.

Left-overs were 600 head. There was no movement in weighty steers. Medium to good butcher cattle sold at $4.50 to $5, with a few choice at $5.25. Good butcher cows sold at $3.25 to $3.50. Bologna bulls brought $1.75 to $2.

Choice veal calves brought $6.50 to $7, with common downward to $3.50. No grass calves offered.

Hogs brought $4.65 f.o.b, $4.90 off truck and $5.15 to $5.25 off cars.

Good ewe and wether lambs had prospects for $5.75 to $6. Few sales on sheep made above $2 per cwt.

Steers up to 1060 lbs.—Good and choice $5 to $5.25; medium $4.50 to $5; common $3 to $4.25.

Steers over 1060 lbs.—Good and choice $5.50 to $6; medium $5 to $5.50; common $4 to $4.75.

Heifers—Good and choice $5 to $5.25; medium $4.50 to $5; common $3 to $4.25.

Fed calves—Good and choice $7.-75 to $8.25; medium $6.25 to $7.50; good $3 to $3.50; medium $2.50 to $3; common $2 to $2.25; canners and cutters 75c to $1.75*.

Bulls—Good $3.50 to $3; common $1.75 to $2.25.

Stocker and feeder steers—Good $4 to $4.25; common $2.50 to $3.50; milkers and springers $30 to $45.

Veal—Good and choice $6 to $7; common and medium $3.50 to $5.50; grassers $2 to $3.

Off car basis—Select bacon $1 premium; bacon $5.15 to $5.25; butchers $1 discount; heavies $2.50 discount; sows $3.15 to $3.25.

Ewe and wether lambs—Good $5.75 to $6; medium $5 to $5.50; bucks $3.75 to $4; culls $4 to $4.50.

Light sheep—Good $2 to $2.25; heavies $1.50 to $1.75; culls $1.

CHICAGO GRAIN

CHICAGO Aug. 24. (CP)—Wheat was irregular at the start to-day because of scattered liquidation. The September delivery was affected by selling but the deferred months showed fractional strength. Wheat opened ⅛ cent lower to ¼ higher but scattered selling late caused fractional recessions in all deliveries. Corn started steady to ⅜ down and held around the same levels.

WINNIPEG WHEAT

WINNIPEG, Aug. 24. (CP) — Wheat futures prices moved within a narrow range during early trading here this morning. Trade from the start was not particularly active and apart from some fair buying by sea-board houses, together with concentrated selling by a prominent interest, operations generally were rather mixed and uninteresting.

Values for the most part held at levels a little under the previous close and although offerings were liberal at times, resting orders were encountered when the October future dipped to about 55 ½ cents and as a result had a steadying effect on the market. First reports suggested that only a small export business was worked in Canadian wheat overnight.

LAD 15, TO STAND TRIAL FOR MURDER OF AGED MAN

FORT WILLIAM, Aug. 24. — Charged with the murder of Banks Beamish, William Denysek, 15 year old Silver Mountain boy, appeared in police court here to-day and was committed for trial at the court of competent jurisdiction.

The body of Beamish, aged 60, was found Sunday on a highway in Devon township with a bullet hole in the back of the head. The arrest was made by provincial police and no evidence was offered at the preliminary hearing.

KNOWS BIG GOLD VEIN, OLD PROSPECTOR SAYS

Will Fly Into the Klondike, 200 Miles North of Dawson.

IT BEATS BONANZA.

VANCOUVER, B.C., Aug. 24 (Special to The Examiner).—The old-time type of prospector, characteristic of earlier days, is rapidly passing, in fact he has already disappeared and the present day finds a new kind of mineral explorer—the aerial prospector—taking his place.

Such, at least, is the firm conviction of Robert D. ("Bob") Henderson, one of the discoverers of the famous Klondike goldfields and world-wide prospector and adventurer of other days.

"I'm 78 to-day," Bob manfully boasts, "but if I get the opportunity I'm going back to the Yukon and uncover a new paystreak, one that is even richer than Bonanza, Eldorado or Hunker Creek. White channel, the real stuff. All the big paystreaks in the Yukon were found in white channels. Well, I know a district in the Pelly rion, 200 miles north-east of Dawson City, where richer goldfields will be opened up than were ever dreamed of in the halcyon days."

No Idle Boast.

This is no idle boast on the part of the big Nova Scotian who first put pick and shovel in the Klondike country in 1894. For Bob knows what he is talking about. For several years prior to his departure from the Yukon in 1924, he mined and prospected in this great Pelly gold belt. He knows the nature of the country and the formation of the land.

The old-timer, however, insists the aeroplane is his only hope of reaching the promised land.

"There's not a doubt in the world in my mind," says the famous prospector but that there's a rich, virgin paystreak in the Pelly district. Some day it will be opened up and when it is, the Yukon will experience another stampede as sensational as the one to the Klondike in '97 and '98.

"I would have found it," Bob declared, "if it hadn't been for my health. That's the only reason I left the Yukon in '24. But I'm feeling fine now and I'm going back, God willing. I want to make one more strike and that one up on the Pelly is the one. I know the gold is there, but I'm the only one that does know exactly where it is.

Exchange Rates

(By the Canadian Press).

Exchange rates at noon were as follows

Pound sterling in Montreal, 3.91½.

U.S. dollar in Montreal, 1.13 1-8.

Pound sterling in New York, 3.45¾.

Canadian dollar in New York, 88 3-8.

TRUCKS CRASH 2 MEN KILLED

Two Others Dying, Three Injured as Drivers Lose Control on Duluth Hill.

CIRCUS VEHICLES.

DULUTH, Minn., Aug. 24—Two men were instantly killed, two others were not expected to live and three more were seriously injured when drivers lost control of two circus trucks on Duluth Hill to-day.

Those killed were Terrance Looby, of St. Paul, and Paul Sikorsky, of Arcadia, Kansas.

Albert Beardley of Chicago, and R. H. Hargrave of Terrill, Texas, were not expected to live.

All were employees of the John Frances Shows.

RAILWAY NAMES SALES MANAGER

New Official Will "Sell" Traffic by Rail to the Public.

LONDON, Aug. 24.—(By the Canadian Press.)—Three entirely new positions have been created by the London, Midland and Scottish Railway Company with a view to making the railway more popular with the people, or as one of the officials put it, to sell more service of the kind that traders and the general upblic want. These three men began their railway service at the foot of the ladder and have worked up, rung by rung, one having begun as a telegraph boy of the London, Midland and Scottish, and the other two as junior clerks.

The appointments are: Chief commercial manager, Ashton Davies; Chief operating manager, C. R. Byrom; Chief officer for Scotland, J. Ballantyne.

This is how E. J. Lemon, vice-president of the company, put it in an interview: "The chief commercial manager will be a sort of high-pressure saleman for the L.M.S. The pure technician is subordinated to the idea of selling. We are amply provided with the means of transport. What we want to do is to sell transport.

"We are reorganising the work of the chief general superintendent and chief goods (freight) manager by appointing in their place two chief officers, separately responsible to the vice-president—the chief commercial manager responsible for both goods and passenger business and the chief operating manager responsible for all phases of railway operation.

"At the same time, the commercial organization will cease to deal with any train and station operation, and this will enable the chief operating manager to concentrate upon the operation of the required services, employing the railway system and its operating equipment to its fullest purpose."

Ashton Davies, at present passenger manager of the London, Midland and Scottish, is 57 years of age. He began with the company as a telegraph boy in Manchester. M. Byrom's present post is that of chief general superintendent, while Mr. Ballantyne is chief goods manager.

Mount Royal Results

FIRST RACE.

$400, claiming, 3-year-olds and up 6 furlongs.

Balaf d'Or, 107, Fellows, 39.95, 9.30, 3.45.

French Brigade, 117, Cooper, 4.30, 2.80.

Black Abbot, 112, Carter, 2.40.

Time—1.13 4-5.

Strikeout, Simbo, Knockamoor, Jonah, Kauri, Dame De Couer, Betty Elvira, Skipaway, and Scarlet also ran.

JOBLESS ON STRIKE

STRATFORD — Jobless men, members of the unemployed association, to-day extended their strike to include the community garden. The men gathered at the City Hall as usual this morning, but those who were detailed for work in the garden refused to go.

LODGE SECRETARY DIES

OSHAWA — George Lodgeman, secretary of Victoria Lodge, Loyal True Blues, died suddenly as a lodge meeting was in progress here from heart failure.

He came to Oshawa 26 years ago and had been prominent in fraternal circles for some years. His widow and nine children survive.

Germany and Egypt are exchanging goods by barter.

EXPORT PRODUCTS MUST BE UNIFORM

Advice by Hon. G. H. Ferguson at Ottawa Exhibition.

OTTAWA, Aug. 24 (C.P.)—Lack of uniformity in products which Canada sends to the United Kingdom markets must be overcome if this Dominion is to reap the full benefit from agreements reached at the Imperial Conference. Lack of uniformity of product and lack of continuity of supply constitute the two great obstacles at present to Canada's trade with the United Kingdom. These must be surmounted.

This was the message from G. Howard Ferguson, High Commissioner for Canada in Great Britain, brought to the opening of the Central Canada Exhibition here today. In the presenceof Prime Minister R. B. Bennett, members of the Dominion Cabinet, Major J. J. Allen, the president and directors of the Exhibition Association and prominent citizens of Ottawa, Mr. Ferguson declared the exhibition open. The Canadian High Commissioner and former premier of Ontario was the guest speaker at the opening luncheon.

Mr. Ferguson took for the keynote of his address the Imperial Conference which has just closed. The Dominion was on the eve of a greater opportunity as a result of the Empire gathering here, he said.

Four-Year Boy Struck Left Lying In Gutter

LONDON, Ont., Aug. 24.—Police are looking for a motorist who struck four year old Albert Donald Jones as he was playing on Wharncliffe road at the south end of the Thames river bridge and left him lying in the gutter. The lad was picked up by another motorist and taken to a doctor's where he was given medical attention.

At the present time the boy is at his home, where he is recovering. He suffered a painful abrasion of the right side of his face and injuries to his shoulder.

MIDDAY CUT IN TORONTO TRADE

Profit-taking Brings Leaders Down From Early Morning Peaks.

TORONTO, Aug. 24. (CP) — While hardly up to the record breaking pace of yesterday's forenoon session trading on the Toronto Stock Exchange in the morning to-day was heavy with transactions approximating 20,000 shares. Prices were again higher, although profit taking brought the leaders down from the peaks around midday.

International Nickel was the leader with total sales of 14,000 shares, a new high for the year of 11¼ and a noon price of 11, a net gain of ¾. Consolidated Smelters reached the previous top of 75 and dropped back to 74 unchanged.

C.P.R. was left behind by the pace of Nickel and lost a fraction to 18¼.

Ford of Canada and Brazilian traction ere taken in increasing amounts at fractionally higher prices.

SEES BENEFIT FOR WEST IN ANGLO-CANADIAN PACT

OTTAWA, Aug. 24 (C.P.)—Western Canada should benefit from the wheat and livestock provision of the Anglo-Canadian trade treaty. This opinion was expressed to-day by Premier J. E. Brownlee of Alberta, who is conferring with the Dominion Government on the financing of the 1933 wheat crop.

The six cent preference in the British market, said Mr. Brownlee, should benefit the western farmer and the removal of the restrictions against Canadian cattle should prove an added boon.

But everything depends on the price of wheat: that is the most vital question in all Canada, said the Alberta premier.

Students' Romance Leading To Altar

TORONTO, Aug. 24.— A campus romance which had its inception when both were students at Syracuse University will lead Warren Stevens, recently appointed director of athletics at University of Toronto, and Miss Charlotte Tickner, Syracuse, to the altar Saturday, it was announced here to-day.

Stevens' playing was an important factor in the victories of the Winged Wheelers of Montreal, Dominion Rugby champions, last year. He will bevin his duties at Varsity on Sept. 12.

LUMBERMAN PASSES

HILLSBORO, N.B. — Alexander Gibson Robinson, 88, prominently identified with the lumber industry of the Maritime Provinces for forty years, died at the home of his daughter here last night.

ADVERTISING for the MERCHANT of TO-DAY

Conducted by HAROLD S. EDGAR

A series of weekly articles on advertising and merchandising prepared for the merchants of Peterborough district with the co-operation of The Peterborough Examiner.

SOW THE SEED OR LET THE LAND LIE IDLE.

Just the other day, a merchant told me that he was saving money by not advertising or spending anything in painting up and fixing over his store. This merchant is like the farmer who says he is saving money by not planting a crop. If he does not plant it and cultivate and reap that crop and try to sell it, someone else will come ino his territory and sell his old customers.

This attitude on the part of many merchants is having a drastic effect on their business. It may be absolutely true that in not spending money you are saving it, but in not doing these things which will bring more business into your store you are losing a vastly greater amount.

Merchants who are wide awake in their efforts of advertising and merchandising are getting the greater portion of the business to-day, and only those merchants who are willing to keep up with the trend of buying can hope to hold the customers they have or to increase their scope.

Everything you do or don't do advertises your store either in a favorable light or in a detrimental way. If you neglect to look for opportunities to increase your business you actually turn business away from your doors. No business stands still.

An office is not efficient that uses only the methods of even 15 years ago—a plant is inefficient if their machinery is all over 20 years old—a farm using only the old methods is not producing the best results—nor is a store in which all the equipment is exactly the same as it was 25 or even 5 years ago, going to produce profitable business for its owner.

The merchant who is willing and does keep his store and its equipment in tune with the times, is the one who will reap the most profits.

I have been in stores in which goods are located in the same spot in the store to-day in which they were to be found 20 years ago, yet the buying habits of the public have completely changed. Goods for which there is practically no call are occupying the most prominent and valuable locations in the store, yet goods which should have a quick turnover are shoved into back corners.

The departmental and retail advertising in the metropolitan newspapers show increased advertising lineage by from 50 to 100 per cent. over two years ago, and their sales units, and in a lesser degree, the money volume, show a profitable increase.

The information coming from the big cities as to unemployment does not indicate that the buying power of the people of the cities has increased in any way. Without actually checking this up, it is not a wild guess to say that a good deal of this city business comes from the places outside, probably some from your own field. The town merchant does not realize that his stronger competitor is not in his own town or his own county, but in the bigger centres. You cannot put a ring around your own district to compel people to come to you, but you can invite them to come and make it interesting for them to come.

I do not mean to say that at times a man should not consider every dollar of expenditure—heshould—but not so much to see where he could save to-day at the expense of to-morrow, but to see where he can get better value out of his expenditure, whether it be better value for the dollar, or more intelligent use of his own abilities and brains, and those of his assistants. A better use of his window and his store display, capitalizing more on his personal connections and realizing that smiles and satisfied customers are one of his best assets.

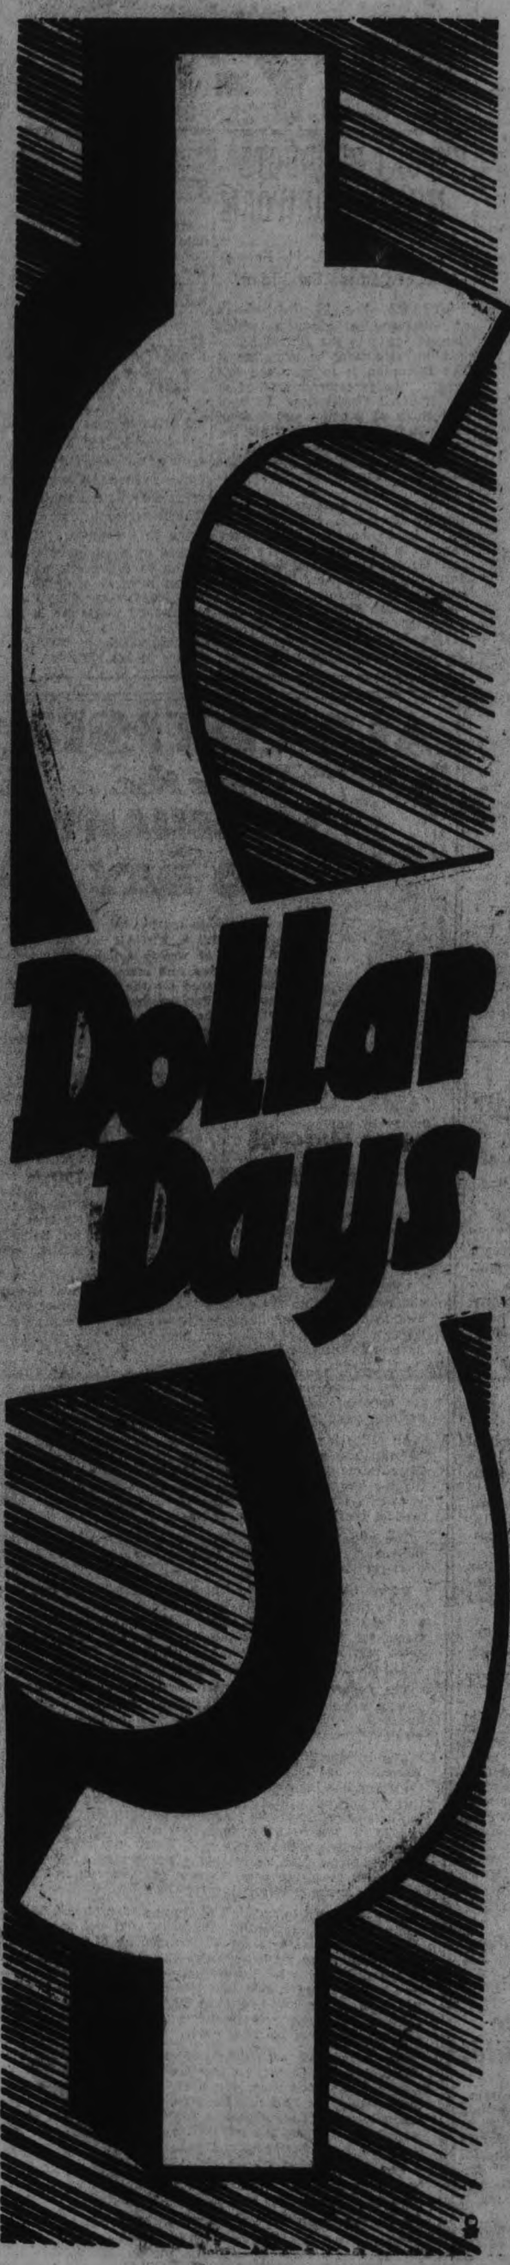
Now about your advertising—there never was a time when advertising could be thrown together and produce a full measure of sales. In good times one might be a little careless, but not now. Study to find out just what you want to say and then make it as short and direct as you can. Say all you need to tell your story, but add few frills. Use all the white space necessary to make your message stand out.

Consider the value of continuity of effort by frequent and regular insertions rather than big splashes occasionally. The most effective advertiser is the one who keeps telling his story regularly, building up prestige and reputation.

Extra effort to overcome adverse conditions may cost you more money, may even cut your profits, though that is not at all likely.

Next Week—More About Up-Grade Merchandising

Mr. Edgar will be glad to answer questions in this column, if readers will address their communications in care of this paper. Confidential replies can be arranged through the editor.—(Copyright).



THE EXAMINER'S OWN DOLLAR DAYS

The merchants as a whole having decided to dispense with the usual Dollar Days at this time, and as a majority of our subscribers have enjoyed our own estimating contests conducted on the regular Dollar Days in the past, we have decided to offer the usual cash prizes for nearest estimates to the number of peas contained in the quart sealer in one of our windows. See conditions below.

There are also, however, other merchants who will no doubt make special Dollar Day features of their own at this time. ***Watch for their advertisements.***

FRIDAY and SATURDAY, August 26th and 27th

CONDITIONS

For every Dollar paid into The Examiner on our Dollar Days, August 26th and 27th, for an account for Printing or Advertising or for a Subscription to The Examiner ($6.00 delivered in the City or $4.80 by mail per year), we will give Estimating Blanks on which to Estimate the Number of Peas in the Sealer. If you live a distance away and do not expect to be in the City, use the Coupon and make as many Estimates as dollars you send in by mail.

The Sealer is a Standard Reputed Quart

PRIZES

	Cash
Nearest Correct Estimate	$10.00
2nd Nearest Correct Estimate	$5.00
3rd Nearest Correct Estimate	$4.00
4th Nearest Correct Estimate	$3.00
5th Nearest Correct Estimate	$2.00
6th Nearest Correct Estimate	$1.00

COUPON

The Examiner, Peterborough:

Enclosed please find ..... dollars on my subscription. For each dollar remitted I estimate the number of Peas in the quart sealer to be:—

First Estimate .....

Second Estimate .....

Third Estimate .....

Fourth Estimate .....

Fifth Estimate .....

If you cannot be in the City August 26th and 27th Mail in your Estimates

ONLY TWO TEACHING CHANGES IN BELMONT, METHUEN SCHOOLS

Three New Faces to Appear on Havelock Staff—Bridge Party.

TWO CAR ACCIDENTS.

HAVELOCK, August 24 (Examiner Correspondence). — As far as is known at present, only two changes are being made in the thirteen rural schools of Belmont and Methuen. Mr. Don. Buchanan, who formerly taught at S.S. No. 5 at Old Havelock goes this year to S.S. No. 12 at Cordova Mines to replace Miss Giles, former principal. Miss Josephine Anderson continues as teacher in the Lower Room. Mr. Buchanan is replaced at Old Havelock School by Mr. Scott Wildman of Norwood. At No. 1 Miss Lena Buchanan will again be in charge. Miss Sara Leonard has been re-engaged by No. 2 for the fourth term, this year at an increased salary.

It is not yet known who will be in charge of No. 4 at Rush Point. Miss Shaver returns to No. 5, Rockdale, Miss Dorothy Bullen to No. 8 at Victoria.

Miss Jean Thompson of Marmora will again be in charge of No. 7 at Round Lake. Miss Tait of Castleton has been re-engaged by the trustees of No. 8 at McGill. At No. 9, Blairton, Mr. Harold Quinn will teach. At No. 10 Miss Lucy Wing of Havelock will be in charge at Vanalcie. Miss McIlmoyle returns to Oak Lake School, Mrs. Sleep to No. 12 at South Lake.

There will be three new teachers at the local school. Mr. Dan. Urquhart of Toronto replaces Miss Redden, former assistant in the Continuation School. Miss Nellie Watson replaces Miss Howard, former teacher of the Primer; and Miss Marjon Inkster is exchanging with a teacher from Saskatoon. Miss Hendershott, who will this term be in charge of the Third Book Room.

Car Accident.

When he turned out to avoid hitting a cow running at large on the Havelock-Cordova Road, about one mile west of Cordova Mines, Mr. Jack Forsythe of Toronto, who is visiting friends at Cordova, driving a small sedan, went into the ditch, and the impact caused the front wheels to collapse. Mr. Forsythe escaped with only slight injuries, and Mrs. Fennell and small daughter, who were in the back seat, also had a narrow escape from serious injury.

Mrs. Armstrong Injured.

Mrs. Albert Armstrong received painful injuries to her right wrist, and is suffering from shock also as a result of a motor accident on the Trenton-Campbellford Highway, about two miles north-west of Trenton. Approaching Trenton and going down the grade near the bridge at this point Mrs. Armstrong applied the brakes, which apparently due to faulty adjustment, did not grip evenly, and threw the car to the right side of the road. Here it struck one of the large stones which mark the curve, and the car being a very low slung model, mounted the stone and was completely out of the driver's control. It turned completely over, and did extensive damage to the top and front of the car. When it was being towed home by a local garage man the car slipped on the truck and struck Mr. Armstrong on the head and knocked him out for a few minutes. He received a few small cuts and bruises, but is able to be about as usual.

Mrs. Rae Williams entertained the Havelock Ladies' Bridge Club at her spacious summer home on Friday afternoon last, when two tables were played. The cottage was tastefully decorated with vases of gladiolus and other summer bloom, and a most enjoyable afternoon was spent on the screened verandah. The hostess was assisted by her sister-in-law, Miss Williams.

Mr. Charles Taylor of Havelock has erected a large summer cottage on the south-east shore of Round Lake. A Mr. Williams of Toronto is building a new cottage north of Mr. Bernard Smith's, and Rev. Mr. Archer of Lakefield (formerly of Havelock), is also having another cottage erected quite near the old one. Mr. Jesse Weymark of Havelock has built a cottage on one of the water lots which was a part of the James Bannon property. Altogether it looks as though the depression is not being felt very badly in the vicinity of this popular summer resort.

Australia's chief imports from the United States now are gasoline and allied products, radios and tobacco.

CAMPBELLFORD

BRIEF AND INTERESTING NEWS ITEMS FROM THE TRENT TOWN.

Another good catch was made by a Campbellford man this week when Walter Blakley, fishing in a creek near town, landed a one and a half pound speckled trout.

Messrs. R. Phillips and Wm. Armstrong of Warkworth were visitors to town on Monday evening.

An added attraction at the Rotary Street Fair to-day will be the appearance of Harold Cotton, player on the champion Maple Leaf hockey team, who will assist the Rotarians at one of their booths.

Mr. Jim Gay, Mrs. John Gay and Miss Sanders are holidaying in Essex County.

Colonel H. Sauva of Carrying Place was a visitor to town on Monday evening.

Miss Ettie Dickey has returned home after spending the past two weeks with relatives at Norwood.

Mrs. S. J. Dolman has returned home after holidaying at her Trent Bridge cottage.

Mr. and Mrs. J. Ernest Birks left on Tuesday for Toronto, where they will visit relatives.

Mr. James Hicks and granddaughter, Miss Winnie Gillespie, Mrs. Emlaw and Mrs. Sherwin spent Tuesday at the home of Mr. and Mrs. E. Sherwin, Hastings.

LINDSAY DRILL MISSES WATER

Work of Monthe Fails—Drilling Machine Moved.

"RUBBER" CHEQUES

LINDSAY, August 24.—Rubber cheque artists have been plying their vocation in this town during the past several days, merchants losing out to the tune of one hundred dollars. The police have been quietly working on the case and have circularized the police of the district. In one case one of the "artists" produced a bank book and driver's license bearing the name of James Downey of Simcoe. The book showed a balance of $600 in a bank in that town, and had been stolen from Downey.

The remains of Lorne Bagshaw of Cambray, who with Earl Adams, of Belleville, were drowned at Lake St. Louis during the week end, arrived in Lindsay tonight. His funeral takes place at Cambray on Thursday. The late Earl Adams was a nephew of Mr. J. E. Adams, a former wholesale grocer, of Peterborough, but now residing in Toronto.

Constable F. J. O'Connell, R.C.M.P., stationed at Lindsay, has been promoted to the rank of corporal and has been ordered to Regina for a three months' course. Constable J. T. Woods, of Brantford, is relieving him.

The Jordan Roberts Drilling Company of Brantford, which has the contract for supplying Lindsay with a palatable water supply, has met with little success in its drilling operations. The firm has been at work here since last spring, but has been unable to get a flow of water nearly sufficient to meet the requirements of the municipality. The driller was moved to a new location today.

H. T. Hansen of the Detroit Free Press staff, who has been holidaying at Thurstonia Park, Sturgeon Lake, landed a thirty-pound lunge this morning. It measured fifty inches from the tip of its nose to the end of its tail.

BOWLING NOTES

AT HASTINGS.

HASTINGS, August 24 (Examiner Correspondence).—The local bowling tournament played on Tuesday night on the local greens drew a big crowd. The tournament was put on by the players, who did not take part in the tournament on Wednesday. There were four teams entered for the two prizes, each team playing three games. In the first games, Scriver's rink won a close game from Dodd, while Rivard took a win over Lynch. In the next games, Scriver won from Lynch and Rivard from Dodd, to give Rivard and Scriver each two wins and Lynch and Dodd two losses. In the play-off for the prizes, Rivard won a hard-fought game from Scriver 10 to 6, to win four valuable pieces of white enamelware. Second prize went to L. B. Scriver's rink, receiving fancy china ware.

W. W. Knight, Rev. Father Kelley, Wm. Wellman, Leo Rivard (skip).

D. E. Scriver, J. V. Finlay, H. B. Wilson, L. B. Scriver (skip).

S. Scriver, G. O'Shea, G. Herrington, Geo. Lynch (skip).

H. Edwards, J. B. Scriver, K. Kennedy, H. Dodd (skip).

Among the old-time remedies omitted from the latest medical books in England are camomile and leeches.

24 Pound Muskie

TRENT RIVER, Aug. 24.—(Examiner Correspondence.) — Mr. A. H. McKeel of "Waterside," was successful in landing the biggest muskie caught here this season while trolling in Lunge Bay early Tuesday morning. The fish weighed nearly 24 pounds.

ANDERSON CLAN HOLDS RE-UNION

Fifty-four Attend Annual Gathering at Chemong Park on Sunday.

DINNER SERVED.

CAMPBELLFORD, Aug. 24.—(By Examiner Staff Correspondent.) — The annual re-union of the Anderson family was held on Sunday last at Chemong Park, north of Peterborough, when fifty-four members of the family gathered to enjoy a very delightful dinner and spend a very enjoyable afternoon in social intercourse. J. C. Anderson of Campbellford, presided over the gathering, welcoming everyone to the annual event, which next year will be held at Cobourg. Swimming and boating were enjoyed by many of those present in the afternoon.

Those present from the various points were: Omemee, Douglas Hayes, Mrs. David Dick, Mr. Beverage, Mrs. Beverage, Mrs. J. W. Mitchel, Harold Dick, Mrs. Robert Hayes, Marie Dick, Jay Hayes, Mr. and Mrs. Hiram Cornell and Mary Evelyn, Mr. and Mrs. Everett Cornell, Bob Hayes, Mr. and Mrs. Austin Hayes, Mrs. Harold Dick, Robert Hayes, David Dick.

Ida—Mrs. Hiram Best, Ella Best, Tom Best, Grace Best, Hiram Best, Kirkfield—Dr. and Mrs. E. J. Anerson and Bobbie. Peterborough—Miss Joan McCarthy. Codrington—C. D. Stuart. Sunderland—Kenneth Anderson, Mr. and Mrs. James A. Anderson, Mrs. Dunahesth, George W. Anderson, Jr.

Campbellford— William Anderson, Jay and Stuart, J. C. Anderson, Miss Jessie Hay, Miss Margaret Anderson, Miss Jessie Anderson, Mr., and Mrs. John A. Anderson, Miss Frances Anderson, Miss Margaret B. Anderson, Mrs. J. C. Anderson, Mr. and Mrs. A. G. Thompson, Billie and Jack, Mr. and Mrs. J. R. Battisby.

TRENT RIVER FINDS WELLS POLLUTED

Dr. Sutton, District M.O.H., Urges Garbage Collection as Remedy.

TRENT RIVER, Aug. 24 (Examiner Correspondence) — A public meeting of residents and cottagers was held in "Whitehall Gardens Pavilion" Tuesday night to meet the Municipal Board of Health and hear the report of the Provincial Engineers concerning the sanitary needs of the community. The meeting of the local Board of Health met previous to the public meeting. N. Alex MacColl of Campbellford acted as chairman for the meeting, Wesley Stephens as secretary. Dr. Sutton, district health officer read the sanitary engineers' report regarding conditions of wells, toilets and garbage, a number of wells were reported polluted, and in order to make the resort sanitary garbage collection was in order, the same requirement for toilets and all under the control of the local board of health.

Dr. Longmore, M.O.H. for Campbellford addressed the meeting regarding sanitary conditions with arrangements to be carried out by May 1, 1933. Chairman MacColl stated that the meeting was open for questions to be asked and a number of cottagers spoke: Mrs. Hallowell, Mr. Ernest McKeel, Messrs. Thos. Bennett, V. Chaplin and A. H. McKeel, the latter referred to filthy conditions existing in the vicinity of the waters near Hastings and beyond, which naturally pollute the waters at Trent River resort but before Mr. McKeel was allowed to finish his speech the meeting was abruptly declared adjourned.

NORWOOD RETAINS SCHOOL MOTORBUS

E. Sargent Engaged as Driver at $1,800.

NORWOOD, Aug. 24.—A meeting of the Norwood School Board was held on Monday evening, August 22. Leave of absence was granted Miss B. Peoples until the first of the year and Miss Eva McConnell was hired as supply. Mr. Ef Sargent was engaged as bus driver for the coming year at a salary of $1,800. The bus last year proved a success and made it convenient for pupils from Westwood and Hastings districts to avail themselves of the many advantages which are offered at the Norwood High School at a very low cost. A new desk for form four is to be purchased which will add to the appearance of the class room. Norwood Public and High schools will re-open on September 6th with an efficient staff in charge.

Pupils may obtain junior and senior matriculation at the high school and also have the advantage of musical training which has been proven to be a benefit to the school and community.

Chatauqua Coming

The Norwood Chatauqua committee have made final arrangements for the coming Chatauqua entertainments which are to be held Sept. 2, 3, 5, 6. Mr. Lyonel Nelson was appointed chairman, Mr. Waddell, sec., Mr. Giffen, treasurer and Mr. R. Gardner, assistant secretary-treasurer. Five teams were arranged for the sale of tickets, having for their leaders, Messrs. A. Kempt, Dr. Carleton, J. Weir, C. L. Gumstone and H. G. Robb.

OUTLAWS FALL TO SAINTS 11-3

First Game in Campbellford Softball League Play-offs Goes to Saints.

GOOD PITCHING.

CAMPBELLFORD, August 24 (Examiner Staff Correspondence).—Playing a tight game of ball in the play-offs of the Campbellford Town Softball League last evening on the High School Grounds the Saints won their first victory by dropping the Outlaws with an 11-3 count. A large crowd of fans lined the ropes to see the commencement of the last lap of these popular games.

The Saints and Outlaws will battle again on Friday evening, and if another win is registered by the Saints, they will clash with the Clerks, three out of five games, for league champs.

The game last evening was a walk-away for the Saints who registered three runs in the first and held that lead through all the innings, gradually increasing the count. McComb in the box hurled splendid ball, having to his credit eight strike-outs. The Outlaws did not play their usual brand of ball. Danny Flint in the box being a little off color, especially in the last three frames of the game. He, however, made five strike-outs. The only homer was made by DeCarrol for the Saints.

Umpires — Plate, H. Tinney; bases, A. Donald, H. Dunk.

The teams:

Saints — T. Owens, c; Meyers, 1b; Whitton, ss; DeCarrol, 2b; Runnions, lf; Gamble, cf; Little, 3b; Peeling, rf; McComb, p.

Outlaws — W. Flint, lf; Nicholas, cf; Couch, 1b; Ingram, 2b; S. Flint, 3b; Kerr, ss; D. Flint, p; Sarginson, rf; Lambert, c.

Score by innings:

Saints	3100232—11
Outlaws	0000201— 3

Obituary

ELIZABETH ANN WATSON

LIFFORD LINE, August 24.—(Examiner Correspondence).— The sudden death of Elizabeth Ann Hickson, wife of the late Isaac Watson and former resident here was a severe shock to a host of Manvers' friends and neighbors.

The late Mr. Watson was spending a few days with friends here en route from Oshawa to her sisters in Lindsay. Her death at the home of Mr. Louis McGill was entirely unexpected, although she had not been enjoying perfect health.

The funeral took place in Lindsay from the home of her sister, with burial in Riverside Cemetery.

Left to mourn the loss of a loving mother are a daughter, Viola, at Burke's Falls, who through illness was unable to attend her mother's funeral, and a son, Harold Watson, of London, Ontario.

PETER COMSTOCK

WESTWOOD, August 24.—(Special)—Peter Comstock widely known throughout the district as a race horse trainer and owner, died here Tuesday noon following an illness of about 2 months duration. He was in his 84th year.

A native of Asphodel township, Mr. Comstock had lived in the district all his life and was highly regarded by all who knew him. He is survived by two brothers William H. of Asphodel and George in the West and by two sisters, Miss Comstock and Mrs. Sarah Trotter.

The funeral is to be held on Thursday at 2.30 p.m. from the family residence Westwood to Westwood cemetery.

THE FALL TERM OF THE PETERBOROUGH BUSINESS COLLEGE OPENS TUESDAY, SEPT. 6TH.

Make Arrangements Now. Office Open for Information and Registration.

THE CANADIAN DEPARTMENT STORES LIMITED

DESERT JAUNT FOR PEERESSES

Lady Mountbatten and Marchioness of Milford to Invade Persia Alone.

WILL TRAVEL LIGHT.

LONDON, Aug. 24.—Lady Louis Mountbatten and the Marchioness of Milford Haven are leaving England next week on an adventurous trip into the Persian desert. They will take with them neither companions, servants nor luggage.

The trip may occupy many weeks and the means of transportation they will use will include trains, ships, airplanes, horses, mules, camels and their own feet.

"We want to get away from people, towns and hotels," said the Marchioness. She is 36 years old and her companion is 31.

The two travellers intend to depend wholly on their own resources and to enjoy unrelieved "roughing it."

"We shall take with us only the clothes we stand up in and one change, as well as a light tent and two sleeping bags" said the Marchioness. "Of course we shall probably engage guides from time to time, but we are determined to be as self-sufficient as possible. If you don't hear from us after three months you will know the bandits have got us."

OPENING MAY BE DELAYED FOR SEPARATE SCHOOLS

WINDSOR, Ont., Aug. 23, (CP) Sandwich separate school board may have to delay opening of schools because of financial troubles. When the town went into default the board carried on because of having finances. Now the town cannot pay taxes collected in the last six months and the banks refuse further credit to the board. Necessary repairs and renovations to buildings have not been made during the holidays and the board awaits action by the council.

Detroit Officials Deny Falcons Leaving N.H.L.

BORDER CITY CLUB WILL JOIN AMERICAN HOCKEY ASSOCIATION

So Says Tom Shaughnessy in Chicago, But Detroit Denies His Statement.

CALDER COMMENTS.

CHICAGO, August 24.—Thomas J. Shaughnessy, vice-president of the American Hockey League, and president of the Chicago Shamrocks, last night issued a statement saying the Detroit Falcons had decided to withdraw from the National League and join the American circuit.

The statement said the league, which has been branded as an "outlaw" organizaton by the National League, will operate with eight clubs: Detroit, Chicago, Kansas City, St. Louis, Omaha, St. Paul, Minneapolis and Duluth, Minn.

It also said the reason for the Detroit withdrawal from the National League was caused by dissatisfaction over the refusal of the National League to reinstate several players who have been with American League clubs.

Detroit Denies It.

DETROIT, August 24. — Denial that the Detroit Falcons had decided to withdraw from the National League to join the American League came last night from men actively connected with the management of the club here.

Louis J. Giffels, manager of the Olympic Stadium, home of the Falcons, said he had heard of no such movement.

So did Fred Austin, chairman of the Bondholders' Protective Committee, technically owner of the Falcons National League franchise.

A. B. Pfleiderer, Detroit member of the Board of Governors of the National Hockey League and representative of the Union Guardian Trust Co., receiver for Olympia, was out of the city, but associates said he was not on business connected with the hockey club. Giffels said Pfleiderer mentioned nothing of any plans for changing to the American League upon his return yesterday from a meeting of the National League Board of Governors.

The comments were elicited by the statement of Thomas J. Shaughnessy of the American League in Chicago that the Falcon management had decided to join that circuit.

Giffels said he believed court proceedings would be necessary to dispose of the Falcon National League franchise.

President Calder Explains.

MONTREAL, August 24. — "The Detroit Falcons are in the hands of the receivers and cannot be sold except by permission of the court; Tom Shaughnessy is talking about a club that he doesn't own," commented Frank Calder, president of the National Hockey League, last night in regard to a statement issued by Shaughnessy at Chicago.

Calder expressed the opinion that Shaughnessy had probably been misquoted in saying that the Detroit Falcons intended deserting the National League to join the American Hockey Association.

FRENCH HURLS PIRATES TO VICTORY OVER GIANTS

PITTSBURG, August 24. — Larry French, Pittsburg Pirate left-hander, turned in his second victory over the New York Giants during the current six-game series, winning yesterday's game 4 to 3.

It marked the last time the Giants play in Pittsburg this season. The victory enabled the Pirates to break even in the series and advance to within one game of the second-place Brooklyn Dodgers, who were idle for the second successive day.

Hubbell allowed the Pirates one run in the second and three in the third when Gus Suhr doubled to clear the loaded bases.

TORONTO DROPS FINAL FIXTURES

Orioles Defeat Leafs 9 to 1 and 2 to 1 in Series Wind-up.

POOR HURLING.

TORONTO, Aug. 24. — Probably somewhat abashed after their temerity in taking three straight games from the third-place Baltimore Orioles, the cellar place Maple Leafs said farewell to the Birds at the Stadium yesterday afternoon by dropping a doubleheader by scores of 9 to 1, and 2 to 1. The Leafs won the series, 3 to 2.

The visitors cantered through the first game in easy fashion due to some poor pitching by Ray Walker, who was clouted for eleven hits in less than five frames. Walker retired in favor of Earl Cook when the pastime was gone beyond recall, for the Leafs could do little with Bruce Cunningham, former Boston Brave, who let them down with five widely separated safeties

The second game was a tight affair, and but for a single lapse by Pitcher Jerry Abberbock in the third inning and a doubtful decision at the plate by Umpire Summers in the Leafs' half of the sixth, the locals might have captured it.

Packers Drop Two Points in Soccer League

SCOTS DEFEAT LOOP LEADERS

Packers Have a Night Off—O'Halloran and T. McPhate Register for Caleys.

FINAL COUNT 2-0.

The Caledonians whacked the league leaders—Canada Packers—in a league game last evening, before a good attendance of spectators, on King Edward Park, by the score of two to nil.

A re-arranged team by the Scots proved successful and Craig and Sam Agnew were absent. Adkinson turned in a good exhibition on the left wing; while Ernie Hanson returned to his usual good form.

Two valuable points were taken from the Packers. They didn't hit their usual stride and were off their game on the night's exhibition.

Opening Attacks Desperate

The Scots set the ball arolling to test Griffin in goal. Buchan carried the attack back to the other end where he made an opening for Ross who was blocked in the act of shooting. Blowers clearing up field. O'Halloran trapped the ball from the air to make the Packers' full backs intercept his progress that finally brought the Caleys a penalty kick. A. McPhate took the spot kick, Griffin having no difficulty in clearing the drive into his arms. Within the next five in-roads on the Packers' goal where O'Halloran sent a rocket drive in below the bar. The ball bounced back down into the goal and back into play. The referee didn't see it as such and instructed the play to continue. At this point, the Packers instituted a varied style of attack—first the close passing game then the long swinging punt that had the Scots' full backs, Blowers and Reid, on the jump all the time while they hovered around the Bolton citadel. Ross attempting to get a direct drive on goal, while Newt. Downer peppered all kinds of drives across the goal mouth. The Scots' defense closing in upon the forwards to stop them outside the shooting area. Before the interval, McCracken intercepted a dangerous move by the Packers' left wing and sending his right wing man away down the line with the ball at his toe. Hanson shot the ball like a flash across the goal where O'Halloran drove a hard drive for the corner, Griffin making a spectacular save. Hakin clearing to mid-field. Buchanan ending Ross away with the ball. Blowers running him to the corner where it went out. Half time: Caledonians 1, Canada Packers 0.

Scots Better Team

On resuming, the Scots indulged in the free kicking and long swinging passes up the field. The Packers' half backs were hard pressed with the energetic movement of attacking forwards. The pressure didn't permit them to keep the Packers from getting settled to their general routine. The only players playing up to form being Newt. and George Downer on the extreme wings. After ten minutes' play, the Scots' forwards broke away at a rapid pace to out-guess the opposition. Greer and Hansen getting the better of the argument when he sent a drop shot into goal. O'Halloran jumped upon the ball as Griffin made an attempt to clear. The Scots' centre carrying the ball through the goal. Quickly the Packers transferred the play to the other end to battle out the issue with the Scots' defense. Bolton coming out of his goal repeatedly to stop them in the act of scoring. In fact, Dyer had the ball in the net from a pass by Ross but it was adjudged offside. The Packers were held in check thereafter and it terminated in the Scots being superior in every department. Near the finish, A. McPhate had a rocket drive at Griffin's charge. Then Adkinson had hard luck in not registering when Charlie Griffin stopped a corner post drive from the foot of the former. On the next visit, Hanson and O'Halthe nextv isit, Hanson and OHalushr—the next visit O'Hal-shrdC loran carried the attack into the flag corner. The outside right left the latter in possession to witness him place the ball across the goal mouth where the Packers' goalie missed it. T. McPhate running in to put the game on ice. Caledonians 2, Packers 0.

Goal scorers: Caleys, O'Halloran and T. McPhate.

Canada Packers — C. Griffin, goal; A. Downer and E. Hakin, full backs; F. Nicholls, J. Buchan and A. Bromley, halves; N. Downer, F. Dyer A. Ross, T. Foster and G. Downer, forwards.

Caledonians—J. Bolton, goal; T. Reid and G. Blowers, full backs; W. McCracken, A. McPhate and W. Ranking, halves; E. Hanson, J. Adkinson, forwards.

Referee—T. Bartley.

Field Day Held At Bowmanville School

BOWMANVILLE, August 24. — Fine weather greeted the first annual field day of the Boys' Training School at Camp Schofield. Hon. W. G. Martin, Minister of Welfare, and Mrs. Martin; Hon. M. A. Sorsoleil, Deputy Minister of Welfare, and Mrs. Sorsoleil; Mr. and Mrs. G. W. Hambly and Judge and Mrs. H. S. Mott were present for dinner, and after a sport singsong by the boys, led by A. R. Virgin, superintendent of the school, Mr. Martin spoke.

Premier the Hon. G. S. Henry arrived later in the afternoon and spoke briefly to the boys during the sports. The results were as follows:

Senior Boys.

8-pound shot—E. Harisay.
80-yard hurdles—A. Scratch.
Lacrosse, relay—Martell, Blazok Adams and Ray.
Pole-vault—A. Scratch.
100-yard dash—Harrison.
Football relay — Ray, Adams, Blazok, Martell.
High jump—E. Adams.
Straight relay—A. Scratch, Varleur, Morrison, Warner.
Running broad jump—Campbell.

Intermeddiate Boys.

Pole-vault—McMillan.
80-yard hurdles—E. Marshel.
Lacrosse relay—J. Lansdown, E. Lupu, C. Hall, E. Dalton.
Shot-put—E. Marshel.
100-yard dash—E. Marshel.
Football relay—Lupu, Hall, Dalton, Drake.
Running high jump—Lupu.

Junior Boys.

Running broad jump—Quigley.
80-yard hurdles—Quigley.
Lacrosse relay—Cojocari, McKay, Hollohan and Oakley.
High jump—Hollohan.
100-yard dash—Quigley.
Football relay—Cojocari, McKay, Hollohan and Oakley.
Eight-pound shot—Pratt.
Straight relay—McMurray, Pratt, Stirling and Hales.

Juvenile Boys.

High jump—Warlow.
80-yard hurdles—Holloway.
Lacrosse relay—Campbell, Poho, Robinson and Platten.
Running broad jump—Perffers.
Football relay—Shea, Poho, Warlow and Howless.
Straight relay—Campbell, Poho, Robinson and Platten.
Shot put—Summerfield.

Berlin has introduced traveling grocery stores which stop at specified places for housewives to make their purchases.

NATIONALS BEAT ORIOLES 6 TO 4

Wins Close Battle in Third Game of the South-end League Play-offs.

NEAR FREE-FOR-ALL.

Before a good crowd the Nationals came from behind in the 6th inning to tie the score 4-all and countered two more in the 8th inning to win a hard fought battle from Orioles in South End League play-offs. The game threatened to end in a free for all when several of the players came to blows. Cooler heads prevailed however and the players were separated before any real damage was done.

The Orioles scored one in the first innings on a walk and successive singles by C. Smith and T. Smith. There was no further scoring until the fifth innings. Good pitching by Wedlock and Abbott and clever fielding by both teams kept down the score. In the first of the fifth innings the Orioles pushed 3 more runs across on a misplay and four hits. In the last of the sixth the Nationals who had failed to connect with Wedlock's delivery decided to try the old bunting game. This move worked out to perfection. Three perfect bunts by Parsons, Abbott and Copping filled the bases and Busby the next batter promptly doubled to centre clearing the bases, went to third when the ball hopped by the centre fielder and came home with the tying run when T. Smith threw badly to third trying to catch the runner out.

The Nationals scored the winning runs in the eighth innings on a misplay, 2 hits and a sacrifice fly to centre, and retired the Orioles in order in their final innings, the game ending Nationals 6, Orioles 4.

Score by innings— R H E
Orioles ..... 100 030 000—4 11 2
Nationals ..... 000 004 02x—6 15 3

Batteries—Orioles, Wedlock and Sloan; Nationals, Abbott and Cowling.

The Line-ups

Orioles—Connors, 1b; Sloan, c; Hartley, ss; C. Smith, lf; T. Smith, cf; Fanning, 2b; Faiers, rf; McKinley, 3b; Wedlock, p.

Nationals—Copping, 2b; Busby, cf; J. Reynolds, 1b; E. Reynolds, 3b; Clark, lf; Tice, rf; Holden, rf; Parsons, ss; Cowling, c; Abbott, p.

Umpires—Sears at the plate, Miller on the bases.

These two teams battle again Wednesday night in the Exhibition grounds at 6.30 p.m. and as the Orioles must win the next 2 games to cop the championship another game is expected.

Two Runs In Ninth Win For New Yorkers

NEW YORK, Aug. 24.—Although outhit 13 to 11, the New York Yankees came from behind to score two runs in the ninth inning yesterday and defeat the St. Louis Browns 8 to 7 in the final game of the season to be played between the clubs at the stadium.

Tony Lazzeri's triple, his second of the day, scored the winning runs. Lazzeri's first triple in the seventh inning also scored two runs.

Lou Gehrig blasted out his twenty-seventh home run of the season in the fifth inning with Babe Ruth aboard. The latter had a perfect day at bat, driving out three hits and scoring three runs himself

FIGHTS LAST NIGHT

Boston—Dave Shade, California, outpointed Norman Conrad, Wilton, N.H. (10).

Saginaw, Mich.— Cowboy Owen Phelps, Phoenix, Ariz., outpointed Freddie Heinz, Saginaw (10).

Winners In Olympic Women's High Diving Event

The United States won all three places in the women's high diving event at the Olympic games at Los Angeles, Calif. The winners, shown LEFT to RIGHT: Dorothy Poynton, first; Georgia Coleman, second, and Marian Dale Roper, third. All three are from Los Angeles. Miss Coleman, it is understood, may go into vaudeville with Mickey Riley, also an Olympic champion, as her partner in a swimming act.

YESTERDAY'S STARS

Tom Bridges and George Uhle, Tigers—Held Red Sox to five hits and fanned eight.

Mickey Cochrane, Athletics—Drove in five runs against White Sox with two home runs and pair of singles.

Tony Lazzeri, Yankees—His two triples, driving in four runs, beat Browns.

Sam Rice, Senators—Singled in 13th to drive in winning run against Indians.

Walter Berger, Braves—Found Cardinal pitching for three hits, including homer with one on.

Gus Suhr, Pirates — Beat Giants with double with bases filled.

Pat Malone, Cubs—Stopped Phillies with six hits and fanned eight.

Omemee Outfit Cops 43rd Win Of Season

OMEMEE, Aug. 24.—Omemee boys softball team won its forty-third game of the season Monday night when they defeated Armstrong's Garage of Peterborough by the score of 16-5 in an abbreviated game called at the end of the fifth innings on account of darkness. McQuade, the first man to face Scates, the Peterborough pitcher, hit a towering home run and in the fourth innings fourteen men for Omemee batter around, scoring eleven runs on nine clean hits.

Line up:

Armstrong's — Hutchinson, 1b; Dugan, c; Swanston, 3b; Armstrong, ss; Hummell, 2b; Cullen, cf; Clemett, lf; Fields, rf.

Omemee—A. McQuade, lf; Stephenson, cf; Gallagher, p; McNeill, c; Parsons, rf; Brooks, 2b; Weir, ss; Adams, 1b; L. McQuade, 3b.

After the ball games on Monday evening Miss Margaret Werry invited the girls' and boys' teams to her home for a corn roast. Over fifty young people were present and fully enjoyed the evening. Community singing was indulged in, the music being provided by Miss Werry and Mr. Warren of Lindsay.

Eighteenth Victory For Gowell Claset

MONTREAL, Aug. 24. — Gowell Claset hurled his eighteenth win of the season in a pitching duel with Johnny Murphy, 3-2, here yesterday as the Royals took the final of the series from Newark. The Bears won the series, three games to two. Shiver's twenty-fifth homer of the season, with Roettger on base, produced the winning runs. Claset gave only six hits, Murphy but seven.

Wrestling Last Night.

Portland, Me.—Bibber McCoy, 215, Boston, won two falls out of three from Stanley Pinto, 210, Chicago.

Washington— Dick Shikat, 218, Philadelphos, won in straight falls from Jack McArthur, 230, San Francisco.

CUBS EQUAL RECORD OF FEWEST ASSISTS

National League Leaders Hand Philadelphia Fourth Straight Defeat.

CHICAGO, Aug. 24—The Chicago Cubs captured their fourth consecutive game from the Philadelphia Phillies, winning yesterday's game 5 to 1, and increased their National League lead to three and one-half games over the runner-up, Brooklyn Dodgers.

Pat Malone, allowing six hits, and striking out eight batsmen, turned in the victory. Hal Lee's home run prevented him from registering a shut-out.

The Cubs tied the major league record and set a new National League mark when they made only one assist. The only assist came in the ninth inning when shortstop Mark Koenig threw out Lee at first base. The major league record for fewest assists is one, made by the Chicago White Sox against the Boston Red Sox, May 19, 1917, and equalled by the Red Sox against the White Sox in 1924. The former National League record was two, made by Pittsburg in 1908 and since equalled five times.

CARDS LOSE TO BRAVES.

ST. LOUIS, August 24. — The Boston Braves defeated the St. Louis Cardinals 6 to 3 here yesterday.

Runless until the fifth, the Braves chalked up three tallies from Berger's home run with none on, two singles, a stolen base and a double.

Two more runs were added to the Boston total in the sixth by turning three singles and a Cardinal error into runs. Three singles in the eighth resulted in the sixth Brave run.

The Cardinals remained runless until the seventh, when three singles, a walk, and an outfield fly gave the Cards their first two runs.

Again in the eighth the Cards scored when Cantwell walked two men and then allowed Bottomley to single to score Puccinelli.

Nearly 2,000,000 people died from malaria in the last 12 months.

FINAL BARGAIN EXCURSION
OF THE SEASON

WESTCLOX OUSTED FROM SECOND HALF

Clockmakers Fall to C. G. E. 16-13 in Titanic Struggle at Bowl.

The Westclox girls hopes of a double chance in the play-offs of the Girls City and District Softball League went glimmering last night at the Bowl when they fell by the wayside in a titanic struggle with the C.G.E. who downed them by a 16-13 count. This loss, although it eliminates the Clockmakers from the finals of the second half they are still in the running in the first half of the schedule, in which they finished first. They will tangle with Keene soon for the leadership of group one.

The Electrics went on a hitting spree in the early part of the battle, walloping the Westclox pitcher, Laura Chartren, for nine clean hits in four innings, which accounted for nine tallies. Her successor, Mildred Mortimer, was also nicked for nine clouts which pushed the count up to sixteen runs. Both of the losing pitchers were rather wild, each passing three batters at dangerous periods. Chartren fanned one and Mortimer two.

The teams:

C.G.E.—Peryer, rf; Creighton, cf; Baldry, 3b; Connors, ss; Amyotte, c; Ashmore, 1b; Self, p; Todd, p, lf; Hallihan, lf; Bosley, 2b.

Westclox—G. Mortimer, 1b; Webb, c; Joyes, 2b; M. Mortimer, 3b, p; Crary, cf; Ferguson, ss; Thirnbeck, rf; Chartren, p, 3b; Rose, lf.

Score by innings:

C.G.E.	230430040	16	18 6
Westclox	204000070	13	14 9

Umpires—Jim Coursey at the plate; Maudsley on the bases.

SCREEN ODDITIES

by Captain Roscoe Fawcett

George M. Cohan, famous veteran of the musical comedy stage now appearing in pictures, wrote the chorus to "Over There" on the back of an envelope when he heard that war had been declared on Germany. He finished the verse while on a train en route from Long Island to New York and the late Nora Bayes sangeit during the presentation of her musical show the evening of the next day.

• • • • • •

Dorothy Wilson had been an employee of a Hollywood studio for some time before she attracted the attention of producers. She had left her home in Minneapolis to accept a position in Chicago when the urge to see more of the country came to her. Taking her small savings she set out to California and obtained work in a studio within two weeks after her arrival there. Her first screen appearance will be in "The Age of Consent"

• • • • • •

During the filming of "Unashamed", John Miljan established a new record for the delivery of talkie dialogue. In a courtroom scene for the film, in which he potrays a district attorney, he gave a speech which ran for 350 uninterrupted feet. He repeated this speech four times in succession without missing a word or making a mistake.

• • • • • •

DID YOU KNOW THAT

Greta Garbo was never late to work during her six years in pictures? She received a salary raise of about $5,000 weekly on her new contract.

• • • • • •

Creighton Chaney, son of Lon Chaney, is afraid of mice? The bite of a mouse caused his paternal grandfather to become a deaf mute.

PROVINCE SPLIT IN 16 DISTRICTS

Playoffs Will Take Place in Chatham, Hamilton, Toronto and Belleville.

4 DISTRICTS TO GROUP.

TORONTO, Aug. 23. (CP) Group playoffs for the lawn bowling championships of Ontario will commence to-morrow, with play taking place in Chatham, Hamilton, Toronto, and Belleville. Rinks from all parts of the province will participate.

For purposes of the playoffs, the province has been divided into 16 districts, and four districts have been assigned to each group.

Among the entries are singles, doubles and rinks from Windsor, Ridgetown, London, Ayr, Preston, Galt, Tillsonburg, Brantford, Simcoe, Hamilton, Milton, Weston, Orangeville, Dundalk, Tottenham, Toronto, Stouffville, Markham, Whitby and Ottawa.

Soccer.

C.G.E. Old Boys vs. C.G.E. New Team (benefit), at 6.15, at King Edward Park.

Lacrosse.

Orde's vs. Brintons, at 9.00 in the Brock.

THURSDAY, AUGUST 25
Girls' Softball

Choates vs. Park Hill at 7.00 in the Bowl.

Baseball

Belleville at Kingston in O.B.L. play-offs (if necessary).

Soccer

Caledonians vs. C.G.E. (Peck Cup replay) at 6.15 in King Edward Park.

GOLF NOTES

BEAVER MEADOW GOLF CLUB.

Draw for third round for Bowness Trophy:

J. E. R. Munro vs. M. G. Hardill.
H. Weir vs. R. L. Mason.
J. E. Girven vs. C. B. Neill.
E. J. Rutter vs. J. Killoran.
Byes—F. J. Burgess, T. Pitchford, P. H. Jebbitt, P. Pickering.

Rugby Schedule

Schedules issued by the Canadian Rugby Union to-day are as follows:

Intercollegiate

Oct. 8—Toronto at Queens; Western at McGill.
Oct. 15—Queens at Western; McGill at Toronto.
Oct. 22—McGill at Queens; Western at Toronto.
Oct. 29—Queens at McGill; Toronto at Western.
Nov. 5—Western at Queens; Toronto at McGill.
Nov. 12—Queens at Toronto; McGill at Western.

Interprovincial

Oct. 8—Montreal at Ottawa; Hamilton at Argonauts.
Oct. 15—Ottawa at Hamilton; Argonauts at Montreal.
Oct. 22—Argonauts at Ottawa; Hamilton at Montreal.
Oct. 29—Ottawa at Argonauts; Montreal at Hamilton.
Nov. 5—Hamilton at Ottawa; Montreal at Argonauts.
Nov. 12—Ottawa at Montreal; Argonauts at Hamilton.

Charlie Grimm Will Pilot Cubs In 1933

CHICAGO, August 23 (C.P.)—Charley Grimm, successor to Rogers Hornsby as manager of the Chicago Cubs, was signed to-day to lead the team in 1933. The contract was for one year.

Since Grimm assumed the management, the Cubs have won 15 out of 26 games played, shooting to the top of the National League pennant race.

CASEY BERGER
Semi-finalist in Friday's Queensbury Club wrestling card is a new-comer here and is matched against Whitey Hewitt.

SPORTS Baseball — Softball — Lacrosse Day by Day Boxing — Wrestling — Aquatic

(BY C. J. P.)

The girls' softball game drew a fine crowd at the Bowl last night which saw C.G.E. pull out a smart win over Westclox, 16 to 13. This eliminates Westclox from the running in the second half, leaving Maple Leafs in first place, and the two country teams tied for second. Westclox and Keene are the finalists of the first half.

• • • • • •

Tomorrow night, Choates and Park Hill wind up the gals' schedule over there. Then on Friday eve, if it can be arranged, a sudden-death game will be played at the Bowl at 6.30 between Keene and Sixth Line, the winner to hold undisputed second place and the right to meet Maple Leafs for the leadership of the second half. It takes a bit of close reading to follow this, but it's perfectly simple: The first and second teams meet in each half for the half leadership, with the two leaders then meeting in the finals for the loop title.

• • • • • •

C.G.E. looked better all the way through last night, with good relief twirling by Marj. Self and fine fielding by the rest of them. Besides pulling off a couple of great catches in the ninth for the Electrics, Marjory Creighton had a homer and a triple. The Clock maidens were erratic afield and their pitching wasn't so hot.

• • • • • •

Those who have no kind feelings for Nazzarino Poggi, hard-boiled Italian rassler, and there are plenty of them here who jeer him everytime he wins, will have the opportunity of seeing him tackle a finished grappler Friday in Doc Wilson. If Poggi can throw the battling surgeon, he will get a number of feature bouts in the bigger burgs, as the Doctor is considered one of the topnotchers, slightly below the form of Lewis and Londos, the real champ and the one who wears the crown. The main bout should be good, and the rest of the card sounds okay, too.

• • • • • •

Kingston is playing in Belleville to-day with the fourth game, if necessary, taking place to-morrow in Kingston. The Ponies are now leading 2 game sto 0 in the five-game series, and the O.O.B.L. winner must be declared by Friday. New Toronto is the first playdown team to be tackled by the Central Leaguers.

• • • • • •

According to the Toronto paper, though no official notice has been sent here yet, two Toronto minor league champs play there and in Peterborough this Saturday. McMurrich's Bantams meet the local Kiwanis here or in Toronto, with the junior contest being played between Peterobrough Pirates and Toronto McCormick's. We should hear more about it to-night or to-morrow morning.

• • • • • •

Orde's and Brintons tangle to-night at 9.00 at the Brock in a City Lacrosse League fixturex. The Barbers will have a tough job trying to hold their rivals to-night as the latter seem determined to close the gap between these teams. Both squads are clicking right these days, and it ought to be a smart game.

• • • • • •

The only girls' softball affair here to-night is an exhibition tilt at the Bowl at 6.30 between C.G.E. and Port Hope, with the Electrics playing a return game in Port Hope later. The scheduled contest between Park Hill and Choates was put back till the following evening because of a softball tournament in Warsaw to-day.

• • • • • •

Arrangements were made this morning for the second O.A.S.A. round of the men's softball playdown between Sugar Bowl and South Ontario. The latter team plays here at Central this Saturday evening at 6.15 o'clock, with the return game taking place in the Oshawa Stadium on Monday night. South Ontario is an Oshawa suburb, an dthe team, we understand, is mostly Polish.

• • • • • •

Anumber of local tennis players are expected to take part in the Labor Day Tournament in Oshawa. It will consist of mixed doubles, ladies' singles, men's singles, and consolations.

• • • • • •

Athletes, have you ever won a bet on a game or sport you took part in? Have you ever sold any trophy or prize won by you? If so, you're professionals. For no reason at all, or else just in a spirit of good clean fun, we thought we'd dig up the definition of an amateur athlete and see if any of the local lads had reason to squirm. But it's not likely; sports here in recent years have been pretty well free from what is humorously known as "the taint of professionalism."

• • • • • •

This is the iron-clad rule for simon pures in Canada: "An amateur is one who has never competed for a money prize declared wager, or staked bet; who has never taught, pursued, or assisted in the practice of his or her sport, or any other athletic exercise (except soccer or cricket), as a means of pecuniary gain; who has never sold any prizes won in competition; who has not knowingly, or without protest, taken part in any competition or exhibition with anyone who is not an amateur." Sports writers, however, are not professionalized because of their work, but then, whoever heard of a sports writer who starred in sports?

FRIDAY'S WRESTLING PROGRAM ONE OF BEST FOR LOCAL FANS

Nazzarino Poggi Tackles Formidable Opponent When He Meets Dr. Ralph Wilson.

HART BACK IN OPENER

Reviewing the complete program for the Queensbury Club wrestling show at the Brock Street Rink next Friday night, it becomes apparent that it is the best offered here since the sport was introduced locally. The principals in the semi-final and final matches are men of main bout calibre who have featured shows in such cities as Toronto, Ottawa and Montreal in Canada and Boston, Philadelphia and New York in the United State, while Frankie Hart, a great local favorite, will appear in the opening bout.

Hart, who threw Ted Ferland in a great bout at the last show, appears to be in better form than ever. It was his second straight victory, he having beaten Bert Rubenstein via the decision method on July 11. On Friday Hart will meet "Buck" McIvor, a newcomer from St. Catharines who has improved greatly since turning professional and is hailed by the critics as a great prospect. McIver is heavier and stronger than Hart and has a rough style which may give the clever Dutchman plenyt of trouble.

Going on to the semi-final, "Whitey" Hewitt will be one of the principals, marking the first time in five appearances he has ever been in anything except a main bout. The Tiger Man from Memphis will have no sinecure either for he is matched with Casey Berger of San Francisco, a flying tackle expert who is said to be on a par with Sammy Stein when it comes to speed and flashy wrestling. Berger has just arrived back east after a successful campaign on the Pacific Coast but is no stranger in the leading centres in the East, having appeared in main bouts in Toronto and at Madison Square Garden, New York.

In the main bout Nazzarino Poggi, whose appearance in the ring is always good for a riot of action, will tackle the most formidable opponent he has been matched with in a long time when he opposes Doctor Ralph Wilson, the "flying surgeon" from Philadelphia. Wilson has wrestled the best men in the game and has lost but few bouts in the past year. If Poggi can win, it will mean advancement for him as any wrestler who can best Wilson will be in demand all over the continent.

BOOKIES PREFER TAXES TO FINES

Leading Member of Profession is Arraigned in Court Almost Daily.

MONTREAL, Aug. 24 (By The Canadian Press)—Montreal "bookies" are getting together. They have a business proposition to put before the city fathers. So far this year they (with their clients) have paid almost $125,000 in fines, official records show. And for their contributions to civic coffers what do they get? Just about a police raid a week and all the trouble and expense of bailing out their clients.

If the law permits they would sooner pay the city a good price for a license and dispense with the necessity of going to Recorder's Court in business hours. They think the city should either force them to close up entirely or provide them with a license. Continuous raiding and fine-paying is ruining the business, they say.

It is learned from a well-known bookmaker, who is arraigned in court almost daily, that the "trade" is amalgamating in an attempt to have city authorities amend the existing by-law and ask each establishment to pay a heavy license. They would be willing to pay as high as $3,000 or $4,000 annually, he said.

"The city gets a large revenue from us and they would naturally expect a high license payment," said this bookmaker.

This is the record this year of gambling and betting-house raids: January, 780 arrests in 57 houses; February, 353 in 27 houses; March, 791 in 63 houses; April, 1,012 in 65 houses; May, 1,267 in 72 houses; June, 1,130 in 70 houses; July, 1,289 in 73 houses; total for the first seven months: 6,622 arrests in 418 houses.

Soccer Notes

Old Timers team of the C.G.E to-night will be chosen from the following: E. Hardie, H. Turner, J. Wade, P. Hutton, A. Padgett, J. Hodgson, H. Burrows, Wag Hotson, Ted. Bartley, J. Chambers, R. Leach and Frank Dyer, senior.

On Friday night the Caledonians are holding a benefit social evening in the W.O.W. hall. All friends and soccer fans will be made welcome. The Scots always have a good night.

Benny McMaster has fully recovered from his serious operation and is beginning to get back into his usual good form. He was watched very carefully against the Toronto team but you should have seen him score the third goal. The Toronto goalie stated it looked like a black spot passing him on the ground. His distributing and timely passes were perfect.

The team that is coming on Saturday afternoon to play the Caledonians from Lindsay is the Universal Silk Dyers. They want to get a few games in this season before coming into the league next year.

Jack McMaster who was injured a few weeks ago is still unable to go around without limping. It looks as if Jackie will be out of the game for the season. He was anxious to play against Toronto last Saturday but he had to be content with watching them from the side line.

Arrangements are being made by Frank Dyer, senior, to gather together a number of the older players so as to play the All-Canadian team for the benefit of the Saint John's Ambulance Association. Bill Downer is the appointed manager of the Canadian eleven.

All Canadian team: L. Melrose, goal (Packers); A. Downer, (Packers) and E. Jones (Port Hope) full backs; J. Creighton (Caleys) Stan Clark (C.G.E.) and Art Downer (Packers), G. Downer Port Hope) F. Dyer, (Packers), N. Downer (Packers)s, G. Downer (Packers) and H. Darling (Warsaw and C.G.E.) forwards. Reserves: D. Grant, G. Earle, J. O'Neill, R. Simmons, J. Smith and W. Stewart and R. D. Murray (Deloro).

Practices

KIWANIS BANTAMS.

The Kiwanis Bantatms will hold a uniform practice at six o'clock to-morow evening at the Exhibition grounds in preparation for their game with McMurrich's Bantams either here or in Toronto Saturday.

To Compete In Marathon Swim

A PICTURESQUE INDIAN MERMAID

Lisa Commanda, Indian girl golf caddie at the C.P.R.'s French River Bungalow Camp, is going to Toronto to participate in the women's ten-mile swim at the C.N.E. Aug. 26. Shown ABOVE in full regalia, this 17-year-old Indian naiad is considered by her handlers to have a real good chance to finish in the money in the big splash.

MARGARET RAVIOR REGARDED UNBEATABLE IN WARM WATER

Much Depends on Direction of Wind Friday to Predict Marathon Winner.

OFFSHORE AIDS PLUGGERS.

TORONTO, Aug. 24 (By The Canadian Press)—With only two days remaining before the women's 10-mile professional marathon swim at the Canadian National Exhibition, entrants are to-day hoping for an onshore wind to bring in the water of Lake Ontario. The swim will be postponed if the water has not reached a temperature of 60 degrees, and it was hovering around that mark to-day.

Much depends on the direction from which the wind is blowing locally. An onshore wind may blow in the warm surface waters and thus give the fast swimmers their best chance. On the other hand, an offshore wind blows out the warm water, and the race will then be to the sturdy plodders who have greater powers of endurance.

A Fast Swimmer

Margaret Ravior, speedy Philadelphian who has twice in succession won the race, is a fast swimmer, and in warm water is regarded as practically unbeatable. Too, Margaret has an added incentive to win the race this year, for she and George Young, of Toronto, are to be married shortly after the swims are over. Young, by the way, is entered in the men's 15-mile swim on Aug. 31. He won the event last year, and just as is the case of Margaret, is already installed as favorite.

Since first prize in the women's swim is $3,000 and in the men's $7,500, the young couple will have more than $10,000 to start their housekeeping—if the lake and the other competitors don't beat them.

Continentals Lose To Kingston 7-6

WOOLER, Aug. 24.— (Examiner Correspondence.) — In their first game of the O.A.S.A. playdowns the Continental Life of Trenton lost to the Kingston Frontenacs 7-6 and this loss, of course, gives the Frontenacs a tremendous advantage for they have won on their opponents' gound and now have only one game to win out of two. The remaining games will be played, one at Kingston and in all probability one on neutral ground.

Score by innings:

		R.	H.	E.
Frontenacs	00200302	7	10	5
C. A. C.	03200001	6	6	4

Line-ups:

Frontenacs—Simpson, c.; Bellinger, 2b.; Bews, 1b.; Gowsell, p.; McMahon, r.f.; Matheson, 3b.; White, c.f.; Roberts, c.f.; MacDougall, s.s.

Continentals — Chambers, 3b.; Larry, s.s.; Jordan, 1b.; Ruttan, r.f.; Cook, c.f.; Bowden, 2b.; Johnston, l.f.; Kidd, c.; Culverson, p.

Umpires—Reynolds and Purdy.

Lawn Bowling

At least two local rinks will participate in the Norwood Mixed Bowling Tournament to-day, Jack Sedgewick and Bob Hendry taking rinks from here. And in the Cannington tourney to-day, both Harold Freeman and Charlie Seymour will have Peterborough rinks. In the Belleville one next Wednesday, a Peterborough rink will be down to defend the first prize trophy won by a local quartet last year.

BURGESS BEDTIME STORIES

A SURPRISED JAY.

It isn't often one can say,
He actually surprised a jay.

Sammy Jay isn't the kind easily surprised. He is too used to surprising other people to himself be caught very often. But once in a while it happens. When he is surprised he usually is very much surprised. And how he does dislike to admit it! I guess you've seen people like that. It is the hardest thing in the world for them to admit that they haven't known all along just what was going to happen.

Sammy Jay's patience was pretty nearly at an end when he thought he saw something move 'way back in the dark hall of the new house dug in the corner of the old stone wall over by the dusty road. Sammy kept perfectly still and stared down from his perch in the apple tree. Yes, something had moved down there. He was sure of it. Of course it was the owner of the house and of course he would come out presently.

It seemed to impatient Sammy that the stranger was the most timid fellow he had ever seen, to judge by the way he kept dodging back. "Something must have given him a terrible fright," thought Sammy, and then tried to remember what there had been to frighten any one about there. He couldn't remember a single thing to frighten any one and he knew that he had come along just as that stranger had dived into his house. You remember he had been just in time to see the stranger's black heels disappear. This made Sammy more anxious than ever for the stranger to come out. He wanted to ask questions.

"He must be a dreadful coward," thought Sammy. "I'm afraid there won't be any fight. The sight of Johnny Chuck would scare him half to death."

Just then the stranger popped his head out and then withdrew it so quickly that Sammy had no more than a glimpse of it. But that glimpse was enough to cause Sammy almost to forget to hold on to the branch on which he was sitting. He blinked his eyes very fast, as if he thought they had something in them.

"That fellow is the living image of Johnny Chuck," he gasped. "He's a twin. I don't believe Polly Chuck could tell them apart. The only difference is that Johnny Chuck is not scarey, and this fellow is. I wouldn't for anything in the world miss seeing Polly Chuck the first time she lays eyes on this fellow—especially if Johnny happens to be around at the same time. I wonder

"Who are you?" demanded Sammy.

if when he comes wholly out he will look as much like Johnny Chuck as he does in the face. I wish he would hurry up about it!"

Hardly was the wish uttered when the stranger seemed to be satisfied that it was safe to come out, and out he did come and sat up on his doorstep to stare very hard this way and stare very hard the other way that he might be sure that all was safe. When he did that Sammy gave a funny little gasp. Not only did this stranger look like Johnny Chuck in every particular, even the smallest, but he moved and acted just like him. That is, he did in all but one thing: Sammy never had seen Johnny Chuck so terribly timid. This fellow actually ducked at the sound of Sammy's little gasp.

"Who are you?" demanded Sammy.

for youthful pep!

Kellogg's PEP Bran Flakes have every reason for being a favorite cereal with people who keep fit.

These *better bran flakes* are full of tasty flavor! They supply all the nourishment of whole wheat. Plus enough bran to help keep you fit and regular. Try them.

BETTER BRAN FLAKES

What To-Day Means To You

"VIRGO."

If August 24th is your birthday the best hours for you on this date are from 10 a.m. to 11:30 a.m., from 4 p.m. to 5 p.m., and from 9:30 p.m. to 11 p.m. The danger periods are from 7 a.m. to 8:30 a.m. and from noon to 2 p.m.

The invisible powers that will tend to interfere with your own arrangement of life on August 24th, and make demands upon your reserve forces. News may be received from a distance which may necessitate travel. Thoughts will be centered around home and family, and a possible "get-together" may be necessary for the sake of conference.

The child born on this August 24th will have an introspective and a sensitive nature. It will be alive to its own interests, with a tendency towards selfishness in this respect. It will be much "smarter" than the majority of its classmates, and will be entertaining as a companion.

If born on August 24th you rarely make a friendship or take up an interest of real benefit to yourself. This is because you feel compelled to sponsor lost causes and to befriend the "lame ducks" of life. Much of this is done out of the goodness of your heart, and although your efforts may turn out poorly, you never feel too nonplussed to tackle some new problem for someone eles. Your own affairs somehow never seem to worry you very much.

Your qualifications as a woman, are ideal for social service work, as nursing, or any vocation dealing with human ailments (physical, mental, moral or material.) You never allow your ideas to become warped when you know for solid reasons that they are sound. Although a well-meaning one, you like to be boss, and this applies both in and without the home.

If of the sterner sex, you should shine in law work and if you have political aspirations, should follow them up. You have an open mind and tend to move with the times, your convictions are solid, and you will "gang your ain gait" with considerable stubbornness. In a mental way you will gain more through travel, contact with people and experience than through any course of education. You are good at providing within the home.

ALL FOR A BET.

CRACOW, Poland.—Three variety artists—two men and a woman—travelled in a wash tub from Cracow to Dansig on a bet. They floated downstream, steering with the aid of sticks, and supported themselves at performing en route.

Hall's Bridge

The Ladies' Aid of Lakehurst recently gave a very successful garden party and entertainment which, in spite of the inclement weather, was largely attended. Supper was served on the lawn, after which the party adjourned to the church where a most delightful instrumental and vocal concert was given. The principal features were a series of musical numbers by a party of gentlemen who were spending their vacation in the neighborhood and by a large party of children from the Curve Lake Indian Reserve, who gave a program of songs, recitations and dialogues, and which were heartily enjoyed, and rebounded highly to the credit of Mrs. Clayton McCue, who trained them so well.

Miss Janet Vanderwell, of St. John's Hospital, Toronto, is the guest of Dr. E. E. and Mrs. Willis.

Mr. Earl Williams and his family and a large party of friends, who have been spending the past eight weeks in the village, have returned to their homes in Cantop, Ohio.

Mr. William Fatt, of Toronto, is enjoying a visit to his uncle and aunt, Mr. and Mrs. Harry Shearer.

Mr. and Mrs. Charles Gardiner and family, of Peterborough, are the guests of Mr. and Mrs. Wallace Shearer.

Hastings

Mr. Cecil Johnston of Hamilton spent the week-end at the home of his parents, Mr. and Mrs. Robt. Johnston.

Mr. and Mrs. George Jeffries and family spent the week end visiting friends in Peterborough.

Miss Margaret Milne of Toronto is visiting Miss Mary Walsh.

Mr. and Mrs. A. S. Spooner motored to Toronto for the week-end.

Mr. and Mrs. R. Michael of Ottawa spent Saturday in town. Mr. Michael taught school here about twenty years ago.

Miss Jessie Whitred and Miss Valda Webb of Roseneath, have returned after a vacation spent in Smith Falls.

Mrs. A. E. Spooner and Miss Annie Spooner have returned home from a week's vacation spent in Toronto.

Miss Mary Fowlds is home after visiting friends in Ottawa.

Mr. George Hoare is visiting at the home of Mr. and Mrs. Henry Crossen.

Mr. Clarence Gillespie of the Royal Bank staff is on his holidays.

Mr. Gordon Beamish of St. Catharines spent the week end with his parents, Mr. and Mrs. S. Beamish.

Misses Jessie Whitred and Valda Webb returned home Saturday after a two weeks' vacation with Miss Margery Webb of Smith Falls. Miss Whitred also visited Mr. and Mrs. Charles Doughty of Ottawa.

Mr. and Mrs. A. Tobin of Toronto were recent guests of Mr. and Mrs. L. Scriver.

Miss Sylvia Battersby, R.N. of Peterborough is visiting at the rectory.

Mr. and Mrs. Virgil Oliver, Miss Edith Buck and Mr. Arthur Beamish spent Sunday with Mr. and Mrs. Charles Raycraft of Castleton.

Mr. and Mrs. Joseph Docer and Mrs. Martha Dukelow of Rochester were recent guests of Mr. and Mrs. S. Beamish.

Miss Viola Stewart has been engaged as teacher of a school near Marmora.

Miss M. Richards of Warkworth has been secured as teacher of the Dutch Line School.

Bethany

Mr. and Mrs. Donald Martin of Detroit, were recent guests of friends in the village.

Mr. and Mrs. A. H. Monk and Mr. and Mrs. Bert Monk were visitors to Toronto on Wednesday.

Mr. J. Wake and friend, of Niagara Falls, visited relatives in the village recently.

Mr. and Mrs. Leonard Driver and Mrs. A. Driver were visitors to Toronto on Tuesday.

Miss Doris Driver was the guest of Miss Edna Beer on Wednesday, motoring to Cobourg for the early boat and taking the trip to Rochester.

Mr. Charles McMullen was in Toronto on Tuesday.

Mr. and Mrs. William Mark, of Kingston, are holidaying with Mr. J. R. Sisson.

Mr. and Mrs. Sherwin and small son, John, were guests of Mr. and Mrs. Wesley Galloway recently.

Mr. William Richardson, of St. Catharines, visited his sisters, the Misses Richardson, for a few days this week. Miss Ada Richardson accompanied him to Oshawa on his return, where she will make an extended visit.

Miss Holden, of the rectory, is visiting former friends in Allandale.

Mrs. Robert Magill, of Cochrane, and Mr. and Mrs. T. Mark, of Peterborough, were recent guests of Mrs. G. Foster.

Rev. Mr. Scott has returned from a two weeks' vacation with friends at Woodville and other points.

Visitors to Peterborough on Friday included Mr. A. Driver, Mr. Charles McMullen and Mr. Fred. Arnott, of Lindsay.

Mr. John Wake returned on Friday from an extended visit with his niece, Mrs. Hooper, of Little Britain.

Mrs. McKay and small son, of Weston, are holidaying at the rectory, guests of Rev. Mr. and Mrs. Holden.

Miss Edna Beer, graduate nurse, of Peterborough, is holidaying at her home on the Eighth line.

A dance was held under the auspices of the Girls' Softball Club under the supervision of their manager, R. W. Price, in the Town Hall, on Friday evening, when round and square dancing was enjoyed, with novelty dances adding to the pleasure of the occasion. Music was provided by Galloway's Silver Sterling Orchestra and the proceeds will go toward providing uniforms for the team, of which Wilma Beer is captain and Leone Dawe, secretary.

Mr. Walter Jakeman was a business visitor to Pontypool on Saturday.

Mrs. Sid Armstrong and Miss Mattie Thompson were among those who were in Peterborough on Saturday.

Miss Ward has returned to her home after visiting her aunt and uncle, Mr. and Mrs. Ward, Seventh Line.

Miss Normandeau, of Montreal, left on Saturday for her home after spending a vacation for two weeks the guest of Miss L. Washington.

Miss Jean Thorndyke, of Toronto spent the week-end with her mother, Mrs. A. Thorndyke, Glengarry Road.

Mrs. Roy Russell and two small daughters of Cobourg are visiting friends in the village.

Miss Ella Kincade spent the week-end at the home of her mother, in Cavan.

Miss Lila Davis was a business visitor to Lindsay on Saturday.

Mr. and Mrs. James McKinnon, Miss Frances and Miss Evelyn returned on Saturday afternoon from a five weeks' trip visiting friends at Clarksburg, Leamington, Ingersoll, London and Port Huron.

Rev. James McMullen, of Belleville is the guest of relatives, Messrs. Charles and Robert McMullen.

Mrs. V. Walker and small sons, of Janetville are visiting Mr. and Mrs. William Rowan, parents of the former.

Miss Pauline Thorndyke is the guest of her aunt, Mrs. William Whitfield, of Springville.

Mrs. Magill and son Oscar, of Edmonton, Alta., are visiting the former's sister, Mrs. G. Page and attended the dance sponsored by the Girls' Softball Club on Friday evening.

Summer Complaint

"I have found Baby's Own Tablets the best of all children's remedies for *Summer Complaint*, Colic, Teething and Constipation," writes Mrs. George Walker, Thomasburg, Ont. Certificate of SAFETY in each 25c package. More than 1,250,000 packages sold in 1931. 242

Dr. Williams'
BABY'S OWN TABLETS

Bonarlaw

Miss Kathleen McComb left by motor yesterday for Ottawa, where she will enter a judging competition in Household Science at the Central Canada Exhibition in that city. Miss McComb is one of a team of three from Hastings County the other members of the team being Miss Freda Hinchcliffe and Miss Luella Holmes of Wallbridge. They are eligible for this competition by virtue of their high standing in the competition held at Belleville in July.

Mr. John Brown, Jr., is visiting friends in Perth for a few days.

Mr. George Beattie has secured a position on the new highway near Ardendale.

St. Mark's Sunday School will be held next Sunday, August 28th, at 11 a.m.

YEAR FOR HOLD-UP

SIMCOE—Norman Henry, Indian, 16, charged under Section 445 C.C., with holdup and threats of violence while armed pleaded guilty and was sentenced to-day by Magistrate Gunton to one year determinate and six months indeterminate in the reformatory with ten lashes, three months after entrance. An alleged accomplice is still at large.

FAMILY RE-UNION AT MACKLIN HOME

Gathering at Homestead on Rice Lake.

FENELLA, Aug. 24—A gathering of the family of the late Mr. and Mrs. William Macklin of the Macklin settlement, was held recently at the home of the only surviving son, Robert, at his home on the shores of Rice Lake.

Mr. Macklin was born in England in 1829, coming to Canada early in life. He died in 1902. Mrs. Macklin was Mary Ann, daughter of the late Mr. and Mrs. William Harvey of Alnwick township. She was born in 1837 and died in 1885.

Mr. and Mrs. Macklin spent their married life in the Macklin Settlement. Of a family of six sons and five daughters, only three survive, Mrs. I. J. Dunnet of Hamilton, Mrs. William Down, of Cobourg, and Robert, of Alnwick Township. There three members, with their immediate relatives, gathered at Mr. Robert Macklin's summer cottage on Rice Lake and spent the afternoon boating, fishing, picnicing, and reminiscing about old times. Relatives were present from Niaagra Falls, Hamilton, Cobourg, Grafton, Baltimore, Roseneath and Fenella.

When Royal College of Art diplomas were granted in London this year the students formed an "orchestra" of dustbin cover and broken shovels, while the conductor wore a Roman toga over a bathing costume.

HARNESS HORSES MAKE NEW RECORDS

Three World Marks Fall at Grand Circuit Meeting on Tuesday.

SPRINGFIELD, Ill., Aug. 24—World's harness racing records were broken yesterday during the second day of Grand Circuit racing at the Illinois State Fair.

Rose Marie Abbe, owned by E. A. Bostain, Chattanooga, Tenn., and driven by Jake Rodman, travelled the second heat of the 2.15 St. Nicholas Hotel Pace in 2.00¼, to set a world's race record for pacing mares.

The world's records tumbled in the handicap trot, which was forced into an extra trial when Scotsman, Walter Cox's bay colt, stepped the second heat in 2.05. Lock Bunter, with a handicap of 100 feet, won the first heat in 2.06¾, and the third in 2.06¾. These three heats constituted the three fastest ever recorded in a handicap event.

Scotsman started from scratch. Dillon Mc, starting with a 40-foot handicap, was second in each of the two regular heats.

Rose Marie Abbe's record-breaking mile proved too much, and the gallant mare was forced to yield to Peter-at-Law and Colonel Tom in two other heats.

8th Inning Splurge Wins For Tigers 5-4

BOSTON, Aug. 24—Four successive singles, by Rogell, Rhiel, Hayworth, and pinch-hitter Ruel, scored two runs in the eighth inning yesterday and gave the Detroit Tigers a 5 to 4 victory over the Boston Red Sox.

Johnny Welch was the victim of the assault. He was replaced by Welland. Tom Bridges and Uhle divided the pitching for the Tigers, with the former receiving credit for the victory.

Homers Aid Macks To Beat White Sox

PHILADELPHIA, Aug. 24—Five home runs gave the Philadelphia Athletics a 15 to 7 victory over the Chicago White Sox yesterday.

Leroy Mahaffey held the Sox to 12 hits, while McNair, Miller Simmons and Cochrane pounded out the four-baggers. Cochrane had two of them besides a pair of singles out of five chances.

Major League Leaders

(Including yesterday's games)

NATIONAL LEAGUE

Wrestler Arrested For Unlawful Entry

BALTIMORE, Md., Aug. 24 (C.P.)—A few minutes after Abe Coleman of Winnipeg, Man., threw Floyd Marshall of California at last night's wrestling show here, he was taken into custody by detectives on a charge of being in the United States unlawfully.

The applause had not died away after the match when the detectives took hold of him and escorted him to the police detention room for federal authorities. Police Captain John Carey said Coleman has been in this country since 1920 and recently was arrested in Cleveland for being in this country unlawfully but was free under $500 bond.

Rice's Hit In 13th Wins For Senators

WASHINGTON, Aug. 24 — Sam Rice's single in the thirteenth inning, scoring Manush, gave the Washington Senators a 5 to 4 victory over the Cleveland Indians yesterday.

The Indians scored two runs in the ninth, temporarily tying the score.

In the thirteenth Manush singled went to third on Cronin's double, and scored when Rice delivered his blow.

TARZAN, LORD OF THE JUNGLE. NO. 86 By Edgar Rice Burroughs

(Metropolitan Newspaper Feature Service, Inc.)

Screaming and pawing the air Sheeta, the leopard was dragged upward. Blake saw the shadowy form of a man hauling the beast into the trees by a rope cast about its neck the instant it had risen to leap upon him. A mighty hand reached out and grabbed the great cat by the scruff of the neck. Another hand drove a knife blade into the savage heart.

When Sheeta ceased to struggle and hung quiet, the hand released its grasp and the lifeless beast thudded to the ground beside Blake. Then the god-like figure of an almost naked white man dropped lightly to the leafy mold. "Tarzan of the Apes!" cried Blake, in surprised delight. "At last I've found you," said the Ape-Man, "not a moment too soon, either." "I'll tell the world it isn't!" exclaimed Blake.

Tarzan cut Blake's bonds as he asked: "Who left you here?" "A bunch of Arabs," answered Blake. "That villainous Ibn Jad?" Tarzan demanded. "Yes—and he took a girl who was with me," said Blake. Tarzan listened with tight-set lips. Then he said: "You had better shed that suit of armor, there's work to be done."

None of the stolen princess's footprints were visible and a short distance on, the Arabs' spoor divided. Tarzan was puzzled. Which party had carried off Guinalda? Finally he decided Blake must follow the north trail, while he went south. "If you find her, follow till I join you. Good luck!" With that, Tarzan set out toward Nimmr.

MARX BROTHER IS ROBBED OF $37,000 IN JEWELLERY.

LOS ANGELES, August 24 — Zeppo Marx was an excited and unhappy young comedian yesterday when he reported to the sheriff's office that his palatial uptown apartment had been looted of $37 600 in gems while he was sojourning at the Malibu Beach film resort.

Zeppo, youngest of the four Marx brothers and "straight man" in their comic characterizations, said the burglary obtained, among other things, a $17,000 diamond and platinum ring, a $3,000 gem-studded cigarette case, and two tie-pins worth $700.

Sept. 6, 7, 8, 9—Horse racing.

Date to be announced—Kaye Don and the world's fastest motorboat, Miss England II.

Sept. 2, 3—Canadian gymnastic championships.

GLENCOE FATHER FREED AFTER DUCKING HIS CHILD

LONDON, Ont., Aug. 24.— Donald McIntyre, youthful Glencoe father, charged with placing his year old baby in a tub of cold water for more than an hour was given his release in county court yesterday, but conditions in his home will be investigated by the Children's Aid Society.

McIntyre admitted that he had locked the baby in a room for an hour but said that his wife had placed the baby in the tub. It was merely an attempt at discipline, as the child had been spoiled during a few weeks' stay at its grandmother's home.

No evidence was offered on the vagrancy charge.

Seal Oil Makes Anti-Knock Gas

DENVER, Col., Aug. 24. — (C.P.)—Sixty per cent. of the oil of a fur-bearing seal is anti-knock gasoline — after Dr. Gustav Egloff gets through with it in the laboratory of the Universal Oil Products Company, Chicago.

Dr. Egloff reported this discovery to the American Chemical Society to-day.

The same seal also yields:

12 per cent. of asphalt suitable for road making.

Seven per cent. of oil which can operate diesel engines.

Sixteen per cent. of good illuminating gas.

Five per cent. of pure water.

Negligent Driving Charge Withdrawn

American Visitor Fined in Police Court for Speeding in City.

James Milligan of Detroit was this morning cleared of a charge of operating a motor vehicle in a reckless and negligent manner. Upon conviction of a charge of "speeding," however, the defendant was ordered to pay a fine of $5.00, and costs, amounting to $7.15.

The charges against Milligan arose out of an automobile accident which occurred at the intersection of George and Murray Streets on the afternoon of Sunday, August 21, between vehicles driven by the defendant and by John Stewart.

Milligan was defended by W. F. Huycke.

In evidence John Stewart stated he was driving north on George Street with the intention of turning west on Murray Street. When about to make the turn he noticed Milligan's car which was proceeding south on George Street increase its speed. Witness whose car was west across the centre line of the road, jammed on his brakes. He judged that defendant's car was travelling at 35 m.p.h. A collision resulted after which Milligan's car proceeded on for a considerable distance before being brought to a stop.

Saratoga's Yearling Sales Below Average

SARATOGA SPRINGS, N. Y., Aug. 24. (CP)—For the first time in history, Saratoga's annual yearling sales have failed to produce a grand average of $1,000 or more per head sold.

A check-up after the final session reveals that 468 head passed under the hammer for $424,000, an average of $910. This represented a drop of approximately 50 per cent over last year's prices and was far below the average hung up during recent and more prosperous years.

The final vendue was featured by the auction of the last half of the stock of Harry F. Sinclair's Rancocas stable. Thirty-six head, 21 mares, 14 yearlings and one stallion, sold for $36,100. The two nights of the Rancocas sale brought a total of $79,235, averaging $1042.

Von Gronau Battles Rain On Cordova Hop

CORDOVA, Alaska, August 24.—(C.P.).—Fighting unfavorable weather conditions, Captain Wolfgang Von Gronau and his three companions arrived here to-night in their Dornier Wal flying boat from Juneau to complete another leg in their world-circling flight.

Heavy rain and generally bad flying conditions were encountered by the German quartette along the route of the 426-mile flight. They took off from Juneau at 11.55 a.m., P.S.T., and brought their flying boat to rest off shore here at 9.30 p.m., P.S.T.

TOUCHES LIVE WIRE.

RIDGETOWN, Ont. — Eugene Cowell, 12, suffered serious burns late yesterday when he touched a 220-volt hydro wire while climbing a tree. The lad, whose leg and hand were badly burned, was restored to consciousness by Dr. Del Marr, but his condition early today was reported as serious.

FISH ENTERED IN CONTEST

Angling at Chemong Lake last evening Fred Dobson of McDonnel street hooked and landed a dandy black bass which tipped the balance at five pounds. He is planning to enter the fish in the Toronto Star Contest.

STREET FROLIC THURSDAY NIGHT

George Wade and Cornhuskers Coming—Big Time Assured For All.

RAFFLE PURE-BRED PUP.

To-morrow night's the night of the biggest community event of the year. It is the night of the Kinsmen Club street fair and dance and everybody is cordially invited to come help swell the crowds and to put the effort over the top to assist the clubmen in their service work.

George Wade and his Cornhuskers, that favorite old tyme dance orchestra, will be on hand to provide the music for round and square dancing which will be held on a section of Aylmer Street, outside the Canadian National freight offices.

There will also be a number of refreshment booths and games with the proceeds from them going in their entirety to the cause of charity. A pure-bred Irish terrier pup is to be raffled off, and valuable premiums will be given in some of the games. A real big night is expected. Won't you resolve to do your share?

Obituary

HECTOR J. NEIL

The death occurred on Saturday evening last at Rochester, N.Y. of Hector J. Neil, son of the late Mr. and Mrs. J. Neil, acording to word received here by his aunt, Miss A. J. Armstrong of 607 George street. Interment was made at Rochester on Tuesday morning last.

Veteran Is Killed, Family Penniless

WINDSOR, Ont., Aug. 24.— (C.P.)—James W. McDonald, Canadian war veteran, was killed when struck down by an auto in Detroit. His penniless family, a widow and two children, are in a two room house at Farmington, a Detroit suburb.

There is no money for funeral expenses or for food. An appeal is being made to veterans or former comrades to assist in bringing the body to Windsor, where a military funeral can be arranged.

McDonald was a native of Scitland, and a member of the Thirteenth Canadian Infantry Brigade, the Royal Highlanders of Montreal. He is said to have been a regimental or a company sergeant major in the Montreal unit. Jack Linegar, zone representative of the Canadian Legion, is trying to arrange the funeral matters and aid for the family.

Worker Transfixed To Side Of a Boat

LINDSAY, Ont., Aug. 24 (By The Canadian Press)—Elmer Saunders to-day was recovering from the effects of becoming transfixed to the side of a boat by an electric drill, the bit of which passed through his shoe and bored a hole in his toe about the diameter of a pencil. Some difficulty arose in removing the drill and freeing the man.

MOLLISON DISAPPROVES HIS WIFE'S FLIGHT PLANS

NEW YORK, Aug. 24. — Captain James E. Mollison disapproves of a reported plan of his wife, the former Amy Johnson, to duplicate his feat of flying solo westward across the Atlantic.

His only comment when he heard that his bride had given an interview to a London paper, in which she outlined a plan to fly from Britain to New York and then return—as he plans to do—was:

"I don't expect her to give up flying, but I do hope she will not make such a trip."

TWO POLICE ASSAILANTS GIVEN THEIR FREEDOM

DUBLIN, August 24 (C.P. Cable).—Charges against George Gilmore, T. J. Ryan and Bernard Lowe have been withdrawn and they are released from police supervision.

Gilmore and Ryan still lie in Kilrush Hospital, recovering from wounds they received in a gun battle with two detectives on the night of August 15. They were charged with attempting to murder the detectives, conspiring to murder men of the civic guards, and assaulting and wilfully obstructing guards in the performance of their duty.

WOUNDS HIS EMPLOYER, FARM HAND SUICIDES

LETHBRIDGE, Alta., Aug. 24—John Brown, farm hand from Vancouver, shot and killed himself near Macleod, Alta., to-day after seriously wounding his employer, John Van de Sande, farmer.

Brown beat the farmer over the head with the butt-end of a gun during a quarrel. He set fire to several farm buildings before committing suicide. Van de Sande was rushed to Macleod hospital where it is stated he will recover.

RAIN BRINGS RELIEF.

WINNIPEG. — Rain during the night brought relief to weary farmers who have been battling soil and bush fires around Hadashville since Sunday. The moisture checked but did not extinguish the muskeg soil for weeks even if they cause no more trouble.

Acquaintances

LINDSAY, Ont., Aug. 24. (CP)—It happened at a service club luncheon. The visitor was being introduced at the door, and the usual attempts were being made to make him feel at home.

Say, haven't I met you before some time? Maybe in business. What's your line? asked a club member.

Well, maybe you have met me in business, said the visitor, somewhat bashfully. I'm a with a detecaive agency.

Then there was a general laugh, as the embarrassed member pushed his way through the crowd.

LEE AND BOCKON READY FOR DASH

Spend Night on Beach After Being Forced Down by Rain and Fog.

OSLO GOAL.

HARBOR GRACE, Nfld., Aug. 24. —(C.P.)—Despite the strain of yesterday's eight hour flight and last night's battle with storms, Clyde Lee and John Bochkon were busy this afternoon overhauling their plane for the ocean dash to Oslo, Norway.

If weather reports are favorable they may hop off to-night, they said.

"The Green Mountain Boy" was not seriously damaged when the two fliers landed on a beach at Burgeo last night after a flight of eight hours and ten minutes from Barre, Vermont.

Forced down by rain and fog, Lee made a good landing on the beach. The machine tilted in the sand, however, and the tip of wing was damaged.

Assisted by inhabitants of the district they got the plane in position for a take-off this morning. It was necessary to deflate the tires to get the plane moving, but once started it made an easy run down the beach and took to the air.

One hour and 35 minutes later they roared into Harbor Grace, where airport officials had waited all night with beacons burning in anticipation of their arrival.

Undertaker Admits Strangling Charge

NEW YORK, Aug. 24—Charles E. Weeks, a Brooklyn undertaker, was held to-day on a charge of homicide in connection with the death of his daughter-in-law, and police said he had admitted tying a strip of gauze tightly about her neck.

Officials said Weeks told them after long questioning that the young woman, Mrs. Caroline Weeks, collapsed in her apartment while he was there and, fearing suspicion might fall on him if she died, he knotted the gauze about her neck to make it look like suicide.

WOMAN HALED TO COURT OVER CANCER DIAGNOSIS

LONDON, Ont., Aug. 24—Claiming that she diagnosed his illness as a serious case of cancer by running her fingers up the cords of his neck, John Albert Howell of Paisley gave evidence this morning at the trial of Mrs. M. J. Levitt, this city, charged with operating a hospital and practicing medicine unlawfully.

Howell claims Mrs. Levitt treated him then over a period of one year with salves and poultices and that her charges up to date had been $580.

The charge was laid by Dr. S. C. Barker, inspector for the Ontario College of Physicians and Surgeons. The trial is proceeding.

WANDEREE'S TROUBLES.

OSHAWA. — Declaring he had been held by United States immigration officers at Buffalo and then turned back into Canada penniless and without funds to take him back to Montreal, Joseph Chartrand, 15 years old, found wandering about here, was to-day sent home to Montreal by local police authorities. His father had sent him to Buffalo to visit an uncle there, he told the police.

HAMILTON MERCHANT

HAMILTON.—Thomas Ramsay, for many years a hardware merchant in Hamilton, is dead at his home in Bartonville after a brief illness. Mr. Ramsay associated himself with other shareholders of the Steel Company of Canada in 1920 to oppose the increase of the dividend upon preferred shares until the common had received certain benefits. The case caused wide comment at the time and was carried to the privy council, Ramsay and his confrerees being successful in their contention.

Fire Truck Smash Kills One, Hurts 6

FLORENCEVILLE, N.B., Aug. 24 (C.P.).—The driver of a fire truck rushing to Florenceville from Woodstock was reported killed and six others were said to be injured when the machine overturned at Victoria corner to-day. Fire from a burning residence had spread to a large bridge over the Saint John River.

TRUTH BITTER IN COMMENTS

Claims Even Times Obliged to Expose Bennett's Methods of Negotiation.

SCORES AMERY.

LONDON, Aug. 24.—(C. P. Cable) —Under the heading "Ottawa hucksterers," the magazine Truth declares Prime Minister R. B. Bennett of Canada succeeded only too well in bringing the Imperial Conference from idealistic heights down to the level of the Canadian lobbies.

"The British ministers," it says, "soon found themselves breathing the mephitic atmosphere of dominion politics in that happy hunting ground of industrialists on the make. Even the Times, which did its best to save the fact of the Conference, was obliged to expose in decorous terms the amazing Bennett methods of negotiation. Bennett was encouraged not only by the fantastic Beaverbrook propoganda, but by the unifficial super-imperialists, including the absurd busybody Amery.

Police Court

William Rosebush, 45, of Owenbrook was this morning convicted by Police Magistrate O. A. Langley, K.C., of a charge of having possession of half a gallon of spirits unlawfully manufactured, contrary to the provisions of the Excise Act.

The accused received the minimum sentence with philosophic calm and when asked by the cadi what religion he professed, he answered, " I have no religion."

"Do you want me to mark you as a heathen," the Magistrate suggested. "If you like," was the negligent answer.

Pleading guilty to the charge the prisoner had nothing to say on his own behalf, and was sentenced to one month's imprisonment in the County gaol and in addition he was fined the sum of $200 and costs amounting to $5.75. In default of payment of fine the defendant was sentenced to serve a further six months imprisonment in the Ontario Reformatory at Guelph to follow upon the completion of the first month of imprisonment in the County bastile.

Russell Hill and his wife May Hill both of Dummer Township also appeared to answer similar charges in respect to infractions of the Excise Act, and which were alleged to have been committed in the Township of Dummer on or about August 18.

Hill and his wife were both represented by J. A. O'Brien, but upon the application of R.C.M.P. Corporal Caniff of Toronto by whom the informations were laid, the hearing of the cases was adjourned until Wednesday next. The two defendants were given bail in the sum of $1,000 each.

James Wilson who appeared on remand in answer to a charge of having liquor in a place other than a residence and to which he had formerly pleaded not guilty, was further remanded for another week. Adjournment was made with the consent of Wilson's counsel, the Hon. G. N. Gordon, K.C. upon the application of Crown Attorney V. J. McElderry, K.C.

On a charge of speeding Charles W. Glassey, Toronto motorist was fined $7.50 and $3.75 costs. The information was laid by Provincial Highway Traffic Officer E. A. Hornick.

NEWS IN BRIEF

SHORT ITEMS RECEIVED OVER C. P. WIRE

MOVIE MANAGERS WARNED

DUBLIN, Aug. 24 (A.P.)—Members of the Irish Republican Army to-day warned managers of Dublin moving picture theatres not to exhibit films showing members of the Royal family, or any films which they regard as containing British propaganda.

HUNDRED-YEAR-OLD LAWYER STILL PRACTICING, HONORED

MEDIA, Pa., Aug. 24—George E. Darlington "went to court" as usual Saturday just as he has on almost every "court day" for the last 76 years, but on this occasion he stood before a special tribunal sitting in honor of his 100th birthday.

In the tribunal was Justice Owen J. Roberts of the Supreme Court of the United States, who joined with other leading jurists to pay homage to the man believed to be the oldest practicing attorney in the country.

A FAUX PAS

WINDSOR, Ont., Aug. 24 (CP)—When Albert Fox, 42, smashed a picture of his mother-in-law he precipitated a small riot in his home. A razor and a butcher knife plus an angry wife figured in the melee. Fox went to hospital where a score of stitches were taken in his cheek.

SIX FOREIGNERS DEPORTED

KIRKLAND LAKE, Ont., Aug. 24—(CP)—Six foreigners were deported from this city following an investigation here by E. Hill, of the Department of Immigration. The men, found to be public charges, were A. Tuiskala, Juho Byckling, J. Harvitch, Evald Grano, Nello Eestie and Veikko Kokko.

SIX DRUGGISTS FINED.

Sold Prohibited Goods On Sunday.

HAMILTON, Aug. 24—Six druggists charged with selling goods on Sunday, Aug. 14 contrary to the Lord's Day Act pleaded guilty before Deputy Magistrate McKay in police court yesterday and were fined $10 each, the sum including costs.

Constables told of waiting outside different drug stores for the purpose of checking purchases and said when customers emerged they questioned them and if they admitted buying goods, promptly asked them to return to the stores. The officers stated that in each case the clerks in charge admitted making sales.

AID FOR FARMERS

ST. PAUL, Minn., Aug. 24—Governor Floyd B. Olson is in sympathy with the farm strike that had its inception in Iowa, he said today, expressing willingness to join in a move with governors of other states to the extent of declaring martial law to aid the farmers' cause.

'AL" SMITH EDITOR.

NEW YORK, August 24. — Alfred E. Smith to-day announced that he has become editor-in-chief of the Outlook Magazine, taking the chair once occupied by Theodore Roosevelt.

YOUTHFUL BLACKMAILER

YOAKUM, Texas.—A 12 year old youth is being held here as an extortionist. The boy was arrested when he appeared at daybreak at an empty barn to collect $1.375 he had demanded of R. C. Garbade through a series of threatening letters. "Brother to Jack (Legs) Diamond" was the signature the youngster placed on his letters.

PLAN TO ORGANIZE

SHELBYVILLE, Ind.— Attempts to organize a farm holiday movement in Indiana will be made in a series of meetings next month.

C. C. Ray of Fairland, Ind., state secretary of the Farmers' Holiday Association, to-day announced the first meeting will be held here Sept. 7 to be followed by gatherings at Lebanon and other cities.

SENSIBLE WOMEN.

NEW YORK.—Says Miss Kathleen Howard, fashion expert Women —sensible women—from now on will buy clothes as men do, for neatness and practicability, and not because they want to be warm-blooded dummies for fashions that make them grotesque.

HOME EDITION

VOL. LXIX., No. 46 — PETERBOROUGH, ONTARIO, CANADA, THURSDAY, AUGUST 25, 1932 — PRICE THREE CENTS

PREMIER HENRY OPENS NO. 7 HIGHWAY

RURAL STRIKERS FILL IOWA JAIL FOR PICKETING

Roads Cleared of Farmers Trying to Prevent Produce Marketing.

TWELVE SENTENCED.

Rural Opposition to Low Prices of Produce Arouses Action.

COUNCIL BLUFFS, Iowa, Aug. 25 (C.P.).—All highways into Council Bluffs except one were cleared of farmers' holiday association picketers shortly before noon today.

While officials carried out this program a report was being checked that a baby died during the engagement last night between police and a large body of the farmers who have been picketing highways into Council Bluffs and also around other market centres for some weeks in an effort to prevent marketing of produce.

It was reported that a mother, in a motor car caught in the crush, had tried to protect the infant from tear-gas fumes used by the police and had suffocated it.

Upwards of 100 of the striking farmers were placed in jail as a result of deputies' forays, on charges of being members of an unlawful assembly. A dozen were sentenced to a month in jail.

At Sioux City, where the picketing movement originated early this month, officials declared they would make every effort to clear the highways of the blockading farmers, and if they were unable to disperse them, then they would provide protection for produce shipments.

Jersey Honors Won By Carleton Herds

OTTAWA, Aug. 25 (C.P.)—Carleton County's herd of Jerseys was awarded first prize in the Jersey cattle judging at the Central Canada exhibition here. All classes in this breed were keenly contested, and while there were only two herds entered in the counties competition, greater Dundas County and Carleton, there was little to choose between the two.

Ottawa Dairy, Ltd., got two out of three in the Jersey bull championships. J. W. Innis, of Woodstock, won the junior and junior reserve championships, and reserve in the senior and grand championships.

Mr. Innis' Jerseys swept the field in the female championships, winning junior, senior and grand championships, and also reserve grand championship.

Snake Whiskey Case Involves Chinese

LONDON, Ont., Aug. 25.—Scores of curious Londoners waited in vain at the city police station to-day for further information on the Chinese snake whiskey containing real rattlesnakes found concealed with a still and opium in a Talbot street joint on Monday.

The Crown decided to adjourn the case still further when Charles Wong, proprietor, who confessed to being the owner of the strange beverage and the dope, was arraigned for sentence.

Two other Chinese, Wong Dug Soo, and John Wong appeared for trial in the same case but the chares were also laid over.

Tramps Sleep In Hay And Bad Fire Results

STRATFORD, Ont. Aug. 25—Believed to have been started by transients who made the hay mow their bed, fire to-day totally destroyed the barn on the farm of Edward Ward, Wallace Township. All the season's grain, with the exception of one load, and all the hay was consumed.

Willing workers succeeded in salvaging the harness and implements that were in the barn and the livestock was also taken to safety. The loss will be around $4,000 partly covered by insurance.

LAWN BOWLING PLAY-OFF.

TORONTO, Aug. 25. — (By the Canadian Press.)—Rusholme to-day tario Lawn Bowling Association won the group play-off in the Onchampionships for Districts 9, 10, 11 and 12 played to-day at the West End Bowling Club, defeating Granites 20-18.

Default of Orangeville, whose team failed to show up, brought sudden-death play between the two teams in place of triangular play, which had been previously arranged.

READY FOR ATLANTIC HOP

FAMILY HAVE FLOWN 160,000 MILES

The "flying family" of Col George R. Hutchinson—eight persons in a giant Sikorsky amphibian—prepared to take off Aug. 24 on the second lap of a flight to Europe. A broken camera spring threatened to delay their schedule. Hutchinson wanted to take advantage of the good weather and hoped the camera could be repaired here in time to permit his leaving for Labrador or Harbor Grace. The spare part required was unavailable in Saint John. He said the camera was necessary for the trip, as he wanted to make several thousand feet of film. The party of eight, including Hutchinson's wife, two young daughters, a navigator, motor engineer, radio operator and cameraman, arrived here last evening. Hutchinson's main purpose in making the trip, he said, is to obtain material for lecturing and writing. Picture shows, from LEFT to RIGHT, Kathryn 8, Col. Hutchinson, his wife, and Jane Lee Hutchinson, 6.

TRAMP'S ACTION SAVES DISASTER AT C.N. TRESTLE NEAR OAKVILLE

Surprises 2 Men Connecting 19 Sticks Dynamite to Automatic Signal Switch.

PASSENGER EXPRESS DUE.

TORONTO, August 25 (C.P.). — Nineteen sticks of dynamite, equipped with detonators, were found beneath the Canadian National Railway bridge at Oakville, near here, early to-day. The dynamite was rigged to explode when a train crossed the contacts of the automatic signal system at that point. A tramp, sleeping beneath the bridge, gave the alarm after he had frightened two men away.

Police swept over the district immediately, but so far have found no trace of the men. The tramp, whose name is not yet known, said he had noticed the two men working around the bridge. He went over to see what they were doing, and both took to their heels. Further investigation disclosed the dynamite.

Wires from the explosive were attached to each rail of the track. A freight train, due to pass the point shortly after the explosive was found, would have closed the circuit and exploded the dynamite.

Rushes To Police.

After the men had run away, the transient, a foreigner, gathered up the dynamite, which he found had been pushed into the gravel between the ties and ran with them to the railway station. Here, he tripped and fell in his excitement, scattering the explosives all over the station platform. Fortunitely, the dynamite did not explode, and he gathered it again and placed it in a sack, then turning it over to the police.

According to W. P. Shipley, stationmaster at Oakville, the dynamite was connected with the electric bond wire which connects the two rails. As soon as an engine approached the bridge, this would start to spark, he said.

The first train scheduled to cross the bridge after the dynamite was found, he said, was a passenger express.

There was sufficient dynamite in the bundle to have blown up a large part of the town of Oakville, and the hunt increased in intensity as the news of the attempt spread.

Best Days Over

NIAGARA FALLS, Ont., Aug. 25.—(C.P.)— William Petrie is just wild about motor cars. He has owned 29 of them in his short life. But the last one got him into trouble. It was a "defective brake" case, and William was in police court.

He had bought the car, he said, for eight dollars. It was all right except for a little knock. Then the rear end fell out and I had to put a new engine in it.

Petrie was advised to take the car down to the deep hole at the sandpit and run it over the edge. In any case, he must not drive it any more until it is equipped with brakes.

WHEAT FUNDING IS CONSIDERED

Financing of New Crop Before Committee at Ottawa.

BANKERS PRESENT.

OTTAWA, August 25 (C.P.). — The question of financial arrangements for the marketing of Canada's 1932 wheat crop was under discussion for two hours to-day. Bankers, Dominion and Western Government members were at the conference. When adjournment was made for luncheon there was no announcement to make.

A further meeting took place at 2.15 o'clock this afternoon. Hon. E. N. Rhodes, Minister of Finance, discussed the matter further with officers of the Bank of Toronto, the Royal Bank of Canada, Bank of Montreal, and Bank of Commerce.

The Minister of Finance will later meet representatives of the Governments of the Prairie Provinces and the wheat pools.

The question of credit arrangements and what guarantees should be given to the banks, it is understood, continued to be discussed this afternoon. In some quarters, there is a feeling that Dominion guarantee should not be necessary.

Ready for Winter

OTTAWA, Aug. 25. (CP)—A heat wave means nothing to John Bouchard, of Renfrew, Ont.

The mercury hovered around the 90 mark in the capital on Wednesday; collars wilted and coats were discarded. But John was cool, though he made the mistake of walking into the side of an automobile, suffering serious injury.

Taken to hospital, he was found to be wearing two top coats, two pairs of trousers and a cap with fur-lined earmuffs.

PUBLIC MEETING NOT AUTHORIZED SPEAKERS FINED

Charges Laid Under City By-law By Windsor Commission.

NO PERMIT ISSUED.

Secretary of Canadian Defense League Involved—$50 Penalty.

WINDSOR, Ont., Aug. 5.—(CP)—For making public speeches at a meeting which was not authorized by a permit, Arthur Seal, secretary of the Canadian Labor Defense League, was fined $50 or 21 days in jail when he appeared in Windsor police court today.

George Wansen, United Front Conference leader, and Louis Huot, including Hutchinson's wife, two young daughters, a navigator, motor engineer, radio operator and cameraman, arrived here last evening. Hutchinson's main purpose in making the trip, he said, is to obtain material for lecturing and writing. Picture shows, from LEFT to RIGHT, Kathryn 8, were given similar sentences.

James Cochrane and Walter Hewlett, who claimed they did not know the meeting was being held without a permit, were fined $25 or 21 days for making speeches. Reg Brophey had his case adjourned for a week.

On a charge of holding a meeting without securing a permit Arthur Seal was fined $50 or 21 days in jail.

The charges were laid under a city by-law providing for permits to hold meetings in parks and were laid by the Parks Commission.

The men will go to jail in Sandwich.

CHURCH FAILS TO BRING BID

Mortgage Holders Left With Hamilton Presbyterian Church.

OFFERED AT AUCTION.

HAMILTON, Aug. 25.—"Any offer at all for a Presbyterian church? Can't I get a bid for it? Any offer at all for the property? I'm not going to dwell on it, but if I get a bid I'll stay here all afternoon. Can't I get any offer at all?"

So the auctioneer droned today as Westdale Presbyterian church was put up for auction here with Frederick Gladwell wielding the hammer. The scene with the climax of a long and stormy story in which the financial backers of Westdale church finally foreclosed and seized the building. Today's action was held with a reserve bid placed by an unknown purchaser.

"Any offer?" Mr. Gladwell demanded. "Once, twice, thrice. Any offer? All through. I declared the property withdrawn from sale."

It is understood that the building now passes into the hands of the mortgage holders, the Royal Trust company.

Joy-Riding Truck Crashed Wagon

LONDON, Ont., August 25 (C.P.). —Donald Caine, alleged to have been joy-riding in a truck and chased by police for a considerable distance, was remanded till Monday, when he appeared in Police Court to-day.

Caine was charged with having taken a truck belonging to Walter Crossan, market gardener, and proceeding through South London with police just a few corners behind him. At an intersection, he crashed into a horse and wagon, injuring George Murray.

The police redoubled their efforts to catch Caine, but finally lost sight of him in a residential district. While they searched, he drove the truck back to the market, where it was found later.

LEE, BOCHKON OVER ATLANTIC NORWAY BOUND

Lift Giant Red Monoplane From Harbor Grace at 5.31 A.M.

3,150 MILE HOP.

Pair in Van of This Week's Field of 16 Aspirants for Sea Crossing.

HARBOR GRACE, Nfld, Aug. 25.—(CP)—"Green Mountain Boy" was out over the ocean today, speeding eastward with Clyde Lee and John Bochkon in the van of this week's field of 16 aspirants for trans-Atlantic honors.

The red monoplane hopped off the Harbour Grace airport at 5.31 a.m. Eastern Standard Time, scheduled to land at Kjeller Field, Oslo, Norway, after a flight of about 30 hours.

The plane carried 450 gallons of gasoline, enough fuel to keep it aloft for 37 hours.

Lee and Bochkon got away in bright sunshine with a light west wind behind them. Weather reports for the first 800 miles of their journey were excellent. They were threatened with rain and headwinds for a while after that, but the forecast was for clear skies on the other side.

Course Over Dublin.

Their 3,150 miles course lay over Dublin, Southern England, and Cuxhaven, Germany.

They believed they were starting out with good weather reports for such a flight. Lee and Bochkon had just come through one stiff thunderstorm with warning flog and darkness forced them down on the beach at Burgeo on Tuesday night; they completed the flight from Barre, Vt., to Harbor Grace yesterday morning.

Refreshed by a good night's sleep they appeared on the airport about 4.30 this morning. Before retiring they had overhauled the big plane, had it poised ready for the hopoff, and they were in excellent spirits when they roared away this morning with Lee at the controls. Bochkon, a native norwegian, acted as co-pilot.

Two Laps Finished.

Meanwhile the Flying Hutchinsons" had completed two laps of their leisurely transatlantic flight by the northern route, and were at Port Menier, Anticosti Island preparing for the next hop to Labrador. Mr. and Mrs. George Hutchinson, their two small daughters, a crew of three, and a cameraman, arrived at Anticosti yesterday afternoon from St. John.

Dismantling Plane

Thor Solberg and Carl Peterson,

FARMERS BITTER AT LOW PRICES

Miss Agnes MacPhail, M.P., Skeptical of Conference Results.

DISTRUST OF LEADERS.

ORILLIA, Ont., Aug. 25. (CP)—There is bitterness in the heart of the farmer, declared Miss Agnes MacPhail, M.P. in addressing the Canadian institute on economic and international affairs here. The resentment of the farmer against those who are supposed to lead him is a very real thing.

The value of Canadian field croph in 1931 was $700,000,000 less than in 1926, yet the farmer's overhead remained the same, she continued. If he could meet his debt with potatoes and hogs and chickens and cream, his possession would be as good as three years ago, but when he converts his commodities into dollars, he finds his overhead is two or three times what it was three years ago.

The patriotic market-splitting which was called the Imperial Conference would not remedy the situation she maintained. There should be publicly-owned processing plants in various parts of Canada to handle the products of the farm, said Canada's only woman member of parliament.

ST. BONIFACE MAYOR DEAD

REGINA, Aug. 25.—Mayor David Campbell, K. C., of St. Boniface, Man., died in hospital here this morning after a lengthy illness. He was prominent throughout Manitoba as a lawyer.

Direct Road From Peterboro to Ottawa as the Crow Flies Built Through Bush Country

Splendid Engineering Job Praised by Ontario's Prime Minister.

DYNAMITE COST $200,000 BLASTING ROCK CUTS

65 Miles From Actinolite to Perth Formally Opened.

AIDS SEVEN COUNTIES.

$600,000 Paid in Wages on Unemployment Relief Job.

Described as one of the greatest factors in the future economic progress of the vast northern portions of seven counties, Victoria, Peterborough, Hastings, Lennox, Addington, Frontenac and Lanark, the 65 miles of King's Highway No. 7, stretching from Actinolite to Perth, was officially opened yesterday afternoon at Ardtn Camp, a point 92 miles north-east of Peterborough in Frontenac County, when the Hon. George S. Henry, Premier of Ontario, swung a woodsman's axe.

The blows of the axe in the Premier's hands severed a tough birch branch which stretched across the highway.

A band played, 21 explosives were set off on a nearby hillside, and a gathering of 500 spectators, assembled from the chief centres of Eastern Ontario, cheered to mark the event which officially opened a vast new district to the motorcar.

The 65 miles of highway opened yesterday stretches straight and level through virgin country, reducing from 255 miles to 179.1 miles the motoring distince between Peterborough and Ottawa. No road ran there before. It was cut last winter by an army of 5,000 unemployed through giant granite rock and wild bush. It was one of the most difficult pieces of road building completed in Ontario in recent years, and while it was a necessary link in the forging of the highway between Peterborough and Ottawa, which stretches from the capital to Sarnia, it was stated by Premier Henry that it would not have been completed in many years had it not been necessary as unemployment relief measure.

This, despite the fact that the Premier stated yesterday that its benefits to the northern regions of Eastern Ontario in tourist traffic in future years, would prove inestimable.

Its completion was hailed not only as one of the greatest feats of road building in the Province, but also as a remarkable example of efficiency of the Highways Department and its engineers.

"It was built at very moderate cost and proves that the Highways Department and the Ontario Government can and does accomplish its work economically," Hon. Mr. Macaulay said.

"It is not only a tribute to the engineers but also to the 5,000 men who were given work on this road," he stated later. "They gave faithfully of their efforts in the hard task of road building, and it is an example of what these men can accomplish when given work."

Five thousand men worked on the road. They were given a total of 220,000 working days. More than $600,000 in building the road were paid out as wages and salaries. Cost of dynamite used in blasting the road through the rocks totalled $200,000. All the work was done by day labor and with pick and shovel.

The road connects the populace centres about Perth with the important centres about Madoc and further west, although it passes through a rough, unsettled district. The country through which the road passes has never been settled; no plow could till its barren nakedness. But the country teems with lakes, that are still perhaps unnamed and which seldom have had their waters disturbed by a fisherman's boat.

"I anticipate great results for Peterborough City and County because of the opening of this highway," the Hon. Mr. Macaulay told The Examiner. "It represents the completion of a most important link in the transportation system of Eastern Ontario. It inaugurates a new tourist route which I am satisfied will be attracting thousands of summer visitors into this district within a few years."

In declaring the 65 miles of highway open, Premier Henry congratulated the engineers on the expedition with which the work had been accomplished. It was finished nine months after the start was made.

"I was connected with the Highways Department for nine years," stated the Premier, who was Minis-

Stratford Afternoon Hold-Up Wager Shatters Dozing Romeo's Tennis Date

STRATFORD, Ont., Aug. 25.—(CP)—It was mid-afternoon. The young man lounged outside the postoffice. Two other youths stepped up. "Put 'em up, pardner, and don't make any noise," they said. He put 'em up. The two took a packageof cigarettes and a tennis racquet from the victim. They escaped.

But here's the story behind the holdup. The two had made a bet. They could, they said, hold up a man on the street in midafternoon. They did. And now the victim is trying to get the tennis racquet back before his date with the girl friend at the tennis club materializes.

"Goodwill" Chairman

E. F. MASON

Chaiman of Wednesday's Goodwill Tour to Madoc. Mr. Mason wound up a day's publicity for the Peterborough Exhibition by tacking up ten-foot streamers in several conspicious places down east, by the aid of the headlights of his car.

MINERS RETURN TO THEIR HOMES

Only 4,000 Left of Main Body of 1,500 Routed Wednesday.

MANY INJURED.

COULTERVILLE, Ill., Aug. 25. (CP)—The 4,000 miners, all that was left of the army strikers repulsed in Franklin county last night, left Coulterville to-day for their homes in the central Illinois coal fields, after holding a mass meeting here to-day.

Declining to say from whom he had received his instructions, Chief Moody of the Illinois highway police declared he was ordering 4,000 striking miners, remnants of the force that was repulsed in an attempted invasion of Franklin county, to leave Coulterville and go to their homes. Moody said no more marches of the types carried out yesterday would be allowed because they block highways.

The group was the largest that remained following the rout of 15,000 miners when they attempted to enter Franklin county to picket mines operating under the new $5 daily basic wag scale.

About 100 miners and several policemen were injured in the melee that resulted at Muikeyville when the nine-mile procession of strikers attempted to cross the Franklin county line and encountered a small army of deputies. Miners' leaders claimed some of their men were seriously hurt.

Great Labor March

Evacuation of the strikers marked the end of what strike leaders termed one of the largest labor march in the history of the country.

Pat Ansbourg, a West Frankfort miner leader, suggested to the men they go home and return another day. But dont come back empty handed, he added. He advised the men to return to Franklin county at a future date and use methods similar to those used by the Franklin county officers last night.

We are unprepared to continue our efforts to fight the wage scale now, he said, but let's come back and use different methods next time.

The exodus began hurriedly when chief of State Highway Police Walter Moody arrived with about 35 or 40 patrolmen and ordered the men to return home.

ARREST BURSAR OF UNIVERSITY; THEFT ALLEGED

John A. Machray, K.C., Charged With Stealing $47,451 From Funds.

CHAIRMAN OF GOVERNORS.

Machray Prominent in Winnipeg Social and Church Life.

WINNIPEG, August 25 (C.P.). — John A. Machray, K.C., prominent in religious and educational circles in Western Canada, chairman of the Board of Governors of University of Manitoba, was placed under arrest her to-day and charged with theft of $47,451.37 of the University's funds.

The arrest of Machray followed the disclosure yesterday that shortages of several hundred thousand dollars had been found to exist in the endowment funds of the University.

Irregularities were said to have been discovered in the books of the bursar's office. Besides being chairman of the Board of Governors, Machray was bursar.

Arrested at his home, Machray did not appear in court to answer a single charge of theft of $47,451.37 laid against him. His physician told Magistrate R. M. Noble that Machray was seriously ill with an ulcerated stomach.

The Magistrate remanded the case to September 1, and set bail for the appearance of Machray at $50,000, to be composed of sureties totalling that amount of the bond of the accused.

Dr. Charles A. MacKenzie described Machray's condition. He said he had been called to the lawyer's home at 3 a.m. to-day and remained for three hours. It would be dangerous to move him for at least several days, he testified.

Prominent in the legal and business life of Winnipeg, Machray is head of one of the city's largest law firms. His health has been poor for more than two years.

Since 1905 Machray has been Chancellor of the Church of England diocese of Rupert's Land. He is a nephew of Archbishop S. P. Matheson, former primate for all Canada.

Parliament To Open Early In October

OTTAWA, August 25 (C.P.). — Parliament will probably open the first week in October, possibly October 6, according to reports in Government circles to-day. This is considerably earlier than was previously suggested. A definite decision will be made by the Cabinet very soon.

The expectation is that the session will be adjourned after effect has been given to the agreements entered into at the Imperial Economic Conference. This may not take more than two weeks. The adjournment will likely be until the last of January.

CRITICALLY ILL.

CHICAGO, Aug. 25.—Mrs. Edith Rockefeller McCormick, critically ill for several weeks with an incurable malady, suffered a serious relapse to-day. The daughter of John D. Rockefeller, Sr., rallied slightly.

Goodwill Tour Proves Highway's Use

MADOC GREETED BY MOTOR FLEET PROMOTING FAIR

Villages on the Way Visited By Peterborough Motorcade.

HEADED BY PIPERS.

Road Removes Old Barrier to Easterly Traffic.

The importance of provincial highway No. 7 as a link between Peterborough and Hastings counties was strikingly accentuated by Wednesday afternoon's goodwill tour to Madoc.

As a gesture of neighborliness and also of publicity for the Peterborough Industrial Exhibition this "motorcade" was a complete success. Thirty automobiles and trucks, nearly all of them bearing signs of invitation to Peterborough's Exhibition during the week of September 12 to 17, left the city at 1.30 p.m.

Marmora Fair Board's spirit of co-operation was manifested by sending a decorated car to Peterborough to join the procession, and incidentally Marmora's fair this year is on September 22 and 23. Another similarly beflagged automobile joined the line at Marmora, and Madoc contributed a publicity car about a mile from the destination and added several floats in the village.

The simple program for the afternoon was begun in Peterborough with a march down George street behind the Caledonian pipe band, and every village along No. 7 was greeted in the same way. The pipers made a hit everywhere, and polished off their musical features by parading up and down memorial park at Madoc playing a greeting to Premier George S. Henry and his party when they arrived at seven o'clock.

And that belated arrival was the only hitch in the program. It was planned to meet the Prime Minister, Hon. Leopold Macaulay and Hon. J. R. Cooke at Madoc when they came through from the opening of the newly completed link from Actinolite to Perth. But somehow Hon. Mr. Henry was diverted southerly to visit several new stretches of highway in the Foxboro district, and that long roundabout inspection trip delayed his arrival in Madoc until seven o'clock. By that time most of the Peterborough contingent including Mayor Denne, J. P. Strickland, M.P.P., and Alderman Hamilton, had left for home. Some remained for the informal welcome at Madoc, and among them were E. F. Mason, chairman of the goodwill committee, and J. A. McKone, secretary of the Chamber of Commerce.

Groups of people were attracted to see the tour go through Norwood, Havelock, Marmora and Ma-

Set New World Record For Women

FEMININE FLIERS GREETED WITH FLOWERS.

Women usually have a definite object for being up in the air. In the case of Mrs. Louis Thaden (left) and Mrs. Frances Marsalls (right) it was to smashto smithereens the existing women's endurance flight record of 123 hours made 78 months ago by Bobby Trout and Edna Cooper. Mrs. Thaden and Mrs. Marsalls completely wrecked the former mark by staying aloft a full three days more than the ex-titleholders, setting a new record for women fliers of 196 hours in the air in their "Flying Boudoir." Displaying few signs of fatigue, they are shown (above) being greeted with flowers when they set foot on old Mother Earth once more.

Edison Associate Dies In California

LOS ANGELES, Aug. 25—Pneumonia, resulting from influenza, caused the death here yesterday of Russell Henry Ballard, aged 57, president of the Southern California Edison Company, Limited, and for a quarter of a century a national figure in the hydro-electric industry.

He was born in Hamilton, Ont., on July 26, 1875, and spent the whole of his business life in the electric light and power industry starting as a bookkeeper in the West Side Light Company here in 1896.

Ballard served terms as president of the National Electric Light Association and of the Pacific Coast Light Association.

Swept Off His Feet Young Boy Drowns

WINDSOR, August 25.—Homer Roy, 15-years old, of 538 Elliott Street, Windsor, was drowned in the Detroit River yesterday afternoon, at the foot of Victoria Road, Walkerville.

Roy had gone into the river with two neighbor boys, Claude Guimet, 16, of 536 Elliott Street, and James Currie, 14, of 538 Elliott Street. Remarking that he was going to show them how to swim, from which they estimated that he himself knew how, he was swept off his feet by the waves from a passing boat, and disappeared from sight. Jimmy Ferris 14, of 1039 Tuscarora Street, swam after him, but could not locate him.

URGE LEGION JOIN DRIVE AGAINST VERSAILLES PACT

BEMIDJI, Minn, Aug. 25. (CP) An appeal that the American Legion agitate for the United States government to join with the British Empire in a move to scrap the Treaty of Versailles was made before the convention of the Minnesota department of the Legion here by Ralph Webb, Mayor of Winnipeg.

Denouncing the treaty as one of the most devilish pacts ever drawn by nations in the history of the civilized world, Webb said that to scrap the treaty would be to get rid of the cause of armaments.

I hope you veterans will agitate it, until the United States do join with Britain and demand that the nations of the world send real statesmen, to gather around a new international table, tear up the Versailles treaty and draft a new one.

CAMPBELLFORD ROTARY FAIR BIG SUCCESS

Northumberland Regimental Band Gives Fine Concert Under Bandmaster W. Pearson.

LARGE CROWD ATTENDS.

CAMPBELLFORD, August 25 (Examiner Staff Correspondence)—Making their annual appeal for funds to assist with the worthy community work carried on by the Campbellford Rotary Club, the annual street fair staged last evening retained its name as one of the premier events of the year, drawing large crowds from the town and surrounding district to enjoy the fun offered and take chances on the different games and draws, all of which offered worthwhile prizes. Although the complete returns are not yet checked, it is expected that the event will also prove the usual financial success, with, if anything, a larger take-in than last season, and this despite the depressed condition of affairs at the present time.

One fact is evidenced, however, by the success of the fair, and that is the whole-hearted seal of approval the community has set on the activities of the club in their generous support of it.

The affair is a postponement from last Wednesday when adverse weather conditions caused the fair to be called off. It was held on Front Street South, from Meyer's garage to the Regent Theatre, which was roped off by permission of the Town Council. Gaily illuminated with a variety of colored lights, with booths lining both sides of the road, a large crowd milled up and down the pavement all evening, answering to the attraction of the many games offered for their amusement.

Popular Fish Pond.

And for the children, besides the ever popular fish pond, which was handled by Steve Maguire and Abe Sappaport, a picture show was staged in the Davidson Garage, free of charge, this being run by Rev. R. C. Tait and G. A. Kingston. This feature drew a large number of children of all ages, the program of pictures offered was a varied and interesting one and exceptionally well projected.

Commencing the evening's fun the band of the Northumberland Regiment regaled the citizens with a varied program. The band was directed by Bandmaster W. Pearson.

All arrangements for the street fair were under the direction of C. B. Williams, the following club members being responsible for the booths and stalls: Wheels, 36, S. H. Neael, Elie Brunelle; 18, Dr. H. B. Longmore, A. D. Bennett; 36, T. E. Hall, C. J. Windrim; horses, 6, E. H. Greig, Albert Hasel; 15, Charles Calver, A. J. Armour; bingo, N. Alex MacColl; fish pond, S. A. Maguire, Abram Rappaport; hot dogs, Ray Connor, T. J. Creighead; blankets, H. N. Carr, C. H. Davidson, Roy Smith. The stores were handled by E. C. Dolman. Many non-members of the club assisted the members to put over this successful annual appeal.

AXE VICTIMS IMPROVE

TORONTO.—Mrs. Fred Bradbury, victim of an axe-assault here, was operated upon in the local hospital today and was reported as having come through the delicate operation with flying colors.

Physicians attempted to raise a section of her skull, fractured when an unknown assailant struck her with an axe.

STORM ASSISTS IN GOLD STRIKE

Prospectors Marooned in Slave Lake Find Vein on Island.

TRAPPED BY ICE.

FORT RAE, N.W.T., Aug. 25. (CP)—Discovery of what may prove to be a new and rich gold field has been made in the Caribou Islands in the east end of Great Slave Lake. And, as so often happens, fickle fortune, in the guise of adversity, is indirectly responsible for the find.

On May 1, Jack Hughes, veteran prospector and miner from the days of Cripple Creek; Jack Gaurd of The Pas, Man.; the Girouard brothers of Detroit and four others left Waterways for Great Bear Lake in four canoes, loaded to the gunwale with supplies. Fair winds and little difficulty were encountered on the Athabaska, Smith Portage and the Slave River.

Halted by Ice

But after the long traverse of Great Slave Lake had been commenced, fortune ceased to smile. Gales and storms drove them into the maze of islands in the east end of the Great Lake. Drift ice came in with the wind, and for many anxious days the pioneers were ice-imprisoned in the islands.

Some days had been spent on one of the islands of the Caribou group when one of the prospectors chanced upon the discovery of a hidden bay or inlet. Claims were staked and although the prospectors are very reticent, it is known that the vein is several feet in width, that it has good length and that the indications point to a rich strike. The location is known to be within a few miles of the old Aurora mine.

LUCK FOR PRISONERS

HELFINGFORS, Finland — The prisons are crowded, which apparently is a bit of good luck for 20,000 Finish law breakers. For the government is preparing a bill of amnesty to benefit persons sentenced to prison or fined for drunkenness and other alcoholic offenses. All of them were convicted before prohibition was done away with last April.

Macaulay Ready to Build Peterboro Road

DECISION WITH COUNTY COUNCIL MINISTER SAYS

Would Authorize Stretch From Shearer's to Norwood.

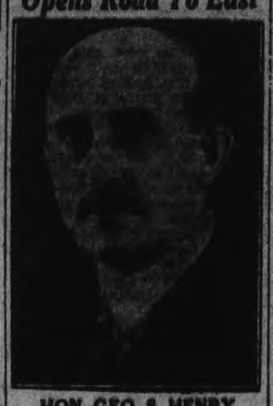
EMPLOYMENT MEASURE.

Resolution From County Administrators Would Launch Work.

The decision that would put hundreds of men to work this fall and winter transforming into a broad highway the 12-mile strip of road lying eight miles east of Peterborough to the village of Norwood, one of the few unfinished links in the 179.1 miles of new provincial highway stretching between Peterborough and Ottawa, rests with Peterborough County Council, was the statement made yesterday by the Hon. Leopold Macaulay, Minister of Highways.

Premier George S. Henry officially opened the 65 miles of the new highway between Perth and Actinolite, which was hailed as the greatest piece of road building in recent years, at Arden Camp yesterday by cutting a birch limb with an axe.

Opens Road To East



HON. GEO. S. HENRY

No. 7 Highway opened by Premier lets in the light over a large area of Eastern Ontario from Peterborough to Ottawa. The Actinolite-Perth, 65 mile link was opened Wednesday.

It was at this opening ceremony that the Minister of Highways made the statement that the Ontario Government required a resolution from the Peterborough County Council before the stretch lying in this county would be completed. His statement was made to J. P. Strickland, K.C., provincial member for Peterborough City; J. P. Lancaster, provincial member for Peterborough County; Mayor Denne, Alderman James Hamilton, and an Examiner reporter.

"We are waiting only for a resolution from your County Council stating that they are willing to pay their share," he said. "The work will be undertaken as an unemployment relief measure, similar to other road work done last year, and both Governments will assist fully."

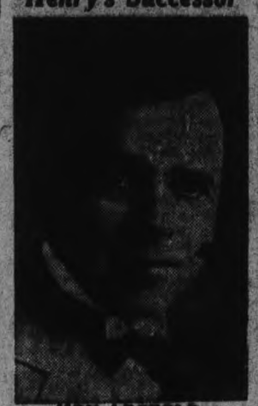
Nine members of the Peterborough County Council attended the highway opening at Arden Camp and were informed of Hon. Mr. Macaulay's words.

The Peterborough delegation was assured by R. M. Smith, Deputy-Minister of Highways, that the high level bridge over the Otonabee River at the locks would be started shortly. "Our plans are nearly completed along with other preliminary work," he stated, "and we will be ready to start soon. It will be built this fall."

Mr. Strickland and Mayor Denne also informed the Deputy-Minister and Resident Engineer Stewart of the need for more banking on the turn at Hatton's Corners on Highway 28, where several serious car accidents have occurred recently. Attention and improvements to this turn and other bad turns in the highway were promised.

Crude oil engines for trucks and busses are gaining favor in Europe because of lower operating expenses.

Henry's Successor



HON. LEOPOLD MACAULAY

Ontario's Minister of Highways emphatically asserted at Madoc Wednesday that unemployment relief road work does distribute in wages a large proportion of the total outlay. No. 7 highway would be a great boon to the district he predicted and would demonstrate the Ontario government's confidence in the future of this province.

CUT IN TARIFFS SEEN IN OFFING

Cunliffe-Lister Claims Move Likely Be Result of Ottawa Parley.

MOVE TO FREER TRADE.

WINNIPEG, August 25 (C.P.)—A general reduction of tariffs leading to freer trade throughout the world is seen as one of the likely results of the Imperial Economic Conference by Sir Philip Cunliffe-Lister, Secretary of State for the Colonies in the Government of the United Kingdom. Sir Philip passed through here to-night on his way to the coast with a party of members of Parliament who attended the Conference.

We have shown how a great group of nations can organize for trade purposes along the right lines, said Sir Philip. I think that is a very distinct achievement and believe the ultimate results will be for the lasting good of the whole world. In England we have taken the tariff out of politics and made it an entirely business proposition. The same principle was recognized at the Conference and its general adoption is highly probable.

The importance of a rise in commodity prices as a preliminary to any general trade recovery was stressed by Sir Philip. The Conference, he believed, had made a contribution in this regard because the agreements entered would tend to bring about equilibrium between supply and demand.

H. H. Tucker, a dentist of Napier, New Zealand, lost an eye when a screwdriver with which he was working slipped off the head of a screw and was jerked upward, penetrating the eyeball.

A GREAT FOOD BARGAIN and a great chance to HELP CANADA

Canadian farmers produce the wheat from which Shredded Wheat is made. Help Canada's greatest industry by treating yourself to this great food bargain at least once a day—You'll profit: so will Canada.

KEEN INTEREST IN AEROPLANES SHOWN BY POPE

Pontiff Receives Album Recording British Conquest of the Air.

ALSO IN WIRELESS

ROME, Aug. 25 (By The Canadian Press)—In addition to his interest in wireless and other developments of modern science, His Holiness the Pope is following keenly the progress of aerial transport, recognizing the important part it is playing in closer and more friendly intercourse between nations.

As a practical evidence of this interest in the international development of civil aviation, His Holiness has just received in audience at the Vatican in Rome the Manager of the Italian Area of Imperial Airways Ltd., J. Lloyd-Taylor.

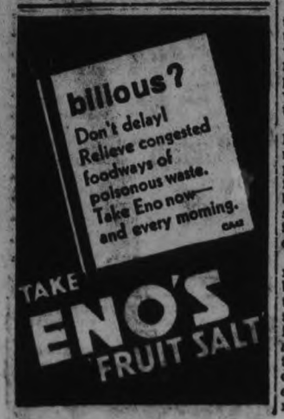
This, it is believed, is the first time that a representative of a foreign air transport company has been received by the Pope. Mr. Lloyd-Taylor took the opportunity of presenting to his Holiness a handsome album which bore the Papal arms stamped on it in gold, and which has been prepared specially to illustrate the activities and aircraft of Imperial Airways along the 14,000 miles of European and Empire air-lines.

In this album the multi-engined aircraft of Imperial Airways are shown in flight along the main air routes between England and India and England and South Africa. Photographs are also included showing the luxuriously-equipped interiors of the big four-engined aeroplanes and flying-boats, while the illustrations include in addition maps of the Imperial Airways systems of routes and pictures explanatory of the aerodromes and ground organizations along the Company's air-lines. The title borne by the album is "Seen From The Air."

During the audience it was made clear how appreciative the Pope is of the advantage the world will derive from a wide-spread development of aerial transport, and, he evidenced particular interest in the part played by wireless in modern air transport, and also in the fact that it is now possible to travel regularly by airway to and from the Holy Land.

In the latter respect it is worthy of note that already members of the Clergy, together with pilgrims, tourists and travellers are utilizing in growing numbers the speed and comfort of air travel facilities which are provided to and from the Holy Land.

The Imperial Airways flying-boats operating on the Mediterranean sections of the India air route now actually alight on the Sea of Galilee, and the airway journey from London to the Holy Land can be accomplished in three days; while travellers also have the convenience of the connection provided by the Empire routes from India and Central and Southern Africa. This means that a journey from India to the Holy Land by air now occupies only two and half days, while from Central Africa the time is five days and from Central Africa the time is five days and from South Africa eight days.



Radium Is Abundant At Great Bear Lake

CALGARY, Alta., Aug. 25 (Special to The Examiner)—"Almost too good to be true," is the way J. C. MacNabb, engineer of contruction, described prospects in the Great Bear Lake mineral fields, following an inspection tour.

Mr. MacNabb firmly believes in the enormous potential wealth of the district, which, he declared, will some day place Canada in the forefront of the world as a radium producer. Silver, copper and other valuable minerals abound there, too.

The new reduction plant, established by the Dominion Department of Mines in Ottawa, has completed several extractions of radium from the Great Bear pitchblende with "almost fantastic results," he continued. From 97 to 98 per cent of the radium has been extracted from the ore in each test.

"The plant was placed in Ottawa rather than at Great Bear Lake because three tons of acid to one ton of ore are used in the reduction process," he said. "Thus it is cheaper to ship out ore than to ship the acid to Great Bear owing to prevailing transportation difficulties and high freight rates inevitable when supplies must be carried by aeroplane or portaged for many miles overland.

"I believe the Ottawa plant will become one of the leading united of its kind in the world. It is the only one of its kind in the British Empire at present and obviates the necessity of shipping the ore to Belgium or Czechoslovakia for reduction."

Mr. McNabb pointed out that the life of the radium salts secured from the Great Bear Lake pitchblende was estimated at 250 years while the Belgian product was effective for only 20 years. It was to be hoped, he concluded, that in the near future Canada would be able to break away from the Belgium combine with beneficial results for all mankind.

Marmora

Mr. and Mrs. William Parr of Toronto spent last week with Mr. and Mrs. W. R. Bonter at Crowe Lake.

Mr. Harrison Walker of Holland's Landing is spending a few days with his daughter Mrs. T. E. Potts.

Misses May Sweeney and Kate Reynolds of Chicago spent the week-end with Mr. and Mrs. J. E. Gehan en route to Ottawa an Montreal.

Miss Grace Scott is confined to her home through illness.

Mrs. F. S. Pearce who has been a patient in the Belleville General Hospital for the past few weeks is making good recovery.

Bridgenorth

A delightful afternoon was spent at the home of Mr. and Mrs. Harold Lewis on Friday, August 19, when Miss Lewis entertained her Sunday class and her friends. The afternoon pastime was a softball game. After a sumptuous supper, which was served on the lawn, all repaired to the drawing-room for a jolly sing-song and instrumental. Special mention might be made of the song by Master John Lewis. Those present were: Misses Ferne Armstrong, Opal Rosborough, Ida Heard, Olive Bell, Mildred Harrison, Marjory Mahood, Bertha Mahood, Opal James, Dorothy Tully, Althea Trude, Lillian McGregor, Anna Franks, Helen Garbutt, Eunice Hammond, Marion Edmison, Phyllis Moore, Margaret Mann. Members of the class who were unable to be present were: Misses Emma and Edith Deck, Daisy Mullen and Greta Reynolds.

A jolly corn roast was held at Tindle' Bay on Friday night by the members of Lakevale Presbyterian Church. The members of the boys' and girls' softball teams were specially invited to be present. An enjoyable hour was spent around the big fire by singing and games, with about one hundred present.

Mr. W. J. Young, of Toronto, spent the week-end with his sister, Mrs. E. Archer, of Smith.

Mr. and Mrs. Stanley Milliage, of Smith, spent Sunday at the home of Mr. and Mrs. S. Milliage, of Bobcaygeon.

Miss Jean Irwin, of Peterborough, spent Sunday under the parental roof.

Mrs. Howard Blewett, of Smith, was a recent guest with friends in Norwood.

Miss Mildred Mann, of Toronto, is visiting her father, Mr. G. W. Mann, of "The Hawthornes."

Mr. and Mrs. Melville Scott, of Westwood, visited friends in this district on Sunday.

Mrs. A. Sanderson, of Chemong road, has returned home after visiting friends at Penelon Falls.

Mrs. E. Archer, of Smith, visited friends at Penelon Falls last week.

Miss Margaret Mann, of Smith, spent the week-end with her cousin, Miss Ethel Rae, of Peterborough.

Mr. and Mrs. Kidd, of Smith, spent the week-end with their daughter at Campbellford.

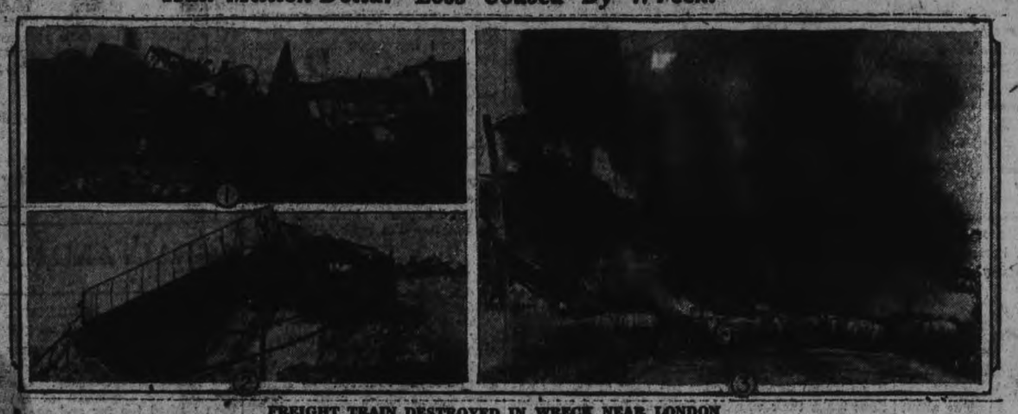
Mr. Harold Gibbs and sister have returned to their home in the city after camping at Mr. W. Nicholas' for the past few weeks.

Mr. and Mrs. C. E. Moore, of Smith, were Sunday visitors at the home of Mrs. W. Garbutt, of Douro.

Mr. A. B. Mann, of Smith, was in Toronto on Tuesday on business.

Millions of pairs of sandals made from old automobile tires are finding a market in Spain, Portugal and China.

Half-Million-Dollar Loss Caused By Wreck.



FREIGHT TRAIN DESTROYED IN WRECK NEAR LONDON

Nearly $500,000 loss was caused when a C.N.R. freight train was wrecked at the Oxford street viaduct, a short distance west of London, Ont. Thirty cars were sent sprawling on the embankment, and the fire of tanks of gasoline and oil raised flames, the reflection of which could be seen 25 miles distant. In (1) is shown the gasoline tanks. The gasoline ignited but did not explode. (2) Shows one of the box cars, shattered, lying on the embankment. In (3) are seen the flames from the fire accompanying the wreck. In the foreground are shown a number of barrels of lard, which melted and spread over the adjoining fields. So many motorists were attracted to the scene that it took the firemen an hour to make their way through to the wreck. None of the locomotive staff was killed.

Norwood

Mrs. Sneed (nee Francis Puffer) of London spent the week end with her parents, Mr. and Mrs. William Puffer.

Mr. George Deck of Peterborough is visiting at the home of Mr. and Mrs. William Buchanan.

Mr. and Mrs. W. Wildman of Toronto are visiting relatives in town.

Mr. C. Gunstone, who has been in Toronto for the past several weeks, has returned home.

Mr. and Mrs. L. Nelson are spending a few days visiting friends in Lakefield.

Mr. J. E. Grover of Toronto is visiting his mother, Mrs. G. Grover at Balsam farm.

Mr. Ernie Goden and Miss Evelyn Goden are holidaying at Stoney Lake this week.

Mr. Maynard Bongard is visiting his sister, Miss Maude Bongard, in Toronto.

Miss Reta Brethen, who has spent her vacation at her home here, has returned to Toronto.

Mr. Warden Elliott was in town on Monday renewing old acquaintances.

Mrs. Herb Richmond of Norwood has returned home after spending a two weeks' vacation with relatives at Detroit, Mich.

Mr. and Mrs. F. W. Campbell, of Toronto, are camping at Trent River.

Misses Mary and Jean Richmond of Norwood, have returned home after a week's vacation spent in Toronto, the guest of Miss Jean Campbell.

Hastings

Mr. Jack Fisher of Toronto is spending a vacation at the home of Mr. and Mrs. J. C. Wilson.

Mr. Jack McCarthy is holidaying at Penelon Falls.

Mr. and Mrs. J. W. Buck and daughter Alida visited friends in Belleville on Tuesday.

Mrs. Walter Burkholder, daughter Ruth and son John, of Haliburton, are the guests of the former's parents, Mr. and Mrs. A. B. Smith.

Mr. and Mrs. Woodcroft of Toronto are visitors at the home of Mr. R. J. Walsh of Asphodel.

Mrs. H. B. Wilson motored to Ottawa on Monday to spend a holiday at the home of Rev. and Mrs. McGillivary.

Mr. and Mrs. L. T. Neal and son Gerald, of Windsor, are spending two weeks vacation at the home of Mrs. Neal's mother, Mrs. Ellen Keogan.

Rev. Duncan of Warkworth was a visitor in town on Tuesday.

Mrs. M. English and daughters, Mary, Margaret, Helen and Kathleen, also Mr. Wm. Ralph and son Virgil, all of Peterborough, were recent visitors in town.

IVANHOE

Mr. and Mrs. Sam Kilpatrick and Miss Hilda spent the week end at Rice Lake with Rev and Mrs Jas. Lovelace.

Miss Benson of Springbrook is visiting her aunt, Mrs. Henry Wallace.

Miss Jessie Duggan returned to her home after spending the last six weeks in Stalwart, Sask., and Winnipeg.

Miss Edith Mullen, of Bancroft, spent Monday visiting friends in Ivanhoe.

Mr. and Mrs. Joseph Metz and their son, Mr. Ross Metz of Oshawa are visiting Mr. and Mrs. C. A. Metz

Mr. Webb of Springbrook is visiting his daughter, Mrs. H. Wallace.

Mrs. F. C. Sherwin of Hillier is spending a few days with her sister, Mrs Duggan.

Mrs. W. Kilpatrick of Belleville is spending a few days with her mother, Mrs. John Benson.

Miss Gladys Rollins is visiting in Brockville.

The Misses Mellow of Napanee are visiting at the parsonage.

Mr. and Mrs. S. D. Prest and family are holidaying.

Mr. and Mrs. W. Culligan of Stratford and their son, Douglas, called on friends in Ivanhoe on Sunday.

Mr. and Mrs. Reg. Hoggerty and children and Miss Susan Tanner spent a few days in Syracuse and Buffalo last week.

STORING EGGS IN YOUR HOME

Thrifty Housewife Will Find It Profitable to Put Down a Crate.

USE EARTHENWARE CROCK

The present low price of eggs is not necessarily assurance that the surplus of this commodity will keep prices "cheap" throughout the fall and winter months. As a matter of fact, there are several factors which combine to suggest as more than a possibility a rise in eggs prices during the winter months—sales of chicks havebeen away below expectations early this year; more chicks have been away below exas chicken than usual; and there has been a heavy liquidation on the market of dressed fowl.

The thrifty housewife will probably find it just as economical to put down a crate of "fresh extras" in lime-water or water-glass for winter use this year as in any other year.

Dr. Frank T. Shutt, veteran chemist of the Department of Agriculture, recommends the use of both lime-water and water-glass, with the record of tests somewhat favouring the use of lime-water.

A thoroughly satisfactory lime-water solution is made by using freshly burnt quick-lime at about 1 pound to 5 gallons of water.

Where water-glass (chemically known as silicate of soda) is used a solution made up of 5 per cent or 5 pounds to 10 gallons of water, makes a satisfactory preservative.

An earthenware crock or small barrel having a capacity of 4 to 5 Imperial gallons, makes an ideal receptacle for the winter storing of eggs as it will hold from 20 to 30 dozen. The eggs should be placed in the receptacle and then covered with the preserving solution and stored in a cellar or similar cool place where the temperature is is fairly constant at around 40 to 45 degrees F. Eggs should not be removed from the solution or allowed to become exposed to the air until they are wanted for use.

The home preservation of eggs is practical, expedient and economical, and there is very little likelihood that a rise in prices from November to February can be avoided. The graded "fresh extra" will be found most satisfactory for home storing, and the thrifty housewife will be well advised not to delay putting down a winter supply of cooking eggs.

Gypsum is produced in Canada in Nova Scotia, New Brunswick, Ontario, Manitoba and British Columbia and there are also untapped resources of gypsum in the Maritime Provinces, Northern Ontario, Alberta and British Columbia.

THURSDAY, AUGUST 25, 1932

A SPECIAL SESSION.

Official announcement has been made by Premier Bennett that there will be a special session of the Canadian Parliament this autumn, in all probability during October.

This intimation has been expected in view of the very obvious necessity of ratifying the trade agreements entered into by Canada during the Imperial Conference as soon as possible.

Until the concessions granted by the Dominion are submitted to and passed by the Federal Parliament, the situation will be more or less uncertain; manufacturers in this country, as well as those in the United Kingdom, who are looking forward to developing new business in Canada, will be at sea in the meantime, and it is desirable to have the agreements implemented as quickly as can be effected.

That they will be passed by Parliament is, of course, certain; the Government in any case has a clear majority, and it will undoubtedly attract support from the Progressive group, while it is difficult to see how the official Opposition can logically attack what has been done, except perhaps in regard to certain details.

The special session may also be notable through a discussion of the report of the Royal Commission on Transportation, whose findings are expected in the near future.

With two such important items on its agenda the October session promises to make history.

NEW TRADE AGREEMENTS.

In addition to the agreements already announced as a result of the Imperial Economic Conference, Canada, despatches from Ottawa states, has practically completed a trade pact with Newfoundland that will be mutually advantageous to both countries, and is making progress with a similar treaty with India.

Equally important is the statement from the capital that the Dominion is to negotiate a new trade agreement with France.

The old treaty with the French Republic was abrogated a short time ago; it had frequently been under fire by Conservatives when their party was in Opposition, and since attaining power Mr. Bennett took the necessary steps to bring the arrangement to a close.

The Government, however, realizes the importance of stimulating trade between France and Canada, and as the French administration is equally anxious to arrange new terms, it is expected that representatives of the two countries will soon confer.

The importance of this matter is indicated by the intimation that Premier Bennett may go to France to carry on the negotiations, unless his presence at home to complete plans for the special session of Parliament is considered essential; in which case Hon. E. N. Rhodes and Hon. H. H. Stevens may be the Canadian delegation to Paris.

If a mutually beneficial pact with France can be arranged, following upon the success of the Imperial Conference, Canadian trade should receive another powerful stimulus that will hasten the return of general prosperity to this country.

AN EFFECTIVE POLICY.

Quebec, according to official reports, has already cancelled the driving licenses of more than a thousand motorists this year, because of reckless driving on their part.

Our sister Province would seem to be going about this task of curbing the careless driver in the right way.

Fines may hurt momentarily, but as a rule they are paid promptly and the offending motorist jumps back into his car and in a short time is handling his machine with the same indifference to his own safety and the same disregard of the lives of others that characterized his driving before he ran into trouble.

The cancellation of his driving license is something else again.

It has the immediate benefit of keeping off the highway drivers whose record has been bad, and it must have a controlling influence on other motorists who in the past have been guilty of similar practices.

The Examiner is a firm believer in the efficacy of such a policy; it has never seemed adequate punishment or a sufficiently effective deterrent to allow motorists convicted of reckless driving to escape with a fine when a more potent warning in the form of a cancellation of the right to drive was available.

There is one type of reckless driver who can be curbed in no other way than by informing him that the state considers him unfit to be entrusted with the privilege of operating an automobile.

A WISE EXAMPLE.

In declining to make any public comment upon the agreements entered into at the Imperial Economic Conference until the details are fully known and there has been time to consider them carefully, Right Hon. W. L. Mackenzie King, leader of the Liberal Opposition, has adopted a course that is statesmanlike and wise.

In that attitude Canada's former Premier sets an example that should be noticed by those individuals and newspapers now busily engaged in attacking various features of the conference agreements, despite the fact that their information as to the terms of the pacts is necessarily vague.

This hasty condemnation Mr. King shrewdly declines to encourage.

It may be that when the full facts of the concessions made by Canada are disclosed in Parliament there will be occasion for criticism, and the Liberal leader will be in a much better position to comment effectively then than if he had gone off at half-cock now and assailed the conference results without waiting to learn the details.

Not until Canada's Parliament meets and the concessions granted by the Dominion are revealed will there be an opportunity to deal intelligently with the bargain between the United Kingdom and Canada, and Mr. King is wise to wait for that opening.

BRITISH CONVERSION LOAN SUCCESS.

Recent fears in Great Britain that the Great War debt conversion had not been the complete success of which first results gave evidence have been entirely dispelled by a mid-week statement by the British Treasury giving the present figures on the operations. These prove it to have been amazingly successful—the results surpassing the most optimistic hopes held earlier in financial circles.

This statement declares that nearly 89 per cent. of the total bonds outstanding have been converted and applications for cash represent only 2.3 per cent. of the whole. The amount converted with benefit of cash bonus approximates $5,426,000,000, with some assents still to be completed, while the amount of war loan redemption applied for is roughly only $16,704,000. The total amount of the war loan outstanding was $8,262,780,000. While it is expected that a substantial proportion of the remainder for which no application has yet been made will be converted automatically on September 30 in the absence of any action by the holders, it is also believed that, in view of the great success of the operation, many holders who have delayed their decision to see how things were turning out will now apply for conversion. On present indications the total cash sum which the Treasury will have to find in connection with the operation will be less than $348,000,000.

This conversion scheme is quite the biggest thing in British or world financial history. Even after allowance for the reduced yield it will occasion on income tax it will produce a saving to the British budget of $80,040,000 a year. This latest news started a fresh boom in British funds carrying prices to the highest levels since the war. The total result is a proof of British financial stability of most encouraging significance.—Kingston Whig-Standard.

USING CHURCHILL AT LAST.

Almost daily news is broadcast of the chartering of additional tramp steamers for the purpose of conveying grain to the world's markets from the port of Churchill and hope runs high that the feasibility and economic usefulness of that harbor, for both export and import cargoes, may be demonstrated so forcibly during the present season that its future will no longer be a matter of uncertainty.

If Churchill does not prove a success, it will scarcely be the fault of successive Canadian Governments which have consistently encouraged the development of port facilities on Hudson's Bay and the establishment of aids to navigation in the Hudson Strait to the end that every opportunity might be given the West to make good its claim that the Hudson Bay route was both cheaper and shorter than other routes in existence.

It will soon be 23 years since the first spike on the construction of the Hudson's Bay Railway was driven at The Pas, Manitoba. That was during the Laurier regime, and the determination of that administration to proceed with the opening of this new rail route to the north came after prolonged agitation on the part of western interests which had been urging for decades that a start should be made upon the development of the transportation resources of the Hudson's Bay region.

Since that time the different administrations which have attained power at Ottawa have carried forward the work of opening this route to traffic, with the exception of the war period when operations were curtailed. Gradually, the steel of the railway line was laid to the shore of the Bay, wharves, a grain elevator and other equipment were established at Churchill (after abandonment of the Port Nelson development), radio signal stations were opened in the Strait following extensive investigation of ice and other conditions, and to-day an icebreaker is on duty on that section of the route to facilitate the passage of shipping.

All this and much more has been done by the different Governments that have been in office in Ottawa to come to the assistance of the Hudson's Bay route, and every opportunity has been afforded the route to realize the hopes of the western promoters. The greater use that is now being made of it, as tramp steamers flying the flags of various nations make their way into Hudson's Bay to load cargoes for the outer world, proves that the grain-handling interests of the West are finally deciding to put it to a thorough test and to make use of the facilities that have been developed in their behalf at such a large expense to the Canadian taxpayer.—Brockville Recorder and Times.

EDITORIAL NOTES AND COMMENT.

"Canada's Greatest Log-Roller" is the caption over a cut in an Ontario newspaper. And, believe it or not, the picture is not that of a politician.

"Except for the super-partisans who hate to admit that a political opponent ever does any good, the people of Canada must, metaphorically speaking, take their hats off to Rt. Hon. R. B. Bennett, Prime Minister of Canada," says the St. Thomas Times-Journal.

There is great need for increased funds for the Canadian Legion if war veterans and their families are not to suffer. Remember that fact on Saturday when you are asked to help.

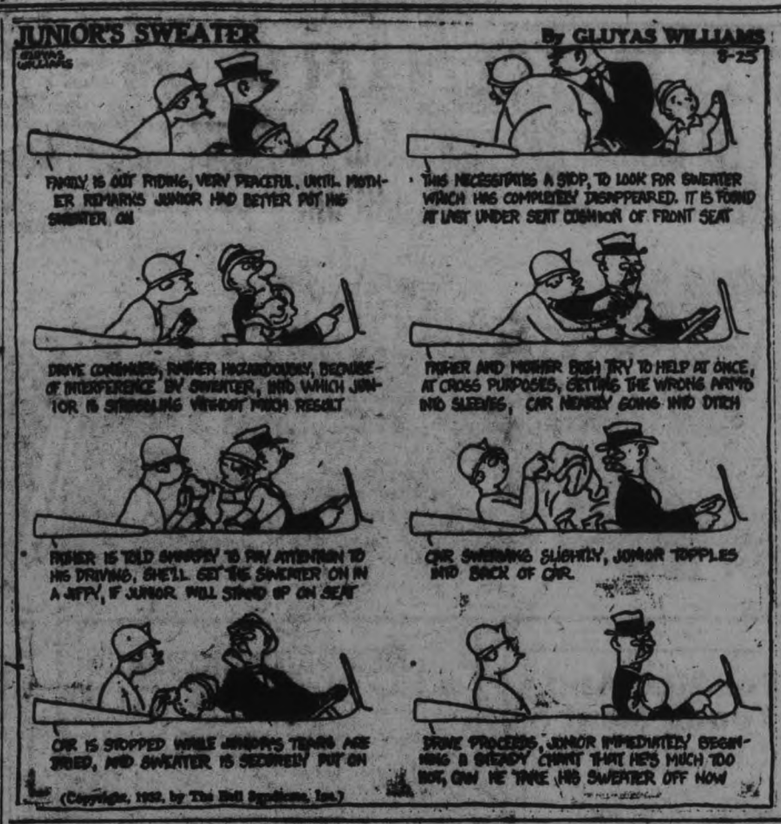
Pharmacists in convention at Toronto have not yet solved the problem of how druggists can make money out of stamps and telephone calls.

The Globe describes Mr. Bennett as the busiest man in Canada. But how about the editor of the Star, who has to find two or three things wrong with everything the Premier does?

The Ottawa conference may, as critics say, have produced a certain amount of friction. Assuredly, however, it produced any amount of fiction.—Toronto Telegram.

A glance through the advertisements rather leaves one with the impression that what the country is suffering from is an over-production of pretty girls.—Toronto Saturday Night.

And if Senator Borah ever got elected President, it would be only a question of time until he became involved in a quarrel with himself.—San Diego Union.



IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner.

AUGUST 25, 1922

The Ranney Falls power plant, a mile below Campbellford, began operating two days ago.... On the eve of their departure to Ottawa, Adjutant and Mrs. Wallace Bunton, of the Salvation Army, were presented last night with a handsome mantel clock by the Police Force.

AUGUST 25, 1912.

The new street car line to Byersville has boosted the value of real estate in this outlying section of the city.... R. D. Dundas, well-known South Monaghan importer and breeder of Clydesdale horses, dropped dead of heart disease this morning.

AUGUST 25, 1902

Mr. D. W. Dumble received word today from South Africa, that a George Washington Bates, who claimed he came from Peterborough, died recently in Johannesburg.... A musical acquisition to the town is that of Mr. Wildgust, organist and vocalist of Nottingham, England, who has taken up residence here.

In Lighter Vein

A New Cult

"Will you be married in your church or his?"

"His, I suppose. He's Presbyterian, but me—I'm radio."—Baptist.

Unexpected Answer.

Little Anna asked her father why he didn't have hair on top of his head. He answered: "For the same reason that grass won't grow on a busy street. You know why now, don't you?"

"Sure," she replied, "it can't get up through concrete." — Austin News.

Education

"Have you practiced Chopin's 'Ballade in A'?"

"Yes, Mother."

"Have you translated your page in Homer?"

"Yes, Mother."

"Have you learned your five problems in Euclid?"

"Yes, Mother."

"And have you worked out the Binomial Theorem?"

"Yes, Mother."

"Then go and dust the dining room."—Tit-Bits.

Voice of the People

ANOTHER OF THE LETTERS RECEIVED IN CONJUNCTION WITH THE LETTER CONTEST, CONDUCTED AUG. 18TH—

The Shopping Editor.

I take pleasure in writing this letter telling why I patronize the Haboco Store. Their prices are reasonable and everything is always fresh.

I find they always give good and prompt service. There is no need shopping elsewhere when one can buy their wants at home.

When one is living in Peterborough why not buy from our own merchants and buying Empire goods helps our own country, relieves unemployment and gives more employment here at home.

I also write a letter concerning Mr. A. V. Lillow. I have bought my shoes from him and always get a perfect fit and good style in shoes. His prices are as you wish them. Prices and styles to fit every patron.

Sincerely yours,
MRS. W. J. L.

Railway cars of the noiseless kind are unpopular in Holland because, unlike the old type, they do not cover conversation or allow the passenger to read or rest undisturbed by what other travellers might be saying.

PETERBOROUGH MARKET QUOTATIONS

RETAIL.

Fruits.

Oranges, 29-60c doz.; grapefruit, 2 to 5 for 25c; bananas, 4 lbs. 25c; lemons, 26-33c doz.; cocoanuts, 5-10c each; strawberries, 10c quart box; cooking apples, 4 lbs. 27c; eating apples, 2 lbs. 25c; rhubarb, 6 bunches, 25c; pears (Australia), 4 for 25c; pineapples, 2 for 25c; watermelons, 20-30c ea.; cantaloupes, 12-30c ea.; apricots, 20c a doz.; gooseberries, 10c qt.; table cherries, 20c qt.; blueberries, 11-qt. basket, $1.45; Montmorencies, 11-qt. basket, 40c; black cherries, 6 qts., 69; black currants, 11-qt. basket, $1.75; red raspberries, 10c box; peaches, 6-qt. basket, 50-65c; red currants, 2 qts. 25c; plums, 10c quart.

Vegetables.

Potatoes, 90-lb. bag, 45c; new potatoes, 10 cents a peck; sweet potatoes, 3 lbs. 25c; carrots, 3 bun. 25c; cabbage, 5c each; lettuce, 5c bun.; head lettuce, 5-10c each; spinach, 2 lbs., 15c; cucumbers, 5-15c each; cauliflower, 15-25c each; parsnips, 2lbs. 15c; asparagus, 3 bunches, 25c; cooking onions, 5 lbs., 17c; green onions, 5c bunch; Spanish onions, 4 lbs., 25c; parsley, 5c bunch; tomatoes, 6 qt. basket, 39c; celery, 2 bun., 15c; turnips, 3, 10c; beets, 5c a bunch; vegetable marrow, 10-15c each; radishes, 5c bunch; wax beans, 2 lbs., 25c; green peas, 4 qts., 25c; corn, 15-25c doz.

Nuts.

Mixed, 25c lb.; Indian walnuts, 25c lb.; peanuts, 15-25c lb.; almonds, 25c lb.

Dairy Produce.

Creamery butter, 19-21c lb.; dairy butter, 16-19c lb.; lard, 10-13c lb.; shortening, 10c lb; eggs, 18-22c doz.; new cheese, 12-15c lb.; old cheese, 19c lb.; clover honey, 8c lb.; section, 20c.

Fish.

Salmon, 16-25c lb.; whitefish, 18c pound; fresh and smoked fillet, 15-25c lb.; halibut, 25c lb.; trout, 22c lb.; pickerel, 19c lb.; fresh cod, 19c lb.. mackerel, 2 lbs. 25c; sea herring, 10c lb.

Meats.

Beef, 5-25c lb.; veals, 5-25c lb.; lamb, 9-25c lb.; spring lamb, 11-25c lb.; mutton, 20c lb.; pork, 9-25c lb.; sausage, 2 lbs., 25c.

Flour.

Bread flour, 24-lb. bag, 69-75c; pastry flour, 24-lb. bag, 44-63c; 98-lb. sack bread flour, $2.19-$2.99.

WHOLESALE.

Grain.

Fall wheat, 45c a bushel; spring wheat, 40c; oats, 28c; barley, 39c; rye, 40c; buckwheat, no offerings.

Hogs.

Live hogs, bacon, $4.50 cwt.; select graded, $1 over per cwt.; head on, $2.50 cwt.; head off, $10.50 cwt.

Hay, Bran, Etc.

Hay, $10-$12 per ton; straw, $7; bran, $20; shorts, $20 ton.

Hides and Wool.

Cow hides, 1c lb.; horse hides, 50c each; veal skins, 2c lb.; lamb skins, 5-10c each.

Wool, fine, coarse, medium, 4c lb.

Dairy Produce.

Butter fat for No. 1 cream, 16c lb.; delivered at plant, 17c lb.; creamery butter, 19-20c lb.

GRAIN AND PRODUCE REVIEWS

MONTREAL PRODUCE

MONTREAL, Aug. 25 — Butter and eggs continued their recent upward move on the Montreal wholesale markets yesterday. Cheese gave further indication of having been pushed too far and again reacted slightly. Potatoes held unchanged.

The butter market was quoted generally at 20¾c per pound for carlots or less of No. 1. Some dealers were asking slightly above this figure, while some June butter was available at slightly under. At the auction at the board of trade 436 boxes of No. 1 sold at 20¾c, with 47 boxes of No. 2 at 20¼c. Receipts were 181 boxes. Small lots to retailers were quoted by jobbing houses at 22c for solids and 23c for prints, firm.

Eggs Range 1c Higher

The egg market ranged 1c higher on extras, newly arriving stock being 25c to 27c per dozen on extras, while others were unchanged, firsts being 18c to 20c per dozen, and seconds were 13c to 14c per dozen, in cariots or less. Receipts were 2,313 cases.

The cheese market was again fractionally easier in the afternoon, being 10¾c to 10¼c for Ontarios, and 10c to 10¼c for Quebecs, dealers shading prices later in the day in an effort to get some export business. New sales this week have been very light, British importers not replying to cabled offers. Receipts, 830 boxes. At the auction there were 1,288 boxes for sale, and the No. 1 Quebecs sold at 10¼c, peak of the market.

TORONTO PRODUCE

TORONTO, Aug. 25.—Buyers of creamery solids on this market yesterday found they had to pay higher prices to secure any kind of offerings. A firmer feeling in Montreal on Tuesday and light receipts on this market placed levels on local offerings at 20¼c to 20¾c for No. 1, and 19¾c to 19¼c for No. 2. Buyers took some supplies from Ontario creameries, but were not anxious to take much Western butter at high levels asked. Western makes were quoted at 21c delivered Toronto. The undertone of the local market was very firm.

Cheese

A fair demand for cheese held prices on new makes at the steady range of 10c to 10¼c for large, 10¼c to 10½c for twins and 10¾c to 10¾c for triplets. Retailers were quoted new makes at the unchanged figures of 11½c for large, 11¾c for twins, 12c for triplets and 14c for stiltons.

Eggs

Receipts of fresh extras on this egg market were light and prices advanced to 23c, with firsts up to 16c and seconds steady at 13c graded and in free cases. Prices to country shippers were steady with the week's advance at 20c for extras, 16c for firsts and 12c for seconds, delivered, ungraded, cases returned. Retailers were asked to pay the steady prices of 25c to 26c for extras in cartons, 24c for extras loose, 20c for firsts loose and 15c to 16c for seconds loose.

CHICAGO GRAIN

CHICAGO, Aug. 25.—Persistent "spreading" operations and an almost complete lack of outside interest gave the Chicago wheat market an easier undertone yesterday.

Trade was light, with "spread" traders selling Chicago wheat against simultaneous purchases at Winnipeg, doing the bulk of business. The Liverpool market was also weaker, affected by French crop reports and by official estimates that that 1932 Argentine wheat acreage would exceed last year's harvest by almost 2,000,000 acres.

Corn Closes Lower

Corn weakened with wheat. Wheat closed easy, ⅝ to 1⅛ under yesterday's finish; corn weak, ⅝ to ¾ down; oats steady to 1⅛ off, and provisions steady to 17 cents higher.

WINNIPEG GRAIN.

WINNIPEG, August 25. — Continued hedging in the distant months and an easier tone at Liverpool turned wheat prices downward in the wheat pit yesterday. Fairly good resistance was met at bottom levels, however, and prices at the close showed losses of ⅛c to ¾c. October closed at 34¾c, December at 36⅛c, and May at 41c.

Seaboard houses were fair buyers in the early trading, and moderate sales of Canadian wheat were confirmed. New York estimated export trade for the morning at between 300,000 and 400,000 bushels.

Receipts on Good Scale.

While deliveries of new wheat were restricted by the unsettled weather of the past few days, receipts at country elevators continue on a good scale, and considerable hedging pressure was in evidence.

Offerings of cheap wheat by Germany were considered a bearish factor at Liverpool. From the Canadian point of view, however, the selling was considered bullish, since soft wheat sales are being made in order that purchases of Canadian hard wheat will be permissible by German mills.

Cash wheats and coarse grains generally held unchanged in a quote trade.

SMITH TOWNSHIP ROAD RATE FOR 1932 SET AT 2 1-2 MILLS

Several Communications Read and Discussed at Regular Council Meeting.

FROLIC REQUEST DENIED

The Municipal Council of Smith Township met on Saturday, at the hour of 10 a.m. All the members were present, with Reeve Allan B. Mann presiding. After the opening of Council, the following communications were read:

Trustee levy from S.S. No. 12 for $200; Trustee levy from S.S. No. 5 for $300; Trustee levy from S.S. No. 8 for $500 (86-100—$430); Trustee levy from S.S. No. 10, for $200; Total levy U.S.S. No. 5, Harver, for $261; Dawe-Pearson, Ltd., account printing 200 Voters' Lists, $95.55; A. E. Wilson & Co., release and receipt re auto claim, $5.00; Ed. M. Elliott, copy of motion re cost of secondary education to the county; Frost Steel and Wire Co., account re wire fencing, $36.00; Ed. M. Elliott re road work and re copy of pay sheet; Peterborough Utilities asking for loan of map and thanks; Magistrate O. A. Langley, fine $5.00, H. T. Act; Department of Lands and Forests re relief by land settlement plan; Ontario Provincial Command, Canadian Legion, re work for returned men; R. Windover, receipt for $20.13; Peterborough Examiner, Ltd., account weed notice $3.36, and Posting Voters' Lists $4.20—$7.56; J. D. Adams (Canada) Limited, re non-return of note; W. D. E. Strickland, re tax arrears. Employers' Liability Assurance Corporation, Ltd., renewal of tax collector's interior robbery policy; Nicholls Hospital, account sending Mrs. Hawley to Ontario Hospital, Whitby, $9.40. William Harvey, re poolroom license; St. Joseph's Hospital, re admission of L. Godfrey of Young's Point.

Moved by Deputy-Reeve McConkey, seconded by Councillor Westlake, that the communications be received and filed as read. Carried.

On motion of Deputy-Reeve McConkey and Councillor Armstrong, owing to double assessment in the years 1927, 1928, and 1929, Lot No. 54, Plan 25, Smith Township, was asked to be erased from the tax sale list for Smith for 1932, and the amount of arrears to be deleted from the county treasurer's books. Carried.

Moved by Councillors Westlake and Armstrong, that an order be drawn on the treasurer in favor of Road Suptrintendent Thomas H. Graham for the following amount and purpose: Pay Sheets Nos. 132 to 149 inclusive, $804.73. Carried.

By-laws Nos. 905 and 906, making provision for the levying of certain sums of money on all the rateable property situated in the several school sections therein mentioned in Smith Township for 1932 and for collecting the same, and for making provision for levying and collecting the rates and assessments of Smith Township for 1932 respectively, received their several readings and were passed.

Level Roadbed.

On application, George Bell was given the privilege to level Hunter Street, Bridgenorth, in front of his own property and at his own expense.

Messrs. Walter Young and Cephas Bullock were present to have a plan of a sub-division of parts of Lots 42 and 43 in 13th Concession of Smith Township and bordering on Clear Lake approved. Approval by Council was given on motion of Deputy-Reeve McConkey and Councillor Armstrong, and permission given the Reeve and clerk to sign the same, which was carried.

H. Forier was present to again ask for the privilege of holding midnight frolics immediately following Sunday, and at his Pavilion at Chemong. After consideration by Council, the request was negatived.

W. H. Bell was present to ask that two hills on the E. Com. Road be gravelled. This matter was left in the hands of Councillor Westlake and the road superintendent.

Stop Cutting Weeds.

Weed Inspector E. G. Mullen was present and consulted with Council as to the further cutting of weeds during 1932 in Smith.

Moved by Councillors Westlake and Fowler that no more weeds be cut under the Weed Control Act in Smith during 1932. Carried.

Moved by Deputy-Reeve McConkey and Councillor Armstrong that insurance policy No. 360706 of The Employers' Liability Assurance Corporation be accepted covering Tax Collector J. A. Middleton against interior robbery in the sum of $2,000. Yearly premium $12.50. Carried.

Moved by Reeve Mann and Councillor Fowler, that the township road rate for Smith for 1932 be 2½ mills. Carried.

The clerk was requested to send a copy of a list provided him of unemployed men to Warden Montgomery of Norwood, from which to secure men for employment in the construction of the subway.

Moved by Deputy-Reeve McConkey and Councillor Fowler, that the following accounts be paid:

Dawe-Pearson, Ltd., printing 200 Voters' Lists, $95.55; Peterborough Examiner, Ltd., account to date, $7.56; Nicholls Hospital, telephones and taxi service to Whitby, $9.40; P. T. Udy, interior robbery insurance premium, $12.50. Carried.

Council adjourned to meet on September 26 at the hour of 10 a.m. (standard time).

TRACKS RAISED FOR NEW SUBWAY

C.P.R. Gangs Lift Rails for Quarter of Mile East of Norwood.

25 FEET ABOVE ROAD

NORWOOD, Aug. 24. (Examiner Correspondence). — The C.P.R. construction gang which have been at work for the last three weeks east of the Norwood station, have about completed the work preliminary to the construction of the subway on No. 7 highway.

The tracks have been raised for about one quarter of a mile, reaching the height of approximately five feet above the old road bed, at the point where the subway will be built. The track is now twenty-five feet above the level of the land below.

Eighty-two piles ranging in length from ten to thirty-five feet have been driven in twelve different rows across the road bed. The rows of piles capped with heavy timbers form the temperary foundation for false trussel work of timber which will be built up to the bottom of the tracks. This portion of the work is now ready for the opening of the subway below.

The construction gang is this week preparing with piles, etc., for the completion of the support of the track, while the abutments of the bridge over the creek and the subway east of the grist mill are being built up to the new level.

CATTLE MART TREND STRONG

Strength Noted Attributed to Liberal Shipments to Britain.

ALL WELL FINISHED

The trend of livestock markets for 1932 is summarized in the latest issue of the Live Stock and Meat Trade Review as follows:

"The prominent feature of the livestock market situation during the past month or so, was the comparatively strong position maintained by cattle, and particularly dry fed stock. A great deal of the strength noted is attributable to the liberal movement of cattle to the British market, where stock of choice quality made comparatively good prices."

"The market there has been particularly desirable in respect to the small carrying good finish, and so far this year the reception of Canadian cattle, in respect to their eligibility, has been quite as satisfactory as during the same period of last year. It is worth pointing out that, owing to the somewhat freer market for Canadian stock, as a result of the duties imposed against the Irish Free State, it is even more essential that Canadian exporters should take the greatest care in the selection of subsequent commitments."

"The domestic market gave reasonably good support to the cattle industry, and in that regard it is noted that the consumption of branded beef for the month of June more than kept pace with that of the previous year, and for the year to date, stands at 10,783,533 lbs. as compared with 8,693,929 lbs. for the same period of last year. The export market also took a fair quantity of beef but not as much as during June last year. The total beef exports to date, however, exceed those of 1931 by a considerable volume."

Quotations For To-Day

What unjust judges fathers are, when in regard to us they hold
Not even in our boyish days
we ought in conduct to be old.
Nor taste at all the very things that youth and only youth requires;
They rule us by their wrong wants not by their past long-lost desires.
—Terence.

TRUCE IS CALLED BY UNEMPLOYED

Will Return to Work in Stratford on Former Basis.

STRATFORD, Ont., Aug. 25—A truce has been called in the strike of unemployed which had been in force for the past week. Following a meeting of the executive of the unemployed association with City Engineer W. H. Riehl and Relief Officer Thomas Dunseith, it was announced that work would be resumed to-day on practically the same basis as formerly, subject to certain conditions which are to remain in force until the unemployed association has had an opportunity of taking its grievances before the City Council. Council will not meet again until the middle of September.

Relief orders are to be given as before the strike, and men who went on strike not to be penalized for time which they missed while the strike was in progress.

Most of the airplanes being imported into Shanghai, China, are from America.

Market Closing On All Exchanges

TORONTO EXCHANGE.

TORONTO, August 25 (C.P.). — New leaders were brought to the front when the old favorites faltered in afternoon trading on the Toronto Stock Exchange. Many new highs were set for the year when the list closed with gains well in the majority and advances ranging as high as 6⅛ points.

Bell Telephone, which went up ten points on news of the dividend declaration in the forenoon, dropped back to 107, a net gain of 6½ points. C.P.R. turned active and fractionally higher on gossip that the Dominion would guarantee payment of the company's dividend.

Leaders, such as International Nickel and Smelters, were reactionary and ended the day with fractional declines. Brazilian was steady and Ford active and slightly higher.

Gains of 2 points were recorded by F. N. Burt, Page Hersey Tubes and Canadian Canners 1st Preferred.

Oils were active and higher.

MONTREAL MARKET.

MONTREAL, Aug. 25.—The Montreal stock market again advanced to-day, but the list was much weaker than in the past two sessions. After a strong opening leaders weakened later in the day. The market closed with a majority of gains, ranging from fractions to three points. Volume was high in the morning trade, but fell off somewhat in the afternoon.

Canadian Pacific Railway and Montreal Power early features of the list, C.P.R. moved as high as 20½, but sold off to close at 20¼, where it was up 1¼ on the day.

International Nickel was a weak spot. After considerable turnover it closed the day at 11 for a loss of 5-8. Consolidated Smelters held firm at 14¾.

Brazilian Traction closed up 1-8 at 11¼.

MINING EXCHANGE

TORONTO, Aug. 25 — Though several features retained good gains through to the close general trend was irregularly lower on the Standard Stock and Mining Exchange market in the afternoon today. Volume dropped off with the appearance of profit-taking.

Noranda touching $32, featured the base metal section in the forenoon but reached later to close practically unchanged. Nickel was quiet throughout and down 50 on end. Hudson Bay closed up 20.

Ventures stood out in the gold section, brisk accumulation carrying the price up 10. Teck-Hughes, Howey and Moss firmed a few cents each.

Oils were a firm group, Pen Pete gaining a couple in good volume and Chemical Research and Merland recording small advances.

TORONTO LIVESTOCK

TORONTO, Aug. 25 (By The Canadian Press)—Trading on the Toronto Livestock market was very dull to-day with very light offerings in all classes. Cattle trade opened dull, no calves, hogs steady, no movement on sheep and lambs.

Receipts: cattle 50, hogs 60, sheep and lambs 45.

There were 400 plain cattle left from Wednesday with few sales made this morning.

Hogs remained at $4.65 F.O.B. for bacon, at $4.90 off truck, and at $5.50 for good lambs with salesmen holding for $5.75.

Hamilton Reports Loss In Population

HAMILTON, Aug. 25. (CP) — Declines in populations and business and income assessment were revealed when recapitulation figures for the city of Hamilton were completed by the assessment department to-day. The population total declined to 153,507 and incomes were less by approximately $300,000. The losses were attributed to the depression. City officials were not pessimistic as to the changes however, regarding them as quite natural in view of present circumstances.

JAIL IOWA PICKETS.

SIOUX CITY, Iowa, — Sheriff John A. Davenport to-day declared war on pickets blockading highways in their efforts to enforce a farm strike and ordered them to disperse.

Thirty-five pickets were jailed early to-day as a result of refusal to obey the Sheriff's command to leave the highways.

AMELIA EARHART SETS RECORD FLEW ACROSS U. S. IN 19 HOURS

From Los Angeles to Newark in Non-stop Flight.

"BEAUTIFUL TRIP."

NEWARK AIRPORT, N.J., August 25 (C.P.). — After flying 2,500 miles across the continent without a stop, a new long distance record for women fliers, Mrs. Amelia Earhart Putnam brought her speedy plane down on Newark Airport at 10.31 (E.S.T.) to-day.

Mrs. Putnam, who recently made a solo crossing of the Atlantic, left Los Angeles 19 hours 7 minutes previously, it was officially computed. This is 1 hour 28 minutes slower than the record west to east flight by Captain Frank Hawks.

Tired after her long journey, Mrs. Putnam was nearly mobbed by an enthusiastic crowd whose anxiety had been increased by the fact she was reported only once in her trip across the entire continent.

"It was a beautiful trip," she said. "If I had the weather I had on my first attempt, I would have broken the record." (Her first attempt recently was halted at Columbus through engine trouble.)

She explained why she had not been sighted oftener when she said she flew mostly at a height of 10,000 feet. She followed the airlines, cutting the corners a bit, she said.

Livestock-Produce Quotations

FRUITS AND VEGETABLES

TORONTO, Aug. 25. (CP) — Wholesale prices on Canadian fruits and vegetables as reported to the Canadian Press by White and Co., are as follows:

Thimbleberries per pint 5c to 6c.
Duchess apples No. 1 per bushel 75c to $1.00
Duchess apples No. 2 per bushel 50c to 60c.
Cherries 6 qt. basket, 20c to 25c.
Cherries 11 qt. basket 35c to 40c.
Blueberries 11-qt. basket, 75c to $1.50.
New beets, per doz. 15c.
Green onions, per doz. 15c.
Carrots, per doz. 15c.
Radishes, per doz. 15c.
New cabbage, per doz. 40c.
Wax beans, 11 qt. basket, 25c to 30c.
Green beans, 11 qt. basket, 30c to 35c.
Tomatoes, 6 qt. basket, 30 to 35c.
Tomatoes, 6 qt. basket, 12½c to 15c.
Tomatoes, 11 qt. basket, 15c to 20c.
Rhubard, per bunch 15c.

CHICAGO GRAIN

CHICAGO, Aug. 25 (C.P.) — Wheat made a snappy response to advance in stocks and cotton today and opening prices were sharply higher. Scattered buying disclosed absence of pressure to sell. Canadian advices estimating the wheat crop there as probably above expectations were ignored. Wheat started ⅝-1¼ cents higher and later trading was at higher levels before the advance was checked by selling against offers. Corn opened unchanged to ⅛ higher and followed wheat.

TORONTO PRODUCE.

TORONTO, Aug. 25.—(C.P.) — The United Farmers' Co-operative Co. to-day supplied the Canadian Press with the following quotations on produce delivered at Toronto:

Eggs extras, doz. 20c.
Eggs, firsts, doz. 16c.
Eggs seconds doz. (cracked) 12c.
Cream No. 1 lb. (off truck) 12c.
Butter No. 1 solids, lb. 20½c to
Butter, No. 1 solids, lb. 20½c to 20¾c.
New potatoes, per bag 60c. to 65c.
Finished cattle, 1,100-1,150 lbs. $5.75 to $6.00.
Store cattle, 1,100-1,500 lbs. $5.25 to $5.50.

MONTREAL PRODUCE.

MONTREAL, August 25 (C.P.). — Prices reported on the Montreal Produce Market to-day are as follows:

Butter, No. 1 pasteurized, 20¾c a pound; No. 2, pasteurized, 20c to 20¼c a pound.

Eggs, extras 26c to 27c a dozen, firsts, 18½c to 19½c a dozen; seconds, 14c to 15c a dozen.

Cheese, Ontario, 10¼c to 10⅝c a pound; Quebec, 10c a pound.

MARKET SLUMPS IN AFTERNOON

Profit Taking Weakened Position Gained By Morning Upswing.

TONE IRREGULAR.

NEW YORK, Aug. 25—The stock market went into reverse in the afternoon trading to-day, after a substantial upswing in the earlier hour of trading. Reduction of International Harvester's dividend started a flurry of profit taking. Gains of about 1 to 5 points were lost or sharply reduced. American Telephone and Santa Fe sold off 2 points under yesterday's close before meeting support. Eastman, which was up 7 in the morning, lost most of its gain. Case lost most of a 5-point rise, and International Harvester reacted to show a loss of more than 1½. U.S. Steel was off only a fraction at the bottom. The list recovered somewhat in the late trade. The tone was irregular. Sales approximated 4,500,000 shares.

Obituary

MRS. DAVID MOORE

The death occurred early this morning in Smith Township of Mrs. David Moore, whose maiden name was Harriet White, at the age of 65 years.

The funeral will be held tomorrow (Friday) from her late residence, at 2.30 p.m., Daylight Saving Time, with Rev. Dr. McLean officiating. Burial will be made in Little Lake cemetery.

BRADSTREET'S TRADE REVIEW

Bradstreet's say that tourist trade here while helping retail merchants is not up to expectations. Retail and wholesale trade are fair and collections are slow to fair. Crop prospects here which began to improve in July have continued better in August. Rainy weather has delayed haying somewhat but the moisture came just at the right time to benefit other crops. At a joint meeting of the Common Council and the Board of Trade, Mayor Brittain, of Saint John, was appointed chairman of a commission whose object will be to direct a joint and concentrated drive for new industries. Leading commercial and industrial representatives will be members of the committee.

QUEBEC. — Reports to Bradstreet's indicate there are no new developments of importance locally and except for continued activity of tourist trade, conditions otherwise are quiet. Tourists do not remain long and although hotels have been fairly busy, apartment houses catering to tourists have so far had a poor season, and material improvement is not expected so late in the season. In business circles, interest for the future centres chiefly on the outcome of the Empire Economic Conference. Collections slow.

MONTREAL.—Reports to Bradstreet's indicate very little change in the retail trade situation; the most active movement seems to be in women's apparel and sports wear. The demand for hardware is considered seasonable. Total deliveries of grain through the harbour elevators now amount to close upon 57,000,000 bushels as against about 53,000,000 at the same date last year. Cattle shipments up to the present date show a lead of over 2,000 head as against last year. During the present season close upon 32,000 boxes of butter have been exported. Receipts of cattle on the local market were light, with prices easier. The produce market showed a considerable firmer tone, this being partly attributable to the smaller production. It is anticipated that the apple crop will be smaller than last year and inward shipments are as yet on the light side. Reports as to crops are mostly favourable, though it is anticipated that the hay and corn yield will be below the average. The realty market showed some activity during the past week, sales amounting to close upon $1,200,000. A slight but steady downward trend in car loalings is observed and in Montreal the bank clearings declined 33.14 per cent. Tourist traffic is well maintained, some of the larger hotels offering specially priced accommodation and meals to meet the demand of those with moderate means. Collections slow.

OTTAWA. — Reports to Bradstreet's say that retail trade here continues fairly active with demand at wholesale houses quiet. Industry shows little change. Collections are fair. Of the population of Canada 46.3 per cent. are rural deliveries and 53.7 per cent. reside in urban centres, according to a recent report. Ten years ago the proportions were 50.5 per cent. rural and 49.5 per cent. urban. The largest proportion of rural population is found in Prince Edward Island, where the country residents represent 76.8 per cent.

TORONTO—Reports to Bradstreet's say that there has been little actual change in the local trade situation here in recent weeks. There is undoubtedly a better feeling in all circles but this has not made itself felt in trade yet to any extent which however is a natural condition owing to the fact that there are so many people out of employment who will have to be absorbed, while mid-summer is usually a quiet time in any case. Tourist trade has been a helpful feature this year although the number of visitors from across the line has not been as large as usual. Collections are fair. Manufacturing operations so far have not shown a great deal of change although the opening of fall is expected to see a very considerable change in this direction. Crops hereabouts continue fair.

HAMILTON. — Reports to Bradstreet's say that there is a better feeling here in industry although activity has not changed greatly as yet. Better business is hoped for shortly. Demand for goods at wholesale and retail stores is much the same as it has been. Canning plants continue busy. Crop conditions do not show much change. There is a considerable slackening in the supply of milk throughout the district. Many farmers are down in the amount which they have available for shipping. Collections are fair.

LONDON — Reports to Bradstreet's say that sales of goods at retail stores here are running at much the same level as they have been in recent weeks while wholesale houses are doing much the same volume of business they have for some time. There is a much better feeling evident however in both trade and industry. On the farms near here heavy rains have interfered with harvesting operations. Oat cutting is now practically completed with much of the crop having been difficult to gather on account of lodging by storms. Stock threshing, a practice which has become general throughout the county, has been seriously delayed by wet weather. There is still a large acreage of wheat in stock, some of which has been sprouted by heat and rain. Delayed harvest operations have left less than the usual time for after-harvest cultivation although more farmers than usual appreciate the need of this in helping to control sow thistle and other weeds which have made unusual growth this season.

WINDSOR — Reports to Bradstreet's say that there has been practically no change here in either wholesale or retail trade but sentiment has been much encouraged recently and more active conditions in trade and industry are looked for shortly. The tobacco crop hereabouts has improved somewhat but the yield will probably be lower than a year ago. Corn crop is patchy but somewhat better. Collections are slow.

WINNIPEG—Reports to Bradstreet's say that trade here generally remains quiet except in the case of groceries which continue active. This is the situation in both wholesale and retail circles. Collections are only fair. The harvesting of the crop however is having a good effect on sentiment. The Agricultural Bureau of the Winnipeg Board report that they have been assured of a market for all the soy beans that can be grown in the Province of Manitoba. Dr. G. P. McRostie, of the Manitoba Agricultural College, has been conducting experiments for the last year, and his final report on the results is expected shortly. The soy bean contains oil that can be used for lubricating purposes; other ingredients can be made into glue, and the residue into cakes for feeding cattle, besides many other uses.

CALGARY — Reports to Bradstreet's say that no improvement is shown here in either wholesale or retail trade, neither of them being better than fair. Collections generally show much the same condition as has obtained in recent accounts but slow on old long standing accounts. Cars of cattle being shipped at the present time are reported to be in better condition than for many years. Pasture and moisture conditions have been excellent since early spring and are still favourable. The C.P.R. Holstein cows from the Strathmore farm were the winners in this class of live stock at the recent Calgary Exhibition. The condition of these cows was the subject of much favourable comment throughout the week.

VANCOUVER—Reports to Bradstreet's say that business here at both wholesale and retail stores continues fair with little change from recent previous weeks. Collections continue fair to slow. Weather generally has been favourable for crops in this province and harvesting has been favored in the interior. Early varieties of pears and stone fruits are now moving to market in quantity. Consolidated Mining and Smelting Company's chemical fertilizer industry is being developed along extensive lines and more than $250,000 worth of sulphate of ammonia has been shipped during the last few weeks. The company is shipping fertilizer to the plantations of Hawaii, the citrus orchards of California and the farming regions of China and the Dutch East Indies. A cargo of 3,000 tons of fertilizer was recently sent to the Dutch East Indies. Indian agricultural interests have asked for samples, and it is expected that a large quantity of fertilizer will be marketed in India later in the year.

NO ONE KNOWS

The winning number for the grandfather clock to be given as a prize by McBride & Franks in conjunction with their 2-day opportunity sale to-morrow and Saturday, is a positive secret. The number was drawn by Chas. H. J. Mitchell of The Examiner from a bunch of other numbers, all on folded slips of paper, and sealed by Mr. Mitchell in an envelope without the number being revealed to either he or any member of the firm. See ad. on another page.

SERIOUS CHARGE

Before His Worship Magistrate Langley, a middle-aged Harvey farmer was charged yesterday afternoon with two offences of a serious nature, against a twelve-year-old girl.

The accused elected to be tried in the ordinary way, and following the evidence of four witnesses on behalf of the Crown, including Dr. Alexander Fraser of Lakefield, the accused was bailed for trial on both charges, to the next Superior Court of Criminal Jurisdiction.

TRUCKERS ARRESTED.

HAMILTON, Aug. 25. — Royal Canadian Mounted Police Officers paid a surprise visit to the fruit loading platform at Grimsby Beach yesterday and seized three United States' motor cars carrying New York, Pennsylvania and Massachusetts licenses. Police claimed that the vehicles were being used to transport fruit and were thus being put to commercial use which is illegal.

Insulation brings you year-round comfort . . .

Money spent on insulation is money well spent. In old homes or new it will pay big returns in added comfort and heating economy.

Roof insulation will prevent the escape of expensive furnace heat. Cold winter winds cannot filter through insulated walls. The insulated home costs 25 per cent less to heat; or, put in another way, it requires 25 per cent less radiation.

Stop needless waste of fuel by insisting on Donnacona insulation. In new homes Donnacona Insulation can be made part of the building operation without adding to the cost. Donnacona Plaster Lath serves a triple purpose—insulation, plaster base and sound deadening.

In old homes important fuel savings result from lining the under side of roof rafters with Donnacona Board. Waste attic space can be made into attractive, livable rooms.

The exclusive rough cast surface of Donnacona Board permits a wide variety of attractive wall finishes.

We will be glad to furnish full details about Donnacona, also such products as lumber, millwork, doors, flooring, etc.

INDIANS CLAIM PACT VIOLATED

Mistowasis Chief States Moneys Held for Land Sales Been Diverted.

$190,000 INVOLVED.

PRINCE ALBERT, Sask. Aug. 25.—(CP)—Terms of a treaty between Queen Victoria and the Indians, signed in 1876, have been violated during the last 20 years, claims a petition filed in the Exchequer Court of Canada, Prince Albert district, by Chief George Dreaver, 85-year-old leader of the Mistawasis Indian reserve, near here.

The petition sets forth that certain moneys held by the Canadian Government for the Indians through land sales, have been diverted. Sales of lands from 1911 to 1931 realized $190,000, he states, and this sum, minus certain disbursements, should stand to the credit of the band.

The treaty with the "Great White Mother" established that certain lands were owned by the Indians and provided terms under which the sick and aged were to be cared for free; houses and farming equipment were to be provided and compensation made for lands surrendered.

According to the petition, the Government has charged for care of sick and aged. Medical supplies and other necessities, it is claimed, should have been provided free. These charges were made against the $190,000 obtained from land sales and the petition asks for an accounting.

The case will be heard in the Exchequer Court this Fall.

Dairy Notes

(By Examiner Staff Correspondent)

CAMPBELLFORD, Aug. 25.—Cheese offered for grading at the local grading station on Friday last registered from the district factories as follows: Brickley 17; Victoria 15; Trent Valley 72; Beaver 34; Kimberley 45; Empire 60; Stanwood 26; Crow Bay 36; Seymour West 21; Trent Bridge 43; Norham 34; Morganston 60; Prince of Wales 39; Spring Valley 18; Menie 60; Burnley 30; Brae 34; Warkworth 84; Roseneath 49; New Model 20; Woodlands 25; I.X.L. 36. A total of 848 boxes of cheese. For the same period last year the total was 713 boxes graded, this season registering a decided increase.

Factory secretaries do not adapt a uniform method of distributing the returns from the sale of cheese and whey cream. In some factories the returns from the sale of whey, butter, or cream as the case may be is distributed each month, in others not. Some factories take out expense largely where the make is heavy while others strike a rate that carries throughout the season and this may account for some difference in price, July milk at the former was worth, per pound butter fat at Morganston 18 cents; Warkworth 17 cents; Norham 16.87; cents; Beaver 16.75 cents. Milk delivered at the factory netted the patrons at Menie 19 cents. Prince of Wales 18.85 cents; Kimberley 20 cents and Empire 20 cents.

By a new ruling governing the grade of cheese we are informed that if upon examining cheese a fly is found in the plug the grader must put the cheese in second grade, but if he cares to examine the remaining cheese in the vat and no more flies are found he need not put the whole vat down.

Beginning from 1933 all trier openings or plug holes made by the grader must be waxed over. This is to prevent mould and is practiced in New Zealand.

Honors for high scoring at the grading station last week go to Empire factory with a total of 94 points.

Cheese prices advanced again last week with cheese selling at Belleville on Saturday for 10 3-14 cents.

There will be a meeting of the Campbellford Cheesemaker's Association in the Campbellford grading station on Friday evening of this week.

CASH PRIZES ARE SELECTED

Seymour West Women's Institute Members Discuss Fair Prizes.

REGULAR MEETING.

CAMPBELLFORD, August 25 (By Examiner Staff Correspondent).—Matters pertaining to the annual school fairs were discussed at the regular meeting of the Seymour West Women's Institute, held at the home of Mrs. Henry McKelvie on Thursday, August 18th, which, despite the busy season and many counter-attractions, was well attended, fifty members being present.

The prize awards for the school fair were set at $3, $2, and $1, and are being given for the best collection of vegetables grown in the school section. This takes in the four schools in the territory: Trent River, West's, Fleming's and Connelly's. In addition it was decided to give a special prize of $2 to the Seymour Agricultural Fair for the best supper for a child of five years. It was felt that this might lead to a keener interest in the cooking classes. Competent judges will be secured for these competitions.

The autographed quilt, which is in course of preparation, was discussed fully. It was felt that this piece of handicraft by the ladies was progressing favorably.

The program was in the hands of Miss Margaret Anderson and Mrs. Garnet Curle, the feature of which was that several school children supplied the bulk of the entertainment, which shows the keen interest taken in the boys and girls. This included a piano solo by Gerald Nelson; violin solo, Clarke McKelvie; song, "A Merry Lad the Farmer Boy," the Misses Beatrice and Mary Rutherford; recitation, "Betty and the Bear," Irene Curle; vocal solo, Mrs. F. DeCarrol.

The topic, "The Girls of To-Day are the Women of To-Morrow," was very ably handled by Miss Margaret Anderson, who stressed the interest taken by the Women's Institute in young girls, through the coaching classes and other activities. She spoke of housekeeping and home-making, both of which were necessary. The training girls receive to-day fits them for everything except their real task in life, home-making, she thought, to which nine out of ten girls eventually settle down to. Home-making is really their fundamental purpose in life, and they should be trained for it.

Mothers should be considerate and patient and consider their girls' ways and idea of work, said Miss Anderson, as girls do not like to be driven.

At the close of the meeting a golf contest was staged, Miss Maggie Waddell's group winning the prize, which was a box of kisses. Mrs. G. G. Stephens was the pianist for the opening and closing exercises, and Mrs. McKelvie accompanied her son Clarke at the piano for his violin solo.

LIBERAL FIGHTS COURT DECISION

McLeod Will Appeal Judgment Voiding Election in Estevan

EVIDENCE QUESTIONED.

REGINA, August 25. — Intention to appeal the decision of Sir Frederick Haultain, handed down yesterday, which declared the election of Norman McLeod in the Provincial constituency of Estevan in 1930 void, was announced yesterday by P. M. Anderson, K.C., counsel for Mr. McLeod. In his notice of appeal, which will probably be filed with the court to-day, Mr. Anderson cited various grounds in which he bases the appeal action.

He claimed the trial judge had no jurisdiction to declare the election void; that he was confined by the controverted Elections Act to finding the respondent was unduly elected, or, in the alternative, to dismiss the petitions; that, as it was impossible on the evidence to find whether the respondent was duly elected or not the petition should have been dismissed.

The appeal notice claimed that the trial judge should have held that under the Saskatchewan controverted Elections Act the onus was on the petitioner to esablish the respondent was unduly elected or returned, but the petitioners could not satisfy that onus, as it was impossible to know how the 17 unqualified voters voted.

CAMPBELLFORD

BRIEF AND INTERESTING NEWS ITEMS FROM THE TRENT TOWN.

Mr. J. D. McEachern and Mr. T. J. Dutton attended the funeral in Belleville yesterday of the late Sergeant-Major Tim Jordan, M.C., D.O.M. Both Messrs. McEachern and Dutton were members of the 21st Battalion.

Miss Beatrice Orser is in Ottawa this week attending the Exhibition where she is judging in household science. She is one of the three from Northumberland County to win this trip.

Mrs. DeLong has moved from her residence on Grand road and will reside in the George Webber house on Rear street.

Mr. and Mrs. L. J. Sheridan and family of Chicago and Mr. Joe Sheridan and Master Billie McClellan of Toronto are visiting at the home of Mrs. N. Calpan.

HASTINGS GETS CHEAPER POWER

Domestic Rate to be Reduced From $2.50 to $2.00.

HYDRO ASSURANCE.

HASTINGS, Aug. 25 (Examiner Correspondence) — Walter M. Fowlds, chairman of the local Hydro Commission was able to pass out some good news to the domestic users in the village on Wednesday. Mr. Fowlds got in touch with the Hydro Commission by phone in Toronto and they informed him that the domestic rate in Hastings would be $2 a month in place of the old rate of $2.50. This should prove to be a very satisfactory reduction considering that the Hydro Power has only been on in Hastings a little over a year. The local commission have been working for the reduction for some time back and are very pleased with the result. The power users got a reduction in their rates some months ago.

LEE BOCHKON

(Continued from Page 1.)

who flew from New York Tuesday bent on the same mission as Lee and Bochkon, were still at Darby's Harbor, Placentia Bay, to-day waiting to dismantle their wrecked plane. Their hopes of any immediate flight to Norway disappeared during the heavy fog of Tuesday night, when their plane plunged into the waters of the harbor.

Douglas Fraser, St. John's aviator, flew into his home port last night with the first story of the crash which ended Solberg's hopes of a trans-Atlantic hop. Solberg told Fraser he had planned a landing due to storm and fog at Burgeo, where Lee and Bochkon dropped their plane, but had decided the location was unsafe. They were overtaken, Solberg said, by a terrific storm while attempting to find a more favorable spot and he forced his plane above the wind and rain and had climbed to 5,000 feet altitude when he encountered a snow storm.

Engine Stalled

The engine stalled on a wide open throttle, he said, while attempting to manoeuvre above the blizzard and he started to volplane but the ship went into a nose dive and plunged into the harbor.

Solberg plunged into the water but the ship remained afloat and he climbed back onto the fuselage. Peterson stayed with the plane and both were brought ashore by fishermen.

Darby's Harbor is a community of five families and has little communication with the outside world.

C.G.E. vs. Westclox at 7.00 at

MADOC GREETED

(Continued from Page 1)

doc, with the best receptions at the two latter Hastings county villages.

The primary objective of advertising the Peterborough Industrial Exhibition and the fact that the new highway's first class motoring condition brings west and centre Hastings comparatively close to Peterborough was attained in an obviously large measure, and it is to be hoped from this end that this year's Exhibition will see many people from district on the grounds.

At the same time Peterborough is reminded that Marmora and Madoc are closer than ever to this city, and the line of communication, No. 7 highway, enjoyable motoring. Madoc Fair dates are October 4 and 5. Other Agricultural Societies in the district were not represented in the tour.

Provincial Traffic Officer Hornick headed the procession all the way to Madoc and was followed by J. R. Marshall, president of the Peterborough Chamber of Commerce and C. D. Cook who assisted in the planning of the trip. Among the local trucks in the fleet which was generally directed by R. E. Layfield were the following: Imperial Oil Company, Quaker Oats Company, National Grocers Limited, Silverwood's Dairy, Peterborough Business College, Barrie's Limited, Stock's Bread, Grant's, Cleaners, Purity Bread, De Laval Company, Beatty Washers, J. K. Hughes Limited, Howson Motors, Adam Hall Limited, Canadian Department Stores, Ltd., and various other private cars.

The Madoc Arrival

The tour halted in Madoc, then passed through the village to a rendez-vous several miles to the east, but after waiting there nearly an hour it was learned that Premier Henry had gone to Foxboro and would reach Madoc by the road from the south. That information was virtually a dispersal notice for the Peterborough visitors although some remained for lunch and the coming of the provincial governmental party.

Reeve Walter Whytock of Madoc was chairman of the informal reception at the memorial park, and after reading an address of welcome he called on Hon. J. R. Cooke to introduce the Prime Minister. Among those on the platform were Premier Henry, Hon. Mr. Cooke, Hon. Leopold Macaulay, Minister of Highways, W. E. Tummon, M.P., A. T. Embury, M.P., T. P. Lancaster, M.P.P., Hon. W. D. Black, Wm. Ireland, M.P.P. and Warden R. Mitchell of Hastings county, reeve of Thurlow.

Premier Henry.

Premier Henry acknowledged the welcome extended to him, and expressed his regret that by some indirection he had gone by way of Foxboro. He referred to the presence of numbers of children in the audience, and remarked that although the benefits of No. 7 highway to this district and to all eastern Ontario would be immediate their full effect would not be realised until future years when the children of today have passed the years of youth.

Modern highways and the invention of the automobile had revolutionised rural life, Hon. Mr. Henry said. In the days of the horse and buggy the average community radius was not much more than ten miles and centred about some village. Today that area has broadened very considerably to a latitude of scores of miles, and people travel easily from one centre to another in a short time.

"The significance of No. 7 highway to Perth is that it opens up a very extensive area in the eastern part of the province," the Premier continued.

"It reduced the distance from Peterborough to Ottawa by 75 miles, and it brings Peterborough and Norwood, Havelock and Marmora and Madoc into closer touch one with another. During the last nine months its construction has given employment to the extent of more than 220,000 man-days. This new link from Actinolite to Arden may be regarded as a compensation for the difficulties through which we have been passing. Usually there is some good that comes out of our troubles, and in this case we may say that if it had not been for our present difficulties we would not have had this road built at the present time. It was built without local contribution because of the nature of the country through which it was laid, and we built it because the Dominion Government was willing to assist us in this work as a relief of unemployment."

The only speaker was Hon. Mr. Macaulay who expressed the opinion that the public was inclined to underestimate the value of Highway No. 7 to Central and eastern Ontario. This value should be recognized, and the children of today would see its evaluation to the fullest extent in days to come.

In declaring his confidence in the destiny of Ontario and in the continued progress of this province during the next quarter of a century, Mr. Macaulay said the Government had no apologies to make for the construction of No. 7 highway.

"I hope it will benefit the social and economic life of this part of the province as we believe it will, and that no one, even our political opponents; will ever regret the expenditure we have made in constructing No. 7."

Concluding Dinner

Premier Henry and his associates were guests of Madoc at a dinner attended by nearly one hundred men from the village and nearby district.

DIRECT ROAD FROM PETERBORO

(Continued from Page 1)

ster of the department for that period, "and I know the difficulties of road construction. I marvel at the excellence of the road which confers great credit to the engineers."

He stated that the link was one of the most important that had been developed on any highway in the past ten years.

"There was so much unemployment last fall that we were able to reap of our misfortunes by getting the Dominion Government to assist us in unemployment undertakings and a percentage of the cost of this road was secured at Ottawa. Otherwise this stretch would not have been built at this time, but would have been done in slow stages over a period of some years," Hon. Mr. Henry stated.

The road, he said, opened the way for the motor tourist into the playground of the Province. "We have knowledge," he said, "that there are countless millions in the States who desire to get into the northern country for a holiday. This road, when things are better and the department advertises it, will bring these tourists here in countless thousands."

Hon. Mr. Macaulay passed to Premier Henry for the building up of a highways department which in the past ten years, he said, had built up a system of roads second to none on the continent.

"The world is now on wheels," he declared, "and in order to keep in the van of economic progress we must build roads. At the present time roads appear to be in disfavor in some places because of their cost. Some of the county councils, who a few years ago came asking us to build roads, are seeking now to pass the whole responsibility unto the Government.

"Despite conditions, there are more cars travelling our highways now than at the same period last year, our check-up on roads has shown. Tourist cars are down 20 per cent., but more persons are finding the delight of motor traffic over good roads."

He stated that the completion of the 65 miles of this highway was the first major piece of work undertaken by the department after he became its head. He paid a glowing tribute to the faithful and sincere effort put forth in their labors by the 5,000 men who had been brought from various centres in the Province to work upon the road.

"It is a beautiful tourist country in this district, and it only requires to be opened up," he continued. "The Government will be glad to assist in locating camp sites and in developing them."

R. M. Smith, Deputy-Minister of Highways; Arthur Smith, department engineer, and Peter Nelson, who located the road, were praised for their great part in its swift and perfect completion.

Mayor Denne was asked to address the assemblage. In a few words he urged that the department undertake the completion of that part of the highway in Peterborough County so that unemployed here might be given work throughout the winter. He stated that Hon. Mr. Henry and his Government were doing splendid work to relieve unemployment conditions and deserved commendation rather than criticism.

J. F. Strickland, K.C., M.P.P. for Peterborough City, also briefly addressed the large throng, declaring that he too hoped that the highway work near this city could be done this winter to give employment. He stated that the bridge over the lock's dam here was a necessity and should be commenced immediately.

Percy Lancaster, M.P.P. for the county, was present, as were also the members of the Ontario and Dominion Legislatures from many ridings within the district. Nine members of the County Council attended the opening. They were: Warden Montgomery, Reeves J. McIntosh, P. Davidson, R. Ferguson, F. McIntyre, Dr. Hickson, H. McConkey, E. Leeson and C. Steinburg.

Other speakers were the Hon. R. J. Cook, chairman of the H.E.P.C., and Ernest Tummon, M.P. for Hastings.

AMERICAN VISITORS APPRECIATE FISHING IN WATERS OF TRENT

All Variety of Fish Plentiful This Season in General Opinion.

AT HEALEY FALLS.

CAMPBELLFORD, Aug. 25—(By Examiner Staff Correspondent).—Although fish at all times is plentiful in the waters of the Trent system, never for years have tourists and fishermen visiting the various resorts along this waterway, which is part of the Iroquois Trail, been so pleased as they have this year, and everywhere one goes the same remark can be heard, "They sure are biting good."

This fact was strongly emphasized last week by two visitors at Fred. Keller's summer resort at Healey Falls, "Restawhile," J. J. O'Connell and William Fitzgerald, both of the Bridley Light, Heat and Power Company of Cleveland, Ohio. "It's the best fishing we have had for the past four or five years," declared Mr. O'Connell, who is now completing his eighth year as an annual fisherman in the Trent district. Mr. Fitzgerald is spending his fifth summer at this fashionable Healey Falls resort.

Both these ardent fishermen declare that pickie minnow, straight, is the best bait to use for 'lunge in these waters, and stated that this variety of fish, with pickerel and bass, are very plentiful and make excellent fishing. They themselves have had excellent luck, and during their stay at the Falls have landed one 12½-pound 'lunge, one 8-pounder, two 7-pounders and four 4-pound 'lunge. And this besides the smaller fry, which makes an excellent record for any fisherman's holiday.

Trout Plentiful.

And trout is also plentiful, although, unlike its brothers and sisters, this variety of fish requires more careful handling and is harder to catch. W. E. Riley, of Halifax, Nova Scotia, who told The Examiner that trout was the only fish that he was used to or cared about catching, stated, "It is the best fishing I have had in Ontario," saying that he had fished for trout in many other waters of the Province, but those around Healey Falls yielded good, considering the water surface. The fish were not overly large, he said, from eight to ten inches, but were firm and made good catches.

The other Cleveland visitors, J. W. Clark of the Goff Estate and E. G. Cooke of the Cleveland Trust, who are regular summer inhabitants of "Restawhile" and are staying with their wives at that place, also state that fishing in the Trent cannot be surpassed.

Beautiful Resort.

Fred. Keller, who started this resort nine years ago, has one of the most beautiful locations on the river front. A splendid hotel with ten cottages as annexes, ample accommodation is provided for all comers, with the best of food, for all garden truck is grown right on the place. With all facilities, including all classes of boats, guides and a regular service to Campbellford, an added attraction for families is a splendid bathing beach for the children, which has been made safe by the addition of a boom, which also makes an ideal harbor for crafts.

A spacious lawn running down to the water, with a profusion of flowers, make the spot more than attractive, and a large garage for visitors' cars add that touch of service that makes a summer resort popular.

A curio in the way of fish is to be seen in the very airy dining-room, where the head of a horned 'lunge, a rare specia, is mounted. This is a peculiar specimen of the fish world and was caught by a visitor to Healey Falls about eight years ago. The fish itself was not large, about nine pounds, but fierce to the extreme, with needle-like teeth, possessing two large curved horns about two inches long projecting over the eyes, and would prove a formidable catch to any fisherman who had the good fortune to hook one.

Centreton

Much sympathy is felt for little J. D. McBride, 10-year-old son of Mr. and Mrs. Stanley McBride, who when playing with some boys walking a stone wall, slipped and fell, breaking his arm.

The Y.P.S. held a social on Tuesday night. After the usual business, Doretta Bull gave a reading. A number of riddles were asked by Mrs. Walton. The rest of the evening was spent playing old-fashioned games, such as drop the handkerchief, blind man's buff and musical chairs. A dainty lunch of sandwiches, cake and cookies and lemonade was served.

LIFE INSURANCE IS GREAT FACTOR FOR STABILITY

Over 250 Millions of Men Paid Insurance Issued This Year.

WEATHERED EVERY STORM.

TORONTO, Aug. 25 — Over 250 millions of new paid-for ordinary life insurance was issued in Canada in the first seven months of this years by fifteen companies having in force 85 per cent of the business. These figures, as reported by the Life Insurance Sales Research Bureau, constitute striking evidence of public confidence in the life insurance companies operating in the Dominion.

"It is a most gratifying tribute to the strength and stability of our life insurance companies", said Mr. G. Cecil Moore, President of The Canadian Life Insurance Officers Association, when interviewed. "Throughout the Dominion there seems to be general appreciation of the fact that in all the financial stress and strain of recent years, life insurance has been a veritable bedrock of our national life. It has truly weathered every storm—world war, world epidemic, world depression. Not only has no policyholder ever lost a dollar through the failure of any life insurance company licensed in Canada to pay all its obligations promptly and in full, but during the period of severe financial and business depression from which we are now emerging, life insurance has been a dominant factor in relieving the strain not only upon individuals, but from a national standpoint as well.

"In the twelve monthsof 1931 payments of the life companies to policyholders in Canada and to beneficiaries under Canadian policies, as death claims, matured endowments, dividends, surrender values, etc., amounted to the sum of $102,341,502. In addition, loans on policies were increased during the year by $46,561,638.

"All these large disbursements by the companies were considerably more than met out of current income. This indicates one of the great sources of the inherent strength of life companies, namely, that even in times such as these through which we have been passing, no realization upon their investments is rendered necessary, but such investments can be held up until their maturity or until favorable markets develop."

Mrs. Moore was asked whas is the trend in present-day life insurance. "There are two very distinct trends," he stated. "There is a large class of the public who now find that the estates they had created have been wiped out or considerably reduced, rendering it necessary for them, because of their present financial position, to purchase the maximum amount of life insurance protection at the minimum premium. On the other hand, there is a large class who are now turning to the higher premium investment form of policies which the companies offer, such as Endowments, Retirement Income Policies, Pension Bonds, etc. The extent to which this latter trend has developed is in itself a very gratifying tribute which the Canadian public is paying to the soundness of the life insurance companies operating under Canadian laws."

BELMONT W.I.

Regular August Session Takes Form of Social Evening—Children's Picnic Held.

BELMONT, August 25 (Examiner Correspondence). — The regular meeting of Belmont Women's Institute for August took the form of a social evening this year instead of the annual picnic outing as in other years. This departure from the old rule was on account of the difficulty of farmers getting away for the greater part of a day, in the heavy season, and it was thought a social evening would give the men a chance to have a good time.

About fifty were present, and enjoyed the two contests and the spelling match. The leaders for the match were Mrs. Harry Scott and Miss Nellie Tinney. All went well until the word divisible was propounded, but as it was pronounced devisable, it was accordingly spelled that way, and as the mistress of the match meant divisible, six walked to their seats, which finished the match. Mr. Haughton was declared winner of the prize for being the last to take his chair. The jumbled word contests also provel interesting, but no prize was given, sath is was a birthday group contest only.

A delightful lunch was served, and a period of card playing was afterwards enjoyed, and all departed for their homes, voting the evening a great success socially.

The annual children's picnic was held as usual this year at the Township Hall under the Institute auspices, and about one hundred children were present and took part in the competitive sports which are always a part of the picnic program. A new note was introduced this year, the children being asked to contribute musical and reading numbers,and this proved to be a very popular innovation. A delightful lunch was served, and the children departed well satisfied with the pleasure afforded by this event, which is annually one of the high lights in the lives of the children of the community.

Japan supplies 80 per cent. of Manchuria's light bulbs.

"QUEENIE" SUPERVISES WASHING AND DRYING OF HER PUPS.

Eight lively puppies were pictured just after they had been given baths and hung on the line to dry under the strict supervision of their mother, "Queenie," who is shown proudly eyeing the cameraman in front. Queenie is a bull terrier owned by Mrs. Catherine Jones, of Philadelphia.

Thomasburg

Mr. and Mrs. Floyd Holbert and daughter Dorothy of Toronto are visiting Mr. and Mrs. William Holbert.

Mr. and Mrs. Melbourne Adams have returned home after touring for three weeks.

Miss Ana Graham is visiting her sister Mrs. Wright of Hamilton.

Misses Helen and Amy McTaggart spent Saturday with Miss Marion Bateman and her sister.

Mr. and Mrs. Robt. Fennell and Mrs. Mary Fennell of Norwood, Mrs. D. Kenyon of Peterborough, and Mr. and Mrs. Robt. Southworth of Glen Ross were Sunday visitors at the home of Mr. Walter Harrison.

Rev. Mallory of Bloomfield representative of the Temperance Union of Ontario took charge of the service in the United Church on Sunday in the absence of Rev. Herrington who is away on his holidays.

Mr. and Mrs. Henry Mouck and Miss Jessie Mouck of Belleville accompanied by Mr. and Mrs. Edmond Graham and family of Detroit visited at the home of Mr. Herbert Mouck on Monday.

Mr. and Mrs. Murrey Hick of Kingston and Mr. and Mrs. Albert Porter visited Mr. and Mrs. Harry Coulter of Chapman on Sunday.

Misses Ruby and Audrey Holbert of Kingston have returned there after visiting their parents, Mr. and Mrs. W. Holbert and other friends the past two weeks.

While working for Mr. Willard McTaggart on Monday Mr. Harry Lee was seized with a very bad heart attack. Dr. H. E. Welsh and Miss Mary Way, Reg. Nurse of New York are in attendance.

Mrs. Spencer and children of Foxboro are visiting Mr. and Mrs. James Brown.

Mr. Ross Wilson of Smith's Falls is visiting at the home of Mr. H. Lee.

Mrs. G. Burleigh of Roslin spent Saturday with her mother, Mrs. W. Harrison.

Mr. and Mrs. H. Mouck visited Mr. and Mrs. Fredrick Coulter on Sunday.

Mr. and Mrs. Floyd Yates of Oshawa are visiting Mr. and Mrs. William H. Kerr.

Mr. and Mrs. Clarence Mouck and son Reginald visited Mr. and Mrs. Ralph Irvin on Sunday.

Mrs. Ella Way and Mrs. Wesley Morton called on Mrs. J. Brown on Monday.

Havelock

Mr. and Mrs. Thos. Sexsmith and family, of Peterborough, were recent visitors with the former's brother and wife, Mr. and Mrs. J. A. Sexsmith.

Mr. and Mrs. H. Haryett, of Port Stewart, were week-end visitors with their daughter, Mrs. Harry Scott, at Preneyed.

Miss Mary Anderson was a recent visitor with Miss Laurabelle Wing at the Wing summer cottage, Round Lake.

Mrs. Reg. Crawford, who has been summering at Round Lake, took a delightful motor trip last week, when she visited Marmora, Madoc, Tweed, Belleville and Campbellford in the company of Havelock friends. Mrs. Crawford returned home to Toronto on Sunday last, greatly delighted with the beauty of the country in and around Havelock.

Mr. and Mrs. Donaldson, of New York, are spending a few days, the guests of Mr. and Mrs. Harold Mathison, at their summer cottage, Round Lake.

Mr. and Mrs. W. E. Griffith and family, accompanied by Miss Annie Stillman, of town, motored to Kingston and points east last week.

Mr. Dougall Wright, of the Bank of Toronto staff in Newmarket, is spending his holidays with his parents, Mr. and Mrs. Thos. Wright of town.

Miss Nellie Watson has just returned from a motor trip with some girl friends. They visited Port McNicholl, the Martyrs' Shrine at Fort Ste. Marie, Midland, Wasaga Beach. They then journeyed eastward to Apsley, Bancroft, southward to Madoc and home by Number Seven Highway. They report a most delightful trip.

MODERN MECHANICAL SCIENCE REVOLUTIONIZES HARVESTING

Gigantic Combines Replace Four Out of Five Farm Workers.

TIME IS HALVED.

(By Wilfrid Eggleston).

TURIN, Alberta Aug. 25 (Special to The Examiner).—Mass production of wheat in Canada has reached its most impressive development on such vast estates as the Cameron ranch east of here. I doubt whether Russia's audacious experiment in collective farming can offer anything to surpass the spectacle afforded by the C. S. Noble farms.

To-day, when I visited the headquarters of the 5,120 acre wheat "factory," ten miles east of Turin, 35 miles north-east of Lethbridge, I found the stage all set for wholesale harvesting of wheat on a scale and at a speed the farmers of yesterday would have found utterly incredible.

Surrounding the "factory" headquarters, which consisted of a large frame house, a series of implement sheds, a battery of tractors, rows of red-cultivators, one-way discs, 125-bushel grain trucks, a small mountain of steel oil barrels, and—standing in the middle of the yard, like a show piece—the largest "combine" in Canada, stretched solid fields of wheat to the distant horizon.

The usual farm setting was absent. There was not an animal in sight, not even a farm dog. No barns, no haystacks, no chickens. Just these mechanical monsters set down in the midst of a vast sea of ripened wheat, waiting the sickle of the combine to lay it low.

Five thousand acres of wheat in a solid block is a most impressive sight when observed—as it was to-day—under a cloudless sky in perfect prairie harvesting weather. This Turin country is as level, almost, as the Regina plains. Of to the south-west, when the autumn haze is blown away, you can catch

From typewriter to klieg lights is the astonishing span covered by this young California girl, Dorothy Wilson in her rise to fame. Now she rides to work in an aeroplane instead of in street cars and buses. Miss Wilson was overnight placed in the leading role of a film, which she first typed as a stenographer. She is shown starting out on an extended personal appearance tour.

Rockies. More prominent, to the at times the distant outlines of the south and a little east, is the West Butte of the Sweet Grass Hills, 100 miles away, inside the Montana boundary.

Cover 250 Acres Daily.

They were "tuning up" the mammoth "combine" ready to sail into that 5,000-acre block of ripened wheat when I was there. Three more combines, not quite such monsters as this, were on their way from the Noble "home" farm at Nobleford. The four of them are to commence action together, and, believe me, they'll harvest wheat!

The giant combine which I saw to-day cuts a 34-foot swath as it circumnavigates these stretches of golden wheat. It cuts and threshes.

For eastern readers who haven't seen a combine it should be explained that it is like a binder and a threshing machine in one, which is hauled around the field, combining what used to be two or three laborious operations into one. A 34-foot sickle cuts off the heads o wheat, which ride along a canva into the maw of the big threshin machine. The wheat is elevated into a 100-bushel bin which the machine takes along with it. When that is full, a big grain tank runs alongside, a plug is pulled at the bottom of the bin, and the 100 bushels rides down a chute into the truck, ready for market. The straw and chaff are taken off along another channel and are dumped off behind, to form a yellow trail behind the monster.

This super-combine and the three standard models will be harvesting about 250 to 280 acres a day until the whole 5,000-acre block of wheat has been garnered in. Twenty days of smooth running will see more than 100,000 bushels of wheat harvested on this one farm—enough bread for 20,000 people for a whole year!

Work For Fewer Men.

Even with such an army of harvesters, it would take at least six weeks to harvest the 5,000 acres, as compared to little more than three weeks for the combines. In brief, the old methods would have required about 40 men working for six weeks; the new, eight men for slightly over three weeks.

There is just one sad reflection at this point. What becomes of the harvest excursion, the migration of tens of thousands of men to work on the farms? This mammoth combine alone—like the steam shovel and the automatic bottle-maker, and a thousand other mechanical devices — does thirty men out of a job.

It ought to mean cheap wheat. C. S. Noble has reduced the cost of production to a point where "dollar wheat" seems as though it could never be reached again.

London spends more than $18,000,000 each year in public health services.

Kay Don To Exhibit Miss England

Canadians will see Kaye Done and Lord Wakefield's Miss England III(world's fastest speed boat, in an exhibition run in the waters off the Canadian National Exhibition ground as soon after the Harmsworth Trophy race in Detroit as the boat can be shipped to Toronto by rail. The first race in Detroit will be on Sept. 3, the second on Labor Day, and the third, if necessary, on Sept. 6. LEFT to RIGHT, Don, the world's speed boat record holder; Wallace R. Campbell, president of the Ford Motors Co. of Canada, Ltd.; and Gar Wood, pilot of Miss America X., the defender in the forthcoming Harmsworth Trophy race.

WATCH "CATALINA KID" STILL SLOGAN IN THE BIG "SPLASH"

George Young Again Must Be Considered Man to Beat in C.N.R. Swim.

NELSON AND VIERKOETTER

TORONTO, August 24 (Special to The Examiner)—Can George Young successfully defend his world's marathon swimming championship next Wednesday, August 31, at the Canadian National Exhibition? This question is being asked on all sides. The swimming fans are having many fanning bees, and the majority shrug their shoulders when tied down to the direct question, "What will Young do?" None can deny the ability of the present champion. He had demonstrated beyond all doubt that he is, or has been, one of, if not the greatest swimmer the world has ever seen. It takes courage, brawn and ability in no meagre quantities to accomplish what Young has mastered, the Catalina and the nineteen-mile grind at the Canadian National Exhibition.

Masterly Performance.

Young's performance, last year, when he battled almost unconquerable elements during the last lap of the marathon, to cross the finishing line far in advance of the second competitor, Bill Goll of New York, who also had a decided margin over the third, and only other swimmer to finish, Warren Anderson of Sydney, N.S., was a masterly performance and many keen followers of the long distance swimming sport are of the opinion that Young reached the pinnacle of his career then and there, and that we can expect him to slip from now on. Young has to have an incentive to urge him on. He wanted to win to prove that he was not a "quitter," and then he wanted to win to prove the confidence of a certain young lady had in his ability to finish. Young did both, and even should he never win another important race, he will go down in the records as a swimmer in a class by himself.

Still a Threat.

Do not think that Young is through. He cannot be overlooked. Every swimmer in the race, and there are over three hundred of them, of more or less class, will tell you that Young is the one to beat. If George finished, you can rely on it that he will have to set a record, for the course this year will be inside the breakwater, affording the swimmers a lot of protection. So we cannot do anything but say, "What Young."

Who are the other swimmers that appear the ones likely to win the $7,500? First comes Marvin Nelson, and I have no hesitancy in calling the Iowa Kid to come home in front. Nelson is the Nelson of two years ago, when he completed the fifteen miles as fresh as the proverbial daisy. Last year Marvin was far from a well boy. He was still suffering from the effects of having taken it too easy on the prize money of the year previous. This year he has buckled down to real earnest training and he is going to be "tough to take."

Ernst Vierkoetter is also the Vierkoetter of away back in 1927. Ernst is in perfect condition, and, contrary to his attitude of the past few years, he has confidence in himself. Vierkoetter thinks he can win at least third place and possibly second. Perhaps it is his well known modesty which refrains him from saying first. And a popular win it would be at that.

Bill Goll, second twice, has not as yet put in an appearance, but Goll is sure to be troublesome. So will Alfred Sully of Toronto. Like Goll, little is known of Sully's condition, but the tip off is out that he is in the "pink." Isadore Sponder, Gianni Gambi, Milton Potts, George Blagden, Clarence Ross, Eli Radokovitch and the Pritchard brothers from Buffalo are all training hard.

CONVERT YOUR STOVE INTO A "SILENT GLOW"

Every ton of ordinary fuel you buy now will be a ton of trouble for you in the winter months. Make sure of clean, perfectly trouble-free heat in your present range, heater or furnace by installing a Silent Glow Oil Burner now.

Burns clean — without noise, soot, odor or smoke—gives all the fire you want for cooking or heating. Self-operating and absolutely safe. Burns cheap fuel oil. Backed by a written guarantee for 5 years.

IT LIGHTS QUICKER—GIVES MORE HEAT—BURNS LESS OIL AND MORE AIR PER UNIT OF HEAT GENERATED.

Silent Glow Burners are already installed in 100,000 homes—more than all other burners combined. Come and see it demonstrated. $44.00 and up.

SILENT GLOW OIL BURNER

Makers of Silent Glow Pilgrim Heaters for home, camps, etc., and Silent Glow Power Burners for heating large homes, apartments and other large buildings.

CO-OPERATIVE MOVE IN ALBERTA IS WORKING WELL FOR FARMERS

Avoid Capital Expenditures on Warehouses to Keep Down Overhead.

BUY ALL NEEDS.

(Special to The Examiner.)

CALGARY, Alta., August 25 (SNS). — Alberta's latest venture in the field of co-operatives — just a year since being brought under the wing of the central organization of the United Farmers of Alberta—is flourishing.

It is co-operative purchasing. While not extended to all lines of commodities and farm needs, the purchasing agencies include lubricating and fuel oils, greases, binder twine, coal, gopher poison, and formaldehyde, as well as some staple goods.

Norman F. Priestley, vice-president of the U.F.A., said the present seeding season witnessed rapid strides in co-operative purchasing.

Pattern for all other purchasing associations that are being formed, the Coronation Constituency U.F.A. Co-operative Association was formed in March, 1930. It now has 32 locals. During the past year, since May, 1931, 11 constituency organizations have been formed. The constituency associations have from 7 to 28 locals each. Each constituency also has from 100 to 600 farm families associated with it.

Lubricating and fuel oils, along with gopher poison, are the chief articles being handled by the associations at present, said Mr. Priestly. Distribution of the oils is being carried out as best possible without any capital investment in warehouses or distribution systems.

We are endeavoring to avoid capital expenditures on buildings. That is something that has caused many a co-operative venture a lot of trouble, and our co-operative purchasing agencies aim to avoid it," said Mr. Priestley. He added that each constituency association, through an appointed manager, was operating with a saving to its members, and that if warehouses and the like were built they would eat into the savings being effected.

Grand Opening Ceremonies
Friday, Aug. 26

The Right Honorable R. B. Bennett, K.C., P.C., LL.B., LL.D., Prime Minister of the Dominion of Canada, will formally open the world's greatest annual exposition at 2.30 p.m.

Come on the Opening Day and come on any of the wonderful fourteen days of this enthralling and entirely unique Exhibition. Each day will be an eventful day — a big day. Improvement is evident on all sides. New Features—New Wonders—New Methods—New Ideas. On Opening Day an attractive event will be the

MEN'S CLOTHING STORE TO OPEN

Max Board and George Huffman Offer New Stock.

ON CHARLOTTE STREET.

Max Board and George Huffman are not going to wait for good times to come back again. They will start out Saturday, this week, to chase prosperity right into their new store at 168½ Charlotte street.

Their enterprise is worthy of more than passing interest from Peterborough's men and young men. Not only does their courage and energy deserve the reward of patronage, but also they have much to offer local men and youths who desire to be well dressed at a minimum of expense.

Both partners of the new clothing firm have much in their favor. Max Board has made a host of friends during his six years here, not only in business but in sport in which he has been active as a hockey referee and a smart softball player. What's more he knows clothes and he knows clothing values and his customers will get the benefit of that knowledge. He has made clothing his vocation beginning as a youth in his home town of Lindsay. Here he has been identified with the Cressman Store and the T. Eaton Company before taking charge of the Charlotte street store which he now opens as partner with George Huffman.

George Huffman is a local young man and was formerly an employee as draughtsman with the C.G.E. Company. Clothing is a new venture for him, but he has the will and ability to absorb the intricacies of the business.

Patrons will get a thrill as they walk into the new store where these two young men have embarked upon the sea of business. The store has been thoroughly and tastefully redecorated and up-to-date fixtures have been installed.

Quality clothes at moderate prices will be the watchword of the Board and Huffman store. Art and Regal clothes, both made by firms of well-deserved reputation, will be sold in the store. Also an important made-to-measure department will be maintained. Every consideration will be given the needs of the customer.

A complete line of quality haberdashery, in which the latest trend in men's fashions will be seen, completes the appeal of the Board and Huffman store to the men and youth of Peterborough. Style will be considered but not above quality.

Board and Huffman believe that there is a place in Peterborough for their type of store, but they desire the men to visit them and see for themselves.

MODERN SCHOOL LOSING GROUND

French Literary Professor Claims to See Disintegration of "School of Emotion."

CYNICAL ATTITUDE

NEW YORK, Aug. 25 (C.P.).—"The modern school of emotion" in literature, as represented by D. H. Lawrence and James Joyce, among others, is beginning to disintegrate, according to Prof. Denis Saurat of the University of London.

Speaking in a symposium on contemporary literature at the Columbia University summer school Prof. Saurat asserted emphasis on the physical aspect of love and on sensation, and a cynical attitude toward man, were characteristics of the modern school.

He listed as among chief representatives of the modern school D. H. Lawrence, James Joyce, Aldous Huxley and Stephen Hudson in the United Kingdom, Proust and Maurlac in France, Kafka in Germany and Ernest Hemingway in the United States. "There are signs this school of emotion is beginning to disintegrate," he declared, "and that this modern period is over. The sense of responsibility which was lacking in literature in the last 10 years seems to be returning.

"Among the various faculties of the human soul such as reason, passion, imagination, this modern lays the emphasis on sensation, but among all the sensations it happens sometimes there is one in particular which seems to have an eternal value—the sensation of God. The modern school is also a mystical school. It is different from the romantic and it is different from the classic because the classic insisted on reason. But each school proper lasts really only a few years."

PASSPORTS TRY PORT TEMPERS

Voyagers Cause Trouble By Ignorance and Pompousness.

A KREISLER STORY.

The ill humor of the officers who must inspect the passports of travelers at the piers when foreign liners arrive or depart usually is traceable to the mistakes or lack of understanding on the part of the travelers, writes an unnamed passport officer in The White Star Magazine, house organ of the White Star Line.

"He has to explain," he writes, "to a group of excited and wearying emigrants, most of them only able to speak a language unknown to the rest of the world, that they must show their passports. Some of them just grin, some refuse, other commence to disrobe, owing to the fact that the required documents are hidden beneath several layers of clothing, while the majority take no notice.

"He has to make a French lady understand that he is not a Customs officer and is, therefore, quite uninterested in her silk dresses; at the same time he has to wave away a persistent German woman who mistakes him for a railway porter. When he has finished with these passengers he will probably discover another passenger without a visa, another who cannot fill up an embarkation card, a third who has lost his passport, another who has left his passport in his cabin trunk, another—But why go on?"

The passport officer is in a better mood when passengers show a sense of humor in the midst of the difficulties attendant on their movement from one country to another, the writer points out. The absent-minded man who suddenly realizes that he is carrying his laundry card instead of his passport and the unattractive woman who can laugh at the fact that her passport designates her a cosmetician, trained to add to the beauty of other women, are cited as buffers for the officer's nerves. Then, too, the spirit in which men of standing accept the inconveniences of travel, while lesser figures scowl and scold, brightens the officer's day.

"The great Kreisler," he writes "arrived one day at the port where I was stationed. He missed the train to London and had to wait another hour in the cold and cheerless station. An official laughingly suggested that the famous master should while away the time by giving a short recital to the officials. With a little laugh, Kreisler took out his violin and then, to a spellbound audience of passport and Customs officers, railway men and dockers the world's greatest violinist played as only he can play.

"I hope you enjoyed it," he said shyly when he had finished. That night people paid fantastic prices to hear him in London."

STARS RETURN TO BROADWAY

Old Favorites Welcomed Back for Start of 1932 Season.

SOME IN REHEARSAL

NEW YORK, Aug. 25 (C.P.).—Mauda Adams, Eva le Gallienne, Ethel Barrymore, George M. Cohan and a host of other old friends of Broadway are being welcomed back for the start of the new stage season.

Missing for a year or more from Manhattan playhouses, an impressive array of favorites are either in rehearsal or lining up new vehicles for what they hope will be new triumphs on the country's leading stages.

Included among them are Jack Buchanan and Jessie Matthews, English stars who have not been seen on this side since "Wake up and Dream" some seasons ago. Buchanan will be in a musical comedy while Miss Matthews will be a comedienne in "The Gay Divorcee."

Another returning Londoner is Ivor Novello, who will have the leading role in one of his own dramas, "I Lived With You." He played on Broadway last with Billie Burke (widow of Florenz Ziegfeld) in "The Truth Game" and with Benita Hume in "Symphony in Two Flats," both written by himself.

Maude Adams, who spurned Broadway last season for a road tour, is coming back to the original scene of her many triumphs and it is altogether likely she will choose one of Shakespeare's plays, though she denies it. It is known she has been thinking about "Twelfth Night" in association with Elsie Ferguson.

Eva le Gallienne has revived her Civic Repertory Group, after 4 years of study in Europe and is first to play opposite Joseph Schildkraut in Franz Molnar's "Liliom."

George M. Cohan returns in the manner of the prodigal son after some irksome experiences with the moving pictures in Hollywood. "Bad as Broadway is, it is still far ahead of the movies," he says. He will present some more of his comedies in the west 40's.

Ethel Barrymore has been renouncing Broadway in favor of the road but is coming back. Under the aegis of her old manager, Arthur Hopkins, she will play in "Encore."

The young season did not get off to a very auspicious start this month. "Scrapbook," first musical show, turned out to be an array of vaudeville acts and the first play "Page Pygmalion," has been attacked as a weak, haphazard comedy. It was written by Carl Mehkel, Brooklyn dentist.

RUSSIAN POWER DAM COMPLETED

Dneiper River Project Will Be Dedicated Thursday.

INDUSTRIAL CENTRE.

Completion of the largest hydro-electric power project in the world will be celebrated by the Soviet regime in Russia on Thursday when the Dnieper River dam and power plant will be dedicated. In the opinion of the Soviet theb eginning of operations at the plant will be the greatest achievement of its program to date.

The actual costof the dam and the power plant was $110,000,000, and the cost of the entire project, known as the Dnieprostroy, involving the construction of numerous industrial enterprises and a Socialist city, is placed at $420,000,000. The number of workers employed has at times reached 30,000, and the work has been completed in slightly more than five years, having been started in March, 1927.

The project will provide power for industrial and domestic use to a territory of 70,000 square miles with a population of 16,000,000 persons. It will be the heart of a great steel manufacturing centre now in process of construction. The great storage of water provides a reservoir from which thousands of acres of farm lands on the surrounding steppe will be irrigated.

The power plant includes nine hydraulic turbines with a normal generating capacity of 700,000 horsepower, comparing with 430,000 horse-power at Niagara Falls and 612,000 at Muscle Shoals. Its maximum capacity is 900,000 horsepower.

A coke and chemical plant will have an annual capacity of about 1,400,000 tons of coke and a variety of chemical products. A ferro-alloys plant will have an annual output of 80,000 tons of ferro-manganese, to be manufactured during the high-water season, when power is cheapest; 30,000 tons of ferro-silicon, 4,000 tons of ferro-chrome and 1,600 tons of ferro-tungsten.

An aluminum plant will have an annual capacity of 30,000 tons, while there will also be facilities for the manufacture of cement, lime, ordinary bricks and fire and refractory bricks. The old town of Kichkas is now submerged as a result of the work and a new city of 100,000 inhabitants has been built.

Another important feature of the project has been the opening to deep-draft vessels of the Dnieper River throughout its entire length of 1,300 miles. Before the building of the dam there were nearly 100 miles of rapids. A sluice about five-eights' mile in length, and three locks, each with a rise of forty-one feet, have been built, providing a navigable waterway from the Baltic to the Black Sea.

The chief consulting engineer on the project has been Colonel Hugh L. Cooper, an American. The chief construction engineer was A. V. Winter, Soviet engineer.

Economist Urges Wise Spending

Money Must Flow Says, Professor Keynes.

MANCHESTER.—"Let us consider it our duty to stimulate and promote every form of wise spending."

This was one passage in a letter from Mr. J. M. Keynes the economist, read at a conference on unemployment here, under the auspices of the Salford Labor Party.

"Prices cannot rise," Mr. Keynes further states, "output and employment cannot increase, unless the first stimulus comes from the side of increased spending.

"In this context I include," of course, in spending, capital expenditure on housing and the like."

Bought in 1912 second-hand, a bicycle has been in constant use by a London Fire Department until just recently.

"Come with me and enjoy a really thrilling adventure in

MONEY SAVING!"

There's no need for tedious "Shopping around." Let's go down to the "Dominion." I know through past experience just how economically I can buy, and these days one gets quite a thrill from being thrifty.

FRIDAY **SUMMER FABRICS** SATURDAY

Two Days of Exceptional Values For Home Dressmakers

Mercerized Mull
DAINTY PASTEL SHADES
Only a few pieces of this lovely, sheer Mull at this low price. Full 36 inches wide and in popular shades of rose, pink, maize, green and peach. Cool and dainty for lingerie and kiddies' wear. Regular 25c. Clearance price, yd. **19c**

Checked Muslin
FOR LINGERIE, CURTAINS
Regular 25c quality, snowy white Muslin in large and small checked and barred patterns. 26 inches wide, firmly woven, and a remarkable value at this price. The quantity is limited—be early. Clearance price, yard **15c**

Lovely Voiles
36 INCHES WIDE
Light and dark floral patterns in a pleasing array of Summer colors are to be found in this low priced group of fine Voiles. Suitable for women's and children's dresses and blouses. Regular 25c. Special clearance price, yd.. **15c**

Hundreds of Yards --- Tubfast Materials
TUBFAST PRINTS, SHEER CHIFFON VOILES. ALL 36 INCH WIDE.
An amazing value in the loveliest of Summer dress materials. Each pattern and design is new and appealing and the color display leaves nothing to be desired. From pastel pinks and orchids to navy and black, you are bound to find several very attractive dress lengths for yourself and the kiddies. Shop early. These regularly sell at 39c. Your chance to save on the clearance price, yard **25c**

A Great Clearance of Select Fabrics
FINEST MATERIALS. BEAUTIFUL COLORS. FLATTERING PATTERNS.
Another clearing group of better quality materials, including fine Chiffon Voiles, Tubfast Prints, fine Dotted Muslins, Printed Dimity Muslins and Suiting Materials. All 36 to 38 inches wide and in colors and patterns too numerous to mention. In the lot are small and medium patterns, as well as plain shades, self patterned. See this for sure. Regular to 69c. Clearance price, yard **39c**

Krinkle Crepe
TWO PATTERNS
yard **19c**
Two patterns only, and a limited quantity of this serviceable Crepe for kiddies' bloomers, pyjamas and night gowns. Small floral designs in suitable colorings. 30 inches wide, and regular value, 29c. Be early and share this special.

Novelty Mesh
ALL COLORS
yard **27c**
A special that demands early shopping. Plain or novelty weave mesh that is so smart for sports wear, blouses and skirts. Pastel shades, also white and cream. 36 inches wide. Regular value, 39c. Be thrifty, shop Friday.

REMNANT SALE
A Good Selection of Useful Lengths
Bargain tables of useful lengths of materials that include Silks, Crepes, Chiffons, Velvets, Woollen Materials, Prints, Cottons, Tubfast Voiles and Wash Goods, and many others. Various lengths, widths and colors, but all splendid values, and greatly reduced to a price that will readily clear them. Be early. Share these savings. Main Floor.

All Silk Flat Crepe
Regularly Selling 1.49
Firm, lustrous All-Silk Crepe that will fashion many beautiful dresses for Fall and Winter. A list of most every wanted shade, both light and dark. A noteworthy value and worthwhile savings for the thrifty. 36 to 38 inches wide. Clearance price, yard.. **1.00**

Striped-Ripple Crepe
For Sports Dresses and Outfits
Bright, dashing colors in these diagonal and bias striped materials, also the dotted and patterned Ripple Crepes. All are fresh, sporty looking materials that are very fashionable and smart. You will want more than one dress length, and the price is so appealing. Regular 98c. yard **79c**

Spotted Crepe
Yard 49c
Indeed a serviceable material for two-piece suits, Fall dresses and general wear. Navy, blue, black and light blue backgrounds with small white polka dots. 36 inches wide, and a remarkable value.

Celanese Chiffon Voiles
For Early Fall Dresses
So smart and attractive for early Fall afternoon and evening frocks. A choice of several patterns in blue, greys, orange, brown, etc. Smart, practical and so flattering. 36 to 38 inches wide. Regularly these Chiffons sell as high as 1.49, but the clearance price is only, yard **69c**

Rayon Crepes
Yard 21c
A specially grouped lot of materials in a wide selection of patterns and colors. Spots, flowered designs, conventional designs and a few stripes. Ideal for home frocks and kiddies' wear. 36 inches wide. Regular to 39c.

Tubfast Prints
23 inches wide, numerous patterns, delightful Summer shades, and an all-round outstanding value at, yard **15c**

36-Inch Broadcloth
36 inches wide, a good range of colors, tubfast, firm even weave and good wearing. Regular 23c. Yard **15c**

Comforter Chintz
36 inches wide. Two patterns only. Reduced to a price that will clear it quickly. Limited quantity. Be early. Yard. **15c**

RICHARD HALL LIMITED

WESTERN CANADA'S OPTIMISM BASED ON CONCRETE FACTORS

Pullman Pollyannas May For Once be Ignorantly Right.

VARIETY IN CONDITIONS.

By Wilfrid Eggleston
(Special to The Examiner)

MEDICINE HAT, Aug. 25.—(SNS)—The infectious optimism of sunny southern Alberta makes it difficult at times to refrain from joining in with the chorus of professional Pollyannas who tour the west, staying at the best hotels, and then issue a statement to the effect that "Prospects were never better" to the tremendous disguest of thoughtful farmers.

There is as much variety in western conditions as there are gradationsof color in the rainbow, and any hasty summary is certain to miss the mark. To say the west is in bad shape, or to say that it is prosperous, are equally misleading. On the whole I do think it is accurate to say that sentiment in the west has improved substantially in the past few weeks.

In Winnipeg and Regina, Swift Current and Moose Jaw, Brooks and Medicine Hat, I observed a more helpful feeling than a year ago based on a larger crop, freedom from widespread "calamity" conditions, prospects of better commodity prices. The general impression is that money was being spent more freely, goods moving better, more people in town shopping, fewer unemployed.

These general impressions are bound to be unconvincing unless supported by cold facts. Where one visitor might sense an improvement in sentiment or business, another, with a more sluggish liver, might see exactly the reverse.

Sees Favorable Straws

During the past week, as I went through Saskatchewan and southeastern Alberta, I made note of the following "straws in the wind," indicating which way the economic breeze is blowing:

1. Attendance at the exhibition at Regina—The administrative centre of last year's calamity area—was 6,310 higher at the main gate and 11,264 higher at the grandstand, than a year ago.

2. Last year Regina Exhibition showed a deficit of $33,150. This year their surplus will be in the neighborhood of $1,520.

3. Regina's tax payments for the first month of the tax year were $200,000 higher than a year ago, and amounted to 50.06 of the total levy. In the corresponding month last year only 42.5 per cent. of the total levy was collected. Since the new money for the 1932 crop had not only by that time got into circulation, the obvious conclusion is that while Regina taxpayers probably had as a whole less money this year than last, they have stopped hanging fearfully on to every cent, afraid that when that is gone there will be no new money to replace it.

4. Even before actual harvesting got under way in Saskatchewan there was a market improvement in the demand for labor. For the week ending July 30 the government employment offices found work for 453 men and 163 women, and the following week for 483 men and 163 women. These figures were almost double for the corresponding weeks of a year ago.

Dollar Wheat

5.—There is a tendency in the west to lighten the economic burden from the farmers' shoulders by offering him better than market price for his wheat. A Briercrest merchant is taking in loads of wheat in exchange for bad debts, allowing the farmer $1 a bushel. The Saskatchewan government has followed suit by announcing to farmers that in payment of their obligations to the Saskatchewan Relief Commission, the following prices will be allowed:

Wheat, 70 cents on basis No. Fort William (this is about 12 cents a bushel over today's quotations).

Oats, 34 cents, barley 41 cents; rye 42 cents; flax 82 cents. (These prices mean average premiums of five cents a bushel on oats, seven on barley, ten on flax, and six on rye.

6.—Another hopeful feature is the discovery many farmers are making that with lower labor costs, lower twine costs, the use of the combine, and other labor-saving devices, they can cut harvesting costs to the point that even 40 cent wheat (at the local elevator) will leave them a lot of money to meet running expenses, taxes, food, clothing and fuel. It is too soonto say that the average farmer can raise wheat for 40 cents, but here and there under favorable circumstances farmers are saying that with this year's fair to good crop they can at least break even at that figure.

Profit at 40 Cents

7. J. A. Johnston, secretary of the Brooks Co-Operative Association, told me recently he had noticed in the past three weeks a remarkable improvement in the sentiment of their members. A year ago they seemed to be in a hopeless mood: now they are saying that with any improvement in prices they will be able to clear off their book debts this fall.

8. Here's another day of sunshine: In view of the alarming statements sometimes made about indebtedness of western farms, some speakers placing as high as 80 per cent of the farmers hopelessly bankrupt, a recent survey by the Debt Adjustment Bureau at Regina over a score of municipalities picked at random throughout the province, showing from 30 to 61 per cent (average perhaps 50 per cent) of the farms without encumbrancof any kind, makes enheartening reading. With an upturn in the early future, there is still prospect of the majority of Saskatchewan farmers keeping their heads well above water.

PLANE AND SHIP ARE WARNED AWAY

Lighthouse Built on Almost Inaccessible Island for Benefit of Trans-Atlantic Aviation.

STOCKHOLM, Sweden, Aug. 25 (By The Canadian Press)—A spectacular engineering feat carried out in the face of almost insurmountable hardships and difficulties was performed by a subsidiary of the Swedish Aga Company, in building a light-house for aviation and shipping on a desolate reef off the Brazilian coast.

The work was carried out on the almost inaccessible islands Penedos de Sao Pedroe Sao Paolo and it was primarily the needs of transatlantic aviation that decided the Brazilian government to have this light-house constructed. Owing to the great difficulty in landing on the rugged and forbidding rocks the only possibility was to select an Aga beacon, the well-known invention of Dr. G. Dalen, blind Swedish Nobel prize winner who lost his sight while experimenting with the accumulation of gas needed for these lights.

The Aga beacons through an ingenious device, called the "sunvalve," function automatically, extinguishing at daylight and lighting at dark or in a fog without being touched by a human hand for more than a year. When the gas mantle is burnt out it is automatically replaced.

Besides this light-house, said to be one of the most powerful in the South American waters, a reserve beacon has been built on the same islands and constructed so as to function automatically if the main light should go out of order. A third Aga light-house intended for the same flying route has been built at Calcanhar in the state of Rio Grande del Norte at the point where the aviators arrive at the coast of Brazil.

The members of the building expedition when trying to land were met by a suffocating smell of guano which they were forced to dig away before laying the foundation. The heat was terrific and the men lived on fish, dried meat, beans and rice for months. The fish was so abundant and easy to catch that a humorous member of the expedition baptized it "Me Pega por favor," meaning "be so kind as to pull me up." For the foundation 60 tons of concrete and 10 tons of water had to be carried up the steep side of the rock more than 50 feet high.

There's even a difference in the *fresh aroma*

KELLOGG'S Corn Flakes have such a delicious aroma that you'd be sure to choose them if you compared them with others, just on the strength of opening the packages. And of course there's a *big* difference in the taste and crispness.

Kellogg's are the very best corn flakes possible to make and they are protected by a sealed WAXTITE inside bag that brings them *oven-fresh* to your table. This feature is patented!

Kellogg's guarantee you the highest quality and satisfaction. Look for the red-and-green package. Made by Kellogg in London, Ontario.

Leading markets for United States aircraft, including China, Mexico, and Turkey, are all countries which have been visited by well-known American aviator-salesmen who demonstrate their planes.

Automobile transport has increased so extensively in Anglo-Egyptian Soudan that it is outrunning expansion of roads, machines being able to traverse almost any section of the country in dry weather.

Storms have injured Honduras bananas.

HEAVY HARVEST OF GRAIN SEEN AT MEDICINE HAT

Alberta Section Once Largely Abandoned Shows High Production.

BRIGHT OUTLOOK.

Fewer Farmers But Land Returns Increased Yield.

By WILFRID EGGLESTON,

ORTON, Alta., Aug. 25—(SNS)—Fortune plays some queer tricks on the prairie. In the days when the Moose Jaw country was rolling in wealth derived from a succession of bountiful wheat harvests, this Manyberries area (south of Medicine Hat in the extreme southeastern part of Alberta) was being rapidly abandoned by a disgusted people as a region only fit for sheep-ranching. Now, while large areas in Saskatchewan, once regarded as without peer for wheat farming, are staggering under their fourth successive crop failure, this "abandoned" country is rejoicing in a good crop. I was told to-day that this small railway point will ship 250,000 bushels of wheat, and I suppose Manyberries, six miles east, will ship another 300,000.

The moral of all this may be that it is the persistent who inherit the earth. At any rate, it was the few faithful who refused to leave when all their neighbors "pulled out" a few years ago who are now benefitting from the heavy harvest which the numerous rains of this summer have brought them.

When I last saw this part of the prairie, eight years ago, every trail north and west was busy with farmers trekking it to better lands, in the Peace River country, around Edmonton, Red Deer, the Foothills or to irrigated regions. I knew that at least 80 per cent. of the original settlers had left their locations. I was to-day amazed at the number who left for a time and later, finding it no better elsewhere, came back again. I was astonished, too, to find how much land was being cropped. I don't suppose there are a third as many farmers in this country as there were sixteen years ago, but judging from a casual inspection of the country, I would estimate that half as much again is in wheat this summer as was then.

Another surprise — considering that this country was so thoroughly abandoned once—was the enthusiasm and high spirits of those who remain. All those I talked to to-day were satisfied with their lot, and apparently content to stay here till they die.

Low Ebb of Fortune.

This country was taken from the cattle and horse rancher in 1910 and thrown open to the homesteader. A heavy migration followed—from the British Isles, Ontario, Minnesota, North Dakota and Idaho principally—until by 1914 all the desirable homesteads were taken up and there were from one to four settlers, many with their families, on every section of land.

Two heavy harvests in 1915 and 1916 coincided with the coming of the railway, and this whole country underwent a boom which carried it to the highwater mark. Even so modest a settlement as Orion had at that time four general stores, a hardware store, a drug store, a bank, two livery stables, two lumber yards, four grain elevators, a large garage, a dance hall, two pool-rooms, several implement agencies, three restaurants, a consolidated school, a church and 15 to 20 residences.

Then, beginning with 1917, came a drought cycle which lasted eight years. Summer after summer rains were so light that even the best farmers were unable to make both ends meet. Abandonment began about 1918 and reached its peak about 1924, at which time not one in five of the original settlers was left. Those who left declared that it was a mistake the country was ever taken away from the rancher. The town of Orion dwindled year after year until at last there was only one store, a Chinese restaurant and a post-office left—little more. One business man ran the one remaining lumber yard and implement agency as well as taking care of the store. Pakowki, six miles west, once a flourishing community, completely disappeared. The country seemed to be going back to the state when the buffalo roamed across it, completely deserted and uninhabited.

That proved to be the low ebb of its fortunes. The summer following the general abandonment, rain began to fall again with greater frequency, and those who clung on were rewarded. Some of those who went away to other regions found it was no better elsewhere, and returned. Many of them came back to find their abandoned places taken up by those who had remained, and they cursed the day they had been so misguided as to leave. They were compelled to start over again in an unfamiliar location.

EPOCHAL FLIGHT ENDS IN NEW BRUNSWICK.
"Heart's Content," light monoplane piloted by J. A. Mollison, famed British flier, came to rest near St. John, New Brunswick, after its pilot had fought doggedly through fogs in an endeavor to reach New York. "I'm very tired," he said.

STILL MORE CARE *for your Protection*

CARNATION is "Protected at the Source" through the fostering of better dairy stock. Then, Carnation field men check and re-check dairying methods used to produce milk destined for Carnation condenseries. And then comes still more scientific testing until the can is finally hermetically sealed. In cooking Carnation makes favorite recipes better. Use it with coffee, fruits and cereals. You'll find Carnation economical. Approved by highest medical authorities for baby feeding—that's how good it is!

FASCISTS FIGHT TO SAVE FRIENDS

Demonstrations Against the Death Sentences See 20 Injured in Riots.

NEW DECREES ISSUED.

BEUTHEN, Germany, August 25 (C.P.).—Rioting which followed Tuesday's death sentence against five Fascist political slayers continued through last night, and at dawn to-day 20 persons had been injured in varying degree.

Street fighting continued spasmodically following the attempt of a group of Adolf Hitler's National Socialists to stage a demonstration when the rumor spread that the five condemned Hitler followers would be taken from the local jail to a penitentiary. During the struggle with police, windows in several Jewish stores were smashed with stones.

Meanwhile, Premier Lukaschek of Upper Silesia issued two decrees intended to cope with the situation. One forbade transportation of political groups in huge busses, and another prohibited political harranguing in the streets. The penalty was a fine of 150 marks (about $40).

The five Nazi followers were convicted in a "speed court" of the murder of a Communist in the disorders that marked the latest German election campaign.

URGES VICEROY IN SCOTLAND

Nationalist Also Demands That King Be Crowned in Edinburgh.

EDINBURGH, Scotland, Aug. 25—What Scotland needs, said Robert Bontine Cunninghame Graham, leader of the Scottish Nationalists, here to-day is a king crowned in Edinburgh as well as at Westminster, with a member of the royal family permanently in Edinburgh as Viceroy. Mr. Graham spoke at a Nationalist demonstration at Elderslie.

"The Scottish Nationalists," he said, "have created such an atmosphere in Scotland that no parliamentary candidate — Conservative, Liberal, Labor or Communist—dares answer 'No' to the question, 'Are you in favor of home rule for Scotland?'"

A dark picture of Scotland's condition was painted by William Power, author and journalist:

"If you wait ten, fifteen or twenty years without forcing the issue of home rule for Scotland, then Scotland will be gone altogether," he said. "The people of Scotland view the future with despair. Agriculture is almost paralyzed, fisheries are diminishing, and trade and commerce are dwindling. The whole nation is in danger."

BLAST FAILED

TORONTO—An apparent attempt to destroy the Canadian National Railway bridge at Oakville near here, was discovered early today. Several sticks of dynamite were found under the bridge.

ENGLISH VILLAGE AN IDEAL PLACE

Harrow "Head" Warns Danger of People Becoming Mechanised.

THE URGE FOR SPEED.

WEMBLEY, Eng. — A warning against the dangers of a completely mechanised world, with human beings turned into soulless machines, was uttered by Dr. Cyril Norwood, headmaster of Harrow School, when he laid the foundation stone of the new church at Wembley recently.

"We in this country, in this city, are in a new and dangerous position," he said. "There is a flood of building going on all round London, and these new suburbs are being built without the needs of community life being satisfied.

"An ideal community is the old English village, or a small town surrounded by the open country.

"When human life is divorced from access to God's earth, artificial conditions are set up and mischief begins.

"It is possible for men and women in this age to become mechanised units in a mechanised state.

"But beneath this there lies a greater danger. If you leave out the things of the spirit almost at once you feel that you have no control over the conditions which make you what you are.

"You can earn salaries or you earn a wage. Your place can be filled by some other unit at any moment. You are no more than a mechanised unit whose life does not satisfy its individuality.

"Just because of the monotony of ordinary life we try to break that monotony by turning to excitement.

"That is the appeal of the pictures, which, after all, is only mechanised drama, romance out of the machine, as a means of escaping for an hour or two from the realities of our monotonous life.

"That is the appeal of gambling —the gambling on greyhounds, the Irish Sweepstake and the appeal of speed.

"It is curious that when things are a bit wrong the appeal to speed is always very strong, as though by getting up and going somewhere else we can escape from ourselves or find better conditions.

"The cure of it lays not in changing the world or the conditions of the world, which we cannot change, but by accepting them, transmuting them and changing them by religion."—The People.

CHINOOK WINDS MADE TO ORDER

Scientists Manufacture Weather to Test New and Better Varieties of Wheat.

OTTAWA, August 25 (C.P.). — "Chinooks," the warm dry winds which sweep through the passes of the Rocky Mountains on the Prairies, particularly in Southern Alberta, can be made to order now.

The made-to-order Chinooks will not sweep the Western Prairies, however, but in a glassed-in chamber, used at the University of Alberta, by experimenters of the National Research Council of Canada. The apparatus, constructed by the research workers, is similar to that used by Dr. V. V. Talanov, one of the Russian experts seeking to develop drought-resistant grain plants.

It consists of a glassed-in chamber connected with a flue to a heating apparatus. Fans for wind blasts and equipment for temperature and humidity control are placed in the flue.

Plants to be tested are grown in the greenhouse or in pots in the field in summer, and then moved to the special chamber where various combinations of wind, temperature, humidity, and soil moisture can be supplied.

In 1926 the University of Alberta received a number of Russian wheat varieties which were developed for growing in areas with a limited precipitation. The varieties have proved to be superior to Canadian grain plants in resistance to drought, but are very inferior in certain other agronomic traits, especially quality.

In 1929 Dr. O. S. Aamodt, Professor of Genetics and Plant Breeding at the University of Alberta, started a breeding program by making nine crosses between the Russian varieties and local strains which are superior in those characteristics in which the Russian plants are inferior. The hybrid material developed in this way has reached the segregating generations and now an intensive study is about to begin. The field tests are being conducted at Brooks, Alta.

PLAN TO DEVELOP NEW HUMAN TYPES

Medical Skill and Policy of State Cure for Defectives to Aid.

(By F. B. Colton, A.P. Science Writer)

ITHACA, N.Y., Aug. 25—Medical skill and the policy of state care of defectives probably will lead to future development of far more "types" of humanity than now exist, it was predicted to-day before the International Genetics Congress.

The new types,—actually irregularities of variations from normal types—will result from man's increasing ability to help the irregular types to survive, it was foreseen by Dr. C. B. Davenport of the Carnegie Institution of Washington.

More of these irregular types already have been preserved in the human race than would be possible in most other species, he explained, because of man's capacity for adjustment to physical handicaps and harmful surroundings.

Small families, consisting of only one to three children, are making it difficult to study workings of heredity types in human beings, Dr. Davenport said. The small families do not provide a clear picture of how human traits are passed on from father to son.

Many human traits, he explained, are controlled by three or more genes—the microscopic character determines that live in every body cell. Inheritance of traits that are passed on through these multiple mechanisms of thre or more genes is exremely difficult to trace.

At a cost of $1,000,000 the Waimakariri river in Australia has been given a steeper grade on its lower reaches so as to allow freer passage to the sea and minimize the danger of flooding.

ACCUSE DOCTOR OF PLAIN GRAFT

New York Medical Board Hears Charges Against Mayor's Brother.

MEDICAL RACKET.

NEW YORK, August 25 (C.P.).—Charges of "plain, ordinary graft" were made yesterday against Dr. William H. Walker, brother of Mayor James Walker, with the statement that he was "a symptom and sample of a great medical racket."

As the renewal hearing of his brother continued in Albany, Dr. Walker saw action begin here directed toward revoking his medical license.

His case and those of four other physicians were taken up in a preliminary session of the State Board of Medical Examiners Grievance Committee. He did not attend.

Paul Blanshard, executive director of the city affairs committee, outlined the charges, but said he had no wish to make Dr. Walker an isolated victim, for he was only the "symptom of a great medical racket."

"It would be as silly to remove him without getting at the racket as it would be to sew up a wound with proud flesh underneath," he added.

E. Michael White, counsel for the city affairs, said the city compensation practice in three years and a month amounted to $316,001, of which Dr. Walker got half, and charged that taxpayers had been "overcharged and defrauded" by padded bills and alleged services never received.

"The city paid some of these doctors in a number of cases for fake services described by fake bills," Blanshard said.

The preliminary session ended in the decision of the board of examiners to take the charges under advisement and hear the evidence in executive session.

Drouth is cutting down Brazil's cotton yield.

C.D.S. FRIDAY BARGAINS

BACK-TO-SCHOOL SPECIALS BARGAIN FEATURES!

Girls' Sela Silk Dresses

Nicely made and neatly styled, these are ideal Frocks for the school miss. They feature the new up-to-date trims and patterns. Sizes 11, 13, 15, 17. Each..... 2.95

—Basement C.D.S.

THE CANADIAN DEPARTMENT STORES LIMITED

"Good Morning, You Know Me"

Polite Detective Arrests Absconding Cashier.

KINGSTON.—When Thomas Victor Insall-Jones, aged thirty-nine, was charged here with stealing £900 11s. 11d. belonging to his employers, James Burn and Co., of Esher.

Det.-Sergt. Turner said that he kept observation at Babbacombe, near Torquay, and saw Insall-Jones come out of a post office.

He followed him, and said, "Good-morning, Mr. Insall-Jones. You know me?"

The man replied, "Your face is familiar," and was then told he would be taken into custody.

After being cautioned, Insall-Jones said, "I shall say nothing about it. I can guess how you found me."

When the warrant was read Insall-Jones said, "I shall not say yea or nay."

He was remanded in custody for a week.

Terrible War Device Given Red Officials

NEW YORK, Aug. 25—Lester P. Barlow, military engineer and inventor of Stamford, Conn., announces he has given the Soviet Government the secrets of a war device so terrible it makes all armaments futile—because, he says, the Soviet Government was the only major power to take a stand for complete disarmament. His invention, he claims, enables high explosives, phosphorous fire and lewisite gas to be dropped on an object from a base 1,000 miles away.

Norway is planning to give its trust-controller power to increase prices when necessary to prevent cut-throat competition on the part of large organizations trying to drive competitors to the wall.

Argentina is the largest buyer of American pigmented lacquers.

Fibre board with surface glazed to resist moisture has been invented.

For a short time only—THIS BARGAIN at your Grocer's!

Crosse & Blackwell's Relish Regular Price .35

A New DUTCH OVEN · Regular Value $1.50

Total Regular Value $1.85

both for 99¢

HERE'S a bargain if ever there was one. This heavy steel self-basting waterless cooker is endorsed by leading women's magazines. It cooks foods in their own juices, without water, thus preserving all the natural flavor, vitamins and mineral salts. It holds a 5-pound roast, and will make the toughest meat tender. An entire meal may be placed in this oven and left to cook over a slow fire all afternoon. At any store you'll pay $3.50 for a similar oven.

The new Crosse & Blackwell's Sandwich and Table-Pickle-Relish is a delicious spicy combination of the finest garden products. You'll love it with meats of all kinds. You'll find it makes the most tasty sandwiches. To introduce it to you, we are offering this remarkable bargain. The oven and large jar of relish for 99c.—scarcely more than half the regular price.

This bargain is waiting for you now at your grocery store.

A Delicious Sandwich and Table Pickle Relish

It isn't sweet, but it isn't sour. It isn't tart, yet it has a tantalizing tang. It hasn't any comparable flavor because it's a blend of flavors. It is made of the finest garden products mixed with spices and aromatic vinegars. Served with cold meats or as a sandwich spread it will revive the most jaded appetite. Try it—just try it.

This big, economy jar of the new Crosse & Blackwell's Pickle Relish is a bargain in itself. Formerly priced at 25c. for 8 oz., you now pay only 35c. for a 24 oz. jar.

NOTE TO RETAILERS Order Through Your Wholesaler

Crosse & Blackwell's RELISH

"FINEST ENGLISH QUALITY AT A POPULAR PRICE"

ART TREASURES TO BE CARRIED ACROSS CANADA IN EXHIBITIONS

Will Give Remote Communities Opportunity to See the Best Pictures.

STIMULATE YOUNG PEOPLE

TORONTO, Aug. 25.— (Canadian Press.)— An important new movement in Canadian art was described at a club meeting here by Captain E. Page Gaston, F.R.G.S., of the Museum Galleries, London, who revealed, for the first time, plans which have been perfected for a chain of art galleries to stretch across the Dominion from sea to sea.

"I have just arrived from England, where consultations have been had with prominent Canadians for several years on this great undertaking, and the time now seems auspicious for a definite start," said Captain Gaston afterwards. "I am making preliminary showing, to illustrate the idea, in the Fashion Show building of the Canadian National Exhibition, by arrangement with H. W. Waters, General Manager, and other officials of that highly artistic exposition.

"During previous travels and lectures in Canada, I have been impressed with the innat love of art among your people and also with the spare facilities which exist in many communities for its cultivation. This lack is specially apparent in the remote agricultural and mining regions, but their isolation only adds to the desire of the people for the cultivation of a taste for the rare and beautiful.

"The large cities of Canada possess notably fine public collections, but my mind goes out to the small communities, few of which possess even a nucleus of real art. It is my abition to supply this need. A travelling exhibition of handicrafted reprediuctions of the world's most famous masterpisces in art of all periods has been arranged for, and any community wishing for this loan of these rare pictures will be freely advised.

Stimulate Young People.

"A special desire is to stimulate the artistic sense of the young people of Canada. This is being done remarkably well by the Hon. Vincent Massey, by R. Y. Eaton, A. H. Robson, D. H. McDougall and Fred Haines as the directors of the Toronto Art Gallery, where more than 27,000 children attended classes last year. These happy things might be duplicated, to a lesser extent, in many other places. Canada is so rich in its nature scenes, French, Red Indian and rontier types that one will expect these young limners to worthily carry on the fine traditions which have been set by past and present artists of this country.

"In lectures delivered at Oxford, and other European and American universities and colleges, I have found that students make a wonderful response when art is presented in popular form. Arrangements are under way for me to deliver a series of free illustrated lectures at some Canadian universities and colleges during the coming autumn and winter.

"When addressing Rotary, Kiwanis and other service clubs," said Captain Gaston, "I have endeavored to stimulate such organizations to sponsor the formation of an art gallery and museum in their towns, if those are not already in existence; or to add to those already in being. The public library, high school or community centre is usually available, without expense, for housing such a collection. However small it may be to start with, it is wonderful how such a movement may grow, by the formation of a widely representative committee.

"Women's clubs and institutes, and other social organizations, can also usefully serve as clearing houses for gathering together old paintings, engravings, maps, books and other articles having to do with former times in their communities, and elsewhere. It is surprising what can be accomplished by individual or collective effort, and almost any local museum or art gallery can be greatly enriched by this means.

"Many people," Captain Gaston pointed out, "possess rare (and perhaps as yet publicly unexhibited) articles of local or general historic interest which they would, oftentimes, be pleased to present or loan to such a collection, if invited to do so. It is a matter of personal gratification that I have been able to save from oblivion a number of ancient documents and other antiques of almost priceless value for posterity. Perhaps the same can be done on an extended scale in Canada also; but while cultivating a love for the old Masters, don't forget to buy the work of living Canadian artists of ability as well," he concluded.

To The World

(Mrs. A. T. Calder)

O selfish world, full well we know
That the kind favours, you bestow
Are faint, and few,
Your fairest gifts, as soon decay,
As in the sun's first radiant ray,
The sparkling dew.

All those who trust you, find how vain,
Delusive is your siren strain,
A phantom shade,
Mongst your frail votaries, are none,
By your deceitful, flattery won—
And not betrayed.

Well too the sacred page, has taught
The sons of men, to love thee not,
Your gold or gear—
For you are but a smiling friend,
To those, who on your step's attend,
And hold, you dear.

Your pleasures, and your goods are bought
At the expense, of toilsome thought
And many a sigh—
Ah, what the gain, at life's great goal
To win the world, and lose the soul
And life on high.

Foreign countries within telephone reach by the United States will number 45 by the end of this year.

Season's Alluring New Sports Costumes

HERE'S WHAT PARIS HAS TO OFFER.

(1) A smart knitted costume which is just the thing for sports wear in the new mode. (2) This knitted beret and sweater to match is one of the new ideas in the Paris winter collections. (3) A modish costume seen recently at the racetrack in France. Note the deep cut under the arms.

FASHION SERVICE

3031

Even the most impatient home dressmaker could scarcely ask for anything quicker to run up than this charming blouse.

For all its intense simplicity, it's adorably smart. The ruffling adds a dainty touch.

HEAVY SHORTAGES REVEALED IN MANITOBA UNIVERSITY FUNDS

Total Runs Into Several Hundred Thousand Dollars, Govt. Audit Shows.

BURSAR'S DEPT. SHORT.

WINNIPEG, Aug. 25.—(CP).—Shortages in the funds of University of Manitoba, which it is believed will amount to several hundred thousand dollars, has been disclosed by an audit conducted by Manitoba Government authorities, it was learned yesterday. Irregularities were found in the books of the Bursar's department.

Irregularities extending over a number of years in the handling of the university's endowment funds are said to have partially depleted the endowment trust fund of the institution to an extent which will not be definitely known until further inquiries are made by the office of the comptroller-general's office.

Bursar of the university and also chairman of the Board of Governors is J. A. Machray, K.C., of Winnipeg.

The total value of endowments and investments in the hands of the university was placed at $1,661,000 in the last financial statement. Endowment funds said to have been depleted include the Dominion Government land fund, the Rockfeller grant, yielding about $35,000 annually; the Isbister fund of $130,000 and a number of smaller funds and prize holdings.

STOLEN GINSENG ROOTS ARE RECOVERED IN CAFE

LONDON, Ont., Aug. 25.—Ginseng roots alleged stolen from Dr. Brown's garden on the highway near Woodstock, were recovered by police yesterday in a raid on the Crown Cafe yesterday.

Sixty-five pounds were found in all. Chinese at the cafe declare they purchased it from a transient at 35 cents a pound. The market value is in excess of one dollar a pound.

Ginseng is grown almost entirely for Chinese consumptives. It is highly regarded by the race as a whole, for supposed medicinal value.

DRUG STORE PROBLEMS WORRYING ASSOCIATION

TORONTO, Aug. 25.—(CP).—Judging from the problems sent in to pharmaceutical colleges, the younger generation of pharmacists in drug stores seem helpless, according to G. A. Burbridge, Halifax, president of the Canadian Pharmaceutical Association.

In some case, at least, the very fact that they are problems to the drug store shows a deficiency in the drug store, he said. I wonder if we are succeeding in imparting the science and art of pharmacy, knowledge of drugs and skill in compounding them.

TOMATO JUICE IDEAL DRINK

Sudden Rise to Popularity One of the Phenomena of Age.

VERY REFRESHING

The sudden rise to popularity of tomato juice is one of the phenomena of the age according to records kept by the Dominion Fruit Branch. Still more remarkable is the fact that people took so long to discover the value and outstanding thirst quenching qualities of this pre-eminent health drink.

The reason why tomato juice is so refreshing is the peculiar chemical composition of the fruit. Most fruit juices in their natural state are either too sweet or too acid. Th one case the juice must be diluted before it is drunk, with consequent loss of potency; in the other, large quantities of sugar must be added, which tends to add to the thirst rather than quench it. In tomato juice, however, as in no similar beverage, there is found just the right balance between sugar and acid, so that no treatment of any kind is necessary for the average taste.

Tomato juice in any form is refreshing and beneficial to the health but it is best and cheapest when made at home from fresh fruit. This is particularly so just now when tomatoes are so reasonably priced and in their prime. Tomatoes put up by the cold pack method keep perfectly and are ideal for making juice during the winter months. For this purpose, place the tomatoes solidly in clean cans or wide-mouthed jars, add 2 level teaspoons of salt, partly seal the cans or jars and immerse in warm water. Bring the water to the boiling point and keep it boiling briskly for 25 minutes. Remove from the water, completely seal, and allow to cool.

SUN RIPENED PEACHES BEST

Give the Family a Treat by Serving Peach Shortcake.

FINE QUALITY THIS YEAR

Everyone knows that the best fruit is that which reaches the table direct from the farm. It is for this reason that Canadian grown peaches, now so plentiful, possess a natural flavor and lusciousness often lacking in the early season imported varieties. Practically all imported peaches have to be picked before they are ripe, shipped long distances and allowed to mature in the box. Canadian peaches, on the other hand, are grown reasonably close to centres of population, reach market much more quickly and can be left on the trees until they are in perfect condition for shipping.

The quality of the peaches this year is exceptional, according to reports received by the Dominion Fruit Branch. They should be served freely not only because of their appeal to the palate but also because they are very beneficial to the health, being rich in minerals and vitamins.

Peaches are particularly welcome at breakfast, served either raw with cream and sugar or mixed with the morning cereal, and for lunch and dinner they can be prepared in countless different ways. A bowl of sliced peaches served with cream and sugar is a feast for the eyes as well as the palate. This is important, as dietitians claim there is a close relation between the appearance of a dish and its digestibility. And now that the strawberry season is a fond memory, give the family a special treat by serving peach shortcake, not forgetting to provide a liberal coating of thinly sliced fruit for the top.

GREAT IRRIGATION COUNTRY

BOMBAY, India, Aug. 25 (By The Canadian Press)—India is now the greatest irrigation country in the world.

Recent completion of the great Sukkur barrage across the Indus River in northern India, which cost $75,000,000, makes a total of 80,000 miles of canals in the country irrigating 45,000,000 acres.

One of India's larger projects irrigates more land than the total area irrigated either in Egypt or the United States, which are the next largest irrigation countries in the world.

The United Kingdom has invested more than $625,000,000 in this vast network of irrigating canals.

The annual value of the crops raised by irrigation is placed at $800,000,000.

DEATH IS MOURNED

VANCOUVER, B.C., Aug. 25 (By The Canadian Press) — Ronald Mackenzie's premature death in a motor accident at Beauvais, France brought sorrow not only to the actors who are presenting his first play, "Musical Chairs," in London, but also to newspapermen of Vancouver and Victoria.

Mackenzie served for some years on the editorial staff of the Vancouver Province, and later with the Victoria Colonist.

His play, like the story of his own life, dealt with the struggles of a brilliant young man through hardship and poverty, only to win recognition at the moment of his death.

Boxing matches and motion pictures are now the preferred types of amusement in Paris.

FILM LINK-UP IS ANNOUNCED

Agreement Made Between British and Dominion Corp. and United Artists.

AIM-BETTER RELATIONS

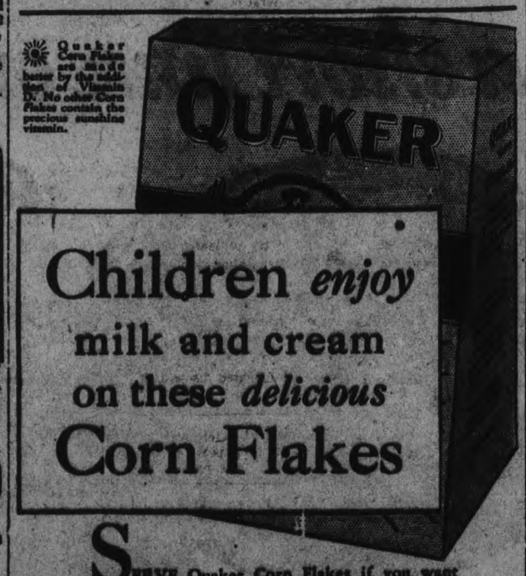
TORONTO, Aug. 25.—(CP)—An international alliance, in which British and Dominions Film Corporation of London and United Artists Corporation of New York become associated for the mutual distribution of their films was announced here yesterday. The announcement was made simultaneously in London, New York, Washington and Hollywood.

Joseph M Schenck, president of UA., declared the American market is always open for British films. He had seen British producers develop into a great place in the sun and had always been swayed by thoughts of free interchange between the nations.

More cordial relations between the English speaking peoples would be developed as the result of the alliance, he believed. The British and Dominions will design pictures to exert more universal appeal.

United Artists will release British and Dominions pictures in Britain, Canada, Australia and India.

Quaker Corn Flakes are made better by the addition of Vitamin D. No other Corn Flakes contain the precious sunshine vitamin.



Children *enjoy* milk and cream on these *delicious* Corn Flakes

SERVE Quaker Corn Flakes if you want your children to take all the milk and cream they need. The rare flavour of these crisp golden flakes tempts young appetites. Mothers know their children need no coaxing when they offer them this delicious cereal.

More subtle and enticing than other corn flakes . . . for the flavour is of higher quality than it is usual to put into a corn flake. Special malt, pure CANE sugar and salt of crystal purity give Quaker Corn Flakes a finer flavour. All the original crispness and flavour are preserved for you by our triple seal and wax wrapper.

Give the children all the Quaker Corn Flakes they want. Rich energy food, light and easily digestible at any time of day. Economical, too, for Quaker Corn Flakes cost less than a cent a serving. MADE IN CANADA.

NEIGHBORLY NOTES

Please phone items to 1600 or 1601

Mrs. W. M. Roger, of Walkerton, formerly of Peterborough, has been spending the last three weeks at the Y.W.C.A., Simcoe Street, and has been renewing old acquaintances. A banquet in her honor was tendered by the Berean Bible Class and the Helen Roger Auxiliary of Knox Church, when about eighty guests were present. Mrs. Rogers leaves for Walkerton on Saturday.

* * *

Mrs. M. S. Jameson and daughters Joy and Shirley, of Inglewood, who have been visiting the former's parents, Mr. and Mrs. S. Middleton, George Street, have returned to their home. Mr. M. S Jameson, accompanied by his parents, Mr and Mrs. W. J. Jameson, of Inglewood, spent the week-end guests of Mr. and Mrs. Middleton, Mrs. Jameson returning with them.

* * *

Mrs. L. Riley, Mrs. E. Hollingsworth, and Miss Geraldine Riley spent part of last week with Miss Beatrice Grovelle and Miss Stella Riley at Thurstonia Park.

* * *

Mr. and Mrs. R. M. Glover have returned from a pleasant visit with Mr. and Mrs. C. C. Perry, of Proctor, Vermont.

* * *

Mrs. Steve Gaskins and daughter, of New York, are the guests of Mr. and Mrs. Stanley Matchett, 173 Hunter Street East.

* * *

Mr. Kenneth Little, of Millbrook, is visiting Donald Menzies and other friends in the city.

* * *

Mr. and Mrs. Stanley Matchett, Hunter Street East, are spending a few days in Toronto.

* * *

Mrs. W. S. Greenly, of Oshawa, has returned home after spending a week with her uncle and aunt, Mr. and Mrs. A. E. Micks, at Linger Longer Lodge, Chemong Park.

* * *

The members of the staff of the Kresge Store were entertained yesterday by two of their associates, Miss Stella Riley and Miss Beatrice Grovelle, who are holidaying at their cottage at Thurstonia Park. A pleasant time was spent in swimming and dancing at the Pavilion, with supper and a corn roast following.

* * *

Mr. and Mrs. M. L. Campbell, of Detroit, are visiting at the home of the latter's son, Mr. and Mrs. H. A. Baptie, 45 Sophia Street.

HEROIC ACTION SAVES TINY GIRL

Motorman of Speeding Flier, Clinging to Pilot, Snatches Baby Off Tracks.

TOT SUFFERS BRUISES.

LORAIN, Ohio, Aug. 25.—(AP)—Clinging from the pilot of a speeding, plunging limited of the Lake Shore electric interurban line, Motorman Bill Lang, yesterday scooped from beneath the wheels of his car three-year-old Leia Smith as she played on the tracks.

Lang, one of the veteran motormen of the line, had brought the limited about a curve when he noticed what appeared to be a bundle between the rails.

Looking sharply, he saw it was a baby—Leila, playing with her doll, "Elvira!"

Applying the brakes to the car, travelling 55 miles an hour, Lang flung himself through the door and on to the pilot barely in time to snatch up the baby.

Lang brought her into the cab and onto Lorain, where hospital nurses apprised her injuries as little more apparently than a cut head and bruised arm. Lang took the limited on to Toledo.

Italy is taking more American cotton than last year.

GENERAL GIVEN DEATH SENTENCE

Most Famous Spanish Soldier of Modern Times to Die for Leading Revolt.

FRIEND GETS 12 YEARS.

MADRID, August 25 (C.P.).—Jose Sanjurjo Sacanello, one of the most famous Spanish soldiers of modern times and commanding general of the army, was sentenced to death to-day for leading a rebellion against the Republic.

A mixed civil and military tribunal of the Supreme Court reached the verdict after 20 hours of deliberation, while the nation waited and demonstrations for and against the hero of Morocco were restrained with difficulty by Government forces.

General Sanjurjo's life-long friend and companion-at-arms, General Herrans, was given a sentence of 12 to 20 years in prison, as was an aide, Lieutenant-Colonel Infantes. General Sanjurjo's son, Justo, a Captain, was freed.

That Body of Yours

By James W. Barton, M.D

THE PSYCHOTECHNICAL SPECIALIST

A few years after the close of the war, school teachers who had taught for a number of years began to find that they were getting more pupils who were difficult to teach or to properly discipline. It wasn't a matter of ability so much, as a sort of restlessness, nervousness, over-sensitiveness, or emotional disturbances.

That the events of the world war upset everybody and everything is admitted, and much of the restlessness or nervousness in these youngsters could be accounted for in this way.

However it was then discovered that a great many of these cases of nervousness were found to be among youngsters who were born during the war. "The horrors, the strong emotions and the sorrows which their mothers experienced had left their mark. They are oversensitive individuals, who try to control or hide their feelings, tremble at the slightest remark, however gently spoken, who are tortured for a continual need for useless movement, and whose impulses are often violent. It is necessary to employ mental hygiene and medical treatment in the case of such individuals, because these nervous cases—neurotics as they are called—can be cured if the origin of the ailment can be discovered."

The school teacher naturally complains of the time and attention these youngsters require, and the results are uncertain. Naturally something must be done in these cases to save the school teacher from wasting time, to open the eyes of the family to the facts and to remove the painful confusion which these unhappy individuals must feel in a society for which they were not made.

In great Britain, the Congress of Technical Teaching has called physicians in and asked them to give expert advice on a choice of a career for students. This means that these students who were born during the war will not only receive the best advice from the technical standpoint as to a choice of a career, but will have, what is equally, or perhaps more important, the advice of a physician with special training in nervous ailments and with a just appreciation of the difficulties confronting such students. These physicians are called psychotechnical specialists.

COURT UPHOLDS BROKERS' CLAIM

Judgment For $4,722 Awarded Hughson Bros. & Co., Ottawa.

SETTLE FOR SHARES.

TORONTO, August 25 (C.P.). — Hughson Bros. and Co., Ottawa brokers, are awarded $4,722 by a judgment of Mr. Justice Garrow at Osgoode Hall in their action against F. W. Macdonald and Co., Ltd., Toronto brokers.

The questions involved in the suit were whether or not the plaintiffs were justified in withholding delivery of certain shares of stock for two years because F. W. Macdonald and Co. had failed to make payment for other shares and whether or not the plaintiffs were within their rights in insisting that two years after the sales of the first mentioned shares the Toronto brokers accept delivery of those shares and settle for them at the prices at which they were quoted at the time of the sales.

REQUEST REFUSED

NEW YORK, Aug. 25 (C.P.) — Tugo Quist, personal friend and former manager of Paavo Nurmi, Finnish track star, said to-day Nurmi had been invited to run in a 10-mile exhibition race at Salem, N.H., Sunday but amateur athletic union officials said sanction for Nurmi to run had been requested and refused.

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

THE THINGS which persons value are seldom the same.

* * * * * *

From the viewpoint of individual judgments it is as true that values differ as that tastes differ. What one person cherishes may be thought lightly of, or at least be unappreciated, by another.

* * * * * *

Also what is held in high esteem by one generation is often thought woefully out of date by the next.

* * * * * *

For these reasons some articles in a home prized by one member of a household may not be thought much of by another member, and such differences of opinion frequently are causes of contention.

* * * * * *

Unless a certain amount of reciprocal tolerance is felt and some respect paid to one another's judgments, the situation becomes difficult.

* * * * * *

So for whatever reason one person cherishes an article, it is wise to pay respect to it.

* * * * * *

This brings us to a consideration of intrinsic worth. There are certain things which by right of excellence of craftsmanship, of rare quality, of artistic merit and beauty and even of antiquity, deserve to be valued.

* * * * * *

Old furniture, for instance, was hand-made, and this puts a value on it. If it couples grace of line with this workmanship, it scores two points in its favor.

* * * * * *

It will be seen that unless persons know subjects they cannot be judges of values. So it scarcely becomes any member of a family to belittle the opinions of others.

* * * * * *

Let each person study and try to learn about the articles, for by so doing she appreciates whether values are real or if memories lend glamor.

* * * * * *

Kindness should temper criticism of the views of others, however much may be at variance with their own.

* * * * * *

It is only in these ways that heated discussions and disturbing contentions can be avoided.

Cost of living in Great Britain is about 43 per cent. above the level of July, 1914.

Germany has 976 daily newspapers which are political party organs.

To Be Wed In September

NUPTIAL EVENT OF EARLY FALL

(1) Mr. Herman Alexander Heine, son of Mr and Mrs Paul Heine of London, Eng., and grandson of the late Alexander Niven, C.E., and (2) Miss Isobel Victoria Hamilton, R.N., daughter of Mr. and Mrs. H. R. Hamilton of Toronto, whose marriage will be an interesting event of early September.

SEE NO CURE FOR CHINESE CHAOS IN WORLD'S PEACE MACHINERY

Japan Announces Intention of Recognizing New Manchurian State.

NOT UNDERSTOOD ABROAD.

TOKYO, August 25 (C.P.).—Outlining her foreign policy, Japan to-day declared the world's peace machinery offered no remedy for the chaotic condition of China, and announced formally her intention to recognize the new Manchurian State, Manchukuo, in the near future.

The declaration was made by Baron Yasyua Uchida, Foreign Minister, before a special session of the House of Peers.

Formal recognition of Manchukuo, the Foreign Minister said, was the only means of stabilizing conditions in Manchuria and establishing permanent peace in the Far East.

There are those in other countries, Uchida went on, who do not fully comprehend the attitude of Japan toward China, nor the measures she has taken.

It is an indisputable fact that the chaotic condition of China and the so-called revolutionary policy carried on by China under the enthralling influence of extravagant political dogma have been principally responsible for the unfortunate turn that international relations have taken of recent years in the Far East.

No Remedy.

It is admitted by those conversant with actual conditions in China that no remedy can be effected by having recourse either to the covenant of the League of Nations or to any other organ of what may be termed "machinery of peace."

Great significance was attached to the Baron's address in view of recent pronouncements by world powers they would not recognize territorial changes wrought through military activity. Japan has interpreted these as an attack on her course in Manchuria.

The Foreign Minister denied any peace treaties had been broken by Japan. The view expressed in certain quarters, the Baron continued, that recognition by Japan of the new State would constitute violation of the stipulations of the nine-power treaty (of 1922) is in my opinion incomprehensible.

ESKIMO PARTY LOST IN ARCTIC

Set Out Over Ice Packs Seeking Ghost Ship Baychimo.

AFTER FUR CARGO.

POINT BARROW, Alaska, Aug. 25. (CP)—The crew of 25 Eskimos who went out to board the "ghost ship" Baychimo early in the week were still missing to-day, and the shifting ice has again carried the vessel out of sight of shore. Two other parties searching for them sent back word they had not found the ship.

Last seen Monday morning, the Baychimo was 15 miles west of here and drifting to the southwest at about three miles an hour.

A strong southerly wind sprang up pushing the ice in nearer shore and making the search difficult.

British Delegates Reach Home Friday

LONDON, Aug. 25. (C. P. Cable) Led by the Lord Chancellor, Lord Sankey, several cabinet ministers with the mayor and councillors of Southampton will greet their colleagues returning from Ottawa when the Empress of Britain docks at noon to-morrow.

It is just one month and 12 days since cheering crowds at Waterloo station and the Southampton docks gave the United Kingdom delegation to the Imperial Conference a noisy send-off. Not all are returning with the leader, Rt. Hon. Stanley Baldwin, as several have stayed behind to get a Canadian vacation.

PREMIER WIRES GREETINGS TO RETURNING DELEGATES

LONDON, Aug. 25. (C. P. Cable) Prime Minister Ramsay Macdonald welcomed the return of the United Kingdom delegation to the Imperial Conference by sending a wireless message to Rt. Hon. Stanley Baldwin when the Empress of Britain neared the Irish coast.

"I hasten, on your first arrival in British waters" ran the message "to give you all heart greeting after your strenuous labors to consolidate the British Commonwealth so as to improve trade. We all appreciate these labors, which will assure you a welcome home-coming."

TO Photograph Eclipse From 4 Miles Above Earth

NEW YORK, Aug. 25.—From an airplane four and a half miles above the earth three men plan to make pictures of the solar eclipse next Wednesday for the Sproul observatory of Swarthmore College. The pictures will be taken over Derby, Vt. Using special equipment, they hope to obtain pictures of the solar corona larger than it has been pictured before, and of the moon's shadow speeding across the earth.

Singing Declared Good For Slimming

SHEFFIELD.—Sir Henry Coward, the veteran world-famous choirmaster, and avowed enemy of jazz, says that singing is the best method of slimming.

"singing," he told me, "makes people grow tall, slender and healthy. The mere breathing exercises in singing are sufficient to make you slim. Sing for symmetry!"

All parents, he added, should spend five or ten minutes every morning singing with their children to make them fit, and keep them free from adenoids and tonsil trouble.

"Even though your voice would disgrace an asthmatic corncrake, sing and be healthy. Let others worry about your voice!"

MINERS COMPEL CLOSING OF PIT

Caravan of 2,500 Invade Northern Illinois Coal Fields.

BASIC WAGE DISPUTE.

PERU, Ill., August 25 (C.P.). — The union coal miners' war upon the new $5 basic wage contract reached a new front to-day when a caravan of 2,500 miners surrounded a pit at Mark, five miles south-west of here, and forced the mine into idleness.

This was the first invasion of Northern Illinois coal fields by the militant miners discontented with the wage agreement reached by union leaders and coal operators.

The miners, unarmed but determined, surrounded the mine entrance. Special guards had been on duty but there was no violence. The night shift left the pit early, and the day workers failed to report.

Nine Toronto Jobless Seek Homes In North

TORONTO, Aug. 25.—(CP)—Tonight nine unemployed married men from New Toronto head for Northern Ontario to carve out a home in the bush under the provincial government's back-to-the-land scheme. Unable to secure employment, the men are seeking a break, gambling on their chance to wresting a living from the soil in the north country. They will pick out homesteads in Henwood township, 10 miles from New Liskeard.

DOROTHY NALEVAIKO OF N. Y. HAILED AS SWIM "DARK HORSE"

Several Newcomers Certain They Can Unseat Margaret Ravior From Throne as Conqueror.

36 IN MARATHON.

TORONTO, Aug. 25 (By The Canadian Press) — Thirty-six fair natators seeking fame and fortune awoke to-day fit and ready to undergo medical examination in preparation for the plunge tomorrow in the women's professional marathon swimming race to be held in conjunction with the Canadian National Exhibition.

Listed among the three dozen probable starters are bronzed entrants from various parts of the world certain they can cover the 10-mile course and earn fame as well as share in the $6,000 prize awards. Stamina has played an important part in sticking to Lake Ontario's icy waters in other years but tomorrow's race promises to be run in waters hovering around 70 degrees.

Margaret Ravior, the human fish from Philadelphia who has headed the pack in the last two C.N.E. grinds, is again picked to duplicate her 1930, and 1931 victories although her opposition this year is considered stronger than in previous swims.

Several newcomers are certain they can unseat the Philadelphia mermaid from her throne. Heading the list are Gertrude Ederle, conqueror of the English Channel, a New Zealand girl, Lillian Copplestone, and Dorothy Nalevaiko, of Glen Cove, N.Y. All three promise to finish near the top while others certain to be in the battle to the end are Ruth Tower Corsan, who has twice finished second in the annual event, Evelyn Armstrong of Detroit and May Looney.

Canadian hopes for a victory in the marathon rest mainly on the shoulders of two Ontario youngsters, Ruth Downing, Toronto, who finished sixth last year, and Lisla Commanda, 17-year-old Indian girl from the French river district.

Lawn Bowling

AT HASTINGS

HASTINGS, Aug. 25. (Examiner Correspondence).—The local bowling greens were the scene of much activity on Wednesday night for two scheduled games in the second half of the local schedule. The local greens situated where they are along the river at the foot of Front street have been drawing big galleries every night.

In the Wednesday night games both teams won by large scores, Rivard winning from Huycke by 34 to 13 getting three six ends in one game to set what is thought to be a record for big ends in one game; in the other game Dodd won from Kelley 22 to 9.

Hastings Rifle Shoot

The Hastings Rifle Club held another interesting shoot on Wednesday night with a good turnout of members; some real marksmanship was shown. Another shoot will take place on Thursday night, also arrangements are being made to hold an all-day shoot on Labour Day.

Germany is using a new liquid fuel of tar oil and coal dust.

Mexico's lumber output is $12,000,000 yearly.

ORDE'S NOSE OUT BRINTONS 8 TO 6

Barbers Stage Belated Rally to Clinch Verdict in Box Lacrosse Game.

Orde's nosed out Brintons, 8 to 6, in a fine game of lacrosse at the Brock last night, the Barbers running in the last couple of markers on some neat offensive work to clinch the contest. Both sides battled hard and fairly evenly, as well as cleanly, and they kept up a hot pace most of the way. With good goal-tending and defence work, the attackers swept up, combining well on rush after rush to give the fans plenty of thrills. The teams:

Orde's—Goal, Meyette; defence, Howe and Hutchison; rover, McLeish; wings, Mein and Routley; centre, Cadd; sub, Francis.

Brintons—Goal, Lebarr; defence Reynolds and Staunt; rover, Firth; wings, Hatton and R. Creighton; centre, Hewitt; subs, Collins and E. Creighton.

Referee—Bud Fisher.

FREEMAN RINK TAKES HONORS AT CANNINGTON

Hendry Bowlers Compete Against Large Field at Norwood to Cop First Prize.

BOWLING NOTES.

Peterborough rinks were successful in two out-of-town lawn bowling tournaments yesterday. Harold Freeman's rink won first prize in the Cannington elimination tourney, while Bob Hendry's won first in the Norwod mixed one. Two local rinks took part in both tournaments.

Twenty-six rinks competed in the Cannington affair, and the winning one consisted of L. Loftus, P. Sexsmith, J. D. Fitzpatrick and Skip Harold Freeman. The other local quartet was made up of F. Dearborn, H. Wood, W. Wood and Skip C. J. Seymour.

There were twenty-two entries at Norwood, with first prize going to the Peterborough team of Mrs. Zeihr, George Tremaine, Mrs. R. Hendry and Skip Bob Hendry. The second rink from here consisted of Mrs. C. J. Seymour, L. Conway, Miss Sedgewick and Skip J. A. McNabb. It was the third tournament in two weeks for Mrs. Hendry, who won two firsts and a second in the three.

In the local Central Ontario bowling play-offs, twelve were entered and the competition, before many spectators, was keen. It has now been reduced to four rinks in the semi-finals, which take place at 7.00 p.m. sharp Friday, Mark Bredin's playing Harold Freeman's, and J. Maynesord's going against Reg. Dyer's. The finalists will meet the same evening, during which time the regular Friday night scheduled games will be played as usual. The regular scheduled doubles take place to-night.

Entries for the doubles of the Central Ontario play-offs here close at 7.30 sharp Friday when the draw will be made, and the first game starts Wednesday at 7.00 p.m., the other game being played at 9.00 the same night. This will bring it down to the semi-finals.

The Central Ontario Bowling League is made up of ten clubs which compete annually for a cup the second W ednesday in September. Each club sends a rink of four bowlers, one of two, and a single one—seven altogether— and these bowlers represent the championship of their own club, found so by an elimiantion competition, in which all club bowlers have the right to challenge, so that the best of them survive the elimination and enter the Central Ontario play. This also consists of an elimination competition until a winner is declared in each section. Last year Ernie Wall of Peterborough, won the singles championship of Central Ontario.

SPORT TAPIS

THURSDAY, AUGUST 25

Girls' Softball

Chontes vs. Park Hill at 7.00 in the Bowl.

Baseball

Belleville at Kingston in O.O.B.L. play-offs (if necessary).

Canadian Wrestler Wins At St. Louis

ST. LOUIS, Aug. 25. (CP) — Earl McCready, Canada, defeated Roland Kirschmeyer after 51 minutes and 52 seconds of their wrestling bout here last night. McCready used a body block to pin Kirschmeyer as he lay stunned near the ropes after missing a flying scissors.

McCready weighed 230 pounds and Kirschmeyer 220.

In another finish match, Sandor Szabo, 208, Hungary threw Tiny Roebuck, 225, former Haskell Institute football player, with a double-arm reverse flying mare after 76 minutes and 35 seconds.

Bethel

Miss Margaret Reid, Reg.N., of Cochrane is spending a few weeks holidays with her parents, Mr. and Mrs. Ben Reid.

Mrs. Dave Garvey accompanied Mr. and Mrs. A. O'Neil and children on a motor trip to Downeyville where they visited relatives for a few days last week, also attended the annual lawn social while there.

Master Jimmy Hope is visiting at the home of his aunt, Mrs. James Eason this week.

Miss Harriet and Agnes Reid have returned home after spending a couple of weeks with relatives in Peterborough.

Master Jack Welbourne of Peterborough is spending a couple of weeks holidays with his cousin, Miss Leona Edwards.

Mr. and Mrs. Stan Dinsdale and children of Toronto are visiting the former's mother, Mrs. Dinsdale of Lang and friends in this vicinity.

Mr. and Mrs. Rob Hope and children were Sunday guests at the home of Mr. and Mrs. James Eason.

Mr. and Mrs. Percy Vansant, Miss A. Fairbrother, Mr. Durrington and Mr. Jack Welbourne, Sr., all of Peterborough were Sunday guests of Mr. and Mrs. Charles Edwards.

ABBEY REBUILT ON FORMER SITE

Buckfast Consecrated in Devon With Papal Ceremony.

25 YEARS' WORK.

LONDON, Aug. 25 (Canadian Press Cable)—In the presence of the Papal Legate, Cardinal Bourne, and many foreign bishops and abbotts, the rebuilt Buckfast Abbey was consecrated to-day, exactly 25 years of steady labor by the monks.

This was the first consecration of its kind in England since the reformation 400 years ago. Cardinal Bourne had the full entourage of a Papal Legate, including three papal chamberlains. His sermon at the ceremony was broadcast throughout the British Isles.

Among the monks stood Brother Paul-Leon Bourra. Expelled from Burgundy with many others, he came to this quiet corner of Devon and bought some land for a few pounds. While gardening 48 years ago he discovered the foundations of the earliest abbey. It had been intended to build only a small Gothic church, but the discovery of the ancient ruins impelled the monks to restore the abbey to its full glory of the twelfth century.

CENTRETON.

Guests at the home of Mr. and Mrs. John A. McAuley on Monday night were Mr. Fred Richardson, Mr. and Mrs. Frank Oliver and daughters Betty and Mary, of Toronto.

Mr. and Mrs. Clarence Brenton and family, of Norham, were recent guests at the home of Mr. and Mrs. Johnson McKenzie.

Mr. Ernest Short and his wife and family of Oshawa, also Miss Alfrieda Milgate, Toronto, have returned home after spending the summer vacation with Mr. T. Milgate and family.

Born to Mr. and Mrs. R. Curtis, on Thursday, August 18, a son.

Nats Defeat Ponies 7-6 to Remain in Running

POINTER STEADY IN PINCHES TO HOLD LIMESTONE SLUGGERS FOR 8 HITS AND 10 STRIKEOUTS

Natitonals Remain in Contention for C.O.B.L. Honors as Result of Win.

MEET AGAIN TO-DAY.

'Peeney' Mills is Heavy Hitter With Two Doubles and Single

BELLEVILLE, August 25.— Belleville Nationals remained in the running for the C.O.B.L. pennant when they defeated Kingston Ponies 7-6. The next game will be played in Kingston on Thursday, and if the Nationals win the series will be tied at two games each, and the teams will toss for the venue of the fifth game.

Kingston loaded the bases in the ninth innings, had a run home and needed two to tie, but Pointer settled away and made the next two hits to the infield, the runners being thrown out at the plate, while the third bounced to Cretney at first. The Ponies went in front in the fourth when they shoved over a quartette of runs on four hits with two errors sandwiched in, but Belleville fought back, and in the sixth tied the score and pounded Jamieson, ace of the Ponies staff, out in the eighth to take a three-run lead, which all but melted by the rally in the ninth frame by the losers.

Jamieson Outpitched.

Pointer outpitched Jamieson, although he was inclined to wildness. He struck out ten and was best in the pinches. Jamieson, on the other hand, was hit hard from the sixth on and retired in favor of Fournier. In his sojourn on the mound he walked one, struck out but two.

"Peeny" Mills was the heavy hitter with two doubles and a single, while Alex Weir had a double and triple.

Kingston only secured eight hits, while Belleville secured fourteen and each case when they were needed.

COBOURG BOWLER HONORED.

COBOURG, Aug. 25.— A happy event took place at Cobourg lawn bowling green when President Allison called the players together and referred to the near-departure of R. D. P. Davidson, M.A., for Belleville, to accept an appointment on Belleville Collegiate Institute staff. W. H. Hopper then, on behalf of the club, presented Mr. and Mrs. Davidson with a silver tea service. Harry Hall presented Mr. Davidson with a season bowling ticket. Mr. Davidson has been for several years president of the Cobourg club, and for sixteen years a member of the Cobourg Collegiate staff.

Belleville Qualifies for Second Round

VICTORIAS WIN SECOND BATTLE

Defeat Deloro, Trent Valley League Champions, for 7-8 Count.

HEAVY SLUGGING.

(Examiner Correspondence)

MARMORA, Aug. 25. — Deloro said adieu to the Intermediate "B" series of the play-offs at Deloro on Wednesday in losing a well fought game to Belleville Victorias by 8-7. From the outset it was foreseen that the issue would not be settled until the ninth, so closely were the teams matched. Ibey who took the mound for the visitors was shaky at times but was not relieved until the ninth when with a one run lead to the credit of the Vics, the first two Deloro batters in that innings obtained hits. Hutton finished the game.

For Deloro, F. Callery pitched a good game and had seven strikeouts, though allowing eight hits.

Nothing occurred in the first. Scoring opened in the second when Blaker who had doubled and stolen third, came home on Darragh's single. Three runs apiece marked the fourth innings. In Belleville's half, Palmer walked, Blaker flied to first. Palmer took second on a wild throw and stole third. Darragh walked and stole second. Latchford's single sent both home. Ibey walked advancing Latchford who stole third and registered on Seeney's sacrifice. Kerr struck out, retiring the side.

Deloro staged a great comeback, Regan, Brown and Boudreau doubled in turn for the first two of these three veterans to score. Boudreau advanced to third on Morrison's sacrifice. F. Callery's single scored Boudreau. McCrodan safe on pitcher's error and advanced by V. Callery's single. Stewart retired at first and M. Callery flied to third.

An error in the fifth paved the way for another run for the Vics. Though they brought off a double play in the sixth Deloro's deficit was increased as Ibey was able to score on an overthrow while Kerr crossed on Flagler's timely double. Good hitting by Deloro in this innings yielded them a run. With one man out, F. Callery tripled. McCrodan who followed, got out at first. Then "Vince" Callery neatly singled to send his brother home. Stewart singled. M. Callery's high fly was caught and the side retired.

In the seventh, the Vics were quickly disposed of and then Deloro made four hits count for three runs and thus evened the score. A great catch by Palmer in the eighth saved a certain score by the Smelters. Brown connected for a high fly when Regan was on third and the right fielder had to bring off a real circus catch to crown his effort. The winning run was obtained by Flagler who after being walked stole second and third. Palmer being disposed of, Blaker came through with a single, scoring Flager. The next two batsmen were quickly got rid of.

Deloro tried hard to score. Bordreau and Morrison had singled when Ibey was replaced by Hutton. F. Callery flied to centre. McCrodan flied out and Boudreau caught off second base retired the side.

Belleville Victorias, in passing into the next round meet the winners of the Gibbard's Napanee and Gananoque series.

The line-ups:

Victorias—J. Kerr, 3b; H. Ross, cf; W. Flagler, ss; H. Palmer, rf; L. Blaker, 1b; E. Darragh, 2b; W. Latchford, lf; R. Ibey, p; A. Seeney, c; E. Hutton, p.

Deloro—M. Callery, cf; W. Regan, 3b; A. S. Brown, ss; H. Boudreau, 1b; W. Morrison, rf; F. Callery, p; J. McCrodan, lf; V Callery, 2b; G. Stewart, c.

Score by innings:

	R	H	E
Victorias 010 312 001	8	16	2
Deloro 000 301 300	7	8	4

Umpires—W. Kerr at plate; F. Leal on bases.

YESTERDAY'S STARS

Dizzy Dean, Cardinals— Held the Giants to five hits and knocked in four runs with a home run and single.

Larry Benton, Reds—Beat the Braves 3 to 7, winning his own game with a double.

Billy Herman, Cubs—Clouted a triple, double and single and scored twice to help tame Brooklyn.

Don Hurst, Phillies—Drove across three runs with a home run and single to beat the Pirates 9 to 6.

Ted Lyons, White Sox — Pitched and batted Boston into defeat, knocking in three runs with as many hits.

Jim Levey, Browns — His home run with one on in the eleventh beat the Athletics 5 to 3.

CUBS REPULSE DODGERS 7-4

National League Leaders Strengthen Grip on First Place in Race.

Phillies Beat Pirates 9-6.

(By Gayle Talbot, Associated Press Sports Writer).

Victorious in their first engagement with Brooklyn's storm troops, the Chicago Cubs dug in behind a four and one-half game lead today and prepared to deal another blow for the cause—a bigger and better world series on the shores of Lake Michigan.

The Dodgers, who invaded the west with high hopes of crashing through the Cubs' barrage and again making a race out of the National League, were repulsed in yesterday's encounter, 7 to 4. What was more, they didn't look at all like a team that might ever stop the Chicago pennant drive.

Pounded for 10 Hits

Three of their pitchers, including the brilliant Van Mungo, were pounded for 10 hits, and their fielding was spotty. The Cubs, led by Billy Herman with three rousing hits, made six of their hits good for extra bases and sewed up the game with a four-run drive in the fourth inning. Charley Root, after a wobbly first frame, settled down and held the Dodgers at bay until the seventh, when Bob Smith went in and finished the job.

Pittsburgh failed to take advantage of Brooklyn's reverse, losing to the Phillies, 9 to 6, and remaining in third place. The Pirates started well, scoring six times in the first two innings but from there on it was a picnic for the slugging Phils.

Dean Holds the Giants.

Dizzy Dean did an admirable job of beating the Giants. The Cards' eccentric star yielded only five hits and drove in four runs with a home run and a single. Pepper Martin was his little helper, hitting two doubles and a single and stealing a base.

Boston and Cincinnati played a dead heat for the afternoon, the Braves winning the first, 5 to 2, and the Reds squaring matters, 3 to 7, behind Larry Benton's noble pitching.

ORIOLES REDUCE HERDS' MARGIN BY DOWNING MONTREAL CLUB 4-2

Albany Takes Two 4 to 2 Decisions from Toronto Leafs.

NEWARK WINS 3-1.

(By the Associated Press)

The speed the Newark Bears have been travelling from one victory to another has just about made a show of the other International league clubs but the Bears still have a long way to go before they can break their league record for a season's average.

Back in 1920, the Baltimore Orioles won the pennant with a .719 average and the next year they repeated at .717 and these marks still stand as the highest ever made by a class AA club. To beat them, the Bears, now going at a .657 clip, must win all their remaining games, provided they play out the complete schedule. They have 90 victories now and 47 defeat with 31 games to go.

For the past two weeks, Newark has been above the .800 mark, losing only three games out of the last 19, but even that would not be enough for record breaking.

Jim Weaver, who hadn't pitched a complete game since June 5, stepped out yesterday to join his numerous mates who have been starting and finishing with almost monotonous regularity, and gave the Bears their 90th victory of the season. The big fellow granted the Rochester Red Wings only four singles and one walk and won handily, 3 to 1, despite some good pitching by his rival, Ira Smith.

The victory gave the Bears a 15 game margin over the second place Buffalo Bisons, who took one on the chin from Jersey City. Les Sweetland, appearing in a relief role, stopped the Bisons with one hit in five innings while the Skeeters tied the score on Bobby Reis' homer in the eighth and won out 6 to 5 when Jimmy Jordan hit for the circuit in the ninth.

Cuts Buffalo's Margin

Baltimore, meanwhile, reduced Buffalo's margin to a half game by downing the Montreal Royals, 4 to 3 in an 11 inning struggle. Bill Akers won the scrap with a double after two were out in the 11th. The Royals got only six hits off Harry Smythe and Ken Holloway.

Albany shoved the Toronto Leafs a bit deeper into the cellar by taking two 4 to 3 decisions in a doubleheader. The Senators had to go 12 innings in the opener before they scored their second pair of runs off Art Smith and then the leafs came back with one. In the second clash Charley Sullivan gave them only four hits in a duel with Newsome but he gave them in the wrong spots and each was good for a run.

OLD TIMERS AND ELECTRICS DRAW

Benefit Match Proves a Success—Regulars Equalizing in Last Minute, 2 All.

The Old Timers' against the regular soccer eleven of the C.G.E. revealed that they haven't lost the art of scoring or even the ability to control the ball at their ease. Many of them still being worthy of a position on any eleven. McDougall playing at inside left, being in the city from Detroit. Henry Turner displayed his heading strategy throughout the battle. With the prospect of a win before them, the Old Timers lost at the last minute, making the result 2-all

The financial result was very gratifying in the benefit match, played last night, before a good attendance.

First Half

The old timers set the pace against the C.G.E. first eleven to keep the play confined to their ares, both goalies having a busy time in clearing their charges. From a well planned movement on the right by Hotson and Hutton, the latter sent a perfect shot into goal where Frank Dyer, Senior, headed past the C.G.E. custodian. The regulars replied with nice combination to test out the ability of Sam Calladine in goal, who fisted clear or bunted out with his two hands. At last, he had to admit defeat when Ben McMaster rattled a sizzling drive into the net. Just before the interval, Hutton added number two for the Old Timers 2, C.G.E. 1.

Second Half

On resuming, it was evident that the strain was telling upon the Old Timers who seemed to get rattled occasionally. Although, at times, they showed the younger element the finer points of the scientific code. They had hard luck in not adding to their total. While the C.G.E. tested out Calladine with all kinds of shots. Even a penalty kick being shot over the bar by Jimmie Quinn. They battled out the issue with the assistance of the referee who played an extra five minutes to let the C.G.E. regulars even up the count, Sam Calladine having no chance with the shot. Old Timers 2, C.G.E. 2.

Old Timers—Sam Calladine (Nomads and Woollens) goal; E. G. Hardie, (Caledonians) and Jack Chambers (C.G.E. and Woollens), full backs; H. Mann (C.G.E. and Packers), Henry Turner (C.G.E.) and Jackson Hodson (Nomads and Woollens), halves; P. Hutton (Caleys), Wag. Hotson (C.G.E.), Frank Dyer, senior, (DeLaval and Woollens), Bill Dougal (Comrades) and Ted Bartley (C.G.E.) forwards.

C.G.E.—W. Curtis, goal; H. Hotson and A. Mitchell, full backs; G. Earle, W. Robb and B. Bolam, halves; G. Young (Caleys), J. Quinn, Ben McMaster, J. Anderson and W. Cooper, forwards.

Referee—J. Clark.

Will His Luck Turn?

This should be considered as a prize-winning run of bad luck. Gardiner, the former Middlesborough pivot, who recently signed for Newport County has never figured in a football league game despite having been with clubs operating in that circle for five of the past six seasons.

Starting with Hartlepools in 1926, he had to be content in the Northeastern league side and three seasons later at Ayreseme Park he was still with the Middlebrough second string.

Migrating to Aldershot, he hoped that luck would turn for him, but the club failed to gain admission to the third division last year and he went to Belfast. One wonders if his opportunity will come at Newport. He has certainly earned it.

Homer In Eleventh Wins For Browns 5-3

(By Associated Press).

Jim Levey of the St. Louis Browns, sometimes called the most improved player in the American League this season, pounded a home run with one on in the 11th inning to defeat the Athletics, 5 to 3. Home runs by McNair, Dykes and Foxx accounted for all the A.'s runs.

Monte Weaver's pitching and Johnny Kerr's timely hitting gave Washington a 2 to 1 verdict over Detroit. Kerr knocked across both the winners' runs as Weaver scored his 79th victory.

Pitcher Ted Lyons scored a personal triumph over the Boston Red Sox, 7 to 3. In addition to keeping nine hits well spaced, the White Sox star drove in three runs with a double and two singles and scored once.

A similar achievement was credited to Charley Ruffing of the Yankees, who racked up his 15th victory at the expense of the Cleveland Indians, 9 to 3. He pitched eight-hit ball and starred at bat with a brace of doubles and a single.

Port Hope Maidens Win From Electrics

Port Hope's clever aggregation of girl softball artists showed marked superiority over the Electrics at the East City Bowl last night when they clashed in an exhibition tilt which finally wound up with the locals on the small end of a 17-5 count.

Oliver performing on the box for the visitors was a thorn in the side of the locals sending nine down the strike-out path and allowing only seven singles. She walked two.

Todd and Connors divided the hurling for the losers the latter being the most effective holding the winners to five hits in four innings. Poor fielding was a strong contributing factor in the loss by the locals as they repeatedly missed fairly easy chances in both gardens.

The teams:

Port Hope—Thompson, ss; Bulkowski, c; Foote, lf; Perrin, 1b; Williams, rf; O'Neil, 3b; Oliver, p; Bee, 2b; Sleeman, cf; V. Bulowski, cf.

C.G.E.—Peryer, rf; Coursey, rf; Baldry, 3b; Connors, ss; Amyotte, c; Ashmore, 1b; Todd, p; Hallihan, lf; Bosley, 2b.

Umpires—T. Bolkowski, Port Hope at the plate; C. Rainey, Peterborough, on bases.

FIGHTS LAST NIGHT

CHICAGO—Ray Tramblie, Rockford, Ill., stopped Joey Feldman, Cleveland (5); Harry Paul, Philadelphia, outpointed Bill Hall, South Haven, Mich. (6).

Mackerel are so plentiful in England that they are selling for as little as six for a cent.

Your face is dirty

The pores are like a net . . . that's why

the pores of your face catch dirt. Clogged pores bring blackheads—coarse pores—skin eruptions. Soap and water can't thoroughly remove pore dirt.

Proof: After washing and shaving rub Pompeian Massage Cream into your skin—around the nostrils—in the crease of your chin. Pink when you start, it soon rolls out in tiny pellets—almost black with dirt.

Result: A clean skin—clearly lighter—the healthy skin of the athlete in the pink of condition.

You can buy a jar of Pompeian Massage Cream for only 60c. Or you can have a Pompeian Massage after your shave at any first-class barber shop. M1

AUSTIN AND PERRY LOSE AT BROOKLINE

Superb Playing of Henri Cochet is Feature of Tournament.

BROOKLINE, Mass., Aug. 25. — Overcoming the widest sort of lead, Henry Cochet, France's premier tennis player, and his 18 year old countryman, Marcel Bernard, yesterday fought Berkeley Bell and Gregory Mangin, fourth-seeded United States team, off their feet to gain a semi-final berth in the fifty-first national doubles championship. The Frenchmen were on the verge of a three-set defeat when they put on their amazing rally.

They were two sets down and trailing two games to love in the third when they cracked their foemen wide open and swept on to a 1—6, 4—6, 6—4, 6—4, 6—1 victory.

Monte Weaver, Senators — Turned back Detroit 2 to 1, for his 19th victory.

GERTRUDE EDERLE HERSELF IS BIG THREAT FOR 1932 CROWN

Ravior, Downing, Armstrong, Corsan to Race With Conqueror of English Channel.

PLENTY OF COMPETITION

TORONTO, Aug. 25.—(CP)—With 35 of the world's greatest feminine natators going to the starting barges, the women's 10-mile swimming marathon will be staged at the Canadian National Exhibition Friday, and already signs indicate the most hotly-contested battle of all time.

For there's a rousing entry list for the long grind this year. Husky Margaret Ravior, of Philadelphia, who has won the event twice in succession, is of course the favorite. But she will have plenty of competition. Gertrude Ederle, for instance, will be in there. Miss Ederle, who hails from New York, swept into world prominence by swimming the English Channel and receiving the greatest ovation ever given a swimmer on her return home. Later she went into vaudeville, but has left the stage for her first love, swimming.

Ruth Downing, of Toronto, the "sweetheart of the swims," is in better shape than ever this year, according to the pre-race dope, and is expected to make it more than interesting. Then too, another favorite is Lisa Commanda, young Indian lassie, who has been practicing in Northern Ontario for some months. She is a caddie at a northern golf club during the summer months.

Lillian Copplestone, who came all the way from Christ church, New Zealand, for the event, "didn't come for nothing," according to those "who know." They think the New Zealand girl will make her return trip fare and then some as the result of her prowess.

Entry List.

But here's the entry list, take your choice: Dorothy Nalevaiko, Glen Cove, N.Y.; Gladys Lathbury, Philadelphia; Jewel Chestwood, Toronto; Marjorie M. Stephens, North Chelmsford, Mass.; Mathilde R. Von Lee, Terre Haute, Ind.; Dorothy B. Stunkard, Temple University, Philadelphia; Martha Stager, Chicago, Ill.; Maybelle Oesch, Beaverton, Ill.; Irma A. Sundling, Mimico; Doris Beresford, Toronto; May Looney, Warren, Ohio; Evelyn Armstrong, Detroit; Ruth Downing, Toronto; Lily May Dibble, Toronto; Marjorie Royce, Dayton, Ky.; Lisa Commanda, French River, Ont.; Leah Riley, Keansburg, N.J.; Lillian Copplestone, Christchurch, New Zealand; Margaret Ravoir, Philadelphia; Ruth Tower Corsan, Toronto; Clarebell Barrett, Pelham, N.Y.; Anna C. Pearson, Worcester, Mass.; Lucy Spence, Toronto; Helen Miller, Toronto; Frances Finch, Rochester, N.Y.; Eva Davies, Detroit; Mrs. Urban Reininger, Forest Hills, L.I.; Daisy King Shaw, Montreal, Que.; Lillian Lois Hillman, Buffalo; Ethel Hodge, Carrying Place, Ont.; May Elwell Holding, Revere, Mass.; Gertrude Ederle, New York; Alma Due Jensen, Chicago; Bertha Bolsaney, Detroit and Mrs. Jessie Barnes, London, Ont.

BILL PATCH WINS IN SRTAIGHT HEATS

Catharine Grattan and Marion Direct Score at Picton Fair.

PICTON, Aug. 25.— Forty horses are here for the Picton Fair races. Yesterday's heats, featured by close finishes, resulted as follows:

In 2.30 and 2.22 classes, necessary for heat winners to run fifth heat to determine money winners.

Starter, Roy Brothers of Stratford; clerk, D. P. Boles; judges, N. R. Hodgson of Kingston, A. C. Dafoe of Belleville, C. E. Goodwin of Picton, R. H. Ketcheson of Belleville.

In a running race for farmers' horses, first money was won by Nathan Robinson, of Cherry Valley, second by Jack Bell of Cressy, and third by Mrs. Leadi of Cherry Valley.

2.30 class—

Catharine Grattan, F. Orr, Belleville	2	2	1	1	1
Belle McClure, J. Irvin, Jamestville	1	1	2	8	2
Miss Opera, C. Cahoon, Picton	5	5	9	2	
Peter K., E. Kayler, Napanee	4	6	3	3	
Merlin Grattan, W. McStephen, Picton	3	4	6	4	
Peter H., S. Loomis, Belleville	7	3	4	6	
Great Scott Grattan, R. Scott, Belleville	6	9	5	7	
Lulu Gratant, W. Smith, Belleville	8	8	8	dr.	

Times—2.18, 2.19, 2.18, 2.20, 2.24¼.

2.22 class—

Marion Direct, E. Redmond, Peterboro'	4	2	1	1	1
Philco, L. G. Bennett, Port Hope	1	1	2	5	2
Merry Private, W. H. Fanning, Lindsay	2	5	4	2	
Lou Entricken, H. Diment, Belleville	3	6	2	4	
Dillon Peter H. Hunter, Smiths Falls	5	2	5	3	
Country Lass, F. Brown, Centreville	6	4	6	dr.	

Times— 2.18, 2.18¼, 2.19, 2.18¾, 2.19¼.

2.16 class—

Bill Patch, Hunter, Smiths Falls	1	1	1
Lou Ganot, P. Morgan, Campbellford	3	2	2
Vernon McKinney, W. Hillock, Caledon	3	3	4
Louis Both, H. Hunter, Smiths Falls	4	5	3

Peter Schuff, M. King, Enterprise 5 4 5
Keendale, C. Fife, Peterboro 6 6 6
Times—2.11, 2.11, 2.13¼.

In the softball tournament Cities Service of Picton defeated Bednerville 7 to 1 to enter the finals to be played Thursday.

ORONO WINS OUT AT NEWCASTLE

Orme Gamsby's Ramblers Defeat Bailleboro 5-1 in Second Game.

LOSERS OUTHIT 10-5.

ORONO, August 25. — Orono Ramblers, that much overworked baseball nine which is piloted by the grey-thatched Orme Gamsby, cannot be counted out yet. Yesterday, at Newcastle, they evened the series with the Bailleboro team, and made a third game necessary, the locals having lost the first contest in Bailleboro. Bowman, on the mound for the locals, was in fine form, limiting the losers to five hits and striking out eight, while Deyell of the visitors allowed ten hits and retired three by the strike-out route. The locals were always in the lead, the visitors scoring their lone counter in the last inning.

The deciding game of the series will be played at Port Hope on Saturday at 3 p.m.

Bailleboro	000000001	1	5
Orono	01011011x	5	10

Deyell, Carl and Wood; Bowman and Bates, McGill.

ALBIONS DEFEAT TWEED NINE 4-1

Both Pitchers Hurl Good Ball in Exhibition at Havelock.

HAVELOCK, August 25 (Examiner Correspondent). — Havelock Albions emerged victoriously on Wednesday afternoon in a pitchers' duel with the Tweed baseball team in the lock park. The visitors took the small end of a 4 to 1 decision in a clever but unspectacular exhibition game. "Hank" Campney twirled for the locals, striking out seventeen, while K. Callahan was on the mound for the visitors and struck out ten. Both teams were good in the field and played almost errorless ball throughout.

Until the first half of the fifth innings, the locals held Tweed to a scoreless tie, then they let J. Marsh bring in the first and only counter. Hagerman brought in the first run for the locals in the last half of the fifth. Just before this Campney slid home but was called out. The decision was not a popular one, and seemed to urge the clubmen to "get even with them." Hagerman got to first and Jeek sacrificed, letting Hagerman go to second. Campney placed a nice one over to the left corner of the lot and Hagerman crossed the plate. Hooper got a two-bagger and brought home Clarke and Campney. Buchanan placed a nice one in the right field and Hooper came home. With three on bases and two down it looked bad, but Callahan fanned Hagerman and thus ended the scoring rampage. Tweed struggled hard to even the score but were unsuccessful.

Earl Battams of Tweed handled the game and the handful of fans that turned out in the intense heat made up for those who stayed home, as far as the cheering end of the game was concerned.

The teams:

Havelock—L. Jack, ss; A. Clarke, 2b; H. Campney, p; L. Hooper, 1b; G. Kennedy, c; P. Voyer, 3b; G. Buchanan, cf; F. McKenzie, rf; B. Hagerman, lf.

Tweed—F. Freeman, cf; P. Meraw lf; P. Casey, 2b; D. Baker, rf; D. Smith, 1b; L. Meraw, ss; J. Marsh, 3b; D. Casey, c; K. Callahan, p.

Score by innings:

Havelock	000 013 000	—	4
Tweed	000 010 000	—	1

CRICKET

PETERBORO' CRICKET CLUB
(Contributed)

A game has been arranged for next Saturday, August 27th, at 2.30 p.m. at Nicholls Oval with the combined XI of Whittaker's and Dominion Woollens, all players are requested to be sharp on time.

The XI's will be chosen shortly for the games with Oshawa, Sept. 3rd, and Toronto C.C., Sept. 5th. Anyone with a car who can take players to either of these places please phone the secretary, W. A. Davis, 1977W.

Practice as usual, members are urged to come early as the evenings are drawing in.

Four children acting as detectives paid their way to a moving picture show at Perth, Scotland, being admitted without receiving stamped tickets, and as a result the proprietor was fined for trying to escape the tax.

NAZZARINO POGGI MEETS MATCH IN QUAKER 'FLYING SURGEON'

Dr. Ralph Wilson Hailed as One of Flashiest Men in Wrestling Game.

BERGER IS COLORFUL

Doctor Ralph Wilson, Philadelphia's "flying surgeon" who will meet Nazzarino Poggi of Italy in the main bout of the Queensbury Club show at the Brock street rink tomorrow night has an asset in his wrestling not enjoyed by any of the other grapplers. As a surgeon he naturally has a thorough knowledge of the various nerve centres and often pressure of a finger or knuckle on a vulnerable point enables him to break a particularly painful hold and turn the situation to his own advantage.

Dr. Ralph Wilson

The bout will be the fifth here for Poggi who has a record of three wins in four starts here. His only loss was to "Whitey" Hewitt and it was weight rather than ability that beat the peppery Italian. He will not be under any weight handicap tomorrow night for Wilson, though rated near the top of the list of contenders for the world's championship is small as heavyweights go. He scales just a few pounds over the two hundred pound mark and doesn't look that, much of his weight being in his shoulders which are remarkably well developed.

One Of Flashiest in Game

Poggi has been in the game longer than Wilson so if experience counts for anything that factor will be in his favor. He is probably the stronger physically so, all in all, it looks like a very even match. That it will be one of the most sensational ever seen here appears likely. Poggi's appearance in the ring is a signal for spectacular action while Wilson is one of the flashiest men in the game.

"Whitey" Hewitt, another man who gives a maximum of action, will have to be at his best if he hopes to win the semi-final in which he will meet Casey Berger, handsome Californian whose flying tackle is said to be as effective as that which made "Gus" Sonnenberg famous. Berger, by the way, wrestles because he likes the sport, not because he needs the money. He owns a big silver mine and is independently wealthy.

In the opener the "Flying Dutchman," Frankie Hart, will engage "Buck" McIvor of St. Catharines, a Canadian who appears destined to make good as a wrestler. He is said to be rough in his tactics which means that Hart will be more of a favorite with the crowd than ever.

Fruit trees should be planted in the spring before the buds burst, and in soil which is moderately fertile, land which has been used for a hoed crop the previous year being particularly suitable.

Wealthy residents of China are developing a taste for confectionery, that some people living on the dole are worth from $10,000 to $15,000.

SPORTS Day by Day

Baseball — Softball — Lacrosse
Boxing — Wrestling — Aquatic

(BY C. J. P.)

The dope is out that the Toronto bantam champs, McMurrich, will be here to play the local Kiwanis in the O.B.A.A. playdown first game on Saturday. They'll meet at Stevenson Park at 2.30 o'clock, with the return game probably being played in Toronto the following Saturday. And this Saturday, too, the Pirate Juniors meet Toronto McCormick's at Willowdale Park at 2.30 in their first playdown game.

* * * * * *

A big crowd should greet the bantam champs when they meet here on Saturday. The youngsters play surprisingly good ball, and this year's local bunch — which incidentally has been working together for several years — turns in smart games. They have excellent pitching, steady fielding, and good hitting. The kids need a big gate and a lot of vocal support, and fans are sure to get their money's worth when Kiwanis tangle with the classy Toronto bantams.

* * * * * *

Belleville pulled a fine 7-6 win over the Ponies in the Quinte city yesterday to keep in the C.O.B.L. play-offs. They must win their two remaining games—in Kingston to-day and back in Belleville, if necessary, on Friday. Pointer defeated Jamieson, throwing fine ball, while Peeney Mills and Weir were the big noises at bat again. The Nats were plenty peeved when President Bob Colling ordered 'em to play this game in Kingston without consulting the rest of the loop executive after calling them to meet in Belleville last night. Max Swanston and Vic Hamilton went from here.

* * * * * *

And the umpire situation is kind of screwy again. So much dissatisfaction has been shown by both teams over the home umpires in this series that Terry and Spring, two Toronto umps, were paid twenty bucks each to handle the game yesterday. But they're afraid to go to Kingston to-day, as there is likely to be trouble, so who's going to umpire? The home umpires, even if they're willing, will demand twenty smacks, too, and they can't be blamed.

* * * * * *

All three bouts on the pro rasslin' show billed for the Brock to-morrow night sound like plenty of action. The main one can't be anything else but furious with the fiery Poggi meeting such a big grappler as Doc Wilson, a top notcher in the mat game. Then Hart always puts up a classy battle, and he should repeat against McIver, while Whitey Hewitt, generally in the main go, will put up his usual rough tussle against Berger. Plenty of action is promised all right.

* * * * * *

Sugar Bowl will have to show their best stuff in the O.A.S.A. play-off game here on Saturday eve with the South Ontario champs. We hear this outfit is a strong one, good hitters and smart afield. Of course, the Bowlmen aren't weak in either of these departments by any means. It will likely be a classy old battle. They play at Central at 6.15, and go back to Oshawa on Monday.

* * * * * *

The meeting for the purpose of organizing an indoor fall softball loop is set for eight bells to-night in the Belmont Club Rooms, just under the Knights of Pythias Hall. All those interested in the project should attend and discuss plans and entries.

* * * * * *

Orde's pulled off a neat win over Bemtons at the Brock last night, it being a clean, fast game with little difference in the outfits shown. Cadd and Mein were the leading sharpshooters for the Barbers, while Firth and Creighton looked good for the others. At that, all the players, from fine goalies out, were trying hard all the time.

* * * * * *

The big colored defence star, Skanks, will be here with the Oakwood Grads in the first O.A.L.A. game with the Petes this Monday night. The whole team is good, but this all-around athlete proved very popular with the local crowd earlier in the season when he came down with the Grads for an exhibition tilt. They lost that time, but will be stronger and playing harder in this important game, and it should be a memorable set-to.

* * * * * *

Returning to the Kiwanis Bantams again, they will hold a uniform practice this evening at six at the Exhibition Grounds, with every player being on time, as they must be set to win their first game here on Saturday.

* * * * * *

Orono and Bailleboro meet in Port Hope on Saturday to settle their differences in the third and deciding game of their playdown series. Orono should win, and perhaps Orme Gamsby's tricky intermediates will then play-off with the local C. G. E. team, though this hasn't been announced as yet. Trying to figure it all out is enough to drive a young sports writer to drinking strong black coffee, or messing around with aspirins.

* * * * * *

The Port Hope girls proved a little bit too good for C.G.E. here last night, winning out 17 to 5. They received better pitching and fielding than the locals. A big crowd was on hand, though you couldn't prove it by the big nickels which had plenty of room to jingle about in the hat afterward. Keene and Sixth Line are due to meet in a sudden-death game at 6.30 at the Bowl on Friday to decide the team to meet Maple Leafs for the leadership of the second half.

Cobourg Golfers Win From Local Clubmen

The Cobourg Golf Club paid a visit to the local links on Wednesday afternoon and won the inter-city match by 41½-31½.

Many good games were played. The visitors were on their game and turned in some very fine scores. They spoke very highly of the condition of the Peterborough course. Dinner was served after the game under the supervision of Mrs. Roy.

The Cobourg team consisted of: Messrs. Douglas, H. Livermore, Rev. Harper, H. C. Higginbotham, B. Hirock, J. Hayden, R. E. Barnes, J. Pewtress, Dr. Jordan, A. E. Caulay, L. Jordan, E. Warner, B. D. Morden, W. Christie, D. H. Burn, M. E. Booth, B. Oliver, John Laing, Archer Cochrane, C. Harrison, Dr. Kerr, Jas. Stone, J. Forbes, C. Piddick, C. J. Leonard, G. Oliver, J. Ames, A. Bloor.

The Peterborough team consisted of: Messrs. Dr. Green, J. W. McDermid, G. MacDonald, Elliott Thornton, Fred Green, B. B. Faulkner, W. F. Huycke, W. G. Morrow, DelaPosse, B. D. Hall, C. Brown, Wm. Cross, Dr. Cragg, Dr. Waite, Ross Dobbin, A. H. Stratton, S. T. Medd, J. K. Sheehy, Pat Hall, Rod Grant, Sackville, Dr. Howson, C. G. Graham, D. Grant, Cragg, Fairweather.

JAPANESE COURTESY

LOS ANGELES, Aug. 25. (CP)—Baron Takeishi Nishi, member of Japan's Olympic team, is courteous to a supreme degree. Spencer Tracy, movie actor, bid him goodbye aboard the Chichibu Maru. When the ship reached San Francisco, the Baron remembered something. So he made a special plane trip back here to present Mrs. Tracy a box of candy for her birthday.

BURGESS BEDTIME STORIES

JOHNNY CHUCK AND SAMMY LOSE THEIR TEMPERS
(By Thornton W. Burgess)

Never in all its history had the Old Orchard witnessed such a foolish and at the same time such a funny quarrel. No, sir, it never had. You remember how surprised Sammy Jay was when he saw the owner of that new house in the corner of the old stone wall over by the dusty road because he was the living image of Johnny Chuck.

"Who are you?" Sammy had demanded very bluntly and not at all politely.

"Who do you suppose I am? Who should I be? What is the matter with your eyes, Sammy Jay?" demanded the Chuck who looked so much like Johnny Chuck, and his voice proved he was indignant.

"I know who you look like, but I want to know who you are," retorted Sammy Jay. "Are you Johnny Chuck's twin brother?"

Johnny Chuck, for as you and I know this was none other stared at Sammy Jay as if he thought Sammy was quite out of his head. "Say, Sammy Jay," he snapped, "are you crazy? How can I be Johnny Chuck's twin when I'm Johnny Chuck myself? Tell me that."

"You're not Johnny Chuck!" shrieked Sammy, beginning to get excited. "You needn't try to fool me that way. Johnny Chuck lives in the far corner of the Old Orchard and he never was up here in his life. You may look just like him, but I guess that if he ever should hear you saying anything like that he would soon soon make you sorry. You Johnny Chuck! The idea!"

"I am, too, Johnny Chuck," squealed Johnny, growing very angry. "I guess I know whether I am myself or not. You're crazy, Sammy Jay! You're just plain crazy!"

"I'm not crazy either," shrieked Sammy, growing more and more excited. "I'm not crazy in the least. I don't know what you are after by pretending to be Johnny Chuck, but you can't fool me. I've known Johnny Chuck ever since he was

"I am, too, Johnny Chuck," squealed Johnny, growing very angry.

big enough to run about, and he and Polly Chuck are living together right down in the far corner of the Old Orchard this very minute."

It as Johnny Chuck who was growing excited now.

"They are not! They are not down there at all!" he cried. "At least I am not," he added, remembering that probably Polly was.

"Oh, you are not, eh?" shrilled Sammy Jay, dancing about on his perch. "Well, nobody said you were. I said that Johnny Chuck is down there. I didn't mention you."

"But I tell you I'm Johnny Chuck," sputtered Johnny, growing more angry every minute. "I guess I know who I am."

"I guess you do, and I guess you know well enough that you are not Johnny Chuck," retorted Sammy Jay.

Now did you ever in all your born days hear of such a funny quarrel as that? Of course you understand what the trouble was. Sammy Jay didn't know anything about Johnny having left home, and Johnny was the last one in the world Sammy would have suspected of doing such a thing. So Sammy had fooled himself.

What To-Day Means To You

"VIRGO"

If August 25th is your birthday, the best hours for you on this date are from 11 a.m. to 12.35 a.m., from 5 p.m. to 6.20 p.m. and from 8.40 p.m. to 10 p.m. The danger periods are from 9 a.m. to 10.15 a.m. and from 3.30 p.m. to 4.45 p.m.

A calm and peaceful day is prognosticated for August 25th, with complete freedom from emotional stress. A splendid time for concentrated thought and study. A slow time from a business-man's standpoint, but a restful time for those seeking repose. Invalids will find themselves feeling better.

Children born on this August 25th will possess many of the typical Virgo traits, that is, a cool, clear intellect, a great sense of right and justice, and a loyalty toward friends. They will love and hate alike with intensity, and although slow to anger, will be equally slow to forgive.

Born on August 25th, you are an industries being and very analytically-minded. As a child, you picked things to pieces to see how they were put together, and have never outgrown your curiosity to know all about things. You never fumble at the stops and keys to any instrument until you have mastered the details of its mechanism. You like to do a thing well or not at all. You rather lack a sense of proportion as to the relative importance of things, and waste your time and energy on almost useless details.

You may be dubbed a crank about your work, but your exactitude should be sold at a premium, if you are only able to fall on your feet in the right place. You should let nothing deter you from following out any line of endeavour for which you feel you have a flare.

Tidiness of mind and neatness in personal appearance should be expected from one with your well regulated mind. Your feeling are usually pushed into the background and your emotions are seldom aired to the public. There are many, however, who know that you are far from a human iceberg, and your family enjoy a great depth of love from you.

Cavan

Mrs. William Tinney has returned home from Lindsay, where she has been visiting her sister, Miss Jennie Swain.

Mr. and Mrs. William Douglas were visitors at the home of Mr. and Mrs. Thomas Beatty at Otonabee recently.

Mrs. M. Thompson, Mrs. Garnet Thompson and son, Norman, and Miss Ada Thompson of Gamebridge were guests of Miss Winona Cathcart on Sunday.

Mr. L. Hutchison, Mrs. Vance and Mrs. Earchman, Bethany, visited their sister, Mrs. E. Fallis and Mrs. Fallis on Sunday.

IN DEPTHS OF DESPAIR

MRS. MARY JONES lives in New England. Every month was a nightmare to her. Her letter says, "I suffered periodical pains through my head, backache and female weakness."

She tried everything. Visited clinics. Nothing helped her. Finally she gave Lydia E. Pinkham's Vegetable Compound a trial . . . scarcely hoping it would succeed where more expensive things had failed.

But she was surprised. Through its tonic action, it built up her health . . . lessened her pain. She says, "My backache is completely relieved."

Lydia E. Pinkham's VEGETABLE COMPOUND

Trent River

Mrs. James Wright has been enjoying ripe garden strawberries grown in her garden at "Windermere." The fruit is the Fall bearing type and the seed is sown each year.

Mrs. Robert Kennedy and grandson, Bruce Kennedy of Toronto, were at "Kendon EEEE" over Sunday.

Mr. and Mrs. James Hudgins of Belleville; Mrs. Wilcox and Mrs. Wm. Wynn of Detroit, Mich. were recent guests with Mrs. Isaac Lawson, having returned from Toronto where they attended the funeral of the late Mrs. Percy Davis. Mrs. Isaac accompanied them to Toronto.

Sunday guests with Mr. and Mrs. James Longmuir and family were Mr. and Mrs. Homer Borland and son Carl; Mr. and Mrs. B. M. Frederick of Peterborough; Mrs. Robert Dean and son Tom of Middleport, N.Y.

Mrs. Wm. Preston and Miss Annie Hutchinson attended the funeral of the late Morden Knox at Picton on Monday. The deceased young man was drowned at Sand

The Misses Harriet Hodgkins, Evelyn Hodgkins, Gwen Didsbury and Alice Scully of Toronto are spending the week at "Idlewood."

HIS WEIGHT WENT UP AND UP

Now He's Reducing Over 1 lb. a Week

More Active and Less Tired

All big men—and big women, too, for that matter—should read what this stout man has to tell them.

"I am only a smallish man, that is in height, but big the other way. I did not notice it much at first, but eventually it got that I was a great trouble to myself, getting so much heavier that I was tired by the time I'd walked 100 yards. I took advice and was told what to eat and what not to eat, leave this and that out, and although I followed the advice as closely as possible, I only got heavier.

"One day I saw in a paper something about the good that Kruschen Salts was doing for stout people. I bought some, followed instructions, and am pleased to say that I have reduced 8 lbs. in 4 weeks. I am more active and less tired—it has really done me good. If this letter is any good to you, you have my full permission to use same. I shall recommend Kruschen to everyone inclined to stoutness." —J. H. B.

Unlike most salts, Kruschen is not merely a laxative. It is a combination of six salts which have a tonic influence upon every organ, gland, nerve and fibre of your body. Kruschen Salts keep the system free from encumbering waste matter. Unless this wastage is regularly expelled, it will give rise to rheumatic and other body poisons. And Nature is liable to take the defensive measure of storing this poison-breeding material out of the way in the form of fatty tissue. Kruschen Salts is obtainable at all Drug Stores at 45c. and 75c. per bottle.

Biblical Puzzle

HORIZONTAL

1 The follower of the Apostles reproved by Peter for lying (Bibl.)
7 The book in the Old Testament containing the account of the creation of the world.

TILLIE THE TOILER — By Russ Westover

BRINGING UP FATIIER — By George McManus

BOBBY THATCHER — By George Storm

PILES GO QUICK

Itching, bleeding, or protruding piles go quickly and don't come back if you really remove the cause. Bad blood circulation in the lower bowel and hemorrhoidal veins cause piles by making the affected parts weak, flabby, almost dead. Salves and suppositories fail because only an internal medicine that stimulates the circulation and drives out the impure blood can actually correct the cause of piles. Dr. J. S. Leonhardt discovered a real internal pile remedy. After prescribing it for 1 000 patients with success in over 900 cases, he named it HEM-ROID. McDermid & Jury and Bond's Drug Store and druggists everywhere sell HEM-ROID Tablets with guarantee they will end your Pile misery or money back.

LOAD OF GOLD REFUSED FOR PRISON CELL NUMBER "13"

Saint Lazare Prison Place of World's Most Poignant Memories.

WILL BE TORN DOWN.

Claimed to have immured more human sorrow and tragedy than any other in the world, a price equal to, the weight in gold of every brick and tile has been refused for a cell of the famous Saint Lazare Prison in Paris.

PARIS, August 26.—Since it became known that the French prison authorities had decided to demolish the historic Saint Lazare Prison there was a rush of "enterprising" people from all parts of the world clamoring for the right to take down the prison and transport it for erection stone by stone in other parts of the world where it was thought this grim memorial would have value as a show.

In particular the showmen were anxious to obtain an option on the famous cell 13, which has been justly described as having housed more human sorrow and intense tragedy than any other cell in the world.

Scribbled Walls.

In revolutionary days some of the most famous victims of the Terror spent their last hours on earth there before going to the guillotine, and it is said that the tiles of the little cell were washed with the tears of the men and women victims who spent their last sad hours there.

The walls retain to this day the last pathetic words scribbled by the victims.

Since then the cell has been occupied by some of the more notorious women prisoners, the last being the dancer-spy, Marguerite Zelle, otherwise Mata Hari, who set out from the cell one summer morning of 1916 to face a firing party in the fort of Vincennes.

Side by side with the last messages of such revolutionary leaders as the poet Andre Chenier and Madame Roland are two pencilled messages attributed to Mata Hari, one being in English and reading, "Farewell, my Arthur, my only loved one. God grant we shall meet in a happier land."

The last scrawled message of Madame Roland is that which historians wrongly put into her mouth as she ascended the steps of the guillotine, "Oh, Liberty, what crimes are committed in thy name."

The last bid for the world's saddest cell was the bulk of every brick or stone in gold and the cement keeping them together in silver, but the French Government had made it clear that nothing will induce it to pander to the morbidity of the would-be showmen by selling the four walls and flooring and ceiling of the cell.—The People.

Over the transatlantic telephone Captain James A. Mollison is telling his bride, the former Amy Johnson, of the wonderful reception given him on his arrival in New York. He is the first solo flier to span the Atlantic on a westward hop.

POOR WEATHER DELAYS FLIGHT

Mollison May Not Be Able to Start on Return Trip for Several Days.

PLANE ALL SET.

NEW YORK, Aug. 26.—Captain James Mollison, Scottish flier who last week made the first solo westward crossing of the Atlantic, may not get away on his return flight to England for two or three days, though he has tentatively set tomorrow for the take-off and his little "flying gasoline tank" is all set.

Dr. James Kimball, expert of the New York weather bureau, says stormy weather blocks the path and it would be two or three days before the conditions clear up.

Captain Mollison kept in seclusion today concentrating on the flight after a busy three days in New York since his arrival from Saint John Sunday. Last night he received a warm ovation when he spoke briefly at a dinner tendered by the combined British societies of New York, saying the value of flight such as he had made was inestimable as advertising, for aviation. He further declared there was no reason why properly equipped planes could not start now on regular crossings of the Atlantic.

SHREWSBURY SCHOOL BOYS STAGE BIG 'RAG'

Cut Loose to Celebrate Winning Race at Henley

Shrewsbury, Eng.—A lively "rag" occurred at Shrewsbury school when news was received that their eight had won the Ladies' Plate at Henley.

Between 300 and 400 boys ran from the grounds and down the hill to a privately-owned toll bridge which spans the Severn. The bridge keeper closed the gates to the town end and stemmed the rush.

When the boys returned to the ground a policeman who appeared was seized and carried shoulder high round the quadrangle, a speech being demanded from him.

TARZAN, LORD OF THE JUNGLE. NO. 87 By Edgar Rice Burroughs
(Metropolitan Newspaper Feature Service, Inc.)

By forced marches Sheik Ibn Jad succeeded in crossing the ragged mountains and several days later camped in the sandy wastes of his homeland. The heavy weight of the stolen treasure had been safely carried by the least mistrusted of his followers, while the girl captive was placed in the custody of Fahd, whose evil eyes filled the princess with fear and loathing.

So Fahd made his plans and when the evening meal was served, he crept into the dim lighted tent of the Sheik. Yet it was not so dim but that Ateja saw Fahd drop something into the bowl of food she had prepared for her father. Later, as the Sheik reached for the receptacle, Ateja stepped from the women's quarters and struck it from his hands. Before she could explain Fahd leaped to his feet and vanished.

Seizing the girl, Fahd dragged her through the rear curtain of the beyt towards his own tent. Now the muksad of Ibn Jad was in an uproar. The Sheik was demanding an explanation from his daughter. "He placed simm in thy food," cried Ateja. "I saw him do it!" Then Mirfa came screaming: "He hath fled through the beyt and taken the beautiful Nasrawia with him!"

The Bedouins, springing to their feet, took after Fahd, but he stopped them with a bullet and they retrested. In his own tent he aroused Stimbol from his filthy sleeping mat. "Quick!" he hissed, "Ibn Jad orders that thou be slain! Follow me, and I will save thee." As the Arabs cautiously approached the front of his beyt, Fahd, dragging the princess of Nimmr fled in the western darkness.

CHEMONG PARK BOOKS TORONTO ARTISTS FOR WEEK-END ATTRACTION.

Chemong Park, Peterborough's popular playground, operated by the genial Harry Forler, is peased to be able to offer as a week-end attraction, several well-known radio and concert entertainers from Toronto.

On Friday night, in addition to the regular dance program, Mr. Douglas Ludlow will give several of his famous character interpretations in costume—something entirely new.

On Saturday night Mr. Ludlow, or "Doug" as everyone calls him, is acting as master of ceremonies at the pavilion and will have with him, "Misses Gladys Winters and Jean Work, both soloists of exceedingly high merit, and Russ Harris and his violin. Both the Friday and Saturday programs commence at eight-fifteen and are an added attraction to the regular dance.

On Sunday there is to be a real get-together, "Seth Parker Revival" evening, the first of its kind ever held in this district and special arrangements have been made for all the artists of Saturday to stay over and take part in this program, which promises to be one of the most talked-of evening's entertainments for some time to come.

To Be On View At C.N.E.

BRITAIN'S RECORD-SMASHING FLYING MACHINE.
The world's fastest machine, the British Schneider Cup Supermarine seaplane, holder of the speed record of 407.5 miles per hour, is shown in this picture. This marvel of British engineering brains and hands arrived in Toronto yesterday morning. It will be one of the main attractions at the Canadian National Exhibition.

VETERAN'S CASE HEARD BY BOARD IN SESSION HERE

Applicant From Campbellford District Served With Artillery.

DISABILITY FOUND.

Twenty Appeals Are Listed for Presentation to Tribunal.

That his lung condition was the result of war service, but that an attendant condition of neurosis was not due to overseas service, was the finding this morning of the Pensions Tribunal now in session here at the City Hall Buildings under the chairmanship of Major J. F. McKay, K.C., and Major L. Warde, in the case of an applicant from Campbellford district.

The sessions of the Tribunal opened here on Wednesday with a list of twenty pensions applications down for hearing. The Tribunal, which will probably conclude its business here on Monday next, is also composed of Registrar-Colonel W. T. Colclough, Pension Advocate Harry Bray, Commission Counsel H. A. L. Conn, Medical Advisor Dr. D. Wallace.

Giving evidence on his own behalf, the applicant, who served overseas with the 6th Battery Canadian Field Artillery, claimed that he was badly gassed while in France. On his return to Canada following demobilization, he was incapable of working for a period of two years.

Following that period he worked on a farm for five years as part owner, afterwards going to Rochester, N.Y., where he worked as an inspector in the Eastman Kodak factory.

Dr. Elmer Richardson was taxed by the pension advocate during his examination concerning his remarks in a written report he had made upon the applicant to the effect that he had "no sympathy with anyone who would dip into the public treasury."

"Was that statement meant to apply to this particular case?" Mr Bray asked the doctor.

"It was a general statement. I have had men come to me suffering from various conditions which could not be said to be attributable to war injuries," witness replied.

Dr. Richardson testified that he first saw the applicant in November, 1920, when he was suffering from an acute affection of the throat.

The Chairman of the Tribunal remarked upon the testimony given by Dr. Richardson in terms of appreciation. He had given fearless expression of opinions. It was very refreshing. The tendency among medical men was often inclined too much in the other direction, he observed.

Applicant's mother, who stated she was a practical nurse of considerable experience, related that her son was so bad with scabies when he returned from overseas that the bed clothing had to be boiled every day, and her son had to take sulphur baths. He had a bad cough.

She had written to the Pensions Department in the hope that her son would be compensated for his great handicap. "He went away as a young man in the best of health," she stated.

Witness claimed that Dr. Richardson had once told her that her son would not be right until the poison gas was out of his system. She disclaimed any knowledge of tuberculosis history in the family, but later admitted that her husband had died thirty years ago from what she believed was a tuberculosis condition of the throat.

Medical testimony was provided by Dr. F. C. Neal, who had made a review of the history of the case. He had examined applicant on October 4, 1930. At that time applicant complained of a cough and of having been gassed overseas.

From knowledge of the history of the case, Dr. Neal said he could arrive at no other conclusion but that the applicant's condition was the result of war service.

Another case under consideration this morning resulted in a decision to send the applicant to Christie Street Hospital, where he might be kept under observation in an effort to determine the exact nature of his present condition.

The applicant stated he was at present living at Glenarm in Fenelon Township. He was born in 1885 at Sydney, New South Wales, and came to Canada in the year 1900. During the late war he enlisted and served overseas with the 13th Canadian Highlanders.

He described his present disability as being frequent recurrence of severe headaches which he attributed as having resulted from being buried alive in a shell explosion in 1916.

Since demobilization he had been farming, he stated. In 1923 applicant consulted a Dr. Hill at Toronto to see about eyeglasses, and if they would do any good for his headaches.

DANCE
AT LAKEVIEW HOUSE, YOUNG'S POINT, EVERY THURSDAY, COMMENCING AUGUST 25TH, 8.30 P.M. Round and Square Dancing. Best of Music Provided. ADMISSION 25c.

DRUGGISTS' PRESIDENT.
TORONTO, Aug. 25. — (By the Canadian Press.)—Henry W. Shoemaker, Windsor, was elected president of the Ontario Retail Druggists' Association in convention here to-day. Other officers chosen were: W. O. Austin, Windsor, first vice-president; S. J. Stevenson, Ottawa, second vice-president, and F. A. Jacobs, Toronto, secretary-treasurer.

MAIN STREET TOPICS

Jabs and Jottings as Picked Up by an Examiner Reporter.

TO-NIGHT'S THE NIGHT
A pure bred Irish terrier pup is to be won by someone attending the Kinsmen street fair and dance to be held this evening on Aylmer street outside the C.N.R. freight sheds.

Many other prizes also and real rollicking entertainment are promised. The feature of the evening is, of course, the old tyme dance to the music provided by George Wade and his Cornhuskers.

Good weather is promised the event and a record crowd is expected to be on hand. All proceeds are for the Kinsmen Club service work during the coming winter.

EXERCISE
A grass fire on property located near the corner of Wilson avenue and the C.N.R. tracks in Ashburnham was the only outbreak to engage the attention of the City Fire Department during the past twenty-four hours. The call was received at 4.52 yesterday afternoon.

240 BOTTLES OF HOMEBREW BEER, STILL, FRUIT WHISKEY FOUND IN HOUSE ON HAGGART STREET

A. Casson Pleads Guilty to Operating Illicit Still.

A BUSY "BLINDPIG."

Mounted Police Raid Uncovers South End Wet Spot.

Police believe that one of the biggest "blindpigs" in the city has been dried up with the arrest Wednesday afternoon of Harold A. Casson.

Two members of the Royal Canadian Mounted Police, Corporal D. L. Cannift and Constable Robertson, made the raid Wednesday on Cassons home on Haggart street, near the lock's bridge. They located every evidence of a wide liquor business carried on by Casson.

In his kitchen they found a large still capable of producing many gallons of hard stuff. Two hundred and forty bottles of homebrew in the cellar were seized. In an upstairs room was a quantity of fruit whiskey.

Before Magistrate Langley, Casson pleaded guilty to operating a still and to brewing beer for other than his own consumption. He was remanded for sentence until Thursday.

Maximum penalty under the code for operating a still is $1,000 fine and six months in jail and in lieu of payment of the fine an additional six months. Penalty on the beer charge is $50 fine and one month in jail with an additional month in default of payment of the fine.

Trio Toronto Mechanics To Check Mollison's Ship

Forced Down By Fog On Way To Harbor Grace

SAINT JOHN, N. B., Aug. 26.—(C. P.)— Enroute from New York to Harbor Grace, Nfld., where they will inspect Captain J. A. Mollison's plane before he begins the final jump of his return flight across the Atlantic, two mechanics took off from the Island of Grand Manan, southwestern New Brunswick, heading for the Newfoundland airport at 12.25 p.m., Atlantic daylight time.

Flying a Sikorsky amphibian the mechanics were forced down by fog at North Head, Grand Manan, this morning they resumed their trip when the fog lifted. Three were in the party, R T. Wickford, pilot and mechanic, L. Lesterance, mechanic, and Willie Calder, government aircraft inspector, all of Toronto.

PREMIER BRACKEN MUM ON UNIVERSITY SHORTAGES

TORONTO, Aug. 26. (CP)—Premier John Bracken of Manitoba arrived here to-day on a private business trip, during which he will attend the Canadian National Exhibition which opened this afternoon.

Premier Bracken declined to comment on shortages in the University of Manitoba's $1,600,000 endowment trust fund.

He expressed satisfaction at the conclusion of conferences on wheat marketing held with Prime Minister R. B. Bennett at Ottawa.

GRONAU WAITS FOR GAS.

DUTCH HARBOR, Alaska—Capt. Wolfgang Von Gronau, who arrived here last night from Cordova with three companions in his flying boat, will not leave here to continue his globe girdling flight until September 1 or later. He is awaiting the arrival of the steamship Derbiay, due September 1, with a supply of gasoline, he said to-day.

Swim Facts

TORONTO, Aug. 26.—(CP)—Here are the details of the women's marathon at the Canadian National Exhibition today:

Distance—10 miles.
Entries—36.
Start—1 p.m.
Probabl finish—Between 5.30 and 6 p.m.
Prizes—First $3,000; second, $1,500; third $700; fourth $400; fifth $200; sixth $100.

In The Raw

ORILLIA, Ont., Aug. 26.—(C. P.)—Four boys went for a swim in the raw here.

To-day they were all in jail for a day. Besides they owed police court one dollar each.

Magistrate Daniel McCaughrin, who sentenced them, said they should have been lashed for doing such a thing.

One of the boys said he could not aford a bathing suit.

NEWS IN BRIEF

SHORT ITEMS RECEIVED OVER C. P. WIRE

SUSPEND FORECLOSURES

WASHINGTON, Aug. 26. (AP)—Chairman Fort of the home loan board to-day announced that Comptroller John W. Pole of the currency has ordered every National Bank to suspend foreclosure proceedings for 60 days.

MADE FORTUNE IN STEEL

HAMILTON, Aug. 26. (CP) — Thomas Ramsay, once a millionaire, and Hamilton hardware merchant, who died last Wednesday, left no will. At one time Mr. Ramsay was the largest stockholder in the Steel Company of Canada and founded his fortune in Bethlehem Steel stock.

FIRST CAR AT "EX"

TORONTO, Aug. 26. (CP)—The first car to enter the gates of the Canadian National Exhibition this year was the same car that made Canadian history. The car was the first to cross Canada by an all-red route travelling from Halifax to Vancouver and back, covering 13,379 miles in 72 days.

In the car were N. T. Bowman, his wife and son, G. R. Bowman.

INFANTILE PARALYSIS OUTBREAK

QUEBEC, Aug. 26. (CP)—City health officials acted to-day to stem the advance of the mild epidemic of infantile paralysis which has resulted in six deaths since August 1. Fifty cases in this city have been reported during the month. Children from homes where there are or have been cases must not attend school.

MOLLISON DELAYED

NEW YORK, Aug. 26. (CP)—Capt. James A. Mollison again had to postpone his return flight to Europe to-day because of unfavorable weather. He learned from the weather bureau that flying conditions were bad all the way across the ocean.

DUCE OPENS NEW AQUEDUCT

PERUGIA, Italy — Inaugurating an aqueduct and new fountain here today Premier Benito Mussolini described the significance of the ceremony thus:

Water and welfare for the people who work, and the sword for the enemies of the regime.

The crowd cheered enthusiastically.

YACHT CLUB THREATENED.

TORONTO.—Fire broke out today in a workshop adjoining the Royal Canadian Yacht Club quarters on Centre Island, but quick response by a fire tug from Chippewa Island prevented flames from spreading. Minor damage was done to the workshop.

FIRST AT THE SWIM.

TORONTO.—A 24-hour vigil, undaunted by the heat and threatened showers and the imagined terrors of the dark, rewarded 17-year-old Burnett Heard to-day when he won his determined effort to be the first into the Canadian National Exhibition Grounds early to-day.

FEAR WORLD OPINION

NANKING.—Nanking officialdom to-day regarded Japan's outline of her foreign policy as reflecting the fear that hostile world opinion will be marshalled against her as a result of her Manchurian policy.

Japan's foreign minister, Baron Yasyua Uchida, outlined the nation's policy in Manchuria before the house of peers in Tokyo yesterday.

Thermometer Hits 87 On Thursday, Peterborough's Heat Record of Year

New heat record for the summer was set yesterday when the mercury in Peterborough's official thermometer climbed to 87 degrees. This is far short of the record set on July 1 last year when the mercury raced up to 101 degrees in the worst heat wave that struck this district in many years.

Yesterday's effort of the thermometer was only a weak showing, but as Walter Peters, local weather official, said: "Peterborough has been fortunate this summer in escaping torrid weather. However, to the man on the street who has cast his suit coat on the hall-tree in an attempt at coolness, the last three days have been quite hot enough.

The present heat wave set in on Wednesday when a temperature of 84 degrees was reached. Last evening's rain appeared to have some effect and to-day the mercury hovered around 84 degrees.

Ice-cream and ice sales have been affected by the rise in temperature, but the output in both these cooling commodities is somewhat below last year, it was learned.

WELFARE BOARDS ARE ENDORSED TO ADMINISTER DIRECT RELIEF

Monteith Announces Findings of Ontario Government's Advisory Group.

NO CASH TO GO OUT.

TORONTO, August 26 (C.P.). — Organization of a public welfare board for each municipality to administer direct relief is recommended in the report of the Advisory Committee on Direct Relief to the Ontario Government, and announced to-day by Hon. Dr. J. D. Monteith, Minister of Public Works and Labor. Where possible, it is also suggested that an association or league of organizations interested in public welfare should be organized to act in an advisory capacity and to arrange for the conduct of campaigns for funds, etc.

No cash is to be paid to recipients of direct relief, it is suggested. In the case of municipalities which are unable to share in expenditures, which are to remain on the former basis of one-third from each of the Federal, Provincial Governments and the municipalities, the board is to consist of three members appointed by the Provincial Government, which will have control over local activities. Municipalities which find they are unable to contribute are to have their cases reviewed by the Ontario Municipal Board to set the variation of distribution of cost.

Families, Single Persons.

The report also deals with the requirements of families and single persons in connection with food, clothing, shelter, including light and water, fuel and medical services. It is suggested that the allowance for shelter be not more than one and one-half times the taxes on the home, with a maximum allowance of $16 per month, that detailed information be provided for municipalities in connection with the purchase of clothing, food, etc., and that medical service be provided at not more than one-half of the standard rates.

In forwarding the report to the municipalities, Dr. Monteith points out that the Government has endorsed it, and recommends the adopton of its requirements and procedures. The Government will assist municipalities and is arranging for the continuance of the special committee of the Cabinet dealing with unemployment relief for the review of special cases by the Ontario Municipal Board, for the setting up of standards and the supervision of municipal activities and for co-operation with the Federal and Municipal Governments in sharing the cost of direct relief.

It is also urged that uniform residence requirements be established throughout the province and that every person seeking relief be required to register and establish residence in some municipality.

Food Allowances

In dealing with maximum food allowances, the report suggests a general standard as follows: for one adult per week $1.50; for second adult 85 cents; for third member of family 90 cents, and an allowance graded by five cents down for each to 55 cents for the tenth member of the family. The scale runs from $1.50 for a family of one to $8.25 for a family of ten, per week.

It is suggested that partial application of the necessary or community depot idea, particularly in regard to certain non-perishable local products be encouraged in all places where feasible.

Dealing with unnaturalized persons now receiving relief, the report points out that these persons come within the scope of the immigration act, and that attention of the Dominion government be drawn to this matter with a view to relieving municipal, provincial and federal governments to the fullest extent possible.

The report also urges a more permanent structure through which provincial responsibility for relief may be discharged. It urges the establishment of a more permanent provision through which the Ontario governments relationship with municipalities in all welfare and relief matters may find expression.

200 Tons At Union Report Increase

CHICAGO, Aug. 26. — Two hundred Tons, holding a reunion, report the huge Ton family is growing.

There have been 13 births and three deaths among the Tons since last year's gathering, it was reported at the 27th annual reunion of the clan in Wicker Park.

Ton, Inc., claims to be the largest organized family in the United States. They are descendants of Hollanders who settled in Roseland, Ill., in 1849.

Frigidaire System In Local Hospital

One of the finest frigidaire systems in any institution in Canada has recently been installed in St. Joseph's Hospital by the Radio Sales and Service Company here. The service includes three refrigeration hook-ups. A giant refrigerator with a volume of 65 cubic feet was installed for general purpose. An ice-maker with a capacity of 300 ice cubes and a daily output of 1,000 cubes was installed, guaranteeing cold water to every patient in the hospital. A frigidaire was also installed in the diet kitchen.

STEAMER GOING TO AID OF STRANDED AVIATORS

ST. JOHN'S, Nfld., August 26. — (C.P.).—A steamer to-day went to the rescue of Thor Solberg and Carl Peterson, whose projected trans-Atlantic flight to Norway was broken when their big sesquiplane crashed at Darby's Harbor, Placentia Bay, on the night of Aug. 23.

The two fliers, unhurt in the crash, have been stranded on Merasheen Island since the mishap.

Arrangements were completed today with the Marine Department to have the Government steamer Argyle call at Darby's Harbor today and take the fliers and their plane to Argentina. There the plane will be shipped by rail to St. John's.

KILLED BY TRUCK

ST. CATHARINES—James McPherson, 45, driver of an oil truck, was dead here today, victim of an accident in which his truck rolled on him as he strove to extricate it from a ditch at the side of the highway.

McPherson, who was a widely-known district lacrosse player, was crushed to death instantly. He left a wife and three children.

England produces $700,000 worth of honey a year.

FAVORITE LEADS OVER 100 YARDS END OF 2ND LAP

Evelyn Armstrong Swimming Easily Follows Margaret Ravior in Second Place.

LEAH RILEY THIRD.

May Looney and Ruth Tower, Toronto's Hope, Follow Closely.

WATERFRONT, Toronto, August 26 (C.P.). — Eating up the miles with monotonous regularity, Margaret Ravior, the sturdy Philadelphian, rounded the buoy at the end of the second lap of the Canadian National Exhibition's 10-mile Women's Marathon swim today fully 100 yards in front of Evelyn Armstrong, of Detroit.

Miss Ravior had taken the lead at the start, and bade fair to retain the title she had won in 1930 and 1931. Miss Armstrong was another 100 yards in front of the balance of the field.

Both the leading swimmers were making steady progress and swimming in world's record time.

Leah Riley, Keansburg, N.J., was in third place, barely in front of May Looney, Warren, Ohio; and Ruth Tower Corson, Toronto, was following closely behind.

Ravior in Lead.

Swimming a slow, powerful stroke in an attempt to win her third professional swimming championship, Margaret Ravior, Philadelphia, held a slim lead over Evelyn Armstrong, Detroit, who was six feet behind at the end of the first lap.

The first lap was a long one, 12,810 feet. Miss Ravior had taken the lead shortly after the start of the race.

Behind her at the turn was Evelyn Armstrong, Detroit, who was giving the leader a close chase. In third position was Ruth Tower Corson, of Toronto, who was just about ten feet behind Miss Armstrong. May Looney, Warren, Ohio, was just about as close to her Detroit rival and was swimming strongly. Smiling Leah Riley, of Keansburg, N.J., was in the fifth position, and was also making fast time. Dorothy Nalevalko, Gleucove, N.Y., a new-comer to local marathon swimming circles, was churning up the water at a great pace and was holding fifth position without a great deal of difficulty.

A crowd estimated at between 90,000 and 100,000 was following the progress of the race.

NORWAY - BOUND PAIR UNSIGHTED SINCE HOP-OFF

Lee and Bochkon According to Schedule Due Over Ireland 11 P.M. Last Night.

FUEL FOR 37 HOURS.

Fliers Hoped to Make Goal By 1 PM. Noon To-day—Anxiety Mounts.

OSLO, Norway, Aug. 26. — (C.P.).—Hope that Clyde Lee and John Bochkon might succeed in flying their Green Mountain Boy across the Atlantic began to dim to-day as afternoon faded into evening and there was still no word of them.

HARBOR GRACE, Nfld, Aug. 26. —From the vast Atlantic came no word today of the "The Green Mountain Boy" but there was confidence the big plane bearing Clyde Lee of Oshkosh, Wis., and John Bochkon of Brooklyn was nearing Oslo, Norway, its goal.

When the fliers hopped yesterday morning at 5:02 (Eastern Standard Time' on the second leg of their journey from Barre, Vt., toward the land of the Vikings, they said they hoped to make it in 30 hours. That would put them in Oslo shortly after 1 p.m. today. They carried gas for 37 hours.

Some slight anxiety was felt because no vessel reported sighting the plane, although it was presumably flying in the path of many ships but it was believed possible the fliers might have climbed high to avoid a rainstorm they expected to meet 600 miles off Newfoundland, and thus would not be easy to sight.

Course Over Dublin

Flying the great circle, the red monoplane, according to its plotted course and estimated speed, should have hit the Irish coast near Galway at about 11 o'clock last night. The airmen planned to fly over Dublin, Southern England, and Cuxhaven, Germany, before coming down at Kjeller Field, Oslo. Galway is on the west coast of Ireland and about 1,800 miles from Harbor Grace.

Flying at night over Ireland, Lee and Bochkon would not stand much chance of being sighted. Several flying expeditions have made the last stages of an Atlantic crossing at night and have been unreported until their safe arrival.

IN PEMBROKE JAIL.

PEMBROKE, August 26 (Special) —David Hubbs, of Peterborough, is in county jail here awaiting trial on a serious offence against a young girl. He was remanded to stand trial before a judge at the Fall Assizes.

FAVORS INFLATION OF CURRENCY AS WAY TO WIPE OUT HARD TIMES

Miss MacPhail Sees No Hope Till Agriculturists, Industrialists Cooperate.

AT U.F.O. MEET.

TEMPERANCEVILLE, Ont., Aug. 26. (CP)—Miss Agnes MacPhail, Progressive member of parliament, to-day was on record as favoring inflation of currency to erase hard times.

The Imperial Conference, she told an audience of the United Farmers of Ontario last night, did not touch the monetary system, but made a few pious remarks about it. She urged a tie-up of the Canadian dollar to the pound sterling on the ground variation between its value in this and foreign countries tended to nullify value of preferences granted at the Ottawa Conference.

Miss MacPhail advocated inflation because the amount of money normally increases in booms and decreases in depressions. The opposite, she held, should occur.

There is no reason, she said, why the government cannot print $100,000,000 or $200,000,000 and pay with this new money for unemployment relief and for new public buildings.

Canada, Miss MacPhail added, would never be properly governed until the agriculturalists and the industrial workers realize that they must work and co-operate to the fullest extent.

Town Of Rockland Threatened By Fire

ROCKLAND.—(C.P.)—Fanned by a high wind, fire to-day was threatening destruction of the west end of Rockland. Damage exceeded $10,000 early this afternoon.

Starting in a cedar bough arch, built as a welcome to Imperial Conference delegates, the flames spread to theold Pine Grove College building and the barns and dwelling of James Duncan. It is believed a carelessly thrown cigarette started a fire in the arch.

POLLUTION OF THAMES KILLS SCORES OF FISH

LONDON, Ont., Aug. 26. (CP)—Hundreds of dead fish to-day floated on the surface of the Thames River here, killed, game of fisheries officers said, by pollution of the stream occurring within the city limits.

Harry White, Sanitary Inspector, took samples of water for analysis from the east side of the river where marked discoloration was noticeable.

Dead fish began to appear yesterday and increased rapidly in number during the night until today many hundreds were seen on top of the water and along the shore of the river.

3000 Farm Troops Carry Price War To Council Bluffs

Council Bluffs, Gateway Town to Omaha, Encircled By Farmers, Whose Forces Block All Highways.

DIRECT ACTION AGAINST LOW PRICES.

Farmers Gain Victory in Release of 43 Pickets — Twelve Get Month in Jail.

COUNCIL BLUFFS, Iowa, August 26 (C.P.). — Striking farmers consolidated their positions to-day in a renewed attempt to bottle up Council Bluffs, gateway to the important Omaha, Neb., market, encouraged by a victory in gaining freedom under bond of 55 of their highway pickets.

Reinforced by comrades from North-Western Iowa, 3,000 of them, it was estimated by officials, were massed in blockades along the principal highways leading into Council Bluffs—apparently in full control of traffic.

Capitulating to the demands of about 1,000 of the striking agriculturalists, who threatened to storm the jail and release the 55 prisoners if they were not freed, Sheriff P. A. Lainson, withdrew his deputies and made no attempt during the night to keep the highways open.

Surrounded Jail.

For a time the situation took on a serious aspect. About 200 deputies surrounded the County Jail, which bristled with sub-machine guns and sawed-off shotguns, while the invading farm forces from the North-west poured into the city and gathered around the building.

A conference between county officials and leaders of the farmers who seek to keep produce from the market until prices are higher, was arranged and an agreement reached whereby 43 of the prisoners, arrested on charges of unlawful assemblange, were released in bonds of $100 each. The other 12 had been sentenced to 30 days in jail, but were liberated on appeal bonds.

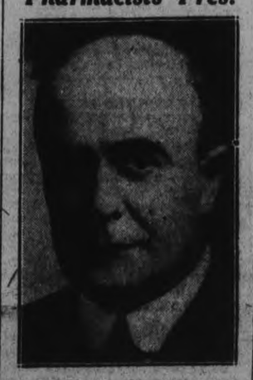
Prisoners Released.

Meanwhile, the situation at Sioux City took on a new aspect when 88 men arrested by Sheriff John A. Davenport were released. A habeas corpus proceeding brought on behalf of one of them, Joe Francis of Salix, led to the decision to release all without filing charges.

Picket lines were maintained about Sioux City, but the situation was reported as quiet.

At Des Moines, Iowa National Guard troops were ready to move to any point in Iowa should the strike situation develop beyond local control.

Pharmacists' Pres.



W. Bruce Philip, Washington, D.C., new president of the American Pharmaceutical Association. He was installed in his new office on Friday, Aug. 26, when the Association held the closing meeting of its convention at the Royal York hotel, Toronto. In addition to being a prominent pharmacist Dr. Philip is a capable lawyer and is counsel in Washington for the National Association of Retail Druggists.

HON. N. MEAGHER DIES IN HALIFAX

Was One of Nova Scotia's Outstanding Lawyers—Supreme Court Justice.

IN 90TH YEAR.

HALIFAX, Aug. 26. (CP)—Hon. Nicholas Hogan Meagher, retired Justice of the Supreme Court of Nova Scotia, died here to-day. Had he lived until next October he would have been 90 years of age.

Stricken on August 23, while on a train enroute from Montreal to Halifax, he was taken to hospital at Campbellton, N.B. He remained there until the following day when he continued the journey to Halifax.

He weakened rapidly after his arrival here and his death was not unexpected.

Nicholas Meagher was one of Nova Scotia's outstanding lawyers and jurists for many years. Called to the bar of the province in 1872 he was appointed Queen's Council in 1881, and practised his profession in Halifax until 1890, when he was appointed a justice of the supreme court. He retired from bench in 1916, at the age of 74.

He continued to reside in Halifax and his retirement from business did not lessen his interest in church and community affairs. A devout Roman Catholic, he was created a Knight Commander of the order of St. Geogory in 1925.

OSHAWA LYE ATTACK VICTIM IN DANGER OF BEING BLIND

OSHAWA, Aug. 26.—In danger of becoming totally blind, Samuel Systopul, Cedardale, victim of a lye attack, has become so hysterical that his removal to the Ontario Hospital at Whitby will be necessary, hospital authorities state today. Mrs. Mario Kimmelt, who is alleged to have thrown lye into Systopul's face during a quarrel, was remanded in custody for another week yesterday.

Two Youth's Drown In Waters At Border

PORT ERIE, August 26. — The lives of two young boys were claimed in drowning accidents in the border district yesterday afternoon. The first victim was Wesley Cudney, 10 years old, of Fort Erie, who was drowned while bathing in the Niagara River at the foot of Princess Street. The lad is believed to have waded beyond his depth and to have been whisked out into the river by the swift current. The body had not been recovered last night.

At Pleasant Beach, on Lake Erie, a vicious undertow was blamed for the drowning of Harold Fisher, 11 years old, of Buffalo. The lad had come with a party of friends to bathe at the resort and suddenly disappeared. The life saving crew of the Port Colborne fire department was called and an hour and a half after the drowning took place the body of the boy was recovered in about eight feet of water.

PROBE PPOLICE SHOOTING OF BURGLAR SUSPECT

DETROIT, Aug. 26.— Combined agencies of the state police and the county prosecutor's office today were investigating the death of David Cantor, alias Youssenoff, from a gunshot wound received while he was a police prisoner.

Detective Vincent Hoesel, who shot him, and the three other policemen who were present, said Cantor reached for the gun of one of his captors as he was being taken to the scene of a recent burglarly in an effort to elicit a confession.

Cantor was quoted as saying before he died that he was attempting to ward off a blow when the shot was fired.

Domestic supplies of tanning materials are constantly decreasing in the United States.

CRIPPLED GIRL ALONE IN HOME BADLY BURNED

Crawls Screaming to Door After Lying 15 Minutes on Floor.

NEIGHBORS GIVE AID.

Transfusions Given By Father, York Township Officials Feared in Vain.

TORONTO, Aug. 26.—"Give me a drink I am burning to death."

Screaming this agonizing request as she clutched the door of their home, her paralyzed form a mass of flames, 14-year-old Gertrude Cassar, crippled daughter of Sam Cassar, last night chilled the blood of residents near her home at 187 Kane Avenue.

With almost every stitch of clothing burned from her pain-racked frail form, she had crawled from the kitchen of her home where she had been curling her hair by the gas range, and where for fully 15 minutes she had lain slowly burning. It is feared she will die.

Gertrude was alone in the house. A close neighbor of the family, Mrs. Charles Maguire, who was sitting on her verandah across the street at 162 Kane Avenue, raced across the street, her husband alongside of her.

Folds Coat Around Her

Picking up the girl in his arms, Mr. Maguire carried her into the house and sat her in a chair in the front room while his wife grabbed a coat hanging nearby and folded it around her.

But the flames had burned virtually all the clothes from her back and there was little left to smother.

While Mrs. Maguire rushed around to find some oil to soother the girl's seared body, her husband telephoned for medical aid and an ambulance.

Late last night, after the blood of the girl's father had been used in a transfusion to strengthen her lifelong paralyzed body, physicians at the Hospital for Sick Children reported there was small chance for her recovery.

Four York Township officers were also rushed to the hospital to give a second transfusion if her condition is any better this morning, but her body had been so badly burned as she lay helpless on the floor of her home that it was not expected their help would be needed.

DRIVES 420 MILES TO SELL TRUCKLOAD OF BLUEBERRIES

ST. CATHARINES, Aug. 25.—At the end of a 420-mile ride, William Daw, of New Liskeard, found a ready market for a truck load of 263 baskets of blueberries on the St. Catharines market yesterday. Daw left New Liskeard last Monday in search of a market for the berries. They sold at $1 a basket and some slightly damaged at 50 cents.

Evening It Up

NEW YORK, Aug. 26. (CP) A slap-for-slap drama enlivened Broadway's night court. Lou's Genovese denied slapping Frank Brown.

"If he slapped, show me how he did it" said Magistrate Greenspan. Frank implanted a healthy smack on Genovese's face.

"Now," said the magistrate, "I guess you're even, Frank, and I'll suspend sentence."

DON CORNERED —AND KISSED

Bachelor Speed King Trapped by Bevy of Girls Seeking Autographs.

SURVIVES "ORDEAL."

WINDSOR, Ont., August 26. —(C.P.).—Kaye Don, world renowned as a speed king and a bachelor, has been kissed.

And just as nonchalantly as he has come through other trying ordeals, he came through this one, though it brought traces of a blush to his ordinarily placid countenance.

It happened last night in a hotel when he was trying to slip around by a back way to get to a room where the District Council of the Canadian Legion was in session. He had been guest of honor at a banquet, under auspices of the Lions' Club, tendered by various organizations and the city.

A bevy of young ladies had gathered in a hall hoping that they might "have a word" with the hero and get his autograph. It just happened that to reach the Legion meeting he must pass through this hall, and before he knew what was happening he was surrounded. He surrendered to the autograph request barrage and had nearly passed the ordeal when one of the young ladies, more excited than the others, threw her arms about his neck and kissed him.

Then Don managed to get through a nearby door and reached the gathering of the veterans.

OPEN PARTRIDGE SEASON PROMISED BY CHALLIES

Definite announcement of an open partridge season some time this Fall was made by Hon. George H. Challies, Provincial Secretary, and Minister of Game and Fisheries, on his return to Queen's Park yesterday after a tour of the province. It is many years since there has been a partridge season in Ontario, but the minister stated that partridges were so numerous that an open season would be of benefit.

After 1300 years a second edition is being prepared in England of the oldest book of poems in the English language, the famous Exeter book preserved in Exeter Cathedral.

GREATEST FAIR C.N.E. IS OPENED FOR 54TH TIME

Premier Bennett to Officiate —His First Post-Conference Address.

10 MILE WOMEN'S SWIM.

Wide Variety of Events Slated for Opening Day at Toronto.

TORONTO, August 26.—Prime Minister Bennett will make his first post-conference public address at the Canadian National Exhibition directors' luncheon to-day. Later on in the afternoon he will be chief dignitary at the Exhibition formal opening ceremonies at the Grand Plaza. The Prime Minister, during his Exhibition discourses, may choose to discuss matters affecting the recent British Empire Trade Conference.

While the formal opening ceremonies are delayed until early afternoon, the Exhibition itself will be in full swing from 9 o'clock in the morning, at which hour the buildings open. It will be the fifty-fourth Canadian National Exhibition—a record of continuity unequalled in the world for a Fair of its size.

Judging Begins.

Produce and plant showings, judging of various exhibits, activities of interest particularly to women, and even the Exhibition sports program start right off with the first day. At 9 a.m. simultaneously with the opening of the buildings, the dairy products display opens; at the same hour the judging of plants and groups commences in the Horticultural Building; further judging takes place in the Women's Building from 10 a.m. on.

There are continuous band concerts from early afternoon until nearly midnight; the women's ten-mile marathon swim for the professional world championship starts at 1 o'clock; a softball tournament commences at 6.30; at 3.30 p.m. there is the official opening in the Women's Building; and at 8 p.m. the Fashion Show and Mannequin Parade opens in the Fashion Building.

These are only a few of the multitude of events of Canadian National Exhibition Opening Day today.

R. W. Scott Receives Engineer's Post

CAMPBELLFORD, Aug. 26 (By Examiner Staff Correspondent) For ten years engineer of the Water and Light Commission Board of the town of Campbellford, Robert W. Scott has received the appointment of town engineer of the town of Deseronto. He commences his duties immediately.

Preparing To Fly Back To England

TIME OUT FOR LUNCH!—BETWEEN TRANS-ATLANTIC HOPS

Although he is busily planning his return flight across the Atlantic, Captain James A. Mollison, the modest 27-year-old British pilot who just accomplished the first east-to-west trans-Atlantic solo flight, finds time to accept a luncheon invitation in New York. He is shown with Captain Guy Nugent (Left) of the Royal Air Forces, and Miss Margaret Lane, international news service writer. Captain Mollison hopes to take off in a few days in his tiny Moth plane, demonstrating by example his opinion that trans-ocean plane service is practicable.

RUSH GENERAL OFF TO PRISON TO AVOID RIOTS

Spain's Highest Ranking Officer Starts Serving Life Sentence.

REDS PROTEST LENIENCY.

Cabinet Realignment Rumored —Nationalists and Monarchists Clash.

MADRID, Aug. 26. (AP)—The ranking general of Spain, Jose San Jurjo, was reported enroute by automobile to-day to El Dueso penitentiary in Santander province to serve out a life sentence for rebellion against the republic.

Although authorities declined to comment, it was understood a secret transfer from Madrid had been suddenly ordered in the hope of averting further disorder.

Nevertheless manifestations and disorders had already occurred in various parts of the nation, and there were reports a cabinet realignment was not beyond the range of possibilities.

Riots Over Judgment

The disturbances were provoked by the supreme court's sentence of death against the general yesterday, and later commutation by the government.

Communists at Bilbao and nearby Gallarta protested against the government's leniency. In an ensuing clash with civil guards one Communist was reported slain and several injured. Corunna reported the general's home province was celebrating the commutation with enthusiasm, while at San Sebastian Monarchists and Republicans clashed in the streets. Civil guards got the upper hand just as the Monarchists were about to be lynched.

AIM AT BOOMING KEY INDUSTRIES

German Industrialists Lay Plan of Nationalization Before Von Papen.

NEW CAPITAL TAX.

BERLIN, Aug. 26 (A.P.)—Nationalization of several key industries and further taxation of German capital to finance a gigantic labor creation scheme were discussed today as possible projects of Chancellor Franz Von Papen's Government.

Aroused by these reports, leading industrialists have called on the chancellor, it was learned today, to talk over his forthcoming economic policy, which will be disclosed in an address to West Phalian farmers at Muenster Sunday.

The industrialists appeared in a group yesterday to confer with Herr Von Papen. They included Dr. Krupp Von Bohlen and Halbach, head of the Krupp Works; Ludwig Kastl, financier and industrialist; Carl Bosch, dye magnate; and Friedrich Von Siemens, electrical manufacturer.

It has been intimated that plans are afoot for "systemized economy," which might mean nationalization of key industries for economic purposes.

Labor Creation Plan

There were also hints the government is contemplating a plan to finance a labor creation scheme by a general tax of three per cent against German capital, or by a three per cent compulsory loan from private citizens to the government.

The general idea would be to get the wheels of industry moving with additional money issued on the basis of the loan or tax. This increase in currency, its advocates assert, would increase the taxable capacity of the nation in such a way that the strong reflux of money would preclude the danger of inflation.

Dr. Hans Luther, president of the Reichbank, and other business men were reported as objecting to the plan and doubting it would prove profitable in the long run.

Fine Crop Reports From Campbellford

(By Examiner Staff Correspondent)

CAMPBELLFORD, Aug. 26. — With threshing operations now under way in the Campbellford district some very fine reports have been received regarding the fine quality and quantity of the grain.

Peter Jones of the Wilson settlement got fifty bushels of wheat to the acre and from seventeen and a half acres of oats he received 375 bushels. This work was done by the J. I. Adams outfit which threshed 1260 bushels of grain in one day.

A thirteen-acre field on the farm of Clarence Glover at Morganston yielded about sixty bushels of wheat to the acre, and unusually heavy crop for this season. This farm has recently been purchased by Charles Reycraft from Wallace Glover, who owned it.

And another good report comes from the farm of Alex Hume and Son where Melville Petherick threshed seven loads of O.A.C. No. 144 oats which yielded 419 bushels of clean grain, set at 42 pounds to the bushel.

Farmers throughout this district are pleased with the wonderful quality of the grain this season which seems to be due to the fact that the rains came just when it was filling.

$30,000 PLANE SINKS IN SURF

Pilot Swims Ashore After Amphibian Turns Over During Landing.

SALVAGE EFFORTS VAIN.

UCLUELET, B.C., Aug. 26.—Barely able to reach shore after being thrown into a heavy sea when his plane turned over in the surf at Long Beach, off the west coast of Vancouver Island, after a forced landing, Pilot Gordon McKenzie related yesterday how he and a lifeboat crew from Rofino battled wind and waves in a heavy fog in a futile effort to save the machine. The plane, a five-seater Boeing cabin amphibian, was en route from Victoria to Vancouver Wednesday when engine trouble forced the pilot to land on the water.

When the machine hit the surf it was turned over, throwing McKenzie into the breakers. Unable to climb back into the cockpit, he attached a rope to the plane and swam to shore, exhausted from his fight with the seas. The lifeboat crew of Rofino came to McKenzie's assistance, and, aided by members of an unemployment camp, worked all night by the light of bonfires in an effort to save the $30,000 machine. The sea proved too much, however, and early yesterday morning the fight was abandoned. The engine and parts of the fuselage may be salvaged.

PRIZE WINNERS FOR ROTARY FAIR

R. Moore, Campbellford, and W. A. Dawson, Toronto, Lucky Draw Winners.

$700 GROSS RECEIPTS.

CAMPBELLFORD, Aug. 26 (By Examiner Staff Correspondent) — Financial success attended the third annual street fair of the Campbellford Rotary Club held on Wednesday evening, when it is expected that approximately $700 will be the gross receipts. Mrs. Robert Moore with ticket number 808 was a winner of the lucky draw. Choosing a prize of three tons of coal, while the second award went to W. A. Dawson, ticket number 294 of 29 Bloomfield Avenue, Toronto. He will have the choice of a watch, three tons of coal, groceries to the amount of $40, a suit of clothes, a chest of silver or a piece of furniture.

More than 104,000,000 pounds of tuna and tuna-fish are caught by American fishermen yearly.

TEMPERATURE SWIM COURSE IS 65 DEGREES

More Than 100,000 Persons Line Bank as Natators Line-up for Swim.

STARTS AT ONE O'CLOCK.

WATERFRONT, Toronto, Aug. 26. (CP)—With the water temperature hovering around 65 degrees but with clouds hanging overhead, there seemed little possibility of a postponement of the women's 10-mile professional swimming championship here to-day. The race is on if the water is warmer than 60 degrees.

Before sun-up, many of the 36 contestants were down to the waterfront to try the water. One or two of them, unable to wait because of nerves, had a pre-breakfast dip.

The race is scheduled to start around one o'clock this afternoon with Premier George S. Henry of Ontario firing the gun. Early today there were thousands of spectators lining the course, and by one o'clock it is expected more than 100,000 will be present.

New radio beacons have brought the total scattered along the coast from Maine to Florida to 46.

MUST INSPECT CANNED SALMON

Ottawa Order Brings Imported Fish Under Domestic Regulations.

EFFECTIVE TUESDAY.

OTTAWA, Aug. 26.—All canned salmon imported into Canada in future must undergo an inspection similar to that now required in the case of salmon packed in British Columbia, and no import shipment may be released until it has been so inspected. This is the purport of an Order-in-Council passed this week, as all importations of canned salmon come from the Pacific side the Order-in-Council also provides that all shipments "imported for sale in Canada shall enter through a British Columbia port only."

The inspection of imported salmon will be carried out by the permanent Board of Inspection in British Columbia, which was created by Order-in-Council on April 4 last.

The inspection requirements became effective on Tuesday last, but shipments in transit prior to that day are exempted.

MINE INVASION MARCH HALTED

Franklin County Meets Strikers With Stern Warning at Boundary.

RADICALS TO BE OUSTED.

BENTON, Ill., August 26 (C.P.).—Victorious in turning back an attempted invasion by several thousand striking coal miners from Northern and Central Illinois, Franklin County now plans an offensive against radical agitators within its own boundaries.

Warnings of their intentions of disposing of known agitators shortly have been given by county authorities, who charge that extreme speeches and literature have created many disturbances in the coal fields recently.

During the bitter controversy which finally resulted in the placing into effect of the $5 daily wage scale contract, officials of the United Mine Workers of America, including John L. Lewis, the international president, charged that Radicals were inflaming the idle miners, especially the foreign element. County authorities, busied recently with the task of keeping open mines where men were willing to work under the $5 wage contract, have had little time to devote to the stamping out of the alleged Radicalism. But now, with the threat of invasion by outside strikers apparently ended, they say they will turn their attention to agitators.

20 YEARS OF ALL HEALTH

Then Mrs. Duke Discovered Kellogg's ALL-BRAN

Of her own accord, Mrs. Duke sat down and wrote us a glowing tribute to Kellogg's ALL-BRAN:

"I have been constipated all my life, which has been about 20 years, up until last year when I started eating your ALL-BRAN. Since I have been eating it, people tell me I am looking better, and I am sure that I feel a great deal better."—Mrs. L. W. Duke (address upon request).

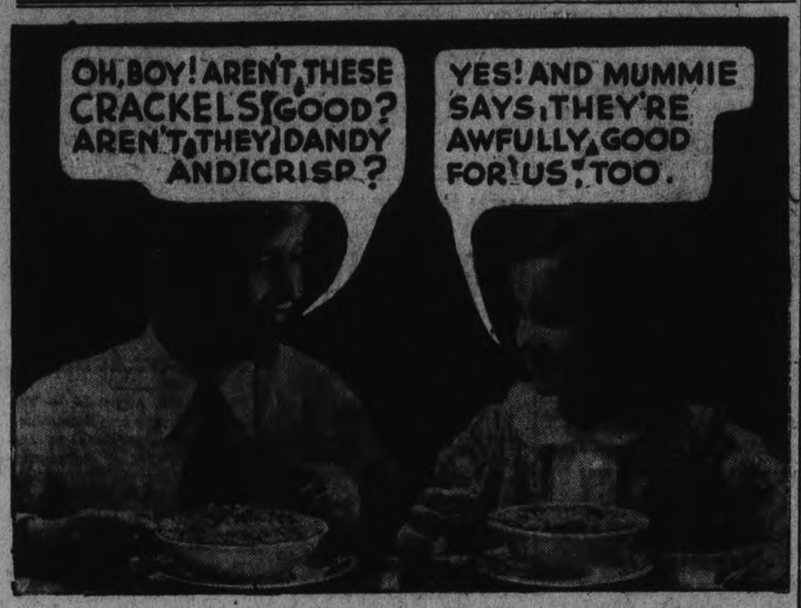
Constipation is usually caused by lack of two things in the diet: "Bulk" to exercise the intestines; Vitamin B to help give them tone. Kellogg's ALL-BRAN provides both of these dietary necessities, as well as iron for the blood.

Within the body, the "bulk" in ALL-BRAN forms a soft mass, which gently clears the intestines of wastes.

How much more natural it is to enjoy this delicious cereal than to risk taking pills and drugs—so often harmful.

Just eat two tablespoonfuls daily—serious cases with every meal—for most types of constipation. ALL-BRAN is not habit-forming. If your intestinal trouble is not relieved this way, see your doctor.

Sold in the red-and-green package. Made by Kellogg in London, Ontario.



Crisp, Crunchy Crackels always draw a smile . . .

Made in Canada by The Quaker Oats Company, largest cereal millers in the Empire.

THE perkest : : : crispest : : : most deliciously flavoured cereal ever created! That's Crackels. No wonder all the boys and girls who have tasted Crackels say there is nothing like it.

Not just one cereal, but a blend of the choicest energy parts of different grains. So nourishing that mothers everywhere welcome it.

Little golden pillows : : : so light they float on top of milk or cream . . . so crisp that the last tiny Crackel in the dish is as crisp as the first. "Oven-blending", a process we originated, gives it a flavour no cereal has ever had before.

Serve Crackels at breakfast tomorrow. See how it lures dulled summer appetites. Note how beaming little faces ask for more and more. Can you imagine an easier way to get children to take all the healthful milk they need?

All grocers have Crackels. So order a package today. There are twelve big helpings in each box.

QUAKER

CRACKELS

"IF IT'S CITIES SERVICE . . . IT HAS TO BE GOOD"

For smooth, sure power, Gasolene must have a "life line" like this

Quick start—fast get-away—sure power—that's your picture of a good gasolene. The curve on this chart is the way a chemist shows it. He "draws" this picture by boiling a given quantity of gasolene, and measuring what percentage of it boils away at certain temperatures.

The chemist knows, from the shape and position of this particular part of the curve, that the gasolene from which it was made has smooth, sure power, and plenty of it, especially with reference to the territory in which it is to be used. It shows good "body"—with neither too much of the light, quick-starting elements (which would mean lack of power) nor too much of the heavy slow-burning parts (which might mean incomplete combustion and crank-case dilution).

A group of expert chemists checks every day's run of gasolene from Cities Service refineries. Each batch must come up to strict standards, not only for power, but for quick-starting, good pick-up, complete combustion, anti-knock, freedom from corrosion, and suitability to the climate in which it will be used. If it fails to meet any of these tests, it can't be sold to the public.

Thus you are *sure* when you buy from Cities Service—for "if it's Cities Service, it *has* to be good."

CITIES SERVICE OILS

Cities Service—one of America's two largest industrial organizations—broadcasts Fridays, 8 P.M. (E.D.T.), over WEAF and 33 N.B.C. stations.

FARMER HAD "PERFECT CROP" YET WENT $1,500 IN THE HOLE

Wheat Men in Alberta's Most Favored Area Can't Make Ends Meet.

PRICE BELOW COST.

By Wilfrid Eggleston
(Special to The Examiner)

MANTON, Alta., Aug. 26—(SNS)—Here's great wheat country! They often speak of this Macleod-Lethbridge-Vulcan-Calgary area as the "Wheat Belt of Alberta." In point of acreage, yield and total shipments from individual stations, it frequently leads the prairie, surpassing even the Regina plains, or the famed Soo Line. The town of Vulcan has shipped over 2,000,000 bushels of wheat in a single season. It was just outside of Nobelford that the world's record for production on a 1,000 acres block just set, in 1916, the amount being justover 54,000 bushels. Today, as I rode along the Macleod-Calgary trail, the landscape was like a linoleum pattern of gold, silver and bronze, with a few black velvet square of summer-fallow. With the romantic foothills rising just a few miles west, and the glorious peaks of the Rockies rimming the western horizon it's a brave sight for any eyes.

This Nanton country has never known what even the most highly-prized Saskatchewan areas have now undergone—a complete crop failure. They get dry summers here, same as elsewhere, but since it was taken over from the rancher, there has never been a drought so severe that well-farmed summer fallow would not yield 10, 15 even 20 bushels to the acre.

Withstands Drought

This season is a good illustration of the drought-resident nature of the soil. The spring moisture was heavy, but early in June, it was cut off short, and for six weeks, during the most vital growing season, there was not more than a sprinkle. In some regions this would have meant complete crop failure Bare seed and feed would be all that could be expected. Instead, here, the expectation is for an average crop of 25 bushels to the acre. Though the long-term average for wheat througout the whole prairie is only about 16 bushels, these farmers—so I was told today—feel somewhat aggrieved if they don't get 35 or 40 bushels. This year's harvest, bountiful as it is in comparison with the six-eight-ten bushel crops of southern Saskatchewan, actually seems a light one to farmers grown matter-of-fact about "bumper crops".

As I rode along the bus through Granum, Claresholm, Stavely, Parkland, noticing the six, seven and eight capacious grain elevators in every town, with an additional two or three set on a siding at the halfway mark between these points, it struck me how much golden wealth had been taken out of the soil here.

Any one of these towns in an average years gathers and ships enough wheat to make bread for a city of 200,000—enough for the city of Ottawa, with Oshawa thrown in for good measure. And with the superb record of yields and freedom from failure, surely of one can hope to look for prosperous wheat farmers it ought to be in this part of the west.

There is some superficial evidence of prosperity, in the appearance of the farm establishments, in the activity of the towns, in the bus traffic, the cars standing on the streets. And certainly, in comparison with the starved, deserted, pitiful look of some of the once-proud wheat centres in southern Saskatchewan, blighted by crop failure, there is much reason for complaisance in conditions here. There is no relief necessary in these municipalities beyond what the district can itself take care of, plus the "hand-outs" for which housewives are being daily solicited from the transients.

Taxes Unpaid

Yet when the surface is probed there are disquieting facts. F. C. Roy, secretary-treasurer of Riley municipality, told me today that only 40 per cent. of last year's taxes had been paid to date. G. G. Coote, federal member for this riding, told me that, out of 260 rural telephones operating out of Nanton a year or so ago, 100 had been given up by farmers unable to keep up the $2.50 a month rental. Several prominent farmers of the district admitted to me that they were only 'hanging on by the skin of their teeth'.

Other information was to the effect that scores of farmers in the district were canning fruit and vegetables, smoking and curing meats, using scorched wheat and barley to make a kind of coffee, grinding their own porridge from wheat using their old machinery a year, or two, or three years longer than it was efficient, leaving their cars in the garage because of inability to buy gas or license plates, and patching and scrimping generally in an effort to make both ends meet.

With nature so bountiful and so faithful to this country, how come all the present hardship? Were the

Now, why did pretty Miss Mary Dore, 16-year-old daughter of Mayor John F. Dore of Seattle, Wash., keep the handsome prince waiting? Miss Dore and Prince Friedrich Wilhelm, grandson of the deposed German ruler, now touring the United States, had a dance date, but he showed up alone. Miss Dore gave no reason for her non-appearance, and if her father, the mayor who made the appointment, knew

farmers improvident in prosperous days? Poor management, or what?

No single answer will do for these posers, I decided, after trying them on several farmers, and Mr. Coote, the editor of the Nanton paper. There are a number of reasons.

But the one crying explanation which is shouted at the visitor from Winnipeg to the Rockies, here as elsewhere, is this: "The price of wheat and other farm commodities is so far below cost of production we can't help going into the hole."

May Break Even

Here's a concrete case: Hunter Heath, who farms a section and a half eight miles east said: "In 1930 I had 41 bushels of No. 1 Northern to the acre—a perfect crop in every respect. Yet I figure I went $1,500 in the hole that year. Last year my crop was only 25 bushels to the acre, but by paring expenses down to the absolute minimum I figure I about broke even. This year —I don't know."

Bethany

Mrs. Roy Russell, who with her small daughters of Cobourg, have been visiting her parents, Mr. and Mrs. Charles Smith, returned to her home on Wednesday morning. Mrs. Smith accompanied her daughter and intends making an extended visit at Cobourg and other points west.

Mrs. W. Rowland is giving the finishing coat of plaster to the residence he built on Queen street, adding another nice home for occupancy in Bethany.

Mr. and Mrs. P. C. Brown of Orono and Mrs. Gray of Toronto called on friends in the village on Tuesday evening.

Mr. Walter Smith left on Tuesday to visit for an extended time with friends at Bexley, hoping to regain his strength and recuperate in a drier atmosphere in the rocky northland. His many friends wish him a speedy recovery to better health than he has been having recently.

Miss Sara McMullen and Mrs. William McMullen were visitors to Nichols Hospital on Tuesday, where their brother is a patient at present.

Mr. F. C. Dawe is spending a few days' vacation with his brother, Mr. George Dawe at Warkworth.

Guests of Mrs. Geoffrey Davis are Mrs. Sanford and daughters of Eldorado. The Misses Sanford are both registered nurses at Whitby hospital.

Mr. and Mrs. Lloyd Davis returned to their home at Eldorado accompanied by Mrs. Hilliard Bristoe, after a short visit with friends in Bethany.

Mr. and Mrs. Charles Davis and small son were visitors to Cobourg on Wednesday.

Members of the W.A. of St. Paul's church are planning to do some quilting at the street building on the church lawn on Thursday afternoon.

Miss Doris Driver is at present visiting with friends in Peterboro.

Miss Winnie Dawe was a recent vlistor to Trent River.

The Misses Holden and Muriel Hannah were business visitors to Port Perry on Tuesday afternoon.

You, too, can have a Beautiful Skin

If you go about it the right way

"I had skin eruptions that made me ashamed. I also had mean headaches. I am very grateful to Fruit-a-tives. My skin is lovely now, and I am very happy."—Miss A. D., Buchannon, Sask.

Fruit-a-tives stimulates FIVE vital organs to work naturally. It is the very best remedy you can buy to overcome poor complexion, headaches and constipation. The great discovery of a brilliant physician, Fruit-a-tives gives you COMPLETE internal cleanliness, and your skin reflects your perfect health. 25c. and 50c. at all druggists. Try them.

Fruit-a-tives
MAKE AND KEEP YOU WELL.

Mount Julian

Mrs. Oscar Church, of Peterborough, spent a few days visiting relatives in the district last week.

Mr. and Mrs. Hilton and little daughter, of Toronto, are spending their holidays at Mr. and Mrs. William Mathews' home.

Mr. and Mrs. J. Jones have closed "Dagmar Villa" and returned to Toronto.

Mr. Samuel Crocker, Mr. and Mrs. Joseph Crocker and little son, also Mr. Eddie Reid, all of Peterborough, spent Sunday visiting relatives in this district.

Mr. and Mrs. Hilliard Reid and daughter, Lillian, of Douro, were Sunday visitors in this vicinity.

Mr. Donald Moffatt is spending a few days visiting his grandparents, Mr. and Mrs. Sam Wynn.

Miss Ethel McCoy, of Hamilton, visited Miss Tillie Church recently.

Misses Dollie and Tillie Church, Ethel McCoy, Mesdames Oscar Church and William Church and Miss Scott spent a few days last week at Mrs. Church's cottage on Long Lake.

Master Lloyd McKechenie, who has spent the summer at Rameses, returned to his home in Toronto on Sunday.

Mr. G. Gillespie, of Peterborough, was the guest of Mr. and Mrs. William Thompson at Mount Julian on Sunday.

On Friday evening quite a large number of people gathered at Mr. and Mrs. John Northey's summer cottage to present Miss Jean Hopkins, whose marriage to Mr. Stanley Northey takes place next month, with a miscellaneous shower. Little Velma and Irma Gould, dressed in autumn leaf costumes, brought in the basket piled high with gifts and decorated with autumn leaves. When the gifts were brought to view there was a very useful and lovely assortment of articles. The young couple thanked the people for their kindness and generosity, expressing their wish to have these kind friends call at the new home in the future. The evening was spent in a very social way. Games, card-playing, round and square dancing, all providing entertainment. Mrs. Jones recited, as did little Miss Velma Gould, who also favored the crowd by doing the clog dance. Mr. Van Hough rendered some very fine violin music, while Mr. Joseph Northey provided violin music for the dancing. The serving of lunch completed a very jolly evening.

Cavan

Mr. and Mrs. J. Coulter, Emery and Beryl and Mr. and Mrs. Brady, of Lindsay, motored to Cavan on Sunday and visited Mrs. I. Keegan.

Mr. and Mrs. J. C. Swain, Mrs. Margaret Matchett and Mrs. Ray Syer attended the funeral of the late Mrs. Jack Swain at Valentia on Monday.

Merle Carr is visiting his cousin, Rex Carr, at Indian River.

Mrs. I. Keegan attended the funeral of the late Mrs. Josiah Johnson at Springville on Monday.

Mr. and Mrs. Herb Syer, South Monaghan, were visitors in Cavan on Sunday.

Mr. and Mrs. Orin Robertson, of Hamilton, are spending their vacation with his parents, Mr. and Mrs. R. Robertson, and other friends.

NORHAM.

Mr. and Mrs. Ivan Denike of Dartford were Sunday guests of Mr. and Mrs. Lewis Denike.

Mr. and Mrs. Claud Cryderman and baby of Toronto and Mrs. James Breckenridge of Rochester are guests at the home of Mrs. Martha Cryderman.

Wesley and Earl Clare of Orillia are visiting friends in Norham.

Mr. and Mrs. E. Tait and children who have been visiting relatives here have returned to their home in Toledo, Ohio, accompanied by Mr. and Mrs. Will Campbell who will spend a week there.

Mrs. David Ferguson of Castleton spent a few days at the home of her brother, Mr. Sam Platt returning to her home on Tuesday.

Mr. and Mrs. Jack Arnold, Mr. and Mrs. Howard Betts and daughter June, all of Rochester are visiting Mr. and Mrs. John Woodard.

Mr. and Mrs. Roy Christie, Mrs. Ray Campbell and son Howard motored from Buffalo to visit Mr. and Mrs. George Palmateer. They were accompanied home on Wednesday by Master Earl Christie, who spent the summer with his grandparents here.

Miss Mary Crealock returned on Sunday from a week's visit in Campbellford.

Mr. and Mrs. Harry Wilson and Mr. and Mrs. Alex Peterson spent a day recently at Presqui-Isle Point.

Recent guests at the home of Mr. and Mrs. Archie Barret were Mr. Langdon and Mr. Merriam of Long Branch.

Mrs. Emma Laver is visiting Mr. and Mrs. Marcus Massey at Morganston.

Mr. David Stuart of Codrington was a week-end guest of Codrington was a week-end guest of Mr. and Mrs. Theo Clausen. Mrs. Latta of Winnipeg is also visiting her sister, Mrs. Clausen.

Miss Lenore Isaac is visiting relatives in Toronto.

Mr. Chas. Wilton of Centreton spent the past week with Arthur McKenzie.

Mr. and Mrs. Clarence Brenton and family visited relatives at Centreton on Sunday.

Mrs. B. Dingman and Miss Emma West are enjoying a holiday with relatives at Long Branch.

Mr. and Mrs. David Evans had as their guests over the week-end, Mr. and Mrs. Robt. McKee of Peterborough.

Mrs. Morgan and children who spent a few weeks with relatives here returned to their home in Moosejaw, Sask.

Rylstone

Mr. and Mrs. Fred Husband spent the week end with the latter's parents, Mr. and Mrs. Herbert Spencer.

Mr. and Mrs Maxwell Anderson spent Sunday with Mr. and Mrs. Everett Heath.

Mrs. S. Bowen and Bill Bowen of Stirling spent Sunday with Mr. and Mrs. Melville Finch.

Mr. Roy Anderson, Miss Ruth Finch and Mr. Earl Finch spent the week end visiting friends at Bancroft and vicinity.

Mr. and Mrs. Wilfred Spencer went on the excursion to Rochester on Wednesday.

Miss Winnie Spencer visted her aunt, Mrs. Georgia Rutherford, on Tuesday.

The Misses Ella and Verna Sutherland of Bethel are visiting relatives on the ninth line.

Mr. and Mrs. Granville Meiklejohn returned home Monday from their trip in the west.

Mr. Fred Rutherford and Fred Rutherford, Jr., of Havelock, spent Monday in Napanee and Belleville.

The Rylstone Women's Missionary Society held their regular August meeting at the home of Mrs. Roger Lain on Tuesday evening, August 16.

Mr. Malcolm Totten gave a solo, "Face to Face." A two-part reading, Excuses and Answers for not being active in missionary work was given by Marjorie McKeown and Bessie Meiklejohn. Mrs. Fred Rutherford rendered a pleasing piano solo, "Sweet Hour of Prayer," and Mrs. Sandford Meiklejohn led in prayer. Mrs. William Allan introduced Mrs. Brooks, a returned missionary from India, who gave a very interesting address on "Missionary Work in India." The meeting closed with hymn 168, "Take Time to Be Holy and the Mispah Benediction.

The next meeting will be held at the home of Mrs. Harold Barnum, Keyword "Trust." The program committee are Mrs. Fred McKeown, Mrs. William Rutherford and Mrs. Malcolm Totten.

Propelled by miniature rockets a model airplane, the invention of Reinhold Tiling, a German, recently made a five-mile flight over an island in the North Sea.

FRENCH ARMY TO TEST NEW WAR METHODS

Manoeuvres Near Germany to be Severe Test for Motors.

AGAINST HORSE UNITS

PARIS, Aug. 26.—Forty thousand crack troops, operating under the keen eyes of Gen. Maxime Weygand, supreme chief, and other high officers of the French army, will participate next month in "The Grand Manoeuvres of the East," the world's most important military event of 1932.

"The East," in French military parlance, is the region behind the German frontier—the region where French military attention, troops and material have been concentrated for centuries.

As representatives of the world's greatest military machine operating on historic battlefields, the French troops will test the latest methods of apolication of the doctrines of land warfare in the most effective manner short of actual hostilities.

The perpetual political uncertainty of Europe and the ever-present prospect that further military history remains to be written on these ancient and modern battlefields give an especial significance to the manoeuvres.

The area chosen centres about Chalons-sur-Marne, extending to Sissonne, north of Rheims, on the north, and to Mailly, north of Troyes, on the south.

The northern part is thoroughly familiar to Americans of the Second (regular) thirty-sixth (Texas-Oklahoma National Guard), and Forty-second (Rainbow) Divisions as scenes of active service during the World War. To the south, Troyes was the headquarters of the American services of supply under Maj. Gen. Harbord.

Chaumont, where Gen. Pershing maintained his headquarters, lies a comparatively short distance of the Southeast. Fragmentary mementoes of the World War are all about, particularly in the area about Rheims.

Every effort will be made to test the efficacy of the latest war material.

By the use of the longest railroad rails in the world an English railway company expects to reduce the noise and vibration of its passenger coaches to minimum.

Agitation in New Zealand may result in the opening of the trout fishing season on November 1 instead of October 1 so as to give fish a chance to develop greater size.

SIR F. WALL'S OPENER

West Sleekburn have written to the football association and received a reply from Sir Frederick Wall stating that after reading the rules of the league in question, in his opinion, it is for amateur clubs only.

The matter is dormant for the moment, but all the argument in the world cannot alter the fact that even if their second eleven is composed of amateurs, the Ashington club itself is definitely a profession one, or it could not be a member of the North-Eastern league.

To Risk Capture By Desert Bandits

PLAN TRIP THROUGH PERSIAN DESERT.

"If you don't hear from us in three months, you'll know the bandits have got us," said the Marchioness of Milford Haven, daughter of the former Russian Grand Duke Michael, in announcing plans for an adventurous journey through the Persian desert. She is shown on the left above, with Lady Louis Mountbatten, who is to accompany her. Lady Mount batten is shown holding her daughter Patricia. "We want to get away from people, towns, and hotels," the Marchioness declared.

FRIDAY, AUGUST 26, 1932

A BOOM TO PETERBOROUGH.

The enthusiastic words used by Premier Henry and Hon. Leopold Macauley, his successor as Minister of Highways, on Wednesday in declaring officially open Highway No. 7, between Ottawa and Peterborough, were to a great degree justified.

There is every reason to expect that this new and important artery of traffic will prove a steadily more valuable factor in the development of Eastern Ontario in general and of this city in particular.

Highway No. 7 not only materially reduces the distance between Peterborough and the capital, and that in itself is an important consideration, but it provides for the people east of here easier and quicker access to the shopping and business facilities of this city, and opens up a virgin tourist country that in the summers that lie ahead will not fail to attract thousands of visitors.

Peterborough cannot fail to gain from all of these factors, and there is every reason to believe, as the Minister of Highways pointed out to his audience the other day, that the value of this road will be more and more appreciated as the years pass.

Incidentally the Government deserves credit for a remarkable piece of road-building through a difficult territory, and at an expense that, having regard to the work provided for by the unemployed and to the benefits the highway will bring, must be considered as remarkably small.

THAT GOOD-WILL TOUR.

The Peterborough Exhibition Board, the Chamber of Commerce and the firms and individuals who cooperated with them in successfully staging a good-will tour over Highway No. 7 as far east as Madoc did a good afternoon's work, not only for the Exhibition, but for this community on Wednesday.

This gesture of friendliness will be appreciated by our neighbors living along the Peterborough-Ottawa highway, who realize that by the building of this important link in the provincial road system they have been brought much closer to Peterborough, and that this city has become a shopping and business centre right at their doors, so to speak.

There is every reason to believe that with a splendid motor road now available our friends from the East will not only attend the Peterborough Industrial Exhibition in numbers unthought of a few years ago, but that they will be frequent visitors to this community.

At the same time an interchange of visits can be counted upon, for Peterborough citizens will welcome the opportunities offered by a new highway to see more of the country east of here, and will no doubt include the excellent fall fairs held in that section of Ontario as events to be included in their intinerary from this time onward.

Highway No. 7 has widened Peterborough's business circle as well as increased its visiting list.

THE "EX." IS OPEN.

With the opening of the Canadian National Exhibition to-day Canadians are reminded that summer is on the wing, and that the season for fires and overcoats is just around the corner.

The C.N.E. is an institution, as much a part of the calendar for the year as are the fixed holidays, and an annual event that holds for hundreds of thousands of Canadians a never-tiring interest.

Nothing symbolizes Canadian enterprise and Canadian vision more faithfully than does this great Exhibition, and by the same token there is no more striking demonstration of Canadian courage and faith in the future of this Dominion than is afforded by the ambitious program the Canadian National Exhibition has prepared for this year.

In a time of depression, when private enterprise becomes chilled by the economic conditions prevailing, it would not be surprising to find such institutions as Canada's great fair taking a few reefs in their sails, curbing expenditures and lessening the quality and variety of their program features.

That defeatist spirit has no place in the C.N.E.'s scheme of things; a glance over the attractions announced for this year indicates that the management has refused to cheapen or lessen the educational and entertainment departments, and that the Exhibition of 1932 is ready with new and greater features and a wealth of interesting and expansive exhibits to attract the interest of the several million visitors who will pass through the turn-styles in the next two weeks.

TO-MORROW'S APPEAL.

A good many of Peterborough's ex-service men have been victims of the current economic conditions, and they and their families have had to depend to a considerable extent on a helping hand from the Canadian Legion.

So serious indeed have become the demands upon the treasury of that organization that the local branch finds itself compelled to seek aid from the generosity of the public, and to-morrow a tag day, the proceeds of which will be used for relief purposes, is to be held.

The Examiner has no hesitation in commending this appeal to the people of this city and district as a legitimate effort to raise much-needed funds for an organization that has earned the respect and confidence of the public.

There are those who object on principle to tag days, but after all there is no other way in which the burden of raising funds can be shared among so many people, and in which the desired objective can be obtained without unduly pressing a portion of the population.

A general response to to-morrow's Canadian Legion appeal will mean a substantial sum to be devoted to the very necessary work of helping unemployed ex-service men and their families.

They did not fail when the bugles were calling in the war years; we cannot afford to fail them now.

THE FIRST HUNDRED YEARS.

This month includes the hundredth anniversary of the Bank of Nova Scotia, says the monthly review of that bank. Such a landmark invites retrospection, no less than it excites thought on the hidden possibilities of the future.

For the shareholders themselves, and the staff of this institution, it invests with a peculiar interest the memories of bygone times, and the vicissitudes of the period from 1832 to 1932. From a somewhat broader standpoint, it brings in review the chequered and not always entirely happy course of events in the Maritime Provinces; the struggle for responsible government, the passing of the great sailing ship era, the narrowing of markets, the loss of population; and finally, during the past few years, the creation of more favoring conditions.

From a still broader point of view, that of the Canadian people, who are interested in the progress of the Dominion as a whole, this occasion prompts a survey no less worth while; for the Bank of Nova Scotia was founded at a time when, outside the brilliant and historic writings of Alexander Hamilton, there was no firmly rooted knowledge or accepted rule of banking in North America.

Only within the lifetime of this bank has the Canadian banking system assumed a characteristic and unique form. Only within its lifetime has the great tradition of banking in Canada been established. In the building of that tradition, from the time when its first charter was drafted, this bank may claim, in due measure, to have played its part.

Such a retrospect carries us far back beyond the days of Confederation, to a period when the conception of a Dominion which should stretch "from the ocean even unto the ocean" had scarcely dawned upon the minds of men. In a series of weak and scattered provinces which had not yet achieved their autonomy—which possessed insufficient capital to develop their resources and, indeed, scarcely cash enough for the daily transaction of business—which with sparse populations possessed no great cities and no railways, but only rudimentary highways through the bush—the pioneers among the Canadian banks were launched.

Inevitably, they were at first purely local institutions, serving small and isolated communities. Their prime function was the provision, for their fellow citizens, of an adequate medium of exchange; they began by furnishing credit on quite a small scale, even in relation to their very limited resources; the complex facilities of the modern bank were not yet even imagined.

It is a far cry to the day, on August 29th, 1832, when first the bank opened for business, with a capital of £50,000, in the two western rooms of Dalhousie College, in Halifax. Since then its resources have been multiplied, literally a thousandfold. Like other Canadian banks, it has extended its branches from coast to coast throughout the Dominion, and has established a number of offices abroad, in England, the United States, Newfoundland, and the West Indies. It is no longer a local, but has become a national institution; and the scope of its business is international.

So far as we know the hopes with which the founders started, they have thus been more than fully realized in the progress of the bank. May the next hundred years deal as kindly, with the hopes and ambitions of to-day!

WHAT HAS BRITAIN GOT?

The people of Canada had sound reason to rejoice over the result of the Imperial Conference. There it was in black and white—Canadian wheat, bacon, ham, cheese, butter and eggs, not to forget copper and other things, are to be given preferences in the British market. There is no doubt as to the success of the conference from the point of Canada and the other dominions.

If the people in the Old Country have not hailed the result with the same satisfaction, they cannot be blamed. There is not a single definite statement in the report as to what the United Kingdom exporters will actually receive in return. There are vague generalities, plus an agreement to place British goods before a tariff board which will then apparently decide at what rate of duty they will be permitted to enter in competition with Canadian goods, and a statement that 220 articles will be placed on the free list.

Did not the Government announce a few months ago that there were 800 products to be placed on that list? Whence the reduction? What pressure was put upon the Government to cut the number of items down by half?

There can be no doubt, of coure, that the British delegation must have received substantial concessions for the concessions they made, else they would not have gone back and faced Parliament with empty hands. But the report published so far is very one-sided, and enables the free traders to work up a campaign against the Government and "food taxes." While it may be parliamentary etiquette to say nothing until the agreements are placed before the elected representatives of the people, the silence has unfortunate consequences, and the veil of secrecy should be drawn aside as soon as possible.—St. Thomas Times-Journal.

EDITORIAL NOTES AND COMMENT.

Peterborough's good-will tour made the people along the Ottawa highway conscious not only of the Industrial Exhibition but of the advantages offered by this city as a shopping centre.

There has been more or less of a political truce during the Imperial Conference, but the South Huron by-election may shatter the existing peace.

Peterborough's war veterans deserve well of their fellow-citizens. To-morrow's tag day should be supported generously.

In a couple of billion years we are told there will be no need of arguing over daylight saving. That is a cheerful thought, although not a matter for immediate rejoicing.

American tourists who think they can tour Canada on the Maid of the Mist have probably been a shade neglectful in their study of geography.

We see that Senator Borah has started in to save the world again.—Detroit Free Press.

If you wonder why it is called dotage, you should see the way he dotes on flappers.—Robert Quillen.

SUBURBAN HEIGHTS

By GLUYAS WILLIAMS

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner.

AUGUST 26, 1922

The second drowning of the year in the Otonabee took place yesterday at the foot of Antrim street, eight-year-old Henry Dowson, 186 Antrim street, falling in while at play; the body was recovered.... J. J. Turner & Sons, Ltd., have a fine exhibit at the National Exhibition, which opened today in Toronto.

AUGUST 26, 1912.

An Austrian, who drew a revolver on Special Officer Pinchin here recently, was today sentenced to seven months in prison.... Barney Page, Millbrook hotelkeeper, was struck and stunned by lightning in a severe electrical storm there yesterday.

AUGUST 26, 1902.

A "d. and d." was before the Magistrate this morning, but as he was going to Port Hope Mr. Dumble thought that would be punishment enough, and imposed no fine.

In Lighter Vein

Fixing Things.

She was the kind of woman who could be relied upon to say the wrong thing wherever she was. At a recent dinner she turned to her neighbor and said, "Doctor, can you tell me who that uncouth-looking man is over there?"

"I can," replied the man. "That is my brother."

There was an awkward pause while the woman racked her thought for somethin- to say. The doctor was enjoying her discomfiture.

"Oh, I beg your pardon," she stammered, blushing. "How silly of me not to have seen the resemblance!"—Christian Observer.

Unusual.

Seaside Landlady: "Going home so soon, Mrs. Svensson?"

"Yas, I can't rest any longer."

"What is the matter?"

"Whenever I write to my husband for money he sends it by return of post."—Vart Hem.

Welcome.

"You must sometimes be unwelcome, when you go to people's houses trying to collect installments."

He: "Just the o—osite. Ever so many ask me to call again."—Christian Science Monitor.

Voice of the People

ANOTHER OF THE LETTERS RECEIVED IN CONJUNCTION WITH THE LETTER CONTEST, CONDUCTED AUG. 15TH—

The Shopping Editor.
Dear Mr. Shopping Editor:

In these hygienic days when so much attention is paid to the vitamin values of foods it is quite unnecessary to point out the benefits of fresh vegetables to each individual. But when one has discovered a market where a supply of all varieties of vegetables and fruits may be secured at a moment's notice, it is indeed well worth mentioning. When it is added that these are always in the very best of condition, and are delivered to your kitchen in any part of the city, the question of identity is settled. There can be no doubt as to the name of the market where the customer gets service, quality, and speed combined—Anthony's under the clock.

Yours,
MRS. A. H.

BRUCE TELLS HOOVER.

WASHINGTON.— A first hand account of the proceedings of the Imperial Economic Conference at Ottawa was furnished President Hoover this afternoon by Rt. Hon. Stanley Malbourne Bruce, former Prime Minister of Australia and chief Australian delegate to the Conference.

GRAIN AND PRODUCE REVIEWS

CHICAGO GRAIN

CHICAGO, Aug. 26.—Active buying by all interests forced wheat prices sharply higher yesterday. Pessimistic and bearish crop news was almost completely disregarded, and traders followed the action of securities and commodities, especially cotton. The maximum advance was 2¾c a bushel, but reactions in stocks also brought a sinking spell to wheat.

Corn and oats followed wheat. Provisions firmed with hogs and grain. Wheat closed fairly strong, with the bulk of the advance retained, and 1⅝c to 2c a bushel higher than yesterday's finish. Corn was firm and ⅝c a bushel higher; oats, ⅝c advance; and provisions 2c to 8c higher.

Cotton Rises Spectacularly

The spectatcular rise in cotton prices, coupled with advancing stock market quotations, was the weather-vane on which wheat speculators kept their eyes.

Liverpool was moderately easier and unofficial estimates that the three Canadian Prairie Provinces would harvest 400,000,000 bushels of wheat this year, in comparison with 294,000,000 in 1931, comprised the chief bearish influences.

Upturns were checked by profit-taking and increased hedging pressure. Russia reported exports of 144,000 bushels of wheat, the first of the season, but this compared with 18,000,000 bushels shipped by this time last year. Considerable buying was attributed to Eastern sources.

WINNIPEG GRAIN.

WINNIPEG, August 26. — Wheat displayed a strong tone on the Grain Exchange here yesterday in the face of heavy selling orders and small exports, prices being ⅝c to 1⅛c higher at the close.

October closed at 55⅜c, up ⅝c, while December and May finished the session at 57⅛c to 57¾c and 62⅛c to 62¼c, respectively, both 1⅛c higher.

Hedging pressure was lighter than was anticipated, but there was some selling of an undetermined nature which reached heavy proportions and required an excellent close of buying to offset it.

Export Trade Light.

Export business was disappointing but good buying orders from southern houses took the place of foreign demand and absorbed sufficient quantities of wheat to hold the market about one cent over the previous close.

Foreign news held little of note outside the fact that Russia exported some wheat for the first time in many weeks. Further rains in Western Canada were a bullish facor since they will delay movement of the new crop and hold up harvesting operations in some districts for several days.

Russia in Market.

Russia was reported in the role of wheat exporter for the first time in many weeks. Only 144,000 bushels were cleared, however, and this was not enough to make any impression on markets.

Trade in the cash wheat and the coarse grains sections was quiet, with prices holding steady and unchanged.

NOT TO PUBLISH PENSION BOOK

Government Has Not Considered Taking Such a Step.

MINISTER REPLIES.

OTTAWA, Aug. 26.—(CP)— Publication of a blue book containing the names of those ex-soldiers who have been awarded pensions, has not been considered by the government, Hon. Murray MacLaren, Minister of Pensions, stated to-day. The minister refused to comment on a letter from Major J. S. Roper, Halifax, Dominion president of the Canadian Legion, protesting against the publication of such a volume.

Major Roper has stated his views on such a proposal, Col. MacLaren said, but he has not said that such a book has been published nor that the Government proposes to publish one. The matter has not been before the Government. That was all the minister would say regarding the matter.

The Dominion President of the Legion wrote strongly to the minister, declaring that such a publication would undo all the good work governments have done in regard to soldiers' legislation.

FLAY-OFFS THIS WEEK.

LAKEFIELD, Aug. 26.—(Examiner Correspondence.) — The girls' softball league is rapidly approaching the finals, which will probably be played this week and the early part of next week. The four teams are well matched and keen and will form the nucleus of a strong league another year. The Lakefield team leads at present, with Young's Point and Selwyn running neck and neck for second place. The Casement Cup, donated by Mr. W. H. Casement, is a handsome trophy and well worth winning.

Grand Slam

GUELPH, Ont., Aug. 26.—(C. P.)—Mrs. A. W. Fulton picked up her cards. She looked them over, hardly believing there were four aces, four kings, four queens and the Jack of Clubs.

The game was contract and quite naturally she made the grand slam she had bid. Others in the game were Mr. Fulton and Mr. and Mrs. Ingle.

Career Of Forger Ends At Buffalo

BUFFALO, N. Y., Aug. 26. (CP) The arrest of David Emrick, 52, who has been sought by police throughout the country for the past 18 years and who is credited by them with having obtained thousands of dollars by passing fraudulent cheques was announced to-day by Buffalo police.

Emerick was arrested, police said, by one of four officers who had spent the last three weeks in disguise trailing him. He was captured while watching a soccer-football game by a detective in the garb of a soccer player.

At headquarters Emrick admitted passing 17 fraudulent checks in Buffalo but refused to answer any other questions.

Quotations For To-Day

Behold, we live through all things—famine, thirst,
Bereavement, pain; all grief and misery,
All woe and sorrow; life infects its worst
On soul and body,—but we cannot die,
Though we be sick and tired, and faint, and worn,—
Lo, all things can be borne!
—Elizabeth Akers Allen.

SEE CO-OPERATIVE BUYING AS ALBERTA FARMERS' SALVATION

Ranchers Must Cut Production Costs or Throw Up Hands.

RETAILERS ARE HURT.

By WIFRID EGGLESTON

CALGARY, Aug. 26.—(Special to The Examiner).—Faced with the lowest returns for farm produce since the province was settled, the Alberta farmer must either throw up his hands and quit, or fight. A few have quit; most of them are prepared to fight.

The gap between production costs and actual receipts must be narrowed down and ultimately closed, if the province is to survive. Costs must come down, or receipts up, or both.

That about sums up the economic situation in the province as outlined to me today by Norman Priestley of the U.F.A. His title is vice-president. Whereas Robert Gardiner is the political manager of the United Farmers Mr. Priestley is the business manager.

To get back to this conundrum of receipts and cost, there doesn't seem to be very much the farmer can do about receipts. The bulk of his produce goes out into the world market, and he has to take what is the going price. There was a time when the wheat farmers of the west thought they could "tell the world" what they were going to obtain for their wheat. It cost the west a $27,000,000 bankruptcy to find out differently. That wheat pool collapse....

With receipts beyond control, the Alberta farmer is concentrating on costs. I suppose this will be the cheapest crop harvested since before the war. For example, customs threshing is being done for 5 cents a bushel, as compared to 12 to 14 cents a few years ago.

Co-operativ Buying

There has been an idea among the organized farmers of Alberta for years that many things—perhaps most things—they have to buy are unreasonably high; that there are too many profits and handling charges, and costly inefficiencies of distribution to be absorbed; that the farmers themselves should be able to buy direct in bulk, distribute themselves, and have a lot of money.

Until a year ago this idea had never been given a satisfactory demonstration. That it had been tried, in sporadic attempts, is shown by the fact that more than 200 co-operative stores have been opened by farmer in the last 20 years. Nearly all of them failed; 34 are still operating today, many of these in difficulties.

But at the 1931 annual convention at Calgary a new vision came to the fore. That was the audacious notion that it might be possible to "consolidate the buying and selling powers of the farm people of Alberta under one central control."

"Think of it; the farmers of a whole province buying their needs in bulks direct from the producer; selling their produce direct to the consumer the complete elimination of retail merchandising of the middleman, the commission agent.

"Of course, we know that is a dream," remarked Mr. Priestley. "Just the same it is a splendid ideal to keep before us."

When this ambitious scheme was launched there was one "co-operative association" in the province at Coronation. It had begun ten months previously, had purchased $41,000 in flour, coal, binder twine and oil, and had, so it was estimated saved the farmers of Coronation $6,000 in doing so.

Scheme Spreads

Today there are 14 co-operative associations in the province, with two or three more in course of formation. The idea has caught like wildfire. So far the purchasing has been chiefly confined to staple articles in bulk; petroleum products, flour, lumber, posts, coal, binder twine, tires, tubes, etc. The association embrace from five to 32 locals (a local being the United Farmers' community unit) and embrace a provincial constituency. That means that already one-third of rural Alberta has facilities for co-operative buying.

Exactly how much stuff is being bought, and how great the savings, are trade secrets which Mr. Priestly did not care to disclose. The Retail Merchants' Association and other organizations have protested against what is being done. The co-operatives are surrounded by rivals and enemies. But in one item alone, Mr. Priestley said by way of illustration of what was being done, that of lubricating oils, a quality for which farmers have been paying $2 a gallon was now being distributed to them at 60 cents.

Cars of coal are being bought from small mines and taken direct to unloading platforms with nothing between producers' selling price and the farmers' buying price except the freight. A carload of apples was distributed in the same way last fall, a queue of farmers' rigs half a mile long waiting to unload the car, and a saving of 85 cents per box quantity (they were in bulk) being obtained.

"All this is being done without calling upon the farmers for a cent of capital expenditure so far," Mr. Priestley explained. "We have managed to get along without warehouses."

The 'Rochdale Plan' of selling at competitive prices and then distributing the profits in the form of "patronage dividends" is being followed.

RESERVE JUDGMENT

WINDSOR, Ont.—Judgment has been reserved by the executive of the Grand Lodge International Association of Electrical Street Railway Employes of America in an appeal made on behalf of 21 former employes of the Sandwich-Windsor and Amherstburg Railway. The sessions were held in Detroit.

GENERAL LIST RESISTS TREND

Mild Reaction To-day When Toronto Trading Follows Wall Street Lead.

VOLUME LOWER.

TORONTO, Aug. 26 (C.P.)—A mild reaction was experienced on the Toronto Stock Exchange today when the local list followed the dictates of Wall Street. Losses in the active leaders failed to run beyond fractions, however, and the majority of issues offered stubborn resistance to the down trend. Volume fell off on the reaction.

International Nickel, C.P.R., Dominion Stores and Brazilian Traction were but slightly lower. Consolidated Smelters, a weak spot dipped 2¼ points. Bell Telephone was off ½.

Extreme losses were experienced by Canada Cement preferred, which sold down 9 points on news that the dividend for the quarter was deferred; Laura Secord down 2 and Royal Bank 2.

Oils were heavily traded and all down fractions.

FOREIGN EXCHANGE

NEW YORK, Aug. 26 (C.P.)—Prime commercial paper 2 per cent; foreign exchange steady, demand rates (Great Britain in dollars, others in cents):—Great Britain, 3.46⅝; France 3.92 3-16; Italy, 5.12½; Germany, 23.80; Canadian dollar 88⅛.

Owing to the rapid industrial development of China, in spite of internal troubles, eight British engineering firms have joined in a company to carry out large projects in Chinese territory.

Market Closing On All Exchanges

WALL STREET.

NEW YORK, Aug. 26.—(C.P.) — The stock market threw off its reactionary tendencies in the last hour to-day, after sagging during much of the day, and swept up briskly, as buying became active. Morning losses of 1 to 4 points were largely cancelled, and issues up 1 to 3 points net, in the late trading, included U. S. Steel Common annd Preferred, American Telephone, Union Pacific, Santa Fe, American Can, Allied Chemical, Eastman and others. The late tone was strong, the turnover exceeded 3,000,000 shares.

TORONTO EXCHANGE.

TORONTO, Aug. 26.—(C.P.) — Prices failed to stay down for long on the Toronto stock exchange today with a final hour rally wiping out practically all forenoon losses and closing the majority of issues above the previous session. Leaders had sold off fractionally early in the session but managed to close with gains of a fraction to over 2 points. Extreme gains ran to 10 points.

Consolidated Smelters was the feature of the late recovery. Smelters rallied to set a new high for the year of above 76 and ended the day up more than 2 points. International Nickel, Ford of Canada and C.P.R. came back to establish gains.

Bell Telephone at 107 retained all but a point of Thursday's rise.

STANDARD EXCHANGE

TORONTO, Aug. 26 (C.P.)—Irregular price action marked by some fairly broad swings occurred on the Standard Stock and Mining Exchange market to-day, with interlisted stocks providing the featuring movements. The close was firm and generally higher.

Noranada and International Nickel both sold off in the forenoon but recovered to finish with gains of over 50 cents apiece. Majority of base metals were steady throughout.

Several new highs appeared among the cheaper golds, Sylvanite advancing 4, San Antonio a couple and Moss, Barrh and Bobjo a cent apiece.

Among higher priced golds Mining Corp. Lost 7.

Chemical Research in the oil group established a net gain of 45 cents.

MONTREAL EXCHANGE

MONTREAL, Aug. 26. —(CP) — The Montreal Stock market followed an irregular course in today's trade, the list weakened considerably by noon, but a rallying tendency set in towards the close, which brought prices up from the lowest levels of the day. Gains and losses were fairly evenly distributed at the close. Volume was well below yesterday's.

Montreal Power and International Nickel among the leaders both closed higher on the day. Power was up ¾ at the close to change hands at 36¾. Nickel was ½ higher at 11¼. Canadian Pacific encountered some resistance tod and closed at 20, off ¼.

Among the gains were Brazilian Traction up ¼ at 11¼, Canadian car, up ⅛ at 6⅛, and Canada Cement, up ¾ at 41⅛.

20,000 REGISTERED PLAYERS.

There are roughly 500 clubs in the membership of the South Wales and Monmouthshire Football Association, with nearly 20,000 registered players, and last season was completed with a balance in hand of £100.

The difficulty still is in regard to the working hours of miners, which affect players and spectators.

In some areas next season the position will be eased through the local arrangements with employers, but sport generally in the principality is handicapped owing to the absence of a general agreement.

EXCHANGE RATES.

(By the Canadian Press.)

Exchange rates at noon to-day were as follows:

Pound sterling in Montreal 3.91⅛.

U.S. Dollar in Montreal 1.13⅛.

Pound sterling in New York 3.46⅛.

Canadian Dollar in New York .88⅛.

U.S. Six Point Business Program Outlined At Washington Meeting

WASHINGTON, August 26.— Addressing the meeting of business leaders and governmental executives at the important meeting here today to find employment for idle men and dollars, Ogden L. Mills, Secretary of the Treasury, outlined the following six-point business program:

1—The problem of making available credit affirmatively useful to business.

2—To increase employment by the railroads and stimulation of industry through expansion of maintenance of equipment and purchase of new equipment in co-operation wit hthe Interstate Commerce Commission and the Reconstruction Finance Corporation.

3— Increased employment through the sharing work movement.

4—The stimulation of the repair and improvement of home movement.

5—Assistance to home owners with maturing mortgages.

6—Active co-operation of all banking and industrial committees with the government's boards.

U. S. BUSINESS LE ADERS ENLISTED IN JOINT ATTACK ON DEPRESSION

Hoover Administration Actively Associated With Mass Movement.

WORK IS OBJECTIVE.

WASHINGTON, Aug. 26.—Industrial, governmental and agricultural leadership united today in a mass movement to put the men and dollars of the United States to work.

President Hoover who called the parley of the country's 250 outstanding business generals left his desk to open the gathering in the auditorium of the spacious new commerce department building with a brief address.

A definite program looking to the stimulation of business activity and employment was brought to the meeting from yesterday's session of an executive committee composed of government heads and the chairmen of the 12 banking and industrial committees of the federal reserve system.

Creation of a central committee of business leaders to take command of a fresh drive to lead the nation farther along from the economic swamp was the first recommendation. The detailed program was reserved for the conference's consideration later today.

An effort to eliminate politics in the interests of a United front for the upward economic pull was apparent.

Owen D. Young, New York financier and prominent Democrat, shared the speaking platform today with the president, and officers of the government.

Livestock-Produce Quotations

CHICAGO GRAIN MARKET.

CHICAGO, Aug. 26. — (C.P.)—Scattered buying gave wheat a semblance of strength in initial dealings to-day, but quick profit-taking soon caused reactions. The concentrated buying so much in evidence yesterday was lacking and sentiment was mixed with traders watching stocks and cotton closely. Wheat opned steady to 5-8 cents higher, but soon settled to below yesterday's finish. Corn started to ¼ higher and held within narrow limits later.

FRUITS AND VEGETABLES.

TORONTO, Aug. 26.—(C.P.) — Wholesale prices on Canadian fruits and vegetables as reported to the Canadian Press by White and Co. are as follows:

Thimbleberries per pint, 5c to 6c.

Duchess apples No. 1 per bushel, 75c to $1.00.

Duchess apples No. 2 per bushel, 50c to 60c.

Cherries, 6 qt. basket, 20c to 25c.

Cherries 11 qt. basket, 35c to 40c.

Huckleberries, 11 qt. basket, 75c to $1.00.

New beets per doz. 15c.

Green onions per doz. 15c.

Carrots per doz. 15c.

Radishes per doz. 15c.

New cabbage per doz. 40c.

Wax beans, 6 qt. basket, 12½c to 15c.

Wax beans 11 qt. basket, 25c to 30c.

Tomatoes, 6 qt. basket, 10c to 15c.

Tomatoes, 11 qt. basket, 15c to 20c.

Canteloupe, 20 qt. basket, 30c to 50c.

Rhubarb, per bunch 15c.

WINNIPEG GRAIN EXCHANGE

WINNIPEG, Aug. 26 (C.P.)—Influenced by firmness at Liverpool, Winnipeg wheat prices opened today, but eased immediately after opening due to easiness at Chicago and values for the balance of the first hour held at levels about ½c to ¾c under the previous close. Trading from the start was mixed with buying from seaboard interests accounting for most of the support, while the bulk of the offerings came in the nature of hedging by elevator interests.

Some buying by Chicago houses against sales in the southern market was also in evidence. Trading was not particularly active and operators generally appeared to be marking time pending new developments. Early reports suggested that only a small export business was worked in Canadian wheat overnight.

TORONTO PRODUCE.

TORONTO, Aug. 26.— (C.P.) — The United Farmers' Co-operative Co. to-day supplied the Canadian Press with the following quotations on produce delivered at Toronto:

Eggs extras, doz. 20c.

Eggs firsts, doz. 16c.

Eggs seconds doz. (cracked) 12c.

Cream No. 1 lb. (off truck) 17c.

Cream No. 1 lb. f.o.b.) 17c.

Butter No. 1 solids lb. 20½c to 20¾c.

New potatoes per bag 65c.

Finished cattle 1,100 to 1,150 lbs. $5.75 to $6.00.

Store cattle 1,100 to 1,150 lbs. $5.25 to $5.50.

Poultry, Live A Grade—

Chickens over 5 to 6 lb. 15c.

Chickens over 4 to 5 lb. 14c.

Chickens over 3½ to 4 lb. 12c.

Broilers over 1¾ to 2½ lb. 13c.

Note—Red and black feather chicken and broilers 2c per lb. less.

Hens over 5 to 6 lb. 11c.

Hens over 4 to 5 lb. 10c.

Hens over 3½ to 4 lb. 9c.

Old roosters over 5 lb. 6c.

TORONTO LIVESTOCK

TORONTO, Aug. 26 — (CP) — Trading on the Toronto Livestock market during the week was moderate with cattle trade slow, calves firm, hogs steady, sheep and lambs unsettled.

Receipts for the week were: Cattle 5300; calves 2500; hogs 3600; sheep lamb 5400.

Cattle prices were generally unchanged. About 500 head were left unsold. Medium to good steers sold at $4.50 to $5.50 with a few loads of prime steers at $6.30 to $6.50. Choice quality butchers brought $5.25 to $5.50 and common butchers sold downward to $3.50. Fed calves were firm at $6.25 to $6.50 according to quality. Good butcher cows sold steady at $3.25 to $3.50 with canners downward to 50c. Butcher bulls were lower at $2.50 to $3 with bolognas steady at $1.50 to $2. Store cattle supplies were cleaned up at steady prices. Good stockers and feeders sold at $4.25 to $4.35 with common stockers downward to $2.50.

The run of calves were 700 head more than last week. Choice vealers sold at $6.50 to $7 with common downward to $3.50. Grass calves sold at $2 to $3 per cwt.

An increase of 600 hogs was shown as compared with last week. Prices were unchanged at $4.65 f.o.b. for bacon, at $4.90 off truck and at $5.15 to $5.25 off cars.

Sheep also showed an increase of 1400. Choice lambs ranged from $5.25 to $6 a little lower than last week's. The Thursday closed easier at a top of $5.75. Culls ranged from $4 to $4.50 and buck lambs were at a discount of $2 per cwt. Sheep were 50c lower at $2 to $3.50 for the best and downward to $1 for culls.

Lawn Bowling

The club bowling doubles, scheduled for last night, were rained out. They will be held at a future date. The regular Friday night's tournament will take place to-night as usual. Considerable interest will be apparent this evening because of the semi-finals and finals of the Central Ontario play-offs, at seven and nine o'clock. Four rinks, skipped by M. Bredin, H. Freeman, J. Mayneord and R. Dyer, are left in the competition.

The report in last night's paper that Freeman's rink won first prize in the Cannington tournament on Wednesday will stand correction. After receiving more reliable information, it has been found that instead of winning first prize in the primary competition, the rink was very fortunate in getting a prize at all. They won an ash-tray in the hard luck competition.

Mount Royal Results

FIRST RACE

$400, claiming 2-year-olds, 5½ furlongs: Straphanger 99 Wall 8.50 3.90 2.70.

Corcery 112 Laurin 2.70 2.40.

xOur Pat 105 Fafor 3.60.

Time: 1.06 2-.

Play Lilly, Resold, Fair Althea, xGrass Broom, xTetradite, Imagale, Mint Time, Lado Olambala, Our Jewel.

REMANDED FOR ASSAULT

BARRIE—Frank Murphy, 24, apprehended near Minesing last night following an alleged attack on a farmer's wife appeared in police court here to-day on a charge of indecent assault and was remanded a week. The charge followed a man hunt lasting several hours after he had attacked Mrs. Mayin Frelick, aged 24, who had given him a meal.

You will find many things in the Classified Ads. of The Examiner.

INTERLISTED STOCKS EASY ON STANDARD

However Several New Highs Appear Among Lower-priced Issues To-day.

GENERAL LIST FIRM.

TORONTO, Aug. 26.—(C.P.)—Taking their cue from trend on industrial boards interlisted stocks turned easy on the standard stock and mining exchange market in the forenoon to-day. General list remained firm in somewhat lower volume, however, with several new highs appearing among lower-priced features.

Noranda met some persistent realizing and was down 50 at $20.50. Nickel slipped 15 to 10.90 but Falconbridge and Hudson Bay were firm.

Continued accumulation carried several of the cheaper stocks to new peaks for the year, Sylvanite gaining 4 to 84, San Antonio, Howey and Vickers 2 each to 54, 64 and 17, respectively, and Ventures a cent to 77. Higher-priced golds were quiet.

Chemical Research registered a net gain of 35 at $1.30.

FAVORITE LEADS

(Continued from Page 1)

marathon swim got off to a start at 1.30 .m. today with 29 entrants plunging into Lake Ontario.

Thirty-six had been entered but seven withdrew, including the famed Gertrude Ederle conqueror of the English channel, who was scheduled to attempt a comeback. The temperature was around 64 degrees.

Those withdrawing from the swim are Miss Ederle, Marjorie Royce, Dayton, Ky.; Mathilde von Leer, Terre Haute, Ind.; Doris Beresford, Toronto; Helen Miller, Toronto; May Holding, Revere, Mass, and Mrs. Urban S. Reininger, Forest Hills, L. I.

The warm water favored the speedier of the swimmers, with the stronger, slower swimmers dropping back early. Miss Ravior's time for the event last year was 4.56.44 but it seemed likely this record would be chopped by a goodly margin.

Follows Sister in Canoe

Philip Commanda, brother of the 17-year-old Lisa, Indian entry from Sturgeon Falls, was following his sister in a canoe, this was the only canoe on the course, officials waiving their rule because Philip insisted he could paddle a canoe better than he could row a boat. There was little ceremony to the start.

Premier George S. Henry of Ontario walked out on the barges, fired a gun and immediately the girls plunged into the water. Unlike usual swims, most of the entries stayed right into the end of the first lap, none of them were taken out immediately.

At the end of the first leg 1588 yards from the start, Margaret Ravior had pulled into a lead of 10 or 15 feet. Behind her in order came Evelyn Armstrong, Detroit; Leah Riley, Kensburg, N. J., and Ruth Tower Corson, Toronto. The rest of the field was well distributed over the long course.

Various Styles.

Just about every variety of swimming stroke invented was in use to-day. The leaders were, of course, using the fast and durable Australian crawl. The Indian girl, Lisa Commanda, was using what obviously was her own adaptation of the crawl. There were the usual number using the slow side and breast strokes, but these swimmers were far behind at the first turn.

The crowd had a good time, dashing from one end of the course to the other as the swimmers ploughed steadily along. As they returned to the east buoy, the crowd cheered the favorites. Then they rushed to the opposite end of the course to cheer some more as the swimmers turned the west buoy. A mild breeze had come up and it was much more comfortable for the mass of humanity which sweltered under the hot sun.

CORNERSTONES LAID

TORONTO—Mrs. Vincent Massey, wife of the former Canadian Minister to the United States, today laid the cornerstone of Sexton's and Wedd's houses, New boys' residences, at Upper Canada college.

ENTER IRISH OPEN

The winners of most of the important professional golf tournaments which have been decided this year are among the entries for the Irish open championship to be played at Cork on August 23, 24 and 25. They include R. Cotton, who won first prize at Southport, B. Hodson (Leeds), Abe Mitchell (Long Ashton), M. Seymour (Roehampton) A. J. Lacey winner of the French and Belgian titles, and A. Havers, the leading 'home' player in the British open championship.

O. W. L. Risdon of the Malden golf club, has been chosen as the captain of the English boys' team to meet Scotland in the annual match preceding the boys' golf championship, which starts at the Royal Lytham and St. Anne's links on August 23.

For the first time in the history of the famous club, a four-ball match play tournament has been decided at Sunningdale, and in the final S. H. Day (9) and H. Gibson Fleming (1) beat Major R. Russell (4) and R. H. Ambtell (7) by 4 and 3.

Sports Briefs

ALEX JACKSON HURT

Alex Jackson, the well-known Scottish International who received a bad cut on a leg while playing in a scratch match on the barrack square at Aldershot, is out of hospital, and appears little the worse for his accident except for a perceptible limp. He was able to enjoy a game of snooker recently with Will Robb, the Scottish international goalkeeper, who will assist Aldershot for the third season. Jackson, whose next move is still a matter of conjecture, is a lieutenant in the Finsbury Rifles, who are attached to the Royal Scots at Aldershot. He hopes to be thoroughly fit by the opening of the season.

OXFORD BOY TURNS PRO

G. T. Ansell, the Oxford University and Corinthian inside forward, who has signed professional forms for Brighton and Hove Albion F.C. is the third member of famous amateur clubs to join the paid ranks. Frank Hartley, the Oxford City player, was the first to take the plunge, and his decision—made perfectly frankly, as have been the others—created a good deal of surprise four years ago when he joined the 'Spurs. Then came G. S. Watson, who played for Charlton as an amateur and went on to the wages list of the Crystal Palace F.C. All three men were forwards in the Corinthian team.

RE-SHUFFLING FIXTURES

Several Irish League clubs will try to arrange their Gold Cup fixtures to be decided at the start of the new season, so as to get the best possible financial returns.

There is a possibility that Bangor may transfer their match with Derry City to Loudonderry. This would be a good move on the seaside club's part from the financial end, although their supporters might feel they had a right to be considered.

There is no doubt that Celtic and Linfield will play their Gold Cup tie much earlier than September 7, as the sides are due to meet in the league game on September 10, and these dates are too close together to ensure financial success.

A Sporting Gesture

Mr. John Cochrane, the Sunderland manager, has made a sporting gesture to encourage local talent by giving a cup to be competed for annually among the schools on the north side of the town, and the proceeds are to be devoted to the maintenance of a school bed in the new Monkwearmouth hospital. The trophy is to be known as the John Cochrane cup.

LIEUT. ATCHERLEY ARRIVES

QUEBEC, Aug. 26 (By The Canadian Press)—Flight Lieut. S. L. R. Atcherley, former member of the British Schneider cup team, arrived here to-day on the Canadian Pacific Steamship Duchess of Bedford. The famous flyer is on his way to Cleveland to attend the National Air Races there.

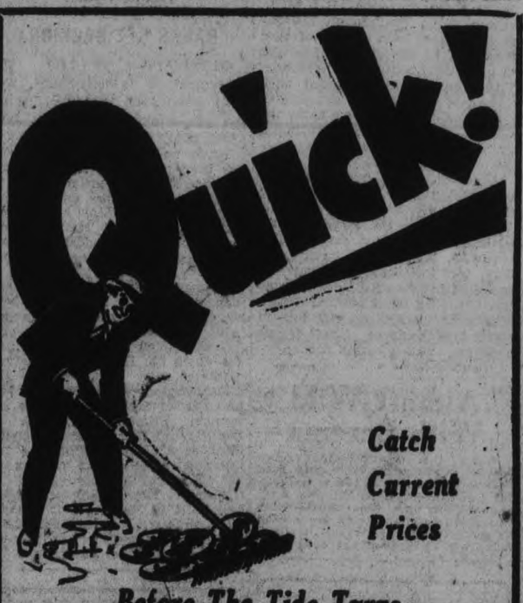
MORENZ SIGNS CONTRACT

MONTREAL, Aug. 26 (C.P.) — Howie Morenz, one of the smartest scorers in professional hockey, today signed a contract for another year with the Canadiens in the National Hockey League. This will be his 10th year in the professional ranks.

TWO HURT AS HORSE BOLTS.

WOODSTOCK. — Billy Harper, two, was in hospital here to-day, critically injured when he was thrown from a buggy harnessed to a runaway horse.

Ethelwyn Dawson, his seven-year-old aunt, suffered severe cuts and bruises. The horse bolted as Mrs. Harper was unhitching it.



Catch Current Prices

Before The Tide Turns

"Time and tide wait for no man."

Nor are the low prices of to-day and the turn of the tide toward higher prices going to wait for those who haven't the vision, courage and foresight to buy when prices are at the lowest ebb in 15 years.

And this changing of the tide as applied to prices is more than a mere simile . . . it's a certainty . . . price tides change as surely as ocean tides.

To-day's prices on food, clothing, furniture, furs, cars and other things are from 40% to 100% lower than they have been in years and lower than they will be before the turn of another season.

Don't be caught off your guard when it's so important that your savings be guarded.

CANADIAN BOXER GETS CALL AS BEST AT OLYMPIC GAMES

Damon Runyon Picks Horac e "Lefty" Gwynne, Bantam Champion, as Outstandin g Fighter at Los Angeles.

By DAMON RUNYON.

LOS ANGELES, August 26 (Special to The Examiner). — Some rather terrible decisions marked the Olympic boxing bouts, proving that amateur and professional judges and referees are brothers under the old epidermis.

A bad decision in an Olympic bout is a great tragedy to the young man decisioned against, as it eliminates him from further competition, and he must wait four years if he hopes to have another lange at an Olympic title.

Of course few of them do wait. Many of the Olympians turn professional soon after the games, and take their bad decisions from more experienced hands. It is pretty tough luck, however, to travel thousands of miles, as some of the Olympic boxers did, to run into error of official judgment.

We had a score of different referees from different countries in the Olympic boxing, and the bad decisions were scattered around somewhat impartially. In the finals, on which the Olympic titles depended, I thought I saw a couple of punk verdicts, but as a packed house seemed about equally divided in each instance, maybe the officials were right, at that.

The American team did about as well as could be expected in wining two titles—the welterweight with Eddie Flynn of New Orleans, and the middleweight with Carmen Barth of Detroit.

It was a lot better than in 1928, when they didn't get a sniff. As a matter of fact, the American boxers have never dominated the Olympic boxing, save in 1904, when they held the games in St. Louis, and the old idea that Americans are supreme at the manly art is a pretty well knocked out fallacy.

I am not so sure that the best amateurs appear on Olympic teams. I know I have seen amateurs that are superior to the boys who took part in some of the divisions this year, but who were prevented from taking part in the Olympic trials through accident or force of circumstances.

I presume this is also true of whole the glove-throwing in the some of the other countries. As a Olympics was very tame, as the ringworms may judge from the fact that there wasn't but one real knock-out in the entire show, and in the finals only one rather flimsy knock-down.

These Olympic boxers are too good for amateurs, and not quite professional enough to do much execution in three rounds. They are betwixt and between, so to speak.

Of all the new champions, I liked best a little kid named Gwyne, from Canada who won the bantamweight title. He fights something on the order of Pancho Villa. I loved a German welterweight named Campe who was licked for the championship by Eddie Flynn, the greatest amateur tournament fighter in the United States.

Campe has a world of ring personality, and is dead game, and willing. The South Africans surprised us all by winning two titles with Lawrence Stevens, a lightweight, and D. Carstens, a lightheavyweight, who delights in flailing an opponent's stomach. The Argentinos, with three men in the finals, and two champions, show how amateur boxing is going forward down yonder.

The Germans also had three in the championships contest, and every one was a corker. It is a pity they couldn't have gone home with at least one title. They proved themselves great sports, even as losers, and were very popular with the crowd. Great Britain couldn't land a man in the finals, and yet Great Britain is the cradle of boxing.

The Italians were a disappointment to me. I had expected great things of their team, and while they got two in the championship contests, both losing, I thought they would do better.

But this amateur boxing is very tricky, and seldom runs to form. I can prove it. I picked Flynn as a sure thing, and Barth as a strong possibility, and when El Runyon can pick two winners, you know there's something wrong with the form.

PICKED UP EXHAUSTED AFTER BEING LOST AT SEA FOR 115 DAYS.

Drifting helplessly for 115 days in a disabled 30-foot fishing boat, B. A. Riggs, of Dutch Harbor, Alaska, was picked up off Point San Luis, Calif. He was weak from hunger and exhaustion after nearly four months of lone wandering over the seas, during which, he said, he was once driven by the wind to a point only 900 miles from Honolulu. Capt. E. D. Brown, of the Merritt, Chipman & Scott tug Commissioner, sighted the drifting fishing boat Novi ten miles off Point Bouchon, near Port San Luis, and took the small craft under tow until it was safe in this harbor. Photos show B. A. Riggs immediately after rescue, and the boat in which he experienced the ordeal.

NO BREAK IN BORLAND FAMILY PIONEERS OF ASPHODEL TOWNSHIP

Oldest 80; Youngest 66; Family of Nine Are All Living Despite Rigid Early Life.

CONDITIONS DESCRIBED.

CAMPBELLFORD, August 26 (Examiner Staff Correspondence).—A family of nine children, five girls and four boys, the oldest in her eighty-first year and the youngest past sixty-six, and all pioneers of Asphodel Township, who helped to build up this section of the country, such is the history of one branch of the Borland family, descendants of the late Mr. and Mrs. John S. Borland, who came from Ayrshire, Scotland, in 1850, and settled in the township between Birdsall and Keene and hewed out of the forest a home for themselves and cleared and cultivated 100 acres of swamp land.

John S. Borland was the eldest son of the late James Borland, five other brothers, Lewis, James, Robert, William, and Thomas, like himself, having passed to their reward, but leaving behind them a heritage of pioneers' sturdy work that has built up this Province and laid the foundation for Canada as we know it.

The other branches of the Borland family have all had losses, but the children of the late John S. remain, hardy and strong, still retaining that optimistic outlook and sterling courage that carried them through the trials and tribulations of their early years. The family consists of: Mrs. Robert Mace (Jane), of Indian River, aged 80; James Borland, of Seymour, aged 79; Miss Agnes Borland, of Seymour, aged 77; John Richmond Borland, Indian River, aged 76; Mrs. William Clysdale (Elisabeth), of Peterborough, aged 74; Lewis Borland, now in the United States, aged 72; Miss Annie Borland, Indian Rievr, aged 72; Mrs. Ben. Reid (Mary), of Keene, aged 69; and William Hugh Borland, of Indian River, aged 72; Mrs. Ben. there are twenty-two children and forty-two grandchildren.

Describes Life.

In an interview with The Examiner, Miss Agnes Borland of Seymour gave a vivid picture of early pioneer life, when they settled with but a scant number of bare necessities of life in the heart of the bush country that then prevailed in Asphodel Township. Clearing a space for their first dwelling, a log shanty was built, rough-hewn, but a splendid protection against the weather. They commenced the job of clearing. All wood was cut by hand, and because of a lack of market such as we have to-day, timber representing vast wealth was wasted, much of it burned to get it off the land.

And the primitive conditions that then prevailed made the work progress very slowly. Oxen were used for all purposes, and one of the great difficulties faced in this direction was the breaking in of these beasts, a task more difficult than folks of to-day would imagine.

And then marketing in those days was not so easy as it is to-day. All wheat grown by this pioneer family was shipped to Cobourg, being hauled over the ice on Rice Lake. The seedling of this grain was not a cash transaction in the early years, the value of it being taken out in foods. Later, when coinage started to get in circulation, only silver pieces of five and ten cents and quarters were used, and this wealth was hidden in some secret place in the house.

Food and clothing was the big concern in those days, but this was overcome by the Borland family, for most of this they provided themselves. Sheep were kept on the farm, and wool, flannel and full cloth was spun by the womenfolk of the house to provide for bodily comfort. A few cows were also kept and butter was made then, as now, for sale as well as home consumption. Much of this was packed in firkins and sold to the Peterborough markets, while some, with eggs, were carried a distance of seventeen miles to Hastings where they were exchanged for provisions.

8-mile Walk to School

The children of this family had no cinch in those days for they had had a walk of four miles to school and then home, every day. This was to Westwood school, and was attended for many years, until at a later date Birdsall school was built. They did however get plenty of time for fishing in the river, and this happy task, which to-day the children consider part of their fun, was then a necessity, for much of the family diet consisted of fish d'ishes.

"With the first butter mother made she bought the clock" Miss Borland told The Examiner, saying that many things in the house were obtained in this way. The only method of light then was the home made candles, and this was another family chore. "And yet we were happy, and it seems that we had more time to visit our friends than people have to-day, despite the fact that we also had more work to do" she said.

Fifty years ago the family moved to Indian River where the Borland homestead now is. It was here that the mother and father eventually died, although many of the children still remain in the district, having their roots firmly placed in the soil of this prosperous section of the province.

GARDEN PARTY

DOWNEYVILLE, Aug. 26.—(Examiner Correspondence.)—The annual garden party was held here on the church grounds Tuesday. The day was very fine but the crowd was not very large until evening. In the afternoon a ball game between Downeyville and Peterborough was played, with the visitors winning. There was also horse-shoe pitching and Mr. Bert Johnston, the entertainer, kept the people entertained during the afternoon.

At six o'clock a wonderful fowl supper was served by the ladies of the parish. Besides fowl the tables were laden with everything, salads, pickles, cakes, pie, etc. During the evening the sale of fancy articles was held, many winning beautiful and useful articles.

After supper was all cleared away, a dance was held in the hall with music provided by the "Costello Entertainers."

LODGE PICNIC

(Examiner Correspondence)

MARMORA, Aug. 26.— Marmora Juvenile Orange Lodge No. 34 held a delightful picnic to Marble Cliff Beach, Crowe Lake on Thursday afternoon. The members and a few friends found the hike from the village to the lake a little more trying under the heat of the afternoon than they had expected.

Consequently bathing suits were speedily donned upon arrival at the beach. The next diversion was a short game of softball between teams captained by Dorothy Shaw and Eva Hilland. In the absence of a scorer, the result was conceded a draw. Then came the refreshment period and more bathing with an occasional snapshot. A sports program was started but before the end of the first event a slipping contest, the sky clouded for rain and "homeward bound" went the party.

CORDOVA MINES

Mr. and Mrs. J. J. Moore of Keene visited with their daughter, Mrs. Demin Barrons last week.

Mrs. Frank Thompson of Saskatoon, Alta., (nee Fanny Barrons) is renewing old acquaintances in this vicinity.

Miss Valla Johnson is visiting friends in Toronto.

Miss Alma Johnson returned to Toronto after spending a two week's vacation with her parents, Mr. and Mrs. H. Johnson.

Master J. C. Barrons visited with his grandparents, Mr. and Mrs. John J. Moore for a few days last week at Keene.

Mrs W. J. Nobles and Mrs. D. Barrons were guests of friends at Peterborough and Keene last week.

The condition of Miss Goldie McFarlane of Vansickle is reported not much improved.

Mr. and Mrs. Bert Smith of Toronto are the guests this week of the latter's sister Mrs. Will Hamilton.

Mr. Will Young accompanied by the Misses Anderson and Baker of Havelock were guests of Mr. and Mrs. D. Barrons Tuesday evening.

Mr. and Mrs. Roy Clemenger and family were guests of friends near Stirling on Sunday.

Mr. and Mrs. E. Kronner and family accompanied by Charlie Chard returned to Detroit Wednesday morning.

Friends of Mr. Clifford Barron will regret to learn that he in confined to his home here, through illness.

Mr. and Mrs. W. J. Nobes are visiting friends at Tweed this week.

Mr. and Mrs. F. Miller have returned to Detroit after spending a pleasant vacation with Cordova friends.

Obituary

THOMAS STEELE ARMSTRONG.

LAKEHURST, August 26. — Thomas Steele Armstrong died on Thursday morning at his residence, Lot 6, Concession 12, Harvey Township, at the age of 59 years.

The deceased was born in Ashburnham, was a son of the late Mr. and Mrs. William Armstrong. He was predeceased by his wife in April, 1904. Surviving him are two sons, William E. and Rolland, of Lakehurst, two daughters, Mrs. Clifford Stafford of Rockcroft and Mrs. Chester Windover of Detroit, and three brothers, Frederick, Edward, and John, and one sister, Mrs. Isaac Sage, all of Smith Township.

The funeral is to be held on Saturday at 2 p.m. (S.T.) from the residence of his son Rolland, Lot 28, Concession 17, Smith. Services will be conducted by the Rev. E. C. Moore, of Young's Point. Interment at Lakefield Cemetery.

East Emily

Mr and Mrs. William Flynn, of Toronto, spent Sunday visiting at the home of Mr. and Mrs. William Kearns.

Mr. and Mrs. S. S. Greville and two sons Russel and Alan, and Master Jack Wylie, of Thurstonia, spent Monday visiting at the home of Mr. and Mrs. Walter Moncrief.

Mrs. S. Fee and daughter Helen spent Sunday visiting with her sister, Mrs. J. McBain, in Peterborough.

Miss Carmel Doran of Peterborough spent last week visiting with her parents, Mr. and Mrs. M. Doran

Mr. and Mrs. I. Naylor and daughter Miss Mamie, of Fenelon Falls, and Mr. and Mrs. Kelsey and two children Marjorie and Stanley, of Woodville, spent Sunday visiting with Mr. and Mrs. Sayward Switzer.

Mr. and Mrs. Alvin Drain, of Carina, spent Sunday visiting with the latter's brother, Mr. Eugene Switzer.

Miss Loretta Sullivan, nurse-in-training in Toronto, is spending her vacation with her parents, Mr. and Mrs. D. Sullivan.

Miss Gladys Lowes was a visitor to Rochester on Wednesday.

Mr. and Mrs. Richard Davis and family and Mrs. George Franks spent Sunday evening visiting with the latter's daughter, Mr. and Mrs Tom Franks, of Nassau.

Miss Margaret Mary Kearns and brother Billie have returned home after visiting friends in Toronto.

Miss Madeline Flaherty, of Toronto, is spending her holidays with her parents, Mr. and Mrs. John Flaherty.

Misses Gwen and Hazel Hunter, of Toronto, spent Thursday visiting with their sister, Mrs. Vincent Fee.

Miss Florence Marshall, of Peterborough, spent the week-end with her cousin, Mrs. Harry Devell.

Mr. and Mrs. W. Lowes and son, Alvin, and Mr. and Mrs. B. Thompson, of Peterborough, spent Sunday with the latter's daughter, Mr. and Mrs. Robert Dunlap.

Mr. and Mrs. Wilbert Clark and son Alton spent Sunday with Mr. and Mrs. Roy Webster in O'onabee.

Miss Marion Flagherty and friend of Toronto spent Sunday with the former's parents.

Mrs. William McQuade attended the funeral of her aunt, Mrs. Isaac Watson, in Lindsay last week.

Misses Alberta and Margaret Wright spent this week visiting with their aunt, Mrs. George Bannon, of North Monaghan.

Miss Ila Irwin, of Oshawa, is visiting with Mrs. Calvert Carew.

Mr. and Mrs. Harry Devell spent Sunday evening with the latter's parents, Mr. and Mrs. Robert Lewers, of Fraserville.

Misses Audrey and Ruth Lewers, of Fraserville, are spending this week visiting at the home of their uncle Mr. and Mrs. Harry Devell.

Mr. and Mrs. George Moncrief and baby, of Peterborough, spent Sunday with the former's parents, Mr. and Mrs. Walter Moncrief.

Mr. and Mrs. J. Fee, of Bowmanville, spent Wednesday visiting with Mrs. Kelly Mitchell.

Mr. George Newman spent Sunday visiting with relatives at Hill Head.

On Wednesday evening quite a number of ladies, members and friends gathered at the home of Mrs. Harry Devell, where they were entertained. The first part of the evening took the form of their regular meeting with the president, Mrs. Ira Switzer, in the chair. A social hour was enjoyed by all present, and the hostess served dainty refreshments. The next meeting will be held at the home of Mrs. Evans Storey.

The members of Lakevale Presbyterian Church held a very successful corn roast on Tindle's shore on Mud Lake last Friday evening. The weather was ideal and the corn plentiful, the event being the first of the season in this locality. The evening was spent around a camp fire on the shore with various games and community singing, after which the corn was boiled in the old-fashioned iron kettle, and served with sandwiches and pie.

The port of Saint John owes much of its early development to the wooden shipbuilding industry and in 1871-75 it was the port of registry for some 900 ships making it the fourth largest shipowning port in the world in those days.

Poultry is the largest single item of the $9,500 weekly food bill of a first-class hotel n London.

SUMMER COTTAGE WIPED OUT BY FIRE

Norland Residents Lose Clothes and Cash—Still Found in N. Verulam.

LINDSAY, August 26 (Examiner Correspondence). — The summer home of J. Leeraw, merchant, of Norland, was completely destroyed by fire on Monday. The fire was caused by the explosion of a gas lamp. The occupants of the cottage lost their clothes and a considerable sum of money.

Constables Pat O'Connell and Jack Woods, of the R.C.M.P., visited North Verulam on Tuesday and arrested John Mann, of that township, on the charge of having or permitting a still on his property. The accused was remanded until Saturday, when he will appear with Grant Kelly, of the same township, who is charged with operating a still.

A car driven by Joseph Gamsby, of Fenelon Falls, and containing six occupants, turned over on the Verulam Road on Monday after striking a tree. The car travelled a considerable distance on the top. Guy, Mr. Gamsby's seven-year-old son, had his face cut and nose injured, and Mr. and Mrs. A. Griffin were badly shaken up and bruised about the shoulders. Their infant child sustained a cut in the lip.

Almost Wild With Eczema

When the dreadful itching of eczema drives you frantic, you need Peterson's Ointment. It's so wonderful for skin eruptions, pimples, acne, and salt rheums, that usually only two or three applications are needed to make the skin clear and healthy. A big box 50 cents at any drug store.

Norwood

Mrs. C. Tann and children, of Toronto, are visiting her aunt, Mrs. H. Pearce.

Miss Grace Douglas of Brantford is the guest of her sisters, Miss Elisabeth Douglas, and Mrs. T. Ford.

Mrs. Wm. Carbery is visiting relatives in Toronto.

Miss Alice Elmhurst, of Westwood, is the guest of Miss Flora Leeper this week.

Miss J. Calder of Calgary, who has spent ther vacation here, left yesterday for Toronto, where she will spend a few days before going West.

Mr. Howard Robb of Detroit is the guest of his sister, Mrs. W. Rogers, and other relatives.

Mr. Gerald Parker of the Canadian Bank of Commerce, Napanee, is the guest of his parents, Mr. and Mrs. G. Parker.

Mr. and Mrs. A. H. Cargill (nee Bernice Baker), of Toronto, are camping this week at Trent River.

Mr. and Mrs. S. J. Lloyd and family, of the University of Alabama, also Mrs. C. Dawson, of Campbellford, are the guests of Mr. and Mrs. R. W. Burgess.

Mr. and Mrs. Rork Ferguson and daughter Reta, Mr. E. Jenkins and Mrs. J. MacConnell left Thursday for a trip to Toronto, Niagara and Buffalo.

Misses Helen Gardner and Dorothy Elliott have been holidaying at Trent River, the guests of Miss Edith Gardner.

Miss Linda Fry, of Toronto, is spending her vacation with her parents, Mr. and Mrs. Fred Fry.

ATTAIN ACCORD ON MARKETING

Western Provinces to Waive Securities on Assets of Wheat Pools.

BANKS GET BACKING.

OTTAWA, Aug. 26 (C.P.) — An agreement, it is understood, has been reached on the financing of the marketing of Canada's 1932 wheat crop.

While no official announcement has been made, the three western provinces, it is intimated, will waive their securities on the current assets of the pools as the first margin of security. The Dominion Government, it is understood will guarantee the banks against any loss.

Intimation of the agreement was made late to-day following a series of conferences. The Arrangement is similar to the credit and guarantee plan with the banks under which the 1931 wheat crop was marketed.

Morning conferences were followed by several meetings this afternoon. Prime Minister R. B. Bennett and Hon. Edgar N. Rhodes, Minister of Finance, discussed the question with leading officers of the Bank of Toronto, Bank of Commerce, Royal Bank of Canada and Bank of Montreal. Mr. Rhodes later conferred with representatives of the governments of the western provinces and the wheat pools.

CAMPBELLFORD

BRIEF AND INTEPESTING NEWS ITEMS FROM THE TRENT TOWN.

James Borland on R.R. 1, is having his house completely redecorated which makes quite a difference to its appearance. The roof has been given two coats of red, the body of the house is done in a grey and all trimmings are white. James MacDowall of Campbellford is doing the work.

Mr. and Mrs. T. J. Craighead have as their guest Miss Myrtle McKeevor of Toronto.

Miss Marguerite Morrison is spending a week's holidays with Mr. and Mrs. Forrest Dennis at Crow Lake.

Mrs. Ingram of San Francisco, Cal., is the guest of her aunt, Mrs. Amos Green.

Miss Geraldine McAuliffe of Peterborough was the guest of Miss Violet Patrick, for a few days recently.

Mrs. C. W. Turner, Queen street has as her guest her niece, Miss Evelyn Moore of Cherry Valley.

What's New in the food markets?

MRS. JONES, Mrs. Smith, Mrs. Robinson, and many, many others—all tell us that they profit by following the food news in the advertising columns of The Examiner. Not only do they know what's new but they find they can shop more economically and place better meals on their tables. New foods, for variety...bargains, for economy...quality foods at special prices, for better meals...that is what a reading of the food advertisements in The Examiner does for countless women in Peterborough. If YOU haven't formed the habit yet—try it. You'll find it saves you time.

Your Examiner carries a great deal of food Advertising from day to day because the advertisers know that food-buyers read the paper. And that assures them of having first-hand knowledge of the food-markets at all times.

The Peterborough Examiner

TIPPED $1000 IF HE CRIED OVER A SONG

But It Was Employer's Cash, so "Big Mick" Weeps in Jail.

CHARGED WITH THEFT

NEW YORK, Aug. 26. — For eleven years George D. Phelan showered $1,000 bills—and tears—on Broadway night club and speakeasy singers, who knew him only as "The Big Mick From Downtown."

With his arrangement on a robbery charge, he was revealed to the recipients of his bounty—and the world—as a $60-a-week clerk who met his [illegible] by stealing $685,000 from J. S. Bache & Co., brokers.

Tossed Cash Away.

Phelan, who was in charge of certain cash accounts which sometimes amounted to $1,000,000, was said to have admitted that little or none of his loot was lost in the market, but that:

"It all went on wine, women and song, as they say."

And especially song. Because Phelan, who was what society calls a perfect host, and what Broadway calls an all-night sucker, often wept over tender ballads, and the harder he cried the higher he paid.

"Mother Machree," for instance, had a cash value of $1,000 when rendered by a night club chanteuse who could sing it with a final chord that hurdled the scale in the McCormick fashion.

He Wept, Then Paid.

"Kathleen Mavoureen" was worth $500, providing Phelan could see his bill fold through his golden tears.

In addition to tossing large bills to singers, District Attorney Crain's aids were informed, Phelan considered it only a casual courtesy to give a beef-steak dinner to eighty or ninety friends and nobody on whom he bestowed his bounty asked where it came from.

Phelan is 6 feet tall, swarthy and smooth-shaven, 39 and a bachelor.

When Judge Corrigan asked if he had counsel, Phelan said:

"No, I haven't money enough to hire a lawyer. But if I can get out on bail, I may be able to find some."

FORTY-NINE INCORPORATIONS

TORONTO, Aug. 26.—(CP)—Forty-nine new incorporations in Canada were reported today by the Monetary Times for the week ending August 23. Their capitalization was $1,630,000.

Figures compared with the incorporations capitalized at $3,289,400 in the previous week and 67 new companies with capital of $17,002,018 in the corresponding week of last year.

Doorless Saloons

TIAJUANA, Mex., Aug. 26.—An edict to close saloons at 11:30 p.m. caused ructions in this town, where many resorts threw away the key years ago. One proprietor ordered the janitor to lock up. "I'll have to go home after the door," said the bewildered man. "I've been using it for years on my chicken coop."

KINSMEN'S FAIR WELL ATTENDED

Wade's Cornhuskers Pleased Crowd of Nearly Three Thousand.

A FINE SUCCESS.

Well-Merited success attended the second annual fair and street dance held last night on Aylmer street between King and Charlotte streets under the auspices of the Peterborough Kinsmen Club.

It is estimated that from two to three thousand people were congregated in the vicinity of the reserved section of the street, a goodly proportion of which participated fully in the series of round and square dances which were kept going from an early hour in the evening until the small hours of this morning.

The music for dancing was provided by George Wade and his Cornhuskers—and did they dish up some "hot numbers!" It was music that was rendered with an unusual amount of pep and dash, and the majority of the people who thronged the enclosures could not resist the urge to dance. At times the section reserved for dancing was crowded and when the pressure began to get uncomfortable the Cornhuskers stepped into the breach and one of their number would provide a change with a few well-selected cowboy and hillbilly songs. They went over in a big way.

To Mrs. J. H. Justin of 267 Hunter street West, was given the pure-bred wire-haired terrier puppy. She had the winning ticket number 3129 the stub of which was drawn from the box by His Worship the Mayor around midnight. The puppy, fully pedigreed, was from the Armstrong Kennels on Bethune street.

District Governor Alex L. Elliott and President Wilson Craw told The Examiner that while it would be some days before the final result of the effort would be known, they were satisfied that it was a success. On behalf of the club they desired to tender their sincere appreciation to everyone who patronized the fair and dance and who by so doing assisted the club in the service work which is being carried out by them in this city.

Mount Royal Entries

Entries for August 27.

First Race — $400, claiming, 2-year-olds and up, 1 1-16 miles (7): Mythical Lore 104, Nature's Darling 103, Varsity 113, Wee Todd'er II. 108, Foggy Dew 99, Nipigon 105, Chatham Queen 96.

DROWNING FEARED.

PORT STANLEY. — Local police assisted by beach lifeguards are conducting a search to-day in an effort to locate a middle-aged man who early last evening rented a bathing suit at the Port Stanley Beach and went swimming.

When the bathing pavilion closed last night the man had not turned up, and it is feared he may have drowned.

Bill Of Old Canadian Bank Comes To Life

1862 TEN-SHILLING BANK NOTE DISCOVERED

This 10 shilling bank note issued by the Niagara District Bank, St. Catharines, dated January 2, 1862, was handed as a curiosity to Frank Score, Toronto, the other day. A friend of Mr. Score's was going through an old box of his late father's who lived in the Niagara district, when he came across this old note. As shown on the note, the bank had a capital of only $1,000,000. The note was printed by Canada Bank Note Co., Danforth Waight and Co. of New York and Philadelphia.

WORLD ECONOMIC CONFERENCE SEEN AS FITTING CLOSE FOR YEAR

Britain's Delegation Home From Parley Express Satisfaction at Results.

PROGRESS WITH IRELAND.

SOUTHAMPTON, Eng., August 26 (C.P. Cable).—We proceed in the fullest confidence that a world economic conference will form a fitting conclusion for a year of solid and substantial advance, declares an official statement issued by the United ingdom delegation to the Imperial Conference on their arrival here to-day.

Speaking to the Mayor and councillors of the city on board the Empress of Britain before he disembarked, Rt. Hon. Stanley Baldwin said he hoped and believed the Imperial Conference had done "a useful bit of work." The Conference was successful from every viewpoint declared Rt. Hon. J. H. Thomas.

Card Party Blind.

Mr. Thomas frankly admitted that under the guise of card parties he had engaged in conversations with the delegation of the Irish Free State almost every day. He was sure such discussions had done good. He had not deviated from his attitude toward the land annuities dispute but he had taken care not to close the door to any avenue of economic peace between the Free State and the United Kingdom.

Greeted By Premier

Arriving at Waterloo Station barely one minute before the train steamed in, Prime Minister Ramsay Macdonald and Sir John Simon to-day greeted the delegates after an air journey from Lossiemouth.

Rt. Hon. Stanley Baldwin and Rt. Hon. J. H. Thomas, first to descend from the train, shook hands warmly with Mr. Macdonald and Sir John Simon.

The Prime Minister shook hands with each returning delegate after which Sir John Simon and his colleagues added their greetings. The party then broke up to be welcomed by groups of personal friends.

Mrs. Baldwin, carrying a bouquet of red and white carnations, was greeted by a large number of her friends.

As delegates reached the end of the platform Waterloo Station resounded to the cheers of welcoming crowds while hundreds of cameras clicked. Mr. Baldwin and Mr. MacDonald posed for special photographs, each smiling broadly.

Exceeded Expectations

Agreements made at Ottawa mark a degree of success far beyond anything ever expected before the delegation left England, says the statement released to-day by Rt. Hon. Stanley Baldwin.

"We are confident the arrangements made will lead to increased trade between the several parts of the empire and increased prosperity which cannot fail to exercise an influence far beyond the borders of the empire itself. No previous Imperial Conference," declares the statement, achieved such a degree or held out such hopes for the future.

The statement points out the international significance of the conferences: It is obvious that if we had failed to show at Ottawa that the British commonwealth is able to progress towards the solution of its own economic problems, our ability and influence at the World Economic Conference would be weakened it not destroyed.

As it is, concludes the statement, we can face the future with hope. "The events of the year show that we have moved away from the 'area of deep depression.' With this inspiration as widespread as it will be throughout the world, we proceed in the fullest confidence that a world economic conference will form a fitting conclusion for a year of solid and substantial advance."

BICYCLE RACES AT EXHIBITITION

If Entries Are Received Good Program Will Be Put On.

The Peterborough Industrial Exhibition will put on two bicycle races on Wednesday afternoon, Sept. 14th if bicycle riders will leave their entries in immediately with H. T. Millard, Sporting Goods Store, Charlotte street or with T. H. Ashby, Bicycle Dealer on Rubidge street.

It is the intention to hold one race for boys up to 17 years and another race for boys over 17 years. Three valuable prizes will be given for each race. Hand in your entries at once so that the details of the events may be worked out.

CIGARETTE BURNS HOLE IN CAR'S TOP

Another "Fag" Starts Fire in Chesterfield.

In two cases of fire reported overnight, outbreaks were due to live cigarette ashes. In one instance an automobile owner parked his car on George street and damage was caused which will necessitate a new roof, when apparently some careless individual flung a live cigarette butt out of a nearby office window. The glowing butt alighting on the car roof burned its way through the fabric and burst into flames just as the car was being driven away.

Shortly after midnight the Fire Department responded to an alarm at 298 Pearl avenue, where damage was caused to a chesterfield apparently as the result of live cigarette ashes unconsciously dropped among the cushions.

Dies in Hospital

TORONTO, Aug. 26 (CP) Fourteen-year-old Gertrude Cassar, crippled daughter of a Toronto resident, died in hospital here this morning.

Marmora

Word has just been received by W. J. Cottrell from his native village, Cheddar Somerset, England, that two weeks ago "Maid of the Mountains" a play which had a remarkable run in the Great War days, was filmed in the famous Cheddar Cliffs. The filming lasted for three successive nights, finishing at 11 p.m. on the first night and 2.30 a.m. the other two nights. Large crowds witnessed the filming of the various scenes and the lighting effects it is said were alone worth the nightly visits to these famed inland cliffs.

Mr. J. C. Mills of Toronto spent Wednesday in town.

Mr. H. Duff of Toronto visited here on Thursday.

ANCIENT FRENCH MARKET OF PIRATE DAYS DOOMED

NEW ORLEANS, La., August 26 (C.P.). — The old French Market, heart of barter and trade when Spanish galleons slipped across a pirate-harassed sea to bring Continental silks and luxuries to colonists, is doomed.

Stallkeepers whose stands have passed from generation to generation since the Spanish flag flew over the nearby Place d'Armes, heard to-day, with mixed emotions a City Commission Council announcement that the old market, with its color and million smells, is to give way to a $700 000 white tile and electrolyzed establishment.

Uncertain Regarding Equinine Oddity Government Clamps On Three Taxes

OTTAWA, Aug. 26 — Mimico's zebrass or jackbra, or whatever it is that Arthur Miles, 30 St. Clair Avenue West, Toronto, has imported for his private menagerie along the lake shore, is a dutiable article officials here have decided after much official cogitation.

Ever watchful lest U.S. crosses between jackasses and zebras be dumped here at slaughter prices to the detriment of the good Canadian article, the Government also is of the opinion that Mr. Miles' latest zoo acquisition is liable to a dumping duty besides the ordinary 25 per cent duty and three per cent excise tax on "domestic beasts of burden," as this animal is now officially denominated.

A letter has been sent from the appraisers of the National Revenue Department here to the collector of customs at Toronto notifying him that the animal is dutiable. Nothing was said about the dumping duty, but if Mr. Miles was quoted a price in Canadian funds, he will have to pay a dumping duty amounting to the difference between that and the same figure in U.S. funds.

All of which leads to the exclamation: "What price zebrasses, or did you say jackbras, mister?"

CRASH INJURES DRIVER OF CAR

John Thompson in Hospital Seriously Hurt—Speeding Alleged.

HIT TELEPHONE POST.

Leaping a deep ditch and crashing into a telephone pole on Lansdowne street last evening a motor car was badly damaged and its driver, John Thompson, 17-year-old son of Louis Thompson, 3 Wilson Avenue, received severe head injuries. He was removed to St. Joseph's Hospital where Dr. J. M. O'Brien attended. An x-ray showed that his condition is serious but not critical.

Thompson was driving east on Lansdowne street from George Hendren's Fox Farm. The car is owned by Mr. Hendren. The crash occurred 150 feet east of Monaghan road.

Thompson, it is alleged was speeding the car alongside a motorcycle ridden by Percy Brenton, 520 Bonnacord street, and Horace Garside, Western Avenue. According to the statement of the cyclists the car and motorcycle had passed and repassed each other several times during their course along Lansdownedowne street.

The car suddenly hit a soft shoulder in its speedy career, plowed along a ditch and struck a telephone pole. It came to rest with a crash against the pole, lying on its side. Thompson crawled out the right rear door.

Finder Of Dynamite Charged As Vagrant

OAKVILLE, Ont., Aug. 26. —(CP) — Mike Cherhit, Czechoslovakian tramp who claimed he saw two men lay 19 sticks of dynamite under the Canadian National Railway tracks near here, appeared in police court today charged with vagrancy and was remanded in custody for a week.

Meanwhile police, who had already expressed disbelief in Cherhit's story, continued to check over the ground where the tramp claimed he had scared away two would-be dynamiters and seized their explosives.

Cherhit yesterday staggered into the Canadian National Agent's office here carrying 19 sticks of dynamite and a lot of wire all of which he said he extracted from beneath the railway tracks.

Police were unable to find any evidence that wires had been attached to the rails.

MEMBERS LOSE CHURCH, TURN TO SCHOOLROOM

HAMILTON, Ont., August 26. —(C.P.). — Members of Westdale Presbyterian Church today planned to worship next Sunday in a small school-room after seeing their church put on the auction block yesterday, and withdrawn again when no takers arrived to bid.

Rev. Jason Graham, minister at the defunct church, said 120 members of the congregation who remained loyal to him through strife which beset the church for some months would attempt to carry on in the school-room.

The church reached bankruptcy through withdrawal by Col. R. Moodie of financial support which had enabled the congregation to meet mortagage interest payments during the two years of the church's existence.

CROP OUTLOOK GOOD.

The general crop outlook in Ontario is promising, following a period of warm, dry weather, reports the Bank of Montreal. In the Maritime Provinces all except the late hay crop are progressing satisfactorily.

Harvesting is now general in the Prairie Provinces except in Northern Alberta and a few districts in Northern Saskatchewan where crops are ripening slowly. Crop conditions in Alberta have been improved by rains and cooler weather during the past week, but continued dry weather has caused further damage in Saskatchewan and to late coarse grains in Manitoba.

In Quebec growing crops have been further improved by warm weather and rain, although the latter has delayed haying.

BEAUTY IN THE MORNING

How you thrilled as his eyes adored you at breakfast. How comforting to know that as you slept Pompeian Night Cream had restored the youthful smoothness of your skin. RICHARD HALL LIMITED

FIELD DAY HELD AT WARSAW

Keen Competition in Boys' and Girls' Softball Events —Field Prize Winners.

Under Capable Committee.

WARSAW, Aug. 25. (Examiner Correspondence)—The field day held in Warsaw school grounds was a success. The day was fine though very warm. The committee in charge of the day, namely: George Weller, president; Elias Thompson, sec.-treas.; E. Sloan, Hilliard Darling, Milton Drain, H. Digweed, C. Calder and Allan Taylor had made and carried out their plans well.

By ten o'clock a goodly crowd had gathered and the Warsaw sports took place; most of them were well contested.

Girls' race, 14 to 16 years—1, Ferena Robinson; 2, Merle Bell.

Girls, 11 to 13 years—1, Merle Bell; 2, Emily Payne.

Girls' 8 to 10—1, Joan Payne; 2, Meta Payne.

Girls' 5 to 7—1, Jean Watts; 2, Mary Watts.

Boys' high jump—1, Paul Payne; 2, Alec. Boven.

Boys' race, 14 to 16 years—I. Payne, winner.

Boys' 11 to 13—1, Percy Myles; 2, Percy Cooper.

Boys' 8 to 10—Reg. Payne, George Cooper.

Boys' 5 to 7—George Payne, Ray Lonsberry.

Men's 100 yard race—E. Sloan, Ivan Clements.

Men's high jump was stiffly contested by six men; finally Payne won with 4 feet 8 inches.

The horse-shoe tournament caused a good deal of excitement and was good. First, Mark Lonsberry, Gordon Bowen; second, Fred Bell, Charles Bowen; third O. B. McIlvena, Norman Payne; fourth, Charles Calder, Alvin Watts.

On the grounds H. Digweed had a booth and the trustees kindly let the W.I. serve hot dogs and meals from the ground-floor class-room. Both were well patronized.

The afternoon softball games began at one o'clock. The girls played in Milton Drain's field across from the school. Their games were first, between Choates and Warsaw. Choates won, 10-6. Jean Munro and Della Tucker played with the Choate team.

Choates and Keene girls played a lively game, when Keene won, 9-6.

The men's ball games were played on the school grounds. Every game was good. The playing was clean and interesting; the teams worked together.

Warsaw played Burn's Bridge, winning, 15-8. Keene played Reaboro, winning 6-2. Omemee played Keene, winning 9-8.

A wonderful game was played between Omemee and Warsaw. Omemee winning, 2-1. Those who made the runs were, Omemee, W. Gallagher and R. Rehill.

The teams:

Omemee—A. McQuade, W. Stevenson, W. Gallaher, N. McNeil, R. Weir, R. Rehill, T. Parsons, A. Adams, L. McQuade.

Warsaw—O. Ralston, C. Payne, I. Clements, A. Bell, G. Payne, E. Sloan, A. Darling, H. Hamblin, H. Waddell.

Keene—Whalen, Gillespie, McCarthy, Collins, Creighton, Heffernan, Price, Fletcher, Nelson.

Raeboro—Shine, Cobert, G. Smith, Reid, Morden, McKay, Widrow, McNiven, McMann.

Warsaw—Ivan Clements, Cephas Payne, Robertson, G. Payne, H. Bowen, A. Darling, A. Bell, H. Waddell, W. McIntyre.

Burn's Bridge—H. Allen, J. Leahey, F. OConnor, R. Tedford, W. Towns, Russel Tedford, S. Tedford.

The girls' teams:

Choates—Jean Munro, D. Tucker, B. Blade, O. Miller, M. Blade, A. Would, G. Mahon, D. Self, E. Roberts, H. White, B. Binks.

Warsaw—Edna Bowen, Hannah Sharpe, Emily Payne, Merle Bell, May Payne, Mabel McCauley, Daphney Payne, Edna Payne, Pearl Tedford.

Keene—M. Brown, G. McCarthy, M. McCarthy, J. Nelson, D. Short, J. Cameron, R. Dainn, S. McCarthy, I. Nelson.

CRICKET OUT OF CRICKET.

"Patsy" Hendren took the crick out of cricket and put it in the sides of the spectators recently at Clifton, where, after the match between Gloucestershire and Middlesex had finished early a one hour-a-side "brighter" cricket match was played.

Hendren's antics while taking a tweny yards run to bowl, and then his ridiculous movements while batting, kept the spectators in such roars of laughter that their sides ached.

Durston added to the gaiety of the day by his extravagant efforts as a wicket-keeper instead of a bowler.

The contrast of a burly six-footer crouching behind the wicket and "tubby" little Hendren trying to give a demonstration of crafty right and left arm bowling, was worthy of an Aldwych farce.

There was nothing serious about this extra match, and, as at Canterbury, a ball was bowled, a bat swung and sometimes it was a four and as often a shaver of the wicket.

Gloucbester were out in an hour for 140, of which Dacre, the New Zealand smiter, scored 40, and Middlesex, despite Hendren's hilarity, won with two wickets in hand with a score of 141 for eight wickets.

Scientists have found in Venezuela living forests such as grew billions of years ago in Western North America.

Plane Wrecke d In Landing

BAD WEATHER CAUSE OF CRASH.

The huge Sesqui airplane, "Enna Jettick," piloted by the Norwegians, Thomas Solberg and Carl Petersen, cracked up at Darby's Harbor, Paradise Sound, on Placentia Bay, St. John's, Newfoundland, it was learned on August 24. The ship was wrecked but the two men escaped injury. They were forced to come down at 7 p.m. (E.S.T.), on August 23, after fighting through the darkness of a heavy rain. Picture shows Carl G. Petersen, his wife and daughter Charmaine.

BOSWELL GIRLS LIVE AND LOVE LIFE TOGETHER

Connie, a Cripple, Has Helped Trio Achieve Fame With Her Songs.

IS BUSINESS HEAD

(Chicago Examiner)

Fate has so blended the Boswell Sisters' voices and fame that they must live as one.

The old saying that two is a company and three a crowd fails to describe their case . . . Connie, Martha and Vet Boswell live, laugh and love life together.

Their world is divided into three parts: hard work, their harmony we hear over the Columbia network, and humanity. In these cycles revolve their daily dozen.

In addition to their sense of harmony, these three little sisters from New Orleans have a sense of humor with which they can cover up any air "slips." It was this that caused Nat Shilkret, the orchestra leader, to coin the phrase, "All's well that's Boswell."

Started Ten Years Ago.

Ten years ago Connie, Vet and Martha made their first step toward the bright lights of Broadway. They were just another trio of dark-haired, Southern belles. Then radio came along and gave the girls their first chance. They sang over WSMB and other pioneer stations in the Land of Acadians.

To-day they sing "Put That Sun Back in the Sky," but the girls rarely ever see the sun. It's always night when they hike off to New York studios. Their mornings are taken up in sleep and afternoons always call for lounging around in pyjamas and rehearsing their songs.

Connie a Cripple.

Connie, as few people know, is cripple. That, however, has not prevented her from becoming the "business man" of the group, while Martha cooks and Vet does their reading.

Those vocal twisters the girls rattle off with their rapid rhythm has puzzled many folk. There is a similarity of English and French in them, making them unlike the typical "Harlem hot" and "hot-cha" substitutes for words. When asked what it was, Connie remarked it was "Just plain Louisiana pig Latin."

Sometimes, for variety, the girls will take a song and arrange it backwards!

All three are bright spots of the studios when they are around. Viewing their pep and smiles, one can't help but recall Shilkret's "All's well that's Boswell!"

ARMY RETAINS TENNIS TITLE

The army narrowly retained the inter-services lawn tennis championship at Wimbledon with nine victories against eight by the Royal Navy and one by the R.A.F. They have now won the title ten times since its institution in 1930.

The score was eight wins each to the army and navy when the last match, between Lieut. A. L. Toogood and the Rev. W. H. M. Aitken (Army) and Pilot-Officer R. G. Shaw and Pilot-Officer A. W. Sweeney (R.A.F.) went into court. Toogood and Aitken proved too experienced for the young airmen, and won by 7-5, 6-2 thus securing the championship for the army.

England's women swept the board in the today match with Wales at Llanelly. They won all twelve events. Japan made a good start in their match with Australia at Bournemouth, winning the first two

RIGHT INTO THEIR HIDING PLACES

Parke's Bugbane

goes right into all the hiding places of the bed bugs and destroys them. It is easily applied from our special squirter can to the cracks and crevices where these pests frequent. You can soon rid a room of this vermin.

EXAMINER WANT-ADS

OLD APPENDIX FEAR LAID BY NEW METHOD

Out It Comes Through Slit and Then You Walk Away.

BUSINESS IN TWO DAYS

NEW YORK, Aug. 26.—Have your appendix removed and walk from the operating room to your bed.

Rest for a few days—then back to your job or your golf.

"Simplicity, itself is the revolutionary change effected by Dr. William E. McIlvaine, of Jersey City, in this common and dreaded operation. He has performed more than 300 such operations by making an incision of only half an inch instead of the usual four-inch incision.

Well in Two Days.

His most recent patient is Dorothy Dreier, 5-year-old daughter of Mr. and Mrs. Frederick J. Dreier, 24 Seventh ave., Ridgefield Park, N. J. Two days after Dr. McIlvaine operated on her she had returned home, able to play with the activity of any normal child.

Elimination of the danger of loss of blood preserves the strength of the patient, by reducing the possibility of reaction. Dr. McIlvaine uses only a local anesthetic.

There is no cutting. Instead there is what is known as separation. The regular surgical knife is not used; instead a half-inch blade is employed. The doctor inserts this into the skin, puncturing it rather than cutting it. Thus a tiny opening not longer than half an inch is made.

Stretch Fibres Aside.

Then begins a delicate manipulation of the flesh. Through the first tiny opening, the elastic fibres are pushed aside, layer by layer, by stretching. Veins and arteries are drawn to one side. After the appendix has been extracted, the opening closes naturally.

"There should be no dread of this operation," said Dr. McIlvaine, "since there is no painful cutting, there is no long period of inactivity, to say nothing of the suffering involved in mending and surviving the shock to the body. The simplicity of this new operation is what makes it so successful."

WILSON'S FLY PADS REALLY KILL

One pad kills flies all day and every day for 2 or 3 weeks. 3 pads in each packet. No spraying, no stickiness, no bad odor. Ask your Druggist, Grocery or General Store.

10 CENTS PER PACKET

WHY PAY MORE?

The WILSON FLY PAD CO., Hamilton, Ont.

ENGINEERS TO MEET.

TORONTO, Aug. 25.— (C.P.) — First Canadian meeting ever held by the Institution of Mechanical Engineers, England, will be held here on Aug. 31 with more than 90 visitors attending from all parts of the world.

The institution will be welcomed to Toronto by Mayor W. J. Stewart and Rev. Dr. H. J. Cody, president of the University of Toronto, and after a day's meeting here will travel to Hamilton, Brantford and New York on an inspection tour.

Miss England III. Tested For Harmsworth Races

THE CHALLENGER FROM ACROSS THE SEA ARRIVES.

The Miss England III., the speedy craft in which Kaye Don, famous English speedster, set a new world's record for speedboats, is shown here upon its arrival at Walkerville, Ontario, en route to Detroit, Mich., to begin preparations for the coming match with Gar Wood, America's speed king, in which the famous English sportsman hopes to win the coveted Harmsworth Trophy.

BLADDER CAMPION A FARM PEST SHOULD BE PROMPTLY ATTACKED

Deep Roots of "White Cockle" Demand Drastic Treatment.

EXPOSE THE ROOTS.

Because of the fact that bladder campion is the most general bad weed in Peterborough County our farmers should be interested in the following outline regarding this pest prepared by Mr. John D. McLeod, District Weed Inspector for Eastern Ontario.

Bladder campion is a deep-rooted freely branching perennial weed spread both by seeds and root stocks. Because of the difficulty found in killing its deep, fleshy roots; because of the number of stems growing from each crown and because of the difficulty of removing its seeds from clover, it is one of our most serious weed pests.

Bladder campion is sometimes misnamed White Cockle or Catchfly. This is particularly true in Otonabee and Asphodel Townships, where it is generally called White Cockle. These misnomers are really the names of other distinct weeds.

The seeds of these plants are hard to tell apart, but the plants are easily distinguished. Bladder campion can be identified easily by its freely branching stems, its smooth leaves found in pairs meeting around the stems, its white flowers found in loose clusters which are often drooping, and its inflated and bell-shaped calyx or seed pod.

It is indeed this last characteristic which gives the plant its common name of Bladder Campion, Bladder Weed or Cow Bell.

Adapted to high lands the plant soon becomes established if neglected and every precaution should be taken to dig out the first few plants that appear and to apply salt, coal oil, gasoline, waste oil, or other weed killers on the roots. When digging out the plants it must be remembered that the crown is often 6 to 12 inches below the surface and not at the surface as with most perennials. This fact also explains the necessity for deep plowing and deep cultivation for this weed.

A Prolific Seeder.

Bladder campion is a prolific seeder. Ninety stems have been found growing from a single crown and though all did not produce flowers and seeds enough did produce to ripen thousands of seeds. These seeds are distributed to infect clean fields by wind, water, birds, and threshing machines.

MADAME SCHIAPARELLI

Famous French designer who says that Canadian and American women wear their clothes well.—Photograph by Toulgouat, Paris.

The plant also spreads by root-stocks. Due to its freely branching nature, the stems from one plant may cover from three to four square feet and choke out cultivated crops. A good-sized plant will have a root over two feet long with numerous root stocks; any portion of this root may produce a new plant, but by continual cultivation this underground root system may be cut up and weakened until it finally dies.

Deep plowing immediately after harvest, followed by thorough cultivation and cross cultivation with broad shares at intervals of two weeks and again in the spring followed by a hoed crop or a crop to be cut green for hay has proven effective. Any roots brought to the surface will never survive.

In badly infested fields, it might be necessary to continue this method a second or third year, seeding down with sweet clover for pasture or a hay mixture. The main object should be to get plants cut before they go to seed and to get on the land as soon as possible after seeding, clovers and grasses give it an opportunity to establish itself and should be avoided until the weed is brought under control. Live stock relish the leaves, and pasturing will help to weaken the roots; close pasturing followed by cultivation as outlined above will bring results. Special care should be taken to see that all neglected places are cleaned up before going to seed.

Desperate weeds require desperate measures. The first plant of bladder campion found on your farm is a danger signal. Some men consider it more dicicult to eradicate than perennial sow thistle. Clover fields that are being kept for seed should be watched and any plants of bladder campion, white cockle, or catchfly picked out. Purchase clover seed that is free from these weed seeds; watch your high land for the first plants; dig them out and save trouble later.

BONARLAW.

Two of Bonarlaw's popular young men were married yesterday, both marriages being somewhat of a surprise to the community.

Hiram Mumby, eldest son of Mr. and Mrs. Lindsay Mumby, was married to Miss Hazel Bateman, daughter of W. F. Bateman, merchant, Springbrook. The wedding ceremony was performed at Bewdley, Ont., by Rev. H. A. Bunt, M.A., who is at present at his summer home near Bewdley. Mr. Bunt is pastor of Springbrook United Church.

Fred. Heath, only son of Mr. and Mrs. Byron Heath, was married to Miss Gladys Danford, daughter of Mrs. James Danford, of Bellevile. The wedding took place in Belleville.

Flo-Glaze Demonstration

A representative of the Flo-Glaze Paint, Varnishes and Enamels will be in the Paint Department the rest of the week. He will be glad to answer questions and give valuable suggestions in the use of Flo-Glaze. Be sure and come in during the demonstration and let him assist you with your paint problems.

THE EXAMINER'S OWN DOLLAR DAYS

The merchants as a whole having decided to dispense with the usual Dollar Days at this time, and as a majority of our subscribers have enjoyed our own estimating contests conducted on the regular Dollar Days in the past, we have decided to offer the usual cash prizes for nearest estimates to the number of peas contained in the quart sealer in one of our windows. See conditions below.

There are also, however, other merchants who will no doubt make special Dollar Day features of their own at this time. *Watch for their advertisements.*

FRIDAY and SATURDAY, August 26th and 27th

CONDITIONS

For every Dollar paid into The Examiner on our Dollar Days, August 26th and 27th, for an account for Printing or Advertising or for a Subscription to The Examiner ($6.00 delivered in the City or $4.80 by mail per year), we will give Estimating Blanks on which to Estimate the Number of Peas in the Sealer. If you live a distance away and do not expect to be in the City, use the Coupon and make as many Estimates as dollars you send in by mail.

The Sealer is a Standard Reputed Quart

PRIZES

	Cash
Nearest Correct Estimate	$10.00
2nd Nearest Correct Estimate	$5.00
3rd Nearest Correct Estimate	$4.00
4th Nearest Correct Estimate	$3.00
5th Nearest Correct Estimate	$2.00
6th Nearest Correct Estimate	$1.00

COUPON

The Examiner, Peterborough:

Enclosed please find ..... dollars on my subscription. For each dollar remitted I estimate the number of Peas in the quart sealer to be:—

First Estimate .....
Second Estimate .....
Third Estimate .....
Fourth Estimate .....
Fifth Estimate .....

If you cannot be in the City August 26th and 27th Mail in your Estimates

NEIGHBORLY NOTES

• • •

Mrs. J. H. Burt, of Fredericton, N. B. accompanied by her brother-in-law, Mr. C. A. Burtt and Mrs. Burtt, is visiting her parents, Mr. and Mrs. F. W. Panter, 623 Chamberlain street. Mrs. Burtt motored from New Brunswick and will return early next week.

That Body of Yours

By James W. Barton, M.D

FOOD CAUSES A LOT OF TROUBLE.

When you think of all the trouble that can come to you just because of the food you eat, you may be wondering if in the days to come research physicians may be able to supply food in such a way that all the necessary nourishment will be provided without any of the troubles that now arise.

What are these troubles?

Indigestion, ulcer of the stomach, stones in gall bladder, stones in kidneys, inflammation of intestines, appendicitis, inflammation of the kidneys, epilepsy, overweight, hardening of the arteries, high blood pressure, autointoxication or poisoning from the wastes of foods in the large intestine, and a great many other ailments.

Now naturally your common-sense tells you that food is not really to blame; food supplies all the necessary forces to maintain health and preserve life. Your body is made up from the same materials that are in the food you eat.

Why then does food give us all the above-mentioned troubles.

In the great majority of cases, these troubles are due to our own thoughtlessness or carelessness. We were given a body that is capable of withstanding many hardships, and much neglect, but after all it is not entirely proof against some of our everyday habits.

Your doctor will tell you that careless habits of eating—too much food, not enough food, eating too fast, eatin gtoo much fat food at the end of a meal instead of the beginning, not chewing the food, not eating enough fruit, not establishing a regular intestinal habit, having meals irregularly, usually too close together — are among the many reasons that the food gives trouble in the body.

Life is maintained in a healthy state by seeing that the right food and in the proper amounts is eaten daily. Dr. Alexis Carrel has kept cells alive for over fifteen years by simply giving them a little food material (salt solution) daily and seeing that the wastes from the action of the cells is removed daily.

The reason that man has trouble is that by using his brain he has been able to develop all kinds of devices to save him from working, from using his body. Although he doesn't use his body he feeds it as much as he would need if he were really working hard. It is this unused food, the products from it, that cause most of the trouble.

There are only two things to do to prevent trouble. First, eat a little less food every day, or fast occasionally. Second, work or play harder and burn up this extra food

FROM EVERY ANGLE

Hosiery and Sweaters ARE BETTER

FASHION SERVICE

For the fastidious miss of school age, this woolen jacket-like dress will win instant approval.

Don't you think the deep cuffs give it a distinctive appearance? And the peplum hip flounce adds such smart sophistication. The skirt is circular, fitted smoothly through the hips.

And you'd be surprised how inexpensive this exclusive model is to make.

Style No. 2554 is designed for sizes 8, 10, 12 and 14 years. Size 8 requires 2¼ yards of 39-inch material with ¾ yard of 35-inch contrasting and ½ yard of 35-inch lining.

For late summer and early fall, it's ever so smart in dark blue linen with white pique trim.

Tweed like cottons and thin woolens are also fashionable.

Be sure to fill in the size of the pattern.

Send stamps or coin (coin preferred).

Price of pattern 15 cents.

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

How many of you readers have ever thought of optimism as being a tonic?

• • • • • • •

Ask any physician if this is not true because it is a tonic.

• • • • • • •

A patient who believes he is going to get better does recuperate faster than one who is pessimistic and believes his case is extremely difficult, if not indeed, impossible to recover from.

• • • • • • •

Whatever the difficulty, whether it is physical, financial, mental or spiritual, it is eased, lightened and helped to be cured when a person becomes optimistic.

• • • • • • •

Think of the pleasant nature of such a curative tonic. It would be difficult to think of a happier cure than that indulged in by taking a dose of optimism.

• • • • • • •

Suppose you are depressed, and the mind refuses to grasp cheerful thoughts when you attempt to focus on them. A brisk walk in the open air will brush away many despairing thoughts.

• • • • • • •

It may be the tonic needed to bring the physical reaction to optimism. You are quite sure to return home with a brighter vision. With this you begin to see how things can be improved.

• • • • • • •

Take plenty of doses of fresh air. It is one of the doses of optimism which seldom fails to make things appear in a favorable light.

• • • • • • •

If you are fond of reading, choose a book which is witty, amusing in style or data, a story which has a cheery viewpoint.

• • • • • • •

Sometimes the dose of optimism can be taken in the form of amusement. If one goes to the movies or the theatre, to some fine concert if music is a delight, or to some other form of entertainment which leads the mind into pleasant avenues, the dose of optimism proves a tonic.

• • • • • • •

Then there are persons who emanate happiness. They may have a quiet way of taking life without touching its seamy side, or of steering through stormy weather without getting mentally upset.

• • • • • • •

They have found the benefits of optimism far excel those of less happy attitudes. They are said to have found the secret of a happy life. They strengthen one's faith in good, and to be with them sends one on his way rejoicing.

• • • • • • •

Under the tonic effects of brightness and cheer some curious torch within is lighted which shows even wee rifts in clouds of trouble. Let optimism lead you into the sunshine of happiness.

CULBERTSON on CONTRACT

by Ely Culbertson

World's Champion Player and Greatest Card Analyst

271

THE BELEAGUERED CITY

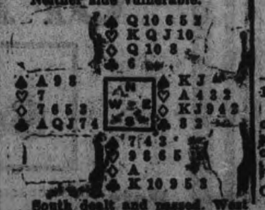
If one were in a beleaguered city and were allowed to send out—by wireless, for example—a short message to one's friends, one would consider very carefully what to say. The precious opportunity would not be squandered on passing out information that was trivial or irrelevant.

The Contract player is very much in this position. He is beleaguered by his adversaries. He is afforded (in the bidding) an opportunity of "telling the world" what he holds, and this opportunity is very restricted; except where he is able to "force," each chance of bidding that he gets may be the last. It behooves him, then, to make sure that his precious opportunities are not frittered away.

Now, one chance that must never be lost is the chance of showing a biddable suit. To bid notrump, where one has a suit to show, is unpardonable. One is not only giving vague information, but one is also giving wrong information; for the notrump bid not only says: "I have a certain distributed strength," but it also says, in so many words, "I have no biddable suit." A final declaration at notrump is often to be sought, but it should be built up on a basis of precise information as to the suit strength that is held.

Here is an example of the penalty paid through failure to observe this axiom.

Neither side vulnerable.



South dealt and passed. West opened the bidding with one club. North overcalled (incorrectly) with one heart. (The proper bid, here, is one spade.) East now bid two notrump. South passed and West raised the notrump bid to three. This closed the bidding.

Three notrump can be made with ease at Double Dummy, but in play East was set 1 trick. For different would have been the story had he shown his diamonds. The correct bidding is:

South	West	North	East
Pass	1♣	1♠	3◇
Pass	3◇	Pass	5◇
Pass	Pass	Pass	

and game can easily be made. It calls, it is true, for some deep finessing in diamonds, but, as there is everything to be gained by this and nothing to be lost, the play will be straightforward enough.

If East-West were vulnerable, the same risks should not be taken. The cards, as they lie, favor the sporting chance. Vulnerable, East should be content to play the hand at four diamonds.

TODAY'S POINTER

The Negative One Notrump

This is one of the most important responses in the Forcing System. It shows from 1½ to 2 honor-tricks in all, with inadequate strength for support in the trump suit. It serves, on the one hand, to keep the bidding open; on the other, to warn partner that game is unlikely unless he has well above the minimum strength for an Opening bid.

Example:

Opening Hand bids one heart.

0	♠ 3 2	0
1½	♡ A Q 9 8	2½
½	◇ Q J 7 6	1
½	♣ Q J 3	½
2½ honor-tricks		4 playing-tricks

Response is one notrump.

½	♠ Q J 4	
0	♡ 7 6	
1	◇ A 10 3 2	
0	♣ 7 5 4 3	

1½ honor-tricks

In this case the bidding will, of course, end at one notrump, so far as the Declarer is concerned.

Copyright 1932, Ely Culbertson

HIGHER FIRE LOSSES

TORONTO, Aug. 26 (By The Canadian Press) — Fire losses in Canada during the week ended Aug. 24, 1932, were estimated by the Monetary Times at $214,300, as compared with $115,600 for the previous week, and $358,550 for the corresponding week last year.

Fire losses since the first of the year to Aug. 24, 1932, totalled $15,446,815, as compared with $20,416,-885, for the corresponding period of last year.

FRANCIS OUIMET ILL

BOSTON, Aug. 26 (C.P.) — Francis Ouimet, United States amateur golf champion, is confined to his bed suffering from a cold that threatens to develop into pneumonia.

The golfer was stricken with the cold while playing the first round of a 36-hole match with Gene Sarazen at the Winchester Country Club Tuesday.

The amateur champion was running a high temperature and a physician and two nurses were in constant attendance.

Fresh apples, apricots and pears cannot be imported into Switzerland without a Government permit.

TEN INJURED IN EVICTION RIOT

Crowd of 1,000 Clash With 300 Police in Detroit.

SHOWER OF STONES.

DETROIT, Aug. 26 — Trouble which had been brewing for a week over an attempted eviction flared into a clash between 1,000 civilians and 300 policemen yesterday afternoon, with injuries to two patrolmen and eight rioters.

Twenty-one of the civilians were police prisoners last night, in addition to their eight injured, who were ordered held for investigation.

Police said the prisoners included several who had participated in previous eviction disorders.

The disorders centred about the home of John Mitchell, Springwell Avenue, where an eviction by constables was frustrated a week ago.

Return of Police Awaited

Since that time, police said, a crowd that increased steadily in numbers had concentrated in the neighborhood awaiting the return of the constables. Neighbors asked that the crowd be dispersed, and 300 uniformed patrolmen were despatched to the scene, re-inforced by mounted and motorcycle policemen and plainclothesmen to swell the force to 500.

In an early clash, the patrolmen were repulsed by a shower of stones, bricks and sticks. Then the mounted and motorcycle policemen charged the crowd, driving the rioters a block down the street, where they took up their stand in safety zones, protected by moving traffic.

Two Shots Are Fired

At least two shots were fired. Police investigators and civilians were at odds as to who fired the shots, but Wasson Ferman and Nick Clock, civilians, received minor gunshot wounds. Patrolman John W. Kelly has a fractured arm, and Patrolman Howard Wriska an injured elbow.

Carl Rakosky, aged 40, and Nick Mazurs, 24, have possible brain concussions. Other injuries were minor, mostly scalp wounds.

Some curious investigator in England has discovered that married men injure themselves much more frequently by falls in the early part of the day than do bachelors.

Nats and Ponies in Tie C.O.B.L. Title Series

WEIR HOLDS LIMESTONE CLUB AS BELLEVILLE WINS 11 TO 6

Teams Will Hook-up To-day in Deciding Game for Central Ontario Pennant.

WEIR HITS HOMER.

KINGSTON, Aug. 26.—Staging a big inning, in which they scored six runs, mostly as the result of wildness on the part of local hurlers, Belleville Nationals defeated Kingston Ponies here last night, 11 to 6, and thereby evened up the play-off series for the Central League championship. Each team now has won two games, and the deciding game is scheduled for here today, the locals having won the toss after the game.

Kingston looked good for three innings, when they overcame a three-run lead and had the score 6 to 3, but after that they simply folded up. They were completely baffled by the pitching of Alex. Weir, erstwhile centre fielder of the Nationals, and in the last six innings they only got one man on base, Tetro drawing a walk in the eighth to be forced at second by G. Arniel.

Ponies Fail to Hit.

The Ponies simply weren't good enough last night; they fielded well and they got good pitching after the hectic fifth had been passed, but they fell down badly with the bat, and Belleville simply coasted through to a win.

Belleville jumped into an early lead with a couple of runs in the first and they added another in the third. In the meantime Kingston crossed the plate once in the first, and in the third they fell on Weir. Five hits were made and as many runs scored, the locals going into the fourth with a three-run margin.

But after getting a run in the fourth on two hits and a walk, the Nationals started to wait out Morrow in the fifth. The first two men singled and then Morrow filled the bases by walking Cooke. With three balls and no strikes on Chambers, Morrow was retired and Fournier then walked Chambers and Barrage to force in two runs. He then hit Pointer, giving Belleville another counter. Morgan flied to Arniel and Weir's double sent in two more runs, Scarlett's out sent Weir home.

Weir Hits Homer

The only other run in the game was scored when Weir drove out a terrific home run in the eighth.

The winner of today's game is scheduled to play New Toronto in Toronto on Saturday.

Weir and Mills; Fournier, Morrow and Tetro.

Home run—Weir. Two-base hit—Stone, Compeau, Weir, Mills. Stolen bases—Vince, 2, Elliott. Sacrifices—Scarlett. Struck out—By Weir 5, by Morrow 4, by Fournier 1. Bases on balls—Off Weir 3, off Morrow 2, off Fournier 2. Hit by pitcher — By Fournier (Pointer.) Passed ball — Mills. Left on base—Belleville 4, Kingston 2. Umpires—Sheppard and Oswin.

YESTERDAY'S STARS

Lou Gehrig, Yankees — His 28th homer beat Indians.

Benny Tate, Red Sox — His homer with one on aided in defeat of White Sox.

Fred Marberry, Senators — Pitched effectively to beat Tigers.

Al Simmons, Athletics — Drove in five runs against Browns with triple and single.

Adolfo Luque, Giants — His relief pitching stopped Cardinals.

Pinkey Whitney, Phillies — His triple and three singles drove in five runs against Pirates in two games.

Guy Bush, Cubs — Scattered Dodgers' seven hits to win 9-3.

GEHRIG CLOUTS 28TH HOME RUN

As Lefty Comez Hurls His 21st Victory for Yanks, Subdues Indians 4-3.

MACKS BEAT BROWNS 15-5.

(By Associated Press.)

Lou Gehrig's 28th home run of the year with none out in the ninth inning clipped Cleveland, 4 to 3, and gave Lefty Gomez of the Yankees his 21st victory. Babe Ruth previously had belted his 36th with Combs on base. Earl Averill hit one for Cleveland.

Another game was decided by a circuit drive at Boston, Benny Tate of the Red Sox pounding one over the fence with one on to beat the Chicago White Sox, 5 to 4.

The Athletics went on a batting rampage behind Tony Freitas to overwhelm the St. Louis Browns 15 to 5. Jimmie Foxx pounded his 40th homer to maintain his lead over Ruth, and young Eric McNair hit his third round-tripper in as many days.

Washington collected 16 safeties off three Detroit flingers to win handily, 8 to 5. Firpo Marberry went the route to score his second victory of the week.

From rains or the rigors of torrid suns an ingenuous Bavarian cyclist protects himself with an umbrella which he clamps to his bicycle in such a way that it can be adjusted at various angles.

KOENIG RETURNS FROM COAST TO STAR IN CUBS' CAMPAIGN

Fields Perfectly on Thursday to Aid Chicago Defeat Brooklyn 9-3.

PIRATES TAKE TWIN FALL.

By GAYLE TALBOT
(Associated Press Sports Writer)

Mark Koenig, veteran shortstop of the Chicago Cubs reclaimed from big league oblivion three weeks ago to steady their infield, fast is proving himself the biggest $10,000 worth of baseball player to appear on the scene this season.

His eyesight completely cured, he has come back to the big show to play magnificent ball for the Cubs in their drive for the National League pennant. He never was a great hitter, but they claim he is fielding even more brilliantly than in 1927, when he was with the champion Yankees.

With Koenig in the line-up, a steadying influence on the youthful Billy Herman at second base, the Cubs have won 9 of their last 10 games. The veteran who was brought back from the Pacific Coast League, where he had been sent to finish out his playing span, has won several games with his bat, but his fielding has been of the greatest value. He handled 10 chances perfect and repulsed Brooklyn again, 9 to 3, and extended their lead to five and one-half games. In addition, he contributed a pair of singles to a 13-hit attack on three Dodger pitchers. Guy Bush just about paralyzed Brooklyn's flag hopes by yielding only seven hits.

The Pittsburgh Pirates also dropped further behind when the Phillies bombarded them twice, 11 to 3, and 6 to 5, the latter going 10 innings. Roy Hansein held the Pirates to eight scattered hits in the first game, while Benge and Jim Elliott tamed them in the second.

In the only other National League game, the Giants socked Bill Hallahan and two other St. Louis hurlers for 17 hits and a 6 to 5 win. Eddie Marshall hit a double and three singles.

Omemee Is Winner Of Forfeit Fixture

OMEMEE, Aug. 26.—(Examiner Correspondence.—In the first of home and home games in the second round of the O.B.S.A. playdowns between Reaboro and Omemee played at Omemee Tuesday evening, August 23, the umpire forfeited the game to Omemee in the ninth inning. Reaboro trotted out F. Shine, Downeyville's star pitcher, and as usual he pitched a steady game. Reaboro got the jump on the Omemee boys in the first innings by scoring four runs and they added one in the fifth, one in the sixth and two in the seventh.

Shine was enigma to the Omemee boys until the fifth when the pushed over one run and in the seventh and eighth they scored three runs. After the fifth innings Reaboro started stalling tactics and even when warned by the umpire they persisted until at 7.10 when Reaboro refused to bat the umpire forfeited the game to Omemee by the score 9-0. It was a very unsatisfactory ending to what might have been a win for either team.

Umpires—Hayes at the plate; Endicott on bases.

Line up:

Reaboro—F. Shine, p; N. Calvert, 3b; G. Smith, rf; W. Reid, c; G. Morden, lf; L. MacKay, 2b; R. Holmes, ss; G. McNevin, cf; K. McMann, 1b.

Omemee—A. McQuade, lf; R. Bashill, rf; W. Gallagher, 2b; N. McNeil, c; W. Stephenson, cf; C. Weir, ss; G. Parsons, p; A. Adams, 1b; L. McQuade, 3b.

Score by innings:

Reaboro	4000112—8
Omemee	0000188—7

A SUCCESSFUL LEAGUE.

The annual meeting of the Cradley and District League was a remarkably successful one. There is £36 in hand, which is rather more than that reported a year ago.

During the year the sum of £128 was handed over to the funds of the Dudley Guest Hospital. Thirty-four of the old clubs have remained with the league, and there are 14 new applications, while Mr. J. Stanton was re-elected secretary for the 22nd year.

NORRIS INTERESTS WILL GET DETROIT

To Operate N.H.L. Franchise in That City and Transfer Shamrocks.

CHICAGO, Aug. 26.— Thomas J. Shaughnessy, President of the Chicago Shamrocks of the American Hockey League, yesterday said it was "very certain" that the club would be moved to Detroit to operate in the National League.

Shaughnessy said he and James Norris, Sr., owner of the Shamrocks, virtually had completed negotiations for control of the Detroit National League franchise which is in receivership.

Player arrangements will have to be made, he said, and not all of the Shamrock team will be transferred to Detroit. Some of them are classed by the National League as contract jumpers, but all clubs except the Chicago Black Hwaks and the Ottawa Senators have voted reinstatement. The American League without Norris's support probably will waive its claim to major league ranking and will become subject to the draft, one of the big points of difference between the leagues heretofore.

Under the draft the Black Hawks would have first choice on Donnie MacFayden and "Pudge" MacKenzie. Canadiens of Montreal claim Walter Buswell and Paul Armand, and Toronto claims Gordon Brydson.

ORIOLES EVEN LEAGUE FINALS

Birds Defeat Nationals 21-10 in Fourth Game of Series.

SOUTH-END LOOP

Before the largest crowd of the season the Orioles evened up the series, nosing out the Nationals by one run. The game terminated after the Nationals had scored five runs with two down and the tying run on third, when the umpire-in-chief called the last batter out for not notifying him who he was batting before, despite the fact that the said batter had fielded in the eighth innings.

It is understood that the Nats have protested the game on this decision which is fully covered in the O.A.S.A. rule book under Rule 15 (additional players).

The Nationals started the game off with a bang scoring eleven runs in the first innings on eight hits, three walks and two errors, but the Orioles came right back with two in the first, one in the second and eight in the third innings to make the game interesting. Both pitchers, who had pitched most of the three previous games were hit hard and at the end of the eighth the score stood: Orioles 21, Nationals 15. With two men out and none on in the ninth the Nationals surprised their supporters with a five-run rally which terminated in an uproar when the decision stated above was handed out by the umpire.

Score by innings:

Nationals	11 02000025—20 20 7
Orioles	2 1800181x—21 19 8

Umpires—E. Miller at plate; Sears on the bases.

Argentina imports more books from the United States than any other countries except Spain and France.

PETE JABLONOWSKI IS STAR OF NEWARK'S CLIMB TO TOP

Former Major League Hurler Suffers First Setback Yesterday, Falls to Wings 6-2.

BISONS WIN 13-11.

(By the Associated Press).

Pete Jablonowski, cast-off hurler of the Cleveland Indians and Boston Red Sox, has met his first defeat in the International League but not before he had compiled an unusually fine record.

When he was shunted into the minors with the Newark Bears, Pete refused to let down in his efforts and as a result he won his first six starts for Newark, all of them without relief, and played one of the leading parts in giving the Bears the huge lead they now hold. He hurled 85 innings and gave only 46 hits and 12 walks.

Facing the Rochester Red Wings yesterday, Jablonowski suffered his first bad day in the circuit and lost his first game. He lasted into the fifth inning before he was yanked in favor of both Nekola with none out, gave 7 hits and a pair of passes. Nekola also was touched up rather freely and the Red Wings poled out 16 hits for a 6 to 2 victory. But Teachou gave the Bears only nine hits and a single earned run.

Bisons Win 13-11.

Buffalo hammered out a ragged 13 to 11 decision over Jersey City. The Bisons gave away five runs in the first inning, tied the count in the third and went on to win. Jack Smith and Ollie Carnegie set the pace, making four hits, including a homer, each.

Montreal Gains.

At the same time, the Montreal Royals gained a full game margin over the third place Baltimore Orioles. The Royals slammed the Orioles out of a chance to gain a virtual tie by taking the second half of a double-header, 7 to 2, after Baltimore had edged out a 10 to 9 triumph in the opener. Big rallies featured both games, Baltimore winning the first with a four-run cluster in the ninth and Montreal putting the second away with five runs in the first frame.

Leafs Outslug Senators.

The Toronto Maple Leafs, the last place team in the hitting figures as well as in the standing, came to life as if they were showing that they really knew what their bats were for, and hammered the Albany Senators into submission, 9 to 2. The Leafs made 76 safeties, four by Murray Howell, who had a perfect day, and three each by Whitey Dreesen and Jack Rot Rock.

COLLEGE INTERMEDIATE GRID DATES ANNOUNCED

KINGSTON, Aug. 26.—Intercollegiate intermediate "Rugby football" officials yesterday announced Ottawa University would be added to colleges competing in games this fall.

At the same time they release the full schedule of games for the season. It follows:

Oct. 8—Ottawa at U. of T.
Oct. 10—Queen's at R.M.C.
Oct. 15—U. of T. at Queen's; R.M.C. at Ottawa.
Oct. 22—U. of T. at R.M.C., (a.m.); Queen's at Ottawa.
Oct. 29—R.M.C. at U. of. T.; Ottawa at Queen's.
Nov. 2—Ottawa at R.M.C.
Nov. 5—Queen's at U. of T.
Nov. 12—U. of T. at Ottawa; R.M.C. at Queen's.

Coach Al Ritchie Decides To Retire

REGINA, Aug. 26. — The West's greatest Canadian football authority and coach, Horace Alvin (Al) Ritchie, boss of almost all the good football and hockey teams Regina has turned loose after Canadian championships, has retired.

He announced yesterday he would not coach Regina Roughriders this fall. The grid machine he welded in seven seasons into one of the strongest teams in the country is turned over to Ritchie's starriest halfback, Cutris Schave, former University of North Dakota star.

Ritchie's retirement may be only temporary, ill-health keeping the famous coach out of action for at least six months. But it is doubtful if he will guide this winter the junior Pats, young hockeyists, who won two Canadian titles under his direction.

TORONTO TEAM HERE SATURDAY

Local Club Out After Provincial Championship Won in '29 and '30.

ALL-STAR ROSTER.

Once again the local bantams swing into action in another attempt to bring to Peterborough an O.B.A.A. championship. The Kiwanis Bantams, winners of their section of the local City League this year, play the Toronto McMurrich Bantams in Stevenson Park at 2.30 tomorrow afternoon. It is the first game of their O.B.A.A. playdown round, the second to be held in Toronto next week Twice, in '29 and in '30, has Peterborough bantam ball teams won Ontario titles, and the present champs hope to repeat this year.

Herb Ralph, manager, and Ken Baker, who as a member of the Kiwanis Sports Committee helped organize it, have rounded out a finely-balanced team. There is a great deal of experience in this lineup. Two of the boys, Eddie Starr, catcher, and Mike O'Leary, infielder, were on the 1930 championship team. The three classy pitchers, Field, Phelan and Anderson, played for Kinsmen last year. Also on Maple Leafs, and on the Kiwanis are Thornburn, first; Kingdon, second; A. Clark, short, Darwin, outfielder. Other players on the present squad are G. Clark, Todd, outfielders, and Dunkley, infielder.

Playing in a three-team league this summer, Kiwanis showed great form to lose but one contest. They have three very promising pitchers, a smart infield and outfield, and a hard-hitting bunch. Many of these boys will star on future senior teams in Peterborough and elsewhere. They will have to be at their best as the Toronto bantam representatives are always very strong, and have more O.B.A.A. wins than any other city, having a bigger choice of players.

Kiwanians, friends and relatives of the players, followers of the team, and baseball fans in general, are urged to attend the first game Saturday and help root the local boys home in their toughest opposition in the province. It should be a great ball game.

At a point 100 miles north of the Arctic Circle, in Sweden, is an "electric hotbed" used for growing spinach, parsley, dill, lettuce, cucumbers, radishes and cauliflower.

SCREEN ODDITIES
by Captain Roscoe Fawcett

Adolphe Menjou, at the peak of his fame as the screen's "best dressed man," owned so many suits that he was forced to store thirty with his tailor because he did not have room for them in his home. Menjou still maintains a reputation for correct dress on the screen but his favorite leisure diversion is to don old comfortable clothes and dark glasses and stroll incognito along Hollywood Boulevard.

• • • • • • •

A Hollywood producer-director once offered Queen Marie of Roumania a signed check for $30,000 as inducement to play a bit in one of his pictures. The offer was made when she was touring the United States a few years ago. Instead of accepting it she seemed insulted by the offer and neglected to include Hollywood in her itinerary of cities visited on the Pacific Coast.

Clarke Gable has his eyebrows, which are unusually heavy, regularly plucked for his screen work?

League Standing

TRENT VALLEY LEAGUE.

HASTINGS, Aug. 26 (Examiner Correspondence).—The race for the top of the second half of the schedule in the local bowling green is starting to develop into a tight fight. Rivard is out in front but can be tied by three other rinks. The standing at present is:

	Won	Lost	Played
Leo Rivard	5	1	6
L. T. Ruyche	3	2	5
R. W. Johnson	3	3	5
H. Dodd	2	1	3
Dr. W. N. Campbell	2	3	5
L. E. Kelley	2	3	5
C. E. Jones	1	3	4
Geo. Lynch	1	4	5

Brideville's Affairs

The Free State league management committee spent a considerable period recently discussing the affairs of the Brideville club, but no information was disclosed.

It will be remember that the league cancelled the membership of Brideville, but the club challenged their right to do so.

BOTH ELEVENS ARE SCORELESS IN CUP RE-PLAY

Stan Clark, C.G.E. Goal Custodian, Saves His Team—Archie McPhat is Unlucky.

GOO DCUP. TIE GAME

The Caledonians and the Canadian General are still dead-locked in the issue of the semi-final of the Peck Soccer Cup. They battled for seventy minutes, last night, before a good attendance, to find neither one registering. Stan Clark, deserves all the credit for keeping the Electrics in the cup. His display in goal was like an experienced custodian and has now become the most versatile Canadian player in the league. While Archie McPhate had a run of hard luck all evening. In the previous game, the count stood 3-3 each.

Exchanges Even

From the kick off, the Canadian General forced the issue against the Scotsmen who were ready to repulse their attacks. Bolton outguessing them on many occasions. Carmichael carried the ball up the field where Greer accepted a timely pass to make Stan Clark, C.G.E. goalie, with outstretched arms save his team from disaster. Play run from end to end at a rapid pace with the players trying to wear down the full backs but they were unbeatable. Although Anderson tested Bolton at close range with a stinging drive. The goalie cleared up to the centre where A. McPhate dribbled his way towards the opposition territory. Burgess falling back in time to stop him as his full backs were beat. Then a continuous seige took place with the Caledonians hammering away at the C.G.E. goal. Stan Clark pulling off some wonderful saves from the feet of the Caley forwards. Robb sent Darling down the wing. He placed an accurate ball into goal for Bolton to punch when hard pressed. At this point, a clever exhibition of heading occurred in front of the Scotsmen citadel. Rankin being the main performer until he got his t on it. oonu i RA foot on it. Hansen outwitting the full backs to send a lightning drive into goal. Stan Clark making a spectacular save. Then the C.G.E. took a turn on the attack to gain nothing but flag-kicks aplenty. From one of them Robb missed by inches. Caledonians 0, Canadian General 0.

Two Cautious Teams

On resuming, the players were not very eager to set a fast clip but were conservative enough to consolidate on the defensive methods. It was first one goalie then the other. Bolton being called upon to save from the foot of McMaster. There was no choice in the selection of the better team. But a visit by the Scotsmen had not the horse shoe with them but in possession of the Electrics when they ranged all kinds of shots upon the custodian. Hansen drove a hard one that Clark diverted out of danger, then he shoved a low grounder away to the corner from the foot of A. McPhate. He touched a rocket drive over the bar for an unsuccessful flag kick. Raid after raid by the C.G.E. failed to bring any results to them because Craig, at full back, with O'Halloran were out-playing the attack whenever they got into a dangerous position. Ben McMaster being watched throughout the whole game and Carmichael hung on to him like a leach to spoil his effectiveness around the goal. During the last ten minutes, the Scotsmen had the game at their mercy, time and again. Hansen sending a low drive into the corner. Clark stopping it in time. Twice did A. McPhate break through to test Clark with stinging shots. Towards the close of the seventy minutes play the ball was hard to follow. Caledonians 0, Canadian General 0.

Canadian General — S. Clark, goal; J. Mitchell and B. Bloom, full backs; A. Burgess, W. Robb and G. Earle, halves; J. Quinn, J. Anderson, B. McMaster, A. Mitchell and H. Darling, forwards.

Caleys—J. Bolton, goal; A. O'Halloran and T. Craig, full backs; W. McCracken, R. Carmichael and W. Rankin, halves; E. Hanson, G. Greer, A. McPhate, T. McPhate and E. Adkinson, forwards.

Referee—Jack Clark.

ENGLISH SOCCER STARTS SATURDAY

Eighty-eight Clubs Start Off in Quest of Soccer Laurels.

LONDON, Aug. 26.—In quest of soccer honors, 88 clubs in the four divisions of the English Football League play their initial games of the 1932-33 season on Saturday. Probabilities indicate the inaugural fixtures will be fought out in ideal football weather, but the vagaries of the English climate may quite easily provide the customary heat wave in which football usually makes its bow.

The First Division welcomes the reappearance of Leeds United and Wolverhampton Wanderers, famous old soccer teams that won promotion, while Grimsby Town and West Ham United take their places in the Second Division. Lincoln City and Fulham return to Second Division warfare, replacing Barnsley relegated to the Northern Section of the Third Division, and Bristol City, who again slip down the ladder to the Southern Section.

Third Division Changes

Other changes have been made in the complexion of the Third Division on account of the resignation of Wigan borough from the Northern Section. The Lancashire team's place is taken by Mansfield Town, transferred from the Southern Section, the quota of which is filled by the inclusion of Aldershot, well known on account of its good record in the English Cup competition in recent years.

The league champions, Everton, are relying on last year's players who started football fandom with their goal-scoring feats. Newcastle United is optimistic of following up last year's cup triumph. The cupholders have a young, virile side, whose experience last season should stand them in good stead, and the opinion is freely expressed that they will form one of the leading clubs of the forthcoming season.

Weakness Is Remedied

Huddersfield's chief weakness, lack of pulich near goal, has been remedied by the acquisition of Hine, Leicester's international forward, and the team is expected to make a bold bid for the championship.

West Bromwich Albion present another threat, the club being fortunate in having the same team at its disposal as last year.

It is expected that London clubs, with the acquisition of many new players, will offer stern challenge for the supremacy hitherto enjoyed by the Midlands and the North. Arsenal, last year's runners-up for both the league championship and the cup, is continuing its spending policy, and has made elaborate preparations for the season. Turf has been relaid, and new grandstand extensions have been made to the ground, which is capable of accommodating 80,000. All the younger players of the team have shown promising form in practice, notably R. Stockhill, who has been allotted the task of leading London's wonder team at centre-forward.

PAGING CARPENTIER

Joe Beckett, the former heavyweight champion, has offered to train Reggie Meen of Desborough, who lost the British heavyweight title to Jack Peterson of Cardiff, in a recent fight which ended in the second round.

"I can put Meen back into the limelight in two months (Beckett says) if only he place himself in my hands."

Meen is going to Southampton to have a chat with Beckett.

Why not call in Carpenter?

SPORTS Day by Day
Baseball — Softball — Lacrosse
Boxing — Wrestling — Aquatic
(BY C. J. P.)

All roads lead to the Brock this evening at nine bells when the big rasslin' performance starts. And "the main eeevent of the eeevening, ladieez and gentulmen" is a promising one between Dr. Ralph Wilson, Philadelphia's flying surgeon, and the volcanic Italian heavy, Nazzarino Poggi. This with the Hart-McIvor opener and the Hewitt-Berger semi-final bids fair to make up the best grappling show we've had yet.

• • • • • •

Lots doing tomorrow. At 2.30 at Stevenson Park, the first bantam O.B.A.A. playdown game takes place between the local Kiwanis and McMurrich's of Toronto, and a host of followers of the team, Kiwanians, friends of the kids, and just good baseball fans, should be on hand to lend vocal and financial support as the young fellows start their fight for a provincial title. They brought one here two years ago and may repeat.

• • • • • •

At the same time, the Pirate Juniors will be facing Toronto McCormicks at Willowdale Park, Toronto, in the first game of their playdown series, and we're hoping they bring home the bacon. The return games will, in all probability, be staged in opposite parks the following Saturday.

• • • • • •

Sugar Bowl and the Oshawa Dodgers meet at 6.30 at Central Saturday evening in their first game, with the second one billed for the Oshawa Stadium this Monday evening at the same hour. "Lefty" Sturgeon will likely hurl for the Bowlmen who look as if they might go considerably further this year than last.

• • • • • •

And while we're announcing playoff games—and say, aren't there a flock of them all of a sudden?—we mustn't forget the big lacrosse contest billed for the Brock Monday eve. The Oakwood Grads are here for their first O.A.L.A. fixture with the Petes, the return one to be held in the Maple Leaf Gardens, Toronto. The go here ought to be plenty good, and a big turnout of district fans is expected.

• • • • • •

If the weather is right to-night, plenty of folks will take in that sudden-death girls' softball game at the Bowl. Keene and Sixth Line meet at 6.30 to settle second place in the second half of the schedule. It's play-off season for the damsels now, and things will be happening from now on.

• • • • • • •

Monday and Wednesday of next week at 6.30 at the Bowl, Westclox and Keene, finalists in the first half, play off to declare a winner to meet the second-half finalist. It's a two-out-of-three series, the third game, if necessary, likely being held on Friday. And perhaps—though this hasn't been settled yet—the two finalists for the second half, Maple Leafs and either Keene or Sixth Line, will play their three-game series on Tuesday, Thursday, and Saturday. The following week, the big five-game series for the championship will commence. More about this later.

• • • • • • •

An indoor fall softball loop was organized last night, to consist of four, or maybe six, real strong teams playing double-headers twice a week at the Brock. They will commence within two weeks and play about two months. No entries will be received after next Tuesday, President Dave Leather or Secretary Fred Scales taking them until then. Games will cost a dime and a nickel—all going to charity. Teams in now are: Sugar Bowl, Red and Whites, and Daily Stars. A cup has been put up by Dave Cowan, of the United Cigar Store.

• • • • • • •

The Lindsay sports scribe waxes a bit bitter over our account of that softball game in Lindsay a few days back, saying our story "makes Sugar Bowl's win sound like a major encounter." We'll rise to the bait by retorting that any play-off game that sends a team to the cleaner's for the year is something in the nature of a major encounter—for that team. Sort of a major operation, having their O.A.S.A. aspirations cut out.

• • • • • • •

However, he is more generous to Bill Simmons, saying the 68-year-old veteran is a real sport and a fine twirler. Quite a few years ago, Bill came to Peterborough and stayed for a time at the Calladines, where, we are informed, he played around with the boys, who was about a year and a half old. The baby's name was Pat, and to-day he's catching for Simmons as the Sugar Bowl enters the second round of the O.A.S.A. playdowns. Bill is still going strong.

• • • • • • •

Those battling Belleville Nationals are very much in the fight for C. O. B. L. honors, beating the Pontes in Kingston yesterday, 11 to 6, to tie up the series with two wins apiece. They play the deciding game to-night in the Limestone City, the winner to meet the Toronto champs. Shaky pitching by Fournier and Morrow, with good hitting by Belleville, including Weir's homer, gave the Gerowmen another life.

• • • • • •

Any team that has Peeney Mills behind the bat is a tough one to lick. There's no doubt in our minds but that Kingston is a better team, but they haven't got a better player or fighter on their line-up than Mills. He has been riding roughshod over Belleville teams to drive them to victories for more years than he will admit. A grand ball player and battler.

MAT ARTISTS IN CITY FOR FRIDAY CARD

Dr. Ralph Wilson Not Seriously Hurt in Thursday's Match at Toronto.

BERGER IN TOP FORM.

Preliminary

"Buck McIvor, St. Catharines, vs. Frankie Hart, Holland. One fall, thirty minutes time limit.

Semi-final

Casey Berger, San Francisco, vs. "Whitey" Hewitt, Memphis, Tennessee. One fall, 45 minutes time limit.

Main Bout

Doctor Ralph Wilson, Philadelphia, vs. Nazzarino Poggi, Italy. Best two out of three falls. Two hours time limit.

Featured by a match comparable with best held in Maple Leaf Gardens, Toronto, an all-star wrestling program, promising to set a new attendance record will provide the attraction of the Queensbury Club show at Brock street rink this evening. In matching Nazzarino Poggi with Doctor Ralph Wilson, Philadelphia surgeon, Promoter Jack Corcoran has given local fans a match considerably beyond expectations. When Dick Shikat appeared here it was not against strong opposition but Wilson, a famous wrestler, is in against a man whom he will have considerable difficulty in beating. It is superfluous to tell local mat enthusiasts that Poggi is a splendid all-round wrestler who can hold his own against most of the heavyweights. He has proved that in four previous bouts in the local ring.

Realizing that by beating Wilson he will place himself in line for main events in Toronto, Boston, New York and other cities where wrestling receipts run in the neighborhood of ten thousand dollars, Poggi is ready to turn in one of the greatest efforts of his entire career. As to Wilson, he is in perfect condition, having wrestled two and three times a week since leaving the University of Pennsylvania Graduates' Hospital last June. It is his hope to win the world's championship, amass a fortune and then go to Vienna to continue his studies in surgery.

Casey Berger of San Francisco, fresh from a great match at Los Angeles against Jim Londos, will make his local debut in the semi-final against "Whitey" Hewitt, the rough and ready Tiger Man from Memphis, Tennessee, and it should be a great battle. Like Wilson, Berger is exceptionally fast and is proficient at the use of the flying tackle.

The opening bout will be between the always-popular Frankie Hart and "Buck" McIvor, up and coming young Canadian from St. Catharines.

TORONTO BOWLERS WIN AT BELLEVILLE

Rinks 13, 14 and 16 Compete in Provincial Lawn Bowling Competition.

BELLEVILLE, Ont., Aug. 26—Rinks, doubles and singles, from district 13, 14 and 16 convened at Belleville yesterday to compete in the lawn bowling competition for the right to enter the final Provincial contest to be held in Toronto on Sept. 14. St. Matthew's, Toronto winners of district 13, Stouffville, winners of district 14, and Highland Park, Westboro' winners of district 16, were the rinks entered. Only two double rinks were on hand, they being W. B. Gunton and Dr. E. G. Wheeler of Balmy Beach Club, Toronto, and J. M. Reesor and J. C. Burns of Markham. In the singles, H. G. Salisbury of St. Matthew's Club, Toronto, and William Pringle of Whitby were the only two entered. The greens were in excellent condition, while a large gallery followed the play.

W. L. Hogarth of St. Matthews, defeated F. L. Button, Stouffville, in the first draw and then played J. M. Roey of Highland Park Club, Westboro', and won 24-12, which gave him the championship of this district. Gunton and Wheeler had an easy time disposing of Reesor and Burns by a score of 26-9, the losers quitting on the nineteenth end. Mr. Salisbury was not even extended in winning from Pringle by a 22-4 score, this game finishing on the sixteenth end.

The scores were:

First draw—

St. Matthew's	Stouffville
D. M. Eaton	C. Armstrong
W. J. Hutchinson	E. Still
W. C. Mack	H. Armstrong
W. L. Hogarth Sk.	F. L. Button

BOWLING NOTES

AT NORWOOD.

MIXED BOWLING TOURNAMENT

NORWOOD, August 26 (Examiner Correspondence). — The Norwood lawn bowling green was the scene of an interesting mixed tournament on Wednesday afternoon, when rinks from Kingston, Campbellford, Peterborough, Cobourg, Stirling, Tweed, Port Hope, and Norwood took part in the sport. The weather was ideal and the greens were in perfect condition. There were twenty rinks entered — one from Port Hope with T. W. Stanley skip; one from Kingston with J. Topping skip; five from Cobourg, with Messrs. Edward Martin, L. Wilson, William Delany, E. A. Hiscock and George Mitchell skips; two from Stirling, with Messrs. William Whittey and E. Munro skips; two from Peterborough, with Messrs. Robert Hendry and J. McNabb skips; two from Tweed, with Messrs. Fred Hindle and W. Beatty skips; six from Norwood, with Messrs. D. B. Cubellis, N. Wellman, F. Kempt, C. Menaud, Dr. Carleton, and E. McDonald skips.

The first prize went to a Peterborough rink, Mrs. R. Hendry, Mr. Tremaine, Mr. Zehr, and Mr. R. Hendry, skip. The prizes were percolators for the ladies and trays for the men.

The second prize was taken by a Kingston rink, with Mr. and Mrs. Heagle, Mrs. Topping, and Mr. J. Topping, skip. The prizes were purses for the ladies and electric lamps for the men.

The third prize went to a Tweed rink, with Miss Frost, Mr. and Mrs. Beatty, and Mr. Holbert, skip. The prizes were tables for the ladies and electric lamps for the men.

Norwood came up fourth prize, which went to Mrs. N. Wellman, Mr. and Mrs. A. Kempt, and Mr. N. Wellman. The prizes were four leather bowl bags.

Steam from wells 800 feet deep will soon be running powerful electric dynamos in Italy.

SPORT TAPIS

FRIDAY, AUGUST 26

Girls' Softball

Keene vs. Sixth Line at 6.30 in the Bowl.

ALBANY, N.Y.—Joe Malcewicz, 200, Utica, N.S., drew with George Zaznoff 203, Ukraine, 45.

WASHINGTON—Ray Steele 216, Glendale, Calif., threw Fred Grobmeier, Harlem, Ia., 41.

Practices

INTERMEDIATE CLUB

The intermediate lacrosse club will hold an outdoor practice on Saturday afternoon at 3 o'clock on Brinton athletic grounds.

FIGHTS LAST NIGHT

NEW YORK—Lew Feldman, New York, outpointed Tommy Paul, world featherweight champion (10); nonentity; Harry Wallach, Brooklyn, outpointed Lope Tenorio, Phillippines (10); Jack (Kid) Berg, New York, outpointed Vince Hembright, Cincinnati (10); Al Dumber, New York, outpointed Johnny Dundee, New York (10).

PITTSBURGH—Frankie Goudy, Cleveland, knocked out Jack Wilson, Pittsburgh (8); Jackie Wilson, Pittsburgh, outpointed Joey Bonk, Chicago (8).

BURGESS BEDTIME STORIES

SAMMY JAY VISITS POLLY CHUCK

(By Thornton W. Burgess)

Sammy Jay was so disgusted with Johnny Chuck for insisting that he was Johnny Chuck that he could stand it no longer and decided to settle the matter once and for all. He would fly down to the far corner of the Old Orchard where Johnny and Polly Chuck had lived so long and tell Johnny about this fellow who had built a new house in the corner of the old stone wall by the dusty road, and who insisted that he was Johnny Chuck.

So with a final scream Sammy headed for the far corner of the Old Orchard, leaving Johnny Chuck chattering angrily and still insisting that he was himself. When Sammy reached the far corner he flew straight to the old apple tree between the roots of which was the house of Johnny Chuck. No one was to be seen. Sammy looked this way

Lines for 1 column Cut Cut Cut
"What else should I mean?" demanded Polly rather sharply

and that way, but could see nothing of either Johnny or Polly Chuck.

"Must be that both of them are down in their house," muttered Sammy rather impatiently. "That means I will have to wait until one of them comes up. Usually at this hour both are in the nearest sweet clover patch. I hope that when I tell Johnny about that fellow over by the dusty road Johnny will go straight over there and teach him a lesson. The idea, the very idea that he should try to tell me that he is Johnny Chuck! He might just as well try to tell me that I am not myself. I hope I won't have to wait long for Johnny to appear."

He didn't have to wait long for some one to appear, but it wasn't Johnny It was Polly Chuck. "Hello, Polly!" exclaimed Sammy as Polly poked her head out. "Where is Johnny?"

"Don't ask me," replied Polly, coming out for a sun bath on her doorstep. "I don't know where he is and don't want to know. When he gets ready he can come back, but if he thinks I am going to chase after him he is the most mistaken Chuck who ever dusted a pair of black heels."

"Do you mean that Johnny isn't at home?" asked Sammy when he had recovered a little from his surprise.

"What else should I mean?" demanded Polly rather sharply, for she wasn't in the best of tempers. "He left home two days ago, and I haven't seen him since. I'm not in any hurry to see him either, unless he has got more sense in his silly head than he had when he left home. You may tell him that if you happen to run across him anywhere."

Sammy Jay was speechless. For once in his life he couldn't find his tongue. You see it had come over him now what a great mistake he had made. He knew now that it was Johnny Chuck and not a stranger at all who had dug that new house in the corner of the old stone wall up by the duty road on the other side of the Old Orchard. Never, never in all his life had Sammy Jay felt quite so foolish as he did now as he recalled how he had tried to tell Johnny Chuck that he was not Johnny Chuck at all. He understood without being told that Johnny and Polly must have had a falling out, and that Johnny had gone off alone and dug a new house.

And suddenly Sammy lost his temper again. It made him angry to think that he had been made to appear so foolish. And in this he was foolish still again, for it had been no one's fault but his own that he had been so fooled. Once more he spread his blue wings. He was going back to give Johnny Chuck a piece of his mind.

What To-Day Means To You

"VIRGO."

If August 26th is your birthday, the best hours for you on this date are from 9 a.m. to 10.15 a.m., from 1 p.m. to 2.40 p.m., and from 8 p.m. to 10 p.m. The danger periods are from 11.30 a.m. to 12.35 p.m., and from 6 p.m. to 7.20 p.m.

A "don't care" spirit will be engendered by Planetary conditions on August 26th. It would be well to remember that life is like a game of ball, it is the slips that catch us out, and try not to abandon all caution and care. Not a fortunate period for new businesses which should receive every attention.

The child born on this August 26th will have two separate natures to present to the world. The one is charming and admirable; the other is moody and discourteous. It will have a good intellect, but may never make constructive use of it. Its physical requirements and upbuilding should not be neglected.

You must fight against being taken in by appearances, if born August 26th—it is not the shorts that make the long distance runner. You need to increase your ability to judge human nature, rightly; it will help you in all capacities of life, and prevent you from getting "crushes" on the wrong sort of people. Your mercurial disposition makes it difficult for you to ring true. Your enthusiasms of to-day may be your aversions of to-morrow. There are times when you get bored with yourself and your nearest associates, and it would be difficult for anyone to place themselves in harmony with your adverse mood.

You will usually have many things in hand at the same time. "Between two stools," you will often come to the ground, but will eventually achieve no inferior position in life. Disappointment and tardiness in love affairs is shown. Two marriages, or one legal wife or husband, and a second attachment, are indicated. You are a persuasive talker when you are interested, and at other times you are painfully 'dumb.' You are very confiding where you give your affection or trust, and it is always necessary for you to have some sympathetic ear to which you can run with your secret thoughts.

Hastings

Mr. A. Campbell, of Toronto, was a guest at the home of Mr. and Mrs. R. Johnson on Sunday.

Miss V. Turner, of Ida, is a guest at the home of Mr. and Mrs. W. A. Lavoie.

Rev. H. F. Battersby is spending a few days with friends in Haliburton district.

Mr. William Smith, assistant at the local C.N.R. Station, has moved to the Jones Apartment, over Smith's, confectioner.

Miss E. Brooks, of Trent River, was a guest at the home of her father, Mr. and Mrs. A. Brooks.

A number of local sports took in the ball game in Deloro on Wednesday afternoon.

Lakefield

Mr. and Mrs. Kenneth S. Madill, of Windsor, were in the village last week.

Miss Elva Hendrel, of Toronto, was a week-end visitor in the village.

Mr. H. G. Simpson has returned from a week's outing at Long Lake.

Miss Edna Payne, of Warsaw, spent the past week with Mr. and Mrs. J. H. Payne.

Mr. and Mrs. Trude Waldon, of Detroit, are visiting friends in the village.

Captain and Mrs. William Scollard and Miss Mary, of Young's Point, were in the village on Wednesday.

Misses Thelma and Vivian Hendren have returned from a month's holiday in Toronto and Clarkson.

Mr. T. H. Adams, of Peterborough, was in the village on Tuesday.

Mr. Langton of Clarkson was the guest of Mr. and Mrs. A. Hendren for the week-end.

Mr. and Mrs. Roy Hendren and daughter Frances, of Toronto, were week-end guests of Mr. and Mrs. A. Hendren.

Mr. and Mrs. P. Cullen and children, of Toronto, were in the village on Sunday calling on friends.

Miss Thelma Hendren is visiting friends in Niagara Falls and Welland.

Mr. Elmer Darke, of Lindsay, was a week-end visitor to Mr. and Mrs. A. Hendren.

Mr. Abel Hendren landed a 20-pound lunge on Monday of this week. The fish measured 42 inches in length and 14 inches in girth. The fishing has been excellent this year

Ennismore

Miss Mary Crough of Peterborough spent last Sunday with friends here.

Miss Harriet Matthews of Toronto spent a few days recently visiting Mrs. Frank Cavanagh.

Mrs. Frank Malone of Windsor is visiting friends here.

Miss Marie Flood of Toronto spent a few days last week with her sister, Mrs. James Harrington.

Mr. and Mrs. Frank Scollard of Douro were guests at the Young-Murphy wedding on last Wednesday.

Miss Mary Holmes has returned to Detroit after spending a few holidays with Mr. and Mrs. Thomas Cavanagh.

Mr. and Mrs. Dan Shannon and Miss Eleanore Shannon have returned to Buffalo after visiting the former's parents, Mr. and Mrs. John Shannon.

Mr. and Mrs. Percy Killen of Toronto are spending a few weeks' holidays with friends here.

Mr. and Mrs. J. J. O'Donoghue and family of Toronto spent last Sunday with the latter's mother, Mrs. M. Cadigan.

Mr. and Mrs. James Carroll and Mr. Frank Carroll of Young's Point visited Mr and Mrs. W. D. Cavanagh on Friday evening.

Mr. and Mrs. Joseph Guiry of Downeyville were guests at the Young-Murphy wedding on last Wednesday.

Mr. Simon and Miss Zita Twomey of Detroit are visiting their brother, Mr. Michael Twomey.

Mr. and Mrs. Henry Murphy and family left for their home in Humbolt, Saskatchewan, on Saturday after spending a seven weeks' vacation with friends here.

Mrs. Margaret Murphy, Miss Agnes Murphy and Mr. Stephen Murphy of Peterborough, Mr. and Mrs. M. Ross of Otonabee, Mr. and Mrs. Thomas Murphy of Detroit, Mr. and Mrs. Fergus Murray and Mr. D. Garvey of Downeyville, Mr. Herb Cadigan of Detroit were guests at the Young-Murphy wedding on last Wednesday.

The many friends of Mrs. W. D. Cavanagh will be pleased to learn that she is home from St. Joseph's Hospital, Peterborough, and is recovering favorably.

Mr. Frank Maloney of Peterborough spent last Sunday with his father Mr. Eugene Moloney.

Mr. Leo Morrissey of Otonabee visited his parents, Mr. and Mrs. James Morrissey on last Sunday.

Miss Helen Moloney has returned home after spending a few holidays with Miss Margaret Moloney of Peterborough.

Miss Violet Harrington of Peterborough spent the week end with friends here.

Mr. and Mrs. Frank O'Donoghue and family of Peterborough visited friends here on last Sunday.

Miss Leona Cadigan of Toronto was the guest of friends here for a few days last week.

Miss Anna Scollard of New York is holidaying with her parents, Mr. and Mrs. William Scollard.

Warsaw

Rev. J. W. and Mrs. Wilkinson and family returned from their vacation at their cottage by Eagle Lake on Friday.

Miss Wilkinson is visiting at the United Church parsonage, as is also Mr. McFarlane, an old friend.

Mr. and Mrs. O. B. McIlvena spent the week-end at Trent River.

Mr. and Mrs. Percy Cullen and children, Toronto, and Mr. Stuart Cullen, Smith, were guests of Miss Margaret and Mr. W. J. Miller on Sunday.

Rev. Mr. McLeod, a former pastor of the Baptist Church in Warsaw and Indian River, came to the village visiting old friends on Monday.

Mrs. J. A. Crowe received a sudden call early Monday morning to go to her aunt, Mrs. Booth, in Peterborough, who is very ill.

Mr. Henry Moore is very ill in Nicholls Hospital.

Master Roy Crowe is able to walk around.

Mrs. Weller, Sr., is a guest of her son, Mr. George Weller, and Mrs. Weller.

Miss Coleman and Miss Helen Lloyd returned to Toronto on Thursday. Miss Lloyd will enter the Western Hospital.

Mr. and Mrs. Campbell (formerly Bessie Lonsdale) and daughter spent a couple of days with Mr. and Mrs. Arthur Payne on their return from spending a vacation at Trent River.

Mrs. Charles Foster, with her children and nieces, Misses Marion and Irene Payne, are spending a few weeks in Joe Crowe's cottage, near the Back Dam.

F. Lakey of Plymouth, England, has just effected his fifty-first rescue from drowning.

ANNOUNCING
THE WINNERS OF
PHILCO
Word Building Contest

FIRST PRIZE—G. W. Heinbuch, 71 Chelsea Avenue, Toronto—Philco 112X.

SECOND PRIZE—Franklin S. Tweedley, 69 Cline Crescent, Westdale, Hamilton—Philco Transitone Automobile Radio.

THIRD PRIZE—C. O'Neil, 33 Phelps Street, St. Catharines, Ont.—Philco Colonial Clock.

FOURTH PRIZE—Harry W. Brown, 156 Benton Street, Kitchener, Ont.—Travelling Bag.

FIFTH PRIZE—Mona Blakeley, 158 West 2nd Street, Mount Hamilton, 17-Jewel Gold Wrist Watch.

We wish to thank every one of the many thousands who entered this contest and to congratulate the lucky winners of the five major prizes. Many contestants, whose attempts were praiseworthy in the extreme, failed to follow the rule to use only common English words and for this reason failed to qualify for one of the major awards.

INDOOR LOOP FOR SOFTBALL IS ORGANIZED

League Will Operate Two Nights a Week at Brock Street Rink.

FOUR OR MORE TEAMS

An indoor autumn softball league was organized at a meeting held in the Belmont Club last night. It will consist of four or, possibly six strong teams playing two nights a week at the Brock, double-headers being staged each night. Three teams, Sugar Bowl, Daily Stars and Red and White Stores, entered last evening. Further entries must be sent to Dave Leether no later than Tuesday of next week.

Leether was elected president of the new loop, with Fred Scates being named secretary. The executive will consist of these officers and the managers of the teams entered. A silver trophy has been offered for competition by Dave Cowan.

It was suggested that the league begin operating the week after next and run approximately two months, first and second teams playing off then. The first game each evening will commence at 7.45, with the second one beginning at 9.15. The proceeds from the gate being turned over to charity. Lucky ticket prizes were suggested and the plan considered feasible.

The schedule will be drawn up next week, as soon as the entries have been accepted. Further discussion on various matters pertaining to the new organization took place, and then the meeting was adjourned.

Major League Leaders

(Including yesterday's games)

NATIONAL LEAGUE

Batting—O'Doul, Dodgers .369; Hurst, Phillies .355.

Runs—Klein, Phillies 136; O'Doul Dodgers 101.

PLAY-OFF FIXTURE WILL BE REPLAYED

Umpire's Error in Ninth Gave Orioles Verdict Over Nationals.

The Nationals and Orioles will replay their fourth playoff game tonight. Both teams agreed to this procedure when it was found that the umpire had erred in his decision in the ninth innings which ended the game in the Orioles favor 21 to 20.

The series to date stands in the Nats favour with two wins and one loss, which means that the Orioles must win tonight's encounter in order to make the fifth game necessary. If the Orioles come through tonight the final game will be played on Monday. There is little to choose between these two teams as the play-off scores will show and a large crowd should be on hand to see this tussle at 6:30 in the Exhibition grounds tonight.

Soccer Notes

On Saturday the Canadian General travel to Deloro to play the Smelters in a league game. All players please be on time so that arrangements can be made for transportation.

The manager of the Canada Packers' team requests all the Canada Packers' team requests all the signed players to be at the plant no later than one o'clock on Saturday afternoon. They travel to Port Hope in search of league points, and they sure will get a rousing welcome from the Gordon Cup holders.

Next Wednesday evening the Old Timers will play the Canadians — players who have learned the game in the city, and are Canadian-born. The proceeds will be handed over to the St. John's Ambulance Association.

Lindsay soccer team will be the guests of the Caledonians on Saturday afternoon. Kick-off at three o'clock on King Edward Park. Referee Alexander McKinley. Perhaps the visitors may be in the local Soccer League next year.

Here is Bill Downer's Canadian team: L. Melrose, gial; D. Grant and A. Downer, backs; R. Creighton, S. Clark, and Donald Emery, halves; N. Downer, E. Jones, H. Darling, and George Downer, forwards; subs., Joe Mayette, A. Downer, Johnny Ward, Frank Dyer, and a host of others.

The Old-Timers will place the following team on the field; Sam Calladine, goal; Jack Crid'and and Jack Chambers, backs; H. Burrows, H. Mann, and A. Roberts, halves; J. Young, Wag Hotson, F. Dyer, Sr., J. Hodgson, and T. Bartley, forwards; subs., H. Turner, M Dunkley, E. G. Hardie, and Pete Hutton.

EXHIBITION SOFTBALL FIXTURE ON SATURDAY

An exhibition girls' softball game will be held at the Ashburnham Bown at 2.30 o'clock to-morrow afternoon between an Omemee girls' team and the Brintons. Both teams will be at full strength, and a good contest should result.

Practices

The Brinton Lacrosse Club will practice on Monday evening from six to seven, and not at 6.30, because of the intermediate game. Every player is ordered to be present for this hou's workout.

AUSTRALIANS WIN FROM HOLLYWOOD CRICKETERS

LOS ANGELES, Aug. 26 (C.P.)—Australia's world champion cricket team defeated the Hollywood cricket club yesterday, 209 for five wickets to nine for 17 wickets.

The Hollywood squad includes former British players now in the movies in Hollywood.

Don Bradman of the Australian team failed to get a century being retired after scoring 43 runs. Stan McCabe, who bowled brilliantly for the visitors, accounted for 66 runs, two more than did Allan Pippax.

TARZAN, LORD OF THE JUNGLE. NO. 87

By Edgar Rice Burroughs
(Metropolitan Newspaper Feature Service, Inc.)

For hours Jimmy Blake followed the trail of the retreating Arabs and at last came to the pass that led to the outer world beyond the Valley of the Sepulcher. Here, all about him, though he could not guess it, lay concealed the men-at-arms of King Bohun who had been watching his slow ascent of the pass trail. Spent by his exertions, wanting food and rest, Blake was helpless to resist when a doden armed men sprang forth.

And so Sir James of Nimmr was seized and brought before King Bohun. When he was questioned and Bohun found that he was the same black knight that had thwarted his plan to abduct the Princess Guinalda, the King could scarce contain himself. Blake was speedily placed in chains and hurled into a dungeon to await his fate. His guards departed, chaining him to a damp, stone wall beside two emaciated wretches.

Upon the plain near Nimmr, Tarzan of the Apes, had overtaken his section of the Arabs and found the girl was not with them. Turning back, the Ape-Man spent the night in a high-flung tree crotch where there was little likelihood of the heavy leopards of Nimmr disturbing his slumbers. Early next morning he set out upon Ibn Jad's trail. When he overtook the Arabs he saw no evidence of the Princess. Stimbol, too, was missing.

Moving silently through the trees paralleling their course, Tarzan followed the Arabs. He knew the Sheik thought him dead. Indeed, Ibn Jad was now confident that he and his loot were safely out of danger. Five men carried the heavy bags of jewels and gold. Of a sudden, with only the swish of its flight through the air as warning, an arrow passed through the neck of the Beduin who trudged beside the Sheik.

TAG DAY, CANADIAN LEGION

Saturday, August 27th, 1932.

We kindly appeal to the public of Peterborough to spare a mite for our Tag Day. It is a constant struggle for our Branch to carry on our important work regarding relief and other matters concerning the returned soldiers' problems, especially during the depression. We have had so many returned men unemployed and such a great demand on our resources for relief that it has been a heavy strain on our finances, therefore limiting the extent of our activities and the demands for our service increasing daily, particularly this year owing to the large amount of distress among returned soldiers and their families caused by unemployment, and earnestly hope we can rely upon the generosity of the citizens to help us on Saturday, August 27th, 1932 by purchasing a tag.

We expect to pass through life but once. If there is any kindness or any good thing we can do our fellow beings, let us do it now, we shall not pass this way again.

Yours sincerely,
J. ABRAHAM.
Chairman Relief Committee, Branch 52, Canadian Legion.

Obituary

MRS. JOHN E. BOOTH.

The death occurred to-day of Mrs. John E. Booth at her residence, 631 Water street, following an illness of a few months' duration. She was 76 years of age.

A native of Dummer township, the deceased was formerly Sarah Edwards, a daughter of the late Mr. and Mrs. Frederick Edwards. She had resided in Peterborough for the past thirty years and was held in high regard by all who knew her. By her death is severed the last link with one of the oldest pioneer families in the county.

Predeceased by her husband she is survived by two daughters, Miss Lauretta at home and Mrs. Bert Everett of Toronto.

The funeral is to be held on Sunday at 2 p.m. from the family residence, with the Rev. J. E. J. Millyard, pastor of George Street United Church, officiating. Interment at Warsaw cemetery.

THE VITAMINS OF RIGHT LIVING

Rev. R. C. Tait of Campbellford, Refreshing and Engaging Speaker.

Providing one of the most engaging and refreshingly humorous talks of recent meetings, the Rev. Robert C. Tait past president of Campbellford Rotary Club to-day addressed the local Kiwanis Club at their noon luncheon at Empress Hotel.

The speaker was introduced to the gathering by President Harry J. Boyle and took as the subject of his talk "Vitamins." They were not the vitamins known to medical dietetic science but the vitamins of correct living.

"There are other vitamins. We do not just live to eat," said the Rev. Mr. Tait in pointing out that the four primary things by which men lived were work, play, love and worship.

One of the most important vitamins the speaker thought was the vitamin A of service. He dwelt on the joy of adventuring in service.

Other vitamins with which the speaker dealt were, Vitamin B, brightness; Vitamin C, confidence; the trust of onself and of others; Vitamin D, devotion; and Vitamin E, Enthusiasm.

With all of these qualities well balanced the speaker claimed, "we will be fully equipped as one hundred per cent Kiwanians."

The speaker was tendered a vote of thanks on motion of Kiwanian John I. Allen.

The booster for the day was Jack Pettitt who extolled the merits of his colleague Carl S. Browne of the Collegiate teaching staff, in a very thorough and able manner.

Delegates to the Kiwanis District Convention to be held at Sault Ste. Marie on September 18, 19 and 20, were chosen by ballot as follows: Harry Huffman and Herb McCannan, with Ev. Taylor as alternative, and Al. Sharpe nominated to act as District Trustee.

Weddings

TURNER—MANLEY

A very quiet but pretty wedding was solemnized on Thursday evening, August 25, at Mark Street United Church Parsonage, by the Rev. C. D. Daniel, when Eva J. Manley, daughter of Mr. and Mrs. Mark Manley, of Drummond's Station, and granddaughter of Mr. and Mrs. H. Crane, 392 Rogers street, was united in the holy bonds of matrimony to Frank E. Turner, son of Mr. and Mrs. E. E. Turner, of Lancelot, Ont.

The attendants were Mr. and Mrs. Lorne Hillis, sister and brother-in-law of the bride.

After the ceremony a sumptuous dinner was served at the bride's home. Later Mr. and Mrs. Turner left on a trip to Muskoka, and on their return they will reside in Peterborough.

HAMILTON FIREMEN BEATEN

LONDON, Ont., Aug. 26.—(CP)—Kellog's of London defeated Hamilton fire department 16-8 in an exhibition softball match here last night. Collins twirled the entire game for the victors while Hay and Wade were both on the firing line for Hamilton.

Seek Teeth In Bay To Identify Woman

SIMCOE BEACH, Ont., Aug. 26.—Draggers sought a set of false teeth in the water today, hoping that by means of the teeth they could identify a woman who was strangled to death while chewing a piece of gum.

The woman's body was found in the water here, death caused by a piece of gum lodged in her throat. It was believed her teeth became dislodged while she was swimming causng her to swallow the gum.

Prophesies His Own Death

KITCHENER, Ont., Aug. 26.—(C.P.)—Albert N. Hett, optometrist, 70, was dead here today after prophesying his own death a few hours before he was stricken by angina pectoris.

Yesterday he said he thought he was going to die before the day was over. He suffered a seizure within two hours but was revived. A second seizure during the night killed him.

The Peterborough Examiner

HOME EDITION

VOL. LXIX., No. 48 — PETERBOROUGH, ONTARIO, CANADA, SATURDAY, AUGUST 27, 1932 — PRICE THREE CENTS

BRITAIN FACING GREAT COTTON TIE-UP

NEWS IN BRIEF

SHORT ITEMS RECEIVED OVER C. P. WIRE

REDUCING TIP.

NEW YORK. — Too fat? Maybe a tip from New York's finest will help. Chief Inspector John O'Brien says policemen here, to avoid avoirdupois, are taught to stand with feet slightly toed in and hands behind the back. This posture, he says, calls the abdominal muscles into play.

WHAT WILL ANIMALS DO?

BOSTON. — The Boston Society of Natural History is watching to see what the animals and flowers will do during the total eclipse on August 31. Reports on some previous eclipses said cocks crowed, swifts flew low, and some flowers closed their petals.

WHEN LOST—DO NOTHING.

TWITCHELL LAKE, N.S. — What to do when lost in the forest? Nothing much, is Melda Fournier's answer. She got lost on a lone hike to Razorback Mountain. Calmly she made a bed of boughs and lay down to await rescue. Sure enough, she was found unharmed after a night in the woods.

LITERARY CRITIC PASSES

STROUDSBURG, Pa.—Dr. John Albert Macy, New York author and literary critic, is dead here aged 56. He died of a heart attack following a stroke suffered several days ago.

TRAGIC DEATH

MACHE, Miss.—Idle for eight months, E. C. Layton, 30, carpenter, married with two children, secured a job. An hour later he was dead, killed when ramps supporting lumber he was loading on a truck gave way.

NAILS ON LANDING FIELD

NORFOLK, Va.—There has been an epidemic of tire blowouts on aeroplanes landing and taking off here during the last few days. Investigating officials found eight pounds of roofing nails had been sprinkled over the airport grounds but they are unable to explain the reason for the act. Only skilful work by pilots has prevented serious mishaps to passenger planes.

WINNIPEG PASTOR DIES

WINNIPEG.—Rev. F. J. Price, pastor of Rosendale United Church here, died last night. He was 54 years old and was born in Woodstock, Ont., receiving his education in Victoria College, Toronto. Ordained at Moose Jaw in 1905, his first pastorate was at Tisdale, Sask., and he later served congregations at Keewatin, Ont., and at various places in Manitoba.

WRECKED PLANE HOME BY TRAIN

Solberg and Petersen Heading Back to St. John's.

CRASHED TUESDAY.

ST. JOHN'S, Nfld., Aug. 27.—(By the Canadian Press.)— Thor Solberg and Carl Petersen, their hopes of a trans-Atlantic flight to Norway crumbled in the wreckage of the big red and yellow sesquiplane which crashed in Paradise Sound Tuesday night, were on the way to St. John's to-day aboard the government steamer Argyle.

The wrecked plane, which came down as the flyers struck a storm on the way to Harbor Grace from New York, was aboard the Argyle, which was expected to arrive at Argentia to-night. From that point the craft was to be taken by rail to St. John's for shipment back to New York.

Solberg and Petersen spent Wednesday, Thursday and yesterday dismantling the big plane with the help of fishermen from Darby's Harbor, who assisted them ashore after the crash.

Darby's Harbor is a small fishing settlement on Merasheen Island in Placentia Bay.

OPEN PARTRIDGE SEASON URGED LAST OF OCTOBER

SAUT STE. MARIE, Ont., Aug. 27. (CP)—The Algoma Game, Fish and Forest Association to-day had decided to recommend to the Ontario Department of Game and Fisheries that an open season on partridge be declared during the last two weeks of October.

The Association's decision followed announcement by Hon. G. O. Challies, Minister of Game and Fisheries that an open season would be declared.

Sunken Relics of Beer Baron Days Yield Youthful Divers Fair Fortune

WINDSOR, Ont., Aug. 27.(CP)—Salvaging wealth from the bottom of the Detroit river is the present occupation of Earl Steubing and Rile Wigle of Amherstburg. Almost numberless bottles of various kinds were thrown from docks during the halcyon days of the beer barons. They are worthless there, but valued at a nickel each at breweries or distillers.

So the boys have rigged up a diving apparatus and while others sit and ponder they are literally taking money from the bottom of the river. They are getting 25 or more cases a day and the price is 60 cents a case. So the boys think that the old days have a pleasant echo.

Fell on Edging Saw in Cheese Box Plant

Colman Alldred Died in Nicholls Hospital on Arrival.

INQUEST WILL BE HELD.

Accident Unseen By Employees of Ontario Cheese Box Co.

NORWOOD, Aug. 27.—(Examiner Staff Reporter).—Badly mutilated as a result of accidentally falling against an edging saw which he was operating, Colman Alldred, age about 38 years, an employee of the Ontario Cheese Box Company here died shortly after admission to Nicholls Hospital at Peterborough yesterday afternoon.

Although it is stated no one saw the accident occur, Aldred's plight was noticed almost immediately afterwards. When extricated from the machinery he was found to have sustained severe gashes across the hips and abdomen, while three fingers of his right hand were severed. Medical aid was summoned and Dr. H. G. Carleton of this village and Dr. D. Holdcroft of Havelock who attended the man's injuries ordered his immediate removal to hospital.

The tweny-mile journey to Peterborough was made by road the first part of the journey being undertaken in a local ambulance after which the injured man was transferred to another ambulance which had been summoned from Peterborough.

Immediately upon admission to hospital Aldred was rushed to the operating theatre where he succumbed to his injuries while arrangements were being hastened by Dr. A. Moir for a blood tranfusion.

Aldred who had resided in the village for the past two years came here from Haliburton. He leaves his widow and seven children ranging in ages from seventeen years to three months.

Coroner Dr. H. G. Carleton opened the inquiry into the circumstances attending the tragedy early this afternoon.

Another accident occurred at the same factory earlier on Friday it is learned, in which Albert Armstrong received a fracture of one of the small bones in his wrist when struck by a stick of wood which flew from a saw.

The Tables Turn

PITTSBURG, Kan., Aug. 27. —This fish story comes from August Simion: At Lake Cherokee he saw a small bird alight on a willow branch overlying the water. Suddenly there was a swish, and a three-pound bass shot from the water and narrowly missed catching the bird. It wasn't the fish that got away that time.

CAR IS STOLEN FROM GARAGE

Thieves First Tried to Steal Pierce-Arrow Sedan.

LIGHTS WERE SEEN.

Car thieves performed much toil in an attempt to steal the big Pierce-Arrow sedan of Miss C. Dickson at 490 Dickson street early this morning. All their work failed in results. After they had pushed the heavy sedan out of its garage out upon the roadway, they could not get the motor started.

However, the thieves were not foiled altogether. Later, they walked over to the home of J. B. Nelson at 504 Harvey street, entered his garage, pushed out his new car and drove away.

Description of the Nelson car was phoned and telegraphed throughout the district early today by police, but up until 2 o'clock this afternoon it had not been recovered.

The Dickson garage was locked but the thieves succeeded in entering the garage and opening the doors. With much shoving they succeeded in running the car the lenth of the driveway and out upon the sidewalk.

Police learned to-day that residents about Dickson street noticed flashlights flitting about the Dickson garage about 4 o'clock this morning. They failed to advise police of their observation and the thieves proceeded with their work undisturbed.

"Anyone seeing loiterers about city homes late at night or early in the morning should telephone the police," said Chief Newhall today. "We appreciate this help and it often gives us great assistance in safeguarding property and bring about the arrest of criminals.

"Even though no results are forthcoming we are glad to receive such information," he continued. "It is our business to make investigations. The persons making the reports can do so quietly and their names will never be divulged. We desire citizens to assist us in this way."

Suicides In Garden Because Of Worries

CHESTER, N.Y., Aug. 27. (CP) Theodore F. Pevar, 52, socially prominent business man, early today shot and killed himself in the garden of his home.

Although Mrs. Pevear said she could not explain the act, Coroner David H. Atwater, a long time friend of Pevear, in issuing a certificate of death by suicide said he believed financial trouble was the reason.

Pevear was born in Lynn, Mass., coming here 22 years ago from Providence. He was connected with several retail and wholesale clothing concerns and for a year managed the Sagamore Hotel here.

New automatic radio apparatus invented in Germany will continue to send out distress signals even after a lifeboat has been swamped.

TRUCK UPSETS FOUR MEN DIE, SCORE INJURED

Machine Slides Down Bank Passing Car on Narrow Road.

GANG ON WAY TO WORK.

Injured Rushed to Hospital—Six Are in Serious Condition.

PITTSBURGH, Aug. 27.— Four men were killed and a score injured to-day as the truck in which they were being taken to work toppled over an embankment near Frankfort Springs, Pa.

The dead were taken to a morgue at Hockstown. Some of the injured were treated by physicians who hurried to the scene. Others were removed to a hospital at East Liverpool, Ohio.

The men were riding on a McCrady-Rogers Sand Company truck. They were on their way to a highway improvement to start the day's work.

Slid Down Bank.

The truck pulled to one side of the road to allow another car to pass. The road was narow and the heavy truck slipped down an embankment of soft earth and overturned.

The dead: Mike Boswick, of Aliquippa; William Talbot, negro, of Rankin, Pa., and Otis Tucker, negro, of Rankin.

Of the injured, six were hurt seriously.

MAN PICTURED AS WEAKER SEX

Claim Males Suffer Constitutional Inferiority—High Death Rate in Infancy.

NEW FACTORS REVEALED.

ITHACA, N. Y., Aug. 27.— Man instead of woman, was pictured as the real "weaker sex" before the International Congress of Genetics today.

The male sex, said Dr. S. J. Holmes of the University of California, apparently suffers from a constitutional inferiority which causes a higher death rate among males than among females in infancy and before birth.

This rule applies to many species of animals as well as humans, Dr. Holmes reported and seems to result from a difference in heredity of males and females.

In many other species of animals (besides man) the life of males is relatively short, he said. The factors involved are, in most cases, associated with a different hereditary constitution of males. While there may be several factors involved in the enhanced mortality (higher death rate) of the male sex in human beings, a survey of the general field of sex mortality and a study of the effects of various causes of death, especially in infancy, points to the constitutional inferiority of the male sex as the major factor.

LIEUT. ATCHERLY TO VISIT C.N.E.

Famous Speed Ace and Stunt Artist Accepts Director's Invitation.

DATE UNCERTAIN.

TORONTO, Aug. 27. — (C.P.) — Flight Lieut. R. L. R. Atcherly, member of the British Schneider Cup team in 1929, will visit the Canadian National Exhibition at Toronto, it was announced by Exhibition authorities to-day.

Flight Lieut. Atcherly has accepted the invitation forwarded to him, but has not yet set a date for his visit to Toronto. He is expected to address Exhibition directors at a luncheon in his honor.

Atcherly, who is en route to the Cleveland, O., air races, astounded veteran pilots by his "crazy" flying last year. He has held two world speed records, flying a seaplane over a 50 and 100 kilometre course at 332.49 and 331.75 miles per hour respectively in 1929. At present the world's record is 407.5.

The airplane in which the record was set is at present on exhibition in Toronto. There is no intention, however, of asking Flight Lieut. Atcherly to take up the speedy ship.

CAPITAL LEVY UPON WEALTHY

German Proposal to Avoid Inflation Rumored in Berlin.

3 PER CENT TAX.

BERLIN, Aug. 27.—(AP)—Bankers were concerned today with rumors the government, in co-operation with the Reichsbank, intends to expand credits for carrying out its proposed economic program by imposing a three per cent. capital levy, thus escaping inflation and avoiding possible departure from the gold standard.

Briefly the reported plan is this: All persons possessing fortunes above a certain stipulated amount must surrender three per cent. as a patriotic duty. The yield on paper is expected to be about two billion marks. ($500,000,000).

Since thousands of Germans possess only frozen assets, the government will not insist on cash payment but will accept instead promissory notes which the Reichsbank is ready to discount on the ground that the government stands behind them as guarantor.

With the ready cash thus obtained, the government would be able to carry out its vast program of creating work.

Japanese Unemployed Demand Rice

THE BREADLINE IN JAPAN.

A procession of the unemployed carrying signs demanding free rice comes to a halt for a rest in the streets of Tokio, Japan.

BONUS ARMY DISCHARGE PAPERS PRODUCED IN RED DIPLOMA MILL

U. S. Army Official States Real Veterans Went Home After Congress Adjourned.

BOGUS PLANT FOUND.

NEW YORK, Aug. 27.—F. Trubee Davison, assistant secretary of war and Republican gubnatorial aspirant, charged before the New York State convention of the American Legion in Brooklyn today that the discharge paper presented by a large percentage of bonus army members in Washington were produced by Communist-owned diploma mills.

Nearly all of the real veterans went home after Congress adjourned, he said. Less than 2,000 remained for the final curtain and dovetailed in among them was a polyglot mob of tramps and hoodlums, plus a generous sprinkling of Communist agitators from New York and Philadelphia.

The army secret service only last week discovered the source of the flood of discharge certificates that flooded Washington during the bonus army occupation. That source was a printing press which was located in a large eastern city and it was surrounded by rich evidence that it had been used for printing fake credentials for synthetic service men.

BARN GUTTED IN MIDNIGHT BLAZE

Good Work By Lakefield Fire Brigade Fails to Check Flames.

LOSS PARTLY COVERED.

LAKEFIELD, August 27 (Examiner Correspondent).—Fire early this morning caused the complete destruction of a barn on Clementi Street, the property of Frank Hill.

Believed to have been caused by spontaneous combustion, the outbreak was not discovered until it had gained good headway. An alarm was received by the village fire department at 12.45 a.m., and seven minutes later the brigade, under Chief A. H. Clark, had a stream of water playing on the flames, despite the fact that water had to be pumped for a considerable distance.

The loss of the barn and its contents, including a large quantity of hay, is stated to be heavy and only partially covered by insurance. The blaze, which was at first rumored to have occurred in the bottle-capping factory near by, attracted a large number of spectators mainly from the dance pavilion.

$436 CIGARETTE LOOT

ST. THOMAS, Aug. 27.—Robbers broke into the warehouse of National Grocers Company, Limited, St. Catharine street, early Friday morning, and stole packages of cigarets, smoking tobacco and chocolate bars to the value of $436.

Rain Routs Rural Strikers In Iowa

COUNCIL BLUFFS, Iowa, Aug. 27.—A heavy driving, chilly rain that swept this area today sent many Iowa farm holiday association pickets scurrying home and after the rain had ceased the number of men picketing the four main highways into this city had dwindled by approximately 100.

Three hundred men were on the picket lines last night while but 12 hours previous, almost 2,000 farmers had swarmed over the highways.

Today the Holiday Association leaders facing an ultimatum of Omaha dairy heads that no negotiations looking toward a higher price for milk producers would be held until the blockade was completely lifted, were pondering the problem.

RED REPRISAL THREAT SOUNDED

Raps Britain's Acceptance of Dominion's Requests at Ottawa Parley.

SEES TRADE STRUGGLE.

MOSCOW, Aug. 27.—(AP)— The threat of Soviet economic "reprisals" against Great Britain's acceptance of Dominions' requests at the Ottawa Imperial Conference to limit importations from the Soviet, was sounded in the newspaper Economic Life today.

In the first published comment here on the outcome of the Conference, the newspaper declared:

It is evident to any one that the consequence of such limitations means a decrease in the volume of Soviet orders placed in England, which is now admittedly greatly significant in many branches of British industry.

Soviet Russia sells chiefly wheat, timber and dairy products to England and buys heavy industrial equipment. Viewing the international aspect of the Conference the newspaper said it demonstrated the deepening contradiction between Great Britain and the Dominions and the sharpening of a fight between the United States and Great Britain for world markets.

SUDBURY WOMAN FOUND DEAD NEAR FROOD MINE

SUDBURY, Ont., Aug. 27.—(CP) —The body of a woman found dead in the bush near the Frood mine was today identified as that of Mrs. Hilda Neva, of Sudbury.

Mrs. Neva left home two weeks ago after selling her household effects and telling neighbors she had contemplated a trip. There were no marks of violence on the body. An inquest has been ordered.

Brazil has destroyed more than 7,500,000 bags of surplus coffee.

Turkey's Crop Yields Nugget

SOUTHBRIDGE, Mass., Aug. 27.—Pay dirt was uncovered in the American Optical company cafeteria. Two chefs, dressing a turkey for the noon trade, found a gold nugget in the turkey's crop. It was tested in the company's laboratory and found to weigh 10 karats.

FEAR TWO FLIERS DOWN ON OCEAN

Only Hope Held For Lee and Bochkon is Rescue by Passing Ship.

FUEL MUST BE GONE.

LONDON, Aug. 27—Europe assumed to-day the trans-Atlantic plane Green Mountain Boy, long unreported out of Harbor Grace, Newfoundland, bound for Oslo, Norway, was down in the Atlantic, and the only hope was rescue by a passing ship.

A second day came without any news of Clyde Lee and John Bochkon since they took off at 5.02 a.m. (Eastern Standard Time) Thursday with 37 hours of gasoline in their plane's tanks.

The airports at Oslo and Bergen, Norway kept their lights going all through last night as did Croydon and several other fields along the fliers' route to Oslo. None of the regular fields had any hope to offer.

It was generally assumed that even if the United States pair had weathered Atlantic storms they may have encountered, they must have been compelled long since to alight with empty fuel tanks. Their deadline was exhausted long before nightfall Oslo time, last night.

SOVIET HONORS U. S. ENGINEERS

Decorations Awarded for Designing and Construction of Dnieprostroy, Power Plant.

OPENING OCTOBER 1.

MOSCOW, Aug. 27 (A.P.)—The order of the Red Star, the highest decoration of the Soviet Government, bestowed for outstanding achievements in defense of the country, has been awarded to Col. Hugh L. Cooper, head of the United States engineering firm of that name.

The award was made for designing and constructing dnieprostroy, Russia's huge power development in the southern Ukraine. Six members of Colonel Cooper's staff received the order of Lenin for outstanding achievements in socialist construction.

Simultaneously the government accepted the giant power plant, the largest of its kind yet completed in the world. The decorations will be bestowed on the site of the development Oct. 1, at the formal opening.

200,000 CALLED OUT ON STRIKE IN LANCASHIRE

Move Threatens to be Greatest Industrial Dispute in Britain Since 1926.

MANY CASES DISTRESS.

By Monday 750,000 Expected to be Idle in Cotton District —No Gov't Action.

MANCHESTER, Eng., Aug. 27 (C.P.).—At noon to-day factory whistles throughout Lancashire called 200,000 cotton workers out on a strike which threatens to become the greatest industrial dispute Great Britain has experienced since the nation-wide general strike of 1926.

How far the strike call will be obeyed by the weavers, who are the first affected, will not be known until Monday morning, when the mills re-open their doors. Only a small response to the call is expected in some districts because of temporary working agreements already operative. In other districts the stoppage will be complete.

The Tragic Aspect.

A tragic aspect of the struggle is that the negotiations for peace were wrecked, not on the main issue of wages, but the reinstatement of about 3,000 workers already on strike.

On Monday at least 750,000 or fifty times the number whose reinstatement was demanded, will be out of work. In their present mood, only the law of attrition seems likely to bring the employers and the operatives together for renewed negotiations.

Many cases of distress already were being handled to-day in Lancashire. Several organizations were distributing food parcels, but the problem of relief will be greatly augmented next week.

There was no sign that the Government would intervene at the present stage. The Cabinet held a session in London in the forenoon and the main attention was directed toward the results of the Ottawa Imperial Conference.

FINAL PROGRAM SUNDAY NIGHT

Band Concert at Victoria Park Concludes. Season.

BELL NUMBERS FEATURE.

A varied program will be given on Sunday night, commencing at 8.30, by the Rangers Band, as the last concert in the park this season, given by permission of Lieut.-Col. G. G. Winterbottom, M.C., D.C.M., and officers. Lieut. W. H. Peryer, conductor. The program is as follows:

March—"Commonwealth" (Hall).
Overture—"La Grace" (Cowers).
Waltz from the operetta, "Frau Luna" (Lincks).
Saxophone quartette—"The Golden Sunset." Musicians: F. Peryer, A. Marshall, E. Sowdon and C. Kennedy.
Humoresque — "The Lightning Switch" (arr. Alford).
Four Indian Love Lyrics—(1) "The Temple Bells," (2) "Less Than the Dust," (3) "Kashmiri Song," (4) "Till I Wake."
Vocal solo, accompanied by piano-accordian—"The Voice in the Old Village Choir" (Kahn-Woods). Musician, Alfred Podey.
Bell numbers—(a) "The Weymouth Chimes." (b) "The Chimes of Auld Lang Syne" (arr. Peryer).
Hymns—(1) "Blest be the tie that binds," (2) "Faith of our Fathers."
Regimental march of the Rangers —"Laas o' Gowrie."
God Save the King.

Star Of Gridiron Marries Secretly

TORONTO, Aug. 27. (CP)—Warren Stevens, formerly of Syracuse University and now athetic director at the University of Toronto, has fooled many an opponent on the rugby field. And again he has pulled a fast one. Recently it was announced Stevens and Miss Charlotte Ticknor of Syracuse would be married shortly.

To-day in a letter to a local newspaper, Stevens declared he was married to Miss Ticknor in New York on July 29.

Says Relief Money Lost

Appeal For Enquiry By Former Federal Agent in B. C.

ALLEGES EXTRAVAGANCE

Says Rural Recipients of Aid Were Not in Need.

VICTORIA, Aug. 27.—Direct appeal to the Lieutenant-Governor of British Columbia to investigate the charge that "over one million dollars was diverted from the destitute and given to those who were not entitled to it," has been made by M. H. McGeough, who was director of unemployment relief in this province for the Dominion Government last Winter.

Mr. McGeough states in his letter to the Lieutenant-Governor that as the expiry of the Unemployment Relief Continuance Act of 1932 on May 1, abolished his position, he is exercising his prerogative as a private citizen in forwarding a memorandum to His Honor.

In the course of his letter Mr. McGeough recounts conflicting statements from the British Columbia and Dominion Governments as to whether certain sums had been paid to the province, and he quotes the evidence of Hon. R. W. Bruhn, Minister of Public Works, before the unemployment committee of the Legislature, in which the latter said:

"Senator Robertson agreed in writing to forward $500,000 per month for provincial works, and I, as Minister of Public Works, never received the money." It is then Mr. McGeough comments, that "it must be apparent that this $500,000 was diverted before reaching the Department of Public Works, presumably by the Minister of Finance of British Columbia."

Examplesof Extravagance

As examples of extravagance, Mr. McGeough wrote:

"Items for lumber purchased through commission agents at $12.50 per thousand retailed back to the Government at from $16 to $21 per thousand.

"Heavy road-making machinery to displace labor and defeating the ends for which we were endeavoring to create employment opportunities.

"Typewriters and adding machines by the score for camps when skilled office men were on direct relief.

"Groceries purchased from selected merchants throughout the province with no check on prices.

"Small merchants receiving orders for groceries by the carload.

"Camp equipment prices were of such a character that it was impossible to accept — three second hand stoves for $709; camp cots at $6 when the regular price should be $2.50, and these purchased in Edmonton; tents purchased in Ottawa while we were trying to relive idle factories in British Columbia."

Mr. McGeough said he took the invoices to Ottawa where experts examined them and the Dominion Government refused to be a party to having unemployment funds used for them.

Prior to October 15 last, Mr. McGeough asserts, there were 16,000 men employed by the British Columbia Government in their own program of relief, "of whom only 2,000 or 3,000 were from congested districts.

"I had ample evidence that the majority of men drawn from rural districts were not in distress or great need.

"As the records show, the government spent over $3,000,000 out of a total appropriation of $3,250,000 up to the end of October, it was apparent that only a small proportion of the money reached the actually needy and destitute people in British Columbia."

Denied By Premier

VICTORIA, Aug. 27. — (CP) — Charges by M. H. McGeough, former assistant director of relief in British Columbia, that over a million dollars of unemployment relief funds had been used by the British Columbia government for other purposes, were denied by Premier S. F. Tolmie.

The government certainly does not intend to reopen the matter, nor on the other hand does it intend to allow such statements to be repeated unchallenged. Mr. McGeough's evidence before the committee is on record and his subsequent release by the Dominion government from the position he held requires no comment, Premier Tolmie concluded.

Farmers Go On Strike Against Produce Prices

FARM PICKETS HALT TRUCKS.

While settlements have been reached in some localities pickets continue to prevent the entrance of produce, live stock, and milk in parts of South Dakota and Nebraska in the "farm holiday" declared in those sections. Here are shown road pickets stopping trucks on highways and preventing their continuance to the markets.

MANITOBA UNIVERSITY SALARIES SLASHED—STUDENTS FEES' JUMP

Government Counting on Cutting Grants for Economy, Forced to Change Plan.

TRUST ACCOUNTS PROBED.

WINNIPEG, Aug. 27.—(CP)—Defalcations in the endowment funds of the University of Manitoba may necessitate a change in the economy program of the Manitoba Government. As part of its campaign for a balanced budget the government planned to reduce the university grant and this step, it is believed, is now out of the question if the university is to continue to function in its usual way.

The grant was reduced from $500,000 to $400,000 at the last session of the legislature and, faced with the need of further economies, the government had requested the university to reduce expenses to permit of a further cut. Salaries of the university staff will be reduced from the opening of the fall term by possibly 13 per cent. and increases in fees were announced yesterday.

Continue Audit

In the meantime government auditors are going over the books to determine the extent of the irregularities which led to the arrest of John Machray, K. C., bursar and chairman of the board of governors. Machray is held under bail charged with the theft of more than $47,000. A number of trust funds are known to be seriously depleted if not almost entirely wiped out and the loss to the university may run to $1,000,000 or more.

MEETS DEFEAT

Miss Joan Ridley, English entry in the semi-finals of the women's national tennis tournament at Forest Hills, N. Y., who was defeated by Caroline Babcock of California, in a hotly contested match.

Appraisers of the estate of David Shields Crawford, baker and restaurateur of Edinburgh, Scotland, who disappeared from the liner Orsova while on his way to Australia, have placed on it a value of $726,000.

WELSH NATIONAL SHOW IS TEE'D UP ON RADNOR HILLS

Demonstrates How Old Crafts Have Been Adapted to New Uses

PONIES AND CATTLE

Llandrindod Wells, Wales. — The Royal Welsh National Show here has distinctions wholly its own.

The site is one tee'd up on green fields in the midst of the glory of the Radnor Hills.

There are fine exhibits of the black Welsh cattle, the Welsh hill sheep and the fiery Welsh ponies, still unrivalled in their paces.

Not less characteristically Welsh are the industries, on which special stress is laid this year.

If you want to become acquainted with a craftsman still possessed of the pride and skill that marked leading members of the mediaeval guilds, talk with Mr. James Walters, from a farm in the Llandilo neighborhood.

He has found the secret of adapting the old agricultural crafts to new uses. His potato baskets, in which a number of his young pupils marvellously excel, are now used for every sort of garden produce, for fish, and even for cradles.

The whole display of rural industries is original and practical; the newest is the weaving of rush mats, an industry native to Anglesey, now likely to enjoy a revival.

The blacksmiths make beautiful old cresset lamps specially designed for electric light. Blacksmiths and carpenters in company make a special coal-cutting axe.

It was disappointing to many that the Prince of Wales sent no cattle, but the real reason was that his chief farmer, Mr. George Masson, who has already made the Nottinghamshire farm famous, was acting as sole judge of the Shorthorns.

The Royal Welsh Show is Welsh to the backbone. All the Welsh stock—and there are eight distinct breeds—are of good quality. Several thousand-gallon-cows are exhibited.

Radnorshire is housing the show for the first time, and in a district remote from large towns, but the experiment is a success.

PAIR INJURED ROAD ACCIDENT

Motorcycle Thrown Off Balance After Striking Dog on Rush Point Highway.

Driver Dislocates Shoulder.

RUSH POINT, Aug. 27 (Examiner Correspondence)—A serious accident occurred about six o'clock Thursday evening on the Havelock-Rush Point road when a motorcycle driven by Murne Barton of Rush Point was overturned by striking a dog on the road.

The dog was driving home some cattle and happened to dash across the road in front of a car just as the motorcycle was passing the car. The motorcycle struck the dog broadside, overturning the machine and the impact was so sudden that Clayton Barton who was was thrown over Murnie and somersaulted about ten feet further down the road. When picked up he was covered with blood over the face and remained unconscious for almost an hour.

The accident ocurred in front of Ben Newton's and Murnie had carried his brother into the veranda there before he realized that his own right shoulder was out of joint. He states that it must have been the jerk which twisted his shoulder as he came to his feet after the accident without having left the machine, and there were no marks on his clothing to show where he had struck any object when the cycle overturned.

Dr. D. Holdcroft was speedily on the scene and the brothers were removed to the home of Clayton Barton near Havelock where several stitches were required to close the wounds in his face. The dislocated shoulder was then attended to.

TRIO CHARGED SELLING LIQUOR

Windsor Brothers Had Bought $1,219 Worth of Liquor Since November.

SAY TREATED FRIENDS.

WINDSOR, Ont., Aug. 26.—(CP)—Alfred, Herbert and Oscar Gelinas of East Windsor, are brothers and bachelors. They pay $12 a month rent for a flat. In East Windsor police court yesterday their liquor permits showed purchases amounting to $406 during a three-month period and a total of $1,219 since November last. The three had also purchased 200 gallons of beer in a forty-day period.

Alfred and Oscar also testified that they had many friends and relatives who were 'treated' from their stock. Cheap living expenses made it possible to spend large amounts for refreshments, they declared.

The three are charged with keeping liquor for sale; following a raid by Provincial Police. Alfred is a brother-in-law of Police Chief Maisonville of East Windsor.

The court adjourned the hearing to Tuesday next.

Tiny Curls Nestle In Paris Coiffure

PARIS, Aug. 27. — The personal invitations to the show of new hair fashions were nothing if not original. They were traced with silver on a piece of bevelled glass about the size of a visiting card. Antoine favors glass in all its forms and not only uses it in his interior decoration, but has even fashioned a coffin-shaped bed entirely of glass in which he sleeps every night.

A most pleasing coiffure comes with the hair drawn back from a very short parting on the right side and little curls nestling in the nape of the neck.

Cedib, on the contrary, puts curls on the side and leaves the hair straight in the back.

The uncovering of the ears has brought earrings very much into favor again. A striking pair three inches long in filigree were seen at the Embassy Club recently, with the "bathroom bun" in the back.

Potatoes Roasted As Driver Sleeps

HOULTON, Me., Aug. 27—Charles Dunlop found a new way to roast potatoes. He felt sleepy while driving a truck load of tubers and took a nap. He was rudely awakened. Fire had started. The truck was destroyed and the "spuds" all nicely baked.

PLOT CHARGED TO BANKER IN MYSTERY SUIT

Alleged Secret Contract and Plaintiff's Divorced Wife Figure in New Turn.

PAID $500 A WEEK

MILWAUKEE, Aug. 27.—The veil of mystery in the $300,000 suit filed against Norman W. Harris in Chicago recently by James O. Clark of Madison, was partially lifted when the nameof Clark's divorced wife, the former Dorothy Funk, was brought into the official record.

In a 50,000 attachment order filed against Harris and his wealthy banker father, Albert W. Harris, in New York, Clark mentions his marriage to and divorce from the beautiful Miss Funk, former leader of the younger set in the Wisconsin capital.

Plot Alleged.

In the attachment suit Clark charges a conspiracy to force him to drop his mysterious $300,000 suit against Harris. He claims he has been kept under constant surveillance, according to "constructive imprisonment." Clark was said to have closed his New York apartment and sought refuge with his two young daughters in 'Mount Kisco.

The papers allege Harris agreed July 26, 1931, to pay Clark $500 a month for life and provide for him in his will. The reason for the agreement was not explained. The payments were made regularly, the papers say, until Clark went to Paris with his children February 1. Clark charges Harris then repudiated the alleged agreement, and he began suit for $300,000.

Bank Executive.

The elder Harris is chairman of the Harris Trust and Savings Bank of Chicago. Jay Frederick Reeve, attorney for the Harris', also is named defendant in the $50,000 suit, led in the Supreme Court in New York.

Both Clark and Harris have repeatedly refused to discuss the alleged contract, and whether it had any connection with the uncontested divorce obtained by Mrs. Clark in Reno, Nev., last Fall.

1 Dead As Guest Puts Feet In Pie

PARIS, Aug. 27.—"No guy can put his feet in my plate and get away with it," said Ferdinand Le Morvan when Albert Picourd ruined his fifth helping of rabbit pie. So he pulled a gun, killed his hostess and seriously wounded Picouard. He is now in jail awaiting trial.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Soureness, Gas and Pain. How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness burning, gas, bloating, nausea etc., are due to an excess of hydrochloric acid in the stomach. The delicate stomach lining is irritated digestion is delayed and food sours causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids, and instead get from any druggist some Bisurated Magnesia and take a teaspoonful in water right after eating. This sweetens the stomach prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Arthur Fear, operatic baritone, has been made a fellow of the Royal Academy of Music, for his performance of "Casanova" in London.

A Trade!

AMBRIDGE, Pa., Aug. 27 (A. P.)—Love found a way last night and J. M. Ciero, Ambridge jeweler handed over a wedding ring for a gold plate and artificial teeth.

"I'd like to buy—er—a wedding ring," stammered a youth, "how much for this gold?" asked the youth, removing his teeth. "Oh—two dollars."

"Here," smiled the bridegroom-to-be, handing over three one dollar bills and the teeth.

COMING SESSION VERY IMPORTANT

Seaway, Parley Treaties, Electoral Bill, Railway Report, Bank Act on Agenda.

DATE NOT DECIDED.

WOODSTOCK, Aug. 27 (C.P.)—Special session of the Canadian Parliament to be held late in September or early October will be one of the most important parliamentary sessions in the Dominion's history in the opinion of Hon. Dr. D. M. Sutherland, Minister of National Defence. Dr. Sutherland spoke yesterday to a meeting of the Ontario provincial dailies.

Five Important Topics

Five important matters will be on the agenda of the special session, Dr. Sutherland stated. He listed them as treaties and enabling legislation arising out of the Imperial Conference, the St. Lawrence waterways treaty, consideration of the impending report of the railway commission expected in a fortnight, revision of the Canada Bank Act and the electoral re-distribution bill following the new census.

In reference to the Bank Act Dr. Sutherland said the west had blamed many of its troubles on the existing bank system, and the government planned to amend the act in certain respects.

After giving his audience of newspapermen a lively picture of the Ottawa scene during the Imperial Conference he went on to testify to the fairness and accuracy of the reports sent out from the capital throughout the country, complimenting the press on much intelligent speculation.

No Definite Date

OTTAWA, Aug. 27 (By The Canadian Press)—Cabinet has left in abeyance the matters of the date on which Parliament will open. This was due to the uncertainty regarding the assembling of the other Parliaments of the empire, coupled with the Prime Minister's desire to synchronize as far as possible the opening o fthe Canadian and the British houses.

Price War Brings 50-Cent Air Rides

LOUISVILLE, Ky., Aug. 27. — A price war has resulted in offers to the air minded of plane rides over the city for 50 cents.

RUTH DOWNING OF QUEEN CITY FINISHES SIXTH

Margaret Ravior Retains Lead From Start to Finish in Exhibition Grind.

TIME IS SLOWER.

Evelyn Armstrong and May Looney Rank Second and Third Respectively.

TORONTO, August 27 (C.P.). — For the third year in succession, Margaret Ravior, Philadelphia's contribution to long distance swimming, has won the Canadian National Exhibition 10-mile women's Marathon swim. While thousands crowded the lakeshore, crushing against stout fences built to keep them from joining the swimmers in Lake Ontario, the strong young American flashed through to another brilliant triumph yesterday.

Ranks Second.

Evelyn Armstrong, of Detroit, came through in the dying minutes of the struggle to take second place, and May Looney, of Warren, Ohio, made it an all-American triumph in the first three. Dorothy Nalevaik, Glen Cove, N.Y., was fourth, more than 37 minutes behind the leader.

Toronto's contribution to the first six—the only prize-winners — were Ruth Tower Corsan and Ruth Downing, who finished fifth and sixth. Miss Downing was more than 45 minutes behind the champion.

Miss Ravior, who expects to marry George Young, famed Toronto swimmer, in a short time, made her own pace from the time Premier George S. Henry started them off at 1.30 p.m. and continued it until she climbed on to the finish float a winner At no time was she greatly threatened.

Twenty-nine mermaids started the long grind, but six of these dropped out before the winner crossed the finish line. Those remaining in the water after the first six completed the grind were ordered into their accompanying boats by swim director Elwood Hughes.

Miss Ravior won $3,000 Miss Armstrong $1,500, Miss Nalevaik $300, Miss Tower $200 and Miss Downing $100. The latter, idol of Toronto fans, swam a great race, but failed to match the speed of the winners.

Fails to Make Grade.

An interesting entrant was Liza Commando, of French River, Ont., a young Indian maiden, who, accompanied by her brother in a canoe, made a valiant effort to keep up with the leaders. Her style, however, was unworthy of her courage, and she railed the better swimmers most of the way.

CHALLENGES MEN FLIERS

Mildred Morgan of Beverley Hills, California, is one of eight women pilots entered in the Los Angeles to Cleveland air derby, which started from the Pacific coast on August 21.

Who Pays for Advertising?
—The Man Who Does NOT Advertise!

HERE IS PROOF!

The Consumer does NOT pay .... advertising enables him to buy better products at lower prices.

The Advertiser does NOT pay .... advertising increases volume and reduces his overhead.

HERE IS THE MAN WHO PAYS
—and as a rule doesn't know it . .

The man who does not believe in Advertising pays for the other fellow's bills.—He pays for it in trade which slips away from him to the progressive merchants who advertise.—He pays for it in the loss of new customers he might have had, but who went elsewhere.—He pays for it in high expense due to low business volume and small turnover on investment.—He pays for it, too, as a rule, in high gross profit and low net. From the above it's a simple matter to see who pays the advertising bills indirectly.

Advertising is not a gamble—it is an investment which pays dividends in direct proportion to the time and thought given it and the space used.

Practical Christianity

By Harlowe R. Hoyt

WHEN Moses established the tabernacle for the worship of Jehovah, he builded well. Before that time, worship had been conducted at temporary altars. Then came the tent of meeting and from this grew the tabernacle, sacred to God. It gave dignity and meaning to ceremonial forms, and offered a place wherein one might enter into communion with him in a humble and contrite spirit.

To-day we have the modern church. There we assemble to offer up our prayers and to strengthen anew our desires to follow in the footsteps of our Lord. There we give our contributions to various causes, and offer our monetary support that the good work may go on.

But this is not enough. Christianity must be carried into our everyday life, not shed with our Sunday clothing. It behooves each and all of us to practice it in every walk and every hour of our existence.

The real Christian is the one who is God fearing at all times. He accepts the teachings of Jesus and seeks, to the best of his ability, to follow them in all decisions. And, because he does this, he finds his own reward. He develops a kindly character, is beloved by his fellowman because of his good deeds, and arouses a reciprocity that brings forth the best in others.

None of us is perfect. We fall by the wayside. Selfishness, at times, triumphs over each of us. But let us not be discouraged. Arise anew to the fight and press on. Each victory gives added strength, and in realizing our mistakes we can avoid them in the future.

This is practical Christianity.

QUESTIONS and ANSWERS

QUESTIONS.

1. Who was Isaiah and when did he live?
2. Where was his home and who were his associates?
3. For what are his prophecies distinguished?
4. At what were his early prophecies aimed?
5. Under what conditions is this parable given?
6. What is the parable of the vineyard?
7. How was the unprofitable vineyard to be applied in this instance?
8. How did the Hebrews treat morning drinking?
9. Describe the harp and the lute.
10. What is the purpose of to-day's lesson?

ANSWERS.

1. Isaiah was one of the greatest prophets of the Old Testament. His early prophecies were made about 766 B.C. and he died about 679 B.C.
2. Isaiah was the son of Amos, an influential member of the court of Jerusalem. He was associated with royalty and a counsellor of King Hezekiah.
3. His prophecies are distinguished by the fact that he, more than any of the early prophets, foresaw the coming of the Messiah, his person and work.
4. His early prophecies were directed against the noble ruling classes and their vices.
5. In this parable, Isaiah poses as a minstrel before an assembly of his countrymen, singing of the experiences of a friend and his vineyard.
6. In this parable Isaiah relates how the friend planted a vineyard and tended it, but it brought forth only wild grapes. So, in anger, he let it go to waste, since as it bore only wild grapes, it should be accorded a treatment due its fruit.
7. One of the chief evils of Isaiah's day was the formation of huge estates by the rich. They added acre upon acre, desiring to be away from the common people, until the vineyards became so huge, they could not be properly tended for and bore only minimum crops.
8. The Hebrews, like the Romans, argued against morning drinking as a habit to be despised.
9. The harp mentioned here was a small instrument, carried about and picked with a plectrum. The lute was an instrument, somewhat resembling an oversized mandolin. It had gut strings and was picked by the fingers.
10. To teach the evils of intemperance.

(Copyright, 1932, P.S.)

Satan's Imp

LURKING among the shadows along the Street of Life, Satan was out hunting with his dogs—the little imps of human weakness. A man came walking down the street. "Go," said Satan to an imp with a scowling, bitter face, "go, get him for me!"

Quickly the imp crossed the street, silently and lightly hopped on the man's shoulder, and in his ear whispered, "You are discouraged."

"No," said the man, "I am not discouraged."

"Yes, you are discouraged."

"No, I don't think I am."

"I tell you, you are discouraged."

"Well," and the man dropped his head, "well, I suppose I am."

And the triumphant imp, darting back to his master, boasted, "I got him! He is discouraged!"

Shortly another man passed along the Street of Life. Again Satan sent out the imp with the scowling, bitter face, commanding, "Get him for me!"

The proud little demon of discouragement repeated his tactics. The first time he said, "You are discouraged," the man replied emphatically "No!" The second time he answered. "I tell you I am not discouraged!" And he walked down the street, his head erect, his eyes fixed on the light ahead.

The imp of discouragement scurried back to his master crestfallen. "I couldn't get him," he reported. "Three times I told him he was discouraged. The third time he frowned so fiercely at me that that discouraged me."—Lora E. Clement.

10 a.m.—SUNDAY SCHOOL. PUBLIC WORSHIP at 11 a.m. and 7 p.m.

The Order of the Thousandfold

THE Order owes its origin to the prayer during the World War of a missionary, the Reverend Frederick W. Neve, D.D., archdeacon of the Blue Ridge, to be made a thousandfold more useful to God than ever before so that he could help make a new and better world after the war.

Each day, at noon, he went to pray alone in his church in the mountains of Virginia, close to his home. Often he invited his parishioners to join him in this sacred custom, but these good people seldom found time from their daily labors. Nevertheless he always tolled the church bell in the hope that his people would pause in their work for a moment to offer up a prayer.

One day, when he was kneeling before the altar, his little four-year-old girl stole into the church and knelt beside him; she had brought her doll which was made to kneel also. Evidently the thought had come into the child's mind that he was alone and needed help, and so she had tried to bring all the help and reinforcement she could. After that she went to the church every day when she heard the noon-day bell.

The story of this simple incident spread far and wide bringing about wonderful results. Encouraged by this, and other events, to believe that his prayer was being answered, he conceived the idea of enlisting others in this venture of faith and started the movement in the form of the Order of the Thousandfold.

The purpose of the Order is to increase the power and usefulness of the children of God, for the building up of His Kingdom, by inspiring them to draw by faith and prayer upon the infinite resources placed at our disposal by our Lord Jesus Christ.

It is to pray earnestly every day to be made a thousandfold more useful to God than ever before. This does not mean, necessarily, any increase in outward activities, for the time of some may be fully occupied, but an increase in spiritual power and energy, so that what is done and said may exert an influence of such power and far reaching effect as to really amount to a thousandfold increase in spiritual efficiency. Let us all be members of the Order.

Lifeguards Rescue Deer From Drowning

DENVER, Aug. 27.—A full-grown deer, whose swimming lessons had apparently been neglected, was recently saved from drowning in Berkeley Park Lake here. Two lifeguards lassoed the deer and dragged it into a boat.

Honor the soul, for each man's soul changes according to the nature of his deeds—for better, for worse.—Plato.

Your Worst Enemy

A POPULAR English story-writer, the late Hall Caine, has prefaced one of his stories with an old Icelandic legend of a man who was pursued by a malicious and malignant spirit, which took the form of a dwarf. "His Grain ricks were fired, his barns unroofed, his cattle destroyed, his lands blasted, and his first-born slain. So he lay in wait for the monster where it lived in the caves near his house, and in the darkness of night he saw it. With a cry he rushed upon it, and gripped it about the waist, and it turned upon him and held him by the shoulder.

"Long he wrestled with it, reeling, staggering, falling, and rising again, but at length a flood of strength came to him, and he overthrew it, and stood over it, covering it, conquering it, with his right hand set hard at its throat. Then he drew his knife to kill it, and the moon shot through a rack of cloud, opening an alley of light about it, and he saw its face, and lo! the face of the evil dwarf was his own." This old Icelandic story finds its counterpart in all the ancient writings of the world. They all point the same truth and enforce the same lesson.

"Our acts, our angels are for good or ill,
Our fatal shadows that walk by us still."

A man's evil deeds follow him and thwart and hinder him, and he attributes them to some evil, malignant spirit, like the man in the legend, but a man's worst enemy is ever himself, and his greatest battle is always fought on the silent arena of his own soul. The Court of Eternal Justice is always in session, and hands down its verdict every day to each of us. How often with us all memory furnishes the convicting evidence and conscience prosecutes the case. Every man and woman of us bears a silent court of justice in his breast, himself the judge and jury, and himself the prisoner at the bar.

If we could get rid once in a while of our mechanical measurements of Time and Space—do you not suppose the Eternal would break through upon us?

Paris Tips New Hat At Perky, Chic Angle

PARIS, August 27.—Tip it and trim it toward the front is the rule for your new Fall bonnet.

Hats are really going to be different for the coming season and this difference is going to be very subtle. It all comes by way of the front tip and trim. Be they small, or be they big, the emphasis must be placed forward, if hats are to be definitely stamped Winter 1932-33.

They may be one or the other, when it comes to size. There is a possibility of satisfying nearly every woman's taste in this matter. New models vary from the tiniest bonnets with a feather or bow or posey perched far forward almost on the eyebrow, to the side-tilted halos from Suzanne Talbot, eccentric hat-maker.

Admitting Our Mistakes

THE world likes people who are not afraid to admit that they are wrong. But we can all recall very intelligent people who in an argument, if once they take untenable ground, will not hesitate to bolster up their argument with statements which are certainly not facts, and which they ought to know (and probably do know) are not in accord with truth.

And yet it is true that we like the people who are afraid to admit that they have been wrong. Why should we be so afraid to admit that we make mistakes? Everybody knows it; why should we be ashamed to admit it? We seem to cherish the rather fantastic belief that if we only keep quiet people will conclude that we never make any mistakes; and yet all the while we know that both they and we are human and must make mistakes. Why not admit it freely?

One reason is against it; and this is rather a serious one. We often do not recognize our blunders. If anyone else had done what we did we should have detected the mistake at once, but we are singularly blind to our own blunders. Is it that reason is overpowered by foolish pride? Better let reason have its way; it is the only path to advancement and better living.

Graveyard Vandals Topple Tombstones

WALTHAM, Mass., August 27.—Police sought vandals who toppled over several headstones in the Calvary Cemetery here, removed a large nine-foot sacred stone statue from its base, and toppled it down an incline.

BARN BURNS

STRATFORD—The large barn and straw shed, on the farm of Henry Sage, Mornington Township were totally destroyed by fire late last night. Loss was estimated at $6,000.

Men seldom, or rather never for a length or time and deliberately, rebel against anything that does not deserve rebelling against.

The Habit of Work

OF all the cankers of human happiness, none corrodes with so silent yet so baneful influence as laziness and indolence. Body and mind both unemployed, our existence becomes a burden, and every object about us loathsome—even the nearest and dearest. Idleness begets listlessness; listlessness hysteria and apprehensiveness; and that a diseased body. No laborious person was ever yet hysterical.

Exercise expressed in useful work produces order in our affairs, health of body, and cheerfulness of mind—and these make us precious to our friends.

It is while we are young that the habit of industry is formed. If not then, it never is afterwards. The fortune of our lives, therefore, depends on employing well the short period of youth.

High-heeled sandals are vogue in Paris this season.

ANGLICAN

ST. JOHN'S CHURCH
Archdeacon Biagrave, D.D., Rector.
Rev. E. R. James.
Fourteenth Sunday After Trinity.
8.30 a.m.—Holy Communion.

HOLINESS CAMP MEETING
(Under the auspices of the Standard Church)
One-half Mile from C. P. R. Station at
IVANHOE, ONT.
FROM AUGUST 26TH TO SEPTEMBER 4TH.
Services Each Day at 6.00, 8.00, and 10.30 a.m., and 2.30 and 7.30 p.m.
Special Singing by Quartette.
Wood and straw will be provided for Campers. For further particulars write
Rev. G. Oldford, Madoc, Ont.

Unfruitful Vineyard Parable

Sunday School Lesson
Isaiah 5

By Harlowe R. Hoyt
Walter Scott

Isaiah was one of the greatest of the Old Testament prophets. Counsellor of kings and intimate of the great King Hezekiah, he beheld more clearly than the others the coming of the Son of God and the nature of his person and work. Touching the vices and faults of the upper class, the leaders of state of his day, Isaiah devoted his earliest prophecies to them. Among these is the parable of the unfruitful vineyard.

"My beloved hath a vineyard in a very fruitful hill," so runs the parable. "He fenced it and gathered out the stones thereof, and planted it with the choicest vines, and built a tower in the midst of it, and made a winepress therein. And he looked that it should bring forth grapes, and it brought forth wild grapes. And now, O inhabitants of Jerusalem and men of Judah, judge, I pray you, betwixt me and my vineyard.

"What could have been done more to my vineyard that I have not done in it? Wherefore, when I looked that it should bring forth grapes, brought it forth wild grapes? And now, go to; I will tell you what I will do to my vineyard: I will take away the hedge thereof, and it shall be eaten up; and break down the wall thereof, and it shall be trodden down. And I will lay it waste. It shall not be pruned nor digged.

"But there shall come up briers and thorns. I will also command the clouds that they rain no rain upon it. For the vineyard of the Lord of hosts is the house of Israel, and the men of Judah his pleasant plant; and he looked for judgment, but behold oppression; for righteousness, but behold a cry. Woe unto them that join house to house, that lay field to field, till there be no place, that they may be placed alone."

(Clip and color these illustrated Bible Stories and paste them in a Scrapbook.)

SATURDAY, AUGUST 27, 1932

MR. BALDWIN IS SATISFIED.

Mr. Baldwin's statement that the recent parley at Ottawa accomplished more than any other Imperial Economic Conference, and that the results arrived at surpassed the expectations of the most sanguine delegate, should be a sufficient answer to the critics who have been belittling the conference and its achievements.

The head of the British delegation is not given to making statements in the truth of which he does not believe, nor has he the reputation of saying things merely for the political effect they may have.

Where he, therefore, declares emphatically that the gathering at Ottawa succeeded to a degree that was not looked for, his words will have a profound effect both in the United Kingdom and in this country.

Canadian opponents of the Bennett Government have been inclined to declare that the Premier drove a hard bargain, and that the concessions gained by this country are more real than the advantages offered by Canada to Britain.

Mr. Baldwin apparently has no worries in that regard; he is satisfied with the agreements that have been made, and he has taken the first opportunity available to tell his fellow-Britishers of his faith in the permanent benefits to be made possible by the Ottawa conference.

MANITOBA'S ACTION.

The Province of Manitoba, faced with the necessity of still further curbing its expenditure, has once more resorted to the use of the pruning knife and a further reduction of seven per cent. in the salaries of all Government employees from Cabinet Ministers down is announced.

This latest slash, combined with the reduction made earlier in the year, brings the total cut now in effect in Manitoba to 18 per cent. in the case of the lower paid civil servants and to 25 per cent. for those in receipt of larger salaries.

Governments are in a difficult position under present conditions.

They are reluctant to reduce the remuneration of public employees, and yet they are faced by a demand from those who pay the taxes and many of whom are themselves depression victims and find it difficult to raise the money necessary for tax levies, a demand that is too general and too forceful to be denied.

Many civil servants have found the path to worth-while salaries a long and not a particularly easy one, and it is, therefore, disheartening to see the progress made over long years of service disappear overnight, as it were—yet such action on the part of governments is almost inevitable.

When those out of whose pockets the money for salaries must come are endeavoring to carry on on greatly reduced incomes, public servants can scarcely expect to escape all the sacrifice involved in a period of prolonged depression.

A JUSTIFIED PROTEST.

With the objection voiced by the Dominion president of the Canadian Legion, Major John G. Roper, M.C., K.C., against the proposed publication of a blue book giving particulars of all pension awards now being paid, The Examiner wishes to place itself as fully in accord.

There is no reason why this information should be broadcast, and its publication would undoubtedly work to the disadvantage of pensioners generally.

Major Roper has enumerated some of the evils of exposing pension awards for the inspection of the public, including the adverse effect upon the employment possibilities of veterans, the jealousies created by the publication of pension amounts, and the placing of pensioners at the mercy of salesmen and advertisers of all kinds of products, and he adds: "The blue book would become part of the stock-in-trade of every collection agency in Canada."

The president of the Legion is well justified in making a vigorous protest against a proposal that no matter how well-intended would be an injustice to deserving ex-service men, and at the same time would in a large measure fail to accomplish the object intended, i. e., the discovery and elimination of causes of fraud in the distribution of pensions.

That there are doubtful cases no one will deny, but surely there is enough machinery available for the detection of these impositors without throwing the spotlight of publicity upon the legitimate awards paid deserving veterans.

IMPORTANT RECOMMENDATIONS.

The report of the Advisory Committee on Relief appointed by the Ontario Government some time ago to study this whole question with a view to arriving at a program that would simplify and standardize the administration of relief by Ontario municipalities, contains a number of helpful and important recommendations.

The committee's findings have been endorsed by the Government, and they are being sent to the municipalities and their acceptance urged.

One of the most important suggestions made is that each municipality should establish a public welfare board to have control of its relief work, and that in addition there should be an advisory body made up of social service organizations.

A number of Ontario centres which will not be able to pay their share of the cost are likely to find the control of relief within their boundaries taken out of their hands and given over to a board appointed by the Government.

Standards in regard to the amount and nature of relief to be given have been named by the committee, which declares that no help in the form of cash should be provided. Allowances for shelter and for medical attention are set forth, and one particularly important recommendation is that all those out of employment and in need of assistance should establish a residence in some municipality and register there.

In other words, those who are tramping round the Province, stealing rides on trains or hitch-hiking on the highways, had better pick some place as their home and remain there, if they expect to receive aid next winter.

"LET JUSTICE BE DONE, THOUGH THE HEAVENS FALL."

This famous saying of the Emperor Ferdinand I. comes to mind upon reading the very noble judgment pronounced by Chief Justice Sir William Mulock in granting a new trial to William Seabrooke, under sentence to be hanged in this city on September 15. Sir William held that the trial judge had not sufficiently informed himself of the circumstances in which Seabrooke made certain statements to the Ottawa police, statements which were used against him at his trial. Says the Canadian Press report:

> "The chief justice noted, in the judgment, that Seabrooke had raised several grounds of appeal, but held that for the purpose of the disposition of the prisoner's appeal it would be sufficient to deal with one of these grounds, namely, the admission in evidence against the accused of certain statements made by him to members of the police who were in authority over him at the time. Statements made by persons, afterwards to be put on trial, to persons like policemen in authority over them, said Sir William, must be free and voluntary in order to be admissible in evidence, and it was for the trial judge when such statements were tendered in evidence to satisfy himself that they were free and voluntary."

This is in the highest traditions of British justice. In the United States, justice has been mocked and cursed by the practice of the third degree. That black practice, the art of terrifying prisoners into incriminating statements by processes of mental and physical torture, has reached a stage in the Republic where, in the opinion of some of America's greatest jurists, it has placed justice at the mercy of an arrogant, and sometimes a corrupt, police.

It is a practice foreign to the British tradition. It is one of the glories of British law that it holds the balance evenly between the strong and the weak, that the humblest and poorest citizen is as certain of a fair trial as the most powerful of the King's subjects. Justice, in other words, means justice for all and justice from everybody; with the citizen as fully protected from the possibility of the wrongful use of power by the State or by the police as from the criminal himself.

No evidence is available to show that the Ottawa police used third degree methods against Seabrooke. But Sir William Mulock's point—and it is the very essence of justice—is that this is not enough; that unless and until evidence is produced that the third degree, or even a semblance of it, was not used, then what Seabrooke said to the police should not have been and cannot be used as evidence against him.

This is the very heart of the theory that under British justice a man must be presumed innocent until he is proven guilty.

One concluding sentence in Sir William Mulock's judgment should, we think, be hung in the office of every crown counsel in Canada. This:

> "It is the duty of crown counsel, when prosecuting trials, to assist in the administration of justice. Assisting in the administration of justice does not mean merely assisting in convicting persons. It is as much the duty of crown counsel to assist in the acquittal of innocent men as in the conviction of guilty persons."

There are countries where district and prosecuting attorneys mount the ladder of political success by a parade of their total of convictions. It is their standard of success. Such a theory is repugnant to justice, and it is well at this time to have such a powerful voice as that of Chief Justice Mulock raised in admonition against it. Incidentally it should be stated that Ottawa's chief crown attorney, Mr. J. A. Ritchie, has for many years conducted his office in complete accord with the method urged by Sir William. There have been cases perhaps in which he failed to secure conviction only because he adhered strictly to this principle; but far better that than the reverse or the appearance of it.

Often in this country we protest that we have not been submerged by United States influences. Let us be sure that our protests are well grounded. Because in the course of some recent exhibitions of hysteria, some among us have shown too great a tendency to subordinate the principle of the liberty of the subject to things infinitely less precious.—Ottawa Journal.

EDITORIAL NOTES AND COMMENT.

Just as a pleasant and helpful reminder to Peterborough youngsters, we mention the fact that school opens a week from to-morrow.

Wolf Week at the Sault is long a matter of history, but Algoma still continues to supply the world with wolf stories.

South Huron is to mix a political campaign into the fall fair season. The exhibitions will probably outdraw the politicians.

A Winnipeg estimate says this year's Western wheat crop will be the second highest on record. If a fair price can be secured, prosperity will not be long in returning.

Two prominent movie individuals give as a reason for seeking a divorce a desire to keep their old friendship. What is this thing called friendship?—Buffalo Express.

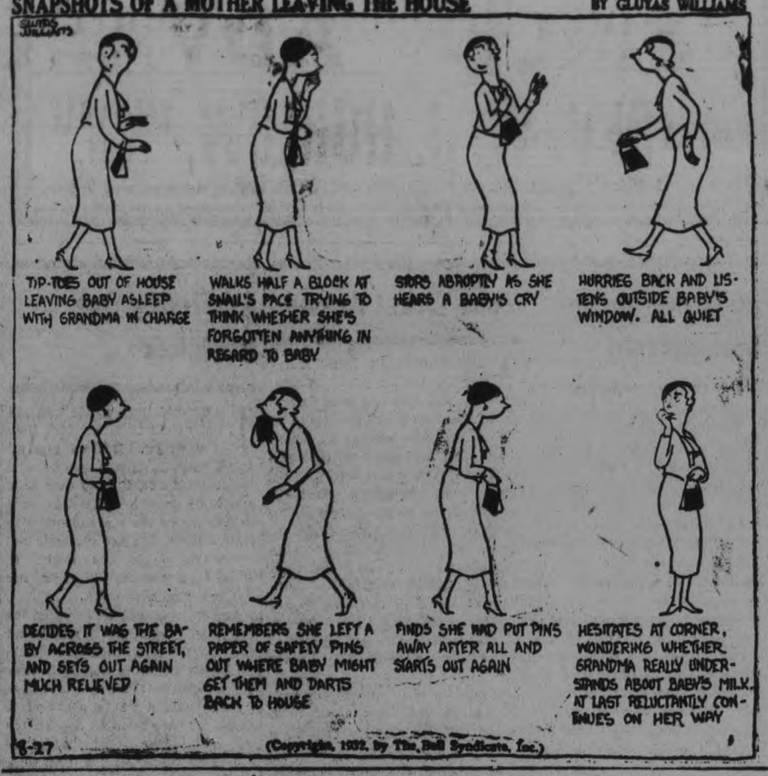
As far as we are concerned the Imperial Conference will be a fizzle unless it passes a resolution that speeches in all British countries be limited to 30 minutes.—Ottawa Journal.

An investigator has found that a business man walks eight miles daily, a farmer twenty-five and a schoolgirl 11½ miles. While this is no doubt accurate in the main, it is entirely possible that in the case of the schoolgirl some of it is skipped.—Christian Science Monitor.

There is no question that the dollar of to-day goes much farther. The trouble is that it goes so far that it's usually out of reach.—Chatham News.

SNAPSHOTS OF A MOTHER LEAVING THE HOUSE

BY GLUYAS WILLIAMS



News of Our Own Village

Many of the employees of this great family journal gathered on the bank of the Otonabee river, north of here, Wed. nite, and indulged in green corn and other bucolic delicacies. It was a great nite for all and sundry, your scribe begs leave to report.

A lunge that looked like a shark was nipped in the river just off of Fred Tuggey's place a few days ago and sea serpent stories is expected to be scarcer from now on.

Work on a lean-to or something for Bob Abbott's breaklining mill is starting right away. Looks like old Man Slump is going to fold his tent and depart from these parts, we point out hopefully.

Rolly Denne, our worthy Mayor, journeyed away down east of here Wed. to help Geo. Henry, our Prime Minister, open the new turnpike connecting this berg with Ottawa, east of us.

Many villagers goodwilled down the new road, east of here, Wed., boosting the Agricultural Society's fall fair and this flourishing village generally. The bag pipe ban went with the lads, which many think a mistake on a good will tour.

A little bird tells us wedding bells is soon to ring in our midst. Some of the village councillors can tell the curious who the blushing bridegroom is to be.

Ed. Peck, our Federal member, will spend at least part of this fall at Ottawa, east of here, Dick Bennett having tired of doing all the business himself and decided to call the boys together for a special session or something.

Doc Wilson of Philadelphia, south of us, was 1 of the stars at Jack Corcoran's rassling show Fri. nite. Doc was kinda disappointing in a way for when 1 of our village doctors rasales with a bird for a hour he generally comes up with a appendix or some other internal gadget.

Folks is beginning to drift in from the back lakes and the Hall of Wisdom philosopher sez the young folks has been tanned everywhere but where they shoulda been.

—F. D. C.

Voice of the People

ANOTHER OF THE LETTERS RECEIVED IN CONJUNCTION WITH THE LETTER CONTEST, CONDUCTED AUG. 15TH—

To Shopping Editor.
Dear sir:

When I am in need of hardware such as paints, varnishes, kitchen and laundry utensils, I always go to Brown's Hardware Store, where I can get dependable goods at reasonable prices and served by pleasand and courteous clerks.

MRS. J. P.

Mr. Editor: Have we the "curfew law" in our city? If so, why is it not enforced? It would surely be better for small boys and girls, about six years of or more, to be at home before 9 o'clock at least, instead of running the street until after ten o'clock, getting no good to themselves, and causing great annoyance to nearby residents with their noise, and the trampling down of boulevards.

RESIDENT.

Eilean Donain Castle, at Kintail, Scotland, which belongs to the Clan MacRea, has been restored after 20 years of labor, and a plaque bearing the names of the clan members who died in the world war has been placed in the west wall.

GRAIN AND PRODUCE REVIEWS

CHICAGO GRAIN

CHICAGO, Aug. 27.—Wheat had a reactionary tendency during most of the session yesterday, although a late substantial recovery from the low point was made, following improvement in the stock market. Generally bearish routine news caused some early weakness after an opening flurry of strength. Profit-taking by Eastern interests eased prices down a cent below yesterday's finish before buying brought about a moderate rally.

Corn and oats were easier with wheat. Provisions eased with grains. Wheat closed weak, ½c to ⅝c lower than yesterday's final quotations; corn mixed, ¼c-⅜c lower to ⅛c higher; oats steady to ¼c off, and provisions steady to 8c down.

MONTREAL PRODUCE

MONTREAL, Aug. 27.—Potatoes on the Montreal wholesale market yesterday dropped 5 cents a bag, becoming 30c per 60-lb. bags for new Montreal stock. There was a heavy supply, which eased the market in the face of a moderate demand.

The cheese market was again shaded ¼c in order to bring export business. Quotations became 10½c to 10¾c per lb. for Ontarios and 9¾c to 9¾c for Quebecs. Receipts were heavy, 8,935 boxes. British buyers were still holding off despite the continued lowering of prices here.

Butter Is Steady

The butter market held steady at 20¾c to 21c per lb. for cariots or less of No. 1. Trading was quiet, but the tone of the market was firm, surrounding conditions being favorable. Jobbing houses were quoting small lots to retailers at 22c for solids and 13c for prints. Receipts were 1,663 boxes.

The egg market held mostly at the same levels. There is a wide spread on extras, depending on quality. Some extras for shipment can be bought as low as 24c a dozen, while top quality extras arriving on the market are bringing as high as 28c a dozen, the bulk of trading remaining at the previous day's quotations of 25c to 27c per dozen. Firsts are 18c to 20c per dozen, and seconds are 13c to 14c per dozen for cariots. Receipts were 1,419 cases.

WINNIPEG GRAIN.

WINNIPEG, August 27. — Sympathetic to lower wheat quotations at Liverpool and a lull in the export trade wheat prices eased off in the closing stages of yesterday's pit trade to close fractionally lower for the day. Prices at the close revealed losses of ¾c. October closed at 55, December at 56⅝c to ⅝c, and May closed at 61⅝c.

Offerings were good volume, although the selling was not credited to hedging operations but support in the deferred month stemmed the decline. This support was one of the main props of the market on Thursday, and came from Chicago and seaboard interests.

Export Figures Unobtainable.

No figure was placed on the amount of grain worked for export, but it was believed fairly good sales were made. Cables confirmed the purchases of three cargoes of Canadian wheat, two from Churchill, and one from Montreal.

The weather map in the West showed signs of clearing yesterday, but the recent rains were reflected in the smaller movement of country wheat to elevators.

Cash wheat and coarse grains continued their uninteresting trade at prices generally unchanged.

Marmora

Mr. and Mrs. G. R. Hartley are visiting relatives in Toronto for a few days.

Miss Flossie Boyd is holidaying at Oshawa.

Miss Jean O'Neill recently visited friends in Sudbury.

Lister St. Edward visited her brother, Mr. Vincent Lynch over Sunday.

Owing to rain again interfering, sports arranged for Marmora J.O.L. No. 34 and postponed from the Thursday afternoon picnic had to be curtailed at the rectory grounds on Friday evening. The events carried out were:

Skipping contest—I. Doris Shaw.

Three-legged race—Lottie Lowery and Alma Davidson, Dorothy Shaw and Eva Holland.

50 yards race—Ena Holland, Alma Davidson.

Mr. Percy Gray and family are moving into Mr. Fred Boulter's residence on McGill street.

Mr. and Mrs. M. J. Skelly, of Rochester are visiting the latter's parents, Mr. and Mrs. Hugh Shannon of Marmora township.

Mrs. A. E. Smith and sons Donald and Billie returned home last week after visiting friends in Almonte.

Miss Margaret Wagar of Enterprise who has been visiting her friend, Miss Vivian Woodhouse for the past two weeks returned home on Wednesday.

Mr. and Mrs. R. H. Keist of Copper Cliff are occupying Mrs. H. Wiggins' cottage at Crowe Lake for two weeks. Mrs. Keist is a daughter of Mr. and Mrs. Hugh Shannon.

Miss Gertrude Lumsden recently spent two weeks at Victoria Harbor with her friend, Miss Alice Lumsden.

Sister St. Bernard visited her parents, Mr. and Mrs. John Finnegan over Sunday.

Misses Mabel Sabine and Ida McFarlane of Hamilton, spent two days last week with the former's brother, Mr. H. W. Sabine.

Mr. and Mrs. W. R. Gano of Wainwright, Alta., arrived here on Wednesday and are spending a few days with the latter on, Mr. F. R. Wells before proceeding to their new home near Chatterton.

Mrs. D. Thomson and son James motored to Owen Sound this week. Mrs. W. H. Litt accompanied them as far as Barrie and will visit friends there. They will return home on Monday accompanied by Miss Hilda Thomson.

Mr. and Mrs. W. Williams of Toronto are spending a few days at the rectory.

It is estimated that Canadians consumed 30.02 dozen of eggs, 30.24 pounds of butter and 3.44 pounds of cheese per capita during 1931, the quantities in each case being slightly below 1930.

British Guiana will exhibit rice at the World's Grain Exhibition and Conference at Regina, next year.

Couch grass roots can be effectively killed by exposure to the hot summer's sun for a few days.

The Wets Must Proceed By Way Of The Basic Law Of The Constitution

By H. W. L. MAHOOD.

The wets must proceed as did the drys. The result of the procedure of the drys has been fiercely attacked by the enemies of the Eighteenth Amendment. Every attack possible has been made. In each and every case, the Supreme Court of the United States has sustained the contention of the drys. The Eighteenth Amendment now stands rock-like in the Constitution. Considered as a legislation document it is perfect.

The Eighteenth Amendment cannot be repealed by the inclusion of a repeal clause in a party platform. The people voting under the constitution, which provides for their voting, cannot by popular vote repeal the constitution, or, any part of it. Or, to reverse the statement, it can be put in this wise. If the Eighteenth Amendment can be repealed, as readily as some wet advocates indicate, by their speech, then, the whole constitution can likewise be swept aside by a popular vote. That is unthinkable.

The claim is made that a majority of the people of the United States are opposed to prohibition as it now stands. This claim is made by law breaking wets. That means that an integral part of the basic law of the nation is discredited, by a majority of the people. If that be true then the wets must turn to that basic law for the means of effecting a change, to conform to the will of the majority.

This is what the dry forces did in order to bring about the prohibition amendment. Article Five, of the Constitution of the United States makes provision for, the only method, by which a change can be made, to amend.

Here, is the very wording of that document: "The Congress, whenever two thirds of both houses shall deem it necessary, shall propose amendments to this Constitution, or, on the application of the legislatures of two thirds of the several states, shall call a convention for proposing amendments, which, in either case, shall be valid to all intents and purposes, as part of the constitution, when ratified by the legislatures of three fourths of the several states, or by conventions of three fourths thereof, as the one, or, the other mode of ratification may be proposed by Congress."

Here, the two methods of procedure are set forth in simple terms. One provides that action toward alteration may originate in Congress, when, two thirds of the members of both houses agree upon a constitutional change which they deem necessary. To initiate such action they must propose a definite amendment and send it to the states for each to ratify or reject.

The second method, requires that the legislatures of two thirds of the states apply to Congress to "call a convention for proposing amendments." In this case as in the other, three fourths of the states would need to ratify, either through their legislatures or by conventions in order to effect a change in the Constitution. The wets are divided on this method. The farseeing hold this would be a dangerous procedure.

It will thus have been seen that no vote upon a referendum for repeal or resubmission would settle the question of prohibition, as some are led to believe. It would but initiate a fight that would rage over the whole United States. The sturdy, typical, type of American has not been heralded on the front pages of the metropolitan press. But there are many millions who will put up a powerful resistance against any attack on prohibition.

The wet press in attempting to lead its readers to believe that a majority of the people favor repeal or modification of the Eighteenth Amendment has given much publicity to the statements of a few people. One of the outstanding dailies makes much of certain so-called recruits for the wet cause. A list of six is given. Here is a sample of the discreditable claims. The name of John R. Mott is given. He is a dry of the drys. Read what he says. "I emphatically oppose a referendum in the form of a choice between (a) the present plan, and (b) its rejection, as contrasted with no concrete substitute."

An effort was made at the Republican convention held in Chicago by the hoodlums to stampede the delegates into writing into the platform a repeal plank. Nothing more disgraceful to American citizenship has ever occurred at a Republican convention, than was the attempt of Chicago bums and leaders like Capone. But there was a prohibition sentiment in the Republican ranks that could not be stampeded. Another effort is now being made to stampede the United States electorate in like fashion. But as Thomas stood like a rock at Chickamauga so will stand many millions of noble thinking American citizens, who put ideals of progress above the stomach appeal of intoxicating liquors.

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner.

AUGUST 27, 1922.

The local council fuel committee has purchased 57¼ cords of hardwood and 140 cords of mixed wood so far for this winter....The official opening of the Provincial Highway from Port Hope to Peterborough will take place on September 7th.

AUGUST 27, 1912.

E. A. Peck, counsel for the Counties of North Monaghan and Otonabee, stated to-day that action would be taken against the city if it were not shown that practical steps have been taken in regard to the city's sewage disposal .... Improvements have been made on several streets in the South Ward by the Board of Works' Department.

AUGUST 27, 1902.

Mrs. R. R. Hall landed an 18-lb. lunge in Gilchrist's Bay yesterday. .... So far this year $832.53 has been expended by the Central Charity Board, it was shown at meeting held last night.

In Lighter Vein

Better Than Fourth of July

Sister: "Freddy, don't you think you'd better go to bed now?"

Little Brother: "No, I want to stick around and see your friend explode first."

Sister's Boy Friend: "Good gracious! Whatever can the child mean?"

Little Brother: "I heard Minnie tell Mamma you were about ready to pop!"—Christian Science Monitor.

Fresh Butter Daily

"I've decided to make our own butter, dear. The grocery butter is so unsatisfactory," said Mrs. Young-bride.

"That so?" echoed hubby. "How're you going to make it?"

"Oh, I bought a churn and have ordered some buttermilk to be left regularly. Won't it be nice to have really fresh butter?" — Capper's Weekly.

Quotations For To-Day

The chambers in the house of dreams
Are fed with so divine an air,
That Time's hoar wings grow young therein,
And they who walk there are most fair.

—Francis Thompson.

Says Rum on Hair, Not On His Breath

BROCKTON, Mass., Aug. 27.—A novel defence of Richard F. Baldwin on a drunken driving charge in District Court resulted in Judge William G. Rowe finding him not guilty.

Bridgenorth

A very enjoyable evening was spent at the home of Mr. and Mrs. Crawford, Sr., at the cottage on Pleasant View when they entertained a number of their friends at a corn and weiner roast. The evening was spent in games and singing around the big pine fire.

Mr. and Mrs. Arthur Pitchford and two daughters, Mary and Joyce, and Mr. and Mrs. W. Rae of Peterborough spent Thursday at the home of Mr. and Mrs. J. G. Mann of Smith.

Mrs. Ward of Toronto spent the week end with her daughter, Mrs. (Rev.) Wright, of Chemong Road.

Mr. Kenneth Stubbles of Sarnia was a recent guest at the home of Mr. and Mrs. Warren Nicholas.

The Misses Holmes of Lindsay are visiting their niece, Mrs. B. Moore, at Long Point.

Dr. and Mrs. Howden were recent guests at Rev. and Mrs. Patetrson's, of Long Point.

Mr. and Mrs. Smith of Toronto were week end visitors at the home of Rev. and Mrs. Wright of Chemong Road.

HASTINGS

Mr. and Mrs. Charles Peters spent Thursday with Mr. and Mrs. Albert Webster of Warsaw.

Miss Grace Lewis and Willie Lewis are spending a vacation with their aunt and uncle, Mr. and Mrs. N. Rusaw.

Mr. and Mrs. Alex Fleming of Trenton attended the funeral of the late Mr. Comstock of Westwood on Thursday.

Mrs. Schofield Battersby and baby Francis, returned home on Wednesday after a visit with friends in Richmond Hill.

Mr. and Mrs. Raymond Morrow of Peterborough were guests at the home of Mr. and Mrs. Fred Morrow.

Mr. James Hicks and Miss Winnie Gillespie of Campbellford were visitors with the former's daughter, Mrs. Elmer Sherwin.

Rev. H. F. Battersby, daughters, Margaret and Sylvia, and Mr. Schofield Battersby attended the reopening of the Anglican church at Essonville. As Mr. Battersby was a former rector of the church over 20 years ago he was asked to speak during the afternoon program, which was preceded by a large picnic.

TRIAL OF CHINESE NOW PROCEEDING

Laundryman Pleads Not Guilty to Having Opium in His Possession.

LONDON, Ont., Aug. 27 (C.P.).—Trial of Wong Dug Soo, charged with having opium in his possession, was proceeding here to-day in Police Court.

Wong was arrested with two other Chinese, who were expected to eb sentenced to-day, when police raided a laundry in which they said they found a quantity of opium and a keg of whiskey containing several dead rattlesnakes.

Wong G. Duck, alias Charlie Wong, pleaded guilty to possession of opium, while John Wong was charged with being a frequenter.

The snake whiskey did not appear in to-day's trial.

$24,780 ESTATE.

LONDON, Ont. — Charles A. Russell, C.N.R. conductor, killed at Glencoe on August 12, left an estate of $24,780 all to his wife.

Grain Reviews

CHICAGO GRAIN EXCHANGE

WINNIPEG, Aug. 27 (By The Canadian Press)—Wheat prices on Winnipeg's grain market sagged again this week, and to-day rest at levels more than one cent under the previous week. Only the presence of good buying support prevented greater declines as liquidation and moderate hedging sales entered the pit.

Buying of the far-away futures in the local market in connection with spreading operations between Winnipeg and Chicago provided the bulk of support though export buying was noticeable at times. Demand for Canadian wheat continues to increase in the United Kingdom market and exports this week were considerable.

October delivery recorded the largest decline for the period, closing Friday at 55 cents, a drop of 1⅝ cents. An even cent below last week, May closed at 61 ⅝ while December at 56 ⅝ to ⅝ was 1 ⅛ to 1 cent off.

Emanating from an unknown source, liquidation supplied the greater part of the selling pressure during the week.

Consistent demand for high grades of wheat was seen in the cash grains and spreads closed the six-day period fractionally higher. Coarse grains trading was dull, little interest being exhibited n the futures market. Prices declined in sympathy with wheat.

WINNIPEG GRAIN MARKET
(By Giles L. Findley, Associated Press Market Writer)

CHICAGO, Aug. 27 — Hedging pressure from Canada's giant granary, the three prairie provinces where harvesting is now in full swing, is supplying the bulk of business for the Chicago wheat pit.

Experienced observers here estimate 75 per cent of the hedging sales made on Canadian wheat are handled in Chicago. This huge bulk of business brings a great deal of selling into the pits which has been offset to a great degree by purchases made in sympathy with rising stocks and commodities.

There is relatively little change in the domestic wheat situation to give encouragement to speculators. Export business news is slow, United States hard winters being unwanted.

Compared with a week ago, nevertheless, wheat this morning was ⅝ to 1½ cents higher, corn ⅝ to 1 cent down, oats ⅜ to ½ up, and provisions 13 cents lower to 35 cents higher.

Wheat in the United States has another load to carry, the Imperial Conference agreement to place a duty of six cents a bushel on all wheat, except Empire grown, imported into Great Britain. Traders talk of inflation as a possible remedy, citing the sensational rise in cotton and the upward range of stocks.

Oats are steady, though market-ward movement still is heavy. Provisions are sympathetic with upward movements in grain and hogs.

Ireland has a gliding craze.

QUAKE HITS PACIFIC ISLE

Above is a map of the area in the Philippine Islands rocked Aug. 24 by the worst earthquake to hit the archipelago since 1880. Hundreds of homes and churches in San Fernando crumpled under the repeated shocks and thousands of inhabitants fled the city. Manila, the capital, felt the tremors but they did no damage there.

HOOVER EVADES WET LAW ISSUE OPPONENT SAYS

Prohibition Accompanied By Complete and Tragic Failure.

ROOSEVELT ADDRESS.

Democratic Candidate Advocates States Control and Federal Aid.

(By Walter T. Brown—A.P. Staff Writer).

SEA GIRT, N.J., Aug. 27.—Declaring the Democratic platform and candidates have fairly and squarely met the prohibition issue, Governor Franklin D. Roosevelt, Democratic Presidential nominee, asserted here to-day that President Hoover and the Republican leadership stand convicted of trying to evade and confuse the issue.

The methods adopted since the Great War with the purpose of achieving a greater temperance by prohibition have been accompanied, he said, in most parts of the country by complete and tragic failure.

The Democratic Presidential aspirant declared Mr. Hoover's acceptance speech proceeds deliberately to misrepresent the position of the Democratic party.

"He says, 'Our opponents pledge the members of their party to destroy every vestige of constitutional and effective Federal control of the liquor traffic.'

"I have the right to assume that the President read the Democratic platform and on that assumption I charge that this statement was made to mislead the people of the country."

"The experience of 150 years has shown us that the proper means of regulating the use of alcoholic beverages," Mr. Roosevelt said, "is through the States, with control by the Federal Government limited to that which is necessary to protect the States."

"This, I submit," he continued, "is the principle embodied in our Democratic platform, and I state further that it is not the principle stated in the Republican platform or in the speeches of acceptance of the two candidates of the Republican party."

Large Quantity Choice Produce

Large and Varied Offerings on Local Market From Farm, Dairy and Garden.

Particularly choice and varied assortments of garden, farm and dairy produce was being offered in large quantity on the local market to-day, with the following prices obtaining:

Eggs, 18 cents dozen; butter, 20 cents pound; chickens, 20 cents a pound; chokecherries, 6 qt. basket 25 cents; greengages, 30 cents 6-qt. basket; black currants, 10 cents a quart basket; select Niagara peaches 55 cents 6 qt. basket; domestic peaches, 49 cents; special peaches, 35 cents; plums, 35 cents 6 qt. basket; thimbleberries, 15 cents quart basket; Duchess apples, 25 cents peck; red currants, 15 cents quart; new potatoes, 15 cents peck; tomatoes, 35 cents 6 qt. basket; cauliflower, 10 cents a head; green onions, 5 cents a bunch; celery, 10 cents; marrows, 10 cents; Hubbard squash, 20 cents; corn, 10 cents a dozen or 15 cents for 2 dozen; green peppers, 2 for 5 cents; cucumbers, 5 cents each, or 5 for 20 cents.

There was quite a profusion of flowers for sale at 10 and 15 cents for a large assorted bunch and with gladiolus at 25 cents per dozen spikes.

Honey was on offer at 12 cents per pound for the light and 25c per section.

Livestock-Produce Quotations

PRODUCE PRICES.

TORONTO, August 27 (C.P.).—The United Farmers' Co-operative Co. to-day supplied the Canadian Press with the following quotations on produce delivered at Toronto:

Eggs, extras, doz. 20c.
Eggs, firsts, doz. 16c.
Eggs, seconds, doz. (cracked) 12c.
Cream, No. 1, lb. (off truck) 17c.
Cream, No. 1, lb. (f.o.b.) 17c.
Butter, No. 1 solids, lb. 20½c to 20¾c.
New potatoes, No. 1, in bags, 60c to 65c.
Finished cattle, 1,100 to 1,150 lbs. $5.75 to $6.
Store cattle, 1,100 to 1,150 lbs., $5.25 to $5.50.

LIVERPOOL, Aug. 27.—Closing. Hams, long cut 12-16 lbs. 80s; short cut 12-14 lbs. 71s; extra skinned 78s; picnics 5-6 lbs. 50s. Bacon, Cumberland cut 53s; Canadian Wiltshores 60s; clear bellies, 14-20 lbs 53s 6d. Lard, prime western in tierces 46s 3d; American refined in boxes 50s 9d. Cheese, Canadian finest colored new 75s. Linseed oil, raw 20s 3d. Petroleum No. 1; No. 2, 11d. Rosin, types F and G, 15s. Turpentine spirits 63s 6d.

When the British speed ace, Kaye Don, faces the starting line with his Miss England III., new super speed boat, again Gar Wood's latest Miss America in a series of 35-mile races, the eyes of the world will focus on the event. Last year Wood, the "silver fox," tricked Don into disqualification and was soundly criticized by all true sportsmen, even in his own country. Dapper Don, 40, is not going to be fooled this time. Good luck to him! Layout shows (1) Kaye Don; (2) Miss England III. in a trial run in England; (3) the "Silver Fox" himself, taken after 1931 race as he tried to stifle exultant grin over Don's discomfiture; (5) Kaye Don's upset; (4) Don congratulating Wood on his achievement.

Britain's Gold Standard Credit, Only Partly Used, Expires To-Day

NEW YORK, Aug. 27.— The $400,000,000 credit obtained by the British treasury a year ago in New York and Paris, in a vain attempt to preserve the gold standard, expires today.

Of the $200,000,000 supplied by a syndicate of banks under the leadership of J. P. Morgan Co., none has been in use since April 5, of which date the last of the bills drawn against the credit were paid, while all but $60,000,000 of the credit line has been cancelled. It is this $60,000,000 of unused credit that expires here today without renewal.

The French half of the credit consisted of a $100,000,000 overdraft on a syndicate of French banks, which was extinguished early this year, and $100,000,000 of British treasury one-year notes which were sold to the French public. A portion of this issue has been bought up in the open market. The Bank of England recently has been accumulating francs for the purpose of redeeming the remainder today.

Hawks' Goaltender Refuses Salary Cut

WINNIPEG, Aug. 27. — Charley Gardiner, star Chicago Black Hawk goal-tender and rated the best puck-stopper in big league hockey, said today he had refused to sign a contract calling for a 25 per cent. reducetion in salary. Manager Bill Tobin of the Hawks brought the new contract here for Gardiner but the goalie turned it down.

Gardiner said he does not consider himself a hold-out and is confident he and the Hawk management will agree on salary terms before the new season starts.

CHURCH ON AUCTION BLOCK
Following a breach in the ranks of the congregation, Westdale Presbyterian church, Hamilton, Ont., shown above, has been seized under a mortgage foreclosure. The majority group of the congregation plan to hold their services in a school room.

Plan Field Day At Norwood

The first of next month is a date that should be reserved by the people of Norwood and district when a great field day is to be held under the auspices of the Holy Name Society of Our Lady of Mount Carmel Parish.

A monster baseball tournament has been planned for the afternoon to be held on the agricultural grounds, when teams from Deloro, Hastings and Havelock will compete for a silver cup donated by Douglas Brennan.

Ball fans will again be catered to in the evening with a girls' softball game between close rivals—Norwood and Havelock.

An "at home" in the Armouries in the evening will be the feature on a full card of entertainment. Here round and square dancing will be held to music provided by George Wade and his Cornhuskers, popularly recognized as Canada's leading entertainers.

About 71 per cent of Canada's wheat exports in the crop year ended July 31, 1932, left the Dominion by Canadian seaports against 57 per cent in the previous year.

Witnessed Charge By Light Brigade

WINDSOR, August 27 (C.P.).—James Allen, 97, believed to have been the last man who witnessed the Charge of the Light Brigade in the Crimean War, died to-day at the Essex County Old Folks' Home, near Leamington.

Allen spent most of his active life as a soldier under the British flag. No known relatives survive.

RECKLESS DRIVER.

LONDON, Ont.—Harry L. Corbett, Brownsville, Ont., youth today faced a charge of reckless driving as the result of a motor accident in which Miss Nellie James of Woodstock was injured on No. 2 highway, half-mile east of Crumlin last night. The young woman received cuts from flying glass.

A remand until next Friday was made in Corbett's case, pending a doctor's report on Miss James' condition.

BOWLER DROWNS.

BUFFALO. — The body of a man found floating in a small pond near the lake shore road yesterday, was identified to-day as that of Chris Degen, 47, one of the best-known bowlers in the country. Identification was made by his brother Frank.

PROBE CONTINUES.

LONDON. — Investigation into pollution of the River Thames north branch which resulted in the death of thousands of fish, was being continued to-day.

Assistant Sanitary Inspector Harry White took samples of the river water and sent them to the Institute of Public Health for analysis. He expects a report on Monday when further action may be taken. The stream it is believed, has been polluted by drainage from an industrial plant.

WILL PREACH.

Rev. J. E. Todd, of Calgary, former pastor of George Street United Church, will preach to-morrow morning in George Street Church at the union service of George Street Church and Murray Street Baptist Church.

COTTON MOVES UP $2.50 A BALE

Wheat Two Cents Higher Adds Interest to Market.

BULLISH MORNING.

NEW YORK, Aug. 27—Commodities again took the lead away from securities in another wave of buying in to-day's markets.

Public Utility stocks held up well, closing with many gains of $1 to $3 a share, but other classifications of stocks lost most of their earlier gains when profit taking appeared.

Cotton had one of its most vigorous upturns of the year, advancing $2.50 a bale or more. Wheat was up around 2 cents a bushel.

EAST BUFFALO, N.Y., Aug. 27—Hogs: 400 slow; weak to mostly 10-15 under Friday's average; desirable 160 to 210 lbs. $5 to $5.10; one load outstanding 190 pound selections $5.20; mixed and unfinished pigs and light lights $4.35 to $4.65.

Cattle 50: week's suply moderate; steer and yearling trade slow; weak to 25 and more lower; better grades of most; good to choice dry fed steers and yearlings $6 to $9; mostly $8.75 down; fleshy grassers and short feds $6.25 to $7.75; bulk common steers and heifers $4.50 to $5.50; fat cows $3.50 to $4; cutter grades $1.75 to $3.

Calves 50:: vealers 50 over last week $8 down.

Sheep 200; lambs closing 25-50 under last week; lowest of season; good to choice ewe and wether lambs moderately sorted $6 to $6.10;; mixed offerings and bucks $5.25 to $5.50; throwouts $4.50 to $4.75; fat ewes $1.50 to $2.75.

WALL STREET.

NEW YORK, August 27 (C.P.).—Financial markets ended the week with a striking bull demonstration extending through securities and principal commodities, particularly cotton and wheat.

The commodities were perhaps even more impressive than stock and bonds, stocks surged up about 1 to 4 points, with utilities showing pronounced strength in the last hour.

But other groups began to slip as buying shifted into utilities, and while many issues in that group closed about 1 to 3 points higher net gains elsewhere were mostly meagre.

An upsurge of $2.50 a bale for cotton was accompanied by a gain of about 2 cents in wheat, which had been a laggard yesterday, and the movement in these staples continued to stir bullish enthusiasm. The recent slump in bonds was checked and that market scored some improvement.

The turnover in stocks was around 2,000,000 shares for the two-hour session.

STANDARD EXCHANGE

TORONTO, Aug. 27—Prices developed some irregularity on the Standard Stock and Mining Exchange market in to-day's short session, but general tone remained strong. Renewed buying entered the market near the close, carrying a number of issues higher.

Noranda and International Nickel were practically unchanged throughout but Hudson Bay and Coast Copper advanced 10 apiece, Falconbridge a couple and Sherritt Gordon 4. Eldorado, Algoma and Dominion Explorers were firmer.

Siscoe encountered some heavy selling and sold down 6.

WINNIPEG GRAIN

WINNIPEG, Aug. 27—Unexpected strength at Liverpool together with overnight crop reports construed as bullish, shot Winnipeg wheat prices up to levels 1 ⅞ to 1 ¾ cents over the previous close in the opening minutes of trading this morning. Strength in stock markets also had considerable effect on wheat and although top levels were not held values at the end of the initial hour settled about 1 cent over yesterday's final quotations.

Heavy buying by Chicago houses in connection with spreads accounted for most of the support, while practically all of the offerings came from elevator interests in the nature of hedging.

MONTREAL MARKET

MONTREAL, Aug. 27. (CP) — After a firm opening leading issues were subjected to selling on the Montreal Stock Exchange to-day. The close was mixed with the leaders fractionally easier.

Canadian Pacific Railway and Montreal power were both lower on the day. C.P.R. was off ⅝ at 19¼ and power was off⅞ at 36, after having touched 37 in early trading. International Nickel held steady at 11½.

Shawinigan Power was off ¼ at 17, while Quebec Power held unchanged at 16½. Cockshutt Plow was down ½ at 7 and Canada Cement lost ⅝ to 4½ and Dominion Steel was off ⅛ at 2¼.

TORONTO EXCHANGE

TORONTO, Aug. 27.—Inactive issues contributed most to the advance in today's short session on the Toronto Stock Exchange. While the gains were in the majority leaders did no more than hold their positions and price changes in this group were practically all fraction. Volume was fairly heavy for a short session.

C. P. R., International Nickel and Ford of Canada failed to show much change from the previous close. Smelters was fractionally higher. Distillery and oil issues steady and Bell Telephone up a fraction.

Imperial Bank with a gain of 9 points contributed the largest advance.

SPOT MECHANICS' PLANE PASSING CAPE BRETON

HALIFAX, Aug. 27 (C.P.). — A plane was seen passing over St. Paul's Island, at the tip of Cape Breton, at 11.35, Atlantic daylight time, east coast radio signal service reports. It was believed to be the amphibian carrying Pilot R. T. Wickford and two companions to Harbor Grace to inspect Captain J. A. Mollison's plane when it arrived there from New York for the Eastward Atlantic crossing.

The amphibian had taken off from Hawkesbury about two hours earlier.

EXCHANGE RATES

MONTREAL, Aug. 27.—(CP)—Exchange rates at the close today were: Pound sterling in Montreal, 3.69½. U. S. Dollar in Montreal, 1.13⅛. Pound Sterling in New York 3.66⅝. Canadian Dollar in New York 88⅝.

HOOVER'S AIDE NOT ON SALARY

President's Secretary Loaned By Big Drug Firm.

WORKS FOR NOTHING.

WASHINGTON, Aug. 27.—President Hoover's new White House secretary is working for nothing, it was disclosed yesterday.

Loaned by Drug Firm

E. T. Clark, one of the Coolidge secretaries and now Washington "contact man" for the largest drug concern in the country, was loaned to the White House at the request of Mr. Hoover.

Some mystery was stirred up over the matter, but the facts are simple.

Secretary Theodore Joslin was worn out and had to take a vacation. White House business was driving the whole staff at a hard pace. Mr. Hoover needed additional help.

Clark made a reputation under Coolidge as one of the most popular and efficient of all White House secretaries. He operates much as did Joseph P. Tumulty under Woodrow Wilson. This pair are this generation's outstanding successes at that difficult job just outside the President's door.

Wiry, witty, wise, Clark has the necessary combination, plus a reputation and a character which rate gilt-edged in Washington.

Picked Up By Liggett.

When Coolidge retired, Clark was picked up quickly by Louis K. Liggett, the Boston drug man who realised his value as a Washington contact man—or lobbyist.

Clark was made vice-president of Drug, Inc., the general holding company of the Liggett interests, with assets of nearly $60,080,000 and a highly important business here.

Clark is drawing a liberal salary and some time ago refused an offer of a permanent White House job for financial reasons. This time Mr. Hoover appealed to him to serve temporarily, so Drug, Inc. is loaning him to the White House and paying his salary. Clark regards this as a contribution to the cause—Liggett being until recently Republican National Committeeman for Massachusetts.

Free Speech Vetoed Under Park By-Law

WINDSOR, Ont., Aug. 27.—(C.P.)—For making a speech at a meeting for which a permit had not been granted by the Windsor Parks Commission, Reginald Brophey was to-day fined $50 and costs for breaking a park by-law. He paid the fine.

Brophey told the court he was not a member of the organization which sponsored the meeting and was not a Red but the court pointed out he spoke after Mayor Croll had given an open warning that the meeting was illegal. Brophey was president of the East Side Citizens' Association, but has resigned since the meeting held by the Canadian Labor Defense League caused trouble. Five others who spoke at the meeting are now serving jail terms.

PRIZE WINNERS AT EAST CITY FAIR

Ton of coal—Mr. John McCabe, 293 Burnham St., No. 1554.
$10 cash—Margaret Conroy, 496 Stewart St., No. 1273.
$5 cash—James White, Charlotte St., No. 1544.
$5 cash—Frank Meade, 618 Rogers St., No. 1737.
$10 cash—Bernadette Allen, 650 Armour Rd., No. 2437.
$5 cash—James Drain, 76 Robinson St., No. 670.
$5 cash — Isobel Dalton, 262 Woodbine Ave., No. 2203.
$5 cash—Teresa Scollard, R.R. No. 9, No. 2568.
Buffet set—Mrs. Brotherstone, Armour Rd.

Nothing has been omitted from this year's Fair to make it a complete success, and the President and Directors confidently look for the continued support of the citizens of the city and from all of Central Ontario.

Spend a few days at the Peterborough Fair. It would be a cheap and pleasant holiday.

ROLAND DENNE, Pres. F. J. A. HALL, Sec.

ROAD FOREMAN IS REINSTATED

Michael McKievers, Douro Official, Resumes Position Under Council.

DEPARTMENT'S WISH.

A meeting of Douro Township Council was held on Tuesday, August 23.

J. B. Nelson, agricultural representative, wrote asking for grant to the School Fair.

J.McLeod, district weed inspector, re cutting of weeds.

W. Frankish, re report of valuation of sheep killed by dogs.

On motion, minutes of last meeting were read and adopted.

Moved by Galvin and Mahoney, that the Douro Council go on record as being hearty in accord with the sentiments expressed in copy of resolution passed by the Council of the County of Peterborough, recommending the Government to so amend the School Act that the cost of secondary education for non-resident High School pupils as a charge against the county include only the first two years of the present secondary school course. Carried.

Moved by Hayes and Quinn — That a grant of $0.00 be given to the Lakefield Agricultural Society. Also a grant of $13.00 to J. B. Nelson for Douro School Fair, this amount to cover the deficit of the year 1931. Carried.

M. Miller Is Heard.

Moved by Galvin and Mahoney— That Mr. Miller, district engineer representing the Department of Highways, address the Council. Carried.

Moved by Quinn and Galvin — That in view of the fact that the Department of Highways is desirous of having Michael McKievers continue as township road superintendent, the resolution passed on Junt 27 discharging Mr. McKievers be rescinded, and that Mr McKievers be reinstated as road superintendent. Carried.

Moved by Hayes and Galvin — That the treasurer be authorized to pay the following accounts:

Peterborough Examiner, printing 200 voters' lists, weed notice, notice of posting of voters' lists, $71.25: Municipal World, clerk's supplies, 47c; J. J. Coughlin, one copy of book entitled "Farm Weeds, $2.00: also one bottle of ink 25c. Carried.

Moved by Mahoney and Galvin— That accounts passed at meeting of June 27 authorizing payment of $4.00 to James Delaney and $2.00 to F. O'Brien be rescinded, and made to read, payment to James White and T. O'Brien, respectively, and that the treasurer be authorized to pay James Walsh $14 70 for 98 yards of gravel spread on Road No. 5, clerk to make the necessary changes on the pay sheets. Carried.

To Return Roll.

Moved by Quinn and Hayes — That the collector be authorized to collect balance of taxes forthwith, and return roll on September 6th, 1932. Carried.

Moved by Galvin and Mahoney— That the road superintendent cut no more weeds until authroised to do so by the local weed inspector. Carried.

Moved by Mahoney and Galvin— That no action be taken in regard to John P. Condon's application for $200 re land settlement until further consideration be given the matter. Carried.

By-laws setting rates to be levied on property in Township for current year received their several readings, and were signed and sealed. The following rates were struck: County rate, 18.7 mills; Township, 1.8 mills; Township Roads, 2.8; General School rate, 5.8; School Sections rates, No. 1 1.8 mills, No. 3 1.0 mill, No. 4 1.6 mills, No. 5 2.1 mills, No. 6 1.2 mills, No. 7 1.8 mills, No. 8 1.9 mills. No 9 2.0 mills, No. 10 6.2 mills, No. 11 2.7 mills, No. 12 3.1 mills, No. 13 4.2 mills, No. 14 3.2 mills, No. 17 no levy, Separate 8.5 mills.

Moved by Hayes and Quinn — That Council adjourn, to meet on August 25 at 8 p.m. Carried.

The port of Vancouver has the largest grain elevator accommodation in the world.

CAMPBELLFORD

BRIEF AND INTERESTING NEWS ITEMS FROM THE TRENT TOWN.

Work is being done by the Trent Canal authorities on the Campbellford Bridge, west of the river New nailing strips are being put in place on the south side of the bridge, so that the board walk, which in the past has been very rickety, can be properly secured and firmed.

Mr. and Mrs. Fred Todd, Donald and Muriel, were the recent guests of Mr. and Mrs. S. Gummer, Stirling.

Mr. and Mrs. R. J. Phillips and family were Thursday visitors to Havelock.

Mr. and Mrs. Fred Husband were the guests on Sunday of Mr. and Mrs. Herbert Spencer, Rylstone.

Mrs. N. Farrier, of Belleville, is the guest of Mrs. E. Vermylea, Canrobert Street.

Rev. and Mrs. C. D. Daniel and family, of Peterborough, were the guests on Monday of Mr. and Mrs. Fred Barnum, Petherick's Corners

Mr. and Mrs. John Wallace and Jean spent Sunday with Mrs. Wnilton, Menie.

MINERS PLAN NEW INVASION

Officials of Strikers, Turned Back at Franklin County, Meet in Secret.

WILL STRIKE QUICKLY.

GILLESPIE, Ill., Aug. 27. — Secret plans were made yesterday by the strike committee of miners for a second invasion of southern Illinois coal fields by swift moving units operating from bases surrounding the operating mines.

The committee, director of the nine mile motorcade of about 15.- persons which was repulsed by bullets and clubs at the Franklin County line Wednesday night, said it would not give out details regarding the contemplated new offensive.

No large unwieldy group, however, will stage the second march the committee said. Several thousand men, committee men, said, will be placed at strategic points surrounding southern counties and will be directed from four bases, located so that contact can be maintained with Kentucky, Indiana and Oklahoma miners who plan to join the movement.

Strikers in several counties held mass meetings yesterday to discuss the proposal and to select "committee men" to act as pickets for the second drive.

Violence flared again yesterday with Ray Tombozzi, Taylorville miner, reporting a bomb damaged his house, Tombozzi said another bomb failed to explode.

The Christian County grand jury indicted 32 miners on charges of rioting in connection with the strikers' march on Taylorville a week ago. All but one of the Christian County mines are closed.

Obituary

BABY McEACHERN.

CAMPBELLFORD, August 27 (Examiner Staff Correspondence).— The funeral of Robert Bruce McEachern, six-weeks-old son of Mr. and Mrs. J. D. McEachern, Front Street, Campbellford, was held yesterday afternoon from the family residence, the service being conducted by the Rev. George Duncan, minister of Warkworth Presbyterian Church. Interment was made in Mount Pleasant Cemetery. The child, who was born on July 13 of the year, died on Thursday, August 25.

Mrs. Florence Ada Keynes, mother of J. M. Keynes, the economist, and the first woman councillor and alderman of Cambridge, England, will be mayor of the borough next year.

Indian Girl In 12th Place

Eliza Cominada, Indian girl from French River, and only other Canadian entry besides Ruth Downing, who placed twelfth amongst a strong field of contenders in the Canadian National Exhibition women's swim at Toronto yesterday. She declared before the swim that the water of the lake did not seem cold in comparison with that of the northern lakes in which she has been training. Her brother Philip accompanied her in quest of fame and fortune.

BOWLING NOTES

AT HASTINGS.

HASTINGS, August 27 (Examiner Correspondence). — Hastings won one and lost three to Brighton bowlers on Friday night on the Brighton greens in the scheduled games of the Trent Valley Bowling League. In the first games Rivard and Roblin had a hard fight before Roblin nosed out a win by two points. The score was tied coming home, Brighton getting two to win 8 to 6. The other game was as hard fought, Karley winning from Johnson 9 to 7.

The closing games were not to close, Johnson winning almost as he pleased from Roblin 15 to 5, leading 12 to 0 at one stage of the game. Rivard dropped a close game to the veteran Karley 10 to 6. It is quite noticeable in the other towns in the league that bowling has not nearly the following that Hastings club enjoys. Hastings made the most points in the games, but wins count in the league standing.

Oats, peas, and vetches put into the silo without cutting will produce ensilage which is mouldy and not fit for feed.

SILAS PARSONS DIES IN TORONTO

Chairman of Board of B. A. Oil Company Passes After Long Illness.

IN 79TH YEAR.

TORONTO, Aug. 27 (C.P.)—Silas Richard Parsons, chairman of the board of the British American Oil Company, Ltd., died here early today. He was 78 years old, and had been ill for some months.

Mr. Parsons had held high rank in manufacturing circles in Canada and for nearly 30 years had been a leader in commercial and industrial affairs, playing an important part in the development of Dominion resources.

He was president of the Canadian Manufacturers' Association in 1917, having previously been a member of the Ontario executive committee and vice president of the transportation committee, a director of the Union Trust Co., Ltd., and the Canadian Fire Insurance Co.

His widow, formerly Miss Annie Kate Helliwell of Winnipeg, and three daughters survive.

Order Cuban Consul To Get Out Of Spain

MADRID, August 27 (C.P.). — The Spanish Government to-day allowed Jose Carballal, Cuban Consul, 24 hours to leave Spain, persona non grata. It was learned the order had been issued because Carballal and his daughters were reported to have expressed sympathy with the monarchy, giving toasts to former King Alfonso aboard foreign ships anchored off Corunna, which is considered foreign territory.

Hastings

Mr. and Mrs. T. A. Coughlan are spending a few days in Toronto.

Miss Irene Doughty, of Ottawa, is visiting Miss Beryl Hill.

Mr. Lovett, of Toronto, is the guest of Mr. and Mrs. Wm. Hill.

Miss Marion Stevens has returned to her home in Toronto after spending the summer at the home of Mr. and Mrs. D. E. Scriver.

Miss Verna Hall, of Toronto, is holidaying in town.

Miss Dorothy Johnston has returned from a week's visit with friends in Haliburton.

Mr. and Mrs. S. Hatherly have motored to Toronto for a few days at the Exhibition.

Miss Pearl McMillan is visiting friends in Toronto.

Miss Verna Turner, of Peterborough, is the guest of Mr. and Mrs. W. A. Lavoie.

Mr. Wm. Tate, of Lindsay, was a recent visitor in town.

Mrs. Bert Preston entertained Mrs. Howard Fife, Mrs. Robt. Johnston and Mrs. J. E. Oliver at The Maples on Wednesday.

Mrs. Clare Johnson and family, of Toronto, are visiting at the home of the former's parents, Mr. and Mrs. Harry Dodd.

Harry Jones, coal miner, risked his life at Blaenavon, England, to rescue a cat by making a rope descent into a disused pit containing water of unknown depth.

ASSOCIATION ONLY WILL AID CHEESEMAKERS

J. L. Irwin Urges All Makers to Link Up With Organization for Better Results.

CAMPBELLFORD MEETING.

CAMPBELLFORD, Aug. 27. (By Examiner Staff Correspondent).— "We must keep up the Central Ontario Cheesemakers' Association; no maker must be out, and I urge that all makers immediately link up with the organization" said J. L. Irwin, Dominion cheese grader, speaking at a meeting of Campbellford Cheesemaker's Association held last evening in the Campbellford grading station and presided over by W. V. Drewry, of Warkworth.

The association had done much for the makers in the past said Mr. Irwin. The reduction of the six cent tax on boxes was a point in question, and now it was just getting in that position where it could exert some influence with the powers that be, and linked up with the Cheese Factory Patron's Association on a common ground of understanding it would be a strong force for the betterment of conditions for the cheese industry as a whole.

Speaking of the industry he declared that cheese for the British market must be close. London was a fussy market he said, and since the Imperial Conference which had given thep reference to Colonel cheese, Canada had not only to increase its volume but retain its quality. New Zealand was not laying down on the job, Mr. Irwin stated and at present were working on a plan of their own to stabilize competition with this country, despite the fact that they were hampered with the necessity of pasteurised milk.

Grade More Cheese

Of conditions in this country the speaker said he had graded 6,000 more boxes of cheese this year than last season during the corresponding period, and this was about one and a half percent better quality. For the past week ninety-five percent of the cheese he had graded were the best he had seen in ten years. This in itself spoke well for the advancement of the industry. Of the price of cheese he thought that it would come to its own saying that to assist this the government was working on a system of a special brand for good Ontario cheese.

J. I. Murray, group instructor, stated that this week's grading was the best showing of cheese for many weeks past, with no pickouts at all registered. The standing of the group was also good for from August 1 to 13 it stood sixth, with only 41 cheese out. He thought the steaming of cans had brought about this improvement and felt that when the farmers fully realized the importance of this addition to the industry, still greater improvement would be made. He told the makers to cook their cheese good with a fair amount of acid to the make, and to shrink them well and avoid open cheese, a type that was not wanted on the Old Country market.

Speaking to the makers, President Drewery deplored the fact that grading station meetings were not so well attended as the factory meetings and urged that all mkers pay heir dues to the association, pointing out that there was a possibility that if the funds were not raised the annual convention would have to be postponed for this year. It is scheduled to be held in Napanee. Dues from all groups were slightly in arrears he said, it was not a condition common to the Campbellford group only.

After the meeting a general discussion was held regarding difficulties common to the industry.

LUMBER EXPORT BOOMING IN B.C.

Province Ships Out More Than Oregon and Washington Together

FIGURES FOR JULY.

VANCOUVER, Aug. 27 (C.P.). — For the first time in the history of the Pacific north-west lumber industry, British Columbia mills during July shipped more lumber to overseas markets than did the combined mills of the States of Oregon and Washington. At the same time this province was practically excluded from the United States market by the tariff of $4 per 1,000 feet, shipping only 45,000 feet to the Atlantic coast and California by water in July, against 7,000,000 feet in May.

British Columbia shipped 43,400,000 feet or 59.6 per cent. of the total of 73,800,000 feet sent overseas from the province and two states during July. In the past Washington has accounted for more than half the overseas export lumber trade of the area, with Oregon second and British Columbia third.

Australia and the United Kingdom, two markets now almost closed to Washington and Oregon, took 32,600,000 feet of the amount shipped by British Columbia.

During the first seven months of this year water shipments of lumber from British Columbia, Washington and Oregon showed a loss of more than 40 per cent. compared with the same period last year.

CYCLONE HIT, 5 MEN ESCAPE

Group Are Taking Shelter in Service Station as Wind Wrecks It.

ROOF CARRIED 100 FEET.

GRAVENHURST, Aug. 27.—Taking shelter in the Arch Gateway Service Station at the south end of the town, about two o'clock yesterday afternoon, during a heavy downpour of rain, five men miraculously escaped death or injury when a wind with cyclonic force suddenly broke over the country-side, completely wrecking the building and throwing the large roof 100 feet away.

At the moment the building was wrecked, a Toronto motorist drove to the station to refuel, but managed to step on the gas and dodge the falling roof. All the contents of the station, including lunch counter supplies, were ruined by rain and falling plaster.

Neil Christenson, proprietor, places his loss at about $2,000, covered by insurance.

Highway Patrol Officer Robert Clark was one of the five taking shelter during the storm.

May Reduce Interest On Domestic Debts

BERLIN, Aug. 27. (CP) — The government's search for funds to finance its projected employment programme may embrace a reduction of interest rates on Germany's domestic debt.

This conclusion was reached today after Dr. Hermann Warmbold, minister of economics, had told the Associated Press interest rates on the foreign debts would not be altered, but that he could give no assurance as to the internal debt.

CHINA STRIVES TO HALT ANTI-JAPANESE BOYCOTT

SHANGHAI, China, Aug. 27 (C.P.) — Replying to the protest of the Japanese Consul against the anti-Japanese boycott campaign now in progress, Mayor Wu Teh-Chen today said the Chinese were striving to quash anti-Japanese agitation. This assurance served somewhat to quieten the growing tension in both Japanese and foreign circles.

Exports of cotton goods from the United States to the Philippines increased 16 per cent. in the first seven months of this year compared with the corresponding months of last year.

Stone for building can be cut to any desired shape by a new carborundum machine, which leaves on the stone a finished surface better than any mason could do.

NORWOOD HIGH SCHOOL

1932 FALL TERM COMMENCES TUESDAY, SEPT. 6TH.

The work undertaken includes:
Lower School—A two-year course.
Normal Entrance or Public School Teachers' Certificate — A three-year course.
First-Class or Continuation School Certificate—A five-year course.
Junior Matriculation—A four-year course.
Honor Matriculation—A five-year course.

Staff in Charge

E. J. Spinks, B.A., Principal.
Countess L. Twiss, B.A.
Maude E. Fleming, M.A.
Madeline Williams, B.A.
Charles Renaud, Supervisor of Music.

A motor bus will carry pupils from Westwood, Villiers, Birdsalls and district.

Good accommodation for students from out-of-town.

Board of Education,
Armar Weir, Secretary.

2d-27,30-2140

WHEAT OUTLOOK SHOWS BIG DROP

International Institute Agriculture Predicts Million Metric Tons Under 1931.

RYE, BARLEY HIGHER.

ROME, Aug. 27 (C.P.).—The International Institute of Agriculture estimated yesterday that 1932 wheat production in the Northern Hemisphere, excluding Russia and China, will be 1,000,000 metric tons under the 1931 production.

Rye and barley crops are expected to exceed their 1931 totals greatly, and oats to a lesser degree.

The total old stocks of wheat in the world at the beginning of the current season and the wheat now harvested in the Northern Hemisphere, excluding Russia and China, were estimated at about the same as they were at the beginning of last season.

The Institute announced that while precise information on the Russian crop is lacking, it seems likely that because of the smaller area of cultivation, unfavorable weather and other factors, the quantity of Russian wheat available for export will be less than last season.

AND "BARNUM" WAS RIGHT

Barnum, the circus man, once said of advertising: "If you have $10 to put to good use, put up one for the article and the other nine dollars for advertising. I can out-talk any man on earth but a printer. The man that can fiddle around with sticks of type and the next morning talk to a thousand people while I am talking to one, is the man I am afraid of . . . I want him for a friend."

"Canada's all right" observed Mr. Picobac

MR. PICOBAC, the optimist of Essex County, having placed a freshly filled pipe carefully between his teeth, screwed up his left eye into a long, slow wink.

"Canada's all right," observed he. "There haven't been any bank failures in Canada. But there have been quite a few of them in some other countries, I notice."

Mr. Picobac straightened his vest and continued.

"Canada will come back all right. We may have to wait a bit but she will come back and she'll come back strong. As long as we can get three good square meals a day and a snack going to bed at night, I'm not going to worry—and *Picobac,*" he added hastily. "Don't forget Picobac. I do like a mild...cool...sweet...smoke.

• • •

Picobac pipe tobacco is the product of carefully graded and selected Canadian Burley, grown chiefly in Essex and Kent counties along the shore of Lake Erie. Try it. On sale everywhere.

—and don't forget, you get more tobacco for your money.

Good for making cigarettes, too.

GREATER FIELD FOR VOCATIONAL SCHOOL PUPILS

Vocational Training Proves Effective in Developing Students for Trades.

PROFESSIONS LIMITED

Peterborough's New School Raises Standard of Usefulness of Its Graduates.

The Vocational School is the answer to the growing demand that our Secondary Schools offer preparatory courses not only to those entering the professions, but also that larger group who will find their way into trade, commerce, and industry, states an article in the Peterborough Collegiate and Vocational School Announcement for the fall term.

It is safe to assume, the article continues, that about one-third of the pupils at present in school will eventually find their way into industrial employment. Either they must arrive there ignorant of what is expected, or it follows that industrial education must be studied and developed in the most thorough manner in order that it may prove effective in preparing this large body of workers to render efficient service and to attain their own great success. Secondary education along vocational lines is as essential as special training for professional occupations.

Professions Small

After all, the number of professional men required in the community is small, especially in a young country like Canada. Commerce and industry make increasing demands. The great need is for intelligent and industrious workers in the home, on the farm, in the shop and factory, and in the store. The new school with its wide range of courses will greatly increase the standard of usefulness of all who attend.

Many boys and girls have not been able to decide by the time they are ready for high school what sort of occupation they should like to follow. The Vocational School, by putting such pupils into intimate touch—through its shops, laboratories, Household Arts and Commercial Courses—with a variety of occupations, may help them discover what kind of work they are best adapted to, and so solve this important problem.

Many Subjects

All the subjects of the high school course are taken up except foreign languages, and in addition, a wide variety of practical subjects such as fit pupils immediately upon finishing their courses to take positions in commercial, industrial or home-making pursuits.

Parents may rest assured that the training given in the Vocational School cannot be excelled for pupils who do not intend to go to the University.

Become Proficient

Every effort is made to see that pupils become proficient in the practical work of their courses, but the training is broad enough to make for good citizenship as well, and the enjoyment of a happy, well-balanced life.

Parents may feel confident that the sacrifice entailed in keeping their children at school until the completion of their high school course will be fairly compensated in the wider opportunities that will be open to them and the greater likelihood of success and advancement.

Three years are required from the time of passing the High School Entrance examinations to complete a course in the Vocation School. A Graduation Diploma is given to pupils who have satisfactorily completed three years' work in the Vocational course.

SCHOOL DAYS DRAWING NEAR

Peterborough Schools Will Open on Tuesday, September 6.

CITY PUPILS LUCKY

Dread announcement. Bad news, which will trickle to the old swimming hole, summer camps, tents in backyards, the highways and byways of cooling woods, which have been the haunts of upwardsof six thousand children for the past seven ecstatic weeks. Shadows of school loom like a dark cloud on a sunny horizon, less than two weeks away.

School opening has been officially decreed to commence on Tuesday, September 6, for Peterborough Public Schools. At that Peterborough children have cause for joy because in many of the cities and towns in Ontario school opens sharp on September 1.

Already book stores have cleared the decks and windows.

School authorities here decided months ago that it was better not to call the children back to learning until after Labor Day. Opening before that day is never satisfactory, since so many do not return from holidays until after that day, which has come to mean the end of summer.

Nevertheless, school is calling, teachers beckon, hardwood seats are being dusted and holidays are almost over. Skipping ropes will get a rest soon as pencils will be sharpened. School is almost in, but six thousand children will say they are not ready for it—yet.

BRIEF HISTORY OF COLLEGIATE

First School in Peterborough Built in 1827.

STEADY GROWTH.

The turning of the first sod for the Collegiate Institute extension on July 1st, 1927, the Diamond Jubilee of Confederation, was a memorable event in the history of Peterborough. It marked a century of educational progress.

The first school house in Peterborough was built in 1827. It was a log building with shingled roof, of very plain and unimposing appearance, and stood on the ground now used as a playground at the rear of the present Central School. The Rev. Samuel Armour, the first Anglican clergyman in Peterborough, conducted the school. In it were taught for a time both the higher and the rudimentary branches of education. As the village grew, other schools specially devoted to the studies usually taught in common schools were organised, and then this building was appropriated solely to the purpose of a Grammar School or a High School as we should now call it. Such was the humble origin of the Peterborough Collegiate Institute.

Towards the close of 1853, the old grammar school building was found to have become so dilapidated through time and use, that it was discarded and the Board of Grammar School Trustees amalgamated with the already united Common Schools. John Langton, Esq., was appointed Chairman, Dr. Hay, Secretary, and W. Cluxton, Esq., Treasurer of the Joint Board.

From 1854 the United Grammar and Common School was carried on in a vacant church, formerly occupied by the British Methodist Society, situated on the corner of what is now Sheridan and Hunter Streets. In a few years it was found that the old church afforded insufficient accommodation, and a new Union school building was erected on Murray Street. This building, now known as the Central School, was at the time of its erection one of the finest school buildings in Upper Canada. It is of fine, white brick, built in the Italian style, with wide corridors and lofty ceilings. The building cost $16,258, and was opened in 1860. The Grammar School pupils occupied rooms in this building until December, 1891, when they moved to the building next to it, now known as the old Collegiate Institute.

With the growth of the city, accommodation in the old Collegiate Institute became quite inadequate, and the Board of Education in 1904 took the first steps that led to the erection of the building in Central Park. This school was opened in September, 1908.

In course of time the attendance increased to such an extent that it became necessary to build an extension. This was done and in September, 1928, we entered the present combination school. Some of the new features are a splendid auditorium on the ground floor; two gymnasiums, one for the boys, the other for the girls; five shops one each for woodworking, machine shop practice, motor mechanics, electricity, and draughting; four well-equipped laboratories for teaching science; an art room; a lantern room; a sewing room; and an up-to-date kitchen and demonstration room. The combined school now offers every facility for carrying on both day and night classes. It should be a centre of community interest and a source of civic pride to all our citizens.

The Various Courses.

The Peterborough Collegiate Institute and Vocational School offers to Entrance candidates a broad range of subjects of study. The choice which each boy and girl makes of the course to be pursued is an entirely important undertaking. On it may depend success or failure, not only in school life, but also in after years. Therefore, every care should be taken to arrive at a correct decision at the very beginning of high school work.

WEATHER HALTS CAPT. MOLLISON

Is Ready to Start Hop for England Minute Conditions Right.

NEW YORK, Aug. 27. (CP) — Captain J. A. Mollison told the Canadian Press to-day he would not be able to make any decision as to the time of his take-off on the return flight to England until after another conference with Dr. James Kimball, weather expert, during the morning.

The British flier who made the first westward solo crossing of the Atlantic a week ago was refreshed by a long night's sleep and ready to take off just as soon as Kimball gave the word weather conditions were all right. It was doubtful whether weather over the Atlantic would be good enough for some days, apparently.

When he does get away Mollison will fly his light aeroplane to Saint John for an overnight stop, and thence to Harbor Grace, Nfld., where he will pause for the trans-Atlantic hop.

Peterborough Collegiate and Vocational School which this term will have forty teachers on its staff and more than a thousand students from the city and district to instruct.

BY CRAIG CARROLL

CHAPTER NO. 1

The two slips of paper burned in Judy's pocket book. She did not need to read either of them again. She knew every word by heart.

Miss Allison: Report to WAOA tomorrow at 10 for an audition. Beauty Builders. Just talking. You ought to get it. Best luck. DICK MASON."

That was one of the messages. That was why she was on the Sheridan road bus now, going downtown in the bright, cold morning, wearing the new brown wool crepe dress, the tan lapin jacket, the new brown hat with the brown and tan bow. Wishing. Thinking about Dick Mason. Wishing.

And think about the other message. The telegram.

"Judy: I am not going to send you any more money. You have been in Chicago six months without getting anywhere. Now come home. FATHER."

That message had come first. It came about 3 o'clock the afternoon before and for a long time after that Judy had just sat looking at the message, thinking now how she would have to go home; how this had been the one chance of her life and she had failed.

She had gone downstairs to the tearoom. She sat alone at a little wall table until Mrs. Malone, who owned the tearoom, said, "Do you mind letting some one share your table? It's so crowded tonight."

"No," Judy said, looking up. "Of course no."

* * *

A young man sat down. She noticed he had very strong hands, tanned, and that he wore a small ring on his index finger.

She went on looking at her father's telegram, not looking up, until at last she heard the man say, "May I have the sugar, please?"

She passed the sugar bowl. Somehow it slipped suddenly from her hand, tumbled upside down on the cloth, spilling sugar everywhere.

"Oh". She felt her cheeks flaming. She looked straight at the young man. He was smiling, chuckling. He had thick hair, brushed smooth. Nice eyes.

"I'm—nervous," she explained. "Sorry."

"You look worried about something. Could I help?"

"No. No. It's nothing. Nothing at all."

The telegram lay before her. Quickly she picked it up, crumpled it, stuffed it into her jacket pocket.

She looked down now and tried to eat. She couldn't eat. She kept thinking what it would be like to have to go home a failure. She couldn't think of anything else.

"Pardon me," the young man said, after a long time. "I know this is all wrong. But—I've seen you often here. I live here, too, you know. On the fifth floor."

"Oh, I live on the third."

"My name is Dick Mason."

"Mine is—" She paused. This wasn't the thing one does. Of course not. But he had a nice smile. He looked—nice. That was the only word. All right. "Mine is Miss Allison."

He got up, made an exaggerated bow.

"Charmed, Miss Allison. Charmed, indeed!"

* * *

Then they both laughed, because they both wanted to laugh, and after all, it was an autumn evening, and after all—. After a while they talked. About Chicago. About how nice it was to be in Chicago.

"I'm going home Tuesday," she said, dismally.

"You shouldn't."

"I have to."

"But why?"

Afterward it seemed like a terrible thing to have done; but she handed him the telegram from her father, not saying anything about it. He hesitated a moment. Then he read the message.

"That's—bad. Can't you do anything to keep from going?"

"How can I? I'm an organist. There's nothing for organists."

"Isn't there anything else?"

"I can sing—a little I used to act in schoolplays. That's all. I can't run a typewriter or take dictation. I can't run an adding machine. I don't know how to sell shoes or silk or—or anything."

"You have a nice voice."

"Oh—"

He added, quickly. "You see, voices are my job. I'm a—don't laugh, now! I'm a radio announcer."

"Oh!" Judy remembered all the times she had listened to the radio back in Hiawatha; heard music coming from Chicago, from New York; heard pompous, cultured voices intoning the announcements—heard, now and then, a warm, friendly, real voice. Like this voice.

* * *

"I'm on the staff at WAOA. Chief announcer," he said, with a touch of naive pride. "And I thought—I thought—Wait!" His eyes sparkled. He was nice, Judy thought. "Wait a mniute—I've an idea! You have a lovely voice. Really. And good diction. Gosh!" He stared at his wrist-watch in obvious surprise. "I had no idea it was 7.20. I'm on the air in fifteen minutes. Got to run. But—I'll leave a note in your mailbox tonight. About a job. A job you can get, I think. And—You won't throw me down?"

"Throw you down?"

"You'll try for it?"

"Of course. Oh, of course. But—" She ought to protest. She oughtn't to take help from a man she didn't know. Not even from such a nice man. Not even from Dick Mason. "I—"

He was already halfway to the door. It wouldn't do any good to argue. She could see what it was about later.

"Remember!" he said. "I'm counting on you! 'Bye."

"'Bye.' Judy had said, in a small voice. And the young man had gone and now Judy, riding on the bus, remembered that Mrs. Malone had been smiling, had said. "Nice, isnt he? And so different from most young men. A really fine young man, Miss Allison." Matchmaking again, Judy had thought. The one thing Mrs. Malone loved was to see her "young people"—she called them all "my young people"—to see her young people going places together. She was proud of three marriages she personally had caused by careful introductions.

* * *

Judy had put the telegram back into her pocket, got up hastily, paid her check, gone to her room. She went out later, alone, to the arty little movie around the corner and saw a German film, and she couldn't understand German and the hero was homely. So she went home, and to bed, and tried to sleep, and tried to believe she wasn't going back to Hiawatha, after all. Sleepily she remembered that Dick Mason's hair was thick, and brown and brushed back smoothly; that his eyes twinkled; that he had a very small dimple in the exact center of his cheek, and that—

She awakened to a sharp, loud knock, and she knew at the first moment of wakefulness that only Mrs. Malone would be knocking so early. Early? The clocks said 8.20. She's been asleep for hours and hours!

"Yes."

It was Mrs. Malone.

"Miss Allison. Mr. Mason left a message for you. He said it was very important. He said he'd see you—down there. He said to be on time for sure. He said—"

Judy opened the door, saw Mrs. Malone smiling maternally, thought "Matchmaker!" said, "Thank you, Mrs. Malone," closed the door, read the message from Dick Mason. He wrote with funny, big flourishes. A nice, friendly way to write.

"Miss Allison: Report at WAOA tomorrow at 10 for an audition. Beauty Builders. Just talking. You ought to get it. Best of luck. DICK MASON."

She couldn't understand for a moment. Talking. Talking? Oh, of course. Talking on the radio. But she couldn't. She didn't know anything about radio. She'd read about studios and microphones and all that, and the girl who used to live across the hall had acted on the radio once and she talked a lot about it. But—but—No. She couldn't. She couldn't possibly. Of course not.

* * *

She started back to bed. She stopped. Her father's telegram lay on the dresser. "You have been in Chicago six months without getting anywhere. Now come home. FATHER." Not getting anywhere. A failure! And now—now a perfect stranger tried to help and she couldn't even get up enough nerve to try it!

Suddenly Judy began to scurry here and there in her room. She heard herself, all at once, singing happily; the first time she had wanted to sing in days. She got out the new brown woollen dress with the beige lapin jacket. The color brought out the blue of her eyes and her chestnut hair. Nice. She got out the new stockings, the ones with the special tops. Nice, too. She got out her new brown suede pumps with the patent-leather bows, perky little bows, nice little bows. She dressed, watching the clock, seeing the minutes race past, faster and faster. She ran out into the street.

She wondered about a taxi. No. She'd better not. Too much money. A bus. She stood on the corner waiting. Busses were stalled in traffic up the street. A bus wouldn't ever come. But a bus did, and she jumped on and climbed the stairs to the upper deck and found a seat.

Now, riding on the bus, she reviewed the events of the last day and felt a thrill of anticipation.

The bus was slow. Only to Walton place. Blocks to go. She wanted to shout at the driver to hurry, never mind about the others, hurry!

* * *

She looked at the young man across the aisle.

"Please", she managed at last, in a very small voice. "Please. Could you tell me the time?"

The young man without a hat grinned at her.

"There's the Wrigley clock," he said, pointing.

Sure enough. They were almost to the building. There were the big black hands. Nine forty-two. Eighteen minutes left. Eighteen minutes, and another block to ride, and four blocks to walk!

She was sure she couldn't possibly make it. She jumped up, started along the aisle, lurched as the bus swayed, against the young man's shoulder.

"Help you, lady?" he asked, still grinning.

"No, No."

Wildly, Judy pushed the button. Wildly, she jumped down to the sidewalk ,turned, bumped into a man, another man, sped across the sidewalk.

One block. She couldn't possibly make it!

Three blocks. She looked over she shoulder. Three minutes to 10. She couldn't do it! Couldn't!

There was the building, enormous, grim, with long rows of windows blinking at the sun. There was the door.

She began to run along the high, wide corridor.

The elevator at the end of the hall. "WAOA" over the door. She saw the clock. One minute left! She ran headlong, crowded into the car somehow.

"Twenty-seven," she gasped, weakly.

"Twenty-seven." a calm voice said from just behind her.

Judy looked quickly. A tall blond girl, with a new black hat over one ear. A very sure sort of girl.

* * *

The door closed. And Judy knew if the door had not closed she would have run out of the car again. She would have hurried away, because she couldn't possibly have a chance, because she couldn't possibly get the job. No experience.

'Have you talked on the radio before?" some one would ask, and she'd say meekly. "Why—no." "Have you acted on the stage?" And again she would have to say, "Why—no." "What qualifications have you?" "Why—I don't know. I—I thought perhaps I—"And then what could she say? That she was a prize music student back in Nebraska? That she had been studying the organ for eight years now? Organ! And she wanted to talk on the air.

The telegram burned in her pocket-book. The telegram from her father. She knew what it would be like, getting off the afternoon train at Hiawatha, knowing she'd never get on the train to go away. She knew how her father would smile.

"Twenty-seven. Studio floor."

The elevator door slip open. Judy was shoved through the door and people streamed past her. Mostly girls. Well-dressed girls. Confident-looking girls.

Helpless, hardly sure what was happening, she was borne along with the stream. All at once, there was a big desk before her, and back of the desk a girl—just the sort of girl Judy had known would be there.

"Whom did you wish to see?"

The girl hadn't even mothered to look up. Just went on making marks on a big pad with typewritten lines all over it.

"I—I—"

Judy felt a hard shove. "Hurry up, there, sister." The blond girl was behind her, hard-eyed now, with something wolfish looking in her look. Judy wondered, quickly, vaguely, if this girl really needed work. She didn't look as if she did. But the strange, eager, desperate stare—Judy managed now to say, "I had an appointment for an audition."

"What account?"

"I beg your pardon?"

"What account, I said?"

"I—I—"

"She means what company was it for?" the blond girl said in a harsh voice.

"Oh. The Beauty Builder. Mr. Mason told me to come."

"Um—Sit down over there."

Careless, still not looking up, the girl behind the desk waved one hand toward the wall. Judy saw a long bench. A half dozen girls sat there, one reading a paper, one staring at the ceiling, two talking loudly, excitedly; one smoking, with a long cigarette in an even longer holder.

"I—" Judy began.

"Over there I said. Come. There are a lot of others waiting," the girl at the desk said.

"Yes. Thank you."

* * *

Judy wandered through the crowd, found a place at the extreme end of the bench, sat down. Strange. Stranger than anything she had dreamed about. Sitting in the living room at home in Nebraska, listening to the radio programs from Chicago, she had wondered, a little, what a radio station was like, what it looked like behind the scene. Now she saw, and she knew no more than before.

The blond girl was seated next to Judy.

"What a life," the blond girl exclaimed suddenly.

"What?" Judy said.

"Awful life. Worse all the time."

"I—" Judy stopped. She didn't know what she should say now, but she knew she was supposed to say something.

"Work all day like this, sit around hours and hours, get nothing, do it again—all so half a dozen egs can listen in another room and say, 'Oh no, no, no. She won't do at all'!" the girl said, all in a breath.

"I—You see," Judy managed, "it's my first time here."

"Oh." The blond girl opened her eyes, now; sat up stared at Judy, looked at her clothes, nodded, grinned. "Tenderfoot, huh?"

"Yes, I guess so."

"You won't last."

"Why?"

"Wait and see," the girl said cryptically.

* * *

Now another girl detached herself from the line at the desk, came across the room, very erect, shoulders high, very sure that her clothes and her hat were right. She had very dark hair, her eyes were sharp and black. She studied herself in a mirror back of the bench. She opened a compact and applied more rouge, deftly, qickly. Then she smiled at herself, and sat down. She looked at Judy.

Judy felt her cheeks burn, under this slow, insolent stare. The girl had no right to look at her that way. To be so patronizing without saying a word; to be insulting without even changing her expression. Judy wanted to tell her so. To say, "I don't like you, either. You're not so wonderful!"

"That's the great Lona Burdette, the blond girl said. "Watch out for her. She's poison. When she wants to be. She—"

She stopped. There was a commotion at the other end of the bench. Girls were jumping up, following a round little man with a bright bald head.

"Come on, now," the blond girl said. "The murder begins. This way."

Judy followed, along a hall, through a big door, along another hall. Lona Burdette led the way, as though it were her right. And Judy followed the others in. An amazingly high room, long and wide, with a shiny, polished floor, with lights hanging from the ceiling.

At one end, through a panel of glass set in the wall, Judy saw dimly a half-dozen people, leaning over a table At the other, high up, almost to the ceiling, she saw a plate-glass window, and many people sitting beyond the window, looking down She felt small and unimportant Now she was pushed into a small iron chair

Girls were all around her. A dozen girls. More. She counted quickly. Fifteen girls, besides herself. Sixteen, seeking the one job.

She studied them. The blond girl was all brightness, sitting up straight. Her eyes shining, her nonchalance forgotten. Lona Burdette was putting on more rouge. One of the girls was talking to herself in a low voice; saying the same words over and over. Another put two big throat capsules in her mouth, grimaced. Another was fixing her thick black hair.

* * *

"Girls. Quiet!"

The round little man mopped his bald head.

"Girls!" he piped again.

A sudden deathlike stillness settled in the cavernous room.

"Now," said the round little man, "this is an audition for the Beauty Builder."

Nobody said anything. They all knew this already.

"Here," said the round little man, advancing straight toward Judy. "Here. What's your name, young woman?"

"Uh—Judy. —Judy—Allison."

"Ellison, eh?"

"Allison," she corrected.

"Elison," he repeated firmly. "Here, Elison. Take this."

He thrust a sheet of paper into her hands.

"Well?" he questioned.

Judy stared at him. She looked at the other girls. They were all watching her—and she thought that in all their faces, in all their eyes, she saw a desperate gleam.

Judy stared, hoped, wished. No use. She couldn't see Dick Mason anywhere.

"Well!" the round man snapped now. "Get busy, young woman. Get busy!"

"But I—I—" She felt faint.

Mustn't look like an amateur. Mustn't act like an amateur. "You have a nice voice," Dick said. Mustn't act like an amateur. Bluff it through. Do it as though you'd done it a million times before. Where was Dick to help her?

CHAPTER NO. 2

Judy rose. She knew what a microphone was, of course. And in the middle of the studio hung a round, black thing, suspended from cords. The microphone. She walked toward this, stood in the center of the enrmous room. She felt like the last woman in the world. The eyes of the other girls burned in her back. She held the paper, stepped a little to one side, stared at the round black microphone, wondered, waited.

"Go on!" the round man said. His voice echoed up and down the walls of the big room. "Go on, Allison!"

She stared at the paper.

"Good morning," it said. "This is the Beauty Builder speaking. Every morning at this same hour, I bring you the newest facts about the newest fashions, in hats, in dresses, in shoes, in cosmetics—all to help you. And every morning—"

The words faded out before her eyes. Past the microphone, back of the glass panel at the end of the room, she saw Dick Mason. He was leaning forward, almost touching the glass. He was waving one hand.

He meant, "Read it. Got to it! Start! Show 'em!" He meant all he said in that brief talk last night. He meant, "Get the job girl. Get the job!"

She glared at the microphone. Afraid of that?

She turned a little on one heel. She glared at the other girls. Afraid of them?

She threw back her shoulders, put her head back.

* * *

"Good morning," she said, and the words sounded strangely flat and muffled to her. "This is the Beauty Builder. Every day—I mean every morning at this same hour, I bring you the newest facts about the newest fashions in hats, in—"

The round man was tugging at her shoulder. He was scowling, contemptuous, sneering.

"That's enough! Go back and sit down! Go back! Go on! You—you blond girl. Come on. You're next! Snap into it." He shoved Judy lightly. "Sit down, you!"

Somehow, Judy stumbled across the room to the chair. Somehow, she kept back the tears that fought to show in her eyes. Somehow, she kept her head up, she listened, she hard the blond girl's sure voice; she heard another voice and another, and another. And she heard the round man say suddenly, "That's all. You can go. That's all."

The blond girl started to speak to the round man, stopped grinned, walked out the door, confident as ever, sure as ever. The girl with the compact put more rouge on her lips, followed. And the others. Last of all, Judy, walking slowly. No confidence kept her shoulders square no desperate gayety made her smile. The tears were hot in her eyes. She hadn't done anything. Couldn't even read without mixing up the words. Couldn't—

"Judy! Oh—Judy!"

It couldn't be anybody calling her. Couldn't be. Couldn't be. If she didn't hurry, if she didn't get out of the building, if she didn't find a corner, somewhere anywhere, she'd cry so that every one could see.

"Judy! Wait, Judy!"

She turned.

* * *

Dick Mason came running toward her, down the hall. Smiling.

"Judy," he said again, "you're swell!"

He seized both her hands. Her pocketbook dropped, but she didn't move to pick it up. For Dick was telling her, breathlessly, chuckling between the words. "You got it! I knew you could do it! You got it!"

She managed finally to gasp. "Got it? But I—I didn't even get to read all of it. And the others—the blond—"

Dick laughed at her. He was tall, and he had a dimple, just as she had remembered. He had brown hair, very smooth. She hadn't noticed it before, but he was handsome. She heard Dick Mason say, "That was just the regular stuff. They liked your voice the minute they heard you. So you start Monday. Forty a week, three mornings a week. And that's not all. They're going to use your real name, Judy. Miss Judy Allison. The Beauty Builder! Think of that!"

Her name on the air? Her real name spoken so that thousands of people would know Judy Allison? She couldn't let that happen. No.—But—but Dick didn't know anything about her and yet he'd got the job for her, he'd helped so much.

"Come on, Judy. You're having breakfast with me!"

Still breathless, still unbelieving, Judy followed Dick along the hall.

He pointed.

"Come on, Judy. You're having breakfast with me!"

Still breathless, still unbelieving, Judy followed Dick along the hall.

* * *

They sat a long time over coffee and toast and marmalade, and in that time Judy learned a great deal about Dick Mason.

That he was 26, which seemed very old indeed; for Judy was "just past" 20. That he earned $85 a week for "just talking." That he had been an announcer for two years. That he started out to be an actor—"but I was a rotten actor"; that, really, he finished college with the intention of being an engineer—"but I couldn't make a single column of figures come out straight"; that he thought radio announcers were funny.

"Very, very, very funny," he said seriously. "Taking themselves seriously. Dressing up in dinner coats at 5.45 sharp—just to talk into a mike. Growing their hair long and getting arty and sayin 'r' for an hour at a time and—Oh!"

"Amos 'n Andy," Dick said. First time I've seen them here in months."

"Amos 'n' Andy."

Judy looked for a couple of men in blackface. She saw, instead two smooth-faced, casual, well-dressed gentlemen, taking their time about ordering, plunging suddenly into close conversation. They weren't laughing. Whatever they were saying, it was pain that neither was being funny.

* * *

"I thought—I mean—"

"I know." Dick Mason chuckled. A very nice chuckle, Judy thought, "Funny, the ideas you get about radio people—just hearing them. Why, there's a nice lady in Canada who sends me neckties and pyjamas just because my voice sounds like her son's voice. He never came back from the war and she still insists I must be her lost son. And—There go Lee Sims and his wife, Illomae Bailey, the singer. And there's Ted Pearson, the announcer. And—two of the Three Doctors, Pratt and Sherman."

Dick became a walking encyclopedia of names, of descriptions. And Judy's head whirled. So many people! Names you read in the papers, names you heard spoken over the air with unction by announcers you wondered about, voices you heard and liked, or didn't like; famous people just walking in and asking for cheese toast and orange juice, or pancakes and sausage; and not at all unusual, some of them not even well dressed.

The girl with the wildly tinted hair and the shabby imitation-seal coat, Dick said, earned $500 a week; "she puts it all in the bank; she was almost starving until radio came along, trying to be a singer; she wasn't good in a concert hall or on the stage, but on the air her voice vibrations are just right and all the fans think she's marvelous; radio's like that." The others—

"Hello, Dick!"

Judy jumped. She'd been so interested in Dick Mason, listening to the smooth, regular procession of words, she had forgotten that anybody else might talk, might come to the table that already she thought of as hers and Dick's.

"Helto, Elton."

Dick said it rather slowly, not quite happily.

"Introduce me, boy. Introduce me!"

Judy looked up at the intruder. He was very well dressed. Curly light hair and dark eyes. An unusual combination. A pale yellow tie and a brown sport suit and a white shirt with long points on the collar.

"Judy—Miss Allison—This is Elton Day."

"How do you do?" Judy said coolly. Then in spite of herself she gasped. With no more words, without waiting for any invitation, the newcomer sat down, leaned forward, stared directly at her. A waiter approached. "Coffee, black," Day said, without looking up. "Hurry. I have to be at my office in a minute," then, to Judy, "I haven't seen you around here before."

"Miss Allison just came down for an audition," Dick said, still with a faint edge in his voice. Judy could see that he was smiling politely enough, that he seemed to know this man well; but she knew he was resenting the intrusion. In spite of herself—being woman—that pleased her. Having known Dick Mason such a little while it was nice to think that he wanted to be alone with her, that he wanted no other man to talk to her.

* * *

"Oh. You're going to be with us, then?" Day asked Judy.

"I—Really, I don't know."

"Sing?"

"Oh, no. Talk." She laughed a little. "That is, I guess I'm to talk. Mr. Mason got me a tryout and I thought I didn't have a chance. I've never done anything like this before. But Mr. Mason says they liked my voice. They're going to let me do the program. A while at least."

"That's fine. And it's mighty kind of Dick to help you. Yes, sir, Dick—mighty kind."

Dick said nothing. And Elton Day continued to stare at Judy, not unpleasantly at all. Judy supposed she should look away, should chill Elton Day. But she knew the chilling would be a hard job. There was a faint twist at the corner of his mouth, there was a keen light in his eyes, as though he were laughing at her; laughing at himself, and at Dick, and at everything.

But Judy felt suddenly that trouble lay straight ahead.

There's a Trim and Youthful Smartness in

These New 3-Piece Knitted Suits

Many stunning styles and a variety of new necklines. They are made from fine wool yarns and a selection of colors to blend with any wardrobe. The outfit consists of Skirt, Cardigan Jacket and Pullover, in mesh weaves. Yoke effects in contrasting colors. Include one of these in your Fall wardrobe.

Each **7.95**

—Third Floor, C.D.S.

THE CANADIAN DEPARTMENT STORES LIMITED

WIFE'S FRIEND FLEES ABROAD WITH HUSBAND

Letters to Mate at Home Cost Real Estate Man Alimony of $70 a Week.

PAPERS SERVED AT DOCK

NEW YORK, Aug. 27.—Hazel introduced her husband, Roy F. Segur, the real estate broker, to her very dearest girl friend and that, she explains, is how she lost the two of them. Now, she says, her honey lies over the ocean making hey hey with the tall grass widow.

Roy, who hasn't drawn a sober breath in beers and beers, according to the missus, went down to the sea in sips with Katherine Barter. They pulled out together on the last trip of the Aquitania, Hazel told Supreme Court Justice Bernard L. Shientag today.

Every hour on the hour Ray flashed radios over the permanent waves to her. Messenger boys stumbled over each other entering and leaving her home with broadcasts from her husband, like this:

Love Letters?

"With no regrets, Roy"—"No separation, one big divorce on the level, Roy."—"Nothing to sell, Roy."—"Tell the truth if you can.—Roy."

Then from Paris, where Mrs. Segur says he arrived with Katherine, the broker wrote his twin boys a letter that cost him $70 a week alimony. He got sea sick, apparently, on the voyage.

"Dear Boys," it began. "I had a terrible trip and if it had not been for Katherine Barter I doubt whether I would be able to write at all. She loaned me the money to make this much needed trip and I shall never forget her kindness.

"You talk to your mother and tell her to withdraw this separation action. What I desire is to be permitted to get a divorce in France. I shall see that she gets $300 a month. I had a good time at the race. Love, Father."

Served at Dock

Roy walked out of their home last June, the missus informed the court and moved into Katherine's apartment. She traced them from there to the Aquitania and slapped the papers on him as the boat was leaving.

"Katherine, who is a divorcee," said Mrs. Segur, "had been my friend. I helped her through a serious illness and introduced her to my husband. During the 10 days he lived at her apartment before they sailed, the two of them were drinking consistently."

Segur sent over an affidavit from Paree, in which he said he found it impossible to live with his wife. He went broad to get a new perspective (the missus insists he took his new perspective with him) and he'll come back when business picks up over here.

Hay Hands Paid In Load Of Horse Feed

MEDFORD, Ore., Aug. 27.—Hay is being used as a medium of exchange in the Sams Valley and Beagle farming districts. Hay hands, whose wages are figured at $2 a day are paid in hay, priced at $6 a ton in the stack.

Pays $10 To Kiss A Store Customer

SHENANDOAH, Ia., Aug. 27.—O. R. Hayes, storekeeper, was fined $10 recently when he kissed an 11-year-old girl who came into his shop. Justice F. N. Hackett, who levied the fine, said he was guilty of "indiscretion."

WOMEN'S INSTITUTE WEEKLY COLUMN

A goodly thing it is to meet
In Friendship's circle bright,
Where nothing stains the pleasure sweet,
Or dims the radiant light.
No unkind word our lips shall pass,
No envy sour the mind;
But each shall seek the common weal—
The good of all mankind.

AT LIFFORD LINE.

While every Institute worker and the majority of housewives in general are interested in the topic, "Gardening," it is true that during the latter days of August the enthusiasm of many reaches its lowest ebb.

The dearth of flowers at this time is a very common complaint among gardeners, causing people invariably to apologize for the jaded appearance of their treasured spot.

Spring flowers have gone, and the autumn ones are not yet blooming, and if we have neglected watering and clipping off the seed pods and dead leaves the garden gets a dried-up, seedy look. It is in August that drought is most harmful; so when we are planning our garden it is well to choose some plants that will withstand the hot weather.

When we see some August gardens full of lovely bloom we should there and then take out our notebooks and make lists of the flowers that have a special appeal to us. From them we must choose only the flowers that key themselves to our own moods. Our gardens are chiefly for ourselves—not for others. If we have a favorite color, pale blue, mauve, rose or lemon, then let us try to have a great deal of it.

To have a successful garden at any season we must have within us the soul of the artist, knowing how to use both color and form, what to combine and what to reject. The most fascinating part of gardening is not that of supplying ourselves with lovely flowers, but in trying to understand Nature intelligently, and so learn to interpret her ways that her workings become a part of our individuality and lead to self-development.

When the delicate petals of tall tulips, Darwins, Breeders and Cottage, lie strewn upon the ground, we say with a sigh that surely the garden can never be so lovely again. But soon, when the long-spurred columbines in dainty pastel shades and choice irises of marvellous coloring give the garden a fairy-like aspect, we are sure we prefer it then. Again in July, when Madonna lilies lift their waxy fragrant chalices among the delphiniums, spiring into stately blue, mauve, and purple bloom, and climbing roses of all descriptions attempt to reach the top of the arbor, fence or trellis, we find it even lovelier than before. Do not let us sigh that these are gone, but with a determined pencil plan to have it just as enchanting in late August. We may, if we wish, weave the fabric of a rich August tapestry far beyond the products of Eastern looms.

For in this, the hottest month, we do not want the lurid, brilliant or bizarre, but delicacy of form and reposeful colors, graceful heads and swaying stems that speak of cool breezes. Our shrubbery will now be quite bare unless we have taken the precaution to plant among earlier things Rose of Sharon, tamarisk, butterfly bush, snowberry or hydrangea.

Among tall things for the back of the border or as a screen for garage or fence, hollyhocks in frilly whites, creams and pale pinks, with perhaps just a note of crimson here and there, add sorcery to August skies. Dahlias and globe thistles fill in the space about the hollyhocks in an attractive manner.

Plume poppy with interesting grey leaves much indented reaches a height of six feet or more and bears in August immense cone-shaped panicles of soft creamy-white flowers touched with rose. Masses of phlox give a rich perfume as well as lovely color throughout the whole of August.

If we study August gardens closely we shall find the loveliest ones have many annual flowers used freely to fill spaces that would otherwise be bare where early blooming flowers have been cut down. Annuals are at their best in this month. They should not be used as single plants here and there, but in massed effects. No garden seems complete at any time of the year without lilies or lily-like plants of some kind, and we should have some of these in our August gardens.

It will not be possible for our garden to have all the lovely varieties suggested to us by our enthusiastic friends of the gardens, but if we choose from them and draw up our plan with the help of gardens now in bloom we shall surely have a garden at this season next year lovelier than we thought possible.

"Its shimmering August mood keyed to the sun,
A harlequin of color, buds and bloom."

CAVAN.

Among the advantages being enjoyed by rural Ontario as a result of the introduction of Women's Institutes may be mentioned the following: Rural school medical inspection, systematic instruction through classes organized by the Women's Institutes, additional equipment for community activities —community halls, parks, skating rinks, libraries, etc.; the leadership of women in community work, the establishment of classes for grown-ups as the regular monthly meetings of the Women's Institutes have been named, an increased volume, a wider distribution and better utilization of literature of interest to women and bearing chiefly upon health matters, food problems, clothing, housing, lighter forms of agriculture; discovery, utilization and development of local talent; the creation of a more general desire on the part of 'teen age girls for information bearing upon the responsibilities of womanhood; organized philanthropic service seasoned with neighborliness.

Women's Institute activities cover a large field beyond those everyday household matters to which so much attention was devoted in the early days of the institute; but home interests have never been lost sight of or neglected. There is still a wide field for their good work.

In these days of unemployment and scarcity of money, medical attention is a very grave question for many families, and the impossibility of paying necessary fees for examination and attendance adds to many a burden almost too heavy to bear.

Perhaps in time rural people may have the benefits of free clinics as well as dwellers in the city. Institute members are so numerous that almost anything undertaken may be accomplished.

A pleasing feature of institute meetings this summer has been the exchange of visits between different branches. Several branches attended meetings in other centres in July and August, and invitations have been issued for return visits.

In August, Cavan Women's Institute were guests of the Garden Hill Institute and enjoyed a delightful and profitable afternoon. In September, that society are invited to be guests of the Cavan W.I., when their regular business session will be held with the visit-Women's Institutes, addition equipping society providing the program.

That Body of Yours

By James W. Barton, M.D.

HIGH BLOOD PRESSURE

Many people with no heart, blood vessel or kidney disease, worry needlessly because they have been told that they have high blood pressure.

Just as it is natural for some individuals to inherit red hair, blue eyes or a long body, so also can they inherit this tendency to high blood pressure.

Now high blood pressure is not really helpful to the system unless it is needed for a time to overcome some passing ailment; therefore any little thought or care one is willing to give to this condition will be very much worth while.

These individuals are usually nervous, somewhat irritable, inclined to work hard, and take life very seriously.

Some months ago, Dr. David Riesman suggested that "first of all it is absolutely essential to quiet the fears of the patient with high blood pressure, who is free from any real organic ailment. He must be convinced that high blood pressure is not a sword of Damocles threatening his life every moment.

Rest, complete rest, or resting part of the day, is the most useful measure. A week's rest in bed will usually produce all the effect that can be hoped for from this measure, except in severe cases.

It is not usually necessary to take a man away from his business, but shorter hours at business should be the rule.

Only light exercise should be taken; no competitive games, not even golf if golf is taken seriously.

Meat once a day is permissable, but the main point in the diet is not to eat too much.

Dr. Riesman tells us that the real cause of so many cases of this type of high blood pressure is that we have lost the art of living wisely, have hurried after wealth, and deprived ourselves of peace and leisure.

Statistics show that the span of life after the age of 45 has not been lengthened; it is probable that it has been shortened.

He suggests that it would be well for us to adopt the placidity, the tranquillity of other nations, if we wish to avoid high blood pressure.

Favorite Recipes.

SAUER KRAUT SALAD

Don't imagine that you have exhausted all the possibilities for dainty, flavorsome summer salads if you haven't used sauer kraut in salad combination!

Doctors point out that this celebrated health dish makes an ideal hot-weather food. Its lactic acid, with alkaline reaction, cools the blood and tones up the system. The zestful flavor of sauer kraut also excites the hidden flavors of other foods, such as cold meats. Sauer kraut gives bulk to the meal, without being fat-forming.

Here is a recipe for sauer kraut salad that invites appetite on a sultry day:

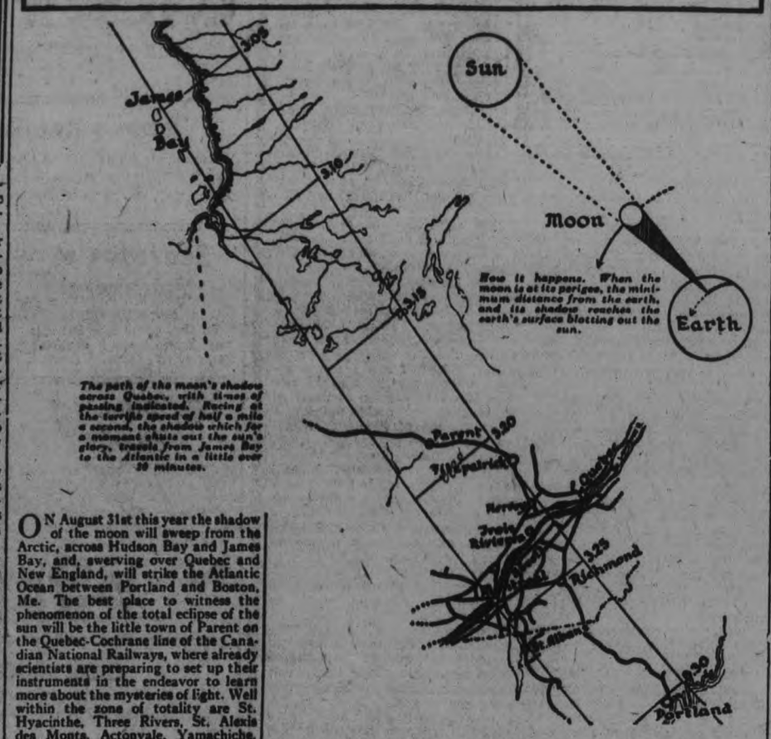
Sauer Kraut Salad

One can of sauer kraut, drained and thoroughly marinated in mayonnaise thinned with tomato juice or cream, as preferred. Serve in mounds on crisp lettuce leaf. Garnish with strips of pimento and slices of hard-cooked egg. Top with a spoonful of thick mayonnaise.

This salad can be served with buttered fingers of whole wheat toast. The juice of the kraut should be chilled and mixed with lemon juice for a delicious appetizer.

IT PAYS TO ADVERTISE

WHEN THE SUN IS DARK OVER QUEBEC



ON August 31st this year the shadow of the moon will sweep from the Arctic, across Hudson Bay and James Bay, and, swerving over Quebec and New England, will strike the Atlantic Ocean between Portland and Boston, Me. The best place to witness the phenomenon of the total eclipse of the sun will be the little town of Parent on the Quebec-Cochrane line of the Canadian National Railways, where already scientists are preparing to set up their instruments in the endeavor to learn more about the mysteries of light. Well within the zone of totality are St. Hyacinthe, Three Rivers, St. Alexis des Monts, Actonvale, Yamachiche, Magog, Drummondville, Richmond, Granby, Waterloo, Stanstead, Coaticook and Compton, some of them experiencing a duration of 98 to 100 seconds but none so favored as Parent, where the totality will be 102 seconds.

Because an extra second means much to scientists in their work, some of them have travelled thousands of miles to reach Parent and set up their instruments for less than two minutes' observations. There, for one minute and 42 seconds the sun will be black, then slowly, relentlessly, the shadow will drift away. The phenomenon will last, from beginning to end, something like two hours and fifteen minutes and the observers have staked everything on the hope of fine weather for the occasion. If the day is clear, the eclipse will be supremely beautiful as well as an awesome spectacle. Fowls will go to roost as darkness creeps over the land. The sun darkens until it is but a thin crescent, and then until it is merely a curved line of twinkling lights. The last eclipse to be visible in Canada, in 1925, swept across Western Ontario: there will not be another until 1954.

This year, as Quebec is in the shadow, she is very much in the sun, so far as the scientists and their studies are concerned, and Parent, humble spot on the Canadian National Railways in the northern section of the province, steps into the limelight through darkness.

CULBERTSON on CONTRACT

by Ely Culbertson

World's Champion Player and Greatest Card Analyst

OVERCALL BIDS BY THE DEFENDING HAND.

A player who enters the bidding after one of the opponents has opened the bidding is in a defensive position. He must make Defensive Overcalls or Takeout Doubles, if he bids at all, except the final possibility of a Penalty Double when he is very sure of defeating the opponents' contract.

Since an opponent has already opened the bidding, at least 2½ honor-tricks of the total 8-8½ are already accounted for (except when the Opening bidder is making a high Pre-emptive bid on a freakish distribution, when the Defending Hand quite likely will not be able to bid at all.) For this reason, the balance of honor strength around the table is already reduced and the chance of holding great honor strength in the defending position is proportionately lessened.

The defending player, therefore, need not have as many honor trick if he has a bid when he does not need to contract for more than one-odd (7 tricks in all), as he would need to make the same bid as an Opening call. The requirement is just 1½ honor tricks — with this number a defending player can consider the possibility of injecting a Defensive bid into the proceedings. Very strong hands (three honor-tricks or more) held by a defending player justify more aggressive tactics, which will be considered in the next lesson.

It is expedient for the defending player to bid on even 1½ honor-tricks, if he has a biddable suit and fair distribution, for though he has small chance of getting into a game contract with his partner, he may be able to make a part score. What is quite as important, he annoys the opponents by putting in an interference bid which may tend to upset their calculations. And if the defending player is able to overcall an Opening bid of one club with a bid of one spade he immediately eliminates for the opponents the possible bids of one diamond or one heart—to show either of these suits, the Opening bidder's partner must now bid two diamonds or two hearts!

With from 1½ to 2½ honor-tricks and a biddable suit, the Defending player may overcall with a bid of one in that suit if such a bid is sufficient to overcall the Opening bid. When not vulnerable, the defending player may gamble on 3 supporting tricks from his partner; when vulnerable, he must reduce this expectancy to 2 supporting tricks. He can determine his chances by counting his hand as he would if he were Declarer, adding honor-tricks and long-suit tricks (1 trick for each trump card over three and ½ trick for each side-suit card over three.) If the biddable suit has only four cards, the defending player should have 2 honor-tricks at least; if the biddable suit has five cards he may bid with only 1½ honor-tricks—when not vulnerable. When vulnerable, the biddable suits should be somewhat above the minimum in trump strength.

Thus, if the Opening bid is one heart and the defending player holds:

Spades	A Q 3 2
Hearts	5 4
Diamonds	10 9 7 6
Clubs	J 9 8

he has a minimum biddable four-card suit and only 1½ honor-tricks. His total of playing tricks is only 3; even when not vulnerable, he counts on his partner for 3 supporting tricks, his highest expectancy is 6 tricks. Therefore he should pass.

But if he holds:

Spades	A Q 3 2
Hearts	5 4
Diamonds	K 10 9 7
Clubs	J 9 8

he has 2 honor-tricks, increasing his playing tricks to 3½, with a possibility of making one-odd. His hand is a minimum, sufficient for a defensive Overcall of one spade, when not vulnerable. An extra spade could be added instead of the diamond King, and he could still overcall with one spade. If vulnerable he should have at least 5 playing-tricks in his hand, including 1½ honor-tricks with a five-card suit, or two honor-tricks with a four-card suit.

When it is necessary for the Defending hand to make an Overcall of two-odd, when not vulnerable, the biddable suit must have at least five cards and about 4 trump tricks with at least 1½ honor-tricks somewhere in the hand. The total of playing tricks should be at least 5, of which 3½ should be in the trump suit. When vulnerable, the trump suit should promise 4 sure tricks and there should be at least 2 honor-tricks in the hand.

If the Opening bid is a Forcing two-bid the defending player can hardly overcall, since game is practically certain in the adverse hands. Defending players must heed the danger signals. If Defending Hand finds it desirable to overcall with a bid of three-odd—assuming that the Opening bid was not a Forcing bid—he must hold at least six playing-tricks when not vulnerable, of which about 5 (at least 4 sure tricks) are in the trump suit; if vulnerable he must have 7 playing tricks. The honor-trick requirements remain the same, of course as for lower Overcalls.

In conclusion, to make a simple Overcall the Defending Hand must have at least 1½ honor-tricks and a fair biddable suit of five cards or more; or for an Overcall of one odd, a four-card suit two honor-tricks. An Overcall of two or higher should never be made on a four-card biddable suit unless it is exceptionally strong. Applying the rule of "two and three," the defending player counts on his partner for 2 supporting tricks when vulnerable, or for three supporting tricks when not vulnerable. If he makes an Overcall of two or higher, partner can count on him for a five-card biddable suit, and so can support with as few as three low trumps if he has more than two supporting tricks (vulnerable) or 3 supporting tricks (not vulnerable.)

If partner happens to be trickless the defensive Overcall may be passed around and perhaps even be doubled, but the resulting penalty is not likely to be higher than the score opponents would have made at their own bid. The few higher penalties that may be incurred are worth the general gain that results from not allowing the opponents to have too easy a time of it in reaching the best bid for their combined hands.

TO-DAY'S POINTER.

Any bid by the Defending Hand must be made with full knowledge of honor strength already shown by the adverse Opening bid. Therefore unless holding considerable honor strength or unusual distribution, there is but slight hope for game, especially in minor suits or at no-trump.

ANSWERS TO QUESTIONS.

Learn the Distribution

Question: Opening Hand holds:

Spades	K Q 8 7 4 3
Hearts	2
Diamonds	A Q J
Clubs	8 4 3

and bids one spade. Responding Hand holds:

Spades	A 10 9 5
Hearts	A K J 9 5
Diamonds	2
Clubs	A Q 6

and bids six spades at once. They make a Grand Slam. What is the correct bidding?

Answer: The correct bidding of this hand would be:

Opening Hand	Resp'd'g Hand
1 spade	3 hearts
3 spades	6 spades

There is no occasion for the Responding hand to bid 6 spades immediately. It is quite probable, in fact almost certain, that spades will be the final declaration, but there is no need to hurry when there is such an effective weapon as the Forcing Takeout; that is a Jump bid in another suit to learn something further about the hand. The Responding Hand holds 4½ honor tricks and with him it is only a question of reaching the proper declaration to bid a Slam. It is conceivable that even a Grand Slam might be bid but in any event nothing can be lost by first making a Forcing Takeout in hearts and later bidding a Slam in spades.

LIBBY'S MATE CALLED LOVER IN NAME ONLY

His Playboy Pal Pictures Reynolds as Pining for Strength to Live or Die.

OF MOODY DISPOSITION

NEW YORK, Aug. 27.—Out of the obscurity which cloaked the brief and ill-starred romance of exotic Libby Holman and Smith Reynolds there emerged today a youth who was on friendly terms with the slain millionaire, revealing a picture of the couple's unhappy life.

Joseph Graziano, who tells the tale, was a dancer in "Three's a Crowd," the show in which Libby achieved stardom. It was there, as Adrian Reed, that he met Reynolds, who, he says, haunted the torch singer's dressing room.

It was not long before Graziano and Reynolds were boon companions, for the dancer visited the millionaire's Park avenue apartment many times and became part and parcel of the little circle which included Ab Walker, the youth jointly accused with Libby of young Reynolds' murder.

He tells a first hand story of Reynolds' own admissions that he was "a husband only in name" and "a married misfit," pining for the masculine power that would bring him happiness with his exotic bride.

"He often threatened to kill himself in these moods," the dancer says. "I have seen him break down and weep because he felt he was unfit to be her husband. The last time I saw him, he told me that when he ended it all the way would be a short and sure one."

Graziano recalls a night when Smith's spirits were unusually low and Libby despaired rousing him from his black mood.

"Finally she made me up to look exactly like herself," said the dancer. "She even dressed me in one of her evening gowns. Smith got a great kick out of my impersonation and began to laugh and forget his troubles.

"He was so amused that he insisted upon having a picture taken. We drove uptown until we found a photographer who would make the picture that night."

Alberta's big game regulations require hunters to wear a coat and cap of scarlet material.

WARREN STEVENS TO WED

Outstanding star of the 1931 rugby season—his first in Canadian football—and recently appointed director of athletics at the University of Toronto, Warren Stevens, former M.A.A.A. quarterback, will wed Miss Charlotte Tickner, of Syracuse, N.Y., on Aug. 27. Their wedding is the sequel to a campus romance which began when both were students at Syracuse University. Above is shown a picture of Miss Tickner.

JANITOR WED COUNTESS, HIS WIFE CHARGES

Titled Tenant Had Radio Trouble Too Often, States Indignant Spouse.

SUES FOR $100,000

NEW YORK, Aug. 27.—Boy, page Mrs. Elizabeth Neilson Searbury, of the Social Register Seaburys—also known as the Countess Wilhelm Graf von Wimpffen!

Mrs. Seabury—or pardon us—the countess, is wanted to answer a few questions before trial of Mrs. Hedwig Weissbach's suit for a separation from Anton William Weissbach, former janitor of a ritzy, apartment house.

And, while she it at it, Mrs. Weissbach sets forth in Supreme Court papers, she might as well ascertain the circumstances under which the wealthy social registerite eloped with her janitor husband for which she wants $100,000 damages.

Had Radio Trouble

Mrs. Seabury—or the countess—formerly occupied a swanky apartment on the top floor of the apartment house, Mrs. Weissbach avers. Weissbach, the janitor, for 28 years her husband, was always being called in by Mrs. Seabury to fix her radio—and things, she swears.

Then, on Feb. 8, 1930, she recites, her husband, whose affaire-de-radio carried on daily from Oct. 1, 1929, disappeared simutaneously with his wealthy patroness of the Blue Book.

Janitor Nabob Now

When she next saw her husband, on June 4, 1932, he was walking in Central Park with her rival, Mrs. Weissbach charges. Much to her surprise she learned that her husband had gone up the social ladder, during the months of his absence from the boiler room of the apartment.

The former Mrs. Seabury and Weissbach were living as the "Count and Countess Wilhelm Graf von Wimpffen," and as such, were lavishly entertained by the "best people," she states.

Denies Love Theft

Mrs. Seabury—or the countess—according to the suing wife, fled, but her husband tried to pacify her by taking her to Newark, N.J., where he cashed in and gave her the paid-in amount of his life insurance policy for her support.

Since then, she charges, she has been unable to find her husband or the countess.

The countess—replying to Mrs. Weissbach's alienation suit, denies that the Weissbach's "were ever lawfully married," and states that "even if they were, she didn't steal his affections, because he had none for his wife."

Brigadier General Sir Alexander Gibb, the eminent Scottish consulting engineer, has lost the sight of one eye as the result of tripping on a carpet in his home, pieces of his eyeglasses being driven into the eyeball.

Mrs. Norrie of Aberdeen, Scotland, who has just celebrated her 101st birthday, worked as a weaver until she was 70 years old.

POOR GIRL WINS FIGHT TO STAY SOCIETY LIFE

Like Cinderella, Ticket Seller is Received as Honor Guest Among the "400."

MARRIED IN 1929.

Reconciliation With Rich Mate Comes After Many "Ruin" Elopement.

CHICAGO, Aug. 27.—Like the climax of a Cinderella story is that of the little blonde ticket-seller of a Rockford theatre who, after fighting and scorning the society friends of her rich husband, is now received as the honored guest in their midst.

Mrs. Lucille Gray Forbes, daughter of a truck driver, has dismissed her legal actions, which followed her secret marriage to Alexander Forbes, son of Walter Forbes, millionaire manufacturer of Rockford and Chicago.

During the past few weeks the society that refused at first to receive her has feted her at a dozen functions. Her reconciliation with her husband is complete.

Meets Rich Man

To understand the story of Lucille Gray it is necessary to go back to 1929, when rich young Alexander Forbes first met her. A ticket-seller in a cheap "movie" she was, but the scion of the wealthy house wooed and won her.

They were secretly married at Crown Point, Ind., on June 8, 1929.

Lucille Gray, even as Mrs. Alexander Forbes, was ostracized by her husbands friends and family. A separation—which the young husband later claimed was "forced" —followed. Forbes sued for divorce but his case was denied.

Forbes Sued

Little Lucille Gray sued young Forbes for separate maintenance in the Chicago courts.

On the heels of that suit came another—a suit for $500,000 for alienation of affections — filed against the elder Forbes and Paul Stitch, a friend of the family.

What happened between young Forbes and his family was never completely known, but the files of the society columns in Rockford newspapers during recent weeks tell the story of how little Lucille Gray has come into her own.

Held out at the delightful new premises of Kawartha Golf and Country Club, the Friday Night Supper Club dance and mid-summer party for which well over two hundred invitations were accepted proved to be a decided success last evening.

Under the patronage of Mr. and Mrs. C. A. Salmonsen, Mr. and Mrs. W. A. Richardson, and Mr. and Mrs. G. H. Roper, the function was primarily organized for the benefit of the many members of the city's younger set who will soon be returning to their studies at college and high school, and who will not be in town to participate in the formal opening of the new club premises which is expected to take place within a few weeks' time.

For the dancing which concluded in the early hours of this morning the music was supplied by "George Sims and his Ambassadors" who are filling an engagement this season at Lakefield Pavillion Royale.

The ballroom was tastefully decorated with window drapings of grey and green with which the vari-colored summer frocks and evening dresses worn by the ladies combined to add color and gaiety to the scene. The men were dressed informally with "flannels" predominating. On the terraced lawn fronting the clubhouse chairs were arranged which afforded the dancers opportunity to "sit out" dances in the open air and to admire the kaleidoscope of color provided by the new electric fountain—a counterpart of the one at the city filtration plant—which occupies a prominent position adjacent to the buildings. Among those present were: The Misses Jane Macdonald, M. Parsons, May Macdonald, Marion Curtin, Ruth Sutton, Mary McFarlane, Nancy Hopwood, Edith Mills, M. McCulloch, V. Davidson, Viola Bath, Mrs Archambeau, Helen Banks, W. Darcey, Kay Benton, Miss Sullivan, Isabel Fry, Irene Ebden, Jean Duffus, C. Preston, P. Preston, Gwen Dobbin, Isabel Glover, K. MacDonald, Louise Hall, J. Dobbin, Mary Mulholland, Doris Kelly, Grace Comstock, Mary Westbye, Dot Gavine, A. Comstock, Beryl Thompson, Helen Turner, Mary Curtis, Isabel Reid, "Toddy" Stewart, M. Lillico, B. Ackerman, Francis Jennings, B. Flinn, Shirley Pettit, A. W. Williamson, Margaret Borbridge, Jean Harvey, Catherine Markson, Miss Wallace, M. McNulty, M. Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

SPARKLING GLASS is a term so delightfully descriptive of decorative clear glass that it gives a mental picture of it.

* * * * * * *

There is a quality to glass which makes it shine and sparkle whether it is cut or smooth, colored or white, irridescent or opalescent.

* * * * * * *

Since it has this inherent characteristic of beauty, it should never be allowed to look anything but its best, for then it loses its charm.

* * * * * * *

It is well for those who follow the fashion of to-day and feature glassware for table service, to remember to keep it bright and shining.

* * * * * * *

Cut glass, so difficult to trace in patterns deep and geometric, is not in the present vogue.

* * * * * * *

Its artistic element was largely in the depth of the indented design. This, of course, necessitated the finest pieces being heavy—very heavy in large articles and always heavy for the size, even when this was small.

* * * * * * *

It was no trifling matter to keep this kind of glassware sparkling. It was washed with a brush and dried in deep jeweller's sawdust. When dry, this was shaken and brushed away, leaving a marvellously sparkling finish.

* * * * * * *

The majority of glass of to-day is engraved or lightly cut in expensive pieces, and pressed and moulded in cheaper grades. The mechanics of glass making, however, have advanced so far that even the less expensive ware does not have the tiny bubbles and flaws in it of former times. The average of excellence is high.

* * * * * * *

There should be towels especially for the glass, soft towels and absorbent. The glass should be washed in very warm, soapy water, but not scalding water.

* * * * * * *

It should be rinsed in very warm water, warmer than the wash water. For the best results, put a little bit of washing soda in the soapy water and use a first towel to wipe off the rinsing water, with a second towel for polishing it.

* * * * * * *

While this sounds a little too particular, perhaps, it will be found that it really is as easy as using one towel until it is too damp and then using another.

CULBERTSON on CONTRACT

by Ely Culbertson

World's Champion Player and Greatest Card Analyst

272

WON BY WAITING

One of the most difficult problems one is up against at Contract is that of the Opening lead against a notrump declaration.

If one has a good, establishable suit of one's own, or if partner has bid a suit, one knows, of course, how to proceed, but otherwise one is very often in a real quandary.

The conventional lead in such circumstances — hallowed by a generation of usage—is that of the fourth best of one's longest suit. With many players, this fourth best card is led automatically, the stronger suit being chosen where there are two four-card suits to select from. But all experienced players know that nothing should be done by rote. This situation—the making of a blind lead against a notrump declaration—is essentially one where it pays to take a little thought.

There is a lot to be said for this fourth best lead, in the sense that there are positive arguments in its favor, but what must be borne in mind, here or elsewhere, is that often one has to strike a balance of argument. There is something to be said for your lead of the fourth best and something also to be said against it, and in some situations, as I hope to show, there is a balance of argument against it. Take the following hand, which illustrates a situation with which every reader must be familiar:

	♠ K 8 3 ♡ A 10 6 ◇ K 7 5 ♣ 9 7 4 3	
♠ Q 10 2 ♡ 8 5 ◇ Q 9 4 2 ♣ K 10 5 2	W E S	♠ A J 6 4 ♡ K 7 4 3 ◇ 10 8 3 ♣ J 6
	♠ 9 7 5 ♡ Q J 9 2 ◇ A J 6 ♣ A Q 8	

Both sides were vulnerable and North-South 50 to 00. (A critical position for East-West.)

South dealt and bid one notrump. All passed. Neither East nor West, being vulnerable, could afford to risk any kind of sacrifice bid.

Now, what, in this position, was West to lead? The convention-ridden player, of whom I have just written, would plank out the two of clubs and hope for the best. But observe that if he plays a club, West is leading away from a tenace position. He may, that is, be leading from a suit in which he holds, of significant cards, the second and fourth best, where his adversaries hold the best and third best. In such a position, obviously, a trick is gained if the third move is made by the adversary.

The same argument applies to the lead of the three of diamonds. Here again, West, holding the Queen and nine twice guarded, may be risking the loss of a trick he could otherwise make if he opens the suit himself.

There remain the spade and heart suits. A spade lead from Q 10 x might clearly be suicidal; this, too, is, in its way, a tenace position, and hence the logic of the situation demands that the Opening lead should be a heart.

In the play of this particular hand, the logic of the situation impressed itself upon West. He led the eight of hearts. East took the first trick with the King and—realizing that West's was a short-suit lead — returned the Knave of clubs. West took Trick 2 with the King and again led a heart. South now began to take tricks. He made 3 heart tricks, took Trick 6 in Dummy with the King of diamonds and finessed a diamond unsuccessfully against West's Queen. West now applied the important principle that if there is only one chance of saving a game, however unpromising, it should be taken. He led the Queen of spades through Dummy's King, and had the satisfaction of setting South's contract 1 trick.

In other words, the "waiting" lead of a heart at the first trick made all the difference between losing the rubber and saving it. If either a diamond or a club had been led, South must have made his contract, as nothing could prevent his taking the first trick and, in addition, the 6 tricks which, in fact, he made.

The moral: Even the most lightly held tenace position may be a tower of strength if one holds on to it.

TODAY'S POINTER
Opening One Notrump Bid with Forcing Takeout

A bid of three in a suit, over partner's one notrump, is a Forcing Takeout indicating about 3 honor-tricks. The bid suit will normally be a five-card suit or better. A response from the Opening bidder is obligatory.

Example:

Opening Hand	Resp'd'g Hand
♠ Q J 10 3	♠ A
♡ A Q 3	♡ 4
◇ K 10 6 3	◇ A Q J 7 5
♣ 7 3	♣ K Q 9 8 5 4

The Bidding:

Opening Hand	Resp'd'g Hand
1NT	3◇
3NT	4♣
4◇	6◇
Pass	

The four club bid (reopening the bidding after a game contract has been reached) shows a hand which may well play for a Slam.

Copyright 1932, Ely Culbertson

A London coroner wants motorists to use a new noise to attract attention.

Miss Mary Bott of Maidstone, England, who has just died aged 102, prized the medals won by her father, a captain who fought at Waterloo.

Some of the minor manufacturing industries of Chile, such as knitting wool, cloths and paper are producing in greater volume this year than last.

Sylva-Tone Snapshot Winners This Week

First prize this week goes to Mary Wallace Finney, daughter of Mrs. S. Finney, 61 Argyle street, Peterborough, whose snapshot, the bottom one in the layout showing the baby and a cat, was received through the Nugent Drug Company; the second prize snapshot on the upper left was won by R. K. Brake of Toronto. His "snap" shows Jane Mercer of Lindsay and Greta Sachan of Toronto apparently with the same object in view. This was given with the compliments of Lewis R. Parks. The third prize is awarded to W. N. Turner, 566 Gilmour street, an interior picture of St. Peter's Cathedral, and was given through Thornton's Drug Store.

Town To Hold 100,000 Built For A One-Week Show at Southampton

Southampton, Eng.—Three miles outside Southampton a town to receive 100,000 visitors was built on 120 acres in five months. It was built on 120 acres in five months. It was built to last less than a week.

Its buildings were mostly of canvas and wood. It was to house the Royal show at Stoneham Park.

Building began last February, since when 80 to 90 men were employed steadily. But over the weekend, just before the opening of the show, more than 1,000 were put on to finish the work.

Show Town had its own fire brigade, ambulance, two post-offices, barber shop, etc.

There were five miles of sheds. The canvas used would stretch for 200 miles in strips a yard wide.

Huge ricks of hay were built to feed the 2,592 head of livestock. Breeders from every continent attended.

A fleet of motorcycles rushed results for a hundred newspapers from the grounds to the telegraph wires at Southampton post-office.

The prize money amounted to £14,000.

Cottage And Farm Destroyed By Fire

LINDSAY, Aug. 27—Two bad fires have been reported in the vicinity. One was at Port View, Scugog Island, Scugog Lake, where the summer cottage belonging to Mr. Tomlison was destroyed, the cause unknown. The second fire was at the farm of M. Fitchelshen, near Port Perry. The house was completely destroyed, with most of the contents. The cause is said to have been an overheated stovepipe in the summer kitchen.

CLAIMS CANCEROUS DISEASES REVEALED TO BE HEREDITARY

Doctor Urges Persons Whose Antecedents Were Sufferers, to Have Regular Examinations.

MAY SKIP GENERATION.

ITHACA, N. Y., Aug. 27.—(CP)—Dr. Madge Maclin, London, Ont., today told the Sixth International Congress of Genetics meeting at Cornell University that cancerous diseases are shown by statistical study to be hereditary.

Medical men, Dr. Macklin said, have recognized for some time that cancer was hereditary in some animals but were disinclined to believe the same condition applied in human beings.

Statistical study, she held, showed convincingly that the same types of cancer sometimes occur in members of a single family in a manner which can not be attributed to chance.

Failure in many instances to trace the hereditary nature of cancer, she said, was due in part to lack of diagnosis in previous generations or to occurence of death from other causes among parents afflicted with incipient cancer.

Urges Examinations

She urged that persons whose antecedents were known to have suffered from cancerous diseases should submit to periodic examinations at the hands of competent physicians, preferably at established cancer clinics in order that possible hereditary recurrence of the disease might be checked in its early stages.

Dr. Macklin insisted, however, that she was not attempting to show all children of persons afflicted by cancer would necessarily inherit the disease. Other factors than the disease itself, she said, entered into communication of the disease through heredity, and in many instances these other factors did not favor perpetuation of the ailment through succeeding generations, generations, even though, under the right conditions the disease might skip a generation to crop out again in some succeeding one.

What's New in the food markets?

MRS. JONES, Mrs. Smith, Mrs. Robinson, and many, many others—all tell us that they profit by following the food news in the advertising columns of The Examiner. Not only do they know what's new but they find they can shop more economically and place better meals on their tables. New foods, for variety...bargains, for economy...quality foods at special prices, for better meals...that is what a reading of the food advertisements in The Examiner does for countless women in Peterborough. If YOU haven't formed the habit yet—try it. You'll find it saves you time.

Your Examiner carries a great deal of food Advertising from day to day because the advertisers know that food-buyers read the paper. And that assures them of having first-hand knowledge of the food-markets at all times.

Kingston Wins Central Ontario Baseball Honors

PONIES DEFEAT NATIONALS 18-2 IN FIFTH GAME

Nineteen Hits Registered Off Combined Hurlings of Pointer and Weir.

MEET NEW TORONTO.

Quinn, J. Arniel and Elliott Lead Limestone City Club Sluggers.

KINGSTON, Aug. 27.— Smashing the ball to all corners of the lot in one of their biggest hitting exhibitions of the season, Kingston Ponies slaughtered Belleville Nationals 18 to 2 in the deciding game of the Central Ontario League play-offs here last night, and thereby qualified to meet New Toronto in the O.B.A.A. play-downs, the first being in Toronto to-day.

Collect 19 Hits.

Nineteen hits were registered off the pitching of Pointer and Weir and the Belleville team crumbled under the withering attack of the Ponies, who played back in mid-season form, fielded sensationally and getting sterling hurling from Jamieson, who had been knocked out of the box at Belleville on Wednesday.

Jamieson pitched sparkling ball all through, using good judgment with the Nationals. Alex. Weir was the only one to find him with any success, getting two rousing three-baggers.

Heads Sluggers.

For the Ponies, Quinn, J. Arniel and Elliott were the leaders with three hits each, while every man on the line-up got one or more hits.

The Ponies thus became the Central Ontario League champions for the second straight year, each season beating out Belleville in the play-offs.

WARNEKE HURLS 19TH VICTORY FOR GRIMM NINE

Thurston, Vance and Quinn Score Nine Runs on Eight Hits at Chicago.

Pirates Blank Phillies 8-0.

Dizzy Dean Holds Giants 4-2 For His Second Straight Win.

(By Herbert W. Barker—A.S. Sports Writer).

For the first time since Charley Grimm took over the reins, the Chicago Cubs can afford to sit back and take a breathing spell.

Winners of seven successive games and of 17 of the 22 they have played under Grimm's leadership, the Cubs to-day were six and a half games in front of the National League field.

They trounced the pennant-hungry Brooklyn Dodgers yesterday for the third time in a row, 10-4, smashing Hollis Thurston, Danny Vance and Jack Quinn for eight hits and nine runs in the third inning. Behind that lead Lon Warneke coasted to his 19th victory of the campaign. The sensational rookie right-hander has lost only five games, three of them to the Dodgers.

Pirates Blank Phillies.

The Dodgers, their pennant hopes temporarily dimmed, now must turn their attention to holding on to second place. While they were taking their trouncing at Chicago, the Pittsburg Pirates, behind the seven-hit pitching of Leon Chagnon, blanked the Phillies, 8-0, and moved to within half a game of the Dodgers.

Dean Wins Again.

The only other National League game of the day provided Dizzy Dean with a chance to win his second game in three days. He pitched the Cardinals to a 4-2 decision over the New York Giants, allowing only five hits, of which two were home runs by Carl Hubbell and Melvin Ott.

DISTILLERY RECRUITS

Mr. Neil Harris, the new Distillery manager, has secured a couple of players who should be of great help to the club.

Smith, a right back, who was with Cardiff City, and who comes from Glasgow, will be a useful addition especially as defence was the team's weak department last season, with Lawless, a centre half-back from Clerthorpes, should also strengthen a weak link.

With Mitchell, Gray, Jones and Wallace also available. Distillery's middle line should not give much anxiety next season.

Dr. Ralph Wilson Vanquishes Nazzarino Poggi

Margaret Ravior Wins Again

Margaret Ravior of Philadelphia won the Canadian National Exhibition women's swim for the third time yesterday afternoon when she completed the ten mile course in 5 hours, 22 minutes and 16 seconds. The Quaker maid retained her lead from start to finish in the long and gruelling grind.

ALLEN OUTHURLS CLEVELAND ACE TO COP 4-2 WIN

Gehrig Hits His 29th Homer and Ruth His 37th During American League Tussle.

ATHLETICS WIN 5-4.

(By Associated Press).

There was no change in the relative standing of the American League leaders as the New York Yankees and Philadelphia Athletics both won. Johnny Allen outpitched West Ferrell as the Yankees beat Cleveland 4-2. Gehrig's 29th homer and Ruth's 37th helped the young right-hander hang up his eighth successive victory and his 14th against two defeats this season.

Home runs by Bob Grove, Al Simmons and Jimmie Foxx, the latter's 47th of the campaign, helped the Athletics to whip the St. Louis Browns, 5-4, although it was Simmons' single in the ninth that drove across the winning run. Grove struck out 10 men in winning his 20th game of the year.

The Chicago White Sox collected 18 hits, including seven doubles and two home runs, and still managed to lose a decision to the Boston Red Sox, 11-8. The Red Sox got 13 hits and, what is more to the point, 14 passes from Gaston, Gallivan, Chamberlain and Faber.

The coyote preys on domestic stock such as sheep, calves and poultry but its principal food is the rabbit.

FIGHTS LAST NIGHT

CHICAGO—Barney Ross, Chicago, outpointed Ray Miller, Chicago (10); Franklin Cheek, Milwaukee, stopped Roy Peters, Chicago (5).

Lindsay Horses Win At Picton Fair Races

PICTON, Aug. 27.—First money in both the 2.24 and classified races at the Picton Fair yesterday were won by horses owned by H. Ingram of Lindsay.

2.24 class—

Herman Grattan, H. Ingram, Lindsay	1	1	2	1
Marion Direct, E. Redmond, Peterborough	2	3	1	2
Todd Grattan, J. Sutherland, Peterborough	3	2	3	5

Lou Entricken, E. Diment, Belleville	4	5	4	4
Phar Grattan, P. Ingram, Peterborough	6	6	6	6

Times: 2.16¼, 2.19, 2.19, 2.16.

Classified race—

Parker Boy, H. Ingram, Lindsay	2	1	1	1
Marion Grattan, R. E. Scott, Toronto	1	2	3	3
Kano McKyle, Lou Bennett, Port Hope	3	3	2	2
Black Mac, W. A. Fanning, Lindsay	4	4	4	4

Times: 2.14, 2.14, 2.16, 2.18.

Starter, Roy Brothers of Stratford; clerk, D. P. Boles; judges, C. E. Goodwin of Picton, J. S Johnson of Adolphustown, N. R. Hodgson of Kingston and E. Caughey of Cobourg.

FLYING MEDICO ENDEARS HIMSELF TO LOCAL FANS BY POPULAR VICTORY

Frankie Hart Has Little Trouble Defeating Buck McIvor in Preliminary.

HEWITT ALSO WINNER.

Fiery Italian Has Edge Over American Surgeon in First Part of Final Fray.

Dr. Ralph Wilson, handsome American surgeon-wrestler, endeared himself to a large crowd of rabid fans, of both sexes, at the Brock last night by taking the second and third falls from the unpopular and rough Italian, Nazzarino Poggi. Probably 90 per cent of the crowd went to the pro show hoping to see Poggi lose, and he did, though winning the first fall and giving the doctor a very tough evening.

Frankie Hart had little trouble throwing Buck McIvor in the prelim bout, while Whitey Hewitt got an unpopular decision after 45 minutes of hard grappling with Casey Berger in the semi-final. Jack Forbes was referee, and the announcer was Fred Scates.

Hart, weighing 177, and McIvor, a pound less, started fast, but it was soon apparent that Frankie was too fast and agile for the other. Both were quick and showed a variety of holds in short order, wrestling legitimately. Buck was puffing like a truckhorse on a steep grade as he went after Hart, getting in one tackle and missing another. He then got a flying leglock but Frank broke it with a hammerlock. Hart weakened him with three slams and he continued to look better the rest of the way. After roughing McIvor up, Frank pulled a hard body slam, followed by the crotch hold and slam to win the fall in 12 minutes. He got a good hand.

A Strenuous Bout

Hewitt, 215 pounds, and Casey Berger, 214-pound Texan, put on a strenuous bout that went the full 45 minutes. The crowd cheered Hewitt at the start but quickly veered to the other when Whitey began questionable tactics right away. He kicked, hit with his fists, used the knee, pulled hair and everything else illegal throughout the bout, drawing boos from the crowd and repeated warnings from the ref.

Casey was cleaner and just about his equal on the mat, and they made it a bout. Body slams that shook the ring, strangle holds and various torturing clutches made it a rough, even bout, with Hewitt persisting in his dirty work at every chance. There was plenty of noise as the behemoths tangled hard, but the referee had to pull Whitey off several times for foul tactics. They both used flying tackles and both were shoved out of the ring several times, all the time mixing it up fast and fairly evenly.

Berger Gets Cheers

Berger seemed to be getting in most of the effective work toward the end, several times having the scowling Hewitt backing away swinging his fists to keep the Texan off. They were dripping sweat and hard at it at the bell, and the crowd booed lustily when Forbe's raised Hewitt's hand, while Berger got most of the cheers.

The main event started off bad for Dr. Ralph Wilson, 205-pound Philadelphia surgeon; Poggi, Italian 200-pounder, started to rough it up early and had a big edge the first while. The doctor was fast and clever, one time tangling Poggi up in the ropes and walking away leaving him choking and sputtering in rage till rescued. The clean-cut surgeon proved quite popular and

Henry Pu-Yi, former boy emperor of China, now ruler of Manchuria photographed on the tennis courts near his executive palace at Changchun. Henry Pu-Yi is a thoroughly educated monarch.

Poggi was the typical villain of the piece, though he pulled off most of the torturing holds that count. However, he was warned repeatedly for dirty tricks and the crowd was sore on his throughout.

Italian Crowds Hard

While Wilson looked neat on breaking holds with a little scientific finger-work in the right spots, and was very fast on tackles, yet the hot-headed son of sunny Italy crowded him hard all the way and got in some real effective rough-house grappling. He won the first fall in 24 minutes, with two hard body slams that dazed the Philadelphian. The crowd hissed and booed Poggi all the way out.

They mixed it uu fast on their return, the doc pulling off two good full nelsons, but Poggi messing him up with more mayhem stuff. The crowd yelled for the ref. to take off a taped bandage which was around the knuckles of the Italian's right hand. They were at it just four minutes when Wilson, who was going better this time, following a roughing-up process of his own, picked Poggi up twice to slam him hard to the boards, laying on him to get the fall. The noise was deafening as he left the ring.

Wilson Gets Last Fall

The last fall lasted 11 minutes. They started hard again, Poggi going at it as if he meant business. He pulled off so much raw stuff that the crowd was yelling murder at him and at Forbes, who tried unsuccessfully to make the Italian heed his warnings. But Dr. Wilson was in high by now and was taking care of himself, finally pulling off the questionable bandage, and mixing it up. He used some sort of finger-pressure on Poggi's hand in a wristlock to make him squirm, and pressed in on his eardrums to make him break off bad holds. Poggi went into a rage and threw him out of the ring, later on taking a bite out of his arm in a clinch.

The doc hit him in the pantry with his fist and roughed it up a bit, too, to bring down the house. They were going nice toward the end, Wilson got in a neat back flip but Poggi rolled over on him to almost pin him to the mat. He bit him again and was promptly driven out of the ring. He pulled his old stunt of crawling quickly across under the ring to come up from behind on the doctor and grab him hard. But the flying surgeon wriggled around in his clutch and fell heavily on Poggi, winning the fall to the vast satisfaction of the crowd.

YESTERDAY'S STARS

Riggs Stephenson, Cubs—Led attack on Dodger pitching with triple and two singles.

Leon Chagnon, Pirates — Blanked Phillies with seven hits.

Al Simmons, Athletics — His ninth inning single drove in run that beat Browns.

Dizzy Dean, Cardinals — Stopped Giants with five hits for second victory in three days.

Charley Berry, White Sox — Combed Red Sox pitching for home run, two doubles and single.

Johnny Allen, Yankees —Held Indians to four hits and fanned six to win 14th victory of year.

Inside Sportin' Dope—By A. Wise Cracker

Mister Sporting Editor:

Well, Mac, outside of our sr. club, which has closed up for the season, our ball teams is now facing what the sport writers like to call the acid test of the playoffs. The Pirates, our jr. representatives, had the honor of leading off in these annual clashes with foreign teams, and they give the city teams a real start by bumping off Belleville in 2 straight games, 4 to 1 and 3 to 2, which ain't the worst way in the world to begin a championship campaign. The bantams, juveniles and the intermediate champs can't do better than follow the example of the Deannard-Bailey commendation, and if they do we'll be well on our way somewhere in the baseball world.

Our softball entry, the Sugar Bowl, master-minded by Mister G. Dormer, has already disposed of 1 rival outfit in their quest for provincial honors, taking the Firestones of Lindsay into camp 2 in a row. In the 1st game here the Lindsay lads played like a team from the old ladies' home for the 1st few innings, and when they finally got down out of the stratosphere, the Bowl was so far ahead that they only had to coast home. The 2nd battle in Lindsay, which the Peterborough entry win 6 to 3, was a tighter affair, but the evergreen Mister Bill Simmons jerked his fast 1 past the Lindsay batters with a zip that beat most of them, and his teammates doubled the 3 runs the enemy nicked off the veteran. The winners of the Southern Ontario League come next, in a bath nite fixture, the Oshawa gang playing here Sat. nite.

The American League race looks to be over, Mac, and from now on the interest will centre on whether the Yanks will be whitewashed this season, whether Babe Ruth will overhaul Jimmy Foxx in the matter of home runs, whether Gomez will equal Grove's win record of last season, and a few other little problems of that nature. Up to this writing the Yanks hadn't been shut out all season, and unless some pitcher hog ties them soon they'll establish a new record. Mister Ruth has been home-running a lot more than Mister Foxx lately, but the A's 1st baseman has a long lead, and if he can stick in a couple more circuit clouts he ain't likely to be headed. A few weeks ago it looked like the larruping Jimmy was going to set a new major league record, but he has lost the range, and unless he finds himself with a vengeance the Ruth mark is likely to remain.

Well, Mac, they ain't much more to worry about, and anyway it's too hot, so what do you say to calling it a day?

Sportfully yours,
A. WISE CRACKER.

The Prize-Winners

The six prize-winners in the women's marathon swim, with their times and the amount of their prizes, were as follows:

1. Margaret Ravior, Philadelphia, 5.22.18, $3,000.
2. Evelyn Armstrong, Detroit, Mich., 5.37.05, $1,500.
3. Mary Looney, Warren, Ohio, 5.42.29, $700.
4. Dorothy Nalevaiko, Glen Cove, N.Y., 5.59.39, $500.
5. Ruth Tower-Corsan, Toronto, 6.03.21, $200.
6. Ruth Downing, Toronto, 6.06.29, $100.

OUTLAWS TRIM SAINTS 10-5

Win Second Game in Series, Making Count Even With One More to Play.

CAMPBELLFORD, Aug. 27 (By Examiner Staff Correspondent) — Playing the second game in the first of the play-of groups in the Campbellford Softbal League the Outlaws drew a 10-5 win from the Saints, making the games even and ensuring the third game in this section of the play.

This game, which was played on the High School grounds last evening and witnessed by a large crowd of fans, was the reverse of Tuesday with the Saints failing to play up to form and the Outlaws doing their stuff to advantage. They started the play by getting a five run innings in the first, a lead the Saints were unable to pass, who fell down badly in their first round of the game when with one man down and two runs in, Nicholas caught Runnions and Gamble out in succession with two pretty shoestring catches.

From then on the game was more or less a breakaway for the Outlaws with the Saints failing to count after the third innings and the Outlaws steadily mounting up their tally. Danny Flint hurled good ball, registering two strikeouts, McComb for the Saints being a little off play. Only one homer was counted. Sam Flint for the Outlaws making all bases in the seventh. Darkness and rain hindered the last of the game.

The teams:

Outlaws—Crossen, rf; W. Flint, lf; Couch, 1b; Ingram, 2b; S. Flint, 3b; Nicholas, cf; D. Flint, p; Lambert, c.

Saints—T. Owens, c; Meyers, 1b; Storis, 2b; Whitton, ss; Runnions, lf; Gamble, cf; Little, 3b; Peeling, rf; McComb, p.

Umpires—Piate, H. Tinney; bases, G. Donald.

Score by innings—

Outlaws	302 010 2—10
Saints	212 000 0— 5

MAX MUST WIN OR LOSE PLACE AS CHALLENGER

Mickey Walker is Tough Foe and Will Give Schmeling Plenty of Opposition.

MEET SEPTEMBER 19TH

NEW YORK, Aug. 27.—Judge Samual Seabury must, by this time, have found quizzing Walkers a trifle unprofitable (if he hasn't the state of New York will when the time comes to foot the bill), and so they are going to turn the next Walker quiz to Herr Max Schemling of Germany. This clash of wits and punches will take place in the Madison Square Garden Bowl in Queens on September 19, and the public will be cordially invited at so much per admission card.

Before the year is out the Walkers, among them, will have done more fighting in 1932 than Napoleon did in his lifetime. Napoleon retreated from Moscow, mut thus far neither of the Walkers had retreated from anybody. The patient, persistent Seabury has found James J. a game and willing mixer and the patient, plodding Schmeling will find Michael Edward the same —and in spades.

Split Their Fees

The Teutonic traction interests, represented by Joseph (we wus robbed) Jacobs and William (the ol' professor) McCarney, were not overly anxious from the first to pit their battler against the Jersey bulldog. Indeed, they were on the point of gathering up their contracts and heading for softer pickings in Chicago when Doctor Kearns agreed to split his fees in such a manner as to make the match possible.

On its face, this is a fight in which Herr Schmeling has much to lose and little to gain. He is on the spot occupied by Jack Sharkey before his fight with Walker at Ebbet's Field last year, but with this important difference:

Few fighters, few men in any walk of life, have Sharkey's gift for falling out of a 20-story window and landing right side up in a top of a cherry tree ripe with fruit. Somebody once called Sharkey the world's most successful failure. True, Jack has also been consistently inconsistent right up to the point of losing the heavyweight championship on one of the best fights of his life and winning it on one of the worst. Herr Schmeling is not likely to be so fortunate.

Schmeling Ready

If a draw is the best Max can get with Walker, he is sure to lose caste among the contenders. Unless, of course, the decision is another one of those things, and every precaution should be taken to see that it is not another one of those things. I don't mind hearing Jacobs holler robber once a Summer, but twice would be often enough. Besides, when a feller tunes in on Frick or Coe or Husing or McNamee or Taub, why should he be given a wrong number?

According to cabled dispatches, Schmeling is now on the ocean bound for our, to him, at least, golden shores. He will arrive this week and go direct to Gene Tunney's old camp at Speculator, N.Y., to absorb some of the left-over Shakesperian tradition and the punches of his sparring partners.

SKEETERS CUT HERD'S MARGIN OVER ORIOLES TO SINGLE POINT

Plenty of Argument for Positions Left in International League Race.

FIRST AND LAST SETTLED.

(By The Associated Press)

The Newark Bears have taken a lot of the steam out of the International League race by running up an almost unbeatable lead a month before the end of the season, but a second look at the standing reveals that there is plenty of room for argument before the places are all settled.

Only Newark's place and that of the Toronto Maple Leafs at the bottom seem at all sure and the other six teams are neatly paired off in a series of private scraps for positions. And to make it all the harder for the contenders, Jersey City in seventh place is almost as close to Buffalo in second as the Bisons are to the league leaders.

The Buffalo-Baltimore warfare for second place has attracted the most attention and remains one of the hottest battles. Just below them Montreal and Rochester are fighting it out for fourth while in the next notch the Albany Senators haven't been able to gain much of an edge over Jersey City in their struggle for sixth.

One of Closest Battles

Montreal's Royals and the Rochester Red Wings offer one of the most interesting rivalries because of their habit of running as a team winning and losing at the same time. Yesterday was their turn to lose, apparently, after they both beaten strong opponents the day before, and they each took a neat trimming.

Montreal piled up a six run lead over the Baltimore Orioles in four innings then blew it all in one big frame when an error started the trouble and McGowan's 31st homer of the season, coming with two aboard, put the big kick into a six run rally. With the count tied at 7-7, the Orioles went to work on Gowell Claset and pounced out an 11 to 7 triumph. Rochester never did get started against Newark and went down 11-2 as Harry Holsclaw held the Red Wings to seven hits while the Bears made twice that number.

Leafs Square Accounts

Toronto squared its account with Albany in the third afternoon on the strength of a single swat. With the Senators leading 1-0 in the eighth inning of a mound battle between Walker and Yerkes, Stewart Clarke smacked a home run inside the park, scoring behind Henry to give the Leafs a 2 to 1 victory.

Jersey City pulled up closer to the Senators and reduced Buffalo's margin over Baltimore to a single percentage point by taking a 5 to 4 decision over the Senators in a night clash. The Skeeters won out in the ninth as William Austin Cy Moore, late of Brooklyn, outpitched Lefty Brewer to win his third straight game since joining the Skeets.

OAKWOOD GRADS HERE ON MONDAY

Toronto Team Meets Local Intermediates in First of La-Lacrosse Playdowns.

Monday night at the Brock sees the Petes swing into action in the first of the lacrosse playdown games, meeting Oakwood Grads of Toronto here Monday and in the Maple Leaf Gardens toward the end of next week. Coach Mathews, the oldtime Toronto star who has been coaching the Grads in recent years, will bring down a large team of husky players who show a fast brand of play with tricky combination.

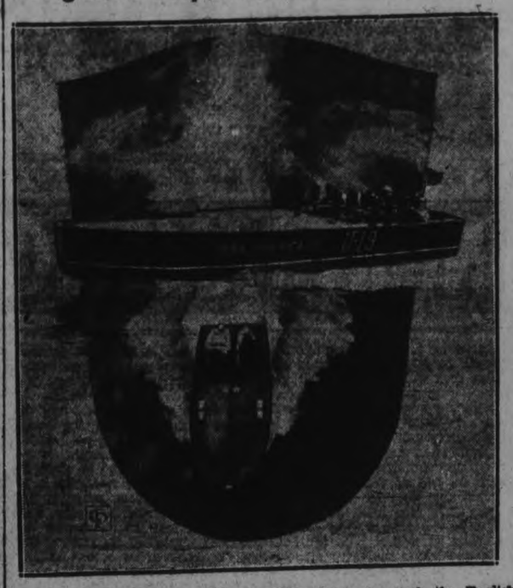
This team lost to the Petes in an exhibition tilt early in the season, but have strengthened up since and defeated both senior and intermediate teams throughout the province. They will play their best to get the first win of the home-and-home series. The players on the Toronto outfit have been together for years, several having been mentioned as pro prospects, and certain lacrosse experts believe this is the team to beat for the O.A.L.A. intermediate title.

On the other hand, no stronger Peterborough team has ever been rounded out. King, Bovin, Dundas, Jack Scriver and the others comparing quite favorably with a like number of stars on any Ontario squad. They work a tricky combine play of their own, check hard and shoot well. Bovin and King are deadly around the nets, and when the team is clicking right, very few seniors are their equals. This is what Mike Rodden in the Globe says:

"Oakwood Grads can count on a tough old battle at Peterborough Monday night in the first of the O. A. L. A. intermediate semi-finals. Word comes that the Petes are much stronger than last year, when they went through to the finals against St. Simons. This season they have procured playing material over a wide area in the Trent Valley district, and Monday expect to trot out some outstanding stars from Hastings and Havelock.

"The team will likely line up as follows: Goal, Lebarr or Creighton; defence, Miller, Goodfellow or Shaw; rover, Magee; centre, Dundas; forwards, King and Bovin; subs., Hatton, Palmer, Scriver, Cadd, Routley, Hutchison and Jack. The return game will likely be played at Maple Leaf Gardens toward the end of next week. The teams have agreed on Len Smith to referee both games."

England's Hope In Harmsworth Events



Here is the boat in which Gar Wood hopes to crush the English threat of Miss England III, piloted by Kaye Don, in the Harmsworth Trophy races on September third at Detroit. The trophy is emblematic of the motor boat speed supremacy of the world. Gar Wood is at more or less a disadvantage this year in that he does not know his boat as well as in former years, while Don's boat has been tried and proven at Loch Lomond, Scotland, where he established a new world's speed record of 120 miles per hour. The first race will be held on Saturday, September 3rd, with the second on Monday.

SPORTS Day by Day

Baseball — Softball — Lacrosse
Boxing — Wrestling — Acquatic

(BY C. J. P.)

The men's softball playoff game at Central tonight is due to start at 6.15 o'clock, Oshawa Dodgers meeting Sugar Bowl in the first game of their O.A.S.A. series. The second one will be held in the Motor City stadium Monday evening. Probably, "Lefty" Sturgeon will pitch for the Bowl tonight, and it should be a good game played before a record softball crowd.

* * * * * *

Quite a crowd took in that pro rasslin' show at the Brock last night, more women and girls being present than usual. The fair ones were all pulling hard for the good-looking Dr. Ralph Wilson in the main bout. They admire his looks, while the men pulled for him because of his speed and clean grappling. And both women and men pulled for him just because his opponent was Poggi, the bold bad Italian.

* * * * * *

Poor old Poggi has very few friends here, but that doesn't bother him any. He gets away with as much raw stuff as possible, and continually complains to the referee and fans about how unfairly he is being treated. He lost last night but he certainly gave the doctor a tough session of it. Things must be pretty terrible in Sleepytown, Penn., for the doc to lock up his office every once in a while and go on a rasslin tour. There's other sports, such as tennis, etc., if he really wants exercise and still stay in one chunk!

* * * * * *

And who was the fair young thing that felt so badly about Wilson losing the first fall that she tried to bean Poggi with a pop bottle? Two stalwart cops kept a lookout around her section the rest of the bout, and Mr. Poggi was escorted out of the ring after that.

* * * * * *

Dr. Wilson is a fast, clean grappler, but wasn't altogether over the shaking up he got in that Toronto bout, so didn't appear at his best early in the scrap. He is something like Frankie Hart, who is always popular here. Incidentally, Frankie was a little too good for McIvor in the first match on the card.

* * * * * *

Whitey Hewitt is a rough boy, too, and the fans didn't like the way he got the nod over Berger, who put up a real tussle. They fought hard and on even terms most of the way, with the big Texan looking a little better at times. Either of these men could go on in a headline bout anywhere. Referee Forbes took a lot of panning for letting Poggi and Hewitt get away with so much dirty stuff, but as he told us: "The crowd would be even more peeved if I forfeited a bout, and you can hardly fine the wrestler when he's working for such small purses here." It sounds reasonable, at that.

* * * * * *

At last night's girl's softball game was rained out. It will have to be replayed at 6.30 at the Bowl Monday evening. It's the sudden-death game for second place in the second half between Keene and Sixth Line. They just went four and a half innings last night before that cloudburst. Keene was up, 11 to 4, then and going along nicely. Incidentally, we wonder what's become of Verna Dixon who used to star in left field and at bat for Keene. She hasn't been with the team in quite a while.

* * * * * *

The Keene-Westclox game, scheduled for Monday night, will be played Tuesday instead, regardless of whether that other game is held Monday or not. This is the first playoff tussle to declare a winner in the first half. We haven't heard when the second of their three-game series will be played, but should know by Monday.

* * * * * *

Several inquiries from girls and those interested in the girl's teams have been to the effect that this fall indoor league should be made up of four men's teams and four girls' outfits, with a game of each being staged—that is a mixed double-header—twice a week at the Brock. It isn't a bad idea, and if the girls will organize at once or write to the men's league on the matter, something may be done about it.

* * * * * *

Don't forget that box lacrosse playoff game at the Brock Monday, between the Petes and the Oakwood Grads. It should be a pip and will probably attract fans from all over the district. We wouldn't be surprised to see the local stars trounce the Grads here this first game, though the return one in the Toronto Maple Leaf Gardens will be plenty tough for the Petes, who will be on a bigger and very strange field.

* * * * * *

Those interested in the outcome of the Pirates' Juniors O.B.A.A. game in Toronto this afternoon, and also in the Toronto-Kingston senior argument there, will be informed if they call The Examiner this evening—that is if we can obtain the results early as we hope to do. There's also the Sugar Bowl-Oshawa softball game and the local bantam O.B.A.A. fixture, but these two may be seen here.

* * * * * *

For the second year in a row, Kingston Ponies beat Belleville out for the C.O.B.L. championship. The Ponies slaughtered the Nats in Kingston last night, 18 to 2, playing all-around better ball. Jamieson pitched them to the one-sided victory over Pointer and Weir. They're worthy champs and should do well against New Toronto and the others. Tough luck, Belleville, you gave them a tough argument till the final game, but the better team won.

PADDLERS COMPETE IN C.N.E. EVENTS

Amateur Aquatic Events at National Exhibition Open To-day.

TORONTO, Aug. 27 (By The Canadian Press) — Outstanding paddlers, oarsmen and swimmers from all sections of the Dominion and many parts of the United States are prepared to-day for the many amateur events which feature the Canadian National Exhibition sporting programme.

The paddlers andn oarsmen officially open the new C.N.E. course when they match strokes in the regatta which has drawn such oustanding entries as the Lachine Rowing Club, Gananoque Canoe Club, and contingents from Toronto and Sudbury.

The standout swimming attraction on the afternoon programme is the two mile race for amateurs in quest of the Barker Gold Trophy, emblematic of the two mile championship of Canada. In this event the speedy Ray Ruddy, of New York, will defend his laurels won last year against such well known stars as Walter Spence, his fellow club man, Harry Clancy, Cincinnati and Jackie May, Honolulu as well as the Canadian stars, George Burleigh and Jimmy Thompson of Toronto.

Cricket Results

LONDON, Aug. 27 (C.P. Cable).—Yorkshire is the winner of the county cricket championship for the second year in succession as a result of two 15-point victories this week, which leave Sussex and Nottinghamshire far behind.

Three hundred points place the northern county out of danger. This total is the result of 18 wins, two losses, three games won the first inning, one lost on the first innings, and three with no result, out of 27 games played.

Air passenger traffic between London and Paris is double what it was last year.

SCREEN ODDITIES
by Captain Bosco Fawcett

Barbara Stanwyck was playing a leading role in "Burlesque" at the time of her marriage to Frank Fay and three hours after the ceremony was performed she had to rejoin the company which was on the road. She continued on tour with this show until illness forced her to give up her part just four and one-half months after her marriage.

* * * * * *

The author of "School Girl" and other stories that attracted widespread attention, Carman Barnes went to Hollywood to write original screen stories,scripts, and dialogue for one of the large studios. Impressed by her beauty and personality, studio officials gave her screen tests and enthusiastically announced she would be a star. Six months later, without being appeared in a single film, her contract was bought up by the studio and she returned to New York.

* * * * * *

Julie Haydon, stage actress, who recently entered pictures, will not ride in an automobile. Some years ago she was in an automobile accident, and since then has refused to enter the vehicles. In going to the studio she either walks or rides on a street car.

Jacqueline Logan is in British pictures.

MIGHTY SEA-STEEDS CLASH WHEN K. DON AND WOOD MEET TO BATTLE FOR SPEED TITLE

Barring "Accidents," New Records Should be Established in Harmsworth Trophy Race at Detroit on September 3rd—Don's Boat Faster.

ENGLISH SPEED KING HAS AMAZING RECORD

By A. P. NORTON

TORONTO, Aug. 27.—(Special to The Examiner)—In the cool of dawn on Saturday, September 3, two greyhounds of the deep will slip away from their moorings in the Detroit River, to resume an epic battle that came to an untimely end in the same waters one year ago.

There may be other boats in the race for the Harmsworth Trophy, but the eyes of the entire English-speaking world will be focussed solely upon the two chief contenders—Miss England III, piloted by the great British war ace, motorcycle, automobile and boat racer, Kaye Don, and Miss America IX, with Gar Wood, the Gray Fox of aoquatic speed, at the helm.

The story of the Harmsworth Trophy race of 1931 is all too well known. How Kaye Don steered the Miss England II to a brilliant and totally unexpected victory over Gar Wood's Miss America IX in the first heat, winning by two miles and maintaining a consistently greater speed all the way; how Gar Wood tricked Kaye Done into crossing the starting line nine seconds ahead of the gun, by himself leading the British boat into the race too soon, thereby disqualifying both the Miss England II and Miss America IX, while George Wood, Gar's brother, puffed slowly around the course in the Miss America VIII, the only boat to finish; and how Kaye Don, in an heroic attempt to catch the scudding Miss America IV, was caught in a wash and hurled into the water with his two mechanics, while the Miss England II sank to the bottom of the Detroit River, so that George Wood had but to amble over the course in a "third heat" to earn the doubtful honor of having his name engraved on the Harmsworth Trophy for 1931. All that is history.

The white-hot fury and indignation of true sportsmen the world over, upon learning the ruse in h whereby Gar Wood retained the world's speed boat honors for the United States, was manifest as openly in those same U.S.A. as it was elsewhere. Consequently, the approaching race for the trophy on September 3 will see Kaye Don enter the course with the well-wishes of practically everyone who knows that the race is taking place. It will not be well for Gar Wood if a repetition of the 1931 scandal occurs this time. He would do best to disappear, in the event of such a disgrace. His own countrymen say so.

Outstanding Clash.

The race this year, provided it is not marred by any unsportsmanlike subterfuge, should be the outstanding clash in the 30 years' history of the Harmsworth Trophy. Both Don and Wood have nursed their mettlesome sea-steeds to world's record speed marks. At present the English boat, built by Lord Wakefield of Hythe, C.B.E., LL.D., holds the record. The Miss England III early this year attained a top speed of 120.5 miles per hour to earn a recognised record average of 119.81 m.p.h. in trials on Loch Lomond.

The Miss England III that will race for Britain at Detroit was constructed at a cost of $150,000, is 35 feet long and 9 feet 6 inches in width. Two Rolls-Royce motors of 2,200 horsepower each, and capable of 3,200 revolutions per minute, supply the drive to twin propellers. The Miss England II was equipped with but one screw.

Kaye Don, the 38-year-old Briton, born in Ireland, has lived a life of thrills. He enlisted in the Royal Air Force at the age of 17, and in 1917 narrowly escaped death when his plane cracked up behind the British lines. He was not even scratched, however. After the war he took to motorcycle racing, and on the Brooklands track was hurled over the handlebars just after winning a race, and cleared the concrete track and the railing to land outside. He was hurt, but in a month was riding again.

After motorcycling, automobile racing took his fancy, and he had a close call once in 1930 when his machine skidded into the curb, caught fire and overturned, pinning him under the blazing wreckage. Three broken ribs, a splintered collarbone and head injuries were the results of that mix-up. Then, last year in the Harmsworth Trophy race, his escape from serious injury or even death was little short of phenomenal. It was just by luck that the Miss England II, after capsizing, hurtled through the air for some distance before striking the water.

Before Kaye Don abandoned motor racing in favor of boats, he won the Irish Tourist Trophy race in 1929, and figured prominently upon many tracks all over Great Britain and Ireland. He also journeyed to Daytona Beach with his 4,000-horsepower Silver Bullet, in the hopes that he might set new records for speed on land. But faulty construction of the machine coupled with bad weather to upset his plans, and he was forced to return to England recordless.

Sponsors Events

Lord Wakefield, who built the Golden Arrow, in which the late Major Sir Henry Segrave in 1929 set the world's land speed record of 231.36 m.p.h., also built the Miss England II, in which Sir Henry reached an unofficial speed of over 119 m.p.h. before he was killed when the boat struck a sunken log and dived to the bottom of Lake Windermere. The Miss England II was raised from 180 feet of water, repaired and rebuilt, and given over to Don, who promptly began to set new marks for Wood to shoot at.

Major Segrave's record of 98.76 m.p.h. had been beaten by Gar Wood in 1931, with a mark of 102.256 m.p.h. Kaye Don's first serious attempt, at Parana de Las Palmas, Argentina, later in the same year, registered and official record of 103.49 m.p.h., and shortly afterwards the Miss England II clicked off a speed of 110.233 m.p.h. at Gardone, Italy. This record remained untouched throughout the 1931 Harmsworth Trophy races, but early this year Wood claimed 111.172 m.p.h., and right after that the Miss England III retaliated with the present record, 119.81 m.p.h.

The times for the Harmsworth Trophy races last year were not of record-breaking calibre. Don averaged 89.913 to win the first heat from Wood, who averaged 87.027. In 1930 the Miss America VIII made only 72.333 m.p.h. to defeat Miss Marion Barbara Carstairs' British boats, the Estelle IV and the Estelle V, both of which had to retire from the heats due to collapsed flue tanks.

All speed records for the race, it is expected, will be shattered at the races on Detroit River on Saturday and on Monday, September 5. Should a third heat be necessary, it will be held on Tuesday, Sept. 6.

Kaye Don's Miss England III arrived in Canada on Aug. 13, and on Aug. 19 was unloaded at Windsor. After the Harmsworth Trophy races, Don will bring his boat to the Canadian National Exhibition at Toronto, where he will indulge in a trial run outside the breakwater on the Exhibition Park lakeshore.

OSHAWA HERE THIS EVENING

Oshawa, Representatives of South Ontario, to Meet Sugar Bowl in First Game.

GAME STARTS 6.15.

Oshawa Dodgers, winners of the Oshawa district softball league this year, and representatives of South Ontario, are here to-night to play Sugar Bowl at 6.15 at Central. It is the first game of their O.A.S.A. playdown series, second one taking place Monday in Oshawa. A record crowd is expected to see these two classy teams of the second round clashing here.

Probably "Lefty" Sturgeon will get the call to pitch for the Bowl, with Pat Calladine catching. The infield is expected to be made up as usual, with Dormer on first, Miller at second, Bill Calladine at short and Weese on third, though Hap Bradshaw may displace someone on the infield. In the garden will be Weir, Playford and Dallin. This outfit represents the best fielders and hitters in Peterborough and district, along with good hurling.

Little is known of the South Ontario champs, but they must be good to come through the competition down in that softball district. They play exhibition games with Toronto between league games to keep in top shape, and will doubtless throw in their strongest pitcher and lineup here to-night in an attempt to grab off the first game. If the weather is right this evening, a huge crowd is expected and one of the classiest and most closely competed softball games of the year should result.

BURGESS BEDTIME STORIES

JOHNNY TELLS ABOUT A TER-.. .. ..RIBLE MONSTER. .. ....

(By Thornton W. Burgess.)

On his way back to the corner where Johnny Chuck and his new house were Sammy Jay's temper cooled off. And as his temper cooled he began to see the funny side of the mix-up, so that by the time he reached the corner he was quite ready to laugh at himself. Besides he was beginning to itch with curiosity over the cause of Johnny's queer performance in leaving such a fine home as he and Polly had so long in the far corner of the Old Orchard.

Johnny Chuck was still sitting on his new doorstep and he wasn't in good temper at all. In the first place he hadn't had anything to eat, as probably you remember. You recall how just as he had started out to look for a breakfast an automobile had come along the dusty road on the other side of the stone wall and had honked, scaring Johnny almost out if his wits. He was not yet over that scare. It was because of this that he was still sitting on his doorstep instead of eating breakfast in the nearest clover patch.

"Johnny," cried Sammy, "forgive me for not recognizing you before. You see I didn't know you had moved and didn't dream that such a fat, lazy fellow as you have grown to be would think of doing such a thing."

"Huh!" sniffed Johnny Chuck.

"So, when I saw you up here I thought you were some one else," continued Sammy. "What made you look so scared when you first came out? I waited ever so long. I had begun to think you never would come out."

"Huh!" sniffed Johnny Chuck again. Then as he remembered the terrible fright he had suffered he added, "I guess you would have been frightened if you had heard what I heard."

"What?" demanded Sammy.

"A terrible monster came rushing along that road making the worst sound I ever heard in all my life," declared Johnny.

"What did he look like?" asked Sammy very much puzzled.

"I don't know," confessed Johnny. "I didn't wait to see. I guess it is just as well I didn't. I heard him rush past along that road making

"What did he look like?" asked Sammy, very much puzzled.

the most awful noises. I never heard anything like it before. I hope I'll never hear anything like it again. I haven't drawn an easy breath since."

Sammy scratched his head first with one foot and then with the other. It was clear that Johnny Chuck was very much in earnest. It was clear that he believed every word of what he had said. But for the life of him Sammy couldn't think of any thing which could have given Johnny such an idea.

Suddenly far away an automobile honked. It seemed as if Johnny Chuck turned a back somersault so suddenly did he disappear inside his new house. At first Sammy Jay stared, more puzzled than ever. Then all in a flash he understood. Johnny's monster was an automobile, one of those queer wagons which run around without a horse to pull them. Sammy had seen so many of them that he never gave them a second thought. But with Johnny Chuck it was different. Living as he had for so long in the far corner of the Old Orchard he had never even heard one near enough to notice it, and, of course, he never had seen one. In fact, he hadn't seen one yet. Sammy began to chuckle. Then he flew down on Johnny Chuck's doorstep.

"Come out, Johnny!" he called softly. "Come on out! There's nothing to be afraid of."

(Copyright, 1932, by T. W. Burgess.)

SUMMER COMPLAINT CAUSES MANY DEATHS AMONG INFANTS

Thousands of mothers throughout Canada have used

during the past 80 years it has been on the market, and their child's life no doubt saved by its timely use.

What To-Day Means To You

"VIRGO"

If August 27th is your birthday, the best hours for you on this date are from 11 a.m. to 1 p.m., from 4 p.m. to 6.15 p.m. and from 10.30 p.m. to 11.45 p.m. The danger periods are from 9.10 a.m. to 10.30 a.m. and from 8 p.m. to 9.35 p.m.

It would be well to mark time today (August 27th) before forcing or coming to any final decisions over important matters of business. Care in all financial interests is advised, as well as diet restrictions for health's sake. A romantic evening for young lovers, and secret troths will be plighted.

Children born on August 27th will have sweet and gentle natures, which will be sensitive and easily influenced by prevailing conditions. They will be very much children of Fate, as they will lack the ambition or courage to force themselves on to a higher plane than those on which they were born.

A strong sense of duty keeps you pretty well on the job, and cleaned up with your obligations, if born on August 27th. You hate to have any kind of obligations banging over your head. From one side of your character, you get an inclination of rather Spartan-like habits and ways; the other side of you longs for adventure and contact with human beings. The one half helps to keep the other half sane.

You are not a considerable talker and like all who can hold their tongue, you seldom appear a fool. Even if still waters do not run deep, they generally look as if they did. A natural kindliness and diplomacy forbids you touching people on the raw. Nothing is too much trouble for you for a friend. Your sympathies, however, are not widespread, and you do not scatter your charity. You have the grit and backbone which enables you to make higher attainments than those with less "nerve" and resoluteness. Your life will not be full of half-finished attempts, and your failures will not be easy defeats. You have unmistakable traits of character that cause you to be either very much liked or very much disliked. If there be peace and harmony within, you are always a home-body.

"VIRGO"

If August 28th is your birthday, the best hours for you on this date are from 11 a.m. to 1 p.m., from 5 p.m. to 6.15 p.m. and from 9.45 p.m. to 11 p.m. The danger periods are from 8.30 a.m. to 10 a.m. and from 3 p.m. to 4.25 p.m.

You should get out of bed in an amiable mood, Sunday, August 28th, according to the influences engendered by the Planets, and few family squabbles should take place. An occasion of a purely social nature will be the cause of "linking up" with something or somebody who will be of future value.

The child born on this August 28th will not be born under a very harmonious planetary combination. Mistakes will be apt to be made during its life because of its impulsiveness. It will have an intense nature, with considerable nervous energy and fire-like emotions. A vivid imagination may injure both to its good and harm.

You have a fearless nature, if born on August 28th, and the world loves a trier. You are not short of driving force or dynamic power, and it is difficult to believe that you will be permanently kept out of success. Your program for life is not an unambitious one, and although it may be necessary to "scratch" several of its factors, the rest "by hook or by crook" will at least be carried out partially.

You are undoubtedly self-centered, and ride over your obstacles roughshod, including the human elements. You may stay without your rights and abide by the laws of your country, but you would get along better with people if you oiled your tongue with diplomacy, and were more willing to "give in" on minor points. In the long run you will find that having your own way does not always bring happiness. If you be a man, do not be so afraid of showing feelings of sentiment; it is not always a sign of weakness!

Your tastes are conservative, but you are a believer in good quality. You would rather have fewer possessions and have them good than to be the owner of a large assortment of tawdry things. Be you man or woman, you generally look like a million dollars," no matter how fat or lean your pocketbook may be—it is a knack with you.

SOLID AS THE CONTINENT

At a time when people think primarily of security and when there is such vital need for protection against the future, Life Assurance is the best and in most cases the only means of securing it.

RUSH POINT

Thursday night's league meeting was as usual well attended at the Rush Point Church. Mrs. Fred Toms was the vice-president in charge of the program for the evening. Mrs. George Newton read the scripture lesson and Mrs. (Rev.) Aichenhead lead in prayer.

A violin selection by Miss Helen Buchanan was accompanied on the organ by Miss Verna Buchanan. Miss Mabel Fetherick gave a reading entitled "The Lips That Touch Liquor Shall Never Touch Mine." This was followed by a splendid talk to the girls of the league by Mrs. Rev. Aichenhead. Mr. Earl Pollock closed the meeting.

Miss Clara Menzies returned to Rush Point after spending a week with her aunt, Mrs. Jack Atchison, of Campbellford.

Miss Birdie Menzies is visiting her aunt, Mrs. Bernard Smith, in Havelock, for the week.

"Tight buttoned"

Have You, The "Can't Afford It" Habit?

THE use of that phrase does not suggest the inability to buy so much as the desire to practice rigid economy . . . to save . . . to deny yourself needed and necessary commodities.

But Man, oh Man, and you, too, Madam, how better and more effectively can you practice economy and thrift than to buy when prices are at their lowest ebb in years? How more certainly can you insure economy than to replace worn or out-of-date furniture than when new is selling for one-third of what it sold for 15 years ago? Or to stock up on food products when they are 40% less than at any time since the war? Or clothing when $53 to-day will buy you what you paid $100 for in 1912?

What you really cannot afford to do is not buy because you cannot afford to miss to-day's low levels . . . prices that are an actual boon to reduced incomes . . . to the practice of sensible, far-sighted economy.

MISS ENGLAND LEAPED LIKE PORPOISE IN FIRST TRIALS

One Spectator So Excited by Speedboat's Antics That He Collapsed

HULL WAS MODIFIED

Luss, Scotland.—Before her final success in setting a new speed record on Loch Lomond, Miss England III. in her first trials performed like a boat gone crazy. She demonstrated fully how delicate must be the balance of a 5,000 horsepower racing craft to prevent astonishing antics.

On the first run down the course the boat began to leap in an amazing manner as soon as the throttle was opened.

Experts who knew considerable modifications had been made to the craft realized that her porpoise-like motion was probably caused by the changed distribution of weight.

The boat was see-sawing violently amid a great halo of white spray, while Kaye Don held the wheel in a vice-like grip and his mechanic, Richard Garner, held on to the sides to prevent himself from being flung into the air.

As the boat rocketed past Luss Pier at the end of her first two-way run over the course, Mr. John McKeller, a 76-year-old resident of Luss, became so excited at the extraordinary spectacle that he collapsed.

Despite the risk he was running—it seemed likely that the boat might leap so high that it would either nose dive into the lake or turn turtle—Mr. Kaye Don agreed to make another run to see if it was possible to get the boat over the difficult period when it was porpoising by increasing speed.

But this time the porpoising movement became still more violent, so that at times the six-ton boat leaped clear of the water.

After a conference of experts, it was stated that the alterations appeared to have been slightly exaggerated. Instead of being a trifle heavy in the nose, the vessel was hull heavy, which caused her to ride out of balance.

She was taken out of the water at Balloch Pier for redistribution of ballast and modification of the hull.

TARZAN, LORD OF THE JUNGLE. NO. 90 By Edgar Rice Burroughs

(Metropolitan Newspaper Feature Service, Inc.)

"For every jewel, a drop of blood." Twice more came this dismal wailing as the Arabs hastened out of the gloomy wood. The voice well knew the superstitious nature of the desert people. At sunset it became necessary to make camp. Food and fires relieved the overwrought nerves of Ibn Jad's men and soon there was laughter and singing in the menzil of the thieving Sheik.

The Sheik himself sat in his mukaad, surrounded by the five bags of treasure. About him were his favorites, sipping coffee, as Ibn Jad gloated and fondled the stolen gold and jewels. Suddenly there came a weird moan, and something rolled into the midst of the startled men. Horrow-struck, spellbound, they saw it was a man's severed head. Then from the dark forest, same again that hollow, shivery voice: "For every jewel, a drop of blood!"

The Arabs bunched together and seized their weapons, but all were too nerve-shaken to venture outside the beyt, for they thought: "None but an evil spirit, a 'jin,' could have done this deed!"....Ateja crouched upon her sleeping mat, too terrified to note the curtains rise, or the figure that crept within. In the darkness she felt a hand clapped across her mouth. Trembling, the Sheik's daughter heard a strange voice in her ear.

Ateja was sure the voice belonged to a 'jin,' or some such fearsome creature of the night. "Where is the woman your father brought from the Valley? Answer!" said the voice. "Fahd took her from our menzil, last night," Ateja managed to gasp. "Where they went, I know not." As in silence it came, silently the presence left her. When a moment later Hirfa returned to the harem, she found her daughter lying in a swoon.

WON "OLD CHUM" PRIZE

First prize of $100 in the seventh Old Chum Picture Title Contest this month was won by Leonard J. Coleman, of Stratford, with C. E. Davidson, of Glencoe, winning second prize of $40. Leota B. Firth, of 478 Murray street, was the only Peterborough winner in the contest, gaining a prize of two dollars.

Trade Expansion By Heintzman & Co.

Ye Olde Firme Heintzman & Co., in keeping apace with business innovations resulting from the creative genius of man, have installed a completely equipped Electric Appliance Department at Heintzman Hall, Royal Bank Building, Hunter street. Here, apart from the world-famed Heintzman Pianos are displayed Connor Washers, Westinghouse Refrigerators, Majestic Refrigerators, Westinghouse Electric Stoves and Appliances, Philco, Rogers, Victor and De Forest Crosley Radios—quite a wide range for selection by shoppers.

The name Heintzman has been for near a century the synonym for "all that is best" in pianos, and no doubt any merchandise handled by them will have their "quality value" recommendation.

As to service, Ye Old Firme has always insisted that "the best is none too good," which policy will be found to apply as far as is practicable to their electric appliance department.

Artists, Writers Try Co-operative Living

TORONTO, Aug. 27. (CP)—An unique venture into realms of co-operative living will shortly be attempted by a group of Toronto writers, artists, professors and businessmen in protest against the standardizations of art, education and industry in modern life.

The group has purchased a homestead and will establish the guild of all arts, a centre of art and cultural influences.

Sponsors of the movement are maintaining their identity a secret as yet, but it is understood many artists from this city will shortly leave and set up their studios in the colony which will be near Scarboro.

One of the bars of gold recently saved from the sunken liner Laurentic proved to be worth $75,000.

Closing the port of Santos, Brazil, due to the insurrection, has interrupted an overseas trade movement from that port averaging $12,000,000 monthly.

Old-Timer Returns

TOM WILSON REVISITS LAKE LOUISE.

In late August of 1882, when the Canadian Rockies were still new to the white man, Tom Wilson of Banff trekked upward from Pipestone Creek and so beheld for the first time the blue-green waters of Lake Louise, in Canada. He is shown there recently as he revisited the lake. At the time of the discovery, Wilson was a pack-train leader for a Canadian railway.—Photograph made by Bob Davis, writer.

Mercury Registers Night Heat Record

The warmest night of the present summer was experienced last night when the thermometer which had climbed up to a maximum of 84 degrees during yesterday failed to drop below 68 degrees.

Although there was four degrees variation down scale between the maximum for Friday and today's highest temperature, the heat around noon and particularly just prior to the rainstorm induced in most people an uncomfortable enervating feeling on the slightest exertion.

Following the rain during which there was precipitation of a quarter of an inch according to Walter Peters the official weather man, the mercury climbed down five points, remaining constant at 75 degrees.

Outboard Drivers Tuning Up Boats

TORONTO, Aug. 27. (CP)—Outboard motorboats are being tuned up here in preparation for the race for the Wakefield trophy, open to class c boats. The event will be staged on Sept. 6 and is open to the British Empire. The trophy at present is in possession of J. R. Ardiel, of Windsor.

The race is over a distance of 10 miles and three pieces of silver plate are awarded the first, second and third placers.

Mildred Morgan of Beverley Hills, California, is one of eight women pilots entered in the Los Angeles to Cleveland air derby, which started from the Pacific Coast on August 21.

Air Derby Managers Injured In Crash

ROOSEVELT FIELD, N.Y., Aug. 27.—Twenty-six planes took off today for Cleveland in two air derbies which are events in the national air races, but fog over New Jersey caused several returns and brought the plane carrying the two managers of the derbies down in a crash.

The plane that crashed was piloted by Col. H. W. Lake, an Oil Company official, and manager of both the Leeds and Lawrance derbies. J. D. Guthrie, treasurer of this flying field who was acting as Lake's assistant, was in the plane as a passenger. Both were injured, not seriously, and were taken from the mountain in the watching reservation where they crashed to Overlock hospital.

Three other planes were forced back here by fog and Mrs. Blanche Noyes of Cleveland was forced to land at Jersey City, N.J.

2,000 Delegates Sing Red "International"

AMSTERDAM, Netherland, Aug. 27. — Nearly 2,000 delegates from many countries vociferously sang the International today at the opening in the International Congress against war. The assembly hall was decorated with red banners and there were many fervent peace inscriptions.

The United Kingdom's delegation numbers 80 members Of the labor party, there are 500 representatives of Germany, a large contingent of Frenchmen is participating and 30 from the United States. Henry Barbusse, novelist, headed the French reresentatives and in the absence of Romain Rolland famed internationalist opened the Congress.

Obituary

PAUL MAUDSLEY.

The funeral was held this afternoon to Lakefield cemetery of Paul, the infant son of Mr. and Mrs. Edward Maudsley of 196 Aylmer street, this city, who died on Friday evening.

U. S. SLOOP WINS

SEASIDE PARK, N. J.—The United States sloop, "Scamp" skipped by Charles Dunbar, led the other United States and the two Canadian entries across the finish line in the first of the yachting series on Barnegat Bay for the international challenge cup. The Scamp's winning time for the 8-mile triangular course was one hour, 4 minutes and 10 seconds.

HITLER VISITS HINDENBURG

Here is a photo from Berlin showing Herr Hitler's car leaving President Hindenburg's palace after the National Socialist leader's important interview with the president in Berlin.

GLADIOLI SHOW IN OWN GARDEN

A. W. Spenceley Makes Hobby of the Spiked Flowers. DEVELOPS SEEDLINGS.

Since he took up the culture of gladioli as a hobby a few years ago, Al Spencley, Monaghan Road, has kindled an ambition to develop a variety that will be officially recognized and listed.

His Pastime Garden is abloom these days with hundreds of these beautiful flowers of August maturing. And hundreds is a moderate and inadequate numeral to apply to the serried rows of Spencley spikes, for by his own estimate the total is around 25,000, of which 10,000 are seedlings, and 2,000 of the seedlings were set out this year.

Looking after that multitude of "glads" is no easy job for a man who has his daily work as a necessarily major interest, but in the early morning hours and evening there is a generous surplus of time for the enthusiast, who is intent on making the most of it. Mr. Spencley has learned the science of artificial pollenization, and already has a very large number of bulbs in process of development. The results, however, of his experiments have yet to reach the stage which would satisfy himself before submitting them to the floral authorities.

The seedlings are all carefully numbered and indexed as soon as the first seeds develop. They are planted in separate beds during the first two years and then the flowering results are examined. Every little detail of arrangement on the stem, of coloration, edging and so on, marks that are critically considered by experts, are noted. This study is being made by Mr. Spencley, and already he has many prospects from which his ambition may possibly be realized. His garden has produced many winners at flower shows, and at present it is at the height of this year's blooming with a rich array of gladioli beauty.

Old Country Soccer Results

LONDON, Aug. 27 (C.P. Cable).—Newcastle United, holders of the Football Association Cup, to-day drew with Bolton Wanderers as the English soccer season got under way. Playing away from home, the champions could not subdue the Wanderers, a team which failed to survive the third round of the Cup contest last season.

Arsenal, the Cup finalists, gained a 1-0 victory over Birmingham and Aston Villa defeated Middlesbrough 2-0 in other First Division games. Liverpool led the division in goal-scoring with a 5-1 victory over Wolverhampton Wanderers. The highly rated Everton team fell before West Bromwich Albion in a 3-1 battle.

LONDON, Aug. 27 (C.P. Cable)—Old Country soccer matches to-day resulted as follows:

ENGLISH LEAGUE.

First Division.

Birmingham 0, Arsenal 1.
Bolton W. 2, Newcastle U. 2.

Catch-- Them Before They Climb....

PRICES To-day are below "sea-level," if we may be permitted to use the phrase as a simile for par.

They're actually "sub" prices in the sense that many commodities, and principally the necessities of life, are being sold below cost of production, or at least below the cost at which merchants, manufacturers and wage-earners can continue to produce them and maintain normal standards of living.

What, then, is the inevitable result? Prices must come "up for air" . . . national and individual prosperity demands it and the upturn is immediately in the offing.

To-day's prices are depression prices. They can only be compared with prices during other periods of depression of past years . . . they cannot remain in this country any more than depression can continue in a country so basically prosperous in resources, in enterprise, in wealth, in commercial and industrial leadership.

These are conditions which will, and are already, adjusting themselves . . . by inevitable laws of economics.

We've reached the low . . . and at the low is the time to buy. With Food, Clothing, Furniture and almost everything else at the lowest prices in 15 years; with the purchasing power of your dollar greater to-day by 40% to 100% than at any time since the war surely it's time to stock up . . . even to buy beyond your immediate needs because unless you buy now, or very soon, you're surely going to pay more . . . when prices come "up for air."

20 PETERBORO MEN EMPLOYED AT RAYBESTOS

Work on South End Factory Addition in First Stage.

BEGAN ON THURSDAY.

Laying Brick in a Week is Contractor's Expectations.

Twenty local men including carpenters and laborers are employed by the T. A. Brown Construction Company on the erection of additions to the Peterborough plant of the Canadian Raybestos Company Limited, it was officially learned this morning.

Work was commenced on Thursday last and has progressed to the stage where the pouring of concrete footings was started this morning. It is expected that within a period of a week the concrete foundations will be completed to ground level after which bricklaying will be proceeded with.

Robert Abbott, manager of the local plant thought it probable that the electrical trades contract which has not yet been let, may be awarded early this week. The only other contract also to be awarded—the sprinkler contract, will also be awarded shortly pending the completion of certain alterations in the original plans.

NEWS IN BRIEF

SHORT ITEMS RECEIVED

SUDBURY, Aug. 29. (CP)— On behalf of the Ontario Athletic Commission, Hon. Charles McCrea, Ontario's Minister of Mines, presented to each member of the Sudbury Cub Wolves, junior hockey champions of Canada, a set of military hair brushes at today's meeting of the Rotary Club.

LINDSAY POLICE COURT

LINDSAY, Aug. 29—In police court Saturday afternoon John Mann of Bobcaygeon, an elderly man charged with having a still on his premises, was sentenced by Magistrate Jordan to one month in jail and a fine of $300, and in default of payment, nine months extra. Grant Kelly, also of Bobcaygeon, who was caught at the still in the bush by P. J. O'Connell of the R.C.M.P., was remanded until September 3 for sentence.

JAIL SUITS FOUND

GUELPH, Ont.—Two complete suits of clothing, similar to those worn by inmates in Ontario reformatories were found in a water barrel beside the railroad track between Belwood and Fergus by County Constable W. G. Bayne of Fergus.

PROMINENT LAWYER DIES

TORONTO.—J. P. White, well-known Toronto barrister and owner of the Cedarcrest racing stable, died early to-day at his farm at Highland Creek, east of here. Mr. White was prominent in Masonic circles in this city and a member of the Ontario Jockey Club.

UP FOR SLASHING

HAMILTON. — Steve Rosenski appeared in Police Court to-day charged with slashing John Natepa with a carving knift during an altercation yesterday.

Rosenski was remanded eight days pending recovery of his alleged victim, who is in hospital.

STATEMENT READY

QUEBEC.—The financial statement of the Provincial Government will be made public sometime to-day, Premier L. A. Taschereau announced. The statement will be accompanied by explanations respecting decreased revenue, Mr. Taschereau said.

STEALS TRUCK, GETS YEAR

LONDON. — Donald Caine was sentenced to-day to one year in Ontario Reformatory at Guelph by Magistrate Scandrett for stealing a motor truck. Caine pleaded guilty last Thursday.

The truck was owned by Walter Crossan, market gardener of R.R. No. 7, London.

SEEK FOUR MISSING MEN

VANCOUVER — Search is being made for four men following the discovery of their abandoned speedboat in Howe Sound. It is possible they may have left the boat temporarily and that it drifted away from them. The missing men are Harry Johnson, Harry Hughes, Bob Will and William Cummings.

Improvement Seen By C.P. President

TORONTO, Aug. 29. — (By the Canadian Press.)—The Ottawa Economic Conference has undoubtedly helped us, the wheat bonus should help us and things generally seem to be looking a little better, E. W. Beatty, K.C., president of the Canadian Pacific Railway, said to-day on his arrival here.

Yes, I think Canada and all the Dominions did well at the Conference, he added, and we should benefit materially. Crop prospects are good and there may be some improvement in the fall.

Mr. Beatty, here on personal business, plans a visit to the Exhibition during the day. He returns to Montreal to-night.

MOTHER DROWNS SELF, TWO GIRLS, THIRD ESCAPES

Daughter 7 Found Hour Later on Island Reveals Tragedy.

AIDS FINDING BODIES.

Coroner Baffled For Motive Withholds Verdict Pending Probe.

TUSALOOSA, Ala., Aug. 29. — (CP)—Mrs. William A. Simmons, 25, wife of a watch repairman, led her three small daughters into a lake near here last night under pretense of showing them how to bathe, and drowned two of them, loose and found refuge on an island.

The survivor, Louise Simmons, was found on the island an hour later by a motorist who stopped at the lake to fill his radiator. she directed searchers in recovering the bodies of her mother and two sisters.

The girl said her mother, a seller of religious literature, drove with them from their home, 16 miles from the lake and waded out into the water with Dorothy, 8, and Marjorie 6, in her arms. Louise said she was led along by her hand but succeeded in breaking loose just before Mrs. Simmons and the other girls sank, although her mother tried to drag her under as well.

Coroner S. T. Harding said he has not found a motive for the drownings but he is witholding a formal verdict pending a thorough investigation.

POLICE LAUNCH RAID ON JUNGLE

Following Store Burglary Round-up Twenty Transients for Close Questioning.

ORDERED TO LEAVE.

A determined drive on transients was launched late last night by the city police, following a series of minor thefts in East City which culminated early yesterday evening in the burglary of a Mark street house.

More than a score of penniless travellers, who had invaded the city during the past two weeks, were routed from their troubled slumbers in box cars and shacks on and about the two "jungles" in the south-easterly extremity of the city. They were herded into the police station, where they were given a stiff questioning singly.

Throughout the rest of the night they were crowded into the main cell, and this morning all but four of them were given their freedom. They were ordered to collect their belongings and not to delay their exit from the city.

Alcide Champagne, one of the knights who had appeared previously in court here, was sentenced to two months in jail on a charge of vagrancy.

Emanuel Corveck pleaded guilty to stealing a mackinaw coat from J. J. Turner's store. He entered the store to beg, but saw his opportunity to steal the coat and walked out with it under his arm.

Two local men, brothers, pleaded guilty to drunkenness in a public place and were fined $10 and $4.50 costs each.

Paris spends $27,500,000 on amusements yearly.

AGRICULTURAL LEADERS RALLY TO REORGANIZE

Officials Aim at Making Paying Business of Farming in Canada.

MEET UNDER WEIR.

Will Make Best of New Trade Pacts—All Sessions Private.

TORONTO, Aug. 29.—(CP)—Agricultural officials from all parts of the dominion met here today under the leadership of Hon. Robert Weir, the federal minister, to co-ordinate and reorganize the farm production of Canada.

The meeting brought together every provincial minister of agriculture and all but two of the deputy ministers. The deans of all agricultural colleges were in attendance as well as representatives of the federal department, the Canadian Pacific railway and the Canadian National railways.

The agenda calls for definite action on problems now confronting the Canadian farmer, and delegates expressed their determination to take full advantage of benefits to be derived from the Empire trade pacts arranged at Ottawa, and to make the farmer's business in Canada a paying proposition.

Dr. E. S. Archibald of Ottawa, director of the Dominion Experimental farm, was elected chairman of the conference, and H. L. Trueman of Ottawa, chief secretary.

Leaders Attend

Leading the provincial delegations were the following ministers of agriculture: Hon. Duncan Marshall of British Columbia, Victoria; Hon. George Headley of Alberta, Edmonton; Hon. W. C. Buckle of Saskatchewan, Regina; Hon. D. G. McKenzie of Manitoba, Winnipeg; Hon. T. L. Kennedy of Ontario, Toronto; Hon. Adelard Gadbout of Quebec; Hon. Lewis Smith of New Brunswick, Fredericton; Hon. O. P. Goucher of Nova Scotia, Halifax; Hon. G. S. Sharp of Prince Edward Island, Charlottetown.

Deputy ministers at the conference numbered seven. J. B. Munro, Victoria; F. H. Auld, Regina; J. H. Evans, Winnipeg; J. B. Fairbairn, Toronto; J. A. Grenier, Quebec; H. Mitchell, Fredericton, and J. Boulter, Charlottetown.

Sessions In Private

Desiring to enjoy freedom of discussion, the conference decided to hold meetings in private, though all decisions reached will be given full publicity. The conference is expected to last four days or more, according to L. S. McLaine of Ottawa, assistant secretary.

Dean G. I. Christie represented the Ontario Agricultural college, Guelph.

Nearly 20 officials of the Dominion Department of Agriculture are at the conference, led by the acting deputy minister, Dr. A. T. Charron. Among the outside officials were Dr. Robert Newton of the National research council, W. B. Somerset, chairman of the Ontario marketing board, and S. E. Todd, secretary of the industrial and development council of the Canadian Meat Packers, Toronto.

Caught In Undertow Girl Of 15 Drowns

SIMCOE, Ont., Aug. 29 (C.P.) — Winnifred Cotton, 15, daughter of C. C. Cotton of Simcoe, was drowned in Lake Erie, near Sand Hills in Houghton Township, Saturday. The young girl was caught in an undertow, and despite efforts of Fred Judd and Thomas Rowland, two of her companions on a picnic, was swept out into the lake, and perished.

Coroner Zumstein of Delhi, investigated and declared an inquest unnecessary.

HERRIOT MEETS SAMUEL ON ISLAND OF JERSEY

ST. HELIER, Island of Jersey, Aug. 29 (A.P.))—Premier Edouard Herriot of France, Camille Chautemps, Minister of the Interior, and Sir Herbert Samuel, Secretary of State for Home Affairs are together on this Channel island, but they assert their presence is without political significance of any kind.

It appeared likely, however, they would discuss informally matters of Franco-British interest. To-day they were guests of the Governor of the Channel Islands; to-morrow M. Herriot will be host at luncheon, and on Wednesday the three will visit the house where Victor Hugo lived and wrote. Premier Herriot returns to Paris on Thursday.

Ready for Trans-Atlantic Flight

THE "FLYING FAMILY" AT ST. JOHN

Colonel George Hutchinson and his "Flying Family" photographed at St. John, N.B., August 7, after landing there in their Sikorsky amphibian on the first leg of their easy-stage hop to London. Left to right: Ruth Spear, daughter of Commissioner K. D. and Mrs. Spear; Joseph Ruff, mechanic; Hutchinson; Gerald Altilisch, radio operator; Commissioner Spear, Peter Reedpath, navigator; and in front, Mrs. Hutchinson and the two children.

Plans Are Ready For New Dam

To the Editor of The Examiner.
Dear Sir:

Since the announcement in your paper some weeks ago, of the intention of the Government to proceed with replacement of Number Five Dam, I have received many inquiries from parties hoping to find employment in connection with the work.

I am glad to be in a position to state that the plans and specifications for the work have now been completed and tenders will be called for the carrying out of the undertaking. The date for the return of the tenders will, I understand, be the 20th September, next.

Yours sincerely,

E. A. PECK
M. P. Peterborough West.

CAR RETURNED TO J. B. NELSON

Found in Marmora Saturday By Constable Percy Gray.

STOLEN DURING NIGHT.

J. B. Nelsons car, stolen from his home at 594 Harvey street early Saturday morning, after thieves had pushed Miss Dickson's large sedan from its garage and then found it too dificult to start, was recovered Saturday afternoon at Marmora by Provincial Constable Grey. Constable Grey had been informed of the stolen car. He noticed it parked on a street and waited for over an hour for the thieves to return to it, but they did not.

A car belonging to J. W. Hall, 677 Water street, was also stolen Friday night, but was recovered Saturday afternoon at the east end of Dublin street.

Gas was removed from Harry Finnie's car the same evening. The thieves entered the garage and siphoned the gasoline.

Arrest Accomplice Of 2 Pants Burglars

ST. CATHARINES, Ont., Aug. 29 (C.P.)—Police to-day arrested Charles Kearney of Welland and charged him with being an accomplice in the robbery yesterday of Cecil Bowslaugh at Grimsby.

Kearney, they said, admitted he was associated with A. Vallencourt of Welland, and Ruby Mills, 18-year-old Fonthill girl, in the hold-up of Bowslaugh.

Bowslaugh rushed trouser-less to telephone police immediately after the hold-up. He said a girl had removed his pants while her male companion covered him with a pistol.

Vallencourt and Miss Wills were arraigned before Magistrate Campbell in police court here.

TWO AUTO DRIVERS KILLED IN A RACE IN NEW JERSEY.

WOODBRIDGE, N.J., Aug. 29. — (C.P.).—Frank Farmer and Bill Neapolitan, both Philadelphia auto racing drivers, were killed Sunday during the second five-mile qualifying heat of the season's first racing program here. Farmer, nationally known, was trailing Neapolitan and crashed into him when he attempted to pass on the inside.

Watchman Plays Burglar

CHICAGO, Aug. 29 (CP). The police say that Charles Aydberg, 26, is a watchman who needs watching. It has been his custom, they say, to wear a star while making his rounds, examining each door carefully to see that no burglars had entered.

Someone yesterday called the police and reported a star decked policeman was having difficulties in getting into the rear of a restaurant. He was arrested. Police said he admitted his intention of committing a burglary and that he also confessed at least 10 other burlaries—on his own beat.

Fog Near Saint John Delaying Mollison

ST. JOHN, August 29 (C.P.). — Captain J. A. Mollison motored this morning to Nerepis, 18 miles from here, where he landed his plane from New York late yesterday afternoon. Fog that prevented his landing here continued to-day and until it lifted it seemed doubtful that he would be able to fly the ship back here for refuelling before continuing to Harbor Grace, Newfoundland.

The Captain was still at Nerepis at 8.30 a.m. (Eastern Standard Time). There was little likelihood of his taking on fuel at Nerepis and starting out directly from there because he thought the field would be too soft to permit his plane taking off with a load of gas.

Woman Driver Out On Bail Following Fatal Crash

SARNIA, Ont., Aug. 29 (C.P.) — Mrs. John Hehn, Kitchener, was out to-day on $3,000 bail on a charge of criminal negligence, as a result of the death of Thomas Kocah. Kocah suffered fractured skull, when the car in which he was riding, and driven by Mrs. Hehn, went into a ditch at Wisebach, 35 miles east of here, yesterday.

John Hehn, husband of the woman; John Emerich and Mike Tinnes, other members of the party, were released on bail of $150 each for appearance here September 3. The trio are charged with Breach of Liquor Control Act as a result of a part keg of beer allegedly being found in the wreckage.

LEE, BOCHKON LISTED AS LOST

Suggestion Crops Up That Plane Never Left Newfoundland Coast.

PAIR MISSING 5 DAYS.

HARBOR GRACE, Nfld., Aug. 29 (C.P.). — Suggestions that the "Green Mountain Boy" did not get away from the Newfoundland coast on its projected trans-Atlantic flight were heard to-day, but investigation brought no word of the missing plane.

Far out on Cape St. Francis, Lightkeeper Charles Grouchy has waved good-bye to every adventurous aviator who hopped off from Harbor Grace. To-day he reported he had seen a large plane on August 25, the day Clyde Lee and John Bochkon soared away for Oslo, Norway.

Grouchy said the plane was flying very low, but seemed to be following the course of previous ocean fliers.

Fishermen from the fishing grounds off Pouch Cove also reported seeing the plane, but they noted nothing unusual except that it was flying very fast.

Old Timers Skeptical.

Now five days out of Harbor Grace, Lee and Bochkon have been given up for lost by "old timers" around the airport, from which a score of aspirants for trans-Atlantic honors have taken off during the last few years. There is a tinge of hope, however, that they yet may be picked up by a passing ship if they were forced down on the ocean.

Leaving here at 5.02 Eastern Standard Time on Tuesday, Lee and Buchkon had enough fuel for about 37 hours of flying. Their deadline was exhausted long before nightfall, Oslo time, on Friday.

The suggestions that they might not have flown far off the Newfoundland coast evidently were based on reports that the plane had been reported by some fishermen as flying low. All the fishermen interviewed, however, said there was no indication of trouble in the plane's movements and it appeared to be flying fast.

POLICE BUSY SOLVING 2 WEEK-END BURGLARIES

HAMILTON, Aug. 29 (C.P.) — Police to-day were investigating two burglaries which occurred in the city over the week-end.

Miss Mary Johnson reported she returned last night to her home to find all lights out. As she groped her way through the dark hall, she said, a man leaped at her and choked her. She screamed, and her assailant fled.

A few hours later Miss Johnson's brother-in-law, M. Courson, awoke to find the beam of a flashlight playing on his face. A voice said, "You can get up now. We've got all we want." Seven dollars were missing.

Police said they thought the same man committed both burglaries.

HONOR NICHOLAS MEAGHER

HALIFAX.—Thousands of citizens gathered to-day to pay their last tribute to Hon. Nicholas Hogan Meagher, former Justice of the Supreme Court of Nova Scotia, who died here on Friday.

Lancashire Cotton Industry Fails to Reach Agreement

Most Serious Industrial Struggle in Britain Since 1926 Begins To-day Without Serious Disturbance.

SOME MILLS AT FULL STRENGTH
GOVERNMENT IS NOT INTERVENING

7,000,000 People May Be Affected in Income if Textile Strike Becomes General — Spinners at Work.

MANCHESTER, England, August 29 (C.P.). — Two-thirds of the cotton mill weavers of Lancashire, who total 200,000, were on strike to-day as a result of failure to settle a dispute over wages and working conditions.

In some districts the strike was complete. In the Blackburn area only six mills were operating, and at Burnley, where the strike originated five weeks ago, only 200 men reported for work at three small mills. The strike failed, however, at Clackton Le Moors, where two mills were fully manned.

So far the strike has resulted in no disorder although at some points workmen who defied the strike order were booed as they came out of the mills for lunch.

There was no sign of Government intervention as the strike actually got under way. Prime Minister Ramsay MacDonald and J. H. Thomas, Secretary for the Dominions, left for Balmoral Castle, Scotland, to tell the King about the results of the Ottawa Conference.

The Prime Minister, however, intimated that he woul dreturn to London in a day or two, which was an alteration of his plan for a longer holiday in the north country.

No Serious Disturbance.

The strike began without a serious disturbance anywhere. In Bolton, of 79 firms, only four were working at all. One firm promised the old wage rate for three months, and started with 11,000 of its 15,000 operatives. Similar offers failed to get workers to go to the other mills in the district.

The gloomy prediction that more than 7,000,000 people within 50 miles of Manchester will see their spending power cut in half if the textile strike becomes general, was made by Alderman George Titt, Deputy-Mayor of Manchester, who initiated conferences last week in a vain effort to circumvent a walkout over the wages and working conditions.

The failure of these meetings resulted on Saturday in orders for 200,000 weavers not to return to work when the "hooters" called the mill operatives to their tasks throughout Lancashire at 8 a.m.

This strike order on the part of the trade union was the initial move for a general walkout. Within the next 70 days the spinners, the rest of the 500,000 textile operatives of Lancashire, will vote on a 70 per cent. wage cut. Even if they should accept the cut, the absence of the weavers would eventually tie up the industry.

Alderman Titt based his prediction on the fact that a vast number of tradesmen and others look to the cotton industry for a livelihood, while thousands of others depend on cotton investments for a large part of their incomes.

Trade union operatives were confident their checkup at the end of the day would show that 130 000 weavers had responded promptly to the strike order.

May Extend Strike.

Furthermore, they declared their intention to make the walkout complete throughout the cotton area. Just before the workday began, they put it this way:

"When the hooters call the weavers to work in the morning, you will find the response at most mills will only be by strike pickets at the factory gates."

WORKING AT ROCHDALE.

MANCHESTER, Aug. 29.—(Canadian Press Cable.) — While the strike of Lancashire cotton workers is widespread, weavers at several important centres are still working. At Rochdale where the old wage rate is being maintained, 2,000 weavers resumed. Similar conditions obtain at Leigh where the operatives at the important mills of Gamble and Smith and Courtaulds continued work at full strength.

140,000 On Strike.

Andrew Naesmith, leader of the Weavers' Union, estimated that 140,000 men had walked out and that by Wednesday 170,000 would be on strike. He said there was no sign of resumption of negotiations with the mill owners.

100 Ancient Elms Bow to Axe

LONDON, Ont., Aug. 29.—More than 100 ancient trees, mostly elms, which for many years graced the side of the highways in the London district bowed their stately heads to the axe, during the tree survey conducted the past few weeks by the Ontario Department of Highways. They were condemned as unsound and therefore a menace to traffic. The survey was a sequel to the Eastern Ontario tragedy in which a tree fell across a truck with fatal results.

NEW HIGH COURT JUDGE NAMED

A. C. Kingstone, K.C., Fills Orde's Place, But Sits In Another Division.

CALLED TO BAR 1899.

OTTAWA, Aug. 29 (C.P.). — Arthur Courtney Kingstone, K.C., St. Catharines, Ont., has been appointed a judge of the High Court of Justice of Ontario. Official announcement of the appointment was made to-day.

A vacancy was recently created by the death of Mr. Justice Orde, who had sat on the Appellate Division. At the time of the death of Judge Orde, there were ten members on the Appellate Division. Legislation passed in 1931 provided that the number of judges on this division would be reduced from ten to eight. This amendment stipulated that the reduction would be brought about by not making appointments to the Appellate Division when the following two vacancies occurred on that bench. Consequently, Mr. Justice Kingstone will sit on the other division, the High Court of Justice.

Called To Bar 1899.

Born at Toronto on October 24, 1874, Mr. Justice Kingstone was educated at Upper Canada College, Ridley College, University of Toronto and Osgoode Hall. He was called to the bar in 1899. In 1920, the new Justice was named a King's Counsel.

Immediately following his call to the bar, he went to St. Catharines to practice his profession as partner in the firm of Ingersoll, Kingstone and Seymour. He is a bencher of the Law Society of Ontario, city solicitor for St. Catharines, director of several companies and member of a number of clubs.

Judge Kingstone, who married Marion Parmenter, daughter of the late Charles Parmenter, Toronto, in 1901, is the father of three sons and one daughter.

SEES NO PEACE IN CHINA WITH JAP TROOPS THERE

NANKING, China, Aug. 29 (A.P.) —Lo Wen-Kan, China's Foreign Minister, replying to-day to a recent speech in the Japanese Diet by Count Uchida, declared that there will be no peace or prosperity in Manchuria until all Japanese troops are withdrawn.

"It rest entirely with Japan to improve and restore relations with China," he said, "but China never will surrender an inch of territory under pressure of military forces which she is determined to resist.

PROBE WIDENS, TRUST TANGLE LOSSES MOUNT

Church of England in Manitoba Finds Funds Reduced to "Alarming Extent."

OFFICIALS RECALLED.

University Heads Checking Books State Thefts Been Going on for 20 Years.

WINNIPEG, Aug. 29 (C.P.).—Four days before John A. Machray, university governor and Church of England chancellor, makes his first court appearance to answer to theft charges, auditing of books of the two institutions whose funds he controlled had revealed the following facts:

1. That about $100,000 of University of Manitoba's $1,800,000 Endowment Trust Fund remains, the rest has either been stolen or lost in bad investments.

2. The Rockefeller Institute Trust Fund of $500,000, donated to the university for medical education, has disappeared.

3. The Isbister Endowment of $130,000 also is gone.

4. Other smaller trust funds administered by Machray as university bursar and chairman of the board of governors, have been seriously depleted.

5. Church of England funds totalling $1,500,000 have been reduced through irregularities to an alarming extent." Machray was chancellor of the Ecclesiastical Province of Rupert's Land.

6. Only one church fund, one of $250,000, is intact.

7. The Clergymen's Retirement Fund, to which clergy of Manitoba, Saskatchewan, Alberta, North-West Territories and the Yukon contributed so they could retire with a $700 annual pension, has been depleted to an unknown extent. Retired ministers received $400 annually from this fund in addition to $500 from a Dominion-wide fund.

The audit of the university accounts is being made by George A. Touche and Company. Other audits are being made of the funds of the Church of England, St. John's College and various trusts connected with the church.

Machray, arrested last Thursday and charged with theft of $47,000 from the university, is to appear in provincial police court next Thursday. Other charges may be read to him if auditors have completed their work of checking books of the college and church.

Arrested in Bed

So ill he was placed under arrest as he lay in bed in his home, the 87-year-old educationalist and churchman is said to be in serious condition from stomach trouble. He has not been in good health for two years. If Machray is unable to be present in court it is expected that the case against him will be remanded for another week.

Losses to the Anglican Church are likely to have a far-reaching effect on activities of the church in Western Canada. All church officials have been called back from their vacations and a check started on diocesan accounts for the past 20 years.

Besides the superannuation fund for retired clergy, trust funds affected include the St. John's College moneys, St. John's Cemetery account and several smaller trusts sets aside to carry on various church activities.

Books and securities of the university have been audited annually since 1924, it was learned Saturday. R. O. Jolliffe, government revenue auditor, reported to the board of governors in 1924 that the endowment fund and all securities were intact. A yearly audit since has been conducted by John R. Major, member of the staff of the comptroller-general's department.

According to statements issued during the last two days by university heads, thefts have taken place over a 20-year period. Machray has been bursar since 1910.

German state railways are now insuring against loss or theft of the return stub of round-trip tickets.

Living Model

CHICAGO, Aug. 29. (CP)—A model in a dress shop window was so much dressed up that policeman William Fuller was fooled.

What puzzled him more than anything else was the fact that the model held a bag in one hand.

"Come out," he commanded, drawing a pistol.

Out stepped James Kane, 26, negro.

In the bag, said the officer, there were 22 dresses and they didn't belong to Kane. He was arrested.

TIRE BLOW-OUT CAUSES DEATH

Chatham Man Victim of Accident—Three Injured.

CRASH AT COBOURG.

CHATHAM, Aug. 29.—Charles Hill, 26, of this city, was fatally injured and three others were less seriously hurt shortly after midnight when the car in which they were riding crashed into a ditch on the Creek Road, a mile east of Kent Centre.

Hill and a companion, Miss Margaret Campbell, of Detroit, were pinned beneath the vehicle. Romo Bordeau and Dolly Legarty, both of this city, escaped with superficial injuries.

According to Provincial Officer Jack Shett, who investigated, the car was ditched when a front tire blew out. As it overturned, all four passengers were thrown from their seats. Hill was crushed under the rear of the vehicle and suffered terrible head and body injuries. Miss Campbell was pinned under the front part of the car and sustained a fractured right arm. Bordeau and Miss Legarty, who were riding in the rumble seat, were thrown clear, and were badly shaken up. Hill died shortly after being admitted to St. Joseph's Hospital. Miss Campbell was released from that institution at noon Sunday.

Smash Near Cobourg

COBOURG, Aug. 29.—Four motorists were injured in an accident Saturday night near Cobourg and were rushed to the hospital. The injured are: William Walsh, Chicago, head and face lacerations; Mrs. Walsh, contusions and possible internal injuries; Gordon Bell, North Bay, head injuries and broken knee cap, and Marie Davidson, Port Hope, several teeth knocked out, and a broken arm. According to the statement of the Chicago motorist, a car ahead of him, travelling west, suddenly applied the brakes. He applied his own brakes and his car skidded into the path of an eastbound car and went into the ditch.

Traffic Officer A. Reilly of Port Hope is investigating.

Young Canada Reigns To-Day At Exhibition

TORONTO, Aug. 29 (C.P.).—Young Canada to-day takes possession of Canada's National Exhibition. Children's Day at the big fair attracts the youngsters in droves and more than contributes its quota in rolling up Exhibition attendance figures.

The lost children's tent is expected to be taxed to capacity to accommodate the little tots, who, despite all precautions, persist in losing themselves, and the supply of ice cream and suckers will necessarily be tripled to care for the youngsters until they are restored to their guardians.

Hon. G. Howard Ferguson, Canadian High Commissioner to London, will address the directors' luncheon and judging of dairy products, cut flowers and vegetables will begin.

In Buenos Aires electrical refrigerators are sold by many different kinds of stores, one being a store which deals in haberdashery and men's wear.

BURNS TO DEATH IN STEAM BATH, PROBE ORDERED

Manager Finds Victim's Body in Vapor Filled Room.

POLICE CLOSE PREMISES.

Autopsy Shows Heart Attack Not Cause as Was First Suspected.

TORONTO, Aug. 29.—Burned to death by steam was the finding of Dr. E. R. Frankish, provincial pathologist, in an autopsy on the body of Charles Johnson, 55, of 462 John Street, discovered in a vapor-filled room of the Toronto Steam bath company, Peter and Richmond Steets, yesterday afternoon.

After an investigation which extended until the early hours of this morning, Coroner Dr. J. Laxton Watson learned that the man had been in the steam room for approximately two and half hours. Johnson's body was found by George Jokela, of 68 Mitchell Avenue, one of the managers of the baths, at 3.30 p.m.

Johnson was seen to enter the steam room shortly after 1 p.m. At first he was thought to have been a victim of a heart attack, and his body was taken to the city morgue. It was not until late last night, following completion of Dr. Frankish's autopsy, that police and the coroner's department launched an exhaustive probe.

Apparatus Examined

Dr. Watson and Detective Lawson Mumberson spent considerable time at the baths last night examining the apparatus and the layout. They were unable to learn the temperature of the steam room in which Johnson was found dead. "It would be over 100 degrees" was the only answer Dr. Watson could offer last night. He expected to ascertain this detail to-day.

In the meantime, the coroner has ordered the place closed until later to-day when it will be examined by government inspectors.

It was stated that Johnson was probably either smothered by steam or overcome from heat. After that the man was slowly cooked, until his bodily functions were stilled.

Dr. Watson had not decided early to-day whether or not an inquest would be held, or just what, if any action would be taken.

Johnson, whose native Finnish name is Carl Lehtonen, was cripple, with one leg amputated. He earned his living by peddling pencils. He is known to have a daughter living in Montreal. Headquarters had her notified through Montreal police last night.

Ottawa Meet Report Being Taken To King

LONDON, Aug. 29.—(C. P. Cable)—Prime Minister Ramsay MacDonald and Rt. Hon. J. H. Thomas travelled today to Scotland where the king is in residence at Balmoral. They will submit to His Majesty a report on the Imperial Economic Conference at Ottawa.

Weather conditions prevented the Prime Minister and his colleague from flying and they made the trip by train. Premier MacDonald said he hoped to remain at Balmoral for some time but might be compelled to return to London in a few days. Pressure of business may also compel the Secretary for the Dominions to return to London shortly.

Mollison Hops Off to St. John

SAINT JOHN, Aug. 29.—By the Canadian Press.)—Captain J. A. Mollison took off from Nerepis at 2.35 a.m., eastern standard time, for Saint John.

Vandals Smear Grant's Tomb

NEW YORK, Aug. 29.— The wall of General Grant's tomb had become to-day a blackboard on which was smeared in four inch letters of red paint this couplet:

"The good but starve; the order of the day is prey on others or become a prey.

George B. Burnside, custodian of the tomb, described the vandalism as the most dastardly occurrence since the tomb was built. Efforts to remove the red letters with turpentine to-day succeeded only in making them slightly less distinct.

FOUR BODIES ARE RECOVERED

San Francisco's Water Tunnel Caves in on Workers.

ELEVEN ESCAPE.

LIVERMORE, Calif., Aug. 29.—(CP)—The cost in lives of the Hetch-Hetchy project, San Francisco's new water supply system, mounted as rescue crews struggled through mud and rock which trapped five workers in the coast range tunnel last night.

Four bodies recovered to-day the project toll to nine lives. There was little hope the missing worker would be found alive.

The five caught in the cave-in, all miners and muckers from San Francisco, were: E. Cline 39; Pat Crowley, 42; Thomas Dennehy, 38; Roy McLendon, 30, and Chester Simendson 30. They were members of a crew of 16 engaged in removing one of the timbers when there came an ominous roar and the walls and roof of the tunnel collapsed.

Albert Holmes, shift boss in charge of the crew, led six of the survivors to a shaft 2,700 feet away. The others escaped through another shaft 2½ miles distant. Boulders crashed about them as they fled, the survivors said.

GRAIN IS MOVING FROM CHURCHILL

Expect 2,000,000 to Have Passed Through Port Before Freeze-up.

TWO LOADS AT SEA.

CHURCHILL, Man., Aug. 29. —(CP). Before the early winter sends the ice floes charging down to block the passage through Hudson straits more than 2,000,000 bushels of grain will have moved out of this new northern seaport to the markets of Great Britain and the continent of Europe. Two grain-laden ships are already on the high seas after loading here.

The Seirrents which sailed Aug. 17 for LeHavre with 280,000 bushels, is now nearing its destination and is expected to dock at the French port Aug. 31. The Pennyworth, a British ship, sailed a few days later and in addition to 250,000 bushels of wheat, carries a large consignment of flour, bran, shorts and rolled oats, the products of mills at Saskatoon.

Campbellford Man Breaks Arm In Fall

CAMPBELLFORD, Aug. 29.— (By Examiner Staff Correspondent.)—A painful accident was sustained by Ross McLaren of Campbellford while summering at his Trent Bridge cotatge, when he had the misfortune to trip and break his arm. The accident happened on Friday evening while walking in front of his cottage.

CHINESE SWOOP UPON JAPANESE IN MUKDEN CITY

Raiders Fire Arsenal, Air Base and Wireless Station.

HAND-TO-HAND FIGHTING.

Japs Dispatch Bombing Planes Against Guerillas Concentrating Nearby.

MUKDEN, Manchuria, Aug. 29 (A.P.)—Flames and bullets spread terror through this key city of Manchuria to-day after hundreds of Chinese raiders had sprung up in the night and dealt a swift blow at the heart of Manchuokuo's military defense system.

Before daylight most of the many small bands of Chinese had vanished, but large concentrations of Chinese guerillas were reported only four miles away at Hun Hopu. At daylight Japanese bombers took the air with orders to attack them.

In Mukden all was confusion after a night of panic during which the big arsenal and Japanese air base was fired. The city's entire fire department battled the blazes and during the morning succeeded in preventing any explosion at the arsenal and getting that fire under control. The air base blaze was extinguished after several old aeroplanes had been burned. Other damage was slight.

The Chinese raiders obviously had a well organized plan of action, so sudden and mysterious were their attacks on strategic defense points shortly after midnight.

Hardly had the alarm been sounded for Japanese troops and police, when fire broke out at the arsenal and air base, and the wireless station was the scene of hand-to-hand fighting. In one skirmish near the arsenal, a Japanese officer and two soldiers wearing the uniform of the new state, Manchuokuo were slain.

Machine Guns Rattle

The chatter of machine guns and the rumble of tanks soon aroused the populace. The groups of raiders, numbering several hundred each, continued sallies on the Japanese defense scheme.

The Chinese penetrated the strictly Japanese section, and even threw their strength against the south gate of the walled city. The streets seemed to swarm with fighting men and the Japanese were at a disadvantage, for their adversaries worked under cover of darkness.

To-day the Japanese declared the sudden assault on Mukden, where they themselves entered almost exactly a year ago, was inspired by Marshal Chang Hsiao Liang, son of the late Chang Tso Lin.

SPEED FLIERS' THREAT TO STRIKE MAY CRIPPLE AIR RACE PROGRAM

Pilots Claim Prizes Offered Are Only 28 Per Cent of Total Advertised.

OFFICIALS SURPRISED.

CLEVELAND, Ohio, Aug. 29. — A threatened strike of sixty speed pilots at the National Air races here, hung in the balance to-day, while officials studied the fliers' claim that the prize money offered in closed course events totals only 28 per cent of the amount previously advertised.

The fliers, about half of all the National Air races contestants, last night signed a petition agreeing to withdraw from further competition unless the prize money now offered for these events is doubled.

Although this year's races now in progress would lose some of their foremost contestants, and parts of the program would be crippled should the strike take effect, officials of the races corporation went ahead with plans to hold to-day's events as usual.

L. W. Greve, president of the corportation, expressed surprise at the demand of the 60 pilots. The information concerning the reduced prizes was posted some time ago, he said.

Approximately $100,000 in prizes for the closed course events was offered in the invitations to contestants, the fliers said. But they have found the actual total offered is $28,000, they said, including the $10,000 awards for the Thompson Trophy race, the outstanding speed event of this year's program.

Some Bump!

NEW LONDON, Conn., Aug. 29.—Somewhere in the Atlantic there's a whale with a bump on his head. The Coastguard destroyer Wood returned to port with its bridge supports bent and a propeller damaged as the result of a collision with a whale. The whale, officers said, disappeared after the crash.

Coroner Opens Accident Probe

Inquest on Colman Alldred to Proceed Tuesday Afternoon.

NORWOOD, Aug. 29 (Examiner Correspondence)—Opening the inquiry into the death of Colman Alldred victim of an acident at the Ontario Cheese Box Company's factory here, Coroner Dr. H. G. Carleton on Saturday afternoon, adjourned the proceedings until Tuesday at 2 p.m. in the Council Chamber. The jury which was empanelled viewed the remains of the dead man at the undertaking parlor and also inspected the scene of the accident. Jurymen are: Messrs. Thomas Lumsden, foreman; Hugh McDonald, William Beckett, Fred Fry, John McConnell, Charles Pierce, George Hamblin.

Girl Bandit Pulls Pants Off Victim But Handicap Fails to Halt Pursuit

GRIMSBY, Aug. 29.—The mere removal of his pants by a girl bandit isn't enough to stop Cecil Bowslaugh of this town from asserting and defending his personal property rights.

He proved it at 1.30 a.m. yesterday. An armed and masked man and a girl stopped his car on a dark street. They ordered him to alight, and the thug took $26 and his car keys.

Then the girl methodically unbuttoned Bowslaugh's trousers and pulled them off. But if she expected to shame him into abandoning resistance, she overestimated his embarrassment For with one leap he hurdled the bandit pair and sprinted breathly for the police.

Two arrests followed. At 4 a.m. a man and girl stopped Night Constable James Wentworth and asked for an auto wrecker's address. They said their car was ditched two miles from the city.

Chief Constable Demille and Provincial Constable Embleton entered the case, brought in the car and reported that it was the bandit vehicle.

The man and girl were then locked up The male suspect, who is charged with participating in an armed robbery, gave his name as Allan Balmoment of Welland.

Tragedy Spoils Vacation

NUTLEY, N. J., Aug. 29.—The Aniores— Joseph, his wife and their children—were enjoying their first vacation of eight years at Long Branch when Aniore met a friend from home.

I hear your house burned down to-day, the friend said.

It sounded like stupid humor, to Aniore, but he telephoned home to make sure. The house had indeed burned.

Aniore said he had worked all his life to make this home for his family.

Lord Bessborough On Tour To Coast

JASPER PARK, Alta., Aug. 29. (CP)—Lord Bessborough, Canada's Governor-General, to-day is enroute to the Pacific coast, accompanied by Lady Bessborough. His Excelleniy is making his first visit to Western Canada.

It is the first time in 30 years that the governor-general has viewed the Rockies. He is also accompanied by his son, Lord Duncannon.

While at Jasper the party viewed the mountains by horseback, aeroplane and motor car.

HE GOT HIS $100

CHICAGO.—His Houdini act won back $100 for Henry Saul, hardware dealer. Bound with ropes and wire by two robbers who fled with the $100, he wriggled loose, dashed outside and began firing. Finding his marksmanship wasn't so good, he legged it after the robber, who had the money, and knocked him out with a blow.

PLACED THIRD AT OTTAWA.

At Central Canada Exhibition at Ottawa, Honey and Sons, well-known breeders of Holstein cattle of Dartford, Ontario, won third place in the class for three-year-old cows in milk, with the cow Minnie Pluto Segis.

GRIMSBY CHILD STRANGLED BY HIS OWN SLEEPING SUIT.

GRIMSBY, Aug. 29 (C.P.). — Franklin McLelland, Jr., six months old, was dead here yesterday, strangled by his own sleeping suit. The suit worked up around the child's neck, and caught tight, preventing his crying out.

Betty Dalton, Westcliff, England, aged 18, died in a hospital after being bitten on the forehead by an insect.

"So long Desk I'm on my way"

I'll work no more But I'll get my pay"

Rather strange and frivolous language to find in an insurance company's advertisement, you think? We use it because the words so well express the spirit of the man who has just come into his—

Imperial Pension Bond Income of $200 per month

JUST fancy yourself in his place. You are starting off on a holiday from which you need not return unless you want to. Your financial worries are over. You have arrived at age 55, 60 or 65 when you wish to take life easy—and you are able to do so, fearlessly!

The Imperial Pension Bond will make this possible. The monthly income may be $50, $75, $100, $200 per month depending on how far you wish to go with our Plan.

Should you die after a certain period and before the pension age your deposits, increased by interest, will be paid to your beneficiaries. Or, after three years you may withdraw the full cash surrender value plus profits or convert the amount into a monthly pension.

There is no medical examination necessary to secure an Imperial Pension Bond Why not find out now how it would fit into your circumstances?

MONDAY, AUGUST 29, 1932

PETERBOROUGH'S EXHIBITION

Summer is passing so rapidly that it is difficult to realize that three weeks from today Peterborough's Industrial Exhibition will throw open its gates to the public and one of the most successful and ambitious exhibitions in the history of the event will be in progress.

Advance notices indicate that the management has allowed no hard times cry to sway them in preparing their program for this year; as a matter of fact the Exhibition has been expanded, new features added and growth is expected in every department while the entertainment side of this big undertaking has been well taken care of in the booking of such outstanding attractions as the famous Besses o'the Barns band, and the Royal Canadian Dragoons in their justly celebrated musical side and a vaudeville program of rare merit and interest.

It is confidently expected that the showing in all departments of livestock will set a new mark, as the Exhibition is attracting the attention of Canada's best known breeders and exhibitors while the attendance will be augmented by many people from the Eastern districts who are brought much closer by the opening of Highway No. 7.

A record exhibition from all view points may be looked forward to, in the opinion of the directors.

FINISHING THE HIGHWAY

Hon. Leopold Macaulay, Ontario's Minister of Highways has made the definite statement that upon a resolution from the Peterborough County Council offering to pay its share of the cost, the Ontario Government with the assistance of the Federal administration is ready to start work on the twelve mile strip of Highway No. 7 lying between Norwood and a point eight miles east of Peterborough.

This is one of the few links of the Peterborough-Ottawa Highway remaining to be finished and the desirability of its early completion, is obvious.

While the benefit of the work that would be provided for large numbersof unemployed must be readily appreciated.

Unfortunately, however, the over-burdened taxpayers of the county have made it clear and there is no indication that the county council will ignore their pleas, that they are opposed to any further highway expenditure, especially in view of present conditions and if the promise of the county government [illegible] share of the expense is forthcoming it is to be feared there will be no road-building on the section mentioned this year.

If Mr. McCauley would only announce that this link would be built under the same conditions as sections further east, that is that the whole cost would be assumed by the two governments, he could go right ahead with the enterprise.

AN EXPENSIVE LEAK

Just how serious is the loss occasioned to Canada agriculture by the weed nuisance is shown by the report of the Associate Committee on Weed Control of the Canadian Research council whose findings have just been made public.

This body which has been investigating the most important question with particular attention to the Western provinces and the grain crops there has made some most interesting discoveries.

The report declares that 18 per cent is a very conservative estimate of the crop loss due to weeds and taking the average wheat yield on the prairies to be three hundred million bushel, the oats yield at two hundred million bushels and the barley yield at one hundred million bushels the committee considers that at current prices weeds mean a loss of $40,000,000 to the farmers of the three prairie provinces alone.

Weed control is therefor a matter of great significance and in view of the huge economic waste represented by the yearly loss caused by this pest, the indifference of many farmer to the whole question and the difficulty experienced in the administration of the weed act are a surprising indictment.

Rural Canada is up in arms about taxation, but a leak that represents a loss of $40,000,000 a year to agriculture in three provinces apparently causes little concern.

AVOID THE CONFUSION

Announcement is made from Ottawa that Thanksgiving Day will be held this year on Monday, Oct. 10, while the signing of the Armistice ending the Great War will be observed as provided by Act of Parliament on the actual anniversary, November 11th as Remembrance Day.

It is to be hoped that the issuing of this notice will be sufficient warning to enable Canadian communities to avoid the confusion that existed last year as to whether or not business places should close on Remembrance Day and the day would be observed as a general holiday.

The controversy that was created last year and the spectacle of some communities complying with the Royal proclamation and others disregarding it, should be avoided this Autumn.

In the interval there has been a switch of Parliament and no effort was made to have the Act, fixing November 11th as Remembrance Day altered or dropped.

It would seem therefore the graceful as well as the patriotic thing for those who refused to obey the wishes of Parliament a year ago to cheerfully comply from now on and thus eliminate distasteful squabbling over an obligation that should be regarded by the Canadian people as a sacred duty.

Having failed to do anything to change the law the only logical course is to have it properly obeyed.

THE WHEAT SITUATION

Wheat estimates for 1932, issued at Calgary, offer a somewhat hopeful sign from the Canadian grower's point of view. The forecast looks forward to a world production three million bushels less than in 1931 and 36 million bushels below the 1930 figure.

In the same connection, recent reports from Russia were to the effect that the wheat production of that unhappy country would be considerably less this year. When one remembers, also, that Russia's dumping of wheat into Britain last year was made possible by forced labor methods and by depriving millions of the Russian people of sufficient food for their own needs—something that is not so easily accomplished now—it is easy to see that Sovietland will not be nearly as important a factor in the world market in 1932.

Every Canadian, whether he properly appreciates the fact or not, is vitally interested in the wheat situation. A good crop and decent prices for the Western wheat growers mean the difference between good times and bad times in this country.

There was a day when Eastern Canadians hardly recognized that this was the fact; events of the last few years have demonstrated how important it is to us. When the West has a good crop and gets a fair return for its labor and investment, every section of the country feels the good effects.

This is why Mr. Bennett, in his Conference efforts, laid so much stress on the Russian phase and on the necessity of securing a substantial preference for the Dominions in the British grain market. His efforts in this regard were praiseworthy; it will be unfortunate indeed if they are nullified by the working out of the situation along the lines mentioned in Calgary.

ITALIAN AIMS.

Mr. Luigi Villari, former member of the Italian Foreign Office, has been telling the Institute of Politics at Williamstown, Mass., some of the thoughts of modern Italy.

Among other things, Mr. Villari says that his people are not any too pleased with the League of Nations, will insist on naval parity with France, and intend to secure their "fair share" of lands for colonization purposes.

* * * *

On the question of naval parity, the Italian spokesman declares his country's viewpoint is based on "the principle for establishing mutual confidence between groups of states, for eliminating suspicion and leading finally to disarmament."

Mr. Villari is interesting, but we do not find him convincing. He is merely preaching the old doctrine that preparedness is the best way to secure peace. That this doctrine has been proved wrong and unsound, never seems to make any difference to those who sponsor it. Imagine France and Italy in a naval armament race, each striving to not only equal but excel the other and then finally establishing parity, parity to be followed by disarmament!

As we have mentioned on other occasions, there is only one way to disarm and that is to disarm. If disarmament be the means to peace—and even Mr. Villari has, by inference, admitted this—then we are not on the right road if we keep on adding to armament or insisting on parity with this nation or that.

* * * *

The reference to Italy's need of additional territory for colonization purposes is equally disquieting. How do the Roman authorities propose to secure their "fair share" of lands? It follows that if Italy acquires more territory than she possesses at present, the acquisition must come about in one of three ways: She can be given land, she can buy land or she can go to war with some other nation and seize land by "right" of conquest. Off hand, we know of no country that is likely to make a good fellow of itself to the extent of donating territory to Italy. May we assume, then, that Mr. Mussolini and his associates propose to purchase? Or is it more reasonable to believe that they intend to acquire it by force?

The last assumption seems to be rather well justified by the Italian Premier's sensational newspaper article of a fortnight or so ago, an article in which he praised war and condemned peace, arguing that a conflict every now and then was desirable for bringing out the nobler traits of a people. As for disciples of peace, they were condemned; peace, Mr. Mussolini lead us to believe, is anathema to him. Continued peace had no place in the life of the really strong, the really great.

If Mr. Mussolini feels like this, if he is not writing merely to stir the national pride of his own people and make his own Government that much stronger, one can hardly escape the conclusion that he would not hesitate to launch a war of aggression to secure those very lands of which Mr. Villari speaks, the undeveloped territories that are held necessary to provide homes and opportunity for an ever-increasing Italian population.

* * * *

There are several flies in the ointment, however. One of them is the League of Nations itself, the League of which Italy does not seem to be greatly enamoured.

Another is the Kellogg-Briand Pact which officially outlaws war and which has been signed by something like thirty nations.

A third is the speech made recently by Mr. Stimson, the American Secretary of State, in which he very definitely laid down the dictum that his Government will not recognize rearrangement of national boundaries based on conquest. The Stimson utterance had specific reference, of course, to the row between Bolivia and Paraguay, but its general principle cannot be ignored.

If Italy, therefore, has martial ideas and thoughts of securing more territory through the old-fashioned fire-and-sword process, she is likely to run into some substantial stumbling-blocks.—Sarnia Canadian Observer.

EDITORIAL NOTES AND COMMENT.

Peterborough's Exhibition is only two weeks away. Invite your friends here for this great annual event.

The welcome home given Britain's delegates to the Imperial Conference revealed how important the Empire parley appeared to the eyes of the people of the Mother Country.

At the same time, however, most people would be in favor of deporting the whole Doukhobor clan.

The Canadian dollar bill is to remain the same size and right now it goes farther than it has for some time, so long as gas are wise enough to spend it in Canada.

SCANDAL

By GLUYAS WILLIAMS

8-29

(Copyright, 1932, by The Bell Syndicate, Inc.)

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner.

AUGUST 29, 1922

Beatrice Leeson, graduate of the local Business College, won the Toronto Exhibition diploma for expert typewriting Saturday .... A marble headstone to the memory of Capt. Andrew Fraser, one-time County Magistrate here who fought at Waterloo, was unearthed in a woodshed to-day at 547 Water Street.

AUGUST 29, 1912

Mr. Leo Smith, celebrated Toronto 'cellist, has been added to the staff of the Peterborough Conservatory of Music .... Nearly 100 local Boy Scouts in charge of Scoutmaster Rev. F. J. Sawers, will take part in the big review at the Toronto Exhibition to-day.

AUGUST 29, 1902

Dr. H. A. Wood, dentist, will open up in Peterborough at 408 George Street within the next two weeks .... In a letter to The Examiner yesterday, Police Magistrate Dundie reiterates his stand that there should be a playground for children here to keep them off the streets.

GARDEN PARTY

Bountiful Fowl Supper is Served at Ennismore—Attractive Booths.

ENNISMORE, Aug. 29 (Examiner Correspondance).—The annual garden party took place here on Wednesday and was quite successful. A bountiful fowl supper was served from five o'clock till eight. The hall and tables were tastefully decorated for the occasion.

There were three tables in the hall. Mrs. George McNerney and Miss Mary O'Connor were in charge of Table No. 1. No. 2 Table, Mrs. Frank Cavanagh and Mrs. John F. Young, and No. 3, Mrs. Vincent Murphy and Mrs. Frank Crough. On the lawn were two tables, which were in charge of Mrs. John Cadigan, Mrs. Edward O'Donoghue, Mrs. Dan. E. Crough, and Mrs. Fred Twomey.

The general superintendent was Mrs. Herb Hennessey, assisted by Mrs. W. F. Cavanagh, Mrs. Edward Crough, Mrs. Maurice O'Connor, Mrs. John Carr and Mrs. Elmer Hickey. During the evening, Mr. Joseph Jacque of Peterborough disposed of the articles from the fancy booth. The booth was supervised by Miss Veronica Gannon, assisted by Misses Helena Holland, Rita Cavanagh, Eugenie Gifford, Frangis Hennessey and Helen Sullivan.

CORDOVA MINES.

Mr. and Mrs. Adolph Galosky are spending a holiday with Mr. and Mrs. Harry Fessick.

Mr. and Mrs. William Miller and son Billie, and Miss Marie Miller of Detroit, have returned home after spending a vacation with Mr. and Mrs. F. W. Peacock.

Miss Pauline Steenburgh of Rockdale is spending a vacation with friends in Havelock.

Quotations For To-Day

Lives of great men all remind us
We can make our lives sublime,
And, departing, leave behind us
Footprints on the sands of Time.

—Longfellow.

FRIENDS HONOR VIOLA McBRIDE

Cavan Bride-to-be Receives Many Beautiful Gifts at Shower.

SOCIAL EVENING.

CAVAN, Aug. 29 (Examiner Correspondence))—On Thursday evening a very enjoyable social gathering was held in the Sunday school room of Cavan United Church, in honor of Miss Viola McBride, a bride-to-be of the month.

Mr. James Douglas capably filled the position of chairman for a short program during which Miss H. Sluggett of Lindsay and Miss Annie Tilney sang. The Rev. J. E. Whitbame gave a short address.

The Misses Alma Perrin, Gwen Hunter and Hazel Sluggett, were in charge of a number of games which afforded merriment for all.

During the evening Miss McBride was presented with a miscellaneous shower of gifts, beautiful and useful.

A number of her friends contributed towards a larger present—a beautiful upholstered chair and nine Community-plate teaspoons. The names of the contributors to this gift were on cards, joined with ribbon and left with the gift.

On behalf of the Cavan Women's Institute, of which she was a member, Mrs. Charlie Smith read an address and Mrs. J. W. Perrin, president of the Institute presented her with a beautiful linen table cloth.

At the conclusion of the program and games, lunch was served and an informal social time was enjoyed, when all admired the diferent articles of the generous shower, and the guest of honor received the best wishes of her many friends present, before the gathering broke up.

In Lighter Vein

Aha!

A visitor with more money than culture was doing a marathon in one of the great galleries of Europe. He looked for a moment at this masterpiece and that masterpiece without catching the import and significance of any. As he stormed out he paused for a moment to remark to the attendant at the door, "There's nothing here worth seeing—nothing at all!"

"If you please, sir" replied the venerable attendant, "these pictures are no longer on trial—the spectators are."—Christian Science Monitor.

Husband: "These fashion plates in the paper are absurd!"

Wife: "But they are all taken from actual photographs."

Husband: "Well, this one can't be. Here are two women going in opposite directions, both wearing brand-new frocks, and neither is looking back at the other."—Simplicissimus.

Czechoslovakia is considering tax increases.

GRAIN AND PRODUCE REVIEWS

MONTREAL PRODUCE

MONTREAL, Aug. 29.—Butter and eggs advanced to new high levels for the late summer upward move on the Montreal Wholesale markets last week.

The butter market advanced a full cent during the week, becoming 20¾c to 21c per pound for carlots or less of No. 1. An unusually good out-of-town demand for this season of the year was encountered during the week, and, with production declining and stocks light, prices moved ahead without difficulty. Receipts of the week totalled 12,413 boxes.

Eggs Advanced 2c

The egg market advanced 2c a dozen on top grades, becoming in carlots or less for best quality stock just arriving, graded. From 20c to 27c for extras, 18c to 20c for firsts and 13c to 14½c for seconds, the latter remaining unchanged. Receipts for the week were 13,340 cases, compared with 10,382 cases in the previous week and 10,146 cases in the corresponding week last year. There was a strong demand for extras throughout the week, and it was getting more difficult to get a large percentage of extras in a mixed car of eggs. Hot weather and late season are having their effect on the quality. Prices to retailers on small lots, as quoted by jobbers, were put up 2c a dozen during the week on all grades, except seconds.

Cheese Is Irregular

Cheese tried to advance with butter and eggs, was successful on Monday, but daily after that fell back fractionally in price as the British importer withdrew from the market and would not buy Canadian cheese at the latest advance, which represented the peak of the season. After touching 16¾c for Ontarios and 15¾c for Quebecs on Monday, the market slid back to end the week at 16¼c to 16¼c for Ontarios and 9¾c to 9¾c for Quebecs. Country boards at the week-end followed the decline of the week and were lower. Exports from Montreal to the United Kingdom that week totalled only 31,650 boxes, compared with 83,543 boxes in the previous week, which had been the high mark of the season. Receipts for the week 97,582 boxes.

Potatoes dropped 5c in price last week on the Montreal market. Upcoming 30c for 80-pound bags for new locally-grown stock.

CHICAGO GRAIN.

CHICAGO, Aug. 29. — Wheat prices were swept sharply upward Saturday by a broad general buying wave engendered by stock market strength and sensational advances in cotton. An initial advance of 2½ cents a bushel was registered in the December delivery before profit-taking, selling against offers, and closing of "spread" operations between Chicago and Winnipeg could check the market. Recessions were only minor, heavy buying appearing on each fractional downturn. Oats and corn were strong with wheat. Provisions were also firm in sympathy with grains.

Wheat closed strong, not far from the day's top levels, and 15-8 to 2 1-8c above Saturday's finish; corn ¾c to 1 3-8c up; oats, 5-8c to 7-8c advance; and provisions, 5c to 12c stronger.

WINNIPEG GRAIN.

WINNIPEG, August 29. — Bulls regained the upper hand in Saturday's short week-end wheat market. Increased activity in the export field and a higher level of the prices at Liverpool gave a moderate boost to values at the close. Wheat closed steady ½c higher in all three futures.

October at 55½c, December at 57½c and May at 61¾c.

Bullish overnight crop reports and strength in stock market sent prices soaring early in the trade. At one time wheat registered gains of 1⅞c to 1¾c. Selling for profits near the close, however, wiped out much of this advance, but fractional gains were well in hand at the close.

Exporters and shippers were in the market for all grades of cash wheat at unchanged spreads, but offerings were light, and little business was transacted.

Cash interest in all coarse grains was negligible. Prices in the pit were easier near the close.

STATION L-O-V-E

BY CRAIG CARROLL

CHAPTER NO. 3

"Are you an announcer?" Judy asked Elton Day.

"I? Heavens, no! I can't stand listening to myself talk," Day said, with a pointed look at Dick Mason.

"But—" Judy began. She saw a flush on Dick's smooth face. So they weren't good friends!

"I write." Day said it very simply.

"Write? Books?"

"One only. So far, anyhow. And no good, either. But I'm working on another one. And writing radio stuff meanwhile. Tripe. Stuff about how to be beautiful, and—Oh! Wait a minute! What's this program you're going to work on?"

Now Judy saw that Dick Mason was really angry.

"Why—it's called the Beauty Builder."

Judy stopped. For Elton Day had thrown back his head and begun to laugh, a great, chortling laugh that made people at the other tables turn and stare, that made the waiter grin—that seemed to make Dick angrier every moment.

"That's marvelous!" Elton Day managed at last. "Nothing less than marvelous! Because—guess what, Miss Allison?"

"What?"

"I write the Beauty Builder. I write the stuff you've got to read. A new program I just sold. And we'll have to spend a lot of time together. We certainly will. Thank you, Dick. Thanks a lot. Because you couldn't have got a nicer voice for just the sort of character I want to build up. And—See here, Miss Allison."

He became suddenly businesslike. But Judy stopped him.

"I'm afraid I can't talk about it much right now," she said. "I"—she ought to say, "Don't you see? I'm with Dick Mason. I'm his guest, not yours." But she couldn't say that. She needed the job desperately. She needed this chance. And she'd have to work with Elton Day, have to get along with him, have to take his suggestions.

* * *

"Go ahead, Judy," Dick said, smiling at her. "I've got to hurry anyway, anyhow. Trying out a new announcer today. Boss wished the job on me. I'll see you at the tea-room. Dinner?"

"I'd love to have dinner with you," Judy said gravely. Funny, Judy thought, after all these months of being alone, to be in the center of a situation like this! Two handsome men, both wanting to talk to her; and she hadn't even met one handsome man before. And—Silly little fool! Judy said to herself. One of them is just being kind to you, and the other really wants to get you started right because the program means more money for him if it goes well. Silly little conceited fool! Why can't you grow up? Get over being a small-town girl. Stop thinking you're so nice. You're not pretty, really. Not very clever. Just very lucky. So—

"Thank you, Dick," she said softly. "Thank you. Oh, a lot more than I can tell you."

"That's all right. I wanted to do it."

Dick stood up, looking a little abashed, a little unsure. So young, after all! Judy thought, looking at him. Really just as much at sea in the midst of all this—in spite of his apparent sophistication—as she.

"But I'll try to make good on the job, Dick. And the minute I can, I'm going to wire my father and just say 'No. I'm staying here in Chicago.' Just like that!"

She laughed at her own vehemence. And Dick grinned, too. And then he took her hand. Almost as though he didn't want to let go. Judy thought in spite of herself. And then she said to herself again, "Silly little fool! Conceited!"

"Good-by," Dick said, not looking at Elton Day.

"Oh, 'by Dickie!" Elton said, grinning. 'See you soon. On the Big Town Hour tonight. Got some stuff to talk to you about."

"All right," Dick said curtly. Then he handed the hovering waiter a bill, nodded, smiled at Judy again, and disappeared.

* * *

"Nice boy," Elton said now. "Nicest I've ever met," Judy said warmly.

"But—see here, young woman! You've just met me, too, you know."

"I know," Judy said rising.

"Oh! That puts me right in my proper niche on the wall, doesn't it? Well, people have changed their minds about me before. Can happen again. Won't you, sit down?"

Judy wondered if she shouldn't have gone with Dick, if she should be here with Elton. She didn't know very much about situations like this, or how to handle them; all very well to see in a play or read in a book about the sort of woman who is always poised, always in control of the men who are with her—but all wrong when you are as young as Judy Allison. She sat down.

"More coffee?"

"I don't think so."

"That's a very smart girl. Coffee is not good for me." A pause. "I drink three cups of black coffee every night."

"But why—if it's bad for you?"

"Oh, because it's bad for me, I suppose. Same reason I drink cocktails. Same reason I fall in love."

"Oh."

Judy felt more sure than ever that she should have gone with Dick Mason. Not one word she could really object to, not one thing that wasn't just light talk, and yet she felt more was coming.

* * *

"Now about these continuities," Elton Day said suddenly, in an entirely changed voice, an utterly business-like voice. "See here, Miss Allison—what's your idea of the character anyhow?"

"I don't know anything about her, really. You see, I just walked in and they handed me a—"

"A continuity. Script, if you like it better."

"A continuity. And I read it without being told anything about it. So—"

"So, as usual, the dumb bunnies gave you no chance at all to get set for the right pitch, the right speed or anything. Well, we'll fix that. I'm trying to do a new kind of beauty program, Miss Allison. You see—this is aimed to sell a new line of cosmetics. Called Beauty Builder."

"I never heard of them," Judy said.

"Neither has anybody else. But the whole world is going to hear about them now—thanks to you and me and the people who pay the bills. So, you're supposed to be a woman who's travelled all over the world, seen everything, studied nothing but style and makeup for twenty years. You're supposed to be 35, just about. By the way, how old are you?"

"Twenty." Judy wished she had said 24, as she always did when she asked for a concert job. Too late now.

"Twenty. Lovely age. When I was 20—No. That's too far back."

"You don't look so very old, Mr. Day."

"Mister Day? Mister; Child, where are your manners?"

"—"

"Always say Elton. Just Elton. El, if you like it. Jackson Park El, Wilson El—any old El. But not Mister Day."

"I haven't known you very long, you know, Mr. Day."

"There it is again. Mister! Mister! Oh, waiter!"

* * *

The waiter slid up to the table.

"Waiter! You know what this young woman just called me?"

Judy's cheeks flamed.

"Why—" She started to get up. One of Elton Day's thin, strong hands waved her back into her chair.

"She called me mister. Think of it, waiter! At my age!"

"Terrible, sir. Terrible," the waiter said, gurgling.

"You see?" Elton Day addressed Judy now. "You see what people will think of you if you go around saying 'mister' to me? Well, let that be a lesson to you. You may go now, waiter."

"Yes, sir. Thank you, sir."

Judy sat back in her chair, almost in a daze.

"You do—such mad things," she managed at last.

"Mad? You mean crazy? Of course. I am crazy. I'd have to be crazy, to be in a business like this. I—Don't ever let me suspect that you're thinking 'mister' about me again. Or I'll—I'll—Come on. Please laugh. I can't go on being a fool forever. You've got to laugh."

Dutifully—and also because she wanted to—Judy giggled then laughed, and Elton Day laughed, too. And then, suddenly, he touched her hand lightly.

"Now we can really do a good program," he said. "See here, you're 35. You're polished, cultured, wise, friendly. I want warmth in your voice. Friends, Romans, countrywomen. As if you were right in the room, talking to the women who are listening. Get it?"

"I'm afraid I can't do that."

"You've got to. That's the whole idea of the program. Look. This script. Broken lines. Even some mistakes in grammar. Because thats the way I want you to talk. None of this lad-de-da stuff in my programs. Get it now?"

"I—I'll certainl try hard to get it, Mr. Day."

* * *

She saw his hand raised to beckon the waiter again.

"Elton!" she said quickly, only a little angrily. Then she heard herself laughing again.

"See how I train 'em?" he demanded. "See here—you really need this job, don't you?"

"Of course I do."

"You don't look it, you know. Nice new dress. Cost—cost thirty-five at Blank's. Didn't it?"

"How in the world would you know?"

"I'm a strange man, sister. A strange man. And why shouldn't I know?"

"Well—I didn't think men knew much about dresses and what they cost and—all that."

"Knowing that sort of stuff is my business, right now. Silly, isn't it? That's what I always say."

He chuckled again.

(To Be Continued)

DISTRICT MARKETS.

AT ENNISMORE.

ENNISMORE, Aug. 29.—Following are the week-end retail market prices:

Beef, sirloin, 20c.; round, 18c.; roast, 18-20c; stew, 15c. Veal, 25c. Pork, 18c. Lamb, 25-30c. Breakfast bacon, 25c. Butter, creamery, 18c; dairy, 16c. Eggs, fresh, 20c. Chickens, 25c.; stewing fowl, 20c. Potatoes, 60c. a bag.

Places In Default Need Not Pay Relief

WINDSOR, Ont., Aug. 29. (CP) Municipalities which are in default will be relieved of the cost of food, fuel, clothing and shelter for those on relief lists.

Definite assurance of this was received from J. W. Ellis, secretary of the Unemployed Relief Fund, it was announced to-day by Reeve Arthur J. Resume of Sandwich. It is stated that no agreement has yet been reached between the province and the dominion that each will bear 50 percent of the costs but in any case the province will see that municipalities in default are relieved of these costs wherever the municipal board approves the plan, Mr. Ellis writes.

Hospital and doctor bills are not included.

WINNIPEG GRAIN EXCHANGE

WINNIPEG, Aug. 29. (CP)—Unfavorable harvest weather in most sections of the Prairie Provinces, together with unexpected strength at Liverpool, boosted local wheat prices 1¼c to 1c over Saturday's close during early trading to-day. Top levels for the greater part of the first hour were well held. Continued buying by Chicago interests and purchases by houses with foreign connections accounted for most of the support, and although trading at the start was fairly active operations with the passing of the initial half hour turned dragging.

Owing to the showery weather in western Canada the movement of new wheat to country points has decreased considerably with the result that hedging pressure was much lighter than it has been for several days and this also helped to check any decline.

Market Closing On All Exchanges

WALL STREET.

NEW YORK, August 29 (C.P.).—Stocks see-sawed in a moderately active session to-day, in which profit-taking and fresh buying about balanced each other. Coppers were buoyant for a time; American Smelting rising nearly 2 points to a new 1932 high, but it later lost half its gain. General Electric was firm, up more than 1 to 1½. Advances of 1 to nearly 2 points in U.S. Steel, American Can., and American Telephone were about erased by late selling, and Union Pacific was off nearly 3 points. International Harvester and Dupont lost about 1. The late tone was irregular. Transfers approximated 3,800,000 shares.

STANDARD EXCHANGE.

TORONTO, Aug. 29.— (C.P.) — Marked by some fairly persistent selling to-day's session on the standard stock and mining exchange market saw general trend turn irregularly lower for the first time in well over a week. Volume was heavy in the forenoon but subsided in late hours.

Teck Hughes met concentrated pressure, touching a low of $2.15 and closing 30 below Saturday's final. Lake Shore dropped 25.

Base metal shares were strong in early trade but were mixed at the close, Nickel droping 15 and Noranda finishing slightly higher on the day. In the oil section Chemical Research reacted 24 and Homestead a cent, while Home Oil sold up 10 and Olga and Vacuum Gas recorded minor advances.

TORONTO EXCHANGE.

TORONTO, August 29 (C.P.). — Prices were irregular on the Toronto Stock Exchange to-day with leaders soft and inactives contributing gains. C.P.R. was weak in the afternoon to sell off a point. Bell Telephone dipped 1 to 1¼ and Internationl nickel, Ford of Canada, Brazilian Traction closed with fractional losses. Smelters was unchanged.

Strength in wheat quotations helped the implement issues which were firm and fractionally higher. Cockshutt Plow sold at the best for 1932.

Canada Wire and Cable A, Power Corporation, Quebec Power, Canada Cement Preferred, Cosmos Imperial Mills Preferred, and Pressed Metals up 2 to 5 points.

MONTREAL EXCHANGE

MONTREAL, Aug. 29. (CP). The Montreal stock market held an irregular tone at the close to-day. Price changes were mixed and mainly fractional. Some of the leaders were slightly easier at the close and gains in other issues were reduced by last minute selling. Activity was brisk in the morning hours, but fell off in the late trading.

Shawinigan Power and Power Corporation were strong features. Shawinigan sold up to a high of 18¾ and closed at 18½, up 1½. Power Corporation reached a new high for the year at 15½, but was subjected to selling in the last five minutes and closed at 15 for a gain of 1%.

Canadian Pacific and International were both easier. C.P.) closed at 18¼ down ¾ and Nickel at 71¾ was down ¼. Montreal Power held unchanged at 26.

Cockshutt Plow and Massey Harris responded to a better tone in the grain markets anl closed at 7¾; up ¾ and 5% up 5% respectively.

PRISONER HAS BRIEF FREEDOM

Breaks Handcuffs, Jumps Off Train and Flees Into Whitby.

CAPTURED IN YARD.

WHITBY, Ont.—Clifford French, prisoner under escort from Chatham, Ont., to the penitentiary at Portsmouth, escaped from a train here to-day, but was recaptured after a stirring chase through the streets of this town.

French, who was under guard of two officers, broke his handcuffs without attracting the notice of his escort and jumped from the train as it was slowing down near Whitby station.

He rushed across the fields closely followed by the two officers and fled into the town. The shouts of pursuers attracted notice of citizens who pursued the fugitive and recaptured him after they had chased him into a back yard where he was unable to scale the high fence.

French was put back aboard the train and taken to the penitentiary.

Old Country Soccer Results

LONDON, Aug. 29.—(C. P. Cable.)—Soccer matches played in the old country to-day resulted as folows:

English League—First Division.

Aston Villa 1, Sunderland 0.
Blackpool 2, Leeds United 1.
Huddersfield 4, Leicester C. 1.
Sheffield U. 6, Liverpool 2.
Wolverhampton W. 4, Bolton W. 1.

Devonshire Track

FIRST RACE.

The Paramount-Publix, $700, claiming 2 year olds, 5 furlongs—Dark War 117, Riley 8.40, 4.30, 3.10.
Grimace 111, Bernilius 3.40, 2.65.
x-Fair Billy 107, Horvath 2.95.
Time 1:03 3-5. Walter Jr., Baldy Tinker, Archwood, Keitwick.
x-Tasiman, x-Parade, Rest, Harold Jr. also ran.
x-Field.

Dividends Declared

Canada Malting has declared a dividend of 37½ cents on certificates and share warrants, payable Sept. 15, to shareholders of record August 31.

Victim Of Undertow Bather Is Drowned

BELLEVILLE, Ont., Aug. 29. — Harry Ransom Brown, 24, of Wellington was drowned while bathing with two companions. His body was swept away by the undertow and not recovered until four hours later. At the time Brown was swimming behind his companions, Harry Forsythe and Max Farrell, when he was heard to yell. They made unsuccessful efforts to rescue him. The coroner decided an inquest unnecessary. The deceased leaves a wife and three small children at Trenton.

Truck Falls In Canal 2 Men, Woman Drown

STEWART, B.C., Aug. 29 (C.P.) —Three persons were drowned and four others had a narrow escape when their car collided with a truck on the Stewart-Hyder road and crashed over the steep rocks of the Portland Canal into the water.

The dead are: Mr. and Mrs. George Naysmith and W. Mowatt of Premier, B.C.

Walker Case Continues After Brother's Funeral

ALBANY, N.Y., Aug. 29.—Governor Franklin D. Roosevelt announced to-day the hearing of charges against Mayor James J. Walker of New York, would be adjourned until after the funeral of the Mayor's brother, George Walker, who died at Saranace Lake today.

Because of the death of the Mayor's brother, the Governor said, the hearing, of course, will be postponed until after the funeral.

In answer to a question, the Governor said he did not know when the funeral was to be held.

CHICAGO GRAIN MARKET.

CHICAGO, Aug. 29 (C.P.). — Wheat trade was hesitant at the start to-day. Opening prices were a shade firmer, but reactionary tendencies in cotton offset strength shown at Liverpool, and the market quickly dropped to around Saturday's closing level. Wheat started steady at 5-8 cents higher, but soon eased. Corn was steady to 3-8 advance and later held within narrow limits.

OUT ON BAIL

LONDON, Ont. — Charged with criminal negligence, Walter Hull of Detroit, driver of a car that struck and seriously injured Thomas Piper, age 59, of London, Saturday evening, was released on $5,000 bail in county police court today. He will appear again in court in one month.

Livestock-Produce Quotations

TORONTO LIVESTOCK

TORONTO, Aug. 29. (CP) — Trading on the Toronto livestock market was slow to-day on a heavy run of cattle. Prices generally were shade lower than last week's close. Cattle trade was slow at the opening, calves steady, hogs unsettled, sheep and lambs unsettled.

Receipts: Cattle 4,260; calves 730; hogs 1560; sheep and lambs 1,020.

The run included 1,400 Western cattle. A few choice butcher cattle brought $5.25 to $5.50. Some choice heavy steers sold at $6.00 to $6.10. Good putcher cows brought $3.25 to $3.50. Stockers sold steady at $2.50 to $4.00 per cwt. Fed calves and butcher bulls were draggy.

Choice calves brought $6.00 to $6.50 with a few tops at $7.00. Grass calves were steady at $2.00 to $3.00 per cwt.

Salesmen were holding on the hog market for $4.65 F.O.B. for bacon or at $5.15 to $5.25 off cars.

Bids were lower on lambs at $5.50 for good ewes and wethers with no sales being made up to 11.00 a.m. No sales were made on sheep.

Quotations:

Steers up to 1,050 lbs.—Good and choice, $6.00 to $6.50; medium, $4.50 to $5.00; common, $3.50 to $4.25.

Steers Over 1,050 Lbs.—Good and choice, $5.75 to $6.25; medium, $5.25 to $5.75; common, $4.00 to $5.00.

Heifers, Good and Choice, $5.00 to $5.50; medium, $4.50 to $5.00; common, $3.00 to $4.25.

Fed Calves—Good and choice, $7.50 to $8.00; medium, $6.00 to $7.25.

Cows— Good $3.00 to $3.50; medium, $2.50 to $3.00; common, $2.00 to $2.25; canners and cutters, 50c to $1.75.

Butter, No. 1, solids, lb. 21c.
New potatoes, per bag 65c.

LAST TRIBUTES ARE PAID SILAS RICHARD PARSONS

TORONTO, August 29 (C.P.). — Many prominent people were in attendance to-day at the funeral of Silas Richard Parsons, chairman of the Board of Directors of the British American Oil Co. Mr. Parsons, who died Saturday, was buried today in Mount Pleasant Cemetery.

Rev. Trevor H. Davies, pastor of Timothy Eaton Memorial Church, conducted the service, and Rev. Dr. H. J. Cody, president of the University of Toronto, recited prayers.

The pall-bearers included Hon. G. Howard Ferguson, A. L. Ellsworth president of the British American Oil Co.; Judge J. H. Denton, Senator Beaubien and Col. A. E. Gooderham.

UNIQUE TRIO IN MARATHON SWIM

Blind Man, Deaf Mute and Cripple Pass Medical Examination To-day.

150 PRONOUNCED FIT.

TORONTO, Aug. 29 (C.P.). — A unique trio, consisting of a blind man, a deaf mute and a man paralyzed from the hips down, today passed medical examination, and will take part in the Canadian National Exhibition 15-mile marathon swim for men on Wednesday.

Michael Hambourg, Toronto, who has participated in other exhibition marathons, is the blind swimmer. The deaf mute contestant is Joe Mazarkas, of Marlin, Pa., and the paralyzed man is William J. O'Keefe of Waterbury, Conn. O'Keefe uses crutches to get around with.

George Young, last year's victor, scaling 183 pounds, compared with the 200 he weighed last year, was included in the 150 who were pronounced physically fit.

William J. Sadlo, Jr., of Corona, N.Y., after being OK'd by the doctors, announced his team-mate, Eddie Keating, winner in 1930, would be unable to compete this year because of illness.

TROUBLES MULTIPLYING FOR YOUNG JOHN AMERY

LONDON, August 29 (C. P. Cable). — John Amery's troubles multiply. The young son of Rt Hon. L. S. Amery and his fiancee, Una Evelyn Wing, 22-year-old actress, who left London last Wednesday after asserting they would not return until they were married, arrived back from the Continent today. The nuptial knot had not been tied.

To make matters worse they found that Mr. Amery's flat in Chelsea had been broken into and clothes valued at £300 stolen. Papers were strewn about the floor, and the intruder is believed to have been someone interested in the film business with which Mr. Amery is connected.

Mr. Amery to-day declared he and Miss Wing were more determined than ever to get married, and planned to go to America at the end of the week to have the ceremony performed there.

BANKRUPT

NEW YORK—The United Cigar Stores company of America filed a petition in bankruptcy today, listing liabilities of $9,803,020.60.

Canoeist Outswims 25-Pound Muskie

TORONTO, Aug. 29.—(CP)—Christy Berber, veteran Lake Simcoe fisherman, proved today he was a better man than a 25-pound muskalonge.

Barber was trolling quietly in a canoe when he got a strike that upset his craft and spilled him into the water. He thought at once of the fish and wrapped his line around one leg.

Barber had a tough struggle swimming to shore but he eventually wore down the stamina of the fish and landed it.

Then he swam back and got his hat which was floating on he surfaceof the lake.

Von Papen At Lunch With Hitler To-Day

BERLIN, August 29 (C.P.).—Chancellor Von Papen, who assailed Adolf Hitler's impulsive recklessness in a speech yesterday, had luncheon with the Nazi chief today.

General Kurt Von Schleicher, Minister of Defence, called the most powerful man in the Von Paper Cabinet, also was present. They talked over the political situation but observed complete secrecy regarding their conversation.

Police Seeking Girl Believed Kidnapped

BUFFALO, N.Y., Aug. 29 (C.P.).—A 14-year-old girl, believed kidnapped by three men, was the object of an intensive hunt by Buffalo and New York police to-day.

The girl, Mary Fanara, daughter of Mr. and Mrs. Joseph Fanara, disappeared last Friday shortly after she had accepted a ride in an automobile in which the three men were riding.

The New York police were called into the search when it was learned that the men known to the family had been living in New York for the past year.

HANDICRAFT WINNERS.

TORONTO. — Mrs. Nelson of Stoney Creek, Ont., exhibiting a small wood carving of three girls in a graceful dancing pose, won first prize in that class at the handicrafts exhibits of the Canadian National Exhibition.

Helen Laliberte, of Tilbury, Ont., was rewarded with second prize for her originality in displaying the familiar figuresof Maggie and Jiggs, Tillie's Ma, Mac and Bubbles, on her entry in the quilt class.

CANADIAN STOCKS SOAR HIGH UNLOOSING WILD ENTHUSIASM

Prices Go to New Peaks for Year—Buying is Heavy.

PANIC HAS SUBSIDED.

By A. D. O'Halloran

TORONTO, Aug. 29 (Special to The Examiner).—New altitude records for the year were established on the Canadian stock exchanges last week when prices hopped skipped and jumped to new peaks for 1932 for various issues in a market that boiled over and one that was most active and broadest of the year to date. Enthusiasm long held in leash, was let run when traders and investors scampered to buy securities either for speculative profit, or for permanent investment. The market sort of gave the lie to the statement in the past that the public was no longer stock-minded, having been cured by the crash of 1929 and decline of almost three years, for the same public this week made a big job out of buying shares of Canadian corporations at advancing prices.

Volume, the heaviest of the year, left no doubt that the public was coming into the market, and the wide range of issues brought out indicated that the list was being scoured for secondary issues that gave promise of large capital appreciation once business turned for the better and with the return of normal earning power of Canadian corporations.

Old Favorites Move

Old favorites such as International Nickel, Ford of Canada, C. P.R., Consolidated Smelters, Oil, etc., were bought in increasing quantities and the movement broadened out to take hold of some of the inactives, or secondary issues, to shoot them up points above the lows for the year. Advances of 5, 10 and as much as 12 points were to be noted in daily quotations, with the extreme gains made by securities that made few appearance in the past six months. Leaders improved their values to approximately the best of the year, although the gains in this group were not as spectacular as elsewhere.

Bell Telephone Typical.

The public has gotten over its panicky feeling and is looking to the future with more confidence. An outstanding example of the change in sentiment is to be found in the market action of Bell Telephone since April last. This issue, of investment merit, dipped to an extreme low of 75 about the time the dividend declaration was due and at which time the board reduced the annual rate from $8 to $7 per share. When the current advance started in July the shares began to creep slowly upward and recrossed par early this week. Toward the close of the period a dividend declaration for the quarter of $1.75 a share was announced and the price skyrocketed almost 10 points to 110 in a single session.

The advance is now beyond the bounds of a technical reaction and must be backed by more than sentiment if it is to be carried further. On the other hand, there should be no drastic reaction and a slipping down to the low levels unless some development of a disturbing nature, such as experienced periodically during the past two years, crops up to again create fear and panic in the minds of the public. The world has been beset with so much trouble in the past that from now on we can be hopeful that news will be constructive rather than destructive. Conferences held and to be held should provide cures for economic ills and, if the patient gets no worse, the appreciation in security values can be said to have been warranted. Improvement in business according to statistics so far has been slight, but there is always the hope that as the year goes along statistics will brighten. Markets often move in advance of visible signs of business improvement and corporate earnings. The stock market acts on the assumption that the time to buy securities is when they are at low levels and before statistics begin to tell the story of expansion in industrial operations that has always followed periods of depression.

First Pool Payment On Wheat, 35 Cents

REGINA, Aug. 29.—Initial payment on the 1932-33 wheat crop pooled by grower-members of the Saskatchewan Wheat Pool will be 35 cents per bushel basis No. 1 Northern, Fort William. This was announced yesterday from Wheat Pool headquarters. The information was given out by L. C. Brouillette, President, and J. D. Read of the Pool elevators, newly returned from Ottawa, where arrangements were made by representatives of the Western Pools for the financing and marketing of this year's crop. It is believed the same initial payment has been set for the other Western Pools. The initial payment is the same as that set at this time last year, although this figure was raised in March of this year to 45 cents. Initial payments on the other contract grades for this season's crop have been set as follows: No. 2 Northern, 32 cents; No. 3 Northern, 27 cents; No. 4 Northern, 23 cents. Elevator companies are being immediately advised of the schedule. As was the case last year, no deductions will be taken from the proceeds of any grain, whether pooled or sold outright, for elevator or commercial reserve on account of the 1929 payment or overpayment.

A Popular, Congenial Hotelkeeper of Peterborough Speaks: Read What he Says—

Peterborough, Ontario, Saturday 27, 1932

DR. R. ELLIOTT,
Care of Harris' Drugstore, Peterborough Ontario.
Dear Sir:

Your suggestion to me of the advantage for the constant use of permanent glasses may be necessary but I desire to inform you that since you examined my eyes at Bond's Drugstore some four months ago and supplied me with a pair of your allvision lenses and frames that my eyes have so much improved that I am now able to read the newspaper and go without glasses entirely. This is a most remarkable truth I am pleased to state as an absolute fact. But I am taking your advice and will wear the rest glasses as you prescribe.

MICHAEL J. COSTELLO, Proprietor of the American Hotel, 189 Hunter St. West.

Note a few of the distinguished citizens who are Patrons of Dr. Elliott's

Testimonials. Notice—We have hundreds of these testimonials on file at our store—

"I can recommend any persons who are in need of glasses to seek his services."—W. A. Cameron, B.A., M.D., C.M., ex-Mayor of Arnprior.

"I can heartily recommend Dr. Elliott as an exceedingly capable optician to anyone requiring his services."—W. A. Hall, B.A., M.D., C.M., M.P., (House of Commons, Ottawa).

"It gives me pleasure to state that I have had several pairs of glasses from you and have found them very satisfactory."—E. A. Stephens, Director Central Canada Exhibition.

"The pair I got from you suited me so well and improved my sight so much that I was anxious to know if you had my correction in case I should break or lose this pair."—Senator Dr. Wm. McKay.

"This is to certify that I obtained a pair of spectacles from your house and find them so entirely satisfactory that I take pleasure in recommending you to all comers who are looking for the best of service."—Thos. McMillan, M.P. (Dominion House, Huron S.).

NEIGHBORLY NOTES

Please phone items to 1660 or 1661

Mrs. N. C. Staples of Windsor, formerly of Peterborough, has been spending some time here, the guest of Mr. and Mrs. J. K. Hughes at Chemong Park, and of Mrs. Shrimer of Cleveland, who is visiting her parents, Mr. and Mrs. R. J. Soden. Mrs. Staples, who is visiting Mrs. R. Yeaman in Lindsay, this week, was guest of honor at several affairs given for her, including a bridge party by Mrs. James Matthews, a bridge luncheon by Mrs. Shrimer, a bridge by Mrs. Gladys McLeod, a tea by Mrs. Fred Hooper, a bridge by Miss Elva McIntyre and a tea by Miss Ada Gillespie, who entertained jointly for Mrs. Staples and Miss Olga Johnston, who is leaving shortly for Toronto.

• • •

Dr. and Mrs. Fred Marshall of Montreal are visiting the former's mother, Mrs. H. Marshall, Hunter street west.

• • •

Mrs. Ada Craig, Rogers street, spent several weeks motoring through New York State.

• • •

Mrs. Walter Staples of Port Hope is visiting at the home of Mr. and Mrs. Clarence Cook, George street south.

• • •

Mr. and Mrs. C. E. Wiley, Park street, have returned to the city after spending a pleasant vacation at Chemong Park and Hamilton.

• • •

Miss Olga Johnston, Monaghan Road, leaves this week to accept a position on the teaching staff of the Normal School, Toronto, in the Domestic Science Department.

• • •

Mr. and Mrs. Palmer L. Wiley and son Gordon, of Hamilton, are spending their vacation with the former's parents, Mr. and Mrs. C. E. Wiley, Park street.

• • •

Little Gordon O'Brien, small son of Mrs. W. O'Brien of Toronto, who is in the Archer cottage at Chemong Park, for the season, celebrated his fifth birthday by entertaining a number of his small friends at a jolly party.

• • •

Mrs. J. K. Hughes, Mrs. Fred Hooper and Mrs. N. C. Staples motored to Kirkfield last week to visit Mrs. Musgrove, mother of the late Mrs. McNaught of Peterborough.

• • •

Henry Shepherd of Rogers street who spent July in motoring through New York state, is holidaying during August with friends in Ottawa.

• • •

Miss Norma Wilde of Stewart street has returned home after spending a fortnight's vacation in Toronto Miss Wilde was accompanied to the city by Mrs. Jessup of Young Boulevard, Toronto, and Mr. Raymond Fiske and Mr. A. E. Skinner of Rosedale, all of whom have returned home after spending the weekend in the city.

• • •

A number of the young girls staying with their parents at Chemong Park for the holidays presented on Friday afternoon a pleasing little playlet written by Miss Olga Westbye, thirteen-year old daughter of Mr. and Mrs. P. Westbye, and entitled "Dorel Steps out of the Kitchen", at the summer home of Mr. and Mrs. Walter Belleghem at the Park, and donated the resulting funds to The Examiner Relief Fund. Nearly sixty people attended the jolly little dramatic production, which was cleverly and ably presented by a group of juniors, including Margaret and Olga Westbye, Barbara Scott, Dorothy, Marjorie and Betty Boye, Berta and Frances Belleghem, Mary McPherson and Beverley Hughes and Florence Trebilcock.

• • •

Little Douglas Ricombe of 92 Hunter street west, aged three and one half years, met with a painful accident on Thursday last. While playing in a neighbor's yard, he was bitten in the eye by a police dog, the wound requiring five stitches.

• • •

Dr. and Mrs. M. C. Goodwin have returned from spending a week's vacation in Williamsburg and Picton.

Mr. and Mrs W. Nugent of 174 Water street spent the week end with Mr and Mrs. B. W. Moore at their cottage on the Lake of Bays, Muskoka.

• • •

The Rev. Dr. J. E. Moore of 174 Hunter street east had a birthday anniversary yesterday.

• • •

Mrs. L. M. Brooks was guest soloist on Sunday morning at Mark street United church.

• • •

Mr. and Mrs. W. C. Daniel and son Jack, of Brantford, are visiting Mr. Daniel's brother and sister-in-law, the Rev. and Mrs. Charles D. Daniel.

• • •

Baby Raymond Edgar, son of Mr. and Mrs. R. Cecil Edgar of Detroit, celebrated his second birthday on Saturday by entertaining a few of his little friends at the home of his grandparents, Mr. and Mrs. J. Vollans of 468 Bolivar street. Those present were Wilbert Edgar, Elda, Joy and Billy Edgar, Dorothy and Georgie Climblett, Muriel Davis and Raymond's brother, Donald Edgar

• • •

Mr. and Mrs. G. F. Stevens have returned to Toronto after spending a few days with the former's parents, Mr. and Mrs. W. Stevens of 39 High street.

• • •

• • •

Miss Louise Wachetel of Chicago is leaving for Toronto after visiting her cousins, Mr. and Mrs. Clarence Cook of 140 George street south.

FASHION SERVICE

Really new and fascinating cuts mark this charming evening dress. They are not difficult either, yet carry an enormous amount of French cleverness in their conception.

The skirt has the cutest arrangement for its hem fulness. You'll note the clever bias lines that give it sleek slenderness through the hips and elegant height to the figure.

And it's so easily put together.

White crepe satin or rough crinkled crepe is extremely modish.

Embroidered organdie is youthfully smart.

Style No. 2999 is designed for sizes 12, 14, 16, 18, 20 years, 36 and 38 inches bust.

Size 16 requires 2¾ yards of 39-inch material and 1¾ yards 39-inch contrasting.

Our Summer Fashion Magazine shows all the new and interesting styles for vacation and everday wear. Every page in color.

You can save the price of the book over and over again, and look your very best.

Be sure to fill in the size of the pattern.

Send stamps or coin (coin preferred).

Price of book 15 cents.

Price of pattern 15 cents.

RAVELLED FRINGE is again in vogue as a finish for edges of linen, such as towels, doilies, tray covers, etc.

• • • • • • •

In this revival the fringe is short and unknotted.

• • • • • • •

Where there are knots a deeper ravelling is required, not only because the knots shorten the fringe, but because short ends do not allow sufficient length of strands to permit knotting.

• • • • • • •

As fringe is a thrifty finish and one very easily made, it appeals to homemakers.

• • • • • • •

When fringe is short it launders well. Long fringe has to be combed or beaten just before the textile is ironed, in order that the strands may be separated and have an even distribution.

• • • • • • •

Unless so treated several strands will mat and make an untidy edge.

• • • • • • •

Combing has to be very carefully done or the comb will break the threads and cause uneven lengths, which spoil the beauty of the finish.

• • • • • • •

Laundering of short fringed articles is simplified if the fringe is gently slapped against the ironing board before the article is ironed.

• • • • • • •

There are several ways of finishing the edges of textiles where the fringe starts. The likelihood of strands matting is avoided if the textile edge is buttonhole stitched, or hemstitched.

• • • • • • •

Either of these finishes can be given to the goods before it is ravelled or after. The first-named is a little easier.

• • • • • • •

This narrow fringe, I am told, is now the accepted finish for finger towels and beverage napkins. These napkins are no bigger than plate doilies, but are sufficiently large to be practical when lemonade and other cold beverages are served.

• • • • • • •

The finger towels are sometimes no larger than 9 inches wide by 12 inches long with or without the allowance for the half-inch fringe at each end.

• • • • • • •

For the smaller size a third of a yard of fine linen one yard wide will make a set of four towels.

• • • • • • •

A very simple decoration, placed a little way above the fringed edge and in the centre of one end of the towel is made of varying sizes of circles.

• • • • • • •

Use a dime for the innermost circle pattern. A quarter for the next and a half-dollar for the outside circle. Fill in the inner circle with chain stitches taken in circles from the centre.

• • • • • • •

And fill in the space between this and the next pencil marked circle with chain stitches of a contrasting color, and use a third color for the space remaining.

That Body of Yours

By James W. Barton, M.D

VARICOSE VEINS.

Notwithstanding the fact that hundreds of thousands of cases of varicose veins have been treated successfully by the injection method, there are still a great many individuals who refuse any aid in this condition.

Before the use of the injection method there was some excuse for doing nothing about it, because the removal of these veins meant going into hospital, undergoing an operation, remaining in hospital for two to three weeks, and some three to six months carefulness on the part of the patient after coming out of the hospital.

There were also of course a certain percentage of these cases where the operation was not a success.

By this new injection method, as mentioned before, the patient walks into the doctor's office in the regular way, has one of the veins injected by one of the various substances now in use, and then walks out again. It takes no longer than the ordinary visit to the doctor. It may mean three or four more visits until the vein or veins are all completely injected, but there is no loss of time from employment, no visit to hospital, no anaesthetic, no operation.

Dr. C. Weeks and R. S. Mueller, New York, report 325 cases by the injection method and their belief is that "it is the safest and surest method of ridding a patient of varicose veins."

They also find it an effective method of treating varicose ulcer, and varicose eczema, both very distressing ailments due to varicose veins, as 88 per cent. of their cases were healed and remained healed, according to the usual follow up observations.

Perhaps you have been troubled with piles or haemorrhoids, which after all are only varicose veins, and have been afraid, or have disliked the idea, of an operation. This injection method has proved just as effective in the treatment of piles as in varicose veins in the legs.

There are, however, some cases of piles which are not suitable for this injection method—piles at the entrance, piles badly inflamed, or piles with some other condition also present—but fortunately in the great majority of cases, the injection method can be used.

MILK BLOCKADE AT DES MOINES

Iowa Farmers Report Their Picket Lines Are Holding.

FEW TRUCKS PASS.

DES MOINES, Ia., Aug. 29. — (C.P.)—A stern warning that their lines would be air-tight, came today from supporters of the farmers' holiday movement. A blockade of every highway leading into this important central Iowa market was their objective.

The picketing farmers, numbering little more than 250, were content yesterday to confine their activity to a half dozen roads. All trucks carrying produce and milk were halted with the pickets attempting to persuade the drivers to turn back with their cargo.

In only a few cases did trucks fail to run the blockade. Des Moines dairy heads estimated that 90 per cent. of the city's milk supply was delivered.

Meanwhile in the city proper, representatives of the Des Moines Co-operative Dairy Association met with farm holiday leaders but could not reach an agreement. The farmers are asking the Dairy Association to give its support to the holiday movement.

Officials of the Dairy Association will meet again Wednesday.

As farmers in this territory hoped to tighten their lines, similar movements were instigated in other parts of the State, including Fort Dodge.

NURSE LOSES 7 LBS.

"I weighed 148 lbs.," writes a nurse, "when I bought the bottle of Kruschen Salts which I have just finished. I have taken a good half-teaspoonful in a glass of hot water every morning. Now I weigh 138 lbs., a loss of 7 lbs. I am very glad to have lost weight, especially without trouble." — M.H.B. (Trained Nurse).

Unlike most salts, Kruschen isn't simply a laxative. When you take Kruschen Salts you not only stimulate your liver and kidneys to function naturally and perfectly, but supply every internal organ, gland, nerve, and fibre in the body with Nature's own revitalising and rejuvenating minerals.

Get a bottle of Kruschen Salts to-day, and take one-half a teaspoon in a glass of hot water every morning before breakfast.

Before the bottle is empty you'll feel years younger — eyes will brighten — step grow sprightlier — nerves steadier — you'll sleep sound, enjoy your meals, and after a hard day's work you'll be ready for wholesome recreation — one million women already know all this.

BOXER PLEADS GUILTY TO PURSE SNATCHING

ST. THOMAS, Aug. 29 — David "Dick" Dale, amateur boxer and Kenneth Williams, both of Aylmer, pleaded guilty in police court Friday to a charge of robbery and assault. Their arrest followed a purse snatching episode in this city on Wednesday night. Ray Boyd and Ray Scriber, also of Alymer, were charged as accessories after the fact, and were remanded to jail for one week for sentence. Dale and Williams leaped from a car and snatched a purse from Mrs. Frank Axford, knocking her to the ground, and also grabbing for a pure held by Mrs. Peter Blair.

CULBERTSON on CONTRACT

GIVE YOUR PARTNER HIS FULL RAISE

One principle of the Forcing System is Approach bidding. Where your partner has opened with some particular suit and you have another suit (or suits) which he ought to know about in the building up of the bid, you will show him that suit next. By means of the Approach method, the maximum degree of information is exchanged between partners. The final bid arrived at (if the bidding is accurate) will thus be that declaration which best suits the combined hands.

But in cases where you can support your partner's major suit, the Approach method—the step-by-step advance towards the final declaration — is obviously not called for. In such a case as this, you must tell your partner, as simply and as shortly as possible, how much support you can give him. For this there are three excellent reasons.

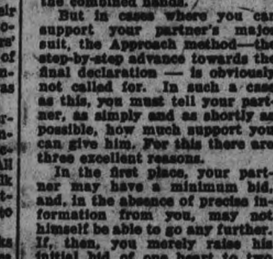
In the first place, your partner may have a minimum bid, and, in the absence of precise information from you, may not himself be able to go any further. If, then, you merely raise his initial bid of one heart to two hearts, when you have the material to bid three or more, a possible game may easily "go West." I cannot say how often I have seen this happen. The initial Declarer shows his heart suit; his partner bids two hearts to show that the suggested suit is favorable from his point of view, but fails to indicate how much support he can give. The bidding just peters out through this fatal lack of precision.

In the second place, by giving the full Raise at once, you give valuable negative, as well as positive, information. You not only show that your hand (with the selected suit as trumps) is worth so much, but you also show it is not worth any more. Your partner then knows exactly where he stands. Any commitments, further than those entered into by you, he must undertake on his own responsibility.

Finally, the principle of the maximum Raise will often enable you to shut out your adversaries by what is, in fact, a Preemptive bid. You raise the contract, at one stroke, to a point at which neither adversary can interfere with you, although their combined hands may be very powerful.

Here is a good example of a hand which exactly illustrates this last point:

Both sides vulnerable:



With both sides vulnerable and no score, South dealt and bid one heart; West passed; North, not appreciating the importance of giving all Raises at once, bid two hearts. East overcalled with two spades, South went to three hearts and West bid four spades. North now bid five hearts, but it was too late. North and South were beyond their depth. They had to lose one spade, one diamond and one club.

North, with 6½ supporting-tricks, should have immediately raised the heart contract to game. It is highly improbable that East, holding only 1½ honor-tricks and vulnerable, would have ventured to four spades, and the opponents, unable to learn the perfect fit of their hands, would have seen a game and rubber slipping from their grasp. North, with 6½ supporting-tricks, should not bid five hearts, as to do so might jeopardise the game. The optional Raise should be held in reserve, to be used only in case partner rebids or opponents overcall, and North decides that the chance of making five is greater than exacting a small penalty.

TODAY'S POINTER

Example of the "Bust" Two Notrump

Opening Hand	Resp'd'g Hand
♠ A K J 5 3	♠ 6 4
♡ A K Q 4	♡ 10 6 5 2
◇ A 10 9	◇ 8 7 5 4
♣ 4	♣ 9 6 2

The Bidding:

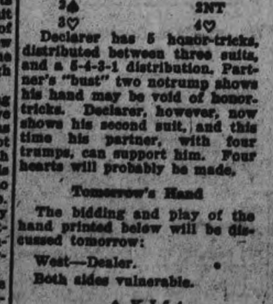
Opening Hand	Resp'd'g Hand
2♠	2NT
3♡	4♡

Declarer has 5 honor-tricks, distributed between three suits, and a 5-4-3-1 distribution. Partner's "bust" two notrump shows his hand may be void of honor-tricks. Declarer, however, now shows his second suit, and this time his partner, with four trumps, can support him. Four hearts will probably be made.

Tomorrow's Hand

The bidding and play of the hand printed below will be discussed tomorrow:

West—Dealer.
Both sides vulnerable.



Study the hand, decide how you would bid it and then compare the results with those shown in tomorrow's article.

WHEN THE MOON SHUTS OUT SUN

Time of Eclipse Short Because of Cosmic Speeds.

IS AWE INSPIRING.

WASHINGTON, Aug. 29—One of the most frequent questions asked is: "What causes the eclipse?"

Almost Circular

You all know that the moon revolves around the earth in its own path, called its orbit. This orbit is almost circular and the plane of this orbit passes very close to the sun.

The moon has no light of its own. What we see on earth is the reflection of the sun's brilliant light from the face of the moon as a light is reflected from a mirror.

The moon is over 2,000 miles in diameter and of course, no light can pass through, therefore the side of the moon away from the sun is completely dark, and the shadow of the moon like an enormous cone with the moon as its base sweeps through space as the moon travels along its orbit.

The earth is about 8,000 miles in diameter, and it does exactly the same as the moon. The side of the earth toward the sun is brilliantly illuminated and heated by the warmth of the sun which gives life to all living things on earth. The side away from the sun is dark. We say it is night time there. The shadow of the earth is another enormous cone of darkness sweeping through space as we travel along our orbit.

Tremendous Speed

As these two bodies speed through space with such tremendous velocity occasionally one of them gets in the shadow of the other.

This can happen only when the sun, moon and earth are in a straight line.

Whichever is in the middle, blocks the sunlight from the other. If the moon is in the middle, it blocks the sunlight from the earth and we say there is a solar eclipse. But if the earth is in the middle, we block the sunlight from the moon and we say there is a lunar eclipse.

You all know that the moon travels around the earth once in 28 days. Its distance from the earth is 238,000 miles.

The necessary speed to make the trip far exceeds any traffic on earth, averaging about 1,112 miles per hour.

1,000 Miles Per Hour

The earth is spinning at the rate of 1,000 miles per hour so that you can see that a new section of the earth's surface is being continuously brought within the shadow of the moon's cone during the period of the eclipse. The earth is also travelling around its own orbit around the sun.

The resultant of all these motions is to make the time of the total eclipse at any point very short.

The relative motion causes one of the most awe-inspiring manifestations of the total eclipse. Darkness sweeps across the countryside with lightning speed. You are suddenly plunged into darkness. All living things seem to hold their breath; and over all there spreads a deathlike silence which is uncanny.

Almost immediately the wonderful spectacle is over, the swiftly moving bodies—moon and earth—get out of line with the sun. The sun again appears as a thin crescent, rapidly grows, and the eclipse is a matter of history.

Miss Isabel Faux who was successful in passing all her examinations in Campbellford High School will be a candidate for the Normal School in Peterborough in September.

Mr. and Mrs. Ben Fife and children of Toronto are holidaying at the home of his father, Mr. Fred Fife, Sr.

Miss Teresa Fitzgerald is visiting her sister, Mrs. Thomas Cavanagh of Kingston.

Mr. and Mrs. Frank Kennedy and daughter Zita and Mr. Frank O'Connor of Douro were Sunday guests of Mr. and Mrs. Dave Garvey.

The Sixth Line girls softball team have engaged a cottage at Chemong for a week, each girl invited a friend to accompany her, the guests from here being Miss Helen Armstrong, Miss Isabel Faux and Miss Kathleen Elmhirst.

Mr. William Fitzgerald of Peterborough is a visitor at the Fitzgerald home.

Marmora

Lightning destroyed an old barn on the property of William Aunger at Blairton about 1 p.m. on Saturday, causing the loss of some hay and a roadster stored therein.

News was received by relatives here on Saturday of the death in Sidney Township of Mrs. William Nobes and also of a paralytic seizure occurring to Mrs. Thomas Rowan of the same township, the latter being a sister-in-law of the former.

Rev. A. B. Caldwell held a celebration of Holy Communion at Bannockburn Anglican Church on Sunday morning.

Mr. and Mrs. E. Yeomans, of Havelock, and Mr. and Mrs. Frank Sopha, of Timmins, visited Mr. and Mrs. Abe Smith on Thursday.

Masters Harry and Gerald Harris spent the week-end with relatives at Trenton.

Mr. E. C. N. Humphreys of Trinity College, Toronto, who has been in charge of the Anglican Mission of Bannockburn this summer, officiated at St. Paul's on Sunday morning. Members of the 1st Marmora Troop and of a Campbellford Troop of Boy Scouts were in attendance. Mr. Humphreys delivered an excellent sermon on "Follow Me and I will make you," Mark 1, 17.

Mr. and Mrs. W. Forsyth, of Havelock, visited Mr. and Mrs. T. Gray on Sunday.

Mr. and Mrs. McCutcheon and daughter, of Stirling, visited Mrs. McCutcheon's sister, Mrs. W. R. Linn, on Sunday.

No More Piles

How to End Painful Piles Without Salves or Cutting.

It takes only one bottle of Dr. J. S. Leonhardt's prescription — HEMROID, to prove how easy it is to end itching, bleeding, or protruding piles. This internal remedy acts quickly even in old, stubborn cases. HEMROID succeeds because it heals and restores the affected parts and drives out the thick impure blood in the lower bowel—the cause of piles. Only an internal medicine can do this, that's why salves and suppositories fail. Mathewson & Jury and Bond's Drug Store and druggists everywhere sell HEM-ROID Tablets with guarantee of money back if they do not end all Pile misery.

BOY AGED THREE FOUND STARVING

Couple, Summoned to Court, Should Be Publicly Whipped, Judge States.

VICTIM MAY LIVE.

GALLIPOLIS, O., Aug. 29.—A man and woman whom a probate judge said should be publicly horse-whipped were summoned to appear in court to-day to explain the pitiful condition of a three-year-old boy found speechless, half-starved, and naked, in a dark, dinghy room of their house.

The boy, Loren Hochter, was taken from the couple, Mr. and Mrs. Sylvester Hochter, of Addison, near here, Saturday night, and was placed under treatment in the Gallia County Children's Home.

Loren, described by officials as not having had a bath for over a year, had wasted away to the weight of a year-old. With proper nourishment and care it was considered likely he would live and probably recover his speech.

The boy, Mrs. Hochter said, was the illegitimate child of her husband and was placed in the upstairs room "to keep him out of trouble." He was discovered there in an old wooden bed after other children in the house told neighbors they had a new baby at their home.

Telephones To Liner 1,000 Miles At Sea

LIVERPOOL, Eng., Aug. 29 (A.P.) —As a feature of the Post Office Telephone and Telegraph Exhibition here, H. Graham White, Assistant-Postmaster General talked by telephone to-day with Captain Latta, Master of the liner Empress of Britain, 1,000 miles at sea.

Mr. White asked the captain if he had seen anything of any trans-Atlantic fliers. The captain said the clouds were too low for good visibility, and he had seen no fliers. (Clyde Lee and John Bochkon are missing on a flight from Newfoundland to Norway).)

GARAGE CHARRED

Apeared to Be "Canned Heat" Drinking Place

Bearing every indication that it had been used as the hang-out for "canned heat" addicts, a garage at the rear of property situated at 190 Brock street was badly charred by a midnight fire on Saturday.

A prompt turnout by the City fire department and the efficient use of a water line and chemicals confined the outbreak to the place of origin and prevented the spread of fire to adjoining garages. Buried under the mass of charred debris was found a quantity of empty tins which had contained "canned heat". In all probability there were from three to four dozen tins in the garage. The building had been unoccupied by cars recently.

SCHOOL TEACHER RECEIVES HONOR

Gathering Held at Connelly's School in Honor of Earl A. Fairman.

(By Examiner Staff Correspondent)

CAMPBELLFORD, Aug. 29. — Honouring Earl A. Fairman, who for the past four years has been the teacher at Connelly's school Seymour township, the school house was filled to capacity on Friday evening when pupils and parents gathered to bid their teacher and friend farewell and wish him every success in his new field of endeavour. He has accepted the vice-principalship of a school in Northern Ontario.

As a token of appreciation a beautiful leather club bag was presented to Mr. Fairman by Malcolm McCullough, an address being read by Ralph Rutherford in which he eulogized their departing teacher, who had been during the past four years, not only a teacher but a friend and example of the highest type to the pupils.

Mr. Fairman briefly replied to the gift of remembrance, thanking them for it and stressing the different ways in which his past four years in the community, the co-operation of the trustees and the willing assistance of the pupils. He also wished Mr. H. Maycock, his successor, every success in his new field of labor.

The evening was featured by a splendid program over which Howard Clark presided. The numbers consisted of "The Maple Leaf"; solo, Everett Maycock; reading, Ruby Dunham; duet, Messrs Everett and Theodore Maycock; community singing. Ice cream and cake was served at the conclusion of the evening.

Obituary

MRS. DAVID GREEN.

KEENE, August 29 (Examiner Correspondence). — Mrs. David Green passed away at her home at Vallier's Corners late on Saturday evening after a lingering illness. She leaves to mourn the loss, her husband, two sons James and William, and one daughter, Mrs. Jack Maddams of Otonabee, one brother James Dickson, and one sister, Mrs. Alfred Darris.

The funeral takes place this afternoon at 2 p.m. (standard time), from her residence to Fife's Cemetery, Rev. J. D. McKeeley of Keene will officiate.

PATRICK L. FITZPATRICK

By the death of Patrick L. Fitzpatrick of Douro, Peterborough County lost one of its most outstanding pioneer citizens. He was born in Asphodel almost ninety years ago, but for more than three years had lived at his late residence near the village of Warsaw. He was a son of the late Mr. and Mrs. Phillip Fitzpatrick.

He was a man of most happy disposition, and a great favorite with young and old throughout the entire neighborhood. While he never assumed office, he was always deeply interested in public affairs. He was a faithful adherent of St. Joseph's church, Douro, and a member of St. Joseph's Holy Name Society.

He leaves to mourn his sad demise, his wife, and a number of brothers and sisters.

The funeral will leave his late residence, lot twelve, concession one, adjoining the village of Warsaw, on Tuesday morning at 8.30 o'clock (standard time) and proceed to St. Joseph's church where the funeral mass will be sung, after which interment will be made in St. Joseph's cemetery.

Trent River

Recent guests at the Sedgwick House were Mr. Charlie Adams and Mr. Smith, of Toronto.

Mrs. Isaac Merson, of Rochester, N.Y., is a visitor with her sister, Mrs. T. F. Ward.

Mr. and Mrs. Ampleford, of Toronto, have been guests with Mr. and Mrs. Garrat.

Mr. Everett Finlay, of Norwood, is camping on the Sedgwick grounds

Mrs. Everett Finlay and Miss Yvonne are visiting friends in New York.

Mr. and Mrs. James Cousins and daughty, Patty Lou, of Detroit, Mich., are guests with Mrs. Cousins' parents, Mr. and Mrs. Hendren, at Norwood, also sister, Mrs. Thos. J. Brown and family.

Mr. and Mrs. W. H. Farrow and son, of Brighton, were recent visitors at the home of the latter's parents, Mr. and Mrs. V. Chaplin.

Miss Rena Chaplin is holidaying with her sister, Mrs. W. H. Farrow, at Brighton.

Mr. E. S. Lamb, of Toronto, guest at "Cook Cottage Maple Inn," caught a 4-pound black bass under the big bridge.

Mr. T. F. Ward has returned home after a few weeks spent in Niagara Falls, Ont.

Mrs. Clifford Howse and Miss Reta Carnrite have left for Toronto from "Tip-Toe Inn."

Mrs. George Smith and son Jackie have returned to Toronto from "Kare Free."

Miss Grace Lewis has returned to Orillia after holidaying for two weeks with her grandparents, Mr. and Mrs. Herbert Rose, at "Ye Olde Mill."

Mr. W. G. Hutchings of "Lucky Strike Lodge" was successful in catching an 8-pound lunge.

Mr. and Mrs. L. Nottingham and son, Mrs. W. Park of Toronto, Mrs. Dunbar and two children of Niagara Falls, N.Y., Mr. J. Gibby of Rochester, N.Y., are registered guests at "Riverside" cottages.

Latvia is guaranteeing its butter exporters 20 cents a pound.

CAMPBELLFORD

BRIEF AND INTERESTING NEWS ITEMS FROM THE TRENT TOWN.

Mrs. H. Coxwell and the Misses Mona and Amy Coxwell of Toronto were the week-end guests of their son and brother, Mr. H. Coxwell and Mrs. Coxwell, Canrobert Street.

Mr. and Mrs. R. C. Ramsden are taking in the Toronto Exhibition for a few days.

Mr. S. A. Maguire and son Carl were visitors Friday to Pres'quile, the guests of Mrs. W. H. Ashton.

Major J. M. Bygott is a week-end visitor to Cobourg.

Miss Connie Cunningham leaves this week to take charge of her school at Rhode Island.

Mr. Fred Smart and Mr. Ed. Tickner, both of Toronto, spent the week-end the guests of Mr. Franklin Linton.

Mr. and Mrs. F. N. Brown were visitors to Toronto and Brantford the latter part of last week.

Miss Mary Yeoman, R.N., of Montreal, was the guest of Mrs. E. Vermelyea over the week-end.

Mr. and Mrs. A. G. Thompson and family are visitors to Toronto this week.

Mrs. John Glassford has returned home from visiting relatives and friends in Smith's Falls and Toronto.

Mrs. John Gay and son Jim have returned from visiting in Windsor.

Dairy Notes

CAMPBELLFORD, Aug. 29 (By Examiner Staff Correspondent). — The following number of boxes of cheese were graded at the Campbellford grading station on Friday, per factories: Victoria 18, Spring Valley 31, Burnley 30, Warkworth 34, Woodlands 28, L.K.L. 36, Rossneath 51, Brickley 21, Beaver 35, Menie 40, Trent Bridge Bridge 48, Seymour West 22, Prince of Wales 42, Brae 31, Empire 57, Kimberley 47, Crow Bay 37, Stanwood 42, Morganston 207, New Model 20, Norham 30, Trent Valley 94—making a total of 915 boxes. For the same period last year only 696 boxes of cheese were graded.

The highest score this week went to Warkworth and Brae factories, who had a total of 94 points each. Second place was won by Menie with 93.5 points.

An increase in the production of cheese is noted throughout the Central Ontario section. To date, there has been 6,000 more boxes of cheese graded this year than for the same period last year, with an increase in quality of one and a half per cent.

Friday's grading at the Campbellford station registered 87,000 pounds of cheese in all.

It is reported that cheese in this section of the Province for the past week has been the best quality for the past ten years.

At the next factory meeting of the Campbellford Cheesemakers' Association to be held at Trent Bridge factory on September 6, it is expected that speakers will include F. Lancaster, M.P.P.; W. A. Fraser, M.P.; and F. W. McArthur, M.P.P.

CANADIAN DEPARTMENT STORES LIMITED

Sugar Bowl Falls Before Oshawa Dodgers 11-4

OSHAWA HURLER HOLDS BOWLMEN TO SIX SINGLES

While Dodgers Hit "Lefty" Sturgeon Hard for Fifteen Safe Bingles.

SEVERAL COSTLY ERRORS.

Dormer, Calladine, Weese and Miller Play Good Game in Field.

The good ship Sugar Bowl hit a snag Saturday in the shape of the Oshawa Dodgers who turned them back, 11 to 4, before more than a thousand fans at Central. It was the first game of their O.A.S.A. series, the second taking place tonight in Oshawa.

The visiting team proved to be a strong well-balanced outfit, playing classy ball behind superb hurling by Whitley. The husky right-hander had a world of speed, holding the Bowlmen to six singles while he fanned eight. He kept the hits scattered one to an inning till the eighth when the homesters got three.

The Dodgers on the other hand hit Sturgeon hard from the start and this, coupled with his wildness and several costly errors by others on the team, gave the visitors an early lead and they were never headed. They got three runs in the first, one in the second, one each in the fifth and sixth, four in the eighth and another one in the ninth inning. Simmons replaced Sturgeon with two out in the eighth, and allowed two hits and one run in the last frame.

Bowlers Score.

Miller's walk, an error and Bill Calladine's single in the third gave the Dormer team one marker. They got their other three in the eighth on hits by Playford, Miller and Bill Calladine, with three errors, a stolen base and a wild pitch. The last three men fanned.

For the Bowlrites, Dormer, Bill Calladine, Weese and Miller all went well in the field, Miller having a great running catch in the fifth. Trott, in right field for the Motor City nine, looked good on several tough ones, though the whole team played well defensively. At that, both sides committed some bad misplays.

Poor Showing at Bat.

W. Calladine and Playford had two hits apiece, Miller and Pat Calladine getting the others. D. Cornish had a perfect day at bat for Oshawa with five hits, including a double and triple. Hurst had a double and three singles in five times, while Rowden and Haley got two clouts apiece.

PONIES BEATEN IN QUEEN CITY

West Toronto Champions Capture First Play-off Game 9 to 8.

STAGE BELATED RALLY.

TORONTO, Aug. 29.—New Toronto defeated Kingston Ponies, 9 to 8, on Saturday at Ulster Stadium before some 1,500 enthusiastic fans, in the first of home-and-home games in the initial round of the O.B.A.A. playdowns. The return game will be played next Wednesday in Kingston at 8 o'clock.

Trailing the Central Ontario League champion, 8 to 0, until the last of the fifth, and to all appearances completely out of the contention, the West Toronto loop representatives launched a mightly offense to net them five runs.

Locals Tie Score

They continued to press the issue in the sixth, and garnered two more runs, and finally were successful in the eighth inning in tying the score when Adams singled to right with two down, taking second on a wild pitch, and later tallying the equaliser when Plummer rose to the occasion with a slashing double. Bill Holdenby's timely single in the last of the ninth with two away, sending in Terry, who had previously poled a mammoth triple, gave the Lake Shore squad a well-deserved victory.

"Dusty" Rowe, who took over the hurling end from Jepson in the fifth, turned in a commendable effort; the visitors obtaining but three hits off him during the balance of the game.

Smith, the starting pitcher for the Ponies, went well for the first four innings, but wavered in the fifth, and finally was forced to retire in the sixth under a withering attack of base hits.

Plummer Leads Hitters

Plummer claimed the batting honors of the afternoon, contributing a pair of timely doubles and a single, while Terry was a constant threat with a triple and a double to drive in three of the Suburbanites' runs. Compeau packed a mighty stick for the Limestone City aggregation with three singles, while Vince was in the limelight with a circuit smash and a double. Terry, Adams and Bill Holdenby played sparkling ball for the Queen City representatives. Tetro and Elliott were conspicuous for the vanquished. Arnell, in left field for Ponies, supplied the fielding highlight when he gathered in "Sting" Holdenby's high hoist in the seventh after a long run.

Omemee Girls Nine Beats Brintons 19-3

Omemee's snappy aggregation of girls paid their first visit of the season to the East City Bowl on Saturday afternoon when they hooked up with the Brinton Carpet team in an exhibition softball tussle and practically smothered the locals under a parade of hits to win 19 to 3.

The visitors took to the Brinton pitching with a vengeance and shoved thirteen counters over the plate in their first time to bat to practically salt away the decision, and from then on they were never seriously threatened as the Carpet-makers failed to hit with any degree of consistency. Freda MacDonald twirled for the winners, dishing up a winning brand of ball, while her teammate, Evelyn Bigelow, behind the bat, showed a catching style that equalled any performance by the best catchers in the local league. M. Snowden pitched the whole game for the losers, and although she pitched steady ball, she was hit freely.

The teams:

Omemee—V. Hart, lf; F. MacDonald, p, cf; L. Middleton, cf; B. Jones, cf, p; E. Bigelow, c; D. Shearin, ss; H. Mackay, 1b; M. Werry, 3b; E. Pogue, 2b; P. Bigelow, rf.

YESTERDAY'S STARS

Babe Ruth, Yankees—Pounded White Sox pitching for 3S and 39th homers and two singles in doubleheader, driving in five runs.

Paul Derringer and Dizzy Dean, Cardinals—Pitched champions to double victory over Dodgers.

Chick Hafey, Reds — His eighth inning single drove in winning run against Phillies.

Hazen Cuyler, Cubs — Drove in four of Cubs five runs, including winning marker, against Giants.

Jonathan Stone, Tigers— His double and three singles accounted for six runs against Senators.

Willie Kamm, Indians and Benny Tate, Red Sox— Former helped win opener with four hits; latter's homer in 11th decided second battle.

Outhit 17 To 6

Kiwanis Bantams Defeat McMurrichs 11-7

LOCALS SCORE WINNING RUNS IN LAST FRAMES

"Tip" Anderson Holds Visitors to Eight Hits and Strikes Out Twelve.

SEE-SAW BATTLE.

Dunkley Leads Kiwanis' Batsmen With a Double and Two Singles.

Kiwanis Bantams won the first game in the O.B.A.A. playdowns Saturday afternoon in Stevenson Park, finishing stronger to defeat the Toronto McMurrichs before about five hundred fans. It was a close see-saw battle till toward the end, when the local boys showed more punch to pull out in front. Each team had the lead for awhile, and twice they were tied, making it an exciting ball game to watch.

"Tip" Anderson threw nice ball for the locals, holding the Toronto champs to eight hits as he struck out twelve. Outside of the second and fourth frames, he was never in serious trouble, receiving good backing from his teammates. Barker, the McMurrich twirler, fanned fourteen, but allowed nine hits and was somewhat wild. His team was unaccustomed to a grass diamond and kicked in with eight errors.

Kiwanis Open Scoring.

Kiwanis scored twice in the first on two walks, fielder's choice, passed ball and two errors. It was tied in the second on three hits, sacrifice and two pilfered sacks. Toronto got three in the fourth on a walk, hit batsman, sacrifice, passed ball, error and hit. But the home kids tied it up in their half on a hit batsman, three bungles and hits by A. Clark and Dunkley. Toronto got one in the fifth on a single, wild pitch and double, but Kiwanis came back with one more in their half on a fielder's choice, two stolen bases by Thorburn, and a double by Dunkley.

They took the lead in the next with two counters on hits by Anderson and Thornburn, two errors and a passed ball. Toronto got one in the seventh, two bad boots and a sacrifice doing the trick, but again Kiwanis retorted with two on singles by Dunkley and Todd, and a two-bagger by G. Clark. They got their last in the eighth on a fielders' choice, error, passed ball and hit by Thorburn.

Dunkley Leads Batters.

Dunkley with a double and two singles in five trips led the winners at bat, Thorburn being next with two singles. G. Clark knocked a double. Hickey got three safeties for McMurrichs, while Perigoe had a single and a double.

McMurrichs:	AB	R	H	PO	A	E

HOMER IN NINTH WINS FOR ORONO

Corden's Circuit Sends Three Runs Across to Defeat Ballieboro 8-6.

PORT HOPE, August 29. — A home run with two out and two on in the ninth inning by Bill Corden, Orono firstbaseman, which sent three runs across the plate and gave Orono a one-run advantage, was the climax of the O.B.A.A. intermediate sudden-death play-off game between Orono and Ballieboro here on Saturday afternoon. Moore, the man following Corden, also hit for the circuit to give Orono a two-run lead, and while Ballieboro had men on second and third base in their half the side was retired without a score. The score:

Orono ..... 001100015—8 5 0
Ballieboro ..... 000000000—6 2 7

Batteries — Osborne and Bowman and McGill; Deyell and Woods.

CRICKET NOTES.

(Contributed)

Will all players kindly note that the cricket practices will be held this week on Tuesday and Thursday evenings instead of usual days. Also note that these will most probably be the final training for the season. Please be early and all attend in preparation for Oshawa game on Saturday and Toronto C. C. on Labor Day. We want several prompt volunteers with cars for transportation on those two days. Please inform treasurer Stuart or secretary Davis, phones 1967w and 1977W.

Free State Soccer Tax

The Free State government have decided to impose the entertainment tax on soccer and rugby, but it has been lifted on Gaelic games. This means that many of the senior teams will find it difficult to carry on.

Cork Bohemians' New Ground

Cork Bohemians, the new Free State league club, will play on the Cork Greyhound Racing ground. This enclosure can accommodate 25,000 spectators, and there are two covered stands capable of holding 4,000 people. The Munster club intend to erect a new pavilion.

There are three clubs from the province in senior football; viz., Cork, Cork Bohemians and Waterford.

One Game Lead

BEARS SPLIT DOUBLE WITH BUFFALO CLUB

Toronto Hurler Turns in Great Pitching Effort to Subdue Albany 8-1.

LEAFS WIN SECOND 5-4.

Baltimore Takes Double Victories, 7-1 and 5-0 From Rochester.

(By the Associated Press.)

It is hard to find anything like a crucial series when one team is 13 games ahead of its nearest rival, but the current battle with Buffalo looks like one of the toughest engagements the Newark Bears, International League leaders, will run into for some time.

The third place Bisons started right out to make trouble as soon as they ran into the Bears for their final series of the campaign yesterday and Newark had quite a task to get out with an even break despite the big margin they had in previous meetings with the herd this season.

The first thing Buffalo did was to hammer Don Brennan all around the lot and ruin his 11-game winning streak with an 8 to 2 setback. Brennan went the route, but he was nicked for 11 hits and Buck Crouse was the only Bison who failed to get a hit. Bill Gould, meanwhile, set the League leaders down with five safe blows.

In the second battle only the high-powered hitting of Jesse Hill saved the Bears from more trouble as Fred Russell hurled a seven hit game. Hill clouted two homers and a double and batted in one run and scored one besides his circuit drives.

The Bisons gained some honor through their split with Newark, but they lost more ground to Baltimore in the race for second place. The Orioles, who appear to have Rochester's number most of the year, took two games, 7 to 1 and 5 to 0, clinched the season's series with the Red Birds and increased their margin over Buffalo to two games.

Sugar Cain and Harry Smythe gave the Orioles some fine hurling, the latter turning in a two-hit game and facing only 22 men in seven innings. Jim Winford pitched no hit ball for five innings against Cain, then skyrocketed, giving seven runs in the sixth.

Royals Break Tie.

Montreal broke its fourth place tie with the Red Wings by taking both ends of its twin bill from Albany in a pair of neat mound battles. The Royals were held to six hits in each clash, but won 3 to 1 and 2 to 0 behind Led Mangum and Gowell Claset. Three runs off Al Shealy in the third inning won the opener while Claset, who gave only three singles in winning his 19th game, drove in his own winning run in the fourth.

Jersey City and Toronto had the usual open date.

COTTESLOE OUTFIT WINS FROM WILDMAN'S

NORWOOD, Aug. 29. (Examiner Correspondence). — Cottesloe and Wildman's boys' softball teams played an exhibition game of softball on Saturday evening in the Norwood Fair Grounds. The game resulted in a score of 10-12 in favour of Cottesloe.

The line-up was as follows:

Cottesloe — Parker, Woodbeck, Golloher, Forsythe, McDonald, Hubble, Forsythe, Elliott, Elliott.

Wildman's — Humphries, Burns, Baptie, Baptie, Buck, Stevenson, Humphries, Blackburn, Stevenson.

Baseball Tourney For Brennan Trophy

HAVELOCK, Aug. 29. (Examiner Correspondence). — A baseball tournament and garden party for a cup donated by Douglas Brennan, star defence player with the New York hockey club, will be held in the Agricultural Grounds, at Norwood on Thursday evening, September 1st. Refreshments will be sold at a booth on the grounds, hot dogs, sandwiches and coffee, as well as ice cream and pop. In the evening an "at home" will be held in the Armories when George Wade and his Cornhuskers will furnish music for round and square dancing.

Epsom, England, has reverted from the automatic to the manual telephone system to cut costs.

YANKEES NEED 18 MORE GAMES TO WIN PENNANT

While Chicago Needs 22 to Assure Themselves of National Loop Flag.

CUBS BEAT GIANTS 5-4.

Yanks Maintain 10½ Game Lead by Splitting Double With White Sox.

(By Herbert W. Barker, A.P. Sports Writer.)

If you're interested in mathematical possibilities, the New York Yankees can clinch the American League flag with 18 more victories while the Chicago Cubs need 22 to assure themselves of the National League pennant.

Here's how the leaders in each circuit stood to-day:—

American League

Club.	Won.	Lost.	To Play.
Yankees	88	36	28
Athletics	78	49	27
Senators	71	54	29

National League

Cubs	73	51	30
Pirates	66	60	28
Dodgers	67	62	25

Thus the Yankees, by winning 18 of their remaining games, can clinch the pennant regardless of what Philadelphia accomplishes. Washington is in an even more dangerous position for the Senators automatically will be eliminated as soon as the Yankees win 13 games.

In the National League, Pittsburgh could win all of its remaining games and still finish no better than second if the Cubs can take 22 decisions. Brooklyn will be eliminated as soon as the Cubs win 20 games. It might be remembered too, that each time their closest rivals are beaten the Cubs and Yankees will need one less victory to clinch.

Cubs Defeat Giants 5—4

The Cubs continued their mad dash through the older circuit yesterday, nosing out the New York Giants, 5—4, for their tenth successive triumph. Kiki Cuyler drove in four runs with a single, home run and long fly, the latter blow knocking home the winning marker in the ninth. Brooklyn's hopes took a sharp drop as the Dodgers lost two decisions to the St. Louis Cardinals, 4—1 and 6—4. Dizzy Dean won his third game in five days in the nightcap although he was relieved by Sylvester Johnson in the ninth.

Cincinnati and Philadelphia split two well-pitched games, the opener going to the Phillies, 2—1, and the second struggle to the Reds, 3—2.

Yanks Maintain Lead

The Yankees maintained their 10½ game lead in the American circuit by splitting two games with the Chicago White Sox. The Sox won the first game, 5—2, as Ted Lyons held the Yankees to five hits, but dropped the second, 11—5, when New York collected 15 hits. Babe Ruth hit a homer in each game to bring his season's total to 39.

Major League Leaders

(Including yesterday's games)

NATIONAL LEAGUE

Batting—O'Doul, Dodgers .364; Davis, Phillies .351.

Runs—Klein, Phillies 138; O'Doul Dodgers 104.

Hits—Klein, Phillies 193; O'Doul, Dodgers 181.

Runs batted in—Hurst, Phillies 124; Klein, Phillies 123.

ELECTRICS TIE WITH SMELTERS FOR 1-1 COUNT

Will Bolam Scores Two Goals of Game, One for C.G.E. and Other Accidental.

WEATHER HINDERS PLAY.

MARMORA, Aug. 29 (Examiner Correspondence).—Seldom in the history of football, does one player score the whole of the goals in a tie game, yet this was the experience of the C.G.E. left half when his team held the Smelters to a 1 to 1 tie on the latter's grounds on Saturday afternoon. Will Bolam not only cleverly scored for his team direct from a free kick fifteen minutes from the start of the game but in the second half sent the ball altogether accidentally into the same net when, in attempting to clear a high shot, he deflected the ball.

Due to a storm which broke earlier in the afternoon, the ground was somewhat slippery and occasionally was the cause of a fall when good work just needed the finish. Deloro kicked off and for the opening stakes exchanges were even. Then came the free kick and resultant goal. Cousins, a little later, was injured but continued playing.

Ben McMasters, leading his forwards in good combination, took a hot shot from close in, but O'Neill effected a smart save. Five minutes before half time arrived. Simmons and Smith replaced Stewart and Cuddy on the Deloro team, causing a rearrangement of the forward and half-back lines. With a few minutes to go, Burgess received injuries to his face and leg, but pluckily played on.

Half time came with the score: C.G.E. 1, Deloro 0.

Both teams maintained a fast pace on resuming play. Darling took a shot at goal which just glanced by the upright. Deloro carrying play to the other end were unfortunate when after receiving from good combination by Smith and Simmons, Brown fell in the act of testing Clark. While the homesters were still pressing came the goal which gave them their point. As if to make amends for this unintended concession, C.G.E. played just as strenuously as Deloro and O'Neill was kept busy for the while. Then Cousins initiated a rush which almost ended in a score.

Another rearrangement of the Deloro team seemed to serve to no advantage, since combination and tackling of both teams was of the best. Eventually Brooks, at close range, sent in a shot that under other circumstances would have counted but Robb was knocked over by it and the ball bounded back into play. C.G.E. attacked again and O'Neill cleverly fisted out two shots in quick succession. Robb received another slight injury before the final whistle went with the score reading: C.G.E. 1, Deloro 1.

In justice to both teams, it may be said that the game was one of the keenest that each team has participated in this year.

The teams::—

C.G.E.—S. Clark, goal; T. Mitchell and R. Clyde, backs; A. Burgess, W. Robb, W. Bolam, half backs; L. Anderson, F. Earle, B. McMaster, T. Tice, H. Darling, forwards.

Linesman.—G. Bolton.

Deloro.—J. O'Neil, goal. T. Cousins, J. Hart, backs; N. Hipson, E. Bradley, J. Sproul, half backs; W. Cuddy, G. Brooks, R. Murray, W. Brown, G. Stewart, forwards. W. Simmons, R. Smith, reserves.

Linesman.—J. Hart, Sr.

Referee.—J. Clark, Peterborough.

PORT HOPE AND PACKERS DIVIDE LEAGUE POINTS

Gordon Cup Holders Twice in Lead—Packers Gain Equalizer Before Finish.

TWO GOALS APIECE.

Port Hope took one valuable point from the soccer league leaders, Canada Packers, on Saturday afternoon, in Port Hope, when they decided upon a 2-all decision. The game didn't start until six o'clock, owing to a baseball game being pushed ahead of them. This drew cuts the Packers only one point ahead of the Canadian General in the league, with the latter having played an extra game. George Downer and Lorne Melrose, Packers' goalie, were the outstanding players.

Packers Faced Wind and Sun

Aided with a strong wind that was blowing down the field, the Port Hope eleven pressed the visitors into their half. This brought out the stabilized qualities of Buchan and his wing halves in an endeavour to hold the attacking force out. While Hakin and Downer punted clear to offset the close passing formation of Port Hope front rank, in which the extreme wing men had the most work to do, to keep up the pressure, Jones at centre for Port Hope, causing the full backs of the visitors a great amount of anxiety. From a break away by Boon and Black on the left wing, they got the opening counter when Boon placed a perfect centre to his pivot man who headed past Melrose. Thereafter Curtis, Port Hope goalie had a busy session, frustrating the Packers' shots, Nicholls, at centre, making many attempts to get the equaliser but he was rewarded later when George Downer on an individual effort broke through to leave Nicholls in possession to get the even count, just before the interval. Port Hope 1, Canada Packers 1.

Exchanges Even

After the change over, the teams set a fast pace in an attempt to gain possession of the two points. Dave Green and Watson nullifying the Packers' long swinging passes that they tried to place to advantage. They replied with timely punts or checked at the logical moment as the visitors' forwards tested out the goalies' ability. Curtis' saving all ranged at him. Port Hope became more aggressive to go again back into the lead. Boon slipping the ball over to his centre. Jones giving Melrose no chance to stop the drive. This setback to the league leaders caused them to settle down to business. Buchan leading his men an example to shoot at first time, instead of trying to get into close quarters. Flag kicks aplenty fell in favour of the Packers to find Green and Watson, along with his half backs holding out the dangerous onslaught. Eventually the goal arrived when a corner kick proved successful for the Packers. At last, Newt. Downer connected after two other players had a try at goal but his shot was over the goal line before Curtis had saved the drive. Referee Bartley, standing close upon the post to make sure that it was over the line. Throughout the whole game, George Downer was the outstanding player with his deadly centres in goal, also his clever dribbling that was featured with beating his man repeatedly on any tackle. Both elevens seemed content to split the points and ended. Port Hope 2, Canada Packers 2.

Goal scorers: Port Hope, Jones (2); Packers, Nicholls and N. Downer.

Port Hope—W. Curtis, goal; D. Green and H. Watson, full backs; J. Cameron, C. Morrison and J. Shaw, halves; R. Ashley, W. Hutton, E. Jones, R. Black and E. Boon, forwards. Subs., New and Jarvis.

Canada Packers — L. Melrose, goal; E. Hakin and A. Downer, full backs; J. Mayette, J. Buchan and A. Bromley, halves; N. Downer, F. Dyer, F. Nicholls, T. Foster and G. Downer, forwards. Sub., A. Downer.

Referee—Ted. Bartley.

Lacrosse Play-Off Game This Evening

The first game of the O.A.L.A. semi-finals between the Peterborough Intermediates and the Toronto Oakwood Grads takes place at the Brock to-night at 8.30 o'clock. The return game will be played in the Maple Leaf Gardens, Toronto, goals to count on the home and home series. A record crowd is expected to take in the contest to-night, with both teams fighting hard to get a lead on the round.

They have both strengthened considerably later, the Petes adding Scriver and Jack, two of the best lacrossers in the district. While the locals are in intermediate company, they have several players of senior calibre on their lineup and should give a good account of themselves against the husky Grads this evening.

These two teams, though both somewhat weaker then, hooked up in an exhibition tilt here early in the season, and the homesters licked them. Knowing the strength of their opposition this time, the Toronto team is sure to bring down a strong outfit, and make it a battle worth seeing. Many district fans, and some from Lindsay, will attend. Len Smith, of Toronto, will referee.

Scottish Stars For Gateshead?

The latest names to be associated with Gateshead are those of Peter Kavanagh, the Irish international outside left, who has a free transfer from Glasgow Celtic, and Summers, the Bradford City pivot, also a Scottish international. Either of these players would certainly please the Redheugh spectators.

PIRATES ARE OUTLUCKED IN JUNIOR BATTLE

Locals Put Up Great Game Despite Handicaps of Toronto Hard Diamond.

THREE HOME RUNS.

Ossie McCullough Makes Neat Play in Third—Infield Errors Costly.

Outlucked rather than outplayed. The Peterborough Pirates suffered a 9—5 setback before a large crowd of 2,000 or more fans than lined the banks at Willowvale Park in Toronto on Saturday afternoon. The game was the first round of O.B.-A.A. junior play-offs and the winners, Toronto McCormicks, representatives of the Queen City Playground association, will meet the locals in the return game on next Saturday afternoon.

The game was a sparkling exhibition of the summer pastime, clever infield work, snappy base-running and lusty clouting adding much to the entertainment. Hetherington pitched a great game for the locals although allowing nine hits, some of which were not scattered. he pitched himself out of tight holes time after time, aided by the stellar support of his infield.

Three homers and two double plays on the part of the home team lent added zest to the battle; Cairns, Goodall and Frankel blasting out long drives far into the outer gardens, with Tadman, Thompson, Goodall and Jacobs acting as principals in the double shutout acts.

The Toronto crew led from the scoring three runs on the same number of bingles in the third; Goodall connected for a circuit clout to deep centre field, scoring Jacobs who was resting on third. Later Frankel duplicated his teammate's feat by homering along left field fence.

The Bucaneers scored their first run in the fourth when Padgett scored on Bert Bailey's single into right field. Both teams scored again in the fifth. The homesters added one to their total in the second half of the fourth, Cairns scoring on Goodall's single to right while the Petes got their second run in the 8th, Tranter scoring when Padgett forced McCullough out at second.

Pirates made the count 5—4 in the first half of the seventh, scoring two runs, Hetherington and McCullough scoring on Padgett's single into centre field. Macks added one more in the sixth, Jacobs counting when Cairns was thrown out by John Sweetman at second. The playground representatives clinched the victory in the 8th frame, scoring four runs on two hits, one of which was a homer.

Ossie McCullough made the cleverest play of the day in the third inning, with Jacobs resting in third, Cairns bounded to McCullough on first, who threw to Jimmy Sweetman at home holding the runner on third. Sweetman then relayed the ball back to first, to send Cairns back to the bench.

The Box Score

Pirates:	AB	R	H	PO	A	E

(BY C. J. P.)

Tonight, the lacrossers hold the spotlight here, with the Petes and the Oakwood Grads hooking up in the first game of their O.A.L.A. series at the Brock. They play the return game in Toronto, goals to count on the round. It's the Petes' first important game and they'll be in there battling hard for a lead. The team has been strengthened considerably and should cop this game, though the Grads have been going good lately. A big crowd will likely take in the tussle.

• • • • • •

The playoff ball games Saturday of local teams were good and bad. The two baseball games turned out quite satisfactorily, but the softballers took it on the chin in a bad way. The bantam game here was won by the local Kiwanis, 11 to 7, which is okay. While the Peterborough Pirates lost 9-5 to McCormick's in Toronto, that's all right. They should beat them here, and in the third game o n neutral ground. But Sugar Bowl lost here, 11-4, to Oshawa and they're playing the return game in Oshawa tonight, and the situation looks bad.

• • • • • •

Whitely, Dodgers' pitcher, breezed the ball in with lots of speed, holding the Dormer team to six hits. And the Oshawa hitters were connecting with the ball hard and often. They also field well, though no better than the locals. Still pitching and hitting are enough for most teams to win on, and neither Sturgeon nor Simmons is likely to hold them tonight on their own grounds. The team has several of their star hockey players on it, and they appear quite well-balanced.

• • • • • •

McCormicks didn't look so hot against the Pirates in Toronto, getting just two more hits and having one less error than the Deannard boys. Hetherington pitched for Pirates and went fair most of the way, with the rest of the outfit looking good for being on a strange diamond. They hit the two leading McCormick twirlers pretty steadily, and should pull out a win here in the return game. This will make a third contest necessary, and the Bucs have an even chance of winning that. They'll not likely run into stiffer opposition this season.

• • • • • •

The bantams drew a good crowd at Stevenson Park Saturday, and a tidy argument ensued. It was pretty even till the last two or three innings when the Kiwanis began hitting Barker and looking better. He fanned fourteen, while young "Tip" Anderson breezed the ball by twelve and allowed them just eight hits. He twirled very well, and had neat support both infield and outfield.

• • • • • •

Dunkley went right well with the willow, smacking out a double and two singles when they did the most good. G. Clark, with a double, and Thorburn with two singles, also helped a lot. A snap double-play of Starr to Thorburn and a fine catch by Wilkinson, Toronto shortstop, were fielding features. Herb Ralph's boys may win in two straight games, though outside teams never get an even break in the Queen City, and Toronto playoff umpires are notoriously prejudiced.

• • • • • •

New Toronto took a 9-8 win over Kingston Ponies in Toronto on Saturday in the first game of the senior playdowns, the second being held in the Limestone City on Wednesday. The Ponies have a better team and should win the next two without much trouble when they lost on a strange diamond and after a very strenuous week playing off with the Nats, by such a close score.

• • • • • •

You simply can't hold down a good man or a bad oyster, as the saying is, Orme Gamsby of Orono being the good man—at least, in baseball. His team came through with the third and deciding win over Bailieboro in Port Hope on Saturday, a homer in the ninth with two on giving the Ramblers the 8-6 victory. It was tough luck to Bailieboro, who have been going great guns and looked unbeatable this last while. Orono and the local C. G. E. team clash in the next O. B. A. A. round at the Peterborough Exhibition Grounds at six bells this Wednesday eve.

• • • • • •

Keene and Sixth Line, the two country girls' teams, meet tonight at 6.30 sharp over at the Bowl in the sudden-death game to settle second place in the standing for second half. Then, tomorrow night at the same time and place, Westclox and Keene meet in the first of their three-game series for the leadership of the first half. The finalists for the loop title may be known by the end of the week.

• • • • • •

One more men's team, and four girls' outfits—that is, if the girls want to get in on it—are wanted for that autumn indoor softball league. They should apply at once to Dave Leether or Fred Scates. If it's a men's league, they'll run a double-header twice a week at the Brock. If four gals' teams join up, then a mixed double-header will be run off twice a week. As the preachers say: "Speak now, or hold your peace for evermore!"

• • • • • •

A big Field Day is being held in Norwood on Labor Day, with baseball teams from Delore, Hastings, and Havelock competing for a cup offered by Doug Brennan; and a girls' softball game between Norwood and Havelock being held at 2.30 'at night.' George Wade is there for the hop at night.

• • • • • •

Dr. E. H. Wood gets a nice write-up in the Ottawa Journal on his arrival there to take up residence. As the Ottawa paper says: "The doctor will be a decided acquisition to Ottawa athletics, while it will be Peterborough's loss. He was connected with the Peterborough Hockey Club for thirteen years, and is interested in half a dozen other sports which he has played considerably." A gentleman, a worker, and a sportsman—that was the doc.

SCREEN ODDITIES by Captain Roscoe Fawcett

Diane Sinclair's mother died shortly after her daughter's birth and when Diane was two years old her father, a mining engineer, was killed in an accident. Since Diane had not known relatives, the people of the small town in South Africa where she was born banded together to care for her. These townspeople as a group formally assumed her guardianship.

• • • • • •

Vince Barnett, now appearing as a comedian on the screen, first attracted attention in Hollywood as a professional insulter. Persons desiring to provide unusual entertainment for their dinner parties would obtain his services. Disguised often as a waiter or other servant, Barnett would make uncomplimentary remarks and otherwise embarrass guests. When the discomfiture of the guests had provided sufficient merriment, the insulter's real identity would be disclosed.

• • • • • •

George Arliss is strict vegetarian. Severay years ago while travelling across cuontry during an unusually severe winter, he was so touched by the sight of cattle suffering from cold and hunger that he swore never to touch meat again.

• • • • • •

HOLLYWOOD LINGO

"Comedy relief" is a humorous situation supplied to relieve the tension of a dramatic film.

• • • • • •

False whiskers made of crepe hair are called "crepe beards."

• • • • • •

A "dead pan" applies principally to comedians and refers to an unsmiling, expressionless face.

Kawartha Club Wins On Saturday 4 To 1

The Kawartha Club tennis players, playing on the courts of the Peterborough Club Saturday, won 4 matches to 1. Mrs. Hammond of the latter club was the only winner, taking the ladies' singles from Miss M. Scott, 6—1 and 6—2. The men's singles was won by Mr. Stannard over J. Patte, 6—2 and 6—3. Mrs. Cruthers and Mrs. Fanjoy took the ladies' doubles, 11—9 and 7—5, in hard-fought sets from Mrs. Allin and Mrs. Harvey. The first doubles went to Messrs. Crowe and Sills over Mr. Rishor and Mr. Dearborn, 6—3 and 6—3; while Messrs. Fanjoy and Cruthers took the second doubles, 6—3 and 6—3, from B. Swartz and J. Mackenzie.

Hagen Is Entered American National

ST. PAUL, Minn., Aug. 29 (C.P.) —Walter Hagen, five times P.G.A. champion, has served notice he is on his game and will be a major threat in the National Professional Golfers' Association tournament, opening at Keller course here tomorrow.

The Haig reported yesterday, went to Interlachen at Minneapolis and there shot a brilliant 67, to tie the unofficial course record and shatter par of 73 by six strokes. Hagen went out in 32 and came back in 35. His total was one better than the 68 registered by Bobby Jones during the 1930 National Open at Interlachen.

While Hagen got in his practice in Minneapolis, several score other contestants for the 1932 P.G.A. crown paraded around Keller's rain-soaked course here and most of the 105 entrants planned their final workouts to-day.

AUSTRALIANS REGISTER VICTORY AT HOLLYWOOD

HOLLYWOOD, Cal., Aug. 29 (C.P.) — The famous Australian cricket team concluded its long run of matches in North America with another victory on Sunday, when they defeated Hollywood cricket club. The Hollywood side, batting 20 men, ran up 104 runs, while the Australians scored 183 runs for only two wickets. The Australians will sail for home Wednesday from San Francisco.

The home team included H. B. Warner, Desmond Roberts, Claude King and Murray Kinnell of the movies. Don Bradman started batting with Stan McCabe and they scored 70 runs in 35 minutes.

Roberts, a former English player, scored 66 runs batting for nearly an hour for Hollywood.

Local Horse Runs Second At Picton

PICTON, August 29. — Results of the final day's harness events held here are as follows:

2.34 Class.

Herman Grattan, H. Ingram, Lindsay	1	1	2
Marion Direct, E. Redmond, Peterborough	2	3	1
Todd Grattan, J. Sutherland, Peterborough	3	2	2
Lou Entricken, H. Dimont, Belleville	6	5	4
Phar Lap Grattan, R. Scott, Toronto	6	6	3

Time—2.16 , 2.19, 2.19.

Classified Race.

Parker Boy, H. Ingram, Lindsay	2	1	1
Marion R. Grattan, R. Scott, Toronto	1	2	3
Kane McKyle, L. G. Bennett, Port Hope	3	3	2
Black Mac, W. A. Fanning, Lindsay	4	4	4

Time—2.16, 2.16½, 2.14, 2.16.

New Zealand Leaves Los Angeles To-Day

LOS ANGELES, Aug. 29 (C.P.) — Olympic Village took its place among California's ghost towns today.

At noon the New Zealand team of the 10th Olympiad, one of the first to arrive, departs for the land down under—the last stragglers of that army of almost 2,000 athletes who, a few short weeks ago, breathed life into the city of champions.

Olympic Village will be a strange bedfellow with the others of California's deserted villages. Virile manhood of the world gathered here for glory of the games. Gold attracted the world to the others.

The 500 cottages which housed world champions and near champions are being sold.

Some are also being transported to Japan, as monuments to the Nipponese stars; others will go to Denmark, but most of them will be scattered along the beaches and through the mountain resorts of Southern California for summer homes.

PETES DEFEAT LINDSAY TEAM SOCCER MATCH

Visitors Have Snappy Equipment—Caledonian Marksmen Were Effective Near Goal.

PETES 5, LINDSAY 2.

Peterborough Caledonians entertained Lindsay soccer eleven to an exhibition game on Saturday afternoon, before a fair attendance of spectators on King Edward Park. The locals winnings, by the score of 5 to 2.

The visitors trotted out on the field with one of the snappiest outfits ever seen in the city. The sweaters consisted of dark blue of set squares at different places and gold replacing alternately. Pants were of dark blue, while the stockings were the same as the sweaters. They have accomplished all this within the last four weeks, and play Janetville on Labor Day in a return fixture. Experience is all that they require.

First Half

The choice of the coin spin went in favor of the Lindsay team. They elected to play with the sun at their backs, and found the field different. The Caleys' forwards worked the long-swinging passes to beat down the visiting defense to test out the ability of Springhall, in goal, with low grounders. In a scrimmage around the goal, O'Halloran connected with an unsavable drive. A little larter, Greer sent a terrific drive against the far post to see his effort bounce back into the net. Repeatedly Lindsay broke away to finish poorly in front of goal. Although Kennel got the equaliser from a drop shot that beat Keerin all the way. The local team replied with close formation attacks, then the long swinging passes that opened up the opposing defence to permit the centre man to have ample time to test out the ability of the visiting custodian, O'Halloran pulling off a spectacular effort that Springall threw himself the full length of the goal to concede a fruitless corner kick. Peterborough 2, Lindsay 1.

Second Half

On resuming, a re-arranged lineup on the visiting team didn't improve the attack. The custodian from Lindsay having a busy session, holding his charge intact from the continuous bombardment of the Caledonians. From twenty-yard range, Archie McPhate drove a hard low grounder into the net to make it 3—1. Then Ernie Hanson travelled down the wing on a solo effort to completely baffle the custodian with a stinging drive that he failed to hold as it bulged the net, under the cross-bar. From midfield Lowe sent a drop shot into goal. They Caleys' custodian ran out to save his charge, but was deceived when the ball bounced over his head into the empty net. Ten minutes before the end, O'Halloran broke away on his own to climax his achievement by slipping the ball out of the reach of the Lindsay goalie. In time, the visitors were awarded a penalty kick. The outside right was trusted with the kick and from his shot knocked out the custodian's finger, who had to receive first aid.

McCracken changed places with him to save the penalty kick. Thereafter the Lindsay boys hammered away at the local goal to do everything but score. Munt hitting the cross-bar in below to see the ball come back out into play. The ball swung from wing to wing to keep the ball in play at the locals' goal: Caledonians 5, Lindsay 2.

Goal scorers.—Kenners, and Lowe for Lindsay. Petes.—O'Halloran, 2, Greer, A. McPhate and Hanson.

Lindsay.—J. Springall, goal; B. Worthington and M. Lowe, full backs; E. Gray, J. Springall and D. Wilson, halves; J. Kenners, W. Grant, G. Hunt, R. Cornwall and V. Warlow, forwards.

Caledonians.—T. Keerin, goal; T. Craig and S. Agnew, full backs; W. McCracken, A. McPhate and D. Best, halves; E. Hanson, G. Greer, A. O'Halloran, T. McPhate and E. Adkinson, forwards.

CANADIAN NATIONAL EXHIBITION TORONTO

AUG. 26 to SEPT. 10 Inclusive

Seventh Marathon Swim

for World Professional Championship
Wednesday, Aug. 31st

Entries for the big annual water derby are pouring in by the score. Old timers including George Young—of Catalina fame and winner last year—Marvin Nelson, Vierkoetter, Isadore Spondor, and many others, well-known and unknown, will compete. There may be a new champion in the list of 200 already registered—a new marvel under whose coating of grease beats the stout heart of a "dark horse." 15 miles is a long stretch—the veterans do not always win. Folks, it's going to be a great race. Start 11 a.m.

FORBIDDEN CITY

An unusual exhibit—that exposes the hidden mystery and beauty of China's great holy of holies—the "Forbidden City." You will see what the rulers of old China concealed within the walls of this famous royal city down through the centuries from the days of Confucius. Visit this unique exhibit in the Coliseum.

BRITISH SCHNEIDER CUP PLANE
Vickers Supermarine Rolls Royce S.6.B.
Holder of world's record of 407.5 miles per hour—Automotive Building.

BESSES-O'TH'-BARN—Britain's Finest Brass Band

DRIVE MARMORA TO BANCROFT PROVES DELIGHTFUL 5-HOUR TRIP

Roads Improved With Wide Bridges Lead Through Interesting Village.

RUGGED SCENERY.

(Examiner Correspondence)

TRENT RIVER, Aug. 29.—A very interesting drive which is sure to please the motorist can be taken from Marmora to Bancroft some 70 miles north, passing through Deloro, Malone, Eldorado, Bannockburn, Millbridge, Ormsby, Lamable. The trip can easily be made in five hours.

The roads all along the way are good hard roads, a great deal of work has been done within past three years, the route straightened and broadened out in many places, allowing vehicles to pass easily. A number of substantial wide concrete bridges have replaced the former narrow ones over all the larger streams en route.

After passing Millbridge (where the large transforming power towers are situated)) the "hole in the wall" or "Devil's Gulch" is reached, the road leads in a winding course through dense forest with rugged rocks on either side giving one an idea of true mountain scenery. The student of wild life, the nature lover, and the camera hunter are offered opportunities surpassed in few places in the province.

As one nears Bancroft one is conscious of having gradually attained to a great height.

Splendid Town

Bancroft is a good sized town with prospects of a great future, modern homes have been springing up, beautiful with artistic surroundings. There are a number of fine stores, two modern hotels with reasonable rates, a fine community hall and a fine brick school built a year ago. Beyond Bancroft is situated the Anglican cemetery with a picturesque background gigantic rock wall over 200 feet in height.

Farther north are longer routes through virgin country where the ways of nature are undisturbed. Public land which includes most of the forested area is open to campers, subject of course to fire prevention restrictions. The rugged beauty of the hills clothed with forest and dotted with lakes constitute a vast summer play-ground which cannot fail to enchant the summer visitor.

Trent River

Mr. and Mrs. Kingston of Tweed, Mr. and Mrs. Kingston of Toronto, the Misses Frances, Virginia and Edith Lloyd of Alabama, U.S.A., were recent visitors at "Bonnie Banks."

Mrs. (Dr.) Kingston and children, left Saturday for Long Island, N.Y., after holidaying at "Bonnie Banks."

Mrs. E. E. Plummer left Saturday for Campbellford after holidaying at "Sunnyside."

Mr. and Mrs. Arthur Legros, Messrs. Jack McNicholl of Toronto, and Bernard McNicholl of Detroit, Mich. are guests with Mr. and Mrs. M. McNicholl at "Sum-er-inn."

Mr. and Mrs. Mayo have returned to Toronto from Charlie McNicholl's cottage.

Mrs. Bielaff left Saturday for Rochester, N.Y., after spending the season with her sister, Mrs. Trueman Dunn.

Mr. and Mrs. J. P. Styne, Miss Cleo, Miss Ruth Haines and Mr. Frank Post leave Tuesday for Niles, Ohio, from holidaying ten days at "Bon Air."

Mr. Thomas Lloyd of Toronto spent over Sunday at "Isle of View."

Mrs. J. Knox and Miss Dorothy have returned to Toronto from "Bon Alexander."

Mrs. W. Fanning and little son have returned to Ottawa from holidaying at "Bon Alexander."

Mr. and Mrs. R. W. Umphrey and son Jimmie are expected home from their holidays spent with relatives at Pefferlaw and Udora, and will occupy Mrs. Wilde's cottage, Mr. Umphrey resuming his duties Thursday as teacher for another year at the public school.

Mr. Will Wright and son Arthur of Toronto, were at "Windermere" over the week-end.

Miss R. Marion Inkster leaves this week for Saskatoon, Sask., to take up her duties on the teaching staff of the public school.

Mr. P. H. Harris and sons Campbell, Frank and Melville, and Mr. Caramole of Toronto were in camp over the week-end at the Government Park.

Mr. and Mrs. Will Christie and sons Jack and Clarence arrived from Toronto Saturday to their summer home.

Mr. and Mrs. Arnold Anglin of Toronto were week-end visitors with Mr. and Mrs. Holmes.

Rev. Father Kelly of Hastings was a guest Friday at "Killarney" with Mr. and Mrs. Thomas Bennett.

Miss Bertha Ramsden and Mr Lamb left Saturday for Toronto after one week at "Cook Cottage" Maple Inn.

The Misses Alice Scully, Harriet and Evelyn Hodgkins and Gwen Didsbury have returned to Toronto after one week at "Idlewood."

Mr. and Mrs. E. J. Hogan have returned to Niles, Ohio, after holidaying at Mrs. Dumis (Sr.) cottage.

HORSE DROWNS

Loss of Animal Owned By Havelock Man Represents Tragedy in Family Fortunes.

HAVELOCK, August 29 (Examiner Correspondence). — A horse belonging to Mr. Abe Fillion, of Havelock, met death by drowning in a creek on the pasture land of Mr. George Vance, near the Woodland Cheese Factory, some time during the night or early morning on Friday last. Mr. Fillion, who was hauling straw for Mr. Garnet Rutherford of this village, left the horse in the pasture field on Thursday night along with two of Mr Rutherford's horses. The threshing was not done until Friday morning, so Mr. Fillion did not go for the horse until Friday at noon. Not seeing the horse with the other two horses, Mr. Fillion investigated and found him lying in a shallow creek, partly submerged in mud, and logs which were in the stream at this point.

The loss of a work horse in the e days is not a very serious matter usually, but in this case it is a real tragedy. Mr. Fillion, who had not been employed for a considerable length of time, traded off some of his most prized possessions for the horse, with which he hoped to earn a livelihood during the coming winter. For the past two months he has been drawing hay, and has his barn full of fodder, enough to feed a horse for the entire winter. Now he has no horse and no prospects of getting one. Only the other day, he was heard to express high hopes for the coming winter, on account of having the horse and a sleigh with which he said he could pick up an odd dollar to tide him and his family over the coming winter. He had also hoped to sell some of his garden truck by canvassing from door to door with the assistance of the horse.

Germany's cost-of-living index continues to drop.

BURGESS BEDTIME STORIES

JOHNNY CHUCK TRIES TO ENJOY HIS NEW HOUSE

By Thornton W. Burgess

Johnny Chuck was shaking in his skin and ashamed to admit it. He could hear Sammy Jay calling to him, saying that there was nothing to be afraid of and to come out. He was afraid of Sammy's sharp tongue if he didn't go out; for Sammy would like nothing better than to go about telling that he, Johnny Chuck was a coward. At the same time Johnny was afraid of that terrible unknown monster whose voice had sent him scurrying inside his house in such fright.

"It is all very well for Sammy Jay to say there is no danger. Probably there isn't for him; he has wings and can fly away," grumbled Johnny as half way up his hall he listened for more sounds of the thing that had frightened him so.

"I know all about that thing that frightened you so and if you will come up I'll tell you all about it. If you keep out of the dusty road it is perfectly harmless. Everybody around here knows about it and nobody is afraid of it. If you don't come out I'll tell all the neighbors and you'll be laughed at the rest of your life. Come out; I want to talk to you," said Sammy Jay.

So Johnny Chuck went up far enough to poke his head out of his doorway and then Sammy Jay told him as best he could that an automobile was nothing to be afraid of if you kept out of its way, and its way was always on the dusty road or sometimes up in Farmer Brown's dooryard. Then Sammy demanded to know what Johnny was doing up there and why Polly wasn't with him. Johnny told Sammy that he had moved because he thought he had lived long enough in the old home and wanted to live where he could see more of the Great World. He had left Polly behind, he explained, until he should have a fine home ready for her. Sammy winked one eye, for he understood exactly what had happened. But Johnny didn't see him wink and went on to explain how much better this place was than the far corner of the Old Orchard where his old home was.

When he had finished Sammy wished him a great deal of happiness in his new home, told him that he surely would see a great deal more of the Great World there, and said that he admired Johnny's

Then Sammy demanded to know what Johnny was doing up there.

spirit and independence. Then he flew away chuckling Johnny didn't see anything to chuckle about and he was a very thoughtful Chuck as he at last started to get his breakfast.

After he had found where the nearest clover patch was and had found out just how long it would take him to get from it to the safety of his house in time of danger, and after he had become fully acquainted with his surroundings, all of which took several days, Johnny settled down to enjoy his new home. He did his best to make himself believe that it was a very much finer home than the old one in the far corner and that he wouldn't go back there for anything in the world.

It was true that there was a great deal more going on there than near the old home. You see there was a great deal of passing along the dusty road just the other side of the old stone wall. This was exciting but not at all restful. It kept him always ready to dart down inside his house. He couldn't dose in peace as he had loved to do in the doorway of his old home.

Then, too, the dust was very provoking. It swept over him every time an auto rushed past. It made all the grass, even the patch of sweet clover some distance away, gritty and unpleasant to eat. His doorstep was not shaded in the least. Some days it got so hot that Johnny almost burned his little black feet. Still Johnny tried to make himself believe that he was enjoying his new home, and that it was ever and ever so much nicer than his old one.

NORWOOD CHOIR IS ENTERTAINED

Mr. and Mrs. E. C. Squires Open Home in Honor of Departing Members.

CARGILL RECEPTION.

NORWOOD, Aug. 29. (Examiner Correspondence). — Mr. and Mrs. E. C. Squire entertained members of the United Church choir on Thursday. The gathering was in honour of the members who were leaving their midst; they are Mrs. J. Edward, Mrs. R. G. Lawlor, Mrs. A. G. McDermott, Miss Eva McNeelly, Messrs. A. Fairweather and E. Edwards.

The evening's entertainment consisted of games and a programme which was as follows: Solos by Miss L. Kirk, Mrs. M. Calender, Messrs. W. Stairs and C. Patterson; guitar selections by Mr. Armstrong; sketching by Mr. R. Varley and an address by Rev. Cleland. The departing members were presented with engraved addresses after which lunch was served.

A reception in honour of Mr. and Mrs. Cargill was held at the home of Mrs. Cargill's parents Mr. and Mrs. R. Baker on Saturday. The immediate friends and relatives of the bride were present. In the evening a number of young people gathered at Trent River, where the bride and groom have been camping for the past week, and an enjoyable evening was spent in games and dancing.

What To-Day Means To You

If August 29th is your birthday, the best hours for you on this date are from 10 a.m. to 11.45 a.m., from 2 p.m. to 3.40 p.m., and from 9 p.m. to 10.1b p.m. The danger periods are from 8 a.m. to 9.15 a.m. and from 6 p.m. to 8.30 p.m.

Astrological influences on August 29th will be of too negative a nature to expect much energy to be put forth. A great many duties will be pushed forward to another day's program. Danger of wasting time and money. Young people will fall under pleasant, but seductive, influences during the evening hours, with worry to their elders.

The child born on this August 29th will be a practical little body and interested in the bread and butter side of life. It will not be an idler, and whether at work or at play will try to excel. It will have active sympathies; live emotions and warm affections.

If born on August 29th, you are always on the "qui vive" for something new or something different for your time and efforts. You like most things, or most work, until the newness begins to wear off, and then the sameness or routineness gets on your nerves. This, of course, does not spell progress or success for you, although it does spell change. Sheer boredom often makes you a quitter when it would be to your own advantage, and to the advantage of others, if you would be a more consistent sticker. You do not possess a monopoly of the being "fed-up" feelings as do most other people take in the good and the bad in their stride without changing so often their step or course.

Your affections for people are very warm while they last, but you love with such intensity that it soon burns out. Your life will be full of passing friends, and there will be many who will hate to give you up. There will be many times that you will wish that you had that loyalty of self which can exact the undying loyalty of others. Your own heartaches will be sharp but short of life. A little more discretion would, at times, save you much embarrassment.

Bethany

A very pleasing and happy event happened to Mr. and Mrs. A. H. Monk last week when their second son Harold of Detroit came to spend his summer vacation with them.

On Wednesday afternoon they decided to spend half holiday in picnic style. There were representatives from the four homes present: Mr. and Mrs. A. H. Monk and son Karl at home, Harold of Detroit, Mr. and Mrs. Bert Monk and small daughter June, Mr. and Mrs. Roy Monk and two children, Alex and Lois. All motored over to Wallace's beautiful picnic grounds to spend the afternoon together. At the conclusion, enjoying a lovely picnic supper before driving home.

The many friends of Mr. Reg. Palmer were very sorry to hear that he had rather a severe shaking up when returning home on Thursday in using the brake to proceed down a steep hill the front wheel became locked causing the car to bump into the railing and the car was thrown on its side.

Mr. and Mrs. Harold Thompson of Manvers Station called on friends in the village on Thursday evening.

Miss Rena McKinley left this week to visit friends in Toronto.

Mr. and Mrs. Rob Jones of Hamilton are guests of Mr. and Mrs. Arthur Flack.

Mr. E. Berry of Orono was a business visitor to Bethany on Friday evening.

The Ladies' of St. Paul's W. A. completed three quilts this week, a number assembling on Friday afternoon to finish the work which was commenced on Thursday.

DISTINCT ADVANCE IN RADIO SCIENCE

C.G.E. Company Engineers Perfect New Radiotron—Feature of New Models.

SMOOTH OUT THE AIR.

Smoothing out the air as surely as modern road construction has smoothed out the highways, the new radiotrons which feature the Canadian General Electric Company's latest models mark an advance in tube perfection. The new radiotrons are the result of years of intensive research by laboratory engineers.

Stripped of all technicalities, these new tubes can take a volume of sound that would be over-powering in the largest auditorium and reproduce it without strain on the set or the listener. High notes no longer squeak and low notes do not vibrate. The new tubes block interference and rout static. They can eliminate the wheezes and rattles and distorted sounds that constantly prey on the air and clear the channels for true tone quality. And they do it.

"The new tubes," said A. S. Edgar, manager of the general merchandising department of the C. G. E. Company, "are available at the lowest prices in radio history. They are not interchangeable with old sets, however and cannot be used on any models other than our new ones which carry them as standard equipment. This does not mean however that owners of our other models cannot secure greatly-improved radio performance by investing in new tubes. While our radiotrons are a distinct and almost dramatic advance in tube construction, not a month has passed, in recent years that has not seen some improvement in general tube construction either through improved materials, better equipment, engineering discoveries or actual processes of manufacture. Owners of radio receivers can now rejuveniate their sets to double performance by an investment of only five to ten per cent of the original cost of the instrument."

SWAPS—

You must have some article or piece of real estate which you would trade or swap for something else of near equal value—if so insert a classified ad under this particular heading, having your replies come to a Box number and in this way they would be confidential.

Rebels In Quito Asking For Parley

GUAYAQUIL, Ecuador, Aug. 29. (AP)—A rebellious political group aided by a contingent of soldiers to-day had set up a new provisional government in Quito, the capital of Ecuador, but, apparently hemmed in by loyal troops, they were asking for a parley.

This information was continued in the first despatches received from the capital since the revolt occurred Saturday. The rebels were supporting the movement of Neptali Bonifaz, who was elected president last Fall and was to take office next month. The provincial government of President Morales however, argued Bonifas was ineligible because he was born of Peruvian parentage. Congress agreed with him last month.

President Moreno was reported to have taken refuge in the Argentine legation at Quito.

Federals Storming Capital Of Ecuador

GUAYAQUIL, Ecuador, Aug. 29.—Federal infantry, artillery and airplanes stormed Quito, the capital of Ecuador, to-day to stamp out the revolt started by military supporters of President-elect Neptali Bonifaz.

The drive on the capital came from two directions, the north and south, it was officially announced.

Federal forces captured the city of Magdalena, six kilometres south of Quito, after brisk fighting and then pressed on toward the capital.

An Empty Room
is full of possibilities and might just be situated to suit many and bring in a little extra money. Why not advertise it in the Rooms and Board column.

BOWLING NOTES

The rink of four which will represent Peterborough in the Central Ontario bowling competitions next month was settled Saturday, J. Mayneord's team showing great form to win out, beating Mark Bredin's in the last game. The rink consists of Herb Martin, George Coleman, Sr., George Gimblett and Jack Mayneord. The draw for the doubles of this competition is on view now at the club-house, and will begin with two games Wednesday, the semi-finals and finals probably being held Friday. As 19 rinks are entered, a preliminary round will be held to-night either before or after the regular scheduled games, the following games to be played: Cairns and Bredin vs. R. Martin and Girven, Oke and Cullen vs. Disney and Bolam, N. Routley and J. T. Braund vs. R. Coleman and parner.

The club doubles scheduled for to-night, beginning at 7.30, are:

Sexsmith vs. R. Martin.
Bennett vs. Geo. Johnson.
A. Grant vs. G. Sorenson.
Donaldson vs. C. Taylor.
J. Skinner vs. R. Dyer.
K. Sloan vs. R. Best.
G. Coleman, Sr., vs. Penrose.
G. Gimblett vs. E. Wall.
R. Disney vs. R. Anderson.
W. Oke vs. D. Hill.
R. Wemp vs. R. French.
Bredin vs. G. Coleman, Jr.
Cairns vs. G. Lowe.
Glover vs. H. Coleman.
Cullen vs. C. Taylor.
Biddle vs. Spencer.
J. McNabb vs. Fitzpatrick.
H. Wood vs. Dearborn.

TARZAN, LORD OF THE JUNGLE. NO. 91 By Edgar Rice Burroughs
(Metropolitan Newspaper Feature Service, Inc.)

In utter darkness and silence, Blake did not known how long he remained in the dark dungeon beneath King Bohun's castle. It seemed years to him before approaching footsteps disturbed the dreadful mystery of that buried vault. Now, the flickering light of a pine torch was half blinding his eyes. But soon he saw standing before him two knights. "Yes, 'tis he," said one. "Dost thou not know us, Sir Black Knight?" asked the other, after a pause.

Blake scanned them closely. He saw a great bandage wrapped about the younger man's neck—and then he remembered! "I guess this is where I get mine!" he said with a wry smile. "You fellows certainly haven't come to pin any medals on me." "Thou speakest in riddles," replied the older knight. They were Sir Wilfred and Sir Guy, whom Blake had defeated and so chivalrously refused to kill during the combats of the great tourney.

"King Bohun vows he would burn thee at the stake," said Sir Wildred, "we have come to free ye. Sir Guy and I would not so valorous a knight be thus shamelessly wronged by any tyrant." As he spoke, Wildred began to file away the iron rivets that held the prisoner's chains. "You are helping me to escape?" exclaimed the astounded Blake. "Suppose you are discovered won't it go hard with you when the old boy finds out?"

"We have arranged all that," replied Wildred. "Sir Guy will be at the outer barbican this night. He can pass the through, but beyond the city gates, we cannot get thee. There thou must trust to thy luck." They smuggled Jimmy through the secret passages, gave him food, drink and provided a horse. At midnight with the escorting knights, Blake rode to the castle gates. Here he bade his generous enemies farewell.

DENTISTS FEEL DEPRESSION TOO

Test Fail at Same Rate as Before, But Extractions Are More Numerous.

COLLECTIONS HARD.

SYDNEY, N.S., AUGUST 29 (C.P.)—Among the curious effects of the depression are those upon dentistry in this neighborhood.

First: There is no lack of tooth-pulling.

Second: Collections are not as good as they might be.

Third: People are having their teeth out rather than having them filled for the reason that lacking money, they can't afford to see the dentist in time.

"It's a crying shame, too," one Sydney dentist said. "People who in better times would never have lost a tooth are to-day coming in for extractions instead of fillings because they can't afford to keep up their dental equipment as they did when money was more plentiful.

"They let their teeth go as long as possible and usually when they finally do come in there is nothing for it but to take them all out and fit them with plates."

A complete plate job is a slow one due to the necessity of making temporary plates and it is usually six months before permanent store teeth can be installed.

In the interim, the dentist said, a mouth may shrink as much as a quarter of an inch or more due to absorption.

One doctor said he was away behind with his plate work, having no fewer than 400 mouths awaiting final fittings. He said, "What with one thing and another, fillings are few and far between these days. Everything is extraction."

BRITISH BAND COMING TO "EX"

Montreal Star Critic Pays Fine Tribute to Visitors.

BESSES O' TH' BARN.

The following appreciation of the Besses o' th' Barn Band, which has been engaged as the musical feature of the Peterborough Exhibition, recently appeared in the Montreal Star from the typewriter of its critic, S. Morgan-Powell:

Fresh from their latest triumphs in England, the members of the Besses o' th' Barn Band, the famous brass band which has a history of more than a century of playing, made their Canadian debut before a Canadian audience in the Westward Amateur Athletic Grounds.

The program selected was of the type that the majority of people who enjoy band concerts appreciate most, ranging from popular melodies to operatic melodies. Mr. Fred Royle, its conductor, is a thorough musician, who understands how to get the maximum of effect without the slightest loss of clarity or precision or coarsening of tone, alike in climacteric moments, which he works up with the skill of a born director, and in sustained piano and pianissimo passages, in which the remarkably refined quality of the full band tone was revealed again and again.

At times it seemed almost incredible that an organization which contained nothing but brass instruments and percussion could achieve such sustained tonal beauty. But you have only to hear Mr. Royle and his men in the Tannhauser Overture to realize what an all-brass band can achieve when it is composed of soloists and directed by a man who knows the precise value of each instrument under his baton. Such English horn and euphonium playing has not been heard in Montreal for a long, long time. I doubt if a finer example of mastery of the euphonium has been given here than that provided by Mr. Sullivan in his solo, "Bertini," by Sutton.

MAIN STREET TOPICS

Jabs and Jottings as Picked Up by an Examiner Reporter.

TEN AND TEN

Bob Kay, aged ten, of 536 Chamberlain, had a half hour's battle Sunday with a 10½-lb. 'lunge, but succeeded in pulling it in unassisted. The place was Campbelltown, where the fishing for pickerel and 'lunge has been exceptionally good all season and where Bob has had considerable success, though never before getting one so big.

HOOKS BIG TROUT.

While fly casting over the week-end F. Rappe of Pearl avenue hooked a speckled trout weighing two and a half pounds. Something that will provide the lucky fisherman with material to yarn over for a long time. The fish had an over-all length of 17½ inches with a girth of 4½ inches.

BABY CLOTHES.

The Examiner is asked constantly for baby clothes and would be glad if anyone having a supply to give away would telephone and we will call.

NIGHT.

Departing from usual custom this week Peterborough Rotary Club members are holding their meeting on Tuesday evening at Empress Hotel at 6.30 p.m. The guest speaker is to be District Governor "Bill" Mosher of the 27th District Niagara Falls.

Obituary

JAMES HOTSTON.

Word has been received in the city by cable of the sudden death of James Hotston of Thornton Heath, England, on the 27th of August.

Mr. and Mrs. Hotston celebrated their golden wedding only on August 7th, when they were entertained by forty relatives and friends, including the best man at their wedding fifty years ago.

Mr. Hotston had been in failing health for some time, but was generally active and busy in his garden, and his death came as an unexpected blow to the members of his family. He leaves to mourn his loss, besides Mrs. Hotston, a family of twelve children, of whom four, Charles, E. J., Harry and Mrs. Harold Marsh, are in this city. Besides his children there are 17 grandchildren and 6 great-grandchildren.

SCHOOLS MAY NOT OPEN

QUEBEC. — It was announced from the Provincial Department of Public Instruction to-day that approximately 25 schools in various sections of the Province will be unable to open for the next school term owing to the municipalities being in financial distress.

CARD OF THANKS.

Mr. and Mrs. Edward Mandsley wish to thank their friends and neighbors for their kindness shown to them during their recent and bereavement.

Opens Canadian National Exhibition

WELL! WELL! WHAT DO YOU KNOW ABOUT THAT?

Here are shown Premier R. B. Bennett and Hon. G. Howard Ferguson, Canadian high commissioner in England, engaged in whispered conversation during a lull in proceedings at the official opening of the 54th annual Canadian National Exhibition Aug. 26. Mr. Ferguson (right) looks rather astonished as Premier Bennett tells his story.

NEWFOUNDLAND TURNS TOWARD FISHING BANKS

Movement to Centralize East Coast Fishery of St. John's Gains Publicity.

GREAT FUTURE.

ST. JOHN'S, Nfld., August 29. — (C.P.)—Ever since Sir Humphrey Gilbert brought his little band of pioneer colonists across the western ocean, the trade mainstay of Newfoundland has been the succulent cod which swarm adjacent waters. Of late years mining, lumbering and kindred industries have grown up to rival the old craft of baited trawls and gutting tables. Emphasis no longer lay so clearly on drying flakes and baled quintals of the dried product for the West Indies and South America.

But with economic stress, hard times hit lumbering and mining. And Newfoundlanders are turning their eyes seaward with greater unanimity again. The latest development is a little campaign for centralization of east coast fisheries in the port of St. John's. One writer to a St. John's daily newspaper avers that "at least 250,000 quintals (a quintal is 112 pounds) could be brought in through the narrows, representing an estimated earning of $1,250,000 yearly."

"Experienced fishermen tell me there is no reason why there are not at least 1,000 fishing vessels out of the port of St. John's, manned by not less than 5,000 fishermen.

"Make St. John's a fishing port, and I venture to say in ten years you will be producing and bringing through the narrows not less than 500,000 quintals of codfish and other fish in proportion.

"We have markets for 2,000,000 quintals of salt codfish and if we do not supply them, Norway and Iceland will. The latter country, with less than one-quarter of our population, is to-day producing more codfish than we are.

"In 1862, or around that period, when we had a smaller population than we have to-day, we produced 1,900,000 quintals of codfish in this country. We have never since been able to get within 300,000 quintals of this quantity."

Commenting editorially, the St. John's Evening Telegram remarks that "We do not question the advantages that St. John's possesses as the prosecuting centre, but whether it be St. John's or some other place on this coast matters little. The point emphasized is centralization . . .

"An important factor in relation to the mechanizing of the fishing industry is that whereas it has immensely increased the cost of production, we have not increased accordingly the amount produced.

"Nor has the demand for fish decreased. As a matter of fact, certain particulars show that fishing centres in Great Britain and in other countries had trebled and quadrupled their output in recent years, and still the demand exceeded the supply.

"Is it that we are so tied up in the old methods that we cannot supply the idea that have been found successful elsewhere, or is it that we will not?" the paper asks.

"It is a waste of time to talk of lack of opportunity to provide employment when the raw material for a vast and remunerative industry exists."

MINERS SEEKING RIGHT TO CONTINUE PICKETING

OLLIESPIE, Ill., Aug. 29.—Gubernatorial sanction for a second invasion of working Southern Illinois coal fields was sought to-day by leaders of striking miners protesting a reduced wage scale.

Failing to obtain such sanction, with attendant assurances of protection, the strikers plan to appeal to the Federal Courts, their leaders announced. They claim that under Federal law they are entitled to peacefully picket the working mines.

Much Hoped For Crime Proves Fizzle Four Young Girls Badly Disappointed

This little tale, with names deleted for obvious reasons, occurred last night about eleven. It concerns a crime that wasn't committed, but would have been discovered had it been committed, and it concerns four girls with a penchant for thrills, not to mention a reporter who almost got a good first-hand story.

The house was near the railway tracks that cross Hunter Street East, a large house in darkness. The girls who lived nearby knew the family was away for the day. But one of them had seen a flashlight throwing its beam about inside. The five remembered that a house in the neighborhood had been broken into that very morning—and they immediately went into action. One of the thrilled lasses phoned the house but could get no answer. They decided against calling the police until further investigation.

The party then gingerly approached, through a dark lane, the back door, which was readily opened: And then, suddenly, lights went on in the house, and the owner, an elderly gentleman, was seen through the window hurrying toward the back door. He had evidently returned alone, but why he was using a flashlight will probably never be known.

Apparently disturbed by the opening of the back door, the elderly gentleman was doing some investigating of his own. And, fearing the police would be summoned, not by them, but for them, four girls no longer looking for thrills, and a reporter no longer interested in a story, melted into the night.

TOMATO JUICE AN IDEAL DRINK

Sudden Rise to Popularity One of Phenomena of Age.

The sudden rise to popularity of tomato juice is one of the phenomena of the age, according to records kept by the Dominion Fruit Branch. Still more remarkable is the fact that people took so long to discover the value and outstanding thirst quenching qualities of this pre-eminent health drink.

The reason why tomato juice is so refreshing is the peculiar chemical composition of the fruit. Most fruit juices in their natural state are either too sweet or too acid. In one case the juice must be diluted before it is drunk, with consequent loss of potency; in the other, large quantities of sugar must be added, which tends to add to the thirst rather than quench it. In tomato juice, however, as in no similar beverage, there is found just the right balance between sugar and acid, so that no treatment of any kind is necessary for the average taste.

Tomato juice in any form is refreshing and beneficial to the health but it is best and cheapest when made at home from fresh fruit. This is particularly so just now when tomatoes are so reasonably priced and in their prime. Tomatoes put up by the cold pack method keep perfectly and are ideal for making juice during the winter months. For this purpose, place the tomatoes solidly in clean cans or wide-mouthed jars, add 2 teaspoons of salt, partly seal the cans or jars and immerse in warm water. Bring the water to the boiling point and keep it boiling briskly for 25 minutes. Remove from the water, completely seal, and allow to cool.

AMERICAN MANX GROUP RALLYING IN LONDON

LONDON, Ont., Aug. 29.—Natives of the Isle of Man are pouring into this city to-day for the fifth convention of the North American Manx Association. Registration at an early hour indicates that Manx men from every point on the continent and from the home island across the seas as well will be here.

Under the presidency of Dr. J. J. Moore, Chicago, Ill., the convention will last three days. A long and deliberate program, in which the London Chamber of Commerce, city officials and others are aiding has been prepared.

The convention ends on the day of the eclipse and an important item on the agenda is a general recess for a few minutes on that afternoon.

PINNED UNDER TRUCK

Driver Almost Instantly Killed By Skid

ST. CATHARINES, Aug. 27.—Pinned under a heavy oil truck when it rolled over, James McPherson, aged 45, of Ravine Road, met almost instant death last night. He drove an oil truck for the Lincoln Oil Company, and was on his way home when the accident happened.

He was driving north on the Louth-Grantham Town Line and was nearing the highway when the truck slid into the ditch. Marks showed that he travelled along the ditch for 100 feet and then tried to get back on the roadway. It was then that the truck rolled over twice, coming to rest with McPherson pinned beneath.

HOME EDITION

VOL. LXIX., No. 50 — PETERBOROUGH, ONTARIO, CANADA, TUESDAY, AUGUST 30, 1932 — PRICE THREE CENTS

BRITISH COLUMBIA PLANS ECONOMY

SOLAR ECLIPSE NOT TOTAL HERE BEGINS AT 3.14

Peak of Occultation at 4.26 P.M. Wednesday Over Quebec.

WEATHER DOUBTFUL.

Scientists in New Hampshire Prepare to Fly Above Clouds.

TORONTO, Aug. 30—Since scientific observations of Wednesday's eclipse can only be made in the zone of totality, nothing of that nature is being undertaken in the Toronto area, John Patterson, director of the Dominion Meteorological Service, stated, last night. Toronto astronomers intent on taking advantage of the occasion will view the phenomenon at Magog, Quebec, where they are within that zone.

The path of the total eclipse is 113 miles wide, sweeping down across Hudson Bay, James Bay, over Parent, Magog and cutting out at Portland, Maine.

Toronto will mis sthe totality, but here the sun will be 91 per cent. hidden at the maximum, leaving only a crescent-shaped bit of the sun to illuminate this section like a blazing new moon.

The first contact between the sun and moon will occur at 2.14 eastern daylight saving time, from when the moon will gradually encroach on the sun, with ever deepening gloom, till the peak is reached at 4.26. From then on the eclipse will wane until 6.36, when the face of the sun will shine forth again without hindrance.

Here all that the layman, or anyone else, can do is watch the development of the eclipse through smoked glasses. At the peak, the crescent-shaped fragment of the sun will be seen, but because of the intensity of the rays from that bit the corona will be invisible. The corona, at which will be directed the attentions of all astronomers, will only be visible in the zone of totality.

Affects Temperature

When the period of maximum shadow is reached here by to-morrow's eclipse, the temperature will drop between four and five degrees, declared John Patterson, head of th Meteorological Observatory.

Scientists Worrying

CONWAY, N. H. Aug. 30. — The solar system's free show is about to begin and the giant path of the total eclipse that runs across Quebec and New England is crowded with scientists and laymen. The scientific instruments of 43 expeditions are in place and last minute adjustments have been made.

It's the weatherman who is worrying the astronomers. He predicted Wednesday, partly cloudy for Maine, New Hampshire and Vermont—states where the majority of scientific camps this side of the border are located. For Massachusetts, a corner of which lies in the path of the total eclipse, the prediction is fair and warmer.

Thirty aviators stood by at points along the 100-mile wide belt of the eclipse, ready to carry scientists to heights above the clouds if a haze or rain should interfere.

Hundreds of thousands of dollars have been expended over a period of weeks to provide the scientific setting for the spectacle, which lasts 100 seconds in Quebec, 90 seconds this side of the border.

To Paint Corona

Painting the rare-hued corona in natural colors in 90 seconds during the total eclipse of the sun tomorrow, one lone artist will undertake a harder task than any of the astronomers.

Charles Bittinger, Washington and Duxbury, Mass., artist, one of the war camouflage pioneers, is laying out on a table in the middle of a big field the color elements of an unknown problem.

He plans to mix his pigments to catch a true record of the most fleeting and rarest color display in the world. He pits a life-time of judgment of color and form against a split second schedule.

A Boom Village

As the hour draws near for the eclipse, this town begins to assume the aspects of a boom village.

The scientists assembled hereabouts from all parts of this country and many foreign nations to witness the spectacle were in virtual readiness today but difficulties were accumulating in other directions.

Scores of visitors began to pour in by automobile, only to find the restricted accommodations were already taxed. Although a few rooms remained available in private homes even these were dwindling rapidly. The same report came from surrounding communities.

NEWS IN BRIEF

SHORT ITEMS RECEIVED OVER C. P. WIRE

SWIMMING CHANNEL

CAP GRIS NEZ, France—An Englishwoman, Eva Coleman, started a channel swim toward Dover today, the third swimmer in recent weeks to attempt the passage. The others failed.

HINDENBURG IN FAVOR

NEUDECK, East Prussia—President Paul von Hindenburg today announced his complete accord with the economic program and further political course of the Junkers' government of Chancellor Franz von Papen.

SLIPPING.

NAPLES, Italy.— Gaetano Moccia, 80 year old peasant, who climbs trees like a boy, figures he is losing his grip. While picking nuts in a tall tree top, he fell and fractured two ribs.

CLOSE CALL.

TORONTO.— When fire of unknown origin broke out in their apartment early to-day, R. W. Grant, J. D. Campbell and H. Shansacey were nearly suffocated. Campbell awakened in time to get his companions out of the house. Damage was estimated at $1,000.

MAY MISS ECLIPSE.

CONWAY, N.H. — There's one amateur astronomer who trekked all the way from Omaha, Neb., who may be forced to study the eclipse under difficulties. Harold B. Becker, 24, reached Portland, Me., to be picked up by railroad police on charges of evading his fare.

WOMAN 110 DIES.

BINGHAMTON, N.Y. — Mrs. Cecelia Connors, reputed to be 110 years old, is dead at the Broome County home, where she had been an inmate for 77 years.

YOUNG AUTHOR DROWNS

WINDSOR, Aug. 30.—Raymond Knister, 32, Toronto author, was drowned near Stoney Point, in Lake St. Clair, late yesterday.

The body has not been recovered. He was in swimming, and it is believed he suffered an heart stroke.

TROLLEY PANIC.

TORONTO.— Passengers on a rush hour street car last night were thrown into a state of panic when a trolley line broke and one of the loose ends, sizzling with uncontrolled electricity, dropped just inside the back window.

One girl was slightly burned by the wire but no other damage was reported.

PREFERS SIMPLE THINGS.

NEW YORK—Sir Arthur Eddington, distinguished British astrophysicist, who figured out the universe is expanding, finds finance just a puzzle. Give me something simple like the Einstein theory, he said on a visit here. Economics is a horribly confusing and paradoxical subject.

BOLT HIT BUILDING.

OSHAWA.—While a severe electrical storm was in progress here to-day, a bolt of lightning struck the buildings of the Robson Leather Company, putting the telephone and fire alarm system out of commission and setting fire to a large frame building on the company's property, used as a stable and garage. Damage was set at $1,500.

THE WRONG CYCLE.

GRIMSBY.—Electric clocks, some of them awarded as prizes and others by a women's organization, are creating plenty of trouble here. Some of the clocks run two hours in one hour, while others won't run at all. The clocks, Grimsby has foundout, were intended for 25 cycle current while that used locally is 60 cycle.

FARMER PICKET LINES BROKEN

Sheriff With Deputies and Truck Drivers Smash Through With Produce.

ENTER DES MOINES.

DES MOINES, Iowa, Aug. 30. — Farm produce was brought unhindered into Des Moines to-day with the collapse of the last strong farmers' holiday picket line.

Sheriff Charles F. Keeling, a force of deputies, and truck drivers, all armed with clubs, massed on highway 65 north of the city and forced their way through members of the Farmers' Holiday Association, who seek to force higher agricultural prices by keeping produce from the markets.

Phases in Eclipse of the Sun on Wednesday

SUN'S ECLIPSE PRODUCES STRANGE PHENOMENA.

Above, in (1), is shown the manner in which the solar eclipse to-morrow, August 31, will appear in Eastern Canada and United States. At the far LEFT is the appearance of the sun 15 minutes after moon has started to come between the sun's ray and the earth, and at the far RIGHT, a like interval before the end of the eclipse. In the CENTRE is the effect on the sun in mid-eclipse. (2) are seen the crescent-shaped images produced by the rays of an eclipsed sun through tree foliage. When the sun is totally eclipsed the planets and bright stars near that orb may be seen with the naked eye. Diagram (3) gives their approximate position.

EX-BANK CLERK IS SENTENCED

Magistrate Showing Leniency Gives Term of Two Years Less a Day.

FACED SEVEN CHARGES.

HAMILTON, Aug. 30 (C.P.)—Arthur Robinson, former Toronto bank clerk, to-day was sentenced to two years less a day in the Ontario Reformatory on seven charges of forging and uttering.

Robinson was captured last week after cashing a cheque at the Bank of Montreal. He had gone from there to the Royal Bank and attempted to pass another cheque found to be a forgery.

To-day he pleaded for leniency, but Magistrate Burbidge said there was no provision for suspension of sentences in offences such as forgery.

Murray Whetung In News Despatch

Is it imagination or is it just the gift of drawing the long bow? Murray Whetung, 10-year-old son of Chief Dan Whetung, of the Curve Lake Reserve, is in Pittsburgh on a holiday. Perhaps, the boy hasn't seen so many tall buildings, but doubtless he has heard some tall stories. He will probably put down the following opus of a smart Smoky City reporter as one of the tallest he ever heard.

Right From the Wilds

PITTSBURGH, Pa., Aug. 30.—On a reservation more than 125 miles north of Toronto, the son of a Chippawa Chief dreamed of buildings as tall as mountains, wagons that run without horses, pictures that move and talk.

The Indian boy, Murray Whetung, 10, told District Attorney Andrew T. Park about it as he led the Prosecutor to select hunting and fishing grounds a few days ago.

Yesterday Murray stood on top of a downtown skyscraper, watched street cars and automobiles in amazement, gasped at the movies. Park brought him for a visit.

Detroit Woman Dies In Belleville Crash

BELLEVILLE, Ont., Aug. 30 (CP) Mrs. Alice M. Woodin, 60, of Detroit, was dead and an unidentified transient lay unconscious in hospital to-day as result of an automobile accident late last night near Marysville.

Traffic officer Byles of Belleville said Mrs. Woodin lost control of her car as she attempted to pass another vehicle going in the same direction. The automobile turned over four times and plunged into the ditch at the side of the road.

The body of the dead woman was taken to Toronto where an inquest will be held tomorrow. The driver of the second car, W. A. Carey, Trenton, Ont., was questioned by police but not held.

Battle of Plums Comes to Abrupt End As Feminine Bargain Hunter Steps In

LINDSAY, Ont., Aug. 30.—(CP)—The two fruit-dealers shook hands ruefully. "And that," they said, "takes whatever the price may be." And this is how it all began.

The fruit dealers were staging an informal battle of plums. Both started selling six-quart baskets at 17 cents. One cut the price, and the other undercut him. This kept up till one man was selling them at nine cents. He had one basket left, when he tackled the feminine bargain-hunter.

"The basket alone," he said, "is worth six cents."

"Really," she said. "I'll take it.'

She walked over to her automobile, dumped the plums on and about the back seat. "You said this was worth six cents," she said, handing over the empty basket. "Give me the money and take the basket.

And with six quarts of plums for three cents, she drove away, leaving two flabbergasted fruit sellers to talk it over.

NO APPLICANTS IN PETERBORO' FOR AID IN OBTAINING LAND

Two Governments And Municipality Share Cost Of Settling.

LIMIT IS $600.

More and more emphasis is being placed now on the Federal and Provincial Governments' "back-to-the land" movement as a method to make satisfied agricultural producers out of families that are at present destitute.

Information concerning the movement, which requires a third of the total financial support from the municipality for each family, has been forwarded to the Peterborough City Council. It was read out at the last Council meeting, but was filed since it was deemed that no action was necessary, no indigent having come forward to request aid in taking up land.

The Department of Immigration and Colonization and the colonization departments of both the C.N.R. and C.P.R. are applying themselves to the scheme of settling Canadians on the land instead of the arrangement of immigration from outside sources.

From October, 1930 to March 31, 1932, the three organizations placed 7,046 families, formerly resident of cities, on farms and in placing 14,568 unemployed men in farm employment. This represents about 40,798 persons.

Decide to Give Aid

Previously no financial assistance was given, the movement being confined to those who had sufficient capital to establish themselves on the land. It has now become evident that there are many families eager to gain an opportunity to take up farming, but who lack capital. To assist in relieving this situation, the Dominion Government last May decided to bear a portion of the cost of settling selected families, providing the province and municipality where the

(Turn to Page 4, please)

Edinburgh, Scotland, is to have its first municipal airport.

Trustee Arrested

CHARGED WITH THEFT

John A. Machray, K.C., of Winnipeg, who is out on $50,000 bail following discovery of shortages of about $1,000,000 in the endowment funds of the University of Manitoba, of which he is chancellor.

MAN FORGETS HIS NAME ASKS POLICE TO CHECK

LAKE GEORGE, N. Y., Aug. 30.—A man who said he had forgotten his name because something snapped in his head was held in jail at his own request today while Warran county officials tried to reach authorities at Cornwall, Ont., papers in the middle aged man's pockets indicated he was Alex H. Sinclair. He came here in an automobile with Ontario license plates.

Later Warren county authorities said they had learned that Sinclair had been a resident of Cornwall for six weeks and that he had gone there from Oceanview, Va. His wife lives at Oceanview, the authorities said.

MOLLISON SAFE, REACHES SYDNEY

Claims Atlantic Crossing Was Child's Play to Yesterday's Storm.

NEXT STOP, HARBOR GRACE

SYDNEY, N.S., Aug. 30 (C.P.)—Captain James A. Mollison remained in Sydney this morning, studying weather reports in preparation for a hop to Harbor Grace, Newfoundland, his last stop before pointing out over the Atlantic on his return to the United Kingdom.

His plane, Heart's Content, stands on the farm of Mrs. John Stewart at Coxheath, conditioned for the jorney.

The plane was not damaged yesterday when the resourceful Scot landed in the field after a thrilling battle with rain and fog over Cape Breton.

"The eastern crossing of the Atlntic was child's play compared to the electric storm I travelled through yesterday afternoon from Saint John," he said. "For the last sixty miles of the trip the heavens seemed to open, and with dense fog which surrounded me on the last lap of the trip it was a case of 'Blind Man's Buff.' I am very thankful that I have made a successful landing."

After manoeuvring in the clouds and fog yesterday he sighted the Cape Breton Flying Club airport, but being unfamiliar with the runways he decided to scout around and land on the first promising field.

Weather reports from the Gulf of Saint Lawrence were not good this morning, and the captain was undecided about pushing on. After reaching Harbor Grace his plane is to be overhauled and inspected, and he considered it unlikely that he would start the trans-Atlantic journey to-day.

PRISONER FLEES TOWN LOCK-UP

Countryside Around Sturgeon Falls Combed After Mysterious Break.

HELD FOR ASSAULT.

STURGEON FALLS, Ont., Aug. 30 (C.P.))—Police to-day searched the countryside over a wide area for William Ducharme, prisoner who escaped from the town jail this morning.

Ducharme, who was arrested yesterday by Canadian Pacific Railway police and charged with theft and assaulting a constable had been locked up for the night, pending appearance to-day in police court.

The manner in which the man effected his escape was not immediately clear.

CUT LEGISLATURE BY 20 SEATS, SLASH GOVERNMENT SERVICES, AMONG KIDD REMEDIES FOR B. C.

Committee Would Reduce Salaries Wholesale—Dismiss 50 Per Cent Civil Servants.

DROP CABINET TO SIX.

Hand Policing to Ottawa—Stop All Public Works, Roads Excepted.

VICTORIA, Aug. 30.—(C. P.)—Slashing of government services, abolition of whole departments and removal of others from provincial to federal control, including policing and fisheries, curtailment of free education and reduction of the number of legislative seats and suggestions contained in the Kidd committee report on government administration.

Headed by George Kidd, Vancouver business man and chartered accountant, the voluntary committee urges salary reductions in a wholesale manner, dismissal of civil servants to the extent of 50 per cent in some departments and formation of a committee to handle the unemployment situation. The report was issued late last night.

The committee recommends repeal of the minimum wage laws now in effect in the province, reduction in salaries of school teachers and numerous other economies.

The Suggestions

In brief, the report suggests:

Curtailment of public expenditures by $6,000,000 annually.

Reduction of the B. C. Legislature from 48 to 28 seats and the cabinet membership to six. The present cabinet is composed of Premier S. F. Tolmie and eight other departmental heads, with a president of the executive council and a minister without portfolio in addition.

The lieutenant-governor should take active measures to control expenditures of the government.

Abolition of the departments of lands, agriculture and mines as separate organizations and the grouping of these services under a department of natural resources.

Merging of department of education, provincial secretary and social services under a minister of social services.

Complete elimination of the departments of labor and fisheries, the work of the former to be distributed among other departments and the control of fisheries to be handed over to Ottawa.

Abandon Railway

Abandonment of the Pacific Great Eastern railway unless a sale is made of the road within nine months.

Closing of liquor control warehouses in Victoria and Vancouver and the acquisition of a new warehouse at New Westminster.

Reduction by 20 per cent of all salaries of the staff under control of the liquor control board.

Withdrawal of all government assistance from normal schools and placing of the entire cost of maintenance and interest charges on the buildings on the students.

Drastic curtailment of the cost of the University of British Columbia and possible closing of this institution.

Giving municipal council full control over school expenditures and charging of educational fees against all children attending school after their 13th year.

Reduction of school teacher's salaries by 25 per cent.

Abandonment of government assistance to farmers and women's institutions.

Elimination of provincial marketing efforts for agricultural products and lumber.

Cease Public Works

Cessation of all public works with the exception of essential road maintenance.

Withdrawal of assistance to all but the largest exhibitions.

Reduction in the number of public ferries.

Elimination of assistance to the construction of mining roads, trails and bridges and reduction of departmental technical services.

Reduction of government agencies from 37 to seven. Such agencies include mining recorder, stipendiary magistrate, registrar of births, marriages and deaths.

Closing of British Columbia House in London, England, and turning the work over to Canada House.

The committee which conducted the investigations upon which it based its report was composed of five members. Its report was submitted to the government several weeks ago while Premier Tolmie was in Ottawa. Its release was allowed after the government members had time to review its recommendations.

$50,000 Cart

DESIO, Italy, August 30. — (C.P.). — When Pietro Sala, music teacher, saw a small boy dragging a toy cart made out of a violin and some wheels, he paid the lad 25 cents for it. Inside the instrument he found a tag saying: Antonius Stradivarius-Cremonensis Facebat—Anno 1717. If the violin proves to be a genuine Stradivarius, Sala estimates it is worth $50,000.

AUGUST RELIEF TOTALS $4,695

Amount Distributed By Charity Board $28,573 This Year.

$22,325 FOR PROVISIONS.

A total of $4,695.36 was distributed in relief to city families during August through the Central Charity Board. It was reported last night at the Board's regular meeting. This makes a total in relief through the Board during the present year of $28,573.47.

A total of $3,933.00 was distributed in provisions during the month bringing the total for the year for provisions up to $22,325.30. In fuel $109.85 was given out making the year's total $3,192.95. The value of milk distributed during the month totalled $359.01, bringing the year's total to $1,440.39. Homes accounted for $69.50 with a total for the year of $977.50, while sundries made up the remainder, $224.00, making the sundries' total for the year $637.33.

TWO POLICEMEN TO FACE COUNTS

Manslaughter Case Follows Fatal Shooting of Burglar Suspect.

'UNNECESSARY VIOLENCE.'

DETROIT, Aug. 30. (CP)—Backed by the verdict of a coroner's jury that included a protestant minister and a Rabbi, prosecutor Harry S. Toy was preparing today to ask for warrants charging two policemen with manslaughter for the death of a prisoner who was wounded while in their custody.

The charges, Prosecutor Toy said, will be preferred against Detective Vincent Hoesel, who police said, fired the shot that struck David Cantor, burglar suspect. Patrolman Cash Ryan was with him when the shot was fired.

The jury's verdict, returned late last night, was that Cantor came to his death from wounds inflicted by an officer of the law who in exercise of his legal duty resorted to unnecessary violence.

Hoesel was detained at police quarters, deprived of his gun but pemitted to retain his badge. Ryan was not detained.)

SOAP AND MOPS FOR BOYS WHO DAMAGED CLASS ROOMS

BOSTON, Aug. 30.— Mops soap and brooms were substituted for the hickory stick yesterday for eight South Boston boys who had sought to delay school days by damaging class rooms in the Michael J. Perkins School. The boys, all under 12 years of age, went to work under orders of the South Boston District Court. It was a cheerless group that toiled in the chaos of upturned desks and book-littered floors.

LINEMAN HANGS SUSPENDED ACROSS WIRE HIGH IN AIR

GUELPH, Aug. 30. — Losing his grip while working on a 40-foot hydro pole on Yorkshire street Monday, Harry Evans, a city hydro lineman, escaped death when he fell across a 2,300 volt line ten feet below. Evans, who was suspended across the wires 30 feet in the air, was rescued by fellow workmen, who lowered him to the ground by ropes. He was removed to the General Hospital, where he was found to be suffering from serious burns.

Fascism's Shadow Looms Over Reich In German Crisis

Breach Between Junker Government and the Hitler Party Has Widened to Point of Keen Opposition.

VON PAPEN INTERVIEWS PRESIDENT DISPERSAL OF PARLIAMENT MOOTED

Berlin Bristles With Police as Political Tension Increases—Members of Cabinet Meet Von Hindenburg.

BERLIN, August 30 (C.P.). — Germany reached today another of the bewildering crossroads that have marked her history since the war—and this time the fate of parliamentary government hung in the balance.

The capital fairly bristled with police for the occasion, the gathering of the sixth Reichstag since 1919. The Landtag, or Prussian Diet, also was assembling and each had an organizing session before it.

Even before the 608 members of the Reichstag took their seats there confronted them the threat of a dissolution decree, a contingency attested by Chancellor Franz Von Papen's absence.

Accompanied by Cabinet.

He was in Neudeck, East Prussia, with President Paul von Hindenburg. He had with him his Minister of Defence, Gen. Kurt von Schleicher, his Interior Minister Baron Wilhelm von Gayl and the Presidential Secretary, Otto Meissner.

The decision of the key men in the Junker Government which has held its power by presidential decree to quit the capital on the very day the Reichstag met, served to focus attention on the real source of authority in Germany to-day—Paul von Hindenburg.

The Chancellor's party went to Neudeck to report the government's plans for reconstruction, which includes nearly $500,000,000 in tax refund and employment schemes. In the light of recent political events it was possible the Chancellor would get the President's consent to send the Reichstag home.

Explode Hitler.

This was predicated on several recent developments, the latest of them Von Papen's refusal to permit the powerful Fascist leader, Adolf Hitler, to participate in the government. This came at a luncheon attended by the two yesterday, and was followed by Hitler's point-blank reply, given his 230 members of the Reichstag—by far the largest single bloc—that the breach between him and Von Papen had widened to the point where the Nazis could no longer support nor tolerate the Parennial Cabinet.

VON PAPEN SEES SLUMP ON WANE

Takes Risky Move in Advocating Tax Refunding System for Germany.

AIMS TO CREATE JOBS.

BERLIN, Aug. 30. —(AP)— An authoritative interpretation of the government's new economic programme for Germany as given today showed a controlling factor was the belief the world depression is nearing an end.

Even so, Chancellor Franz von Papen spread the element of risk in one phaseof his plan as outlined Sunday, namely, the tax refunding system, over a five year period. It was admitted this was a loss of nearly $41,000,000 annually in tax revenues.

The programme proceeds from the realization the supreme problem is the creation of work. Public emergency work alone cannot make an appreciable dent in the army of jobless, hence private industry must be encouraged to create jobs by increasing production.

As the world depression according to all advices is nearing an end —so the plan is interpreted — the time has now come for risking a big sum, namely 2,300,000,000 marks (currently about $550,000,000 for increasing production.

Split In Two Parts

This sum falls into two lumps—one totalling 800,000,000 marks as a premium to concerns increasing their number of workers, and another totalling 1,500,000,000 marks in the form of negotiable certificates good for refunding certain taxes during the five years beginning in 1934.

The 700,000,000 marks will be appropriated by the Reich on the basis that for every new employe an employer engages beyond the same number enrolled a year ago, the Reich will pay 400 marks premium annually. If the entire 700,000,000 marks in invoked, 7,750,000 jobless will be given work.

As for the 1,500,000,000 marks tax refunding certificates, the government will issue them for a certain percentage of every business-retarding tax, such as the turnover tax.

O'KELLY IS OPTIMISTIC ON SPLIT WITH ENGLAND

DUBLIN, Irish Free State, Aug. 30. (CP)—Sean O'Kelly, vice-president of the Free State executive council, returned from the Ottawa Imperial Economic Conference today optimistic over the prospects of breaking the Anglo-Irish trade deadlock.

Although he did not go into his reasons the vice-president said: "There is definitely more hope than before the Ottawa Conference. I am sure the British understand our position thoroughly now.

O'Kelly will report immediately to President Eamon de Valera.

HACKED TO DEATH.

CRAWFORDSVILLE, Ind. — Miss Lila Jones, 33, a school teacher, was hacked to death by Morris Green, 22, when she repulsed his advances. Sheriff V. L. Bowers stated the attack occurred when Green found Miss Jones alone at her parent's farm when he went there to borrow a tool kit.

HER MOTHER TOLD HER

EVERY month it was the same story—Headaches and backaches. Jumpy nerves. Always tired out by mid-day.

She hated to talk about her trouble. She tried to hide it. But you can't hide things like that from a mother. So her mother told her—what *every* mother should tell her daughter.

Lydia E. Pinkham's Vegetable Compound was made for just such trying times. Taken regularly it ends fatigue and irritability. Makes life worth living . . . every week . . . every month. Won't you give it a chance to help you?

Lydia E. Pinkham's VEGETABLE COMPOUND

An Old Fashioned Custom

NEW YORK, August 30 (C.P.)—Where do you suppose Harry Rosenthal, sophisticated orchestra leader, and Marjorie Devoe, Ziegfeld beauty, are going to spend their honeymoon? At Niagara Falls. This is an old fashioned wedding that is going to stay put, he said after the ceremony yesterday, and Niagara Falls is as good a place as I know for an old-fashioned honeymoon.

URGE FARMERS GET TOGETHER

Weir Advocates National Advisory Board to Continue Work of Co-ordination.

ARCHIBALD, CHAIRMAN.

TORONTO, Ont., August 30 (C.P.). — Dividing into committees for intensive work, Canada's first conference of agricultural experts, Federal, Provincial, and academic, to-day grappled with the farmer's greatest problem — how to make farming pay when prices are low.

Summoned by the Minister of Agriculture, Hon. Robert Weir, more than 100 delegates from nine provinces set out on a program of co-operation which is expected to link all the agricultural services of the Dominion and give more practical assitance to the farmer than ever before.

A National Advisory Council to continue the work of co-ordination was advocated by Mr. Weir at the opening session, and possibly Provincial Councils to deal with problems of purely Provincial importance. Agricultural organizations, he continued, should join forces rather than work separately on the same problems.

Farm leaders must get together, added Mr. Weir, if they are to take full advantage of the new opportunities for export offered by the trade pacts concluded at the Imperial Conference. They must also show the farmer where he is losing money and how he can spend his efforts more profitably.

Dr. E. S. Archibald of Ottawa was was elected permanent chairman of the conference.

FIRE DESTROYS AUNGER BUILDING

Farm Property at Blairton Struck by Lightning Bolt During Week-end Storm.

A HEAVY LOSS.

BLAIRTON, August 30 (Examiner Correspondence).—Struck by lightning during the course of the electrical storm which swept this district during the week-end, a large frame barn on the premises of W. R. Aunger, at Blairton, was destroyed in a spectacular blaze early Saturday afternoon.

The building and its contents were a total loss.

So quickly did the flames spread, that although neighbors hastily gathered, it was impossible to save anything from the blaze.

Mrs. Aunger, who was alone at home when the fire broke out, made an attempt to remove her car, which was stored in a combined drive-shed and workshop at one end of the barn, but was compelled by flames to abandon the effort.

Mr. Aunger was occupied with work on his lower farm at the time, and was not aware of the blaze until informed by a neighbor.

In addition to the car, a coupe of recent make, the loss included a buggy, cutter and a considerable number of tools, along with about ten tons of hay, and a young calf.

Fortunately, the direction of the wind prevented the flames spreading to the nearby house and outbuildings.

FOUR YEARS.

REGGIO, Italy.—Brought to trial on a minor charge, Giorgio Manari didn't like the way the Judge was conducting the case. He took off his shoe and flung it at the Justice, who ducked and said: Four years.

Lime Kiln of Early Days Unearthed Near Toronto

TORONTO, Aug. 30. (CP) — Joseph Larman, Bayview, near here has unearthed the remains of a domestic lime kiln of about 80 years ago. He was levelling part of his property when he discovered a cylindrical, baked clay wall enclosing a mass of variegated rock and glazed cinders.

Dr. J. L. Walker and Prof. A. L. Parsons of the Ontario Museum declared the hard rocks had been used to form the sides of a cylindrical hole made in the ground for a lime-burning kiln. In the early days of slow oxen transportation, farmers would often burn limestone on their own property for themselves and their neighbors, they said.

ASK GOVERNMENT TO INTERVENE IN LANCASHIRE COTTON STRIKE

Official Claims Move Must Be Taken and the Sooner the Better.

YEAR OF DISPUTE.

MANCHESTER, Aug. 30 (C.P.)—The call for Government intervention in the strike of Lancashire cotton weavers grew to-day, with Sir Kenneth Stewart, former chairman of the Lancashire Cotton Corporation, declaring the step must be taken sooner or later. And the sooner the better, he added.

Sir Kenneth said it was not a case of one side being right and the other wrong. Neither side is stupid or unreasonable. It is a matter for compromise, and the Government alone is qualified to arrange it.

From another quarter came a similar suggestion. Joseph Compton, former Labor member of Parliament for the Manchester-Gorton division, who holds great influence among the millworkers, wired directly to His Majesty at Balmoral Castle that all classes of Lancashire people look to the ministers to attempt a settlement of this ruinous upheaval.

Minister of Labor Mum

Despite the demands for intervention, Sir Henry Betterton, Minister of Labor, maintained official silence in the absence for united action on the part of employers and employees.

Estimates differed as to the extent of the strike, which began after nearly a year's dispute over a 10 per cent wage cut, and attempts to spread the system of more looms per weaver. The most conservative estimate was that 112,000 had answered the strike call, out of nearly 200,000 weavers. Leaders of the workers claimed 160,000 were out.

At any rate, very little disturbance has been reported. The strike is in its sixth week at Burnley, where all mills are stopped, a number are out at Manchester, and mills are stopped at Nelson and Colne, Haslingten and Wigan.

FOR SECOND TIME IN DECADE PETERBORO IS ON ZONE'S EDGE DURING SUN'S TOTAL ECLIPSE

Shadow Starts 2.11 P.M. Wednesday and Ends About 4.30.

MAY BE PHOTOGRAPHED.

City to See Sun With 96 Per Cent. Light Shut Off—Use Smoked Glass.

For the second time within a decade, Peterborough is just outside the zone which will constitute the path of the moon's shadow across the surface of the earth during the total eclipse of the sun occurring to-morrow afternoon at about 3.30 E.S.T.

It will be recalled that the last eclipse, seen here about seven years ago, occurred early one morning and that the sun's light was nearly blotted out, Peterborough being on the very edge of the shadow of the moon as it completely shut out the light of the sun further north of here.

According to information received here, Peterborough will be a position to see the eclipse with about 96 per cent of the sun's light and sun's surface cut off by the moon. Provided the day is clear, the remaining 4 per cent will be almost sufficient to light the countryside, but there will be a darkness as though of a storm.

Take Precautions

It will not be possible to look at the sun without the use of smoked glass, or exposed negative from a roll of films. Those sufficiently interested to take notice of the eclipse are especially warned not to use binoculars unless the same precautions as to smoking the glass, or using an almost opaque film, are taken. Otherwise, severe damage to the sight might result. It will be possible with the use of an ordinary magnifying glass to focus it upon a piece of paper and secure the image.

Can Be Photographed

It will be possible also to train the lens of any ordinary camera upon the sun at the time the eclipse is nearest the totality here without any special adjustments as to timing. However, the resulting picture will reveal only a very narrow strip of the sun, and the image will look very much like the moon when it is new. To the naked eye the sun will appear very bright.

Starts at 2.11 p.m.

The eclipse of the sun will be a lengthy affair, commencing at 2.11 p.m. Wednesday, when the moon will first start to intercept the sun's rays on this portion of the earth. Gradually it will cut deeper across the sun's face until at 3.24 p.m., it will almost completely efface it. From then on, more and more of the sun will become visible until finally, about 4.30 p.m., it will again be shining brightly, with nothing between it and the earth.

It will be unfortunate if it so happens that to-morrow is cloudy, as the phenomenon is really worthy of marked attention. If it does happen to be cloudy, it will be just about like dusk at 3.30 p.m. Many a bird will go to roost only to arise again a half-hour later cheated of a good night's sleep.

The path of the shadow of the total eclipse will sweep across the American continent in a semi-circle, the exact centre of the shadow will enter on the Atlantic coast a hundred miles or more north of Boston, sweep on up through the New England States, passing through the province of Quebec and Montreal, and finally pass on up through Western Quebec and Northern Ontario and out through James Bay. Boston, Montreal and Quebec are just on the fringe of the shadow of the totality.

Attendance Figure 55,000 Below Mark

TORONTO, August 30 (C.P.) — The turmoil and excitement of Young Canada Day over but with attendance figures 55,000 below last year's mark for the opening three days, the Canadian National Exhibition to-day continues a busy week's program.

While the remaining entrants in the big swim which will feature Wednesday's program, undergo medical examination, the main feature of to-day's program is Highways and Automotive Day.

Although the figures are considerably below last year's total Exhibition officials look to larger crowds the remainder of the week as each of the opening days saw light rainfalls.

Canada's principal production of silver is from silver-lead-zinc mining in British Columbia and silver-cobalt mining in Ontario.

Shanghai's automobile buying this year is limited almost entirely to small cars.

Life insurance policies in Norway are more numerous than a year ago.

Thomasburg Woman Badly Hurt By Car

THOMASBURG, Aug. 30 (Examiner Correspondence).—Mrs. Alex. Crawford had both legs broken here on Sunday when she was struck by a car driven by Arthur Blakely of Chapman. Miss Emma Porter kindly opened her home, where Mrs. Crawford was taken for first aid, until the doctor could get there. Mrs. Crawford had attended the memorial service and was walking across the road when the car struck her. She was taken to Belleville General Hospital by Dr. H. E. Welsh.

TWO SUSPECTS TAKEN IN RAID

Pair in Custody of Mounties Believed Makers of Counterfeit Coins.

PLANT SEIZED.

VANCOUVER, August 30.—Royal Canadian Mounted Police yesterday raided a house on Hornby Street, close to the business section of the city, arrested two men, and uncovered what they believe to be the headquarters of a counterfeiting ring which has been flooding this section of the country with spurious 50-cent pieces for some months.

Arraigned in court, the two men, William McLibridge, 33 years old, and William Richardson, 26, pleaded guilty to a charge of counterfeiting. They were remanded until to-day for sentence.

The coins were made in plaster of Paris moulds, babbitt metal being used and the coins delicately touched up with fine files. A large number of spurious silver coins and a counterfeiting plant were seized, the police report.

Bethany

Mr. and Mrs. Payne were visitors to Toronto on Friday when they attended the Canadian National Exhibition.

Mr. Victor McCartney of Cornwall is spending the week end with his parents, Mr. and Mrs. William McCartney.

Mr. Tom Sisson of Sarnia is visiting his sister, Miss Hannah Sisson and other relatives in the vicinity this week.

Arnold Porteous, small son of Mrs. Claude Porteous, had the misfortune on Wednesday evening to be severely bitten by a dog which accompanied him to drive in the cows for the evening milking. The dog was immediately destroyed and the child put under the care of Dr. McNeil of Pontypool.

Mrs. Fred Thompson is visiting friends at Ebenezer in the neighborhood of her former home.

Mrs. Hugh Logan of Toronto is visiting friends at Brunswick.

Mrs. Harold Monk of Detroit motored from Detroit, stopping off at Montreal with friends and arrived in Bethany on Saturday afternoon to join her husband who spent the past week with his parents. They left later for Toronto, where they will visit friends enroute to their home.

Mr. Dickson of Toronto spent the week end the guest of Mr. William Davis.

Miss Yvonne Rowan spent Saturday in Peterborough the guest of her grandmother, Mrs. Elizabeth Reynolds.

Mrs. Ida Carscadden, teacher of the Public School, arrived home on Saturday after a six weeks' vacation spent in Europe.

There will be a meeting of the Women's Auxiliary of St. Paul's Church at the home of Mrs. William Morton on Thursday, September 1.

Mr. Clarence Neal was the victim of a painful accident on Saturday afternoon when engaged driving a large rake, the iron came off the end of the tongue which fell to the ground. Mr. Neal was thrown in behind the horses' heels and dragged along the ground with the teeth of the rake for some distance. He was more or less bruised and suffered a broken bone above one ankle. Mr. Neal was taken to Peterborough for an X-ray and then taken back to his home.

Word was received by Mr. A. B. Ryley on Saturday of the sudden passing of Mr. Alfred Ryley of Winnipeg, the last of the four brothers. The late Mr. H. H. Ryley was a younger brother, who carried on the large general store at present owned by Mr. A. B. Ryley, and operated under Superior Store basis. Interment will be at Brampton, Ont. Two sisters, Miss Mabel Ryley and Mrs. James Preston, both of Toronto, survive.

Suffered Severely With Pimples Over Face. Cuticura Healed.

"For over a year I suffered severely with pimples that were scattered all over my face. At first they were small and I paid little attention to them. Later they became hard, large and very itchy, causing me to scratch, and when I scratched them they used to fester. They were very painful.

"A friend advised Cuticura Soap and Ointment so I purchased some. After using one box of Ointment and one cake of Cuticura Soap they started to get better, and before I had finished the second box of Ointment they were healed." (Signed) Miss Margaret E. McDonald, Knowlhamgate, N. B.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold everywhere. Sample each free. Address Canadian Depot: Lymans Agencies, Limited, 344 St. Paul St., W., Montreal.

FARMERS CLASH WITH SHERIFFS IN PRICE STRIKE

Constables Injured When Attacked With Sticks and Pipe.

LINES EXTENDED.

Flare-up Over Transport of Hogs Into Cushing, Ia.

DES MOINES, Iowa, Aug. 30.—(CP)—While Sheriffs were adding to their forces of deputies and county attorneys were preparing for grand jury investigations—both steps designed to end picketing—leaders of the farmers' holiday movement, seeking higher prices for produce, to-day were endeavoring into to extend their lines.

At Des Moines law enforcement officials began a new drive to prevent further violence, following a flareup in which special deputies were injured.

The officers were hurt in a clash with picketing farmers near Cushing, Iowa, last night. A running fight between the farmers and 50 officers occurred while the deputies were escorting five truck loads of hogs to the Ida county line. The deputies said the strikers attacked them with lead pipe and sticks. Thirteen strikers or sympathizers were arrested, and Sheriff Carles F. Keeling said he would swear in 100 special deputies.

A union of farm co-operatives in fifteen states, designed to increase farm commodity prices, will be proposed at the governor's conference in Sioux City, Ia, Sept. 9, by Governor Floyd B. Olson of Minnesota. Under Olson's plan all co-operatives would select an executive committee to determine a fair price scale for farm commodities of all classes. Then members of the co-operatives would be called on to withold their products until there was a market based on that price level.

BRITAIN'S SLATE ALMOST CLEAN

Credits Will Be Wiped Out When 2,500,000 Francs Repaid Sept. 10.

U. S. CLEARED OFF.

LONDON, August 30. — With the repayment of 2,500,000,000 francs to France on September 10, the United Kingdom will have repaid in full the entire amount of foreign credits obtained by the Treasury in the financial crisis of September, 1931.

The credits totalled $200,000,000 from the United States and 5,000,000,000 francs from France, of which half was advanced by banks and the remainder subscribed by the French public in the form of bonds.

The whole of the United States credit was repaid by the treasury in March and April, with the right to re-borrow $50,000,000 at any time up to August 26. This right not having been exercised will now finally lapse. The portion of the French credit granted by the banks was repaid in March with the right to re-borrow at any time up to Septembe 10; not only will this right be allowed to lapse but the remaining 2,500,000,000 francs will be repaid on the date due, thereby finally extinguishing both credits.

WON CAR AT ENNISMORE.

The drawing for prizes in connection with St. Martin's church lawn social, Ennismore, took place last evening. The prize winners were as follows:

Car—Mr. A. Douglas, 505 King street, Peterborough.

$10—Margaret O'Donoghue, Ennismore.

$10—Rt. Rev. Monsignor McCall, Lindsay.

$10—Lillian Perdue, Ennismore.

$10—Mrs. P. Forbert, Lindsay.

AND "BARNUM" WAS RIGHT

Barnum, the circus man, once said of advertising: "If you have $10 to put to good use, put up one for the article and the other nine dollars for advertising. I can out-talk any man on earth but a printer. The man that can fiddle around with sticks of type and the next morning talk to a thousand people while I am talking to one, is the man I am afraid of . . . I want him for a friend."

NEIGHBORLY NOTES

Please phone items to 1800 or 1801

Miss Veronica Scollard of Reid Street has returned to the city after visiting relatives in Ottawa.

• • •

Mrs. C. M. Cameron of Los Angeles, California, is the guest of her sister, Mrs. B. W. Harvey, Sherbrooke Street.

• • •

Mrs. B. P. Walton of 700 Water Street is spending a few days in Toronto with her son, Mr. J. J. Walton, of 964 Queen Street West.

• • •

Mrs. G. A. Benor of Stewart Street is still ill in Nicholls Hospital.

• • •

Week-end guests of Mr. and Mrs. L. I. Hamley of Elias Avenue were Mrs. Craig and Miss Annie Craig of Guelph; Mr. and Mrs. Leonard Klumpp of Detroit; Miss Alma Griffis and Miss O'Leary, of Lindsay.

• • •

The many friends of Miss Ann Golding of Toronto and the summer colony at Chemong Park, will regret to learn of her sudden return home from a trip down the St. Lawrence, suffering from rheumatic fever.

• • •

Mr. and Mrs. H. K. Clifton are occupying the Davidson cottage at Chemong Park.

• • •

Mr. and Mrs. Ira Donnell of Toronto have returned home from their summer cottage at Buckhorn.

• • •

Mr. and Mrs. G. D. Carlisle and family have returned to the city from their summer home at Stoney Lake.

• • •

Mrs. Dawson and children, of Toronto, who have been in one of Mr. J. K. Hughes' cottages at Chemong Park, have returned to their home.

• • •

Mr. and Mrs. C. E. Smalley have returned to their home in Toronto from their summer cottage at Buckhorn.

• • •

Dr. F. O'Reilly, with his aunt and cousins from Toronto, Mrs. O'Reilly and the Misses Marguerite and Kathleen, and the latter's visitor, Miss Mary Sykes of Toronto, have returned home after spending some time in one of the cottages at Chemong Park.

• • •

Mr. and Mrs. W. A. Richardson and family have returned home from their summer cottage at Stoney Lake.

• • •

Miss Dora LaPointe, who has been nursing at the Sea Side Hospital, New York, is now at St. Peter's Hospital, Albany, N.Y.

• • •

Miss G. Grant Davidson, of Windsor, Ontario, is visiting the Misses Davidson, Aylmer Street, and other friends in the city.

• • •

The friends of Leonard Phillips, son of Mr. and Mrs. A. Phillips, Antrim Street, will be glad to learn that he is recovering after his recent illness.

• • •

Mr. and Mrs. George Mills and family, of Fairfield, Connecticut, left for their home yesterday morning after spending the past few days at Chemong Park.

• • •

Miss Fanny Dixon of Harvey Street is holidaying at Stoney Lake.

• • •

Mrs. G. Pakenham of 737 Water Street is spending a few days in Toronto, the guest of her brother, Mr. Arthur Kingdon of 119 Glen Forest Road.

• • •

Mr. and Mrs. W. G. Shiner are holidaying at Stoney Lake.

• • •

Mrs. Kruel left yesterday for her home in California, after coming to the city for the funeral of her daughter, the late Mrs. Richard Cook.

• • •

Mr. J. G. Belleghem of the staff of the Bank of Montreal, La Salle Street, Chicago, has returned home after visiting his brother, Mr. Walter Belleghem, and his sister, Miss Laura Belleghem.

• • •

• • •

Miss Watson and Miss Suddard, of St. Catharines, are occupying Mr. Harry Forler's small cottage at the rear of the Pavilion, Chemong Park.

• • •

Mr. and Mrs. F. C. Webber and children are spending some time at their cottage, Chemong Park.

• • •

Mr. and Mrs. C. P. Borland entertained the staff of the Bank of Toronto at their summer home at Chemong Park on Sunday afternoon.

• • •

Mr. and Mrs. Corcoran (formerly Miss Bernadette Galvin) of Rochester, N.Y., and Mr. Roy Galvin, of Detroit, returned home this week after holidaying for some time at Chemong Park.

• • •

Miss Pearl Burnham of Millbrook, with her charges, members of the C.G.I.T. group in Millbrook, returned home yesterday after spending a week at "Sunset Cottage," Chemong Park. The group included Marian O'Brian, Phyllis Kidd, Madeline and Dorothy McDowell and Mary Burnham. A number of young girls from the district visited Chemong for the holiday season this year. The above group was from Millbrook, while another group from Havelock occupied a cottage in the park, and seventeen members of the Girls' Softball Club from Keene were in Mr. Orville Jinks' cottage.

JAMES G. EDWARDS DIES IN LINDSAY

Was Born in Peterborough 87 Years Ago.

The death of James George Edwards of Lindsay on Saturday last removed one of the pioneer business men of Lindsay and a native of Peterborough who has many relatives in this city.

The late Mr. Edwards, who passed away in his 87th year, had been in failing health for some time.

Born in Peterborough, he was of old English stock, his grandfather having settled in the Ottawa Valley shortly after the Napoleonic wars.

Previous to going to Lindsay in 1881, where he became a merchant leader in the hardware business of the town, he spent ten years in business in Bobcaygeon.

An Anglican and a member of the Masonic Order, the late Mr. Edwards was a progressive businessman and also a keen sportsman. He was a charter member of the Lindsay Curling Club, a leading member of the Lindsay Canoe Club in the late 80's and early 90's and was the father of the movement which brought Lindsay its present fine golf and country club.

He is survived by his widow, yhose maiden name was Winnifred Dunsford; six children, Phyllis, of New Westminster, B.C., Mrs. James MacLachlan of Durham; Nora, Geoffrey, Fred and Naomi, of Lindsay; and two brothers, D. C. Edwards of Toronto and George Edwards of Denver, Colorado.

Recipient Of Relief Had Savings Account

His $100 bank account and $100 in bonds will make it necessary for a local man to return to the Central Charity Board the $60 in relief he has obtained during the past several months. His case was considered by the Board last night and City Clerk Armstrong was instructed to order the man to return the relief money.

The case was discovered following some detective work by the staff of A. G. Metheral, relief officer. The man was noticed in a local bank making a withdrawal from his account.

Later, under questioning, he admitted the account and ownership of the bonds. Asked why he had made the statement when signing the relief form that he had no funds, he replied "I didn't think $200 was worth mentioning".

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

A METHOD OF SERVING MACKEREL which is little known in this country, I am told, may prove of interest to homemakers.

• • • • • • •

It is one familiar to travellers in Europe, as it is a French dish.

• • • • • • •

The fish is split and prepared as for broiling, but instead of doing it over the fire it is boiled in water. It should simmer gently so that the flesh is kept solid.

• • • • • • •

Before putting the mackerel in the boiling salted water, add one clove, a fragment of bay leaf, and a slice of onion. When the fish is tender, remove from the water and skin it.

• • • • • • •

Some prefer to skin it while hot, while others allow it to get cold first. Keep the fish whole. Do not remove the back bone.

• • • • • • •

After the fish is thoroughly chilled and is to be served, make a bed of crisp, well-washed lettuce, and lay the fish on it. Serve in strips on the leaves, and with mayonnaise.

• • • • • • •

It can be garnished with slices of lemon, thin slices of radishes, parsley, or hard-boiled egg put in the lettuce and down the centre of the fish.

• • • • • • •

Use small mackerel for this salad. Two of about one pound each will make several servings. This salad is hearty, delicate in flavor, and attractive to serve.

• • • • • • •

It is an unusual dish for a luncheon or supper. With it can be served crisp potato chips cucumber or tomatoes, hot biscuits and butter, or bread and butter.

• • • • • • •

Mackerel baked in the oven until the under side is cooked, and then broiled under the gas flame, is delicious, and a little different if, while it is baked, it is basted with milk, a little of which is in the pan.

• • • • • • •

Season with salt and pepper and just a dash of celery salt. Sprinkle lightly with paprika and add a few tiny bits of butter. As mackerel is a rather rich fish, use but little butter.

• • • • • • •

Serve piping hot, garnished with parsley or water cress and lemon segments.

• • • • • • •

Left-over fish can be warmed up in milk and butter and make a second day dish of excellence. It can be escalloped with crumbs, with macaroni, or with rice.

• • • • • • •

When flaked and warmed in milk, an attractive appearance is given by piling the fish in the centre of a platter and making roses of mashed potato to edge the platter. Brush the top of each rose with white of egg, and brown delicately under the flame or in the oven.

• • • • • • •

Or a wall of mashed potato can be put around the fish and outside this a rim of hot string beans.

CULBERTSON on CONTRACT

by Ely Culbertson

275

AVOIDING A FINESSE

In play, many Bridge players are prone to take the obvious course, and in cases where the making of a hand appears to depend upon a successful finesse, they accept the even chance which such a course offers rather than study the combined holdings of the closed hand and Dummy to discover, if possible, a way in which the finesse may be avoided.

Recently, in a team-of-four match, in which The Bridge World team was pitted against another strong team in New York, the hand shown below was dealt:

West—Dealer.

Both sides vulnerable.

The Bidding:

(Figures after bids in table refer to numbered explanatory paragraphs.)

West	North	East	South
Pass	Pass	Pass	1♡
2◇	3♡(1)	Pass	4♡(2)
Pass	Pass	Pass	

1—North's hand contains 5½ playing-tricks in support of his partner's bid. He, therefore, has a direct bid of three hearts or an optional bid of four. Inasmuch as partner has opened the bidding, vulnerable Fourth Hand, he knows that it is not necessary for him to give the optional Raise.

2—South's hand is slightly stronger than required for an Opening bid in his position. Assured of adequate trump support, he raises the contract to game.

The bidding was the same in both rooms.

In the room where Mr. Michael Gottlieb was seated South, as partner of Mr. Theodore A. Lightner, playing North, the Ace of diamonds was opened, and West, after seeing the Dummy, led the singleton spade. This South won with the Ace. A casual and surface study of the cards would appear to indicate that the success of South's contract depends upon whether or not the Queen of spades is located in the East hand. However, the [illegible] surface reasoning and [illegible] of tention is, is incorrect. Mr. Gottlieb had a much better plan of action. Drawing the adverse trumps, he then ruffed his last diamond in the Dummy and led a club, which West won with the Knave. West was now in a difficult position for a lead. It seemed apparent that South had no more diamonds. Therefore, to lead that suit would give the Declarer a ruff in one hand and a discard in the other. West thus was placed in the position where he was forced to lead a club, and chose to exit gracefully from his own hand by leading the King. South won with the Ace and returned his last club, which East won with the Queen. East was thus helpless. His hand contained nothing but the King of diamonds, three spades and a club. Rightly making the better choice, because it was barely possible that South still held a diamond, East led the King. South discarded a spade and the trick was won with a trump in Dummy.

In the other room, South elected to play the hand upon the basis of a successful finesse in the spade suit. In consequence, East and West made one spade, one diamond and two clubs, and defeated the contract.

The hand is a beautiful illustration of the value of correct planning, as well as accurate execution of the plan.

TODAY'S POINTER

On many hands, the play for a finesse will lose, but the Declarer has available the much safer elimination play.

Tomorrow's Hand

The bidding and play of the hand printed below will be discussed tomorrow:

North—Dealer.

North and South vulnerable.

East and West not vulnerable.

Study the hand, decide how you would bid and play it and then compare the results you obtain with those shown in tomorrow's article.

DOMINION STATISTICS

According to a bulletin issued by the Dominion Bureau of Statistics, births registered in July in 54 cities of Canada numbered 6,916, deaths 3,364 and marriages 2,783 as compared with 7,363 births, 3,627 deaths and 2,730 marriages in July of last year showing a reduction of 6½ per cent in births, and 10½ per cent in deaths and an increase of two per cent in marriages.

Births registered in these cities during the seven months January-July of this year totalled 47,826, deaths 27,281 and marriages 15,470 as against 50,891 births, 27,043 deaths and 16 553 marriages during the corresponding period last year. This comparison shows a decline of 6½ per cent in births, an increase of one per cent in deaths and a reduction of 6½ per cent in marriages.

GOD'S LOVE FOR MAN EXTOLLED

Evangelist Johnstone's Message at Sunday Night Service.

"WHITE TOP TABERNACLE."

Evangelist Johnstone at the "Big White Top Tabernacle" Sunday night delivered an inspiring message on "God's Love for Fallen Humanity." His text was from St. John iii., 16.

Some people, Mr. Johnstone said, imagine God to be a cruel, exacting God, Who delights in wreaking vengeance on wrongdoers. That is not a right picture of God. He is just certainly, but He is merciful, long-suffering, patient and, above all, loving, with a great compassionate heart, yearning over sin-ridden humanity. How little any of us really know or understand Him. At Christmas time, when we all send gifts to one another, we should think more of the giver than we do of the gift. I believe in a hell, he said. I believe in eternal punishment. God would not be just if He didn't punish sin.

Do we deserve to receive gifts from God? Man is so small, compared to God's greatness, that we are but atoms in His great universe. Yet how great was His love for us, that He gave His only begotten Son and the express image of His Own person. God was in Christ reconciling the world unto Himself. What does the gift mean to us in the breaking of the power of sin? It means more to us than a mere fire-escape from hell. Which of us hasn't tasted of the cup of sorrow, tasted the pangs of pain, the wasting power of disease, against which we are impotent? God's gift gives us life, perfect life, without sorrow or pain, everlasting life. Eye hath not seen, ear hath not heard, neither hath it entered into the heart of man the things God has prepared for them that love and accept His gift. To whom did God give this gift? To His friends? No, for while we were yet sinners, Christ died for us. His gift was to a cruel, Godless world. His gift is a revelation of His divine character, and we love Him, because He first loved us. The world so little appreciated God's gift, that they hanged Him on a tree, the cross of shame. Do we have to do anything to obtain this gift? No. If we work for what we get, it comes to us as a wage, not as a gift.

Evangelist Johnstone is a powerful speaker, with a personality that lends force to his message.

COLLAPSED IN COURT

Prisoner Overcome By Effects of Liquor

Collapsing in the prisoner's dock in police court this morning as Magistrate Langley was reading the charge against him, a local man fell to the floor with a thud. He could not plead and was carried downstairs to a cell by two constables and was attended there later by a doctor.

Police believe that bad liquor caused this stupefying illness. He was charged as a second offender under the L.C.A. Last Saturday he had been permitted to leave jail on the promise that he would leave town. Found drunk on the street last night he was re-arrested.

The doctor reported that his condition was not serious, and that his collapse was due to liquor and excitement.

OPENED IN 1898 BY HOOVER AUSTRALIAN MINE DOOMED

PERTH, Australia, Aug. 30.—The great gold mine in Western Australia, "Sons of Gwalia," which Herbert Hoover established in 1898 when he was a young mining engineer, is doomed. The reason is that production is falling and capital has been reduced by half to $935,000. The mine was one of the richest in the Coolgardie field.

SERVED TERMS FOR $30 A WEEK

Montreal Woman Admits Going to Jail for Others on Morality Counts.

INVESTIGATION ON.

MONTREAL, August 30 (C.P.).—Self-confessed as a woman who served sentences for others condemned on morality counts in Recorder's Court, Fleurette Paquette, also known as Paulette Gagnon, yesterday was sentenced to an additional term of eight months in jail. She is at present serving nine months in jail on sentences intended for other women.

Thirty dollars a week was the Paquette woman's fee for serving jail terms, she confessed. The levelling of yesterday's charge against her followed in the wake of discovery by Director Dufresne of the police department that personation hoaxes had been played upon justice by a "proxy ring" in Recorder's Court.

On March 22 last five women were called for trial on disorderly housekeeping charges. On each occasion, it was shown in court, the Paquette woman impersonated the keeper, pleading guilty each time and receiving sentences of three months in jail for each case, the sentences to run concurrently. She served the three months, being released on June 22.

On July 26 she was again before the court, pleading guilty to charges on behalf of eight women. This time there were sentences of nine months. The deception was subsequently discovered and admitted by the woman.

An assistant clerk of the court and a morality case officer have been suspended while the fraud is being still further investigated.

DIRECTOR'S WIFE DROPS SUIT AGAINST FILM ACTRESS

NEW YORK, Aug. 30.—(A.P.)—Two suits for an aggregate of $600,000 filed against Marlene Dietrich, motion picture actress, by Mrs. Rize von Sternberg, wife of Josef von Sternberg, motion picture director, were discontinued Monday. The terms of settlement were not disclosed.

Mrs. von Sternberg had sued Miss Dietrich for $500,000 for alienation of the affections of von Sternberg and for $100,000 for alleged libel.

NORWOOD HIGH SCHOOL

1932 FALL TERM COMMENCES TUESDAY, SEPT. 6TH.

The work undertaken includes:
Lower School—A two-year course.

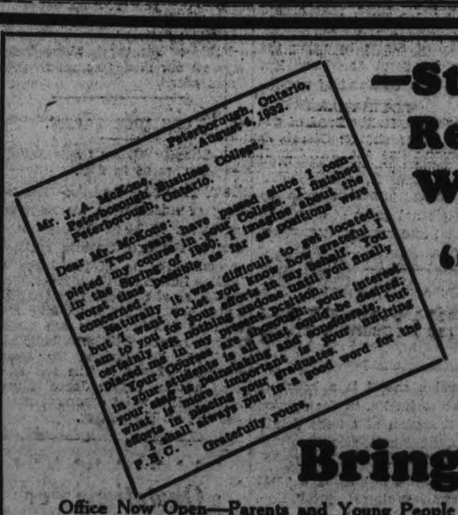
IT PAYS TO ADVERTISE



Peterborough, Ontario,
August 4, 1932.

Mr. J. A. McKone,
Peterborough Business College,
Peterborough, Ontario.

Dear Mr. McKone:

Two years have passed since I completed my course in your College. I finished in the Spring of 1930, I imagine about the worst time possible as far as positions were concerned.

Naturally it was difficult to get located, but I went to let you know how grateful I am to you for your efforts in my behalf. You certainly left nothing undone until you finally placed me in my present position.

Your Courses are thorough and practical in every detail. Shorthand is all that could be desired; your dictation is painstaking and considerate; what is gratifying and somewhat surprising is that your penmanship is now quite interesting. I shall always put in a good word for the P.B.C.

Gratefully yours,

—Still Another Reason Why We Say:

"Courses Taken at P.B.C. Bring Results"

Office Now Open—Parents and Young People should call now to get full particulars regarding our Courses. By doing so there will be no hurried decisions. 'Phone for appointments.

OUR COURSES

1. Primary Accountancy.
2. Shorthand.
3. Commercial.
4. Stenographic.
5. Complete Office Training.
6. Office Machine Course.
7. Dictaphone.

Fall Term Opens Tuesday, September 6th

TUESDAY, AUGUST 30 1932

EMPIRE FEATURES.

It is worthy of attention that the Peterborough Industrial Exhibition in its program for this year is in harmony with the patriotic note struck by the Imperial Economic Conference.

Its features are to be Empire in character for one of the United Kingdom's most widely known musical organizations, the famous Besses O' th' Barn Band, is to contribute its artistry to the program, while Exhibition crowds will be thrilled by Canada's smartest cavalry, the Royal Canadian Dragoons, in their musical ride. In addition the thousands who find in the midway the best feature of an exhibition will be entertained by a midway carnival that is all-Canadian in its organization and management.

This Empire color for this year's Exhibition should make the annual event one of the most striking in its history and will be appreciated by the people of this district generally.

NO NEED FOR THE LASH.

That despatch from Orillia the other day to the effect that the magistrate there had informed four boys who went swimming without bathing suits that they should have been lashed for "doing such a thing" will make a good many people wonder how a man who is so obviously out of touch with human nature should ever have been appointed a magistrate.

Talking about "lashing" boys for indulging in such a perfectly natural act as swimming in their "birthday suits" suggests the thought that if such punishment had followed every repetition of this offence, the majority of men holding high positions in Canada today would have to include in their autobiography the fact that in their youth they had known the sting of the whip of the law.

There must, of course, be some check on bathing in the nude, even by young boys when it is done to the annoyance of other people, but it is not surely an offence that calls for the lash or for keeping youngsters in jail for a day.

And after all when the costumes, if the word can be accurately employed, used on bathing beaches is taken into consideration it must be admitted that there is not a great deal of difference between the suits worn by bathers of both sexes and these complained of in the case of these Orillia youths.

A MOMENTOUS MEETING.

The Imperial Economic Conference at Ottawa has overshadowed all other events of the month, says the monthly business summary of the Bank of Montreal. It is not exaggeration, indeed, to describe it as the most momentous meeting in the history of the British Empire in relation to the material prosperity of its people. A precedent having been established, not for the last time will Britain and her Dominions have met to consider and conclude measures for mutual advantage of mutual interests, and it is this phase of the event which gives it high importance, second only to the actual accomplishments. Of the latter there are many calculated to promote the trade and enhance the prosperity of the British Empire by tariff preferences. Wider markets will be provided in Great Britain for natural products of Canada and other Dominions, such as wheat, live stock, lumber, copper, meats, fruits, while to many manufactured commodities of Great Britain, entry to Dominion markets will be made more easy in competition with those of foreign countries. A matter of consequence is that when the agreed tariff legislation become operative, it will have a degree of durability, giving opportunity for the enlargement of old and the development of new channels of trade within the Empire. Preferences introduced in the tariff of Great Britain a few months ago will continue until supplanted by wider concessions. The delicate and difficult question of Money and the Mechanism of Exchange, and other matters such as standardisation of products and percentage British content of goods to qualify for preferential tariff treatment, has been relegated to further consideration. Yet a tremendous step has been taken towards enlargement of inter-Empire trade, and a new conception created of the desirable application of Empire patriotism to practical uses. A little time must pass before the agreements reached are translated into law, as these require the approval of the Parliaments concerned, and it is probable the full details of intended action will not be disclosed until the confirmatory measures are submitted to the Parliaments.

CONTROLLING THE TRANSIENTS

Further study of the recommendations made by the Citizens' Advisory Committee appointed by the Ontario Government to study the relief problem strengthens the belief that this committee headed by W. R. Campbell of Windsor has made a decidedly good job of a troublesome task.

Particularly in its suggestions in regard to the necessity of dealing effectively with the transient unemployed will the report receive the approval of the great mass of the people of Ontario.

The committee stresses the seriousness of this feature of the unemployment situation.

"Your committee wishes to state very emphatically," the report states, "that it views with apprehension the evidences of a steady increase in transiency and of the menaces to the social well being which it represents."

The wandering around the country of thousands of idle men, the committee finds objectionable on the following counts: (1) The trouble caused to railways and railway crews, and recurring accidents; (2) the soliciting of rides on highways and the danger involved; (3) the practice of panhandling which is increasing in the business section of all the larger cities; (4) begging of meals at residences, which is also increasing; (5) the anxiety caused by the presence of unknown and unattatched men in the community; (6) the marked evidence of deterioration in capabilities and character and the growth of irresponsibility; (7) the tendency toward crime offered by indigency, idleness and being in a strange community.

The evils thus outlined are obvious to anybody who has given the least thought to the situation or who has the slightest knowledge of the conditions.

There are many men drifting about the country just now who have gone on the tramp largely because travelling is easier than in normal times and because the public is more than usually generous in its attitude toward those who claim to be victims of the depression.

Rides on trains, lifts along the highway are obtained without difficulty and charitably-inclined people in every centre supply food and often money.

The result is that the knights of the road are not only increasing in numbers but they are losing any desire to secure employment, satisfied if they can beg food and enough money for tobacco and in some cases for canned heat or some other substitute for liquor.

These conditions are making professional tramps out of large numbers of men and unless the problem is dealt with effectively and forcibly many of the wanderers of today will be permanently demoralized, shorn of all ambition to work and looking to the charity of the public to supply their needs.

The Advisory Committee has done a real service in pointing out the menace that has developed from this cause and in recommending a policy that promises to improve the situation materially.

The enforced residence and registration plan suggested by the committee would seem to be a well-thought out program, likely to produce most satisfactory results.

If all unemployed single men, and married men whose families are not in Canada, can be made to establish a residence, and each municipality provides facilities for supplying food and shelter for such of these man as have registered, then the whole problem is at once simplified. Begging from house to house and on the streets can be prohibited and the men who ignore the regulations and persist in remaining tramps can be dealt with effectively through the method suggested by the committee, that is by being placed in a government interment farm where they will be forced to work to obtain food and shelter.

The whole program in regard to transients is the first business-like proposal brought forward since the depression started and it is to be hoped that it will be brought into effect not only in Ontario but generally throughout the Dominion.

The Examiner does not mean to convey the idea that there are not large numbers of transients who are anxious to find work as many of those now moving about the country would welcome jobs and the policy suggested should be applied to such deserving case with a good deal of judgment.

But others—and their number is legion—look upon this tramping game as a racket and it is high time we stopped encouraging that belief if we do not want to develop a numerous class of plain tramps.

"IT'S CRICKET."

The famous Australian cricket eleven comes back to Vancouver not only to demonstrate its unusual prowess in the famous old game, but to show, unconsciously of course, how symbolic and typical is that game of British temperament and character.

Above all things, cricket is a game of honor and a game of patience. It sometimes requires five days to complete a single game of it.

What other race but the British would have the painstaking perseverance to labor through the long, broiling hours of bowling and batting—broken only by intervals for tea—that make up the game of cricket?

Can you imagine the French doing it? Or the Americans? These races require quick action, violent emotions, quick decisions and crises that raise the scalp.

In politics or in sport, they play to win. The British play for the love of playing.

Thus, cricket is a game to be played more than to be watched. It is a game to be played more than to be won.

It is true that a great star like Bradman may command a gallery of 30 to 40 thousand spectators. But the real cricket which symbolises the soul of England is played on some village green by a handful of young enthusiasts with only a few loiterers, a few small boys and the odd stray dog for an audience.

Cricket has its stars. But these stars are never ballyhooed. It is the team first and last. It is the team that wins, never the stars.

And it is Britain, not her leaders, that always wins too.

You might picture United States by using the composite photograph of a few great Americans. But Britain cannot be split up into outstanding personalities.

The crown of cricket rests upon the head of endeavor, not upon the head of success. The crown of English life rests upon the head of living, not upon the head of achievement.

Patient, earnest, plodding, unbeaten even by failure, England plays an eternal game of cricket in her political, business, social and cultural life.—Vancouver Sun.

EDITORIAL NOTES AND COMMENT.

Even the price of going up is coming down. Aeroplane rides can be had at Louisville, Ky., for 50 cents.

It is true that a pension award is a badge of honor, but that fact does not justify, in the opinion of many veterans, the publication of all the details of pensions received by Canadian ex-soldiers.

The Besses O'the Barn band is making a great impression at the Canadian National Exhibition. The visit of this famous musical organization to Peterborough's Exhibition is being eagerly awaited by local music-lovers.

The South Huron by-election, it is hoped, will not see the Imperial Conference made a target for the embattled politicians.

Wholesale deportations such as has been suggested in Oshawa and other cities is not the finest kind of publicity for Canada.

"I find that I have to visit my dentist five or six times a year," says a well-known specialist. He should pick up sufficient courage to ring the bell the first time.—Guelph Mercury.

USE IDLE FARMS.

St. Thomas Mayor Urges Settlement in Elgin.

ST. THOMAS, Aug. 30.—The settling of unemployed married men on farms in Elgin County rather than in Northern Ontario, has been recommended to Mayor Jagoe by leading farmers of the district. Walter Miller of Shedden reported Saturday that, within a six mile area in that district, there are fifteen vacant farms, with good buildings, that can be obtained for unemployed settlement. The soil is of good quality. Mayor Jagoe is conferring with relief organizations of the city on the matter.

Quotations For To-Day

If it is the love of that which your work represent—if, being a landscape painter, it is love of hills and trees that moves you—if, being a figure painter, it is love of human beauty, and human soul that moves you—if, being a flower or animal painter, it is love, and wonder, and delight in petal and in limb that move you, then the Spirit is upon you, and the earth is yours, and the fullness thereof.—Ruskin.

GRAIN AND PRODUCE REVIEWS

TORONTO PRODUCE

TORONTO, Aug. 30.—A good demand for butter over the week-end, which continued into Monday, moved prices to higher levels on the local market. Receipts were about the same yesterday as on most days last week, or fairly light, but at the close of trading the market was just firm. It was the opinion of many dealers that the high point on this market had been obtained unless greater activity developed at Montreal. Western makes were quoted at the usual higher prices than those holding for Ontario solids, or a general premium of ¼c to ½c per pound. Yesterday brokers quoted creamery solids at 21¼c to 21½c for No. 1, and 20¼c to 20½c for No. 2.

Eggs

The egg market showed an advance over previous top levels for fresh supplies, local brokers quoting fresh extras at 25c, firsts at 20c, and seconds at 13c to 13½c, graded and in free cases. High prices at Montreal continued to prove attractive to Ontario producers, and supplies on the local market were not too plentiful.

Cheese

Trade in cheese was fair, but prices on new makes were barely firm at 10c for large, 10¼c for twins, and 10½c for triplets. Quotations to retailers were steady with those quoted on this market last week.

CHICAGO GRAIN

CHICAGO, Aug. 30. — Buying power was evident in all grain pits yesterday, but the coarse grains, corn and oats almost took the play away from wheat. Wheat was active after an early attack of profit-taking had been quelled, but corn and oats enjoyed prosperity, too. Demand for these cereals, based on belief that rising trends in other commodity markets made grains look cheap by comparison, was the heaviest in some time.

Wheat closed strong at almost the day's top level and 1¼ to 1⅝ above Saturday's finish. Corn was also strong and 1 to 1⅞ higher; oats ⅝ to 1 up, with provisions 2 cents lower to 5 cents advanced.

MONTREAL PRODUCE

MONTREAL, Aug. 30. — Butter and eggs continued higher on the Montreal wholesale markets yesterday, the recent upward trend in both lines still being displayed. Cheese and potatoes held unchanged from last week's close.

The butter market was generally at the 21c line, with asking prices up to 21¼c per lb. for carlots or less of No. 1, this being ¼c above last week's final levels. Trading was light, but there was a firm tone to the market. Receipts were 23 boxes. Small lots to retailers, as quoted by jobbers, were firm at 22c for solids and 23c for prints.

The egg market varied according to quality of offerings. Newly arriving stock from Ontario or nearby points, of best quality, graded, or from British Columbia, was being quoted from 28c to 30c per dozen on extras, with firsts 19c to 20c, and seconds at 14c to 15c. Extras were in keenest demand, and were scarcest, and the quotations on them were 2c to 3c higher than last week's close. The other two lines were 1c up. Receipts were 856 cases, revealing further drop in volume. Prices to retailers were put up 2c on special brands and extras, and 1c on firsts and seconds.

Cheese held nominally unchanged from last week's levels, being quoted 10¼c to 10¼c for Ontarios, and 9¾c to 9¾c for Quebecs. Receipts, 2,241 boxes.

Potatoes held unchanged at 30c per 80-lb. bag for new Montreal-grown stock.

WINNIPEG GRAIN.

WINNIPEG, August 30. — Unfavorable harvesting weather, light offerings and a substantial trend toward higher levels at Liverpool, gave a decided hoist to the wheat values in the pit yesterday. Closing prices were 2¼c above Saturday's final figures.

October closed at 57⅝c, December at 59⅝c to 59½c, and May at 62¼c to 62⅝c.

A fair export trade was reported worked over the week-end and during the morning, but no estimate was available.

Lack of selling pressure was a feature of the trade, but there was nevertheless some good buying by seaboard houses and for Continental account and export sales were said to be quite appreciative.

No Competition.

Liverpool reports practically no competition against Canadian wheat and a broadening demand for Manitobas with the Dominion fur nishing practically the bulk of the weekly shipments. Export movement last week amounted to 7,500,000 bushels, of which 4,750,000 bushels came from North America.

There was a good demand for cash wheat at spreads ¼c to ¼c better for the top grades. Cash interest in all coarse grains was light. In the futures market all grains showed substantial gains.

Futures:

Wheat—	Open	High	Low	Close	Prev. Close
Oct.	.56½	.57⅝	.56¼	.57⅜	.55½
Dec.	.58¼	.59½	.57¾	.59⅝	.57½
May	.62¾	.63⅞	.62¼	.63¾	.61⅜

May	....	....	....	.29	.28⅜

NO APPLICANTS IN PETERBORO'

(Continued from Page 1)

families lived were prepared to make a similar contribution, and an agreement to this effect was offered to the provinces.

The Dominion Government will contribute one-third of an amount not to exceed $600 per family to place such families on the land which otherwise would be receiving direct relief. The remaining two-third was left to be arranged between the municipality and the province.

Total expenditure for one family for the first year was not to exceed $600 for all purposes, a minimum amount of $100 being withheld to provide subsistence if necessary during the second year. No part was to be used for the purpose of acquiring or renting land.

All families must be residents of Canada, the selection of families to be made without descrimination by reason of political affiliation, race or religious views.

Administered By Province

The province was to be responsible for administration of the relief settlement, including the location and inspection of suitable farms, and the selection of families who should be physically fit and qualified in other respects. Expenses of administration to be paid by the province, and no part of administration and supervision costs to be deducted from the maximum amount of $600 set aside for subsistence and settlement of each family. The Dominion Government at that time indicated the amount it had set aside for expenditure under this scheme in each province, such amount being based upon population.

Up to August 6, seven provinces—New Brunswick, Nova Scotia, Quebec, Ontario, Manitoba, Saskatchewan and Alberta—had signed the agreement and had begun active relief settlement work under it. In Nova Scotia 117 applications had been approved, in Ontario 87 families had been selected. Manitoba had placed 126 families on land, Saskatchewan 286 families; and Alberta had approved 29 families.

A Two Year Offer

Settlement this year represents only the beginning of the movement as the agreement covers a period of two years which does not expire until March 31, 1934, and only those families whose position can be immediately improved by settlement on the land are being located at the present time. Therefore, while some immediate relief of unemployment conditions may be expected, the full effectiveness of the scheme will not be in evidence until at last [illegible]

BY CRAIG CARROLL

(Continued from yesterday.)

CHAPTER No. 4.

When Judy Allison had been in Chicago for six months without finding work her father wired her that he would send no more money and that she was to return to Hiawatha, her small home town in Nebraska. She was downcast at her failure and what her return would mean when she went to the tearoom in the house where she lived. Richard Mason, chief radio announcer at WAOA, lived in the same house. He was seated at Judy's table by Mrs. Malone, the kindly matchmaking tearoom proprietor. Dick asked her to pass the sugar, and in her nervous condition, the bowl slipped from her fingers. Her "I'm—nervous—I'm sorry," led to conversation and explanations, and impulsively Judy showed Dick her father's telegram. When she told him she was going home the next day, he said she should not give up. Dick was impressed by the quality of her voice, and her personality, and persuaded her to try the next day for a talking position on the new Beauty Builder program at his studio. There were fifteen other applicants, among them Lona Burdette, tall, dark, well dressed and good looking, and with radio experience, who stared insolently at Judy. But Judy was chosen. She was to work three mornings a week at $40 a week.

Through Dick, with whom she had gone to a restaurant in the building, she met Elton Day, a continuity writer, who had originated the Beauty Builder program.

CHAPTER No. 4.

"You really need work" Day asked Judy.

"I do. Very much indeed. That's why Mr. Mason was so kind," Judy said.

"Oh, Dick. Of course." A shadow crossed Elton Day's lean handsome face. Then, "Why?"

"I—because of this."

Judy took out the telegram from her father, handed it across the table to Elton Day.

". . . You've had your chance . . Now come home . . . No more money! So . . . . . He stared at her. "Nice man, your father.'

"He's a very fine man. Finest man I know," she said loyally, a little too earnestly. "But he wants me at home. Wants to have a chance to be proud of me. Oh, you know. Tell all the neighbors how I've just won another scholarship, or played at the church or—you wouldn't understand, I guess."

"Ah, but I do. Why do you suppose I'm in Chicago, and working in a business I hate like this? Writing stuff about how to comb your hair and how much rouge to put on your ears? Not because I could not go home and be the town prodigy, and get stories in the leading magazines once in three years. Because I could. But—oh, I understand. Too well, Judy."

"But I thought you were—I don't know exactly what I do think about you, Mr. Day."

"Elton!" he said warningly, raising his hand again.

"Elton," she said meekly—startled at her own meekness.

* * *

"That's better. Well, you get the job. I'm supposed to have the final voice in who does the talking. That's my contract. So you're it."

"Thank you."

"That's nothing. I can do a lot more for you. There'll be all sorts of jobs coming along, the way things are working out for me. And, no reason why you shouldn't be in other programs, too. Getting a good deal more money."

"I'd like that. Then I could pay for my own music and I would not have to depend on my father for help. It's wonderful, to have met Mr. Mason. And you!" she added quickly.

"Especially me," he said.

"Well——"

"Especially me," he repeated. "And I'll tell you why. Dick's a fine boy. Good announcer too. One of the best. But announcers are 'a dime a dozen,' some people say. Not much influence. And I can help you a lot, Judy. I'm going to, too."

She couldn't keep on saying. "That's wonderful," and she could not make herself feel that just "Thank you" meant very much. So she said nothing. She waited for Elton to go on. But he was looking past her, over her shoulder.

"Hello, El-"

Judy heard a cool, drawling, faintly sardonic voice. She looked up to see Lona Burdette. "She's poison," the blond girl had said that morning. She didn't look it though. No doubt about it, Lona Burdette was pretty, very pretty. But a little hard line showed at the corners of her mouth, and she had on much more make-up than she needed, Judy thought. Still, she was pretty. And very poised. And just now smiling at Judy with an altogether unfriendly smile.

* * *

"I've been looking all around for you, El," the Burdette girl said.

"I've been busy," Elton said very quickly.

"But I'm just going." Judy interposed. "If you'll excuse me——" She started to get up.

"Don't go." Elton commanded. He turned to Lona. "I said I was busy."

"Yes, I heard you the first time."

"Well——"

"I'm in a hurry myself," the girl said. "Just wanted to find out first before I go about the Beauty Builder job."

"How'd the audition come out?"

"Same as always. This girl was up there too. She can tell you what a washout it was." Lona Burdette stopped, studied Judy. Then suddenly her eyes glinted unpleasantly. "Oh,' she said' "I think I get it now. This girl gets the job eh?"

"She does."

"Oh, What about me?"

"What?"

"You told me it was a setup for me, didn't you Said you'd already fixed it for me?"

"I've changed my mind."

"Oh."

Lona took out her compact, rouged her lips heavily, studied her eyes a moment, then snapped the case shut savagely. Judy says she was fighting hard against anger, that her hands were shaking. "Poison," the blond girl said. Now Judy could believe it.

"Give me the air, will you," the girl snapped suddenly at Elton Day, "for some new kid from the country? Pull that on me?"

"Wait," said Judy. "I don't know what this is all about. But surely I don't want the job if it was already promised to you. I'm sorry."

"Ah! Lona turned away quickly. "Never mind, girlie, she said over one shoulder. "I'm not interested in you. Keep it But you——" She stepped closer to Elton Day. "You'll wish you hadn't trimmed me," she said. "And don't forget it."

Then very quickly she walked away.

Judy felt it was time to look at Elton, to say something, to say anything. The thick silence frightened her. And looking without wanting to look she saw that Lona had stopped in the doorway and was staring back. She saw malice in Lona's face and danger. Nobody could look at her in that way. She had done nothing to make the girl her enemy; she did not deserve the look the girl gave her. She half rose and then she felt Elton's thin hand on her arm.

"Sit down," he said curtly, almost as an order.

She obeyed.

* * *

"Why——" she began. The words were waiting. "What right have you to give me orders? What right have you to put me in a situation like this? What right?" The words had no chance to be spoken for Elton was talking without looking at her, smoothly, earnestly.

"You mustn't blame me. I didn't know she would do a thing like that. I barely know the girl."

"Oh?" Judy asked. And again. "Oh"

"No."

"But she seemed to know you very well indeed."

"Of course. They all do."

"They all?"

"Just that," he said, and now he looked at her directly, and Judy felt he wanted her to believe him.

"Listen to me, please," he went on. "Please. Then if you want to go, I won't try to keep you any longer. But let me tell you about that girl."

"Why?"

"Because you ought to know. Because she's dangerous."

"Dangerous?"

"Just that. Lona Burdette gets a lot of radio jobs. She's good, too, knows her job, and does it well. But that's not all. She's a trouble maker. She's lost jobs for half a dozen people, just gossiping. Just saying mean things you couldn't pin on her if you tried. And—well, digging around, and making trouble, and he ——" He waved his hand. "No use going into details. But watch out for her. She hates you right now because you got a job she wanted. And not for the money either; she just wanted it. And thought nobody else would dare compete. Most of the regulars don't. Because she's got them scared. She knows too much about some of them, and she is too clever for the others, and—well, that's about all. Only don't ever tell her anything. And don't let her find out anything about you."

* * *

"There's nothing to find out," Judy said stoutly, "And I'm not afraid of her."

"Of course you aren't Judy. But watch out just the same. If she ever gets a chance——"

"She won't. She wouldn't anyhow. Girls aren't like that."

"No?" he laughed at her innocence. "Girls eh?" You ought to see them as I see them. They're no fools not any of them. They want jobs and they'll go to any lengths to get jobs. And that girl that Burdette girl most of all. She's bad medicine—that's all I am warning you."

In spite of herself Judy felt a faint and growing fear. The girl had looked so confident so deadly—so sure she could do whatever she wanted to do.

Judy looked up. She picked up her handbag. Then she found that Elton Day stood before her barring the way.

"Let me go" she said.

"No."

"People are looking at us."

"They can't help it. You're so beautiful."

"Oh——"

He took her arm. With a quick gesture he extracted a roll of bills from his pocket dropped one on the table signed for the waiter to keep the change. Now he led Judy past the tables toward the door. Judy helpless her face scarlet her head whirling found she was being led towarg the corridor and toward the elevator.

She saw standing near the elevator Lona Burdette. The girl looked at her casually almost contemptuously with enormous insult in her could green eyes. So much insult that Judy started toward her not knowing what she was going to do; only knowing she must do something, must drive fear out of her heart by action now, at once

In the Summer Health for the Aged is Scott's Emulsion

67,309 OLD AGE PENSIONS PAID

Average Exceeds $19 a Month Department of Labor Reports.

NOT DOMINION WIDE.

OTTAWA, Aug. 30.—A total of 67,309 persons in Canada were in receipt of old age pensions on June 30, 1932, according to a return issued by the Department of Labor. The average pension amounted to slightly over $19 per month, the maximum allowed by law being $20 per month.

Five provinces and the Northwest Territories were participating in the scheme under which qualified residents over 70 years of age were pensioned up to a maximum of $240 per year with the Dominion Government paying 75 per cent. of the total and the provinces paying the balance.

Nova Scotia, New Brunswick and Prince Edward Island have passed legislation authorizing participation in the scheme when the act is proclaimed by the Lieutenant-Governor-in-Council but have not yet entered into operation. Quebec has not adopted the legislation.

Centreton

Two items of interest have taken place this summer. The one is unusual. A family in our village owns a pair of guinea fowl. The male bird bird, when the hen has been sitting on the nest, has been heard to call for his mate by uttering the hen's call of 'buckwheat.' The bird has been watched a number of times and even been mistaken for the hen. The same family also have a hen who has a family of four small chicks and one guinea fowl: Every evening about four o'clock the hen comes to the door and with her family asks in the hen language to be put to bed. In the morning she is let out and stays away until the same hour next night.

Little James Milgate, 11 year old son of Mr. T. Milgate, is a proud owner of a fine new bicycle.

Marmora

Mr. and Mrs. William Bishop and daughter Jean and Mr. and Mrs. Matthew McCarvey, visited relatives of the former at Kingston on Sunday.

Mrs. H. M. Jones of Toronto is holidaying at her Crowe Lake cottage.

TO VISIT JACK MINER'S

KINGSVILLE—Members of Agricultural and Forestry Departments have been invited to visit Jack Miner's sanctuary, where starlings have killed several thousand pine trees. The entire reforestration scheme inaugurated by Miner 20 years ago has been ruined by the starlings, and the trees are to be destroyed this week.

LAKEFIELD LOSES AT TENNIS

In the Kawartha District Tennis League, Lindsay defeated Lakefield three games to two. In the men's singles, Chris Syvertson defeated Lionel Lawless, 6-0, 5-7, 11-9. In the ladies' doubles, Misses Carroll Kelcher and Edna Baker defeated Angela Osborne and Theo Elmsley 4-6, 6-3, 6-3. In the ladies singles, Lakefield defaulted. Lakefield won both men's doubles, G. J. Elmsley and Eric Stewart defeated W. White and F. Williams 7-5, 4-6, 6-3, and Dr. J. S. Smith and N. W. Kyle defeated Roy Baker and Chris McLean, 7-5, 6-3.

WHAT A MAN *he's going to be!*

APSLEY MOTOR THEFT ALLEGED

W. R. Colville Of Apsley Summer Resort Arrested.

NUMBERS REMOVED.

LINDSAY, Aug. 30. (Examiner Correspondence). — William Roy Colville, of Toronto, who operates a summer resort at Apsley, Peterborough County, was placed under arrest on Saturday by Inspector Miller, Ontario Provincial Police, charged with the theft of a Johnson outboard motor. The arrest was made at the request of Provincial Constable Nelson. The accused was released on $2,000 bail until Sept. 3rd. Police hint that further arrests may be made. Last January an outboard motor was stolen from Gilbert Gordon at Fenelon Falls. A month ago Constable Nelson found a motor which had been sent into a Peterborough repair shop with the serial numbers removed. Mr. Gordon identified the motor through certain private marks.

Soya Bean Crop

The cultivation of soya beans, which is said to be excellent as a fodder has been tried in Victoria County with satisfactory results. A sample of this new crop was brought to town on Saturday from the farm of Thos. Martin, Verulam County with satisfactory results. A sample of this new crop was brought to town on Saturday from the farm of Thos. Martin, Verulam Township by M. H. Winters, local agricultural representative. Its cultivation has proven successful on six other farms in the county. The sample, when picked, was very green, heavily podded and about two and a half feet high.

Roseneath

Recent visitors at the home of Mrs. Turner were Mr. and Mrs. Elton Turner, of Bridgeville, Pa.; Mr. and Mrs. Gyke of Carnegie, Pa.; Master Jack Reynolds of Sayer, Pa.; Mr. and Mrs. Cryaler of Chicago; Mr. Leslie Turner and sisters, Miss Ida and Eva of Peterborough; Bessie Turner of Cobourgh, and Evelyn Turner of Toronto.

Miss Mildred Lapp of Toronto, who has been visiting her mother, Mrs. Annie Lapp, returned to Toronto on Sunday. Miss J. McGee has been renewing acquaintances in the vicinity, the past week. Miss Mae Pollock of Peterborough is a guest at Mr. G. Thomas' home. Miss Donalda McKechren is visiting Miss Paton at the parsonage. Rev. Leach of Gore's Landing had charge of the service on Sunday. Rev. Paton preached anniversary service at Gore's Landing. Miss Jessie Johnston is holidaying in Toronto.

Mr. and Mrs. Davey attended the flower show at Grafton the past week.

The Law Construction Co. has arrived in town and will start paving the streets immediately, which will be a wonderful improvement to the village.

Mrs. George Ingham attended church here on Sunday and renewed old acquaintances.

BRIGHTON MEETS COLBORNE

COBOURG, Aug. 30.—In the East Northumberland Baseball League, Brighton and Colborne are close competitors for the championship and the trophies that go with this honor. The first play-off game will be played at Brighton on Wednesday next. The Brighton team won the first half of the schedule and Colborne the second half, being practically unconquerable throughout the second series. The championship carried with it, custody of two trophies, the Robert Dawson and W. E. Fraser Cups, which remain in possession of the team winning them three successive years.

Havelock

Mr. and Mrs. Beatty and small daughter Yvonne, of Toronto, were recent guests with Misses Etta and Beatrice Crawford.

Mr. and Mrs. Rae Phillips, of Campbellford, were recent visitors with the latter's parents, Mr. and Mrs. William Vandervoort.

SUN'S ECLIPSE VISIBLE FROM WHOLE COUNTRY

In its partial phases the eclipse of the sun on August 31 will be visible in all parts of the country. This map shows how much of the sun will be obscured at various localities. The band of total eclipse is also shown. Since the path of totality passes near the great centres of population, the phenomenon will present a very striking appearance to most of the people in Canada and the United States.

SPLENDID CROP IN THE WEST BUT LOW PRICES CAUSE LOSS

Fourth Largest Harvest in History Mocks Producers.

PRICE PARAMOUNT.

(By Wilfred Eggleston, Special to The Examiner.)

CALGARY, Alta., August 30 — The hazards of rust and hail, frost and grasshoppers, drought and flood, having now virtually ceased for the 1932 crop, it is possible to make a general appraisal of the past season.

1—The Canadian wheat is harvesting the fourth largest wheat crop in its history. Prospects are for a yield well over 400 million bushels, only surpassed in 1928, 1927, and 1923.

2—In happy contrast with last year, the entire West, with the exception of a small area around Kincaid and Cravelbourg in Saskatchewan, will have ample seed and feed for the coming year.

3—Alfalfa, coarse grains, and native hay have been in nearly all regions a fair to good crop. Except in the dry core of Saskatchewan, not yet "soaked up" from three successive droughts, gardens yielded heavily.

4—Alberta is harvesting the largest sugar beet crop in its history—"a million dollar harvest" based on last year's prices.

5—Frost damage so far has been negligible, and the rust areas of Manitoba and Saskatchewan have been relatively free from the blight this year.

6—Early harvested wheat is of a good color and weight, and unless unfavorable weather intervenes, the 1932 crop will grade much higher than the last big crop (1928) did.

7—Many sections of the West have already been visited with fall moisture, which has benefited pastures and late feed, and put some reserve into the ground for next year.

8. The 1932 crop was put in at a much lower figure than in previous years, and is being harvested at the lowest cost since before the war.

9. Even with the present low grain prices, an additional 40 million dollars will be placed in circulation by wheat farmers this fall, with additional sums of rye, flax and other coarse grains.

Railroads Active.

10. The heavier crop is stimulating the capacity of railway companies, the grain trade, steamship lines, and port facilities. This activity is using up some unemployment and is helping retail trade and other lines.

11. The grasshopepr and cutworm cycle, which appears to occur every eleven years, seems to have passed its peak with the advent of wetter weather.

12. Prices of some farm produce, notably cream and butter, eggs, cattle and hogs, have shown a tendency to improve during the past few weeks.

The above are the bright spots of the western situation. It is only fair to set down beneath them the dark side of the picture.

1. The prices being obtained for all farm produce are all below the average cost of production. A few farmers, under special circumstances, are breaking even, but the vast majority are, even with good harvests, gradually getting more and more involved in debt.

2. Farmers are permitting deterioration of their plants and equipment. Machinery is being used long past the point of efficiency. Buildings are not being painted or repaired. Summer fallow is not being properly done; in some sections little fall preparation will be done because of the cost of fuel.

3. There is still one area in Saskatchewan, covering about 4,500 square miles, where relief on much the same scale as last year, will be necessary, it having been visited by the fourth successive crop failure.

The present sad state of affairs in the West, contrasting so sharply with the prosperity of four or five years ago, came about through two quite distinct and separate forces. One was the work of natural forces beyond control; the other the result of price declines.

Nature Does Her Best

The crop failure of 190 which inaugurated a drought cycle which lasted until this summer, preceded the economic collapse, and to some extent brought it on.

Nature is rapidly repairing the damage done in those years. Rainfall is rapidly rising to normal volume. Soil drifting is being checked, and drought weeds and insect pests are being overcome. It seems highly probable that by next summer the dire effects of three abnormally dry years will have been completely washed out, so far as nature is concerned.

The return of the Prairie Provinces to normal times will then only wait the bridging of the gap between the farmers' income and his costs, either by the rise of produce prices or the scaling down of all outlay, including interest and taxes.

More of the west's purchasing power will be in evidence in eastern Canada than a year ago. How much more depends entirely on the course of grain, meat and dairy prices during the next few months. If wheat prices should climb as much as 10 or 15 cents a bushel, there would be a marked stimulation of business and a vast improvement of sentiment. If they remain where they are now, or even go lower, there will be widespread dismay.

Shower Held For Hastings Couple

HASTINGS, Aug. 30.—(Examiner Correspondence.)—A crowd of about two hundred and fifty invited guests attended the miscellaneous shower acorded by their many friends to Mr. and Mrs. Raymond McGuire in Lynch's Hall last night. The recently married couple are well known in Hastings and vicinity, the bride being the former Miss Teresa O'Reilly. The popularity and esteem in which they are held was shown by the large number of beautiful and useful gifts received. Mr. Robert McGuire of Toronto, the groom's cousin, acting as master of ceremonies, called upon the groom for a few words, in which the latter thanked those present on behalf of Mrs. McGuire and himself.

Music for dancing was supplied by the Rhythm Aces.

A very enjoyable lunch of sandwiches, cake and coffee was served at midnight. A good time was had by all present and al joined in best wishes to the happy couple.

Lawn Bowling

AT HASTINGS.

HASTINGS, August 30 (Examiner Correspondence).—The Monday night games drew large galleries to the local greens. Kelley and Jones played one of the closest games of the season, Kelley winning out by one shot. The other game went to Dr. Campbell by 17 to 10. Lynch started to skip the rink, but after Campbell had secured a big lead, he turned it over to Hatherly, who made Campbell fight every inch of the way.

TOTAL ECLIPSE RECORD TRACED FROM 1208 B.C.

Science Predicts 12 More Sunblotters From Now To Year 2073.

HAVE LOCATED 8000.

(By Howard W. Blakeslee, A.P. Science Editor.)

NEW YORK. —The total eclipse of the sun in New England on August 31 is only one of about 8,000 which astronomers have located from 1208 B.C. to the year 2162 A.D.

They foretell eclipses or dig up past ones by the same tables of mathematics, which include such things as the Saros, nodes, perigees, or months of odd lengths with the queer names, sidreal, syniodic, nodical, draconic, and anomalistic.

A dining table and a plate illustrate th problem. The table is the plane in which the earth revolves around the earth. A plate at the edge is the moon's orbit around the sun.

If the plate lay flat on the table as a correct hostess would set it, there would be a total eclipse of the sun once a month, every time the moon swung between the edge of the table (the earth's position) and the centre of the table (the sun's position).

Plate Demonstrates.

But this plate is tipped at an angle—of about five degrees. One edge is higher than the table, the other lower, as if the plate were just tilting to fall off. So the rim of the late (the moon's orbit) cuts the table only at two points—which astronomers call the "nodes."

A total eclipse can happen only when a point of intersection with table happens to lie in direct line between "earth" and "sun." But there's worse to come! The plate is slowly revolving like a coin which has been spun.

It takes 18 years for the moon orbit (or the plate) to make one of these revolutions. That time is the "Saros." It results in the points of intersection advancing so that they complete a revolution in 18 years.

These eclipses and their paths, according to the German authority Oppolzer, follow:

Paths Outlined.

1943—Enters Alaska at Kawak Island and Behring glacier.
1945—Starts East of Boise, Idaho, passes into Canada near the Montana-North Dakota line.
1954—Starts near Grand Island, Nebr., crosses Mississippi River between Twin Cities and La Crosse, exits into Canada near Marquette, Mich.
1959—Starts at sea just east of Long Island, probably missing U.S.
1982—Enters Alaska near mouth of Yukon River, passes south of McKinley National Park, crosses New England near site of present eclipse. (Oppolzer's predictions revised by U.S. Naval Observatory).
1970—Crosses Florida near Tampa and Orlando.
1970—Enters U. S. near mouth of Columbia River and exits near Glacier National Park, Mont., into Canada.
2017—Crosses entire United States from about Cape Blanco, Ore., near Denver, Nashville and Wilmington, N.C.
2024—Comes in from Mexico entering U.S. south-west of San Antonio, passes north of Jackson, Miss., and to sea at Atlantic City.
2044—Begins near Bismarck, N.D., passes into Canada.
2045—Enters U.S. between Los Angeles and San Francisco, passes south of Grand Canyon, New Orleans, and across Gulf of Mexico to Ft. Myers, Fla.
2068—Crosses Florida near Tampa, travelling almost due east.
2073—Passes close south of Brownsville, Tex., to New Orleans and out to sea at Charleston, S.C.

The paths of the eclipse are approximate, as they have not been computed down to the last 100 miles.

Thomasburg

The Independent Order of Oddfellows, Thomasburg Lodge No. 292, and the Crescent Rebekah Lodge, No. 139, held their 113th anniversary service here on Sunday in Christ Church.

Rev. E. N. Grant, rector of this parish, took charge of the service. Miss Emma Porter was the organist. After the church service the Oddfellows proceeded to the graves of departed brothers, and Mr. Glen Ish (Noble Grand) and Mr. Ervin Bateman (Recording Secretary) read the grave services. After the decoration of both Oddfellow and Rebekah graves, the members of both lodges lined up in front of the church, and a splendid address was given by Mr. Harold Ashley of West Huntington. There was a good attendance with visitors from Stirling and Tweed.

Mrs. George Nobes, of Detroit, is visiting her sister, Mrs. Clarence Mouck.

Mrs. James Holbert, of Toronto, is visiting Mrs. William Holbert and Mrs. Frederick Coulter.

Mrs. B. Morton, of Moira, is spending a few days with Mrs. Gerald Reid.

Mr. and Mrs. John Adams, of Detroit, are visiting friends here.

Mr. and Mrs. Melbourne Adams spent Friday afternoon with Mr. and Mrs. Sam Marshal, of Latta.

Mrs. F. Spence and children have returned to their home in Peterboro, after visiting Mr. and Mrs. J. Brown and other friends the past week.

Mr. Ralph Dudgeon, of Belleville, spent the week-end with his parents and brothers.

Miss Beatrice Borland and Mrs. Robert Innes, of Campbellford; Miss Blanche Miller, of Orillia, and Mr. Clifford Calderwood, of Huntsville, were week-end guests of Mr. and Mrs. Ray Oliver.

Mrs. Murney Geen visited her mother, Mrs. William Bateman, of Lodgeroom, last week.

Mr. and Mrs. John Geen, of Fuller; Mr. and Mrs. Archie Reid, of Kingston, and Mr. and Mrs. Albert Geen were Sunday visitors of Mrs. Mabel Carleton.

Mrs. W. Marshall and daughter, Miss Mary Marshall, of Plainfield, spent Sunday afternoon with Mrs. Thomas Emmerson.

Miss May Hamilton is visiting Mrs. Murney Hamilton.

Mr. and Mrs. R. Oliver visited Mr. and Mrs. R. Innes, of Campbellford, on Sunday.

Miss Phyllis and Helen Sills, of Roslin, are visiting their grandparents, Mr. and Mrs. Frederick Coulter.

Miss Ruth Coulson spent a few days with Miss Olive Carter.

PARALYSIS VICTIM.

BRIDGEPORT, Ont., August 29 (C.P.). — Blanche Fisher, seven, was dead here to-day from infantile paralysis. The child became ill a week ago.

C. D. S. Half-Day Specials

Wednesday—Half-a-Day Half-a-Dollar

MAIN FLOOR

MEN'S FINE COTTON HOSE—Fancy designed patterns in grey, red and brown. Sizes 10 to 11½. 3 for **50c**

MEN'S NECKWEAR—A wide selection of patterns and colors. Each, 3 for **50c**

BOYS' TWEED SHORTS—Made from wool and cotton mixed tweeds. Sizes 24 to 28 Pair **50c**

TRUCK CRASHES; 12 DIE

PONCE, Puerto Rico.—Eighteen persons were killed and 25 injured to-day when a motor truck loaded with delegates to a meeting of the Liberal party skidded and rolled over a cliff.

Found in a pile of rubbish, a copy of Lindsay's "The Tragical Death of David Beaton, Bishop of St. Andrew's, Scotland," printed in 1546, was sold in London recently for $1,200.

Sugar Bowl Eliminated in O.A.S.A. Playdowns

DODGERS TAKE 5 TO 4 VICTORY IN SECOND TILT

Bowl Leads for Eight Innings Behind Steady Twirling of Ted Naish.

BREAKS IN NINTH.

Weese, Dallin and Bill Calladine Are Fielding Stars for Locals.

Giving Oshawa Dodgers the toughest battle they have had all season, or are likely to have, the Sugar Bowl softball team were eliminated from the O.A.S.A. race last night, losing in Oshawa 5 to 4. Close to five hundred fans saw an unusually snappy game with the home team winning in the ninth inning, getting the two deciding runs.

Ted Naish, backed by brilliant fielding by his teammates, stood the Dodgers on their heads for eight innings, the Bowl leading 4 to 2. A home run by D. Cornish in the ninth sent him to the showers, and Bill Simmons went in. A double followed, an error sending the runner to third. The next man was out, but Rowden's single to centre broke up the contest. They got their other two runs in the second, a walk and Tamblyn's four-bagger doing the trick.

Score Two In Third

Sugar Bowl got two runs in the third, hits by Dormer and Bill Calladine, with a bad throw, sending them across. Playford's double and Bradshaw's homer in the fourth gave them their last two markers. Bradshaw got a single that was wasted in the second, and both Weese and Dallin did the same in the ninth, when the two hits and a walk, with none out, could not be turned into a counter.

Towns pitched for Oshawa for six innings, and the Dormer outfit seemed in a fair way to beat him. But the speedball artist, Whitley, was shoved in to start the seventh and he proved too much, fanning three in a row in the seventh, two in the eighth and one in the ninth. The Dodgers played fine afield, being guilty of just two misplays, the same as the visiting team which also starred defensively.

Fielding Stars

Weese, Dallin and Bill Calladine turned in some spectacular fieldings to draw cheers, and the others took care of their positions. E. Cornish was the best of the winning crew in the field, but the others played heads-up ball all the way.

At bat, Bradshaw was the big hitter for Sugar Bowl with a homer and a single in three times up. Playford got a double, while the others who got a safe blow were Dormer, W. Calladine, Dallin and Weese. Rowden had three hits for Oshawa, while D. Cornish came through with a homer and a single. Tamblyn also conked out a circuit wallop.

23—Peterborough—Dundas (Bovin), 1 min.

Oakwood Grads Bow Before Petes 15 to 8

LOCAL OUTFIT RETAINS LEAD GAINED IN EARLY PART OF PLAY

Bovin, Dundas, Hatton and King Are Marksmen for Peterboro' Aggregation.

GREAT NET-TENDING.

Box lacrosse gained a host of new supporters at the Brock Street Arena last evening when more than six hundred fans and fannettes shouted themselves hoarse and gained a gleeful nervous complex in cheering the Petes on to a 15 to 8 score over the Oakwood Grads in the first round of the Intermediate O.A.L.A. playdowns.

Not that the Petes needed the vocal encouragement so much, but the big crowd just couldn't keep still as the game swirled and eddied up and down and around the nets in speeding rushes, as the players barged and were swept spinning off, and as the Petes marshalled their strength and rang up their score in brilliant sallies.

In Toronto Thursday.

The Petes' journey to Toronto on Thursday to hook up with the Oakwood Grads at Maple Leaf Gardens that evening in the second affray. By virtue of their well-earned triumph last night they carry a seven-goal lead into the contest.

No sporting event in recent years had the fans so much by the ears as that gruelling, virile, strength-testing, lung-gasping struggle last night. Both teams gave all they had in a dazzling display of the old gutted-stick game. In the press of the contest, tempers sometimes strained their leash and fisticuffs were exchanged. But Referee Len Smith had the game well in check and it was only after the final bell that the players really meleed.

Great Net-Tending.

Both goalies were brilliant, although a total of 23 goals were scored. Red Creighton, in the Petes' nets, turned aside at least a half dozen shots that appeared labelled, while repeatedly Templeman, at the other end, steered away the bullet-like heaves of the Petes.

Miller and Goodfellow carried the bulk of the defensive work of the winners and they proved a tower of strength. Weir hurt his knee in a fall midway through the game and had to retire, which made the task more difficult for the rear-guard division.

Petes Lead At Start.

The Petes took the lead at the outset, with Bovin chalking up the first score when he whirled in to grab his own rebound. They continued to press, but Galbraith evened the count before the Petes broke into their first rash of scores. Petes scored three in four minutes, with Jack, Dundas, King and Bovin all looming prominently in the gunning. Grads scored another to end the period.

The winners had a poor second period. Although the Grads were short-handed during a considerable portion of the fifteen minutes, the Petes appeared unsettled, lacking of their punch, and the Grads scored three while the homesters were kept off the sheet.

Tied At The Half.

It was tied 5-5 as the teams stepped out for the third canto. From the face-off King raced down, passed to Dundas for a score and the Petes were off. They stormed about Templeman's domain, but Galbraith again tied the score. With brilliant combination and great stick-work, the Petes scored four goals in the next minute, and then went on to make it 12 to 7 as the period concluded.

They breezed in with Scriver doing the gunning—one in which he took a pass from Miller the full

YESTERDAY'S STARS

Oral Hildebrand, Indians — Scattered Redsox' nine hits and won 6-3.

George Earnshaw, Athletics and Billy Rhiel, Tigers—Former stopped Tigers with five hits in first game; latter's collected home run, double and single in nightcap.

Vernon Gomes and Charley Ruffing, Yankees — Pitched Yankees to two victories over Whitesox.

Sam West and John Kerr, Senators—Their singles in 13th led to defeat of Browns.

103 GOLFERS START TO-DAY

Tom Creavy, Only Professional to Hold Place in P.G.A. Tourney.

HAGEN OUT TO WIN.

ST. PAUL, Aug. 30.—(CP)—Golf's longest marathon, the annual professional Golfers' Association championship, moved into its first lap today with 103 struggling to win 31 lanes that lead toward the throne room.

Only one pro had his place won and that was the defending champion, Tom Creavy of Albany, N. Y., an automatic qualifier. All the others, among them far more famed marksmen of golf, were confronted with a 36 hole medal play qualifying test that 72 had to lose.

Except for Gene Sarazen and Leo Diegel, who failed to qualify virtually tvery professional of note was in the big drive over the Keller course and one guess as to the ultimate winner in the 216 holes, six-day championship battle, was as good as another.

Creavy as champion ranked among the favorites but was somewhat overshadowed by such veterans as Light Horse Harry Cooper of Chicago, Canadian Open Champion and winner of the $10,000 St. Paul open over the same Keller layout in 1930; Walter Hagen of Detroit, five times champion of the P. G. A. event and so determined to add another that he came on the scene a day ahead of time for practice; Tommy Armour of Detroit, master iron shot-maker; Billy Burke of Greenwich, Conn., 1931 United States open champion, and a host of others including Horton Smith, Johnny Farrell, Paul Rounyan, John Golden, Olin Dutra, Ed Dudley, Al Waltrou and Joe Turnesa.

Groom Miss Englnd III. For Race

GETTING READY FOR INTERNATIONAL CLASH

Kaye Don and his crew of four mechanics began immediate preparations for the launching and test run of "Miss England III" on their arrival at Detroit. The British challenger feels confident that his speedy craft, which holds the world's record of 119 miles per hour, will repeat the performance when it meets with Gar Wood's Miss America X in the race for the Harmsworth Trophy. ABOVE are shown the pilot and crew of the Miss England III. LEFT to RIGHT, seated: Mechanics Harold Green, Samuel Searle and Jack Fisher. STANDING: Dick Garner, riding mate of Don, and Kaye Done.

CAPITAL CLUB COPS 11TH WIN OF 14 BATTLES

Senators Take 7 to 6 Decision From St. Louis Browns in 13 Innings.

NATIONAL LEAGUE IDLE.

(By Gayle Talbot Associated Press Sports Writer)

Having gotten wind, perhaps, of the rumor that their manager is in active danger of losing his job at the close of the current race, the Washington Senators have started a belated drive that promises to do Walter Johnson a lot of good.

In winning 11 of their last 14 games, the Senators at least have gained a re-hearing for the Big Train, and if they sustain that clip up to the last day it is doubtful if owner Clark Griffith would give further thought to a change of pilots.

Up to the time they began their onslaught on the western clubs, the Senators had made a disappointing race of it. Picked to finish at or near the top, they barely were clinging to the first division a fortnight ago. Those on the inside confidently predicted Bucky Harris would be back next season to manage the club he led to two flags and one world championship. Right now, however, it looks like Harris will remain at Detroit.

By defeating the St. Louis Browns yesterday, 7 to 6, in 13 innings while Philadelphia was dividing a doubleheader with Detroit, the Senators climbed within five and a half games of second place. If they catch the A's and land the runner-up berth, Johnson will need to make no apologies when contract time rolls around.

Singles by West and Kerr and Maple's sacrifice fly gave the Senators the winning run in yesterday's long contest, their second 13-inning victory within a week. Walt Stewart went the route for the Browns while three moundsmen worked for the winners with Bill McAfee eventually receiving credit for the triumph.

Yankees Advance

The Yankees stepped a little further ahead of the field by trimming Chicago twice, 10 to 3 and 4 to 3. Lefty Gomes breezed to his 22nd victory in the first game, but Charley Ruffing had a close scrape before chalking up No. 16 in the nightcap. Red Kress' homer with one on in the eighth came within a run of tying the count.

The Athletics staged a six-run rally in the eighth round to beat Detroit in the first, 8 to 3, but the Tigers came back to win the second game, 10 to 7, with a three-run outburst in the ninth. Ray Hayworth, Detroit catcher, made his first error of the season in the second game.

Although they made only five hits off Rhodes and McNaughton, the Cleveland Indians cashed in on 12 passes to defeat the Boston Red Sox, 6 to 3. Earl Averill drew five free trips.

National League Idle

National League turnstiles were idle for the day. Only one game was scheduled, between Boston and Pittsburgh, and that was erased by wet grounds

The California duck season has been extended to 60 days this year. The use of live geese decoys is prohibited.

Pitching—Allen, Yankees, 14-2; Gomez, Yankees, 22-6.

REABORO WON FROM OMEMEE

Only One Omemee Player Reached Third Base.

SCORE WAS 14-0.

REABORO, Aug. 30.—In the second round for the playoffs for the Rural Softball Championship of Ontario, Reaboro defeated Omemee by the score of 14 to 0. The Omemee boys played much better ball than the score indicates, but Frank Shine, the Reaboro pitcher, allowed only five hits during the entire game.

Tommy Parsons, usually dependable, started the game for Omemee. The Reaboro boys went on a batting rampage in the first inning and drove in five runs. They continued the rout in the second, when they drove in four more runs.

At the beginning of the third innings Bill Gallagher, of Winnipeg, took the mound for Omemee. Bill is a good pitcher and has always proved a jinx to the Reaboro players. During the rest of the game he held them to five runs.

For Reaboro, Frank Shine pitched faultless ball. During the game he fanned ten Omemee players; only four reached second base, and only one was successful in reaching third base. When McQuade reached third base it looked as if Omemee would avoid a whitewash; but Bill Gallagher struck out, and McNeil fanned.

The Omemee team played good ball, but it was just Reaboro's night "on." They made only one error in the field, and that not a costly one and batted like fiends.

A large crowd attended the game; many from Omemee. The umpires, Endicott and Hayes, handled the game well. The line-up::—

Omemee.—A. McQuade, cf; C. Weir, lf; Bill Gallagher, p; N. McNeil, c; R. Behill, rf; C. Brooks, ss; T. Parsons, 2b; A. Adams, 1b; and L. McQuade, 3b.

Reaboro.—F. Shine, p; N. Calvert, 3b; G. Smith, rf; W. Reid, c; G. Morden, lf; L. McKay, 2b; R. Holmes, ss; G. McNevin, cf; K. McMann, 1b.

Umpires.—D. S. Endicott, umpire in chief; D. Hayes, bases.

LOSS OF EFFECTIVE HURLERS FACTOR IN RED WINGS' DECLINE

Rochester Club in Fifth Place, 20 Games Back of Newark Bears.

Albany Ends Losing Streak.

(By the Associated Press.)

The failure of the Rochester Red Wings, backed by the resources of the St. Louis Cardinals, to hit upon a winning combination this year, has provided the International League with one of its major surprises.

League champions in 1928-29-30-31, the Red Wings were counted upon to furnish a strong bid for their fifth successive pennant even though they did suffer some serious losses in player talent at the close of the 1931 campaign.

To-day they were in fifth place, 20 games away from the league-leading Newark Bears. The loss of such effective pitchers as Carmen Hill, Herman Bell and Al Foreman, and a lack of punch at the plate have been the major factors in the Red Wings' decline.

The most effective pitcher on the staff, perhaps, has been Bud Teachout, sent to the Red Wings by the Cardinals after they had secured him in the famous Grimes-Wilson trade. Yesterday Bud held the Baltimore Orioles to seven hits to win 8-1 and hang up his 11th victory against six defeats. The Red Wings made only three hits off Beryl Richmond in the four innings he worked, but they made them good for three runs. They scored five runs in the seventh and eighth off Foreman.

The defeat dropped the second-place Orioles to a point 14 games below Newark, which nosed out the Buffalo Bisons, 7-6, in a twilight game. The Bears battered Joe Bloomer for 10 hits and all their runs in the first six innings. Pete Jablonowski started for the Bears but was driven to cover in the sixth when Buffalo scored its final run. The slugging of Charley Hargreaves and Johnny Neun featured Newark's attack, each getting a double and a triple. Hargreaves' blows drove in three runs.

Albany Ends Streak.

Buck Newsome pitched the Albany Senators to a 7-3 victory over the Montreal Royals, granting only seven hits. The Senators shelled Pomorski from the mound in the fifth and scored the winning runs off Fisher in the seventh when Jay Partridge clouted a homer with one on.

Toronto and Jersey City were rained out.

FIGHTS LAST NIGHT

DAVENPORT, Ia.—Gorilla Jones, Akron, O., outpointed Kid Leonard, East Moline, Ill., (10); Billy Thompson, Waterloo, Ia., knocked out Jack Miller, Chicago (2).

SIOUX CITY, Ia.—Glen Lehr, Waterloo, Ia., outpointed Carl Wells, Omaha (6); Battling Nelson, Belgrade, outpointed Jimmy Clinch, Pittsburgh (6).

LAUREL, Md.—Red Barry, New York outpointed Eddie Houghton, Philadelphia (10).

CENTRAL ONTARIO BOWLERS PLAN CHAMPIONSHIP TOURNEY

Bowling clubs in the Central Ontario Bowling League, numbering ten, are selecting their rinks to compete for the club championships which are to be played on the second Wednesday in September.

Each club is expected to enter a rink of four bowlers, a rink of two blowers and a single bowler representing the championship of their own club in elimination competition, in which all club bowlers have the right to challenge.

The Central Ontario play will consist also of an elimination contest until a winner is declared in each section.

Jack Schaefer, world's 18.0 balk line billiard champion, has outlined the most active campaign of his career for the 1932-1933 season. He may extend his activities to Europe playing Edouard Horemans of Belgium and Roger Centi and Felix Grange of France.

Selwyn Girls' Team Win From Lakefield

LAKEFIELD, Aug. 30. (Examiner Correspondence).—A ball game between Young's Point and Selwyn girls' teams drew a very large crowd to the High School Athletic field on Saturday evening. The game was called for five o'clock and was well away at a quarter after five and ended after nine innings with a score of 31-25 for Selwyn. The score teetered up and down all through with Selwyn having the edge most of the way. The heavy rain earlier in the day made the going slippery in spots but the girls were plucky and made no complaint even when in sliding to bases the way was muddy. For Selwyn Edna McConkey made two homers while Ethel Brooks made one for Young's Point.

K. Junkin at the plate and L. Sabatino and C. Chittick at the bases umpired the game.

The line up was as follows:

Selwyn—A. Wilson, c; G. McIlmoyl, p; T. Galvin, 2b; E. McConkey, 3b; B. McConkey, ss; L. Elliott, rf; E. Elliott, cf; F. Elliott, lf, J. Galvin, 1b.

Young's Point—E. Stenner, c; D. Wilson, p; L. Young, 1b; M. Brooks, 2b; J. McNaughton, 3b; K. Brooks, ss; L. McNaughton, rf; M. McNaughton, cf; M. Young, lf; D. Darling, sub.

Score by innings:
Selwyn ..... 657 127 21x—31
Young's Point .... 155 603 032—25

The final games are announced for Tuesday and Thursday at 5 p.m.

2 RUNS IN 8TH WINS FOR KEENE

Erratic Fielding Spells Downfall for Sixth Line as They Meet 15-13 Reverse.

HEAVY SLUGGING.

Keene's colorful softball machine ploughed its way through the first of the obstacles in the path to the league laurels last night at the East City Bowl when they clashed with their old rivals, the Sixth Line outfit, and won a neck and neck battle to the score of 15 to 13, the winning counters being pushed across in the last of the eighth.

Keene as usual started a batting rampage right from the beginning and at the end of the second innings, the Liners were trailing, 10 to 3. However from there on the latter team gradually improved and crept up until the sixth frame when they tied the score, 12 all. The Bowl was a bedlam of sound as the game progressed with the majority of the fans appearing to favor the maidens from Lang.

Erratic fielding sounded the knell for the Sixth Line as Keene put on the clamps in the last three innings of the game holding their opponents with the same clever fielding that carried them to the championship of the circuit last season, while to clinch the verdict, Irene Short slammed out a clean home run in the last half of the eighth with two runners on to gather in the deciding tallies. Sixth Line failed to score in the first half of the ninth and the game was over.

Mary Hall tossed them across for the losers, allowing eleven safe hits which included a homer by Short and a triple by Dorothy Gainor. She walked two and fanned four, but certainly deserved a win on her performance as the team behind her turned in some very loose fielding in six out of the eight frames. Opposing her was Mary McCarthy, who backed up by the versatile Dot Gainor, gave one of her best performances of the year. She turned eight back swinging, but walked eight also.

The teams:

Sixth Line—H. Weir, lf; M. Renwick, 1b; R. Drimmie, 3b; M. Hall, p; D. Elliott, c; L. Bowie, 2b; I. Davis, ss; R. Millar, cf; G. Starke, rf.

Keene—D. Gainor, c; M. Brown, 2b; G. McCarthy, cf; M. McCarthy, p; H. Nelson, ss; I. Short, 1b; J. Nelson, 3b; K. Nelson, lf; R. Gainor, rf; J. Cameron, rf.

Umpires—Scotty Maudsley at the plate; Jim Counsey on the bases.

Score by innings:
Sixth Line .... 120423010—13 14 9
Keene ..... 50011003x—15 11 4

WORLD'S BEST WATER STARS ARE READY FOR 15-MILE SWIM

More Than 300 Entries in Men's Marathon To-morrow—Will Eclipse Stop Them.

YOUNG AGAIN FAVORED.

(Special to The Examiner)

TORONTO, Aug. 30.—Sensational speed and distance stars, world record holders, national and regional champions, dark horses and plain saps, over three hundred swimmers are getting ready for the 15-mile marathon in Lake Ontario which the Canadian National Exhibition is staging for the fifth successive year as one of the pro sport features of the largest of annual expositions.

The date is August 31 and, at this early hour, many of the hopeless performers who came to Canada chiefly for the ride and entered largely for the publicity, already have their alibis in the mails. The water was cold. They were attacked by eels. As a result of a dirty conspiracy, they were kicked in the face early in the race. They got cramps, got lost, got the wrong kind of cereal for breakfast, sacrificed their own chances in order to save a drowning natator or climbed out thinking that they had already finished only to find they were fourteen miles from the goal.

This distance crawl has now become a classic test of a swimmer's abilities. The cash prizes total $11,000 this year and the winner gets the title of world's professional champion as part of the kudos. In the past, the race has been won by such marine aces as Ernst Vierkotter, Cologne's Black Shark; Marvin Nelson, an Iowa kid from Fort Dodge; Eddie Keating, the New York acquatic star and George Young of Toronto, first-famed as the Catalina conqueror. There have been squads of channel conquerors, Eurocean sensations, winners of vague and varied kinds of distance swims, endurance floaters, ex-amateur record-holders and Olympic competitors who did not quite make the grade over the 15-mile stretch.

From the standpoint of athletic competition, seventy-five superb and super-trained performers who have been going through daily trials since April usually set a fast pace and stage a race that keeps spectators hanging over the seawall for nearly a full day.

But the average attendance runs around the 300,000 mark. The show is free to anyone with eyes. All these citizens and tax-payers do not, deep in their hearts, care so many hoots for athletic endeavor and smart technical displays of the six-beat crawl with assorted leg motions. They are there to witness a spectacle, hoping to see some auffering and a certain amount of high and low comedy.

They get great enjoyment from the performance of the goof entries. Invariably half a dozen swimmers start who never did 400 yards in their lives without difficulty. The lifesavers are busily engaged in hauling these incurable optimists into small boats. Then there are the floaters. They can't sink but properly speaking, they can't swim. They bob about cheerfully in the hope that low temperatures, a sudden squall or some unforseen act of providence may eliminate all the experts, leave an unfinished race and allow them a chance to argue about prize-money as the last in the water.

This year, Vierkoetter Germany's channel swimmer, will do his farewell marathon. The shark is getting old. He has slowed up with the years, but he is still a powerful and dangerous competitor swimming with machine-like precision at a speed that rarely varies from start to finish.

Last year's winner, George Young, of Canada, is still a youngster though he won the Catalina race six years ago. He was more temperamental than many of the distance performers. Till 1931, when he swam any other entry who tried to match his speed into exhaustion and the hospital tent, he seemed to be jinxed in the Toronto races, never even finished. More sensitive to the activities of the competition than most starters, he is apt to finish first or else not finish.

Italy has a powerful entrant in Giovanni Gambi, erstwhile European title-holder, winner of Parisian, Berlin and Ravenna events. He has a species of windmill style which takes plenty of vigor and makes a specialty of setting a ferocious clip for the first miles. If he lasts without tiring, the spaghetti-trained boy may well lead the parade. Last year, he receded all natadors along the course till he swam himself unconscious and burst into tears when he learned that he had not been able to finish. Several days later, in a three-mile race, he beat the best in a sensational neck-and-neck affair in which the first three to finish all did the distance in times that bettered the world's mark for professionals.

116 NATATORS ARE GIVEN O.K.

Swim Likely Be Postponed Unless Predictions For Inshore Wind Come True.

WATER AT 52 DEGREES.

TORONTO, Aug. 30—(CP)—Close to 100 entrants in the Canadian National exhibition's 15-mile marathon swim scheduled for tomorrow will undergo their physical tests today and receive the final O. K. before taking the plunge in the long grind which leads to fame and fortune. All day yesterday several local doctors worked untiringly examining entrants and at nightfall 116 contenders for the world's professional marathon title had been passed. The others will line up today.

A strong south wind is needed within the next two days to bring the water up to the required temperature of 60 degrees. Last night the water along the course measured only 52 degrees and postponement of the grind looked likely unless the weatherman's prediction of the inshore wind came true.

Favorites Pass

Six or seven of the leading favorits in the event paraded for the medical examination yesterday. George Young, last year's victor and a strong favorite to repeat this year looked in excellent condition, weighing 183 pounds, 17 less than when he entered the water in the 1931 race. Others considered likely to afford the Catalina Kid stiff competition and who passed the medical examination were Marvin Nelson, Fort Dodge, Iowa; Ernst Vierkoetter, both previous winners of the swim, Bill Gell, New York, and Isadore Sponder, Fort Colborne. Money winners in former grinds and Gianni Gambi the Italian Cyclone who set a terrific pace for seven miles in last year's race.

LEX ROBSON LEADS IN QUALIFYING TEST

With Six Birdies, Islington Golf Pro Sets Record—Hulbert is Second.

TORONTO, Aug. 30.—Lex Robson, Islington professional, defending the Millar Trophy, in a field representing professional golf of the Province, turned in a remarkable score for the outgoing nine of his home course yesterday afternoon. The score enabled him to lead 56 professionals and assistant professionals through the qualifying round of the trophy match, after which sixteen entrants were drawn by a committee for 18-hole match play to conclude on Wednesday afternoon.

Robson, holder of the title of the Professional Golfers' Association of Canada, which he won this year on the Rivermead course prior to the Canadian open championship in a play-off with Andrew Kay, Lambton, scored 6 birdies and 3 pars for the opening half of the course, for which the par is 36. Four birdies were consecutive. The half in 30 and the second half in 36 established an official course record.

Robson's Fine Iron Play.

Iron play is the distinguishing feature of Robson's game. A thorough knowledge of his course and his ability to use his irons in a perfect manner, in addition to some fine putting, enabled the professional champion to carry off the early honors of the tournament, which is now regarded by professionals of Ontario as a championship. After the morning round Robson was following Hulbert, Thornhill, who scored a 67; Willie Lamb, Quebec and Ontario open champion, who had finished with a 70, and was tied with Robert Cunningham, Royal York.

While Hulbert, leader of the first round, was playing to par and Lamb and Cunningham shading it, Robson with his 66, including his 30 for nine holes, led Hulbert home by three strokes, Lamb by four strokes and Cunningham by six strokes. Cunningham was tied with Gordon Brydson, Mississauga, who played a consistent game. Kay's cards for the day were two 73's.

Players on the Raleigh, N.C., team of the Piedmont League are now dividing the gate receipts after a game in lieu of salaries.

Favorite For Marathon Swim Championship

DECLARES YOUNG IN TIP-TOP CONDITION.

"George Young will win the big swim." So says Dr. Paul O'Sullivan, who has successfully forecast the winner in the past three Marathons. Dr. O'Sullivan bases his prediction on Young's present condition. Having in all other swims scaled more than 200 pounds, the "Catalina Kid" is now down to 183 pounds, and rarin' to go. The above photograph shows Dr. O'Sullivan putting the O.K. on Young during the examination of the entrants for the 15-mile Marathon swim, emblematic of the world's championship at Toronto.

ORONO HERE ON WEDNESDAY

Gamsby's Ramblers Meet C.G.E. in First of O.B.A.A. Playdowns.

TEAMS IN FIGHTING TRIM.

The first Intermediate O.B.A.A. playdown game of the year in Peterborough takes place tomorrow (Wednesday) evening at six o'clock. Orme Gamsby's Orono Ramblers come to the Exhibition Grounds to play C.G.E., winners of the East Peterborough League. It's a two-out-of-three series, the winner advancing to the next O.B.A.A. round.

Fresh from hard-fought victories over Oshawa, Newcastle and Bailieboro, the Ramblers will be in fighting trim when they stack up against Abbie Rose's local outfit. They have a classy fielding infield in Corden, Bannon, Moise and Lycett; while Moore, Cameron and Bates, travel fast in the outfield. McGill is the regular catcher. All the Orono players are experienced all round and good hitters.

Osborne and Bowman have carried the burden of the pitching duties, both going exceptionally well all season, and seeming to thrive on plenty of work. In the game against the Oshawa Duketles, Bowman was accused of carrying a resin-bag with which to apply resin on the ball, keeping it dry and sandy and proving effective for sharp curving. He was protested, but so far nothing has come of it. Both Orono pitchers are brainy moundsmen and the whole team looks good.

Abbie Rose may twirl the opening game himself. Otherwise, Harold Ralph is likely to get the call. While the Electrics have been idle some time, they have been working out and look ready. This C.G.E. team has an undeniable fighting spirit, apparent in their series with the Cogs, and they should give Orono a real battle, trying particularly hard to win their home game. Fans may look for one of the classiest baseball playdown games seen here in several seasons in this Orono-C.G.E. hookup.

PRO BOX LEADERS TO DECIDE TITLE

Tecumsehs and Canadiens to Meet for Crown—Drop Second Series.

MONTREAL, Aug. 30. — The International Lacrosse League will resume operations this Fall just long enough to declare a champion, it was announced by league officials here yesterday.

Toronto Tecumsehs and Montreal Canadiens, which finished the first half of the proposed two-section schedule in a tie for first place will fight for the title, the dates for the opening three games being Oct. 4, 6, and 8, the first two contests taking place in Montreal and the third and if necessary, the fourth and fifth at Toronto.

Originally it was planned to play a second half of the schedule beginning Aug. 28 and concluding on Oct. 15. The Toronto clubs, Maple Leafs and Tecumsehs, were anxious to complete the schedule, but the Montreal entries, Canadiens and Maroons, declined to do so.

At the end of the first half Canadiens and Tecumsehs were tied with ten games won and five lost. Maple Leafs trailed three points behind, while Maroons were hopelessly in the rear.

Swim Will Be Held Inside Breakwater

TORONTO, Aug. 30.—(CP)—The Canadian National exhibition's 15-mile open marathon swim, scheduled for tomorrow, will be held over a nine-lap course inside the breakwater, it was announced here today.

The first lap will be 13,068 feet long. There will be seven laps of 8,304 feet, followed by the ninth and final lap of 5,034 feet.

SPORTS Day by Day

Baseball — Softball — Lacrosse
Boxing — Wrestling — Aequatic

(BY C. J. P.)

Westclox and Keene meet tonight in a girls' softball game at the Bowl, starting at 6.30, it being the first of a three-game series to decide a winner in the first half. Since Sixth Line lost to the Keene lasses last night, it's Maple Leafs and Keene who will play-off for the leadership of the second half. Those gals from Keene have two chances to the other teams' one, and as they won the title last year, may repeat. However, both Westclox and Maple Leafs will put up a fight, don't worry.

* * * * * *

Sugar Bowl went down to Oshawa last night and wrote "finis" to their season in softball. They lost their second game to the Dodgers, 5 to 4, but it took the Motor City team nine innings to do it. A homer in the ninth tied the count, and they pushed across another run to advance in the O.A.S.A. playdowns. A swell game, and no disgrace at all to the local champs.

* * * * * *

They would likely have won only Whitely was sent in in the seventh, and that husky fellow with the cannonball, and the uncanny control, was unbeatable, although the Bowl boys filled the bases in the ninth with none out. One runner was caught at home on a grounder to first, one fanned and the last one popped out.

* * * * * *

Lanky Ted Naish twirled a fine game for the losers and deserved better luck. He had good support, too, all the boys working their heads off and frequently drawing applause from the Oshawa fans for their fighting spirit inning afte rinning. Whitely, with some help from Doc Rowden, beat the local lads, that's all. We don't need any alibi after a game like that, but just watch what this same twirler does in further playdowns. We've never seen a better pitcher. Well, it's over, and true to Peterborough tradition, the team went out fighting.

* * * * * *

Don't forget that intermediate baseball playdown game at the Exhibition Grounds tomorrow night. The colorful Orono Ramblers, led by the talkat've Orme Gamsby, are here to do battle with Abbie Rose's C.G.E. team in the first game of their O.B.A.A. series, and it should be plenty good. They have a pitcher who is believed to use resin on the ball.

* * * * * *

The sudden-death girls' game at the Bowl turned out to be quite a contest, Keene eliminating Sixth Line, 15 to 13. Irene Short's homer with two aboard in the eighth rubbed the Lang maidens out of the picture for this year. They put up a courageous fight and had the huge crowd with them, but superior playing in the last couple of frames swung the pendulum Keeneward.

* * * * * *

If the Keene-Westclox play-off game to-night is rained out, it will be held to-morrow. The second game of this series will be on Thursday eve, and the third—if necessary—this Saturday night at six, not 6 30 as in the first two. If Keene wins this series, they'll meet Maple Leafs for the championship of the league, starting next Tuesday at 5.30 (Standard Time). If Westclox wins, then both the Leafs and Keene will have to play a three-game series next week, the winner meeting Westclox in the finals. All depends on the series this week.

* * * * * *

What a game, what a game! That lacrosse playdown last night is the one we're referring to. A big crowd took it in, and saw one of the most exciting sport events in a long time. The Petes won out, 15 to 8, and deserved the win, outplaying the Greds in all except the second period. They have a seven-goal lead to take to Toronto on Thursday night when they play at 8.30 in the Maple Leaf Gardens.

* * * * * *

Hard checking, nifty passing and shooting, speed and fist fights made it a game well worth watching. Those Greds battled themselves into the ground, but the classy local Intermediates were a little too good for them. They may find it tougher on the larger Toronto field, though that lead will be hard to overcome.

* * * * * *

Fine combination and shooting, with Bovin, King, Dundas and Jack starring around the net, was the big advantage the Petes had. Every player, goalie, defencemen, and forwards, turned in a fine exhibition and worked together like a machine. The two out-of-towners, Jack and Scriver, fitted in perfectly. This game will do a lot to stimulate interest in the gutted-stick sport, and the Petes certainly deserve support. They should go a long way.

* * * * * *

The soccer associaion is fielding an All-Canadian team against the Old-Timers to-morrow evening on behalf of the St. John's Ambulance Association—a decidedly worthy cause. The Canadian boys all learned the code in this city through the school competitions, with the exception of Harold Darling, who hails from Warsaw.

* * * * * *

The Brinton lacrossers play in Millbrook to-morrow night, and they will leave from the Brinton Field at 5.30 o'clock. The cars and players are asked to be on time.

ANN HARDING IN "WESTWARD PASSAGE."

This talkie has an interrogation finale. What became of Mr. Ottendorf and also what attitude Chong finally took to the presence of the lady in the house, is left gasping in the air, as it were.

The beautiful blonde, Ann Harding, who looks exquisite in a close-up and just a little old at a farther view, has the main role. One thinks she is better as a support, as she was in "Holiday," the picture that made her famous. Movie stars are supposed to be callous, but her very recent divorce from Harry Bannister would make her, it would be supposed, a little sensitive to the name of Harry as applied to one of her husbands in this picture. Irving Pichel is Harry Ottendorf, who marries Agatha Allen when she finds life just a little too exciting as the wife of the temperamental writer, Nicholas Allen, a part played by Lawrence Olivier. This gentleman is good, but he looks at times as if the whole thing were a joke to him, probably because his eyebrows are at right angles to the rest of his face.

The inimitable ZaSu Pitts, whose shadow never grows less, has the part of the obliging landlady in "Westward Passage." The title possibly has to do with the reverse course adopted by the principals when they decide to give the matrimonial state another try.

A little bit of entre'acte music with this program that recalls vividly the captivating clergyman in the "Broadway Melody," is the playing of the gay "Wedding of the Painted Doll." It dances its way jauntily through the showing of the trailers of coming events.

—Jeanette.

GOLF NOTES

Caddies' Field Day

The third Caddies' Field Day at the Peterborough Golf and Country Club was held Saturday morning, August 27th, twenty-six taking part.

This field day was supervised by the ladies' captain, Mrs. Basil Hall and the men's captain, Chris Graham, and was made possible by the members giving prizes and entertaining the boys to lunch.

Competitions

Best Gross Score, Jack O'Donoghue; second gross score, Ronald Akers; best net score; Mike O'Leary; second net score, Chip Harding; driving, Charlie Godfrey; blind hole first, Emmett Kearney; second Art Dainton; approaching and putting, Don Coughlin.

Prizes consisted of silver cup won by the champion, for the second year, Jack O'Donoghue. Golf bag, No. 4 iron, belt, socks, sweaters and flashlight. Bill Fairweather the pro, has given the boys a lot of good pointers, and some good scores were turned in.

SCREEN ODDITIES

by Captain Roscoe Fawcett

After completing his course of instruction at the American Academy of Dramatic Arts in New York, William Powell secured a party in "The Ne'er Do Well" on the stage. Following this engagement and a few others of minor importance, he encountered an off period and could not obtain stage work. Stranded in New York, he could not write home for assistance because he had gone on the stage contrary to his father's wishes. In order to secured funds he accepted any available work, including a job as a theatre usher.

* * * * * *

A scene for "Grand Hotel" has to be refilmed because preview audiences laughed when they were not supposed to. In this scene John Barrymore returned a string of pearls to Great Garbo, throwing them on the floor. The sound of the pearls striking the floor was so exaggerated by the microphone that theatre-goers first viewing the film laughed. The sequence was remade with Barrymore noiselessly placing the pearls on a table.

* * * * * *

Harold Lloyd has forbidden his press agents to use superlatives in exploiting his pictures. The comedian has decided that use of words such as "colossal," "stupendous," "greatest," and 'funniest' offends the public's intelligence. He believes that audience should be permitted to decide the merits of a film and pass on their opinions to those who have not seen it.

Dorothy Arzner, only woman screen director, once was a stenographer?

BURGESS BEDTIME STORIES

REDDY FOX DOES SOME PLANNING.

If there is anybody in the wide world who wants to know all that is going on about him, it is Reddy Fox. Some folks like to find out all they can just through idle curiosity. One of the first things Old Granny Fox taught Reddy when he was little was that the more you know about the affairs of other people the greater is the chance that sooner or later you will be able to profit by your knowledge. So Reddy Fox never willingly allows to slip by a chance to learn something of his neighbors and their affairs.

You remember how Johnny Chuck had thought himself very clever in making his new home in the corner of the old stone wall because it would give him protection on two sides. At least that is the way it seemed to him. And you remember how Reddy Fox had discovered that new house. And how he said that it couldn't suit him better possibly. The reason it suited Reddy so well was that he saw at a glance that the wall was too high for Johnny to see over even when he sat up, and so it would be an easy matter to creep up behind that wall and watch for a chance to surprise Johnny.

Of course, at first Reddy had not known that it was Johnny Chuck who had built that house. He had hoped that it was a young, foolish and tender Chuck. So the first thing Reddy did was to find out just who the owner of that house was. He did it by peeking over the wall from some distance away, watching until he had a good look at Johnny. You can imagine how surprised he was.

At first Reddy was disappointed. Johnny was no longer young and tender. Johnny was wise in the ways of Foxes. Reddy thought of how often he had tried to catch Johnny Chuck and failed. Then he thought of Polly Chuck and at once began to wonder if she was with Johnny. If she wasn't—well, he might be able to catch both. It would be worth trying anyway.

So Reddy promptly stole down to a certain favorite hiding place where he could see the old apple tree in the far corner of the Old Orchard and here he watched until he saw Polly Chuck come out to sit on her doorstep. Reddy grinned. "They've quarrelled about something" thought he. "That is just what they have done, and Johnny has gone to live by himself. What a silly fellow! What a silly fellow to give up such a splendid safe home as he has now! Here I couldn't surprise him, but up there, well, we will see what we will see."

So for several days Reddy Fox watched Johnny Chuck usually very early in the morning. Always he took care that Sammy Jay couldn't see him. The minute Sammy arrived in that part of the Old Orchard, Reddy had business elsewhere. You see he knew that if Sammy once saw him watching he would at once tell Johnny Chuck, for there is nothing Sammy takes greater delight in than in upsetting the plans of others.

And there he watched until he saw Polly Chuck come out to sit.

It didn't take Reddy long to learn that Johnny had to go some distance from his house to get his meals. He learned at just what hour Johnny breakfasted. He learned that whenever a wagon or an auto passed along the road, Johnny ducked down out of sight, but didn't stay down long. In fact, he learned all about Johnny's ways and then Reddy began to do some planning, and all this planning had to do with the catching of Johnny Chuck. Reddy indulged in many sly grins as he planned. If Johnny could have known what was going on, he would have been nervous. He certainly would.

CLAIMS HE DROPP ED $3,500 PLAYING O LD WALLET GAME

Butter-and-egg Man Says He Trustfully Gave Sum to Stranger.

RECOGNITION VALUE.

VANCOUVER, Aug. 30 (Special to The Examiner) — Thomas E. Austin, who claims to have been defrauded of $3,500, in a wallet game, recognized Mike Snatynchuk, 30, of Seattle, as the man who buncoed him, when he saw him in a courtroom corridor, but a few minutes previously he had been unable to identify him in a police lineup, and so the case was dismissed.

Magistrate Edmonds contended that Austin's indecision warranted dismissal of the charge, especially in view of the fact that elimination of grand juries had placed a greater burden of responsibility on magistrates.

It was an amazing story of deception and gullibility that Austin told the witness stand during Snatynchuk's trial at New Westminster. Snatynchuk had been arrested with two other men, one of whom has been charged with conspiracy to defraud Charles Johnson, Seattle garage man, of $3,000.

Austin, who was formerly in the dairy business in Cranbrook, said he became acquainted with the accused on a boat from Victoria to Vancouver, the latter representing himself as a farmer named John Furman.

Find a Pocketbook

The acquaintance continued in Vancouver and Furman suggested visiting the Fraser River bridge. While they were walking along Columbia St. near Albert Crescent, a pocketbook was found in the grass near the sidewalk said the witness. As the two debated what to do with it, a man, named Adams, alleged owner of it, appeared. The accused handed Adams the pocketbook, it having the latter's name in it with various papers and $35 in bills.

Adams, according to the testimony, wanted to hand the two men the $35 as a reward, but Austin said he refused to take. Then Adams, in gratitude, revealed himself as connected with the horse-racing business in New York. Furman, according to the witness, suggested that Adams should tell them how to make money on horse races. This, Adams eventually agreed to do, and the trio engaged rooms at the Savoy hotel, while Furman arranged to place bets on tips received from Adams.

The accused, according to Austin, went out and placed a bet of $25,000 on money borrowed allegedly from a loan company. Coming back with another man, carrying a small valise supposedly containing the winnings, Furman said that a note had to be signed for the money as proof of their good faith, otherwise the loan company would keep the winnings.

Austin Raised $3,500

Adams said the witness suggested he could get $10,000 from an uncle in New York, Furman could raise $6,000 and Austin said he could probably get some money from Cranbrook. This he did, and $3,500 was transferred to an account in a Vancouver bank.

Returning to New Westminster, Austin said he handed over $3,500 in bills to Adams, and Furman supposedly handed over $6,000. Adams allegedly told Furman to take the former's share of the money and place another bet. Furman did so but when he returned to the hotel he said he had bet the whole amount.

Adams, said witness, denounced Furman for doing this and in a few minutes made the alleged discovery that the money had been bet on the wrong horse and all was lost. Furman, according to Austin, wept and whined, pleading for another chance. Adams gave Furman $40 to go to California to get some more money to recoup his loss and later return to Moose Jaw, to which place Adams said he was being sent by his company. He then bought Austin a ticket for Moose Jaw, the three arranging to meet there later. The witness said he made the trip to Moose Jaw, but as Adams and Furman failed to appear, he returned to the coast.

Stirling

Mr. and Mrs. Moise, Jack Shirley and Billy are camping at J. B. Belshaw's cottage.

Mr. and Mrs. J. E. Munro and family spent Sunday at Stoney Lake.

Mrs. R. W. Meiklejohn and son Allan spent Monday at Athens.

Mrs. G. Lucy has been visiting friends in Port Hope.

DUSTING COSTS 60 DAYS.

WINDSOR.— For his efforts to perfume a drug store, John Smith, 29, of no fixed abode, will spend 60 days in Essex county jail. John thought he wanted a couple of bottles of sarsparilla, but he considered the service slow and "dusted" the place with face powder from the counter. His actions did not meet with the approval of the storekeeper, police or magistrate.

SEASON'S HEAVIEST RAIN.

WINDSOR. — Essex County today experienced the heaviest rain of the summer. In about five hours the fall was 2.02 inches. Considerable benefit will be shown in the late crops, according to rural officials.

Her BACKACHES have GONE!

Quick, sure relief with Fruit-a-tives

"Your splendid remedy acted like a tonic to my entire system. I can't begin to tell what I suffered from backaches due to kidney derangement. When I would bend down it seemed that I couldn't straighten up again. I was continually awakened at night from the same cause. Dizzy, sick headaches and a weak stomach made me feel perfectly wretched. Now thanks to your wonderful 'Fruit-a-tives', I am enjoying life again."

Fruit-a-tives . . . all drug stores

What To-Day Means To You

"VIRGO."

If August 30 is your birthday, the best hours for you on this date are from 11 a.m. to 12.10 p.m., from 4 p.m. to 5.30 p.m., and from 6 p.m. to 8.15 p.m.

A proper balancing of the Profit and Loss account for August 30th should show more credits than debits, with appreciable dividends of happiness and material success. Do not take all credit to self. Luck will be on your side. Few quarrels, and a general, genial atmosphere. Exceptionally good time for personal interests.

Children born on this August 30 will have eager natures, with every cell of their bodies alive. They will be rather wearing on some of their slower-pacing associates. They will be equally clever in the classroom grind or at dance and song. An easy popularity will be theirs, although they will have no desire to be anyone's pet.

You have too radiactive a nature, if born on August 30, to live a heavy or stolid life, and whatever you may become, you will never become static. As a child you were too credulous, and a born hero-worshipper. Life has made you more questioning and less able to have "crushes." Your life will be too short for you to take up all the things which seem attractive for you to pursue. Your versatility of mind will drive you into many things, but not always to success. Always, however, you effervesce anew, and guide your enthusiasms on to some new interest or hobby.

People of your temperament seldom think about conserving their energies until it is too late. You should take care not to let your spirits run away with you. Most August 30 people are of a wiry constitution, but are not entirely immune to physical abuse. You are brisk and efficient at your real work, and like to get things done and over. Duties undone always spoil your leisure hours, to which you look forward as a time to read, gossip or play. Your tastes are not high-brow, and you have the good taste not to pretend that they are. You are probably less envious of your neighbor than the average person.

Alfred Frost, former cricket star, dived fully dressed into the seas at Westcliff, England, and saved a London girl, aged 12.

The Quick, Sure Way to End ECZEMA

No matter how long you've suffered with itching, feverish, ugly eczema and what treatments you've tried—one application of powerfully soothing and healing Peterson's Ointment instantly stops the maddening itching and terrible soreness, and just a few days' use banishes every trace of that red cracked, discharging skin—leaving it smooth and clear. For over 80 years Peterson's has brought freedom to thousands suffering with old sores, pimples, eczema and itching skin. A big box costs only 50 cents. All drug stores.

HARVEY COUNCIL AUGUST MEETING

Repairs To Roads Authorized And Accounts Passed.

AT NOGIE'S CREEK.

Harvey Council met at Nogie's Creek on Saturday, August 6, with all members present; the Reeve in the chair.

Mr. Windover reported that he had repaired the culvert at Noble Cumming's gate at a cost of $8.00.

Moved by Mr. Bennett and Mr. Ingram, that Albert Allen be paid $15.00 which he spent on his road. Carried.

Moved by Mr. Bennett and Mr. Shearer, that Ray Richmond get paid the $35.00 appropriated at last meeting. Carried.

Correspondence was received from the Sawyer and Massey Co. re blade for grader; and from the Brandon Insurance Co., stating that they would take no action in the matter of damage to Windover and Gillespie's cars.

Moved by Mr. Bennett and Mr. Windover, that Mr. Ingram and Mr. Shearer be a committee to inspect Mr. Crowe's road.

Moved by Mr. Bennett and Mr. Windover, that the report on Mr. Crowe's road be laid over until next meeting. Carried.

Moved by Mr. Shearer and Mr. Bennett, that Charles Ireland spend $10.00 on his road. Carried.

Moved by Mr. Bennett and Mr. Shearer, that the Township rate be struck at 13 mills for 1932.

Moved by Bennett and Ingram, that Wakeley Northey's application for collector of rates and taxes for 1932 be confirmed.

Moved by Mr. Bennett and Mr. Windover, that Peter Bell's pay sheet be passed and balance of grant be paid. Carried.

Moved by Mr. Ingram and Mr. Windover, that Phil Aldred's pay sheet be passed and balance of grant be paid.

Moved by Mr. Ingram, seconded by Mr. Bennett, that Gale Elliott get a grant of $25.00 on his road, and he to have David Irwin do one day's grading on his road out of this amount.

Moved by Mr. Shearer, seconded by Mr. Windover, that the following bills and accounts be paid:—Albert Allen, work or road, $15; Ray Richmond, grant on road, $35; Sawyer & Massey, blade from grader, $4.62; George Irwin, 40 loads gravel, $3.20; Carew Lumber Co., 23 loads gravel, $1.84; S.S. No. 2, rent for school for election, $10; John Coones, 163 loads gravel, 70 loads stone, $16.54; J. G. Elliott, 24 loads gravel, $1.92; Examiner account, $1.68; Joseph Oliver, 93 loads gravel, $7.44; Alex Tate, 25 loads gravel, $2; Cecil Crowe, work on road, $5.60; Rovert Irwin, 1½ day grading, $6; W. J. Shearer, freight and trucking culverts, $4.30; Arthur Haines, rent and sharpening drills, $2.60; Peter Bell, repairs culvert, $8; Alex. Thompson, 43 loads gravel, $3.44; Nate McIlmoyle, on Watson's bridge, $40; Peter Bell, balance of Col. grant, $25; Phil Aldred, balance of Col. grant, $35; William Coulter, grant on road, $24.00.

Council adjourned to meet at Lakehurst on Saturday, September 3rd.

Weddings

THOMPSON—GIBSON

STIRLING, Aug. 30 (Examiner Correspondence) — The marriage took place at the Presbyterian manse Stirling of Ruth Olive Alma Gibson, daughter of the late Mr. and Mrs. William Gibson and James Oddie Thompson, son of Mr. and Mrs. John Thompson, Burnbrae. Rev. A. N. Reid, M.A., was the officiating clergyman.

The bride wore a seal brown chiffon velvet gown with harmonizing turban and fox fur, long brown kid gloves, also brown suede shoes with hose to match.

The couple were attended by Mr. and Mrs. William Brady. Mrs. Brady is the grooms only sister.

A reception for the immediate friends and relatives of the bride was held immediately after the ceremony.

The couple left for a two week's motor trip to Quebec and the Adirondacks.

BAXTER—GIDDINGS

CENTRETON, Aug. 30 (Examiner Correspondence).)—A quiet wedding was solemnized at the home of Mr. James Baxter on Saturday, August 27, at 3 p.m., when Rev. Mr. Neville united in marriage Miss Margaret Giddings, daughter of Mr. and the late Mrs. Joseph Giddings, Baltimore, to George Baxter, eldest son of Mr. and Mrs. James Baxter, Centreton. The bridesmaid was Miss Pearl McCallum, Grafton. The bridegroom was attended by Mr. Sidney Jafferies, Grafton.

The bride was becomingly attired in a navy blue frock with accessories to match. After the ceremony a wedding supper was served. The happy couple spent a few days in Toronto; on their return they will reside with Mr. James Baxter.

WORTHLESS CHEQUES.

LONDON, Ont.—Albert Lambert, 37, former Chatham and Toronto carpenter, appeared in police court to-day charged with issuing worthless cheques and possessing liquor illegally. The case was adjourned till Wednesday at the request of the defence.

MUNICIPAL ASSOCIATION

TORONTO. — The 34th annual meeting of the Ontario Municipal Association will be held at the City Hall here Aug. 31 to Sept. 2, inclusive, under the chairmanship of President Frank J. Mitchell of Windsor.

Siam now uses radio advertising.

Market Closing On All Exchanges

WALL STREET

NEW YORK, Aug. 30—The Stock Market found it a little easier to advance than to decline to-day, in a session of mixed movements. Mid-day strength of rubbers, coppers, motor and accessories and oils was interrupted by a sag in some of the leaders during the early afternoon, but rails came forward to bolster the entire list in the late trading. Goodyear extended its gain to more than 5 points. Eastern rails were strong, with gains of 2 to 5 in New York Central, Delaware and Hudson, Lehigh, and Lackawanna. Tobaccos also perked up, with American Tobacco "B" and Liggett and Myers "B" up about 2. U. S. Steel and American Telephone were up fractions. The late tone was firm. Transfers approximated 3,200,000 shares.

TORONTO EXCHANGE.

TORONTO, August 30 (C.P.). — The advance on the Toronto Stock Exchange gained momentum in the afternoon trading to-day, and at the end of the session gains outnumbered losses by two to one and no less than 10 new peaks for the year were recorded. Advances ranged from small fractions to as much as 5 points, with the leaders prominent in the upward movement.

International Nickel and Consolidated Smelters were outstanding among the favorites, the former selling about 12 and the latter to 78. Both were new peaks. Near the close these two issues dipped from their tops. C.P.R. was firmer.

Inactive issues chalked up large gains. B.C. Packers was up 4¼, Canada Wire Cable 1¾ and Canadian Car 1.

STANDARD EXCHANGE.

TORONTO, Aug. 30 (C.P.). — Though base metal shares sold off a little from their forenoon highs on the Standard Stock and Mining Exchange Market to-day, general price trend was strong to the close, with a number of new peaks for the recovery scattered through the list.

Hudson Bay Mining featured the copper group, closing with a net gain of 50. Nickel was up 60 and Noranda 30.

Golds strengthened in the afternoon, Dome advancing 10, Teck Hughes and Vipond 5 each and Mining Corporation 12.

Oils responded, Chemical Research moving up 10 and Fen Pete and Vacuum Gas a cent each. Great bear issues were easy.

MONTREAL EXCHANGE

MONTREAL, Aug. 30. (CP) The Montreal stock market moved substantially higher in to-day's trading, several new highs for the year being recorded. Gains ranging from fractions to a point were general and in several cases much higher advances were recorded. Volume was fairly heavy and compared with the best days of last week.

The best gains were among special issues. Canadian Celanese preferred advanced 15 points to 60. Dominion Textile sold at 58 for a gain of 6. Canadian Car preferred gained two points to a new year's high of 17¾. Canada Steamships preferred also scored a new high at 11 up 1¾.

The leaders were fractionally higher with the exception of Montreal Power which met with selling and closed at 36. International Nickel was up ¾ at 12.

TORONTO LIVESTOCK

TORONTO, Aug. 30 (C.P.) — Trading on the Toronto Livestock market was slow, with not enough sales to establish prices. Left-overs totalled 1,400 head. A few good butcher cows brought $3.25 to $350, and medium to good butcher steers were $4.50 to $5.00.

Receipts.—Cattle 683; calves 200; hogs 760; sheep 310.

Calves were firm at $6.50 to $7 for choice and downward to $3.50 for common. Grass calves were steady at $2 to $3.

Hogs were unsettled with bids of $4.50 f.o.b. for bacon. Salesmen were holding for $4.65.

Sheep and lambs opened steady at $5.75 for good ewes and wethers and at $4 for culls. Good light sheep were $2 to $2.50 cwt.

Quotations: Steers up to 1050 lbs. good and choice $5 to $5.50; medium $4.50 to $5; common $3.50 to $4.25. Steers over 1050 lbs. Good and choice $5.75 to $6; medium $5.25 to $5.75; common $4 to $5.

Heifers: Good and choice $5 to $5.50; medium $4.50 to $5; common $3 to $4.25.

Fed calves: Good and choice $7.50 to $8.25; medium $6 to $7.25.

Cows: Good $3 to $3.50; medium $2.50 to $3; common $2 to $2.25. Canners and cutters 50c to $1.75.

Bulls: Good $2.50 to $3; common $1.50 to $2.25.

Stocker and feeder steers: Good $4 to $4.25; common $2.50 to $3.50.

Milkers and springers $30 to $45.

Veal calves: Good and choice $6 to $7; common and medium $3.50 to $5.50. Grassers $2 to $3.

Hogs: (No quotations).

Sheep, lambs: Ewe and wether lambs, good $5.75; medium $5.50; bucks $3.75 to $4; culls $4 to $4.50.

Light sheep: Good $2 to $2.50; heavies $1.50 to $2; culls $1.

EXCHANGE RATES.

(By the Canadian Press.)

Pound sterling in Montreal 3.88½.
U. S. dollar in Montreal 1.12.
Pound sterling in New York 3.87⅝.
Canadian dolalr in New York 89¼.

Auto Victim Dies In Cobourg Hospital

COBOURG, Ont., Aug. 30.—Lyal Naylor, Milton, injured in a motor accident on Aug. 14, died in Cobourg Hospital to-day from concussion. An inquest was opened and after the body had been viewed, adjourned sine die.

Naylor was the occupant of a car driven by Dean Naylor, which crashed into a moving van early in the morning of Aug. 14. Naylor was unconscious until two days ago, when he showed signs of recovering.

In the same accident, Clarence Trimble of Milton received a a broken back and Ray McGregor, Brampton, head injuries.

Dean Naylor was slated to appear on Sept. 2 on a charge of criminal negligence.

FRIARS DIRECT REBEL TROOPS

Governor of Ecuador States Conditions at Quito Are Chaotic.

ASKS REINFORCEMENTS.

GUAYAQUIL, Ecuador, August 30 (C.P.). — The governor of this province received a telegram to-day from Alberto Martinez, President of the Ecuadorian Senate, that the situation at Quito was chaotic and that Conservative forces backing Neptali Bonifaz were being directed by friars guiding the attack on the Federal forces from the church towers.

A Conservative revolution has developed since the mutiny of part of the army garrison on Saturday, the message said. There is still no legal government and it appears that a Conservative dictatorship is in control despite earlier reports that the government was in the saddle. Senor Martinez asked for reinforcements and these were sent immediately by train.

Despatches from Quito said the fighting there was still in progress. Federal troops advancing from the north crossed the city and joined troops from the south. The streets were littered with bodies of dead, but the fighting continued.

Gain Gold, Motor Wheel, Magic Secrets, War General, All Feet, Kiddem, Natanis, Perfect Rose, Court Martial also ran.

WINNIPEG GRAIN EXCHANGE

WINNIPEG, Aug. 30. — (CP) — Wheat prices slipped off fractionally early today due chiefly to profit-taking and a disappointing export business overnight. Trading for the most part was fairly active but near the end of the first hour offerings dried up and this, together with an upturn at Chicago, brought prices back to levels about ¼c over yesterday's close.

In the early trading little selling of our December future was in evidence while locals were lining on both sides of the market. Light showers to heavy rains fell in all sections of the prairie provinces during the past 24 hours and further moisture is forecast for today and tomorrow, and unless the weather clears up immediately, threshing operations are likely to be tied up for several days in some districts.

Liverpool wheat futures displayed strength during the entire session and quotations at the close of the English market were 1d to 1¼d higher per 100 pounds.

The United Kingdom imported in June nearly three times as many passenger cars and chassis from the United States as it did in the same month of 1931.

TARZAN, LORD OF THE JUNGLE. NO. 92

By Edgar Rice Burroughs
(Metropolitan Newspaper Feature Service, Inc.)

©1931, by Edgar Rice Burroughs, Inc. All rights reserved.

Toyat, the king-ape, with the savage people of his tribe, was foraging for food. It was cool in the mid-day jungle silence and the apes were content and at peace with the world. Coming toward them, were three people, but the wind blew from the apes toward the three, so none of the great Anthropoids had caught the hated scent spoor of the Tarmangani.

In the lead was a wicked-eyed Beduin. Another man tottered along with the aid of a broken tree branch. The third was a girl, whose strange garments of splendid stuffs were soiled and torn, but she carried herself with regal mien. The three were moving cautiously. It was the Beduin who first sighted the playful young ape who had wandered farthest from the great bulls of Toyat's tribe.

Raising his ancient matchlock the man aimed and fired. Through the roar that followed came a scream of pain and terror from the wounded 'balu." Instantly, the great bulls leaped into action. Hurtling toward the two men and the girl, they came. Fahd and Stimbol turned and bolted, in their cowardly haste pushing Guinalda to one side and hurling her to the ground.

The bull ape in the lead leaped toward the girl and was about to sink his fangs, when Toyat seized him and dragged him from her, for Toyat recognized her for what she was. The king-ape had once seen another Tarmangani "she" and had decided he would like to have one as a wife. Now began a battle royal between the two huge anthropoids for possession of the horror stricken Guinalda, Princess of Nimmr.

AIR MAIL TRIP SELDOM MISSES

Only 24 Cancellations Out of 704 in Three Months.

CANADA'S SERVICE.

OTTAWA, Aug. 30. (CP)—Canada's air mail service is carrying on. Out of a total of 704 trips scheduled during the three months ending June 30, only 24 were cancelled, according to the quarterly report of the civil aviation branch just issued.

The total mileage scheduled during the period was 94,374, and of this 89,440 was actually flown. The speedy air mail planes carried a total of 62,711 pounds of mail during the period under review.

Light aeroplane clubs are flourishing. There are 23 in actual operation in Canada, with a total of 2,585 members and 62 aircraft in use. Hours flown during the three months were 4,118.26 and 38 private and 21 commercial licenses were issued to the students.

Air mail service in the Sioux lookout and Mackenzie River areas was 100 percent efficient. Between Winnipeg and Pembina, efficiency was 97.8, while between Montreal and Albany it was 91 percent perfect.

P.G.A. Draw

P.G.A. draw for to-day follows:

DONATIONS TO CAMP

The ladies' committee of the children's camp at Jackson's Park gratefully acknowledge the following donations: Mrs. H. Rush, ice cream; Mr. R. Doble, ice cream; Mr. James Hamilton, ice cream and biscuits; Mr. Oke, apples; Mr. Kilney, vegetables; Mr. Nigh corn. The camp closed on Aug. 27th, after a most successful season which added greatly to the health and happiness of under-privileged children.

Obituary

DARO NEAL

The remains of the late Daro Neal whose death occurred last week in Rochester, N.Y., arrived in the city on Saturday and the funeral took place on Monday afternoon at 3 p.m. from the Duffus Funeral Parlors to the Little Lake Cemetery for interment.

J. J. RICHARDSON

J. J. Richardson, veteran merchant of Pontypool, died today in Nicholls' Hospital at the age of 82 years. He had lived all his life in the Pontypool district and was highly regarded by a host of friends throughout the district. He is survived by his widow and four brothers, William of Albert street, Peterborough and Bert, Percy and Henry of Pontypool.

Deceased was a member of the Masonic Order at Orono, also the Scottish Rite, of Peterborough, the Independent Order of Oddfellows and the L.O.L. Pontypool.

The funeral will take place from the residence of his brother, Henry Richardson, Pontypool, at 2 p.m. Thursday to the United Church. Interment will be in the Pontypool cemetery and Rev. Mr. Adamson, of the United Church, will officiate.

You will find many things in the Classified Ads. of The Examiner.

PROVINCE OF QUEBEC REVEALS DEFICIT OF $584,,708 IN 1931-32

Succession Duties, Liquor Sales, Mines, All Show Decreases.

GAS REVENUE UP.

MONTREAL, Aug. 30 (C.P.).—A deficit of $584,708.61 was shown in the financial statement for the Province of Quebec, made public here to-day by Premier L. A. Taschereau. The statement is for the fiscal year 1931-32, which closed on June 30.

Ordinary expenditures during the past fiscal year amounted to $37,535,726.97 and ordinary revenues for the same period to $36,941,020.36. During the preceding year expenditures were $40,899,844.60 and revenue $41,630,620.26, a surplus of $776,775.67. Revenues in 1931 therefore decreased by $688,600.20. Expenditures were decreased by $3,328,118.62. There was an increase in revenue from the gasoline tax of $700,000 and in the Federal subsidy of $336,000, but the following decreases were reported: Succession duties, $2,376,424.60; liquor sales, $1,500,000; lands and foreses, $982,263.69; mines, $273,619.15; automobile licenses, $134,540.87; Liquor Commission permits, $132,611.

Loan Uncertain.

In the course of the statement which was issued simultaneously with the figures, Premier Taschereau says it will not be known until next winter whether the Province will be compelled to float a loan. Big losses in revenue as compared with the previous year were recorded in succession duties, sales of liquor, returns from lands, forests and mines, automobile licenses, and Liquor Commission permits. Mr. Taschereau emphasized in his statement that while the finances of the Province showed a deficit, nothing had been added to the funded debt in the period under review.

FLYING FAMILY OFF NORTHWARD

Hutchinsons Head For Labrador After 6-day Delay at Anticosti Island.

EIGHT IN PLANE.

PORT MENIER, Anticosti Island, Aug. 30. (CP)—The "Flying Hutchinsons" took off in their amphibian plane, City of Richmond, at 10.05 a.m. E.S.T. to-day for Hopedale, Labrador, on the next leg of their flight to Europe over the northern route. There was a dead calm and skies were cloudless.

The party of eight has been held here six days by rain and fog. They started from New York Tuesday, reached Saint John, N.B. three hours later and flew to Port Menier the following day.

This is the first time young children are being taken on a flight across the Atlantic. With George Hutchinson are his wife, two young daughters, Kathryn, 8, and Janet 6, besides a crew of three and a cameraman.

Leisurely Trip

The leisurely route across the north was originally intended to include Iceland, Greenland and Faroe Islands, then the British Isles and Continental Europe. The Danish government refused to permit landing on Greenland owing to the dangers of the territory for young children, and Hutchinson now expects to leave Greenland out of the itinerary.

ARMORY BLAZE UNDER CONTROL

Over Score of Firemen Injured Battling Stubborn Baltimore Outbreak.

AMMUNITION EXPLODES.

BALTIMORE, Aug. 30.—After a bitter battle with flames in Baltimore's fortress-like Fifth Regiment Armory, a fight made hazardous by explosion of the small ammunition stored in munition pits, Acting Fire Chief John Kahl announced early this afternoon the blaze was under control.

More than a score of firemen received injuries or were overcome by the dense smoke.

Hampered by steel doors, heavily barred windows and stone walls, firemen experienced great difficulty in reaching the flames, which were confined for the most part to the basement.

Several thousand rounds of small-calibre ammunition exploded, but none of the firemen were hit. Ten alarms were sounded, bringing out 50 companies to combat the flames.

FINNS LEAVING.

TORONTO. — Joining parties from Sudbury, Vancouver, and Port Arthur, 100 Toronto Finns will leave to-morrow for Soviet Russia, where they hope to obtain employment.

Two Men Suicide In Norfolk County

ST. THOMAS, Ont., Aug. 30. — Two apparent suicides were reported from Norfolk County to-day. Joe Detreaux, service station proprietor, Waterford, was found by his assistant last night in his home unconscious with a bullet in his head fired from a .22 rifle. He died in Simcoe Hospital to-day.

Albert Hall, merchant, Villa Nova, was missed from his home. Half an hour later he was found drowned in a well behind his shop.

LIKELY MILLION TO VIEW RACES

Officials Prepare for Greatest Traffic Directing Organization Ever in Detroit.

HEAVY COURT PENALTIES.

WINDSOR, Ont., Aug. 30.—(CP)—The greatest traffic directing organization ever assembled in the Detroit area will function during the days of the Harmsworth Trophy races. Control is being established on land and water as well as on movements of aircraft.

It is expected that nearly one million people will view the races from various points of vantage.

Plans called for handling upward of 1,500 vessels along one side of the three nautical mile courses. A definite line is being set and a fine of $500 faces any boat owner who allows his craft to get over the side of this line.

On land there will be a large traffic patrol which will operate all the way from downtown Detroit to above Grosse Pointe farms, a distance of about eleven miles.

The only aircraft which will be allowed near the course are those officially designated by the Department of Commerce and other craft will not be allowed to even approach the scene.

Three special barges have been arranged for officials and newspaper representatives and telegraph and telephone submarine cables will give land connections.

Three additional prizes have been announced. One is for the fastest lap during the races and one for the fastest heat while the third is open for such designation as the gold cup committee may desire in the regatta.

The first race is scheduled for 6.30 a.m. on Saturday and is for 33 miles or five laps on a seven-mile nautical course.

CANADA'S FIRST FREE FAIR SUCCESS IN SASKATOON

Directors Claim Profit up $12,611 Made in Week's Showing

SASKATOON, Aug. 30—Canada's first free fair staged here this year under the Saskatoon Exhibition Board, has justified itself. Financial figures released to-day by the Finance Committee of the Board show a profit of $12,011 was made on the Summer Exhibition held the last week in July.

Faced last year with a deficit and with the prospect of further losses this year, the directors decided a desperate situation required a desperate remedy, and the free fair idea, which has succeeded in several towns in the United States, was adopted.

In 1931, 60,000 persons visited the fair grounds. This year the number was doubled and the attendance was reflected by their passing through the grandstand gates.

HACKNEY TAKES LEAD

ST. PAUL, Minn., Aug. 30.—Clarence Hackney of Northfield, N.J., shot a par-breaking 71 today to take the lead in the battle for the Professional Golfers' Association championship medal. Hackney shot rounds of 36-35 to beat par by one stroke.

CAMP FIRE COSTS $25.

SAULT STE. MARIE. — J. W. Tracey and R. M. Hynes, two Louisville, Ky., tourists, were fined $25 and costs in Bruce Mines police court for permitting their camp fire at Mashagama Lake, in the Mississaugi Reserve, to get into the bush and burn 200 feet of green pine.

HITLER'S AIDE ELECTED.

BERLIN. — Hermann Wilhelm Goering, one of Adolph Hitler's chief lieutenants, commander of the Von Richtofen flying squadron for a time during the war, was elected president of the Reichstag to-day by 367 to 216.

MAIN STREET TOPICS

Jabs and Jottings as Picked Up by an Examiner Reporter.

WON WRIST WATCH

Announcement has just been made by the R. G. Dun Company of London, Ontario, makers of fine cigars, that Miss Alice Johnson, of 303 Pearl Avenue, accountant of the local firm of Lowe & Outram, has won a Gruen wrist watch, one of the ten prizes offered weekly by the R. G. Dun Company. The watch is on display in Warne Bros.' window.

CHILDREN AID RELIEF FUND

The Examiner is very pleased to acknowledge a donation of $4 to its Relief Fund, proceeds of a very well-presented playlet and concert given last Friday afternoon at the summer home of Mr. and Mrs. Walter Belleghem, Chemong Park, by the following junior members of the summer colony: Olga Westbye, Margaret Westbye, Barbara Scott, Frances Belleghem, Berta Belleghem, Dorothy Boyle, Marjory Boyle, Betty Boyle, Mary MacPherson, Beverley Hughes and Betty Hughes.

TIME RIGHT TO REVIEW EMPIRE NAVAL DEFENCE

NEW YORK, Aug. 30.—A special despatch to The New York Times to-day from Melbourne, Australia, says Sir George Pearce, Commonwealth Minister of Defense, commenting on the suggestion that former Premier Stanley Bruce, while in London, would discuss naval defense with the British authorities, said the time was opportune for a review of Empire naval defense.

He declared the Ottawa Conference had laid down a basis for Empire trade which must be carried by sea-borne traffic, therefore the question of Empire naval defense called for a new orientation.

The present defenses, Sir George said, could not by any stretch of imagination be said to be satisfactory for such a widely scattered Empire.

BOARD OF THREE TO HEAD C.N., C.P.

Rumors Leak Out Regarding Findings of Duff Railway Commission.

FAVORED BY NORAND.

WINDSOR, Ont., Aug. 30. (CP) Placing of the Canadian National and the Canadian Pacific Railways under the care of the Board of Railway Commissioners of Canada instead of under a new commission with the semi-dictorial powers is suggested by Hon. Raymond D. Morand, M.P., for Essex East in an interview to-day.

While the Duff Railway Commission findings are being carefully guarded and are not known even inside the cabinet circles there have been reports that a commission of three to manage the roads is among the recommendations, Dr. Morand said.

The Essex member points out that the Railway Board now has nearly all the powers which would be given the new commission, that the members are thoroughly conversant with railway management and that considerable saving would be made by not having salaries and expenses to pay to a new body. He also points out that there would be overlapping of authority in the two boards and urges this should be avoided as one of the purposes of the plan is to overcome duplication between the two roads.

Merger of the two telegraph companies as well as the two express services, also meets endorsement by Dr. Morand.

Definite opposition is expressed against the suggestion that the government guarantee returns to holders of C.P.R.. stock.

PREFERENCE TO BRITISH COTTON

Non-British Textiles to Pay Duty Up to 50 P.C.

TO STOP DUMPING.

SIMLA, India, Aug. 30.—Indian importers of none-British cotton piece-goods will pay from 31¼ to 50 per cent. ad valorem as a result of new duties announced by the Government of India.

The change follows recommendations of the Indian Tariff Board which inquired whether non-British piece-goods were being imported at such a price as to render the existing protective duties ineffective. Mill owners of Bombay and Ahmadabad had alleged that Japanese cotton was being dumped in the Indian market.

The Government's decision does not imply it has reached a final conclusion on the desirability of continued protection for the Indian cotton industry, as the whole question is still being investigated.

BARN BURNS

KITCHENER. — Fire completely destroyed the large barn owned by Albert Kurtz, three miles north of New Germany, early to-day. Spontaneous combustion is blamed for the blaze which was first noticed by the owners' children, playing near the barn.

IN MEMORIAM.

In loving memory of Pte. Arthur Frost, killed in action Aug. 30th, 1918:

God took him home, it was His will
But in our hearts he liveth still.
He died the helpless to defend,
A Canadian soldier's noble end.
—Father, Mother, Sisters and Brothers.

Change In Detroit Franchise Unlikely

DETROIT, Mich., Aug. 30.—(CP)—Officials of the National and American Hockey Leagues were in conference behind closed doors here today with representatives of the Detroit Falcons and the Chicago Shamrocks, members respectively of the National and American leagues.

Although no announcement of the meeting had been made in advance and no statement was made after it assembled, rumor had it that abandonment entirely of the American League was being considered.

Those attending the meeting were Frank Calder, president of the National League; William Grant, president of the American League; Arthur Pifelderer, receiver for the Detroit Hockey club, and Thomas Shaughnessy, president of the Chicago Shamrocks, and James Norris, associated with him in the American League hockey team.

SENATOR PLEADS NOT GUILTY.

HILLS PRESENT ALIBI IN CASE OF RUM SELLING

Corp. Canniff Tells of Purchase of Bottle at Farm House.

POLICE COURT HEARING.

Hill Declares He Was Miles Away When Police Called.

Magistrate Langley was offered a wide choice of evidence to-day in the case of Russell Hill, of Dummer, charged under the Excise Act of possession of illicitly distilled liquor.

Corporal D. Canniff, of the R.C.M.P., swore that on the night of August 18 he visited the Hill farmhouse in company with David Lee, a native of Dummer, and purchased for two dollars a quart bottle of moonshine liquor. Russell Hill, the Corporal said, handed Lee the bottle; while his wife, May Hill, took the money.

On the other hand, Russell and May Hill swore that they were absent from their home throughout the evening of August 18, being four miles away visiting at the home of William Little. They declared that they did not see the R.C.M.P. officers or David Lee that evening.

However, they stated they did see the officers at 2.30 Saturday morning, when they brought to their home an injured man and washed the blood from his face.

The case is continuing in police court this afternoon, with several more witnesses for the defence still to be heard. J. A. O'Brien is appearing for the Hills, who are both charged, and J. R. Cursery is conducting the prosecution.

Corporal Canniff stated that on the evening of August 18, he went to the Hill home with David Lee, who lives down the road from Hills; and Constable Robinson, of the R.C.M.P. Robinson waited outside in the police car while Lee and the corporal entered the house.

"Lee asked if we could get a bottle of liquor," said the witness. "Russell Hill and his wife were both there, and they said they had none on the premises just then because the cops were in the district, but that they could get us some in a few minutes. Russell Hill went out and we waited. After a few minutes he returned with the bottle. He gave the bottle to Lee and we paid May Hill two dollars."

The Second Visit

Telling of a second visit to the Hill home made in the early hours of Saturday morning, Corporal Canniff said that he and Constable Robinson lay in wait near the Hill

(Turn to Page 5)

Dollar Day Results Examiner Contest

First Prize Winner Estimates the Correct Number, 4,596 and Other Winners Very Close.

The Examiner's Twin Dollar Days, held on Friday and Saturday last, brought out a fairly large number of estimates on the number of peas in the quart sealer; the total of which was 4,596 and the prize winners are as follows:

E. Borland, 25 Victoria Avenue, had the correct number, 4,596, and gets first prize of $10.00 cash.

Mrs. J. J. Fee, 308 Elias Avenue, just one away, 4,597, wins second prize of $5.00 cash.

Harold Dawson, R.R. No. 11, Peterborough, and Mrs. W. Dowson each estimated 4,598, just two away, and divide third and fourth prizes, each receiving $3.50.

J. J. Breckenridge, R.R. No. 3, Hastings, estimated 4,593, three under the number, and G. Pammett, 670 Reid street, 4599, three over the number, and divide fifth and sixth prizes, each receiving $1.50.

Miss Gertrude Dunn, 723 George street, with 4,600, or four over the number, wins the last prize of $1.00.

The prizes will be paid on Saturday night if there are no objections to the awards made.

Fatal Shock

DAYTON, O., Aug. 31 (C.P.). — Contact of an electric light with the water of a fish pond into which he had waded caused the death of Ivan Coates, 17, here last night. The youth's brother Russell, who witnessed the accident, said Ivan apparently had intended either to watch the fish or catch one.

End Fifth Lap

LAKESIDE, TORONTO, Aug. 31 (C.P.)—At the end of the fifth lap in the 15-mile marathon, standings were:—

George Blagden, Memphis, Tenn.
Gianni Gambi, Italy.
Isadore Spondor, Port Colborne.
Marvin Nelson, Fort Dodge, Ia.
John Hawkins, Shanesville, N.Y.
Bill Goll, New York.
Alf Sully, Toronto.
Clarence Ross, Chicago.
Harry S. Glaney, Cincinnati.
John Caire, Toronto.

BOLT KILLS BOY BURNS BROTHER SPARES UNCLE

Tears Hole in Tent and Rips 100 Yard Furrow in Ground.

ENDS IN LAKE ROSSEAU.

Hydro-Electric Employee Works Over Victim 3 Hours in Vain.

ORILLIA, August 31.—Lying side by side in the same tent at Port Carling, Billy Saul, aged 7, was killed instantly, and his elder brother, Jackie, aged 11 was burned by a bolt of lightning yesterday morning. An uncle, Gordon Eddington, of [illegible] Street, Irma, in another bed in the tent, was only slightly dazed by the bolt, which tore a furrow of about 100 yards through the ground and tent, ending in Lake Rosseau.

Summering At Lake.

The victims of the lightning, Billy and his brother Jackie, are children of Mr. and Mrs. Elwood Saul of 108 Dearbourne Avenue, Toronto. They had spent the summer at the Port Carling cottage, and usually used the tent for playing.

"Jackie was a member of the Cubs and very interested in outdoor activity," said Mr. Saul last night. "A few nights ago the boys took a fancy for sleeping out in the tent instead of in the cottage."

The fatality occurred during a storm which did not appear to be severe at 5.30 o'clock yesterday morning. The occupants of the tent were awake, but still in bed.

Billy was killed instantly, according to Coroner Joyce of Port Carling. Nevertheless, a Hydro-Electric employee worked over the lad for three hours administering artificial respiration before hope was abandoned.

Remarkable Escape.

Jackie is suffering from burns on the leg which required medical attention, and from which he will be confined to bed for some days. His escape was remarkable. The tent, the bedding and the sleeping clothes of the brothers were scorched by the bolt.

Mrs. Saul, in the house, standing at the doorway, witnessed the fatal flash. The ground where the bolt struck, its path through the tent and down to the lake, was a mass of sparks, she said.

The boys attended Frankland School.

Norwood Field Day Thursday, Sept. 1st

A reference in Tuesday's Examiner to the field day which Doug. Brennan is staging at Norwood on Thursday, September 1 gave the date of this affair as Labor Day.

This correction will also serve as a reminder that Mr. Brennan's many friends throughout the city and district will have a chance to help him in this afternoon and evening sports and social program which is in aid of the church of Our Lady of Mount Carmel. Deloro, Hastings and Havelock teams will compete in a baseball tournament beginning at 2 p.m. for a cup donated by Mr. Brennan, and George Wade and his Cornhuskers will be the evening attraction in the Norwood Armouries.

During a funeral procession in Stratford, England, recently, the hearse collided with a truck, and the coffin was spilled to the road.

When a school of sharks recently visited Scroba Bay, Tiree, Scotland, bathers fled while others killed three of the visitors measuring 16 to 20 feet long.

SCIENCE TURNS ALL ITS GENIUS ON SUN'S LAPSE

Several Million People in New England and Quebec For Event.

MANY TELESCOPES.

Mysteries of Solar Space Watched During Totality.

(By Howard W. Blakeslee, A.P. Science Editor.)

MAGOG, Que., Aug. 31 (C.P.) — Thick clouds prevented observers with the various astronomical expeditions here from seeing the sun when the partial eclipse began at 2.15 p.m., E.D.S.T., this afternoon. After a gloomy morning the sun broke through the clouds around noon, but as the afternoon wore on the sky again became overcast, preventing all view of the spectacle from the ground.

BOSTON, Mass., Aug. 31.—Fifty-one astronomical expeditions were lined up to-day awaiting this afternoon's total eclipse of the sun.

In a string 300 miles long and 50 wide from Montreal to Cape Cod, they dotted the landscape, mostly in flat valleys of Quebec and New England. Their telescopes, looking like siege guns, field cannon and trench mortars, were trained low toward the northwest, where the moon will cover the sun at 3.30 p.m. Eastern standard time.

Around these astronomers spectators massed in such numbers that police set up military lines to insure freedom for scientific work.

Several million people entered picnic fashion throughout the eclipse areas in New England. They came by special trains from [illegible] as New York City, and by a stream of automobiles.

A Traffic Problem

Never before have highway police faced a problem like to-day's—auto caravans caught by the sudden night of a total eclipse. Varied instructions for safety were issued. In some places lights were ordered on for security.

There were general orders to stop traffic during totality.

Probably never before have so many new pieces of apparatus been turned upon an eclipse.

Measure Sunlight

The majority of telescopes are measuring sunlights. Ordinarily the intense glare of the sun is too overwhelming for sensitive instruments. A total eclipse furnishes rays in small parcels, which can be analyzed to amazing fractions of accuracy.

Some of the effects accompanying the eclipse, while not so engaging to scientists, promised to be decidedly interesting to other people. The "shadow bands," waves of light and shadows rushing across the earth just before and after totality, would probably be seen. These are attributed to undulations in the earth's atmosphere. Solar prominences, great shooting flames of incandescent hydrogen, would likely make themselves visible.

"Baily's bead," a light formation caused by the sun's rays sweeping through depressions on the mountainous surface of the moon just as a narrow rim of the sun's disc remained visible, were also being watched for.

220 Instruments Out.

Nearly all the 220 instruments set up on the golf course of the Hermitage Golf Club at Magog, Que., are to make a record of the corona. Spectrographs that break up the rays of light from the corona and photograph them have been placed on substantial cement piers. Preparations had been made to take approximately 100 photographs of the effect.

Magog was not, however, the only place where observations were being made. Strung along the centre line of the shadow through the province of Quebec into Vermont and New Hampshire a number of vantage points had been taken by astronomers and it was hoped that at one observation station or other a clear sky would prevail.

Land Gift Brings Town Tax Tangle

NATICK, Mass., Aug. 31—In 1638 Collins Morse willed this town 28 acres of land in Ashland. Yearly taxes were paid, amounting to $35 a year. Recently Natick, to determine just where the land lay, hired a surveyor, who found that two houses were on that piece of property owned by Natick. Now Natick is trying to recover $700 back taxes from its neighbor town.

Signor Grandhi of Italy recently revealed an admiration for Henry VIII "because he left the strongest impression on the history of England."

Financier Once Listed Worth $7,000,000 Starts All Over With $1,000 Capital

NASHVILLE, Tenn., August 31 (C.P.). — Rogers Caldwell, who once controlled properties valued at $800,000,000, and had a personal fortune estimated at $7,000,000, prepared to-day to start anew his career as a financier with a capital of $1,000.

He announced the new firm of Rogers Caldwell & Company, investment banking and security concern, will start business tomorrow.

It has offices in the same building that housed the investment banking firm of Caldwell & Company which was turned over to the receivers on November 12, 1930, after the failure of its subsidiary, the Bank of Tennessee.

FATHER, SON SYRACUSE TOURISTS PERISH IN HEAD-ON CAR SMASH

Wife of Elder Victim Only Slightly Injured—Neither in Truck Hurt.

NEAR LONDON.

LONDON, Ont., Aug. 31. — Two motorists from Syracuse, N. Y. were killed this morning in a crash on Battle Hill. The accident occurred is one-half mile east of Woodstock on No. 2 highway.

The dead are: Charles William Dyer, 53, Syracuse and his son Charles Elmer, aged 24.

Their car crashed almost head on into a truck driven by Daniel Vankougenett, of St. Thomas.

Mrs. Sarah Dyer, wife of Charles William Dyer, was in the back seat. She was slightly injured but is overcome with shock. She was taken to Wardsville.

The ill-fated family was on holiday.

Tragedy at 4.30 a.m.

The accident occurred at about 4.30 o'clock. This morning while a [illegible] worn by the Dyer had stopped at 4:25, its crystal smashed in the impact. The Dyer family was driving westward, toward Detroit, when, police say, their car crashed into the left side of a truck driven by Daniel Vankougenett (4 Beverly street), St. Thomas, and owned by A. J. Kerr of the same address. The son, Charles Dyer, was at the wheel.

In the truck with Vankougenett was Orran Sharpe, 206 Talbot street, St. Thomas. Neither he nor the driver, however, were injured beyond suffering a few bruises. The truck, which had been travelling eastward from a Wallaceburg refinery to St. Thomas with a load of sugar, crashed into the north ditch and turned over.

CANADIAN LAW SOCIETY MEETS

Viscount Hailsham Brings Greetings From British Bar.

SESSIONS IN CALGARY.

CALGARY, Aug. 31 (C.P.)—Canada's annual parliament of lawyers opened its sessions here to-day. With the Prime Minister of Canada, the Prime Minister of Alberta, and the Minister of War and ex-Lord Chancellor of the United Kingdom present, Louis St. Laurent, K.C., of Quebec, as president, opened the annual meeting of the Canadian Bar Association.

Distinguished lawyers from all parts of Canada are here and greetings from the Bars of the United Kingdom, France and the United States are borne by high-ranking lawyers of those countries. From the United Kingdom has come Viscount Hailsham, Minister of War, after attending the Imperial Economic Conference. He will speak at a luncheon to-day.

The morning session was taken up with addresses of welcome from Premier J. E. Brownlee, Hon. W. L. Walsh, Lieutenant Governor of Alberta, and Mayor Andy Davidson of Calgary; the presidential address of Mr. St. Laurent, and transaction of routine business.

Thieves Enter Hotel Decamp With Safe

ALBA CRAIG, Ont., Aug. 31. — (C.P.)—Police to-day were searching for robbers who gained entrance to Hobbs House, a hotel here, and stole a safe believed to have contained several hundred dollars in cash.

The thieves smashed plate glass windows at the front of the hotel and fled with the safe before occupants of the building could reach the ground floor from their beds. They made their exit through the south entrance.

Making Strong Bid

MARVIN NELSON
One of the favorites to take the honors in to-day's 15-mile swim grind, who is well up among the leaders, and making a strong bid to win the world's championship.

GRONAU DOWN IN ALEUTIANS

Radio Message Adds Fliers Will Continue Hop Thursday, for Japan.

HALTED BY WEATHER.

TOKYO, August 31 (C.P.). — Captain Wolfgang von Gronau and his three companions en route around the world in a flying boat, were compelled to alight at Kanaga Island in the Aleutians at 11 a.m. (Tokyo time) by bad weather.

This information was contained in a radio message from Captain von Gronau picked up by Ochihi Radio Station at Hokkaido. The message added that the Germans, who left Dutch Harbor, Alaska, yesterday, intended to resume their flight to Attu Island, the last of the Aleutian chain to-morrow.

Paramushiru, northernmost of the Kurile Islands, is expected to be the fliers' first halting place in Japanese territory.

The Von Gronau flight began last month off the North German coast, and proceeded via Iceland, Greenland, Labrador, and Canada to Dutch Harbor, Alaska.

The fliers left Dutch Harbor yesterday for the 650-mile flight to the end of the Aleutian island chain, which stretches westward into the Pacific, and is United States territory.

Amateur Burglar's Ruse Is Uncovered

HAMILTON, Aug. 31.—One mystery was cleared up in police court today only to be substituted by another. Over the week-end, a young lady entered her home on Liberty street and was pounced on by a burglar. She screamed and the intruder departed, leaving his straw hat. Later in the night, Harry Courson, her brother-in-law, reported to the police that his house had been ransacked by thieves.

Courson was arrested and today appeared before the magistrate, weeping copiously and admitting that the reported ransacking of his own dwelling was only a story. Now police are mystified as to what urged him on such an adventurous career. He was remanded for a week for examination.

GOVERNOR PAYS OFFICIAL VISIT TO ROTARIANS

Rev. Philip Mosher Makes an Eloquent Plea for Interest in World Affairs.

A PRESENTATION.

Past President R. F. Downey is Honored by His Fellow Members of Local Club.

A stirring plea that Rotarians should take more interest in world affairs and develop a world-minded attitude featured the message delivered to the Peterborough Rotary Club at dinner at the Empress Hotel last evening when Rev. Philip Mosher of Niagara Falls, N.Y., the Governor of Rotary District No. 27, paid an official visit to local Rotarians.

Governor Mosher also visited the Campbellford club yesterday, and gave the members of that organization the same interesting advice. His address on both occasions being practically the same. A report of his Campbellford speech appears elsewhere in this issue.

President James Juby was in the chair at last night's dinner, and introduced the speaker.

An interesting feature was the presentation of a past president's button to Past President R. F. Downey, the gift being handed to the recipient by Governor Mosher. In making the presentation, the Governor remarked that Past President Downey's classification—education—was the most numerous among the Rotarians of the world and jocularly added that he was now entering upon another great classification, that of the Pasts, whose number in Rotary was legion.

Governor Mosher's thoughtful message was heard with the closest attention by the Rotarians, and at the conclusion Rotarian James Dutton expressed the hearty thanks of the club.

LABORITE PRESS SCORES NORMAN.

Claims U. S. Visit of Bank England Head Dangerous Example of Secret Diplomacy.

OPPOSE GOLD STANDARD.

LONDON, Aug. 31.—The Daily Herald, Labor Opposition organ, to-day strongly attacked Montague Norman's supposed activities in the United States. The paper declared the visit of the Governor of the Bank of England was a dangerous example of "secret diplomacy."

The Herald asserted Mr. Norman was "discussing major financial problems, including currency stabilization and price levels," and wanted to know whether the governor "is safeguarding the private interests of the Bank of England or representing the interests of the nation, and if the latter, who gave him the authority, to what is he committing Great Britain in secret talks in New York."

The paper insisted that nobody believes the "semi-inspired reports that Mr. Norman's conferences mean nothing," and expressed fear that he might be manoeuvring for an early return of the gold standard, which "would be fatal."

COTTON STRIKE IS DEADLOCKED

Ranks of Idle Are Swelled—Estimate 145,000 Out.

TOTAL TIE-UP NEAR.

MANCHESTER, England, Aug. 31 (C.P.).—The third day of the Lancashire cotton weavers' strike to-day showed both sides standing firm with 145,000 operatives, as estimated by trade unions, participating in the walkout.

The number of strikers was swelled yesterday, and strike officials said complete stoppage of the textile industry by the end of the week was expected.

The dispute arose over a 10 per cent. wage cut and working conditions. Although the great walkout was directly caused by failure to secure reinstatement of 2,000 strikers at Burnley, where it originated

Memphis Swimmer is 150 Yards in Front Young is Taken Out

Winner of Last Year's Swim and Favorite to Repeat is Nearly Drowned When He Strikes Head on Buoy Entering Fifth Lap — Isadore Spondor Running Strong Second.

GIANNI GAMBI OF ITALY IS RANKED THIRD WHILE NELSON BRINGS UP FOURTH POSITION

TORONTO, Aug. 31.—(CP)—George Young, Toronto, one of the world's outstanding marathon swimmers and favorite to win today's 15-mile marathon swim, was nearly drowned shortly after passing the fifth lap buoy, directly in front of the finishing line but halfway through the swim.

Young rounded the buoy, swimming strongly, and suddenly disappeared from sight in front of thousands of horrified spectators. Several other swimmers rushed to his assistance and boats rushed to the scene. Young struck a large float which marked the course, and sank instantly.

He was in fifth position and preparing to make his bid for the leadership when he sank. Johnny Walker, his coach who was directly in front of his young protege, lost sight of Young for an instant and in that short space of time, the Torontonian went down.

Thousands of persons, cheering the progress of Young, were simply horrified as he disappeared. There were loud groans and women turned away. Several of the swimmers who were close by swept to the scene and dived after Young, finally managing to bring him to the surface and keep him afloat until the boats could reach him.

It was the narrowest escape from drowning ever seen in Marathon swims since they first began here in 1927.

Blagden Needs Money.

LAKESIDE, Toronto, Aug. 31. — (C.P.)—George Blagden, Memphis, Tenn., lawyer who needs the money to start up a practice, swept into the lead of the Canadian National Exhibition 15-mile open marathon this afternoon shortly after the five-mile mark had been passed. Isador Spondor, Port Colborne, had been leading the parade for more than an hour, taking the honor when Jack May, Honolulu, previous leader, had been taken from the water.

Toward the end of the four lap, George Young made his challenge. He swept past Nelson and Gambi to take the third position and was swimming faster than ever. He had 10 yards lead on the two others, who were swimming like a team and tied for fourth place.

There was a terrific roar of approval as word of Young's challenge swept like wildfire up the waterfront, the crowd evidently still sticking strongly behind the Toronto boy, who has been favored throughout to win the event.

191 Start

LAKESIDE, TORONTO, Aug. 31 (C.P.)—One hundred and ninety-one entrants in the Canadian National 15-mile marathon swim took the water at 11.06.25 this morning.

Temperature of the water was 63 degrees, and weather conditions were perfect.

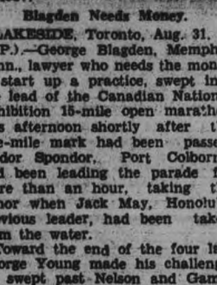
An early crowd of nearly 50,000 was scattered along the course as the swim began.

Premier George S. Henry of Ontario pulled the gun and started the swimmers. The water was still fairly cold, and the usual rush for the breakwater was started as many swimmers quit early.

However, the outstanding natators started to jockey for position.

Mike Hambourg, Toronto blind man, was among the last to plunge from the starting barges. His boat, with a bell ringing constantly in the stern was waiting for him, but Mike took his time, unable to see and afraid of being struck by another swimmer.

Several of the entrants dived into the water for a "preliminary duck" before the actual start, and agreed the water was cold.



GIANNI GAMBI
Gambi Sports Into Lead
Within ten minutes of the start, Gianni Gambi, the Italian wop-devil was in the lead, his arms threshing at a terrific pace. Gambi is always

Swimmer Rescues Race Competitor

EXHIBITION GROUNDS, Toronto, Aug. 31.—Steve Machusky of Minersville, Pa., forfeited his chances in the 15-mile marathon swim today when he rescued Robert King of Walkerville, Ont., from drowning. Muchusky expended so much effort in his heroic work that he was forced to come out shortly afterward. He had been swimming only about half an hour.

JAPAN DENIES CHINESE RUMOR

Consulate Officials State No New Ships Ordered to Shanghai.

ASK ARTICLES CEASE.

SHANGHAI, Aug. 31 (C.P.). — Rumors that Japan was increasing her naval strength at Shanghai as circulated in Chinese newspapers brought a sweeping denial from the Japanese Consulate to-day.

The denial said no ships whatever had been ordered to Shanghai.

As a result of continued rumors appearing in the Chinese press of impending renewed Sino-Japanese hostilities in the Shanghai area, Captain Sugisaka, commander of the Japanese naval landing party here, protested to Mayor Wuhteh-Chen to-day. He demanded that unjustified articles cease, and it was indicated the Japanese possibly would request the closure of offending newspapers if the Mayor's reply was considered unfavorable.

The Japanese term the appearance of these rumors "anti-Japanese propaganda."

Watchful Officers Stop Liquor Runner

WINDSOR, Ont., Aug. 31. (CP) Provincial Police officers are always watchful and quickly penetrate tricks of law breakers, even on foreign soil.

Allie Jackson and Jack Mitchener of the highway traffic patrol were crossing the Ambassador bridge, while off duty. They saw a man lowering something over the side of the bride to the street below. It took but a minute to know what was going on.

They told the United States customs men about it and the result was the arrest of a Detroit man and seizure of a quantity of liquor.

Increases 55,000

WASHINGTON, Aug. 31—An increase of 55,000 passengers traveling on scheduled air routes during the first six months of 1932, as compared to the similar period in 1931, was announced by the Department of Commerce.

College Fees

CLARKSBURG, W. Va., Aug. 31 (C.P.).—Officials of the Alderson-Broaddus College at Philippi announced to-day all kinds of farm produce will be accepted at market prices in payment of tuition fees.

Alderson and Broaddus College, both Baptist institutions, established recently.

REV. W. MOSHER VISITS ROTARY IN THE DISTRICT

Governor Addressed Club at Campbellford—Urges International Service.

AID CAUSE OF PEACE.

World-wide Chain of Rotary Clubs Could Be Pacific Agency.

CAMPBELLFORD, Aug. 31 (Examiner Staff Reporter)—Rotary as an important factor in international peace, and the part which individual Rotary clubs throughout the world might play in hastening a realization of such an ideal, was the substance of a stirring message delivered here to his fellow Rotarians by District Governor Rev. William Mosher of Niagara Falls.

Held under the chairmanship of President Eli Brunelle, by whom the speaker was afterwards cordially thanked, the meeting in St. Lawrence Hotel was well attended there being but one clubman absent. Among the twenty guests present for the occasion was Mrs. Mosher who occupied a seat at the head table next to her husband, and also a number of young men who had given the club assistance in the holding of the annual street fair.

District Governor Mosher who was introduced by the Rev. Robert C. Tait in explaining that he was a superannuated minister of the Episcopal Church said he had been in the ministry for a period of 46 years and in charge of one parish for 34 years. The change into Rotary was not a great change at all.

He had held the one charge for so many years because he had been a believer in service. "I believe it is the work of the church to serve the people," he said, "and in coming into Rotary I came simply into another kind of service."

The speaker believed that the prime aim of Rotary was in service. There were various kinds of service and the District Governor did not believe that the Campbellford club was at all behind in community service. The recent street fair and the success which had attended, was one of the things that went to prove his contention, he maintained.

Vocational Service

Other kinds of service of which he spoke were vocational service, by which was meant that each classification in the club should be chosen only on the basis that such men were the very best men in their respective communities in

C. N. ABOLISHING 11 HIGH POSTS

Four Traffic Officers Retiring in Montreal, New York, Buffalo.

REORGANIZING STAFF.

MONTREAL, Aug. 31. (CP) — Abolition of 11 high positions in the traffic department of the Canadian National Railways is announced. The abolition of positions and economies thus brought about are effective September 1. These changes and economies include reorganization of duties and the retirement of four officers of the traffic department whose combined service to the Canadian National system and its component parts totals 117 years.

The positions abolished include, assistant to traffic vice-president, Montreal; freight traffic manager, Montreal; assistant freight traffic manager, Toronto; general freight agent, Portland, Me.; assistant general freight agent, Quebec; assistant freight traffic manager, Winnipeg; general freight agent, Detroit; general freight agent, Buffalo; general agent, Buffalo; passenger traffic manager, Chicago, and assistant manager, passenger service bureau, Montreal.

Reorganizing Staff

Re-organization of the staff includes the following changes: John Pullen, hitherto assistant to the traffic vice-president, is appointed regional general freight agent, Montreal; R. E. Perry, hitherto assistant freight traffic manager, Toronto, is apointed general freight agent, Toronto; J. M. Sparling, hitherto general freight agent, Portland, Me., is appointed division freight agent, Portland, Me.; P. Mooney, hitherto assistant general freight agent, Quebec, is appointed division freight agent, Quebec; J. M. Horn, hitherto assistant freight traffic manager, Winnipeg, is appointed general freight agent, Winnipeg, with W. Hately as assistant general freight agent and F. G. Adams as chief of tariff bureau; C. A. Skog, hitherto general freight agent at Detroit, becomes assistant general freight agent, Detroit and D. M. Crawford is appointed division freight agent at the same point.

With the abolition of the positions of general freight agent at Pittsburg and general agent, Buffalo, J. V. Maloney is appointed assistant general freight agent at Buffalo and W. J. Hickey succeeds Mr. Maloney as general agent at Pittsburg.

Jumps at Air Meet

AIMS AT WORLD'S PARACHUTE RECORD.

Mrs. Marie McMillen, parachute jumper, of Columbus, Ohio, has announced that she will attempt to break the world's parachute jump for women during the National Air Races at Cleveland. This photograph shows the pretty daredevil and her daughter, Geraldine Ann.

VON PAPEN HAS STRANGLE HOLD UPON REICHSTAG

Gets "Death Warrant" From Hindenburg in Case Program Threatened.

TO SPEND $500,000,000.

President Stalls Off Interview Asked by New Nazi Head of Reichstag.

BERLIN, August 31 (C.P.). — Chancellor Franz Von Papen returned to the capital to-day with a blanket, "death warrant," for the new Reichstag in his pocket, and permission to use the document the minute the Government's economic program is threatened. This was in the form of an emergency decree signed without date by President Paul Von Hindenburg even before the infant Parliament officially had seen the light of day.

The Chancellor came back from East Prussia to confer with the Cabinet on his economic program which contemplates an outlay of about $500,000,000 in tax refunds, staked on the early return of prosperity. Employment would be furnished nearly 2,000,000 if the plan were to be utilized completely.

In an effort to stave off the threat of dissolution and neutralize the Chancellor's talks with the President at the latter's country residence near Neudeck, East Prussia, the newly elected Nazi President of the Reichstag, Hermann Wilhelm Goering, telegraphed asking for an immediate audience with the chief executive.

Delays Interview.

The President replied to Goering he would prefer to see the praesidium of the Reichstag when he returns to Berlin some time during next week.

Political circles professed to see in this a further implied indication the President and the Cabinet are running the country, and that others must wait until the chief executive has time for them.

Herr Goering had closed yesterday's session of the Reichstag with a panegyric on parliamentarism, though the Nazi party heretofore had damned Parliament.

"I assert before the entire German people," the new President of the Reichstag said, "that to-day's session as well as the election of the praesidium clearly demonstrated that the Reichstag has a big Nationalist working majority and therefore no emergency exists."

The President's reply to Goering's request for an immediate audience, therefore, can only be interpreted as demonstrating his doubt as to whether Herr Goering's assertions are 100 per cent. in accord with the facts.

Must Die in Chair for Killing 'Cusser'

PERRY, Okla., Aug. 31—Joe L. Martin, who murdered Pete Von Nearop, Watonga recluse, because Von Nearop "cussed this country," to-day was under sentence to die in the electric chair October 28.

Alfonso's Pet Dog Sold By Republic

MADRID Aug 31.—In liquidating live stock of the ex-royal family several thoroughbreds dogs were sold recently for prices ranging anywhere from 7 to 15 pesetas.

Left Too Soon

SHAWNEE, Okla., Aug. 31.—(C.P.)—If the policemen had only stayed put they might have caught their man. They left their patrol car to hunt for a prowler. While they were hunting, the prowler got into the car and drove away.

ASK MOLLISON TO GIVE UP TRIP

Lord Wakefield Adds Voice to Amy Johnson's After Doctor's Advice.

FLIER SUFFERING NERVES.

LONDON, August 31 (C.P.). — Lord Wakefield, who backed Captain J. A. Mollison's first flight across the Atlantic, to-day appealed to the flying Scot to abandon the return flight from Harbor Grace.

His voice was added to Amy Johnson's, the flier's bride, who yesterday urged Captain Mollison's host in Sydney, N.S., Dr. Freeman O'Neil, to do his best to have her husband abandon the flight. Dr. O'Neil had described Mollison as suffering from nervous strain.

"My husband thinks the world of Lord Wakefield," Amy said to-day, "and I am sure he will accede to his request. All of Jim's friends are much disquieted by the message I received yesterday from Dr. O'Neil. I telephoned and cabled Jim as a result of the message to abandon the flight and anxiously am waiting for a reply."

CANADA STUDIES TOKYO LEGATION

Ottawa Reports No Decision Made—Matter Discussed With Marier.

OFFICES LEASED NOW.

OTTAWA, Aug. 31 (C.P.).—Construction of a Canadian legation building in Tokio has been suggested to the Dominion Government. The proposal for improved legation accommodation in Japan is under Government consideration, it is learned, but no decision has been reached.

Two points will, no doubt, govern the Government in deciding upon the proposal. And into these elements the administration will give most careful examination. The first is the urgency of the necessity for the building. The second is whether or not the time is opportune.

At present the legation has leased offices in Tokio. Representations are said to have been made to the Government that the present facilities do not meet requirements.

The matter is understood to have been discussed between Hon. Hebert Marier, Canadian Minister to Japan and members of the Government. Mr. Marier expects to leave Ottawa within a few days to sail for Japan. His sailing arrangements has not been definitely made yesterday.

ENGINEERS ENTERTAINED

TORONTO.—Toronto was host to-day to 115 members of the Institution of Mechanical Engineers of Great Britain, who are making a tour of Eastern Canada. First half of a program that will keep them here two days includes a reception by Mayor William Stewart; presentation of papers at a session held at University of Toronto, and later visits to manufacturing plants of the district.

Clouds Threaten Study of Eclipse

Scientists in Quebec May Be Disappointed To-day After All Preparations For Observation.

SIXTY SPECIALISTS ARE ASSEMBLED.

Not Much Hope That Weather May Clear For Great Solar Spectacle.

(By A. J. McKenna, Canadian Press Staff Writer)

MAGOG, Que., Aug. 31.—Cloudy skies and hazy atmosphere gave a discouraging greeting today to the large group of astronomers whose instruments were ready to record to the total eclipse of the sun. Although the sun showed through the clouds occasionally, there was a little hope the weather would clear enough for delicate observations to be made.

There was an air of discouragement among the 60 scientists who had hoped for an opportunity to extend very considerably the world's knowledge of the sun. Prof. F. J. M. Stratto of Cambridge university, who headed the British Eclipse expedition was, however, smiling and philosophic. At best the weather man had promised only an even chance of clear skies and such eventualities as bad weather must be anticipated by men of science.

While the astronomical observations might prove a failure, there was still a good chance that the layman might see a rare and impressive sight. If the sun was not entirely obscured by clouds, the gradual cutting into its side of the moon's disk would be apparent, and in any event, the sudden dropping of complete darkness would provide its sensation.

MUST STAND TRIAL.

Detroit Detective On Manslaughter Charge.

DETROIT, August 31 (U.P.).—A Detroit police officer, cited three times in the past 13 years for bravery, stood mute in court yesterday when arraigned on a manslaughter charge that he killed an unarmed crippled prisoner.

The officer, Detective Vincent Hoesel, 37, was released on $5,000 bail.

The manslaughter charges were filed after a coroner's jury found he "resorted to unnecessary violence" August 22, when he shot David Youssenoff, 47, alias Cantor, confessed burglar.

SCOTLAND YARD MOVES TO HALT MOTOR BANDITS

Chief Commissioner Orders All London Highways Blockaded.

FLYING SQUADS OUT.

Hundreds of Motorists Stopped and Machines Searched —Arrests Kept Quiet.

LONDON, Aug. 31. — Scotland Yard ringed London today with a blockade against "motor bandits."

Several hundred motor cars were stopped by policemen called secretly into action by Lord Trenchard, new chief commissioner of Metropolitan police and head of Scotland Yard. It was not immediately disclosed whether any arrests had been made in the most impressive combing out of its kind London has ever known.

The action was taken on the heels of demands for drastic action to cope with increasing criminal violence. In recent months almost every day has brought fresh stories of holdups and assaults by "motor gunmen" who cruise about in autobiles.

Lord Trenchard launched his blockade in the early morning hours. There were flying squads of speed cars and motorcycle patrolmen and a large force of patrolmen.

All the main approaches to London were guarded, as were the bridges and important centres inside the city, and the orders were to halt every car, no matter what it looked like.

Hundreds of motorists were stopped and questioned, and their cars searched.

Miss Phyllis Goldey, whose wedding to Alderman Walter Stocker takes place to-morrow, was presented by her associates at Barrie's, Limited, with a handsome desk.

• • •

Mr. and Mrs. Hopkins of Orpington Road, with their daughter, Mrs. W. Carter, and children, Beryl and Vivian, are spending a vacation with relatives in Rochester, N.Y.

• • •

Miss Jessie Pattison is entered this year in the Contralto section of the Musical Competitions at the Canadian National Exhibition in Toronto. This section is heard on Thursday, September 8th. The test piece is Bach's "Hallelujah."

• • •

Miss Mary Huston of Montreal has returned home after visiting Miss Rita McMurray, King Street.

• • •

Alderman Walter Stocker, whose marriage to Miss Phyllis I. Goldey takes place to-morrow, received the congratulations of his confreres in the City Council last evening at a luncheon in his honor at Hooper's Tea-Rooms. Besides the City Fathers, the luncheon was attended by civic officials. A beautiful electric mantel clock, a product of the Western Clock Company's plant here, was presented to Alderman Stocker as the gift of the Council and the City Hall staff.

• • •

Mr. S. L. Willis of 417 Stewart Street is entered this year in the Baritone section of the Musical Competitions at the Canadian National Exhibition, Toronto. This section will be heard on Saturday of this week. The test piece is "Drake's Drum," by Willan.

• • •

A jolly birthday party took place on Monday, when Barbara Blackwell of Monaghan Road celebrated her eighth birthday by entertaining a number of her little friends. Decorations were carried out in pink and yellow. The guests included Gwen Doleman, Mary Doleman, Audrey Baker, Adell Johnson, Donald Menzies, Norman Rendell, Gordon Blackwell.

• • •

Mrs. J. Huxley of Fradette Avenue is in Montreal, visiting her son-in-law and daughter, Mr. and Mrs. Joseph Gundy.

• • •

Mr. John Fowler, of R.R. No. 3, a member of the choir of St. Paul's Presbyterian Church, is entered in the Baritone section of the Musical Competitions at the Canadian National Exhibition, Toronto. This contest takes place on Saturday of this week. The test piece is "Drake's Drum," by Willan.

• • •

Miss Helen Barrie, whose wedding takes place on September 3rd, was guest of honor on Monday evening at a kitchen shower given for her by Mrs. Harry Clarke of Gladstone Avenue, and attended by twenty of her friends. The bride-elect received many useful gifts. The hostess was assisted in serving dainty refreshments by Mrs. Albert Pinn and Mrs. D. Green.

• • •

Miss Caroline Littlefield is expected home to-morrow after a month's holiday spent in Toronto and at Go Home Bay, Muskoka.

• • •

Members of the Boys' Choir of St. John's Church who are taking part in the contest on Saturday of this week for choir boys only in connection with the Musical Competitions at the Canadian National Exhibition, Toronto, are Victor D. Coleman of Brock Street and W. R. Kay (Bob) of Chamberlain Street. The test piece is Mendelssohn's "Jerusalem, Thou That Killest."

• • •

Through the kindness of Mr. J. K. Hughes, Mr. J. J. Duffus and Mr. C. L. Brewer, who kindly loaned cars, the Outdoor Club of the Y.W.C.A. enjoyed a very happy time last evening. Twenty-four of the members and friends motored to the Y.W.C.A. Camp, Inglestane, at Stoney Lake. After a half-hour spent in swimming and exploring the grounds around the cottage, campers and club gathered around the fire at Bonfire Point for a corn roast and sing song.

• • •

Mr. and Mrs. A. R. Jones of McGill Street are spending a vacation visiting in Toronto, Ottawa, North Bay and other points.

• • •

Mr. Reg Dixon, who represented the Toronto Yacht Club at the Olympic Games in California, has returned home and is spending several days here with his mother, Mrs. A. E. Dixon.

• • •

The Montreal Standard is conducting a Dominion-wide beauty contest between girls of fifteen to twenty-five years in age. Included in the list of last week's Standard awards, and also eligible for the grand prize, is the photograph of Miss Marion Jenkinson of Lakefield, well-known in Peterborough, where she resided for some years.

• • •

Mr. and Mrs. Arthur McClure of Detroit paid a week-end visit to Mr. and Mrs. Charles Cook, Weller Street. Mr. McClure, a former member of The Examiner editorial staff, is now Art Editor of the Detroit Times.

• • •

Mrs. Gertrude McConkey has returned to Toronto after spending a month with Mrs. C. O. Northey, Water Street.

• • •

Gerald and Lionel Henwood, twin sons of Mr. and Mrs. S. Henwood, 182 Lock Street, celebrated their sixth birthday anniversary yesterday.

• • •

Mr. and Mrs. Ashley and daughter, Patricia, of Brampton, were visitors in the city over the week-end.

• • •

Mr. and Mrs. J. P. Bond, Weller Street, have returned home from a trip to Cleveland, Ohio.

• • •

Miss Velma Payne of Lakefield has returned to Toronto, where she will spend some time.

• • •

Mr. and Mrs. Michael F. Crough and daughter, Mary, of Park Street South, accompanied by Mr. and Mrs. Joseph Brioux of Toronto, Mrs. Clarence J. Moher of Sault Ste. Marie, and Miss Marion Timms of Peterborough, spent Sunday with Mrs. Agnes Condon in Douro.

HASTINGS

Mr. and Mrs. Gordon Beamish and daughters Carol and Barbara of St. Catharines, also the latter's mother, Mrs. Johnston of Peterborough, spent Sunday with the former's parents, Mr. and Mrs. S. Beamish.

Mr. and Mrs. Tennyson Adams of Codrington and Mr. Edgar Codrington of Penetang were recent guests of Mr. and Mrs. W. Waye.

Mr. and Mrs. H. Oliver and Mr. and Mrs. Carl Oliver, motored to Toronto to attend the Exhibition.

Mr. Ed. Rutherford of Campbellford is spending a few weeks with his cousin, Wallace Stinson.

Mr. and Mrs. Chas. Raycroft of Castleton were Sunday visitors with Mr. and Mrs. Joseph Trotter.

Dr. and Mrs. Hess were Sunday guests at the home of Mr. and Mrs. Thomas Thompson of Norwood.

Mr. and Mrs. Don Beamish and daughters, also Mr. and Mrs. Roy King, spent Sunday with Mr. and Mrs. H. Peters of Norwood.

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

WHEN SUMS OF LESS than a dollar are sent through the mail, care has to be taken to prevent two things.

• • • • • • •

One is the slipping out of the coin or coins through portions of the envelope not securely sealed. This may happen at corners or under flaps.

• • • • • • •

Very often we receive pattern orders with either the five or ten cent piece missing, and we believe that the above must be the reason for this.

• • • • • • •

Coins should be kept as flat and inconspicuous as possible. Also this is a protection in stamping letters when they are handled in the post office.

• • • • • • •

Such stamping has nothing to do with postage, but is the mechanical process done by machines which mark each envelope with the name of the mailing place and date of sending.

• • • • • • •

It is very interesting to note the many ingenious ways in which coins are sent through mails. The sum is apt to be a dime or two, which is scarcely worth pilfering, as the punishment for this act is drastic, but security from the coin slipping out is attained.

• • • • • • •

If the sender does not have a coin card with cut-outs to hold the coins flat, when the paper above and below the card is sealed down over it, she can make such cards herself.

• • • • • • •

The same security of the coin card is gained when paper is pasted over and under the coin. Then the money cannot slip out and be loose in the envelope and in danger of wearing its way through.

• • • • • • •

The coin may be held safely inside a small envelope, folded to make it fit inside the other envelope.

• • • • • • •

Another way often used is to fasten strips of adhesive tape or paper across a coin on the letter paper.

• • • • • • •

Coins are frequently put between two pieces of paper or soft cloth, a few stitches are taken around or across the enclosed coin to hold it fast, and then it is put in the letter.

• • • • • • •

Of course, the least secure of all ways and one which almost two-thirds of the people who send in patterns use, is to drop the coins in an envelope after the letter is in, and then seal the envelope.

• • • • • • •

There is no security, although many reach their destination. Such hazards can be guarded against, especially well when the coin card is used.

CULBERTSON on CONTRACT

by Ely Culbertson

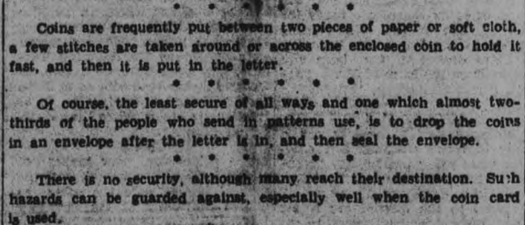
World's Champion Player and Greatest Card Analyst

SACRIFICE BIDDING

Any first game at Contract is worth about 400 points. It, therefore, follows that the side which incurs a penalty of 400 points (3 tricks doubled and not vulnerable), to save the game, incurs no extra loss. The rubber game is worth about 600 points. It is, therefore, true that to incur a penalty of 600 points, to prevent your opponents from scoring that game, is not a losing proposition. This penalty, so far as Rubber Bridge is concerned, is intangible and does not appear on the visible score, but it is nevertheless there. In Duplicate Contract, however, the value arbitrarily accorded to scoring a game is fixed and definite, so that, as a matter of mathematics, it can be demonstrated that it pays to accept a penalty of 600 points rather than permit vulnerable opponents to score a game, as the lowest score vulnerable players may make, if they bid and make a game at Duplicate, is 600 points, which may be slightly more, depending upon the declaration.

In a recent team-of-four match between The Bridge World team and another strong team in New York, Mrs. Culbertson and Mr. Waldemar von Zedtwitz played East and West cards in the hand shown below:

North—Dealer.
North and South vulnerable.
East and West not vulnerable.



The Bidding:

(Figures after bids in table refer to numbered explanatory paragraphs.)

North	East	South	West
1♠	1◇(1)	1♠(2)	2♡(3)
4♠(4)	5♡(5)	Pass	Pass
Dbl.	Pass	Pass	Pass

1—A sound Overcall.
2—South holds 3 honor-tricks, but decides against a Forcing Takeout, as five clubs might be an impossible contract and he is not sure that his partner holds strength in spades.
3—Also a sound, though weak, Defensive bid.
4—North figures the combined hands as probably containing three losers—a heart and two diamonds. The game bid is therefore sound.
5—Wisely preferring the lesser of two evils.

In the play, the contract was defeated 2 tricks, North and South winning two spades, one club, one heart and one diamond, and scoring 400 points for defeating the contract.

In the other room, where the other four players of the contesting teams played the same hand, South played the hand at four spades and made six, due to the fact that a heart was opened and South was able to discard a losing diamond on the long club in the Dummy. Thus East and West in one room lost 400 points on the hand. In the other room, where they failed to make the Defensive bid of five, East and West lost 720 points, a gain for those who accepted the penalty, rather than to permit the scoring of the gain of 320 points.

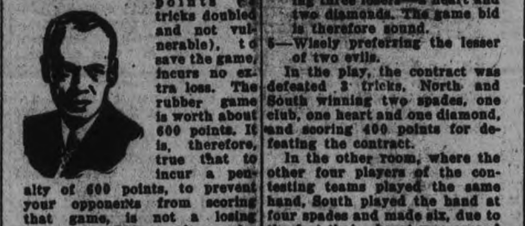
TODAY'S POINTER

Sacrifice bidding is an important feature of successful Contract. When opponents have the strong hands, the score they can make should be weighed against the penalty they may inflict upon you.

Tomorrow's Hand

The bidding and play of the hand printed below will be discussed tomorrow:

South—Dealer.
Both sides vulnerable.
North and South—40.
East and West—60.



Study the hand, decide how you would bid and play it and then compare the results you obtain with those shown in tomorrow's article.

FLYING FAMILY UP IN LABRADOR

Hutchinson Radios Arrival at Hopedale on Way to Europe.

TAKES ON GAS.

MONTREAL, Aug. 31. —(CP)— Somewhere along the coast of Newfoundland's labrador, the flying Hutchinsons were believed this morning to be preparing for the next flight of their leisurely crossing of the North Atlantic ocean.

Last word received from the party of eight people came last evening to the effect that they had landed at Hopedale, Labrador (at 2:20 p.m. E.S.T.). Then the silence of the northland closed down upon them. Radio communication was poor and Newfoundland reported it could not get into communication with either Hopedale or Nain.

Yesterday when the Amphibian City of Richmond took off from the Harbor of Port Menier, Anticosti Island, Hutchinson announced he intended refuelling at Hopedale and flying the 75 odd miles from there to Nain, where he would spent the night. It had not been learned early today whether or not he completed this program.

Pleasing Tea Held By Omemee Society

(Examiner Correspondence.)

OMEMEE, August 31. — The second group of the Guild of Christ Church, held a very attractively arranged tea in the church basement on Friday afternoon.

Mrs. W. G. Stephenson was convenor, and was assisted by Mrs. F. Bent, Mrs. S. Nurse, Mrs. V. Jones, Mrs. T. Fee, Miss A. Atwell, Miss E. Woods and Miss E. Stephenson. The proceeds amounted to $25.00.

At a recent meeting of the Women's Association of Trinity United Church, the ladies decided to hold a Fall tea in the church basement on Thursday, Sept. 1.

Wedding Anniversary.

A very pleasing event occurred at the home of Mr. and Mrs. H. Lamb on Friday evening, when a large number of their intimate friends paid them a surprise party on the occasion of the 25th anniversary of their wedding.

The evening was pleasantly spent in cards and music and at lunch time impromptu speeches added to the zest of the evening's program.

Mr. and Mrs. Lamb were the recipients of two beautiful silver plates presented to them by those present.

You can't blame her . . . . Christie's Sultana Biscuits are so temptingly nice. The plump, uncrushed Sultanas add a fresh fruit flavor to their wholesome goodness that is irresistible to young and old.

VILLAGE HYDRO COLLECTOR

FACES CONVERSION CHARGE

KITCHENER, Aug. 31.—Norman Fleischauer, a collector for the Wellesley village Hydro commission, will face charges of wrongful conversion of money in police court here on September 7. The total amount involved is said to be $1,343 and the charges were laid by the Ontario commission and the village body, W. G. McGibbon of Waterloo having charge of the prosecution. The alleged irregularities occurred from January to June of this year. Fleischauer was allowed bail of $2,000.

HERE'S a wonderful new breakfast food that you're going to like a lot—and often! It's called "Grape-Nuts" *Flakes*, and if you haven't tried it you've missed a very, very pleasant experience!

"Grape-Nuts" Flakes is a cereal nobody has to learn to like. You'll take to these big, crinkly, sunshiny flakes with the very first spoonful. They're crisp and golden and dimpled—a tempting, delicate form for the grandest of breakfast flavors—the glorious flavor of "Grape-Nuts" Cereal!

And thanks to healthful grains and a special baking process, "Grape-Nuts" Flakes is wonderfully nourishing and easy to digest. Like "Grape-Nuts" Cereal, it gives youngsters and their elders valuable nourishment—nourishment that provides many of the essential food elements. Get a box today.

Made in Canada from Canadian Wheat and Malt

Keep Both *on your pantry shelf*

Enjoy the "Grape-Nuts" flavor in this new *Flakes form*. And keep on enjoying it in the familiar, nut-like kernels of "GRAPE-NUTS" Cereal itself—the crisp kernels so beneficial to teeth and gums.

WEDNESDAY, AUGUST 31, 1932

THE HUNTING SEASON DRAWS NEAR.

The last day of August marks the approach of autmun, that season of glorious color in the Canadian woods.

On the sportsman's desk appear game laws, timetables, road maps and other unfailing signs that the hunting season is not far away. Hurried telephone calls indicate the making and changing of plans; guns, rifles and ammunition are put in order and at last everything is settled and the open season will find the hunters ready and eager to be away.

Soon from the sink boxes along the sand spits of Prince Edward Island, in the coverts of Nova Scotia and New Brunswick, along the forest trails of Quebec and Ontario, across the prairies and from the valleys and peaks in British Columbia will come the echo of reports from shotgun and rifle as the sportsmen enjoy their long-looked for holiday in Canada's game retreats.

May it be a successful, happy and safe season for our own hunters and our guests from across the border.

AN IMPORTANT CONFERENCE.

The conference called by Hon. Robert Weir, Federal Minister of Agriculture, which has resulted in the meeting in Toronto of all the Provincial Ministers of Agriculture and most of their deputies, the heads of Agriculture of colleges and others who are vitally interested, is a prompt and business-like move to put Canada in better position to take full advantage of the opportunities offered by the agreements entered into at the Imperial Conference.

With every province represented and with the benefit of the knowledge and experience of those closely associated with agricultural problems available, there is every reason to hope that out of this conference will emerge a helpful constructive program that will meet with the approval of and react to the benefit of the Canadian farmers generally.

It is evident that there will have to be some effective co-ordination of effort if this country is to produce in quality and quantity what will be needed to give us the complete benefits made possible by concessions in the British market that have developed from the Empire parley.

Mr. Weir has lost no time following the Imperial Conference, in taking this important step towards putting Canada's house in order ready for the increased trade that should soon make itself felt, and regardless of their political views all far-sighted Canadians will unite in hoping that his efforts will be entirely successful.

A NECESSARY ARRANGEMENT.

Criticism of the arrangement by which the Federal Government, the Provincial Governments of the Western provinces and the Canadian banks propose to finance the marketing of the prairie wheat crop and whatever surplus of last year's crop that may remain, would seem to be unnecessary and far from helpful.

Logically those who are complaining may be correct in declaring that the Federal Government has no right to risk the money of the whole people of this country for the benefit of the people of one particular section of the Dominion, but the simple fact is that if the Canadian wheat crop can be marketed successfully, the benefits accruing from such a result will not be confined to western wheat growers, but will spread over Canadians in all parts of this country.

We cannot afford to throw the prairie wheat grower overboard; experience has surely taught us by this time that if he is not prosperous very few other people are and conversely that if he has money to spend, the people in the east, manufacturers, business men, workers all find larger sums in their own pockets.

The arrangement entered into for financing the wheat crop may be "state socialism", but as the Ottawa Journal puts it, "if we are going to scrap everything in our national life that smacks of state socialism then we shall have to jettison a lot of things that are bringing us vast benefit."

CUTTING DOWN THE COUNCIL.

There has been so much discussion in recent months in regard to the cost of Federal, Provincial and Municipal Governments, that the attempt is now being made in Ottawa to reduce and simplify the civic administrations should be a matter of general interest.

The electors of the capital are being asked to vote upon the following two questions:

"Are you in favor of the government of the city by an executive council consisting of the mayor and six councillors elected by the city at large for a two-year term?"

"Are you in favor of continuing the present system of municipal government."

Ottawa is now governed by a city council composed of twenty-seven members and undoubtedly a good many people would have little difficulty in deciding that such a body is unnecessarily large and unwieldy.

A council of seven members would do better work in shorter time and at less expense, and while such and executive council would be elected by the whole city and the ward system of choosing aldermen would have to be scrapped, there is no reason to fear that any particular section would be neglected by the adoption of such a plan.

Here in Peterborough we have been electing councils by general vote for a number of years and the system has not worked out to the detriment of any one part of the city, so that Ottawa voters need not be scared away from reducing the size of their municipal government because of vague fears that some wards would suffer because of lack of representation.

THE WEST IS NOT AFRAID.

Outside of admitting that it will be interesting to follow, the press has little comment to make on the "wheat strike" which has been inaugurated in some of the Western States, where thousands of growers are reported to have agreed to hold their wheat until they can obtain one dollar a bushel for it. Summed up very concisely, the attitude of the Canadian press seems to be that the American growers should reflect on the experience of the Canadian wheat pool.

The American wheat farmer cannot be blamed for not wanting to sell his wheat at under-cost prices, but the wisdom of holding out for a dollar a bushel, under present circumstances, may not be wholly sound. Huge stocks of wheat are still in storage and bumper crops are coming along again this year.

Better by far than the plan of the American growers, says the Reginan, official organ of the Regina Board of Trade, is the spirit of the farmers on the Canadian prairies, who are cheerfully going about the business of preparing for a good harvest, determined to make the best of current market conditions.

"Shortly," says the Reginan, "threshing will be in full swing and the best wheat in the world will again be flowing into the prairie granaries. Despite the low price of wheat, the people of Saskatchewan and of Canada have much to be thankful for in the wheat situation. An excellent crop will relieve the distress experienced by the West during the last few years, particularly by the farmers in southern Saskatchewan. It will provide work for thousands of our own people; it will enable many more to pay their taxes and operating expenses and will restore the confidence of all Canada in the West and her citizens. The West is coming back."

Eastern business men and manufacturers who have been through the West during the past few months have returned with the same story—that the people in Western Canada are the most optimistic in the Dominion. They have confidence in what the future holds in store. A statement on the wheat situation, made by such an organ as the Reginan which is published in the centre of Canada's wheat-growing belt, is most encouraging to read. The West is not afraid.—Stratford Beacon-Herald.

THE RAILWAYS WILL STICK.

The Windsor, Essex and Lake Shore Railway is to pass out of existence in a month's time. Through continuous declines in revenue the municipalities operating the road have been forced to abandon it. Employees are to be notified that their services will not be required after September 15.

The passing of the border line will mark the fourth electric road in the Dominion which has been forced out of business within the past year. It is another illustration of the losing battle which these roads are fighting in an effort to keep up with motor truck and bus competition. Most of them—there are 33 in Canada—are engaged chiefly in short-haul business, and that is where truck and passenger bus competition has made its greatest inroads.

The struggle which the electric roads have on their hands is much the same—only on a smaller scale—as that which the Canadian National and the Canadian Pacific railways face. It would not be surprising if a number of other electric systems pass out of the picture before the end of the current year unless some marked improvements in general conditions quickly show themselves. There are even people who are sufficiently pessimistic to picture the time when the Dominion's two major railway systems will cease to operate.

If conditions do not right themselves before long there is every possibility that the two major systems may attempt to eliminate overlapping, but it is hard to vision the day when the railroads will be scrapped.

Try to realize what such a thing would mean.

Firstly, we could not heat our homes easily, if at all, were it not for the railroads. It would be astounding to see trucks bringing out huge shipments of coal from the mines of Pennsylvania or from the foothills of Alberta. They would not be capable of it, and if they were the hauling costs would obviously make the price of the fuel prohibitive.

Secondly, we would face starvation, to a certain degree, should the railroads cease to function. Trucks, which race helter-skelter about lapping up the cream of the short-haul business, could not bring the wheat of Western Canada to our granaries in the East, nor could they carry our manufactured produce to the people on the prairies and in British Columbia.

Again, in the event of war, into which the Empire might be drawn, it would be difficult indeed to vision trucks carrying troops and equipment to either seaboard.

The railways are too much an integral part of the country's make-up to be scrapped. Our existence depends on them to a great extent, so much so that we seldom stop to realize it. The railways, while operating and beating the buses and the trucks at their game when these unusual times are ended. They will be running when we are no longer here to see them.—Stratford Beacon-Herald.

EDITORIAL NOTES AND COMMENT.

Belleville fair directors advertised today's eclipse as one of the Exhibition features. That's real enterprise.

The Iowa farmers are evidently not impressed with the possibilities of a "wait-and-see" policy, but it might prove wiser in the long run.

That is good news that comes out of the West. The harvest in Alberta is well under way and under generally favorable conditions.

One good thing about the eclipse was that it offered the year's greatest outdoor spectacle without any gate money being looked for.

Yvonne Printemps, suing her dramatist husband, Sacha Guitry, for divorce, says that he was too loving, too attentive. This almost looks like a case of collusion.—Toronto Saturday Night.

President Hoover in his speech of acceptance, admits that prohibition is a failure. Any time now he is expected to come out and acknowledge that a business depression exists. — Toronto Saturday Night.

Monkeys brought into Canada as household pets or zoo exhibits are subject to a duty of 25 per cent. That's the stuff. No cheap foreign competition for the Canadian monkey supply.—Border Cities Star.

Quotations For To-Day

It is one thing, but being in one's place is quite another thing. There is a place for every man, but not every man is in his place. And the man who is out of his place in the world is out of place in the world. If a man would prove his right to be in the world, he must show that he is in his place as well as in the world.

GRAIN AND PRODUCE REVIEWS

TORONTO PRODUCE

TORONTO, Aug. 31.—Receipts of butter on the local market yesterday were not burdensome and prices were steady, though trading was slow. Reports from Montreal indicated a dull or fairly quiet market in that city, and buyers in Toronto were not inclined to take large lots at current prices. Western makes were quoted at 22c delivered Toronto, but there were no takers, as Ontario makes were offered at 21½c for No. 1 and 20½c for No. 2, or fractionally better prices than quoted on Monday.

Cheese

The prices on new makes of cheese were only nominal, and the general levels were the same as quoted previously at 10c for new large, 10¾c for twins and 10½c for triplets. Prices to retailers were unchanged, as shown in the table on this page.

Eggs

Montreal continued to offer better prices for eggs than obtainable on the local market, and many shipments from Ontario went to that city. Local brokers quoted the better prices of 25c for extras, 20c for firsts and 13c to 13½c for seconds, graded and in free cases.

MONTREAL PRODUCE

MONTREAL, Aug. 31.—Possibility that Canada may have to import butter next winter, due to small stocks on hand and declining production, is seen by some butter dealers here. Tomorrow's announcement by the Board of Trade of stocks held in Montreal is being eagerly awaited by the trade.

The butter market today was quoted mostly at the 21¼c line for carlots or less of No. 1, slightly firmer than the previous day. Some dealers indicated that present increased prices will continue and may go to an import level.

Jobbing houses announced that, effective tomorrow, small lots to retailers would be up 1c per pound, becoming 23c for solids and 24c for prints. Receipts were again light, 26 boxes.

Egg Prices Steady

The egg market held unchanged at yesterday's levels, with receipts at 2,036 cases. Newly arriving stock, best quality, graded, were quoted in carlots or less at 26c to 30c for extras, 18c to 20c for firsts, and 14c to 15c for seconds. Western held stock was as much as 3c under the above levels for extras and 1c cheaper on the other grades, with quality controlling the prices.

Cheese held nominally unchanged at 10¾c to 10¼ for Ontarios, and 9¾c to 9¾c for Quebecs. Receipts were 7,404 boxes.

CHICAGO GRAIN.

CHICAGO, August 31. — Grains weakened yesterday in sympathy with reactionary tendencies displayed by cotton and stocks. Wheat suffered the most, running into profit-taking which made price recoveries difficult. Strength at Liverpool and Winnipeg influenced by unfavorable Canadian weather, was generally disregarded here.

Corn was in good demand, with trade of the broadest volume reported for months. Commission houses were on both sides of the market with liberal orders. Oats were relieved by hedging pressure and in demand.

Wheat closed weak at almost the day's bottom figures, 1c to 1¾c below Monday's finish. corn, ⅛c to ⅝c down; oats, ¼c to ⅜c off; and provisions, 5c to 10c lower.

Mid-session buying of wheat was attributed to a leading professional operator, but the market was unstable and the gains were quickly wiped out.

WINNIPEG GRAIN.

WINNIPEG, August 31. — Wheat prices suffered a moderate setback in erratic trading on the grain exchange here yesterday, following a bull session on Monday, and spreads at the close were fractionally lower. Export business was quite light.

October closed down ⅝c at 57c, while December and May were each ⅞c lower at 56½c and 63c, respectively.

Pit trade was comparatively light, and while seaboard interests bought some wheat early the export trade was not heavy. Hedging sales were not extensive, with deliveries in the country still hampered by wet weather.

The Western map revealed frost at one point and generally lower temperatures in many localities which will prevent cut grains from sprouting.

Trading in cash wheat was slow, although fractionally better than the previous closing differences were available. Demand was not keen, and very little business was reported. Cash interest in all coarse grains, too, was very light and no sales were confirmed.

Futures:

Wheat—	Open	High	Low	Close	Prev. Close

STATION L-O-V-E

BY CRAIG CARROLL

(Continued from yesterday.)

INSTALMENT No. 5.

Lona Burdette shot a malicious glance at Judy. Then she laughed loudly, so Judy would be sure to hear. She said something in a low voice to a man who stood near her. Some man from station WAOA, Judy knew. And what the girl was saying was something unpleasant, and about Judy. And the man would repeat what was said. That was why the Burdette girl was saying it.

Judy knew that Elton Day's face had a strange, almost worried, look as he stood beside her. Then she was inside the elevator, standing beside him.

"Seventeen," he said quickly as the door closed.

This was too much. Not bewilderment at Elton Day, not fear of the cold menace in the girl's eyes, could stop Judy now.

"Stop," she said sharply, moving forward. "I want to get out."

"Sorry, lady," the operator answered, not looking. "No stops before seventeenth."

"But I want to get out," Judy said, feeling like a small child crying for candy.

"Sorry," the operator said.

"Thanks,' said Elton Day. And as the elevator stopped, as the door clanged open, he whisked out a bill into the operator's hand, murmured, "See to it you don't ever stop with a lightning motion stuffed it before the seventeenth!" and took Judy's arm with a careless, possessive easy gesture.

• • •

Then things happened.

Judy stepped back. She looked at Elton Day slowly, carefully.

"I don't like you after all," she said slowly, weighing the words. "I don't like you at all."

"But——"

"Back home," she said carefully, "we have a word for people like you. It's a country word and maybe you wouldn't remember it. We say they're too fresh to live."

He began to laugh. She couldn't help noticing even in her anger that he had beautifully even teeth. And she couldn't help knowing that Elton Day knew his teeth were white and even and she couldn't help feeling he had practiced that laugh in front of his mirror for many hours.

She pushed the "down" button. Almost in the same second, a red light showed, a car moved down to the floor, the door opened. Judy stepped toward the car.

"No," said Elton loudly. "We've changed our minds. Go on, Jim!"

The door clanged shut. The car was gone.

"Now," he said quietly. "We're going to talk a little bit, you and I. And if you won't talk here, I'll follow you and talk wherever you stop. And if it takes ten years to catch up—I'll still be following you. And—Oh, hello, Mrs. Morrissey. How'd the show go? That so? Good. I knew you could do it. And Mrs. McGovern. Fancy seeing you. . . . . ."

People were all around Judy. None of the nice young men Judy had ever known would have embarrassed her by speaking out in front of other people. But this man would, and she knew it. And the rules she had learned back home meant nothing now.

• • •

"My friend, Miss Allison," he was saying.

She managed, "How do you do?" She shook hands with Mrs. Morrissey, whose hands were fat, and with Mrs. McGovern, whose hands were thin and cold and limp. And then she realized that she was walking with them, talking. Saying "Yes," when Mrs. Morrissey said it was a very cold day. Saying "No," when Mrs. McGovern asked if she went to the So-and-So Club. Saying "Yes," when Mrs. Morrissey informed her that radio was very interesting work.

"Sorry," said Elton Day to Mrs. Morrissey and Mrs. McGovern. "This is my office and Miss Allison and I have to go over a continuity for to-morrow. See you again. Here you are, Judy."

The door opened, the door closed behind her. Gallantly, Day spun a swivel chair.

"You're not crazy," Judy said conversationally. Not really. You just want to be."

"And who doesn't? Is there anything in being sane Why if you stay sane, you'll go mad. So why not be mad in the first place? Why not, indeed?"

"I told you a minute ago I don't like you."

"You'll not say that many times more."

"Why not?"

"Because I knew the moment I saw you that your mother brought you up to tell the truth. And when you didn't tell the truth you got your mouth washed out with soap suds. And when you say you don't like me you're not telling the truth. So—wait a minute!"

• • •

From a desk he extracted a cake of soap. He began to rip off the wrapper. He took the top from a water carafe on his desk.

"Open your mouth!" he said.

"I won't."

"Must I use force?"

Judy regarded his thin hands. Then she flexed her own capable arm.

"If you do," she said coldly," you are likely to get hurt. And I'm sure the great Elton Day wouldn't like that."

"Oh!" He staggered back in mock terror. "Surely you wouldn't strike me? Surely you wouldn't do that?"

"I'd be glad to," she said.

But would she? Did she hate him Did she want to jerk his perfect tie away from his perfect collar? She should be sure. She should be angry. She wasn't. She knew it. In a moment, in five minutes, she would be laughing. That would be surrender. Laughing at Elton Day was a way of saying, "You win." She must not laugh, must not make him think she wanted to hear him talk. She must go.

"I'm going now," she said. "It's been almost as good as a show. But I'm not very fond of comedians."

"Neither am I."

"I thought you were one.'

"Only in my serious moments."

"What?"

"When I'm laughing, you know I'm crying."

"Ohhhhh——"

"Three more ohs and you get a candy apple."

"Ohhhhh——"

• • •

She heard somebody laughing. It couldn't be her voice. But it was. And it was a strange thing. She hadn't laughed that way for a long time. Not in all the months she was seeing nobody, going nowhere, fighting desperately to learn music, hoping she could stay in Chicago

"We're friends," he chanted. "We are!"

He took her hand, shook it elaborately, made a quick bow like a tin soldier slightly out of repair, sat down at his desk, faced her. And in a second the smile was gone. His face was thin, set, almost poetic.

"Judy, he said. And his voice had changed. "Judy. Listen. This is business. I had to clown until you laughed or you'd never have listened. But now you're listening, and the clown act is over for today. Listen to me."

"To what?"

"To three things. First, about Lona. I'll be honest. I did promise her the job. Because she told me she was up against it, hadn't eaten, needed money badly—all that stuff. I ought to be smarter. I've heard the same line from a dozen others. But I fell for it. Then I happened to check up. And she has been lying. If you hadn't come along she wouldn't have got the job anyhow. That's true. I want you to believe it. Because—well I'm a liar most of the time, but I'm not lying now."

"But——"

"Wait. Let me finish. Then you can ask all the questions you want to ask. I said I had three things to say. Here's the second: You've got stuff for radio. Your voice is right. You don't slur words, but you don't pick up one word at a time and drop it with a thud as most radio speakers do. And you sound informal, whether you are or not. And—Number three: It's a rotten business. You'd better keep out of it."

"I must have a job!"

"I know. But why a job in radio?"

"I don't know. Only I told Dick about everything. And he said he would help me. And——"

"Dick. Nice boy, Dick."

"You don't seem to mean that."

"But I do. He's all right. I've known Dick ever since—well, ever since he quit being a Chautauqua ham and came up here."

"Chautauqua ham?"

"Didn't you know?" A faint shadow of amusement crossed Elton Day's face. "Why, that's where lots of bigtime announcers come from. Straight off the lyceum circuit. That's where they learn to be Barrymores of the air."

"That's not very kind."

"It's true. Ask half the men in this studio where they had their real stage experience. They'll tell you about New York and Hollywood and all that. But if you pin them down you'll find they worked six weeks in Hoboken and four in Dobbs Ferry and had one season on the Redpath time."

"You're making fun of Dick."

"I'm not making fun of anybody. Why should I? Whar'd I get off, pointing fingers? I'm a radio writer and I get good money for it. And what do I know about radio? Why I don't even listen to my own programs."

"But I thought——"

"Of course. You thought all the radio boys and girls were just the last word in devotion to their art. Forget it. The director of one of the biggest radio stations in town never heard a radio program in his life. And never will."

Judy felt her head reeling. It was like hearing somebody say that your favorite Hollywood beauty really had freckles and cross-eyes. "I certainly am learning things."

100 Lions In Paris On Economy Rations

PARIS, Aug. 31.—Municipal authorities are faced with a new unemployment problem in 100 famished lions made jobless when a German travelling circus went broke. The city zoo's own lions are on economy rations.

An appeal has been sent to circuses and zoos to come to Paris and get a bargain in lions.

LIGHT LOSSES TORONTO TRADE

Stocks Are Reactionary During Morning Session, Decline Fairly General

SMELTERS AT NEW PEAK.

TORONTO, Aug. 31 (C.P.).—Toronto stocks were reactionary in the forenoon session to-day, but most losses were of a fractional nature. The decline was fairly general, however, in active trading.

Consolidated Smelters established a new peak for the year of 80 and dropped back to 78½ at midday. International Nickel, C.P.R., Brazilian Traction, Dominion Stores and Ford of Canada all showed reactional losses at noon.

Oils and implement issues followed the general trend. Bell Telephone lost a point to 104, and Page Hersey, after selling up 1 to 58, dropped back to the previous close. Bank stocks were steady.

TOWN RECALLS ITS "GOOD TURN"

Musselburgh's Motto Result of Its Ancient Hospitality.

RIVAL OF EDINBURGH.

MUSSELBURGH, Scotland. — A "good turn" done by a group of unknown citizens of this burg 600 years ago was celebrated in a novel fashion recently, when the town was en fete in honor of the burgh motto "Honestas."

Six hundred years ago Musselburgh folk showed such kindness and hospitality to Thomas Randolph, Earl of Moray and Regent of Scotland, that his successor, the Earl of Mar, sought to recompense them for their services. Declaring that they had only done their "plain duty" the citizens refused all recompense, to which the Earl of Mar exclaimed, "Sure, ye are a set of honest fellows." From this incident the burgh adopted its motto of "Honesty", which later became the Latin "Honestas."

The sexcentary anniversary of the adoption of the motto was observed in Musselburg recently, when Mr. David Lowe, Provost of the town, hoisted a new town flag, bearing the burgh crest and motto, and Lord Elphinston, unveiled a plaque recording the origin of the town's motto.

The function attracted interest in all parts of the world, and among those who took part was Mr. Duncan McInnes, chief of Scottish Clans Association of the United States, a native of the town. Edinburgh was officially represented at the function, although the rivalry between the two neighbor burghs has been epitomized in an ancient couplet which Musselburgh likes to use in relation to its near-by community:

"Musselburgh was a burgh when
Edinburgh was nane
And Musselburgh will be a burgh
when Edinburgh's gane."

The couplet hints at the anti-history dating to pre-Roman days, and was occupied by the Romans during their invasion of Britain.

FOREIGN EXCHANGE.

NEW YORK, Aug. 31 (C.P.). — Prime commercial paper, 2 per cent.; foreign exchange irregular; demand rates (Great Britain in dollars, others in cents): Great Britain, 3.48¾; France, 3.92; Italy, 5.11¾; Germany, 23.74; Canadian dollar, 89.50.

Police Begin Probe Milk Bottle Racket

LONDON, Ont, Aug 31—(C.P.) — Police today started investigation of a milk bottle racket revelations in which, they said, followed charges yesterday that a delivery racket had been organized here.

Authorities said they had searched one house with a warrent issued at the request of B. Doyle, a milk dealer, and had found bottles stored in the dwelling. It was said customers steal bottles from their dairies and sell them to other dairies out of town.

WINNIPEG WHEAT EXCHANGE.

WINNIPEG, Aug. 31 (C.P.). — Unfavorable harvest weather in Western Canada boosted wheat prices about 1¾c in the early trading to-day, but at the high points scattered selling came in and top levels were not held. Pit operations from the start was featureless with scattered buying for southern and eastern accounts and by locals constituted the main support. Early reports indicate that only a very small export business was worked in Canadian wheat overnight.

SOFTER TONE ON STANDARD

List Turns Easier Under Pressure of Profit-taking.

SYLVANITE IN DEMAND.

TORONTO, Aug. 31.— (C.P.) — Price trend developed an easier tendency in the second hour under pressure of light profit-taking on the standard stock and mining exchange market to-day. Significant recessions were confined to interlisted stocks which reflected a downturn on industrial boards.

Sylvanite was in renewed demand and showed a gain of 3 at 86, a new high for the year. Siscoe recovered 5 to 90 and Howey Gold a couple to 60. Dominion was up 5 at $12.30, but McIntyre sold off 50 to $18.50 and Nipissing, Granada and Teck Hughes lost 3 to 6 cents each.

Base metals encountered some selling, Nickel reacting 70 to $11.30. Noranda 25 to $21.25 and Hudson Bay 15 to $4.55.

Oil and silver groups were mixed.

Market Closing On All Exchanges

WALL STREET

NEW YORK, Aug. 31. —(CP)— Successive efforts were made to stem a moderate flurry of selling in the stock market today by bidding up the rails, and speculators for the rise were moderately successful in the late trading A number of losses of 1 to 4 points were regained or reduced. Lackawanna Railroad shot up 7 points in a squeeze of shorts, and such issues as New York Central, Union Pacific, Santa Fe and Pennsylvania got up a point or so. Extreme losses of 2 and 3 points in United States Steel and Allied Chemical were cut in half. The late tone was steady. Transfers were about 3,000,000 shares.

TORONTO EXCHANGE.

TORONTO, Aug. 31 (C.P.).—Reactionary in the forenoon, the Toronto Stock Exchange closed irregular to-day when the leaders recovered most of their early losses.

Consolidated Smelters featured trading, soaring to a new high of 86 and closing a point below for a net gain of 7 points. International Nickel and C.P.R. reduced early losses to close practically unchanged or with minimum declines. Brazilian Traction and Ford of Canada were down fractionally on end, and Bell Telephone dipped 2 points in odd lot trading.

Oils, implements and distilleries were irregular to fractionally lower.

STANDARD EXCHANGE

TORONTO, Aug. 31 (CP) Though a slightly stronger tone developed in late trading Standard stock and mining exchange list showed mixed price action through to-day's session and closed with an indefinite mixture of losses and gains.

Noranda recovered an early loss to finish up 30. Coat Copper gained another 50 and Base Metals sold up 25 to a new 1932 high. Nickel was down 40, Hudson Bay 5 and Amulet a cent.

Golds were an irregular section. Dome and Wright-Hargreaves managed to register small advance but McIntyre was off 50 and Teck-Hughes. Granada and Mining Corp. lost 3 or 4 cents a piece.

WEIR SUMMONS AGRICULTURISTS

Provincial Leaders Setting Up National Advisory Council.

TWO COMMITTEES.

TORONTO, Aug. 31 (C.P.)—Hon. Robert Weir called a special meeting of Provincial Ministers of Agriculture to-day to consider the establishment of a National Agricultural Advisory Council, with two committees—one to be administrative and the other scientific.

Nine Provincial Ministers were present for the meeting, which was summoned by Mr. Weir, the Dominion Minister, in connection with the National Conference of Agricultural Officials, now being held here.

Mr. Weir re-introduced the proposal for a National Advisory Council at the morning session of the conference, explaining it could do much to assist Provincial bodies and eliminate duplication of effort.

TO INVESTIGATE BARLEY VALUE AS POULTRY FEED

A report from Winnipeg states that the National Research Council has made a grant of one thousand dollars to Professor M. C. Herner, of the Manitoba Agricultural College, in his investigation to determine the value of barley as a food for poultry. The study is part of the effort that is being made to learn whether, or not, imported corn can be displaced by Canadian grown barley, as a live stock feed. Professor Herner hopes to get results indicating that barley can be used satisfactorily in all poultry rations, in which form it should be fed, and what combinations should be made.

Exchange Rates

(By the Canadian Press)

Exchange rates at noon to-day were as follows:

Pound sterling in Montreal, 3.87⅛.

U.S. dollar in Montreal, 1 11 5-8.

Pound sterling in New York, 3.47.

Canadian dollar in New York, 89⅛.

Livestock-Produce Quotations

TORONTO LIVESTOCK

TORONTO, Aug. 31.—(CP)—Leftovers totalled 1100 at the opening of the Toronto Livestock market to-day. The quality of the offerings was very plain. Trade was dull and there were few sales up to 11 a.m.

Receipts were: Cattle 330; calves 140; hogs 690; sheep 90.

Calf trade was firm at $6.50 to $7 for choice vealers, downward to 3.50 for common. No grassers were offered.

The hog market was unsettled but prospects were steady at 4.65 f.o.b. for bacon, 4.90 off truck and 5.15 to 5.25 weighed off car.

Lambs opened steady at 5.75 for good ewes and wethers and at $4 for culls. Sheep trade was slow at $1 to $2 cwt. for the majority.

Steers up to 1050 lbs., good and choice $5 to $5.50; medium $4.50 to $5.

Steers over 1050 lbs. Good and choice $5.50 to $6; medium $5.25 to $5.50; common $4 to $5.

Heifers. Good and choice $5 to $5.50; medium $4.50 to $5; common $3 to $4.25.

Fed calves. Good and choice $7.50 to $8; medium $6.25 to $7.25.

Cows. Good $3 to $3.50; medium $2.50 to $3; common $2 to $2.50.

Canners and cutters 50c to $1.75.

Bulls. Good $2.50 to $3; common $1.50 to $2.25.

Stockers and feeders steers, good $4 to $4.25; common $2.50 to $3.75.

Milker and springers $20 to $65.

Veal calves. Good and choice $6 to $7; common and medium $3.50 to $5.50.

Grassers $2 to $3.

Hogs (no quotations).

Ewe and wether lambs. Good $5.75; medium $5 to $5.50.

Bucks $3.75 to $4.

Culls $4 to $4.50.

Light sheep. Good $1.50 to $2; heavies $1.50; culls $1.

Two Sandwich Boys Stage Own Marathon

WINDSOR, Ont., Aug. 31 (C.P.). —Two Sandwich boys staged a little marathon swim all their own today. While they did not do the distance of the Canadian National Exhibition swim, they argue that fighting the Detroit River current means more than miles. Jack Blair, 16, and Charles Quinley, 17, just went for a little jaunt to Detroit and back. They dodged freighters and car ferries in their two and a half-mile swim, and say they enjoyed the experience more than going to Toronto.

RUMORS OF GOVERNMENT LOAN NOT CONFIRMED BY OFFICIALS

Reports State Sum Would Be Small, Not Likely Over $50,000,000.

DOMESTIC ISSUE.

OTTAWA, Aug. 31.—(C.P.)—Reports published recently that the Dominion government would float a loan for $200,000,000 this fall are given no credence in official circles well informed.

Any Dominion loan which may be issued this year would be for a modest sum, it is learned. An amount of $50,000,000 is mentioned, but there has been no decision on the subject.

The situation is that a residium, amounting to $34,002,000 of one of the war loans falls due on December 1 next. This maturity may be handled by re-conversion. In the event of this course being followed, a loan for about $50,000,000 may be floated. The loan would be a domestic one, payable in Canadian funds. Following the lines of the 1931 conversion loan in November last, it is probable that the interest fixed would be about 4½ per cent.

Windsor Beauty Nabbed by Cupid

WINDSOR, Ont., Aug. 31. — (CP). "Miss East Windsor of 1932" has succumbed. The little famed fellow with a bow and arrow has won. Miss Gwendolyn Treverton was married this morning to John Redman of East Windsor. She was chosen as "Miss East Windsor" at a picnic held by the Citizens' Association a few weeks ago.

About two months ago "Miss East Windsor of 1931" and "Mr. East Windsor of 1931"—Known in normal life as Miss Helen King and Mitchell Bidnock—were married.

MOLLISON WILL NOT FLY HOME

Daring Scot Accepts Advice of Doctor to Take Things Easy For Awhile.

SAILS ON EMPRESS.

SYDNEY, N.S., Aug. 31 (C.P.)— Content with the honor of being the first aviator to make a solo flight westward across the North Atlantic, Captain James A. Mollison has abandoned his plans for a return journey by plane to England.

The adventurous Scot to-day accepted advice of Dr. Freeman O'Neil, his host here, to take things easy for a while.

His wife, the former Army Johnson, and the backer of his westward flight, Lord Wakefield, asked him not to attempt the return trip, and the captain gave in, reluctantly.

Confirms Report

SYDNEY, N.S., Aug. 31.—Captain J. A. Mollison confirmed to-day the news given out by Amy Johnson at London, he has abandoned his flight and leaves to-morrow by plane for Quebec. He sails Sept. 3 by the Empress of Britain for his home in England.

MEMPHIS SWIMMER IN FRONT OF FIELD AT START OF 5TH

(Continued from Page 1)

a leader in the early stages of the local marthons, but has difficulty in keeping it up.

The first man taken out was Leslie Chapman, Toronto, who found the cold water too much for him. He had travelled about 150 yards when pulled to shore.

Isadore Spondor, Port Colborne, and Warren Anderson, Sydney, N.S., were battling it out for leading positions.

At the end of the first leg of the course, Jack May, Honolulu, who finished third in the Barker two-mile amateur swim here Saturday and who had turned professional to-day, was 100 yards in front. John Hawkins, Chicago, was in second position, and Isadore Spondor had moved up into third position. Hawkins and Spondor were swimming practically neck and neck as they rounded the buoy, 4,754 feet from the start.

George Young, Toronto, favorite to win the event, was in fifth position, taking it easy, and holding close to Bill Goll, New York. Then came Mendel Burditt, Toronto, and Marvin Nelson, Fort Dodge, Ia. Frank Pritchard, Buffalo, and Clarence Ross, Chicago, were bunched closely behind.

Steve Machusky, Minersville, Pa., came out voluntarily.

Robert King of Walkerville was taken out in a paralysed condition.

Cold Gets Many

But even the favorites were not immune from the terrible frigidity of the lake. Jack May, Honolulu, one of the favorites, was dragged from the water after he had led the swimmers for more than three miles. Almost immediately, Frank

FRANK PRITCHARD

Pritchard, the Buffalo speedster, was also removed.

With May out, Isadore Spondor, Port Colborne, Ont., rounded the buoy at the end of the second lap in a comfortable lead. He was swimming 60 strokes to the minute and making great progress.

Two hours after the swim had started, a total of 55 swimmers had been forced to retire from the contest. "It was tough going" according to those who were pulled out. But strangely enough, the water was getting warmer all the time, and had risen two degrees since the swim started.

Spondor's time for the first two laps was two hours 20 minutes 54 seconds.

Eli Radakovitch, who had been swimming strongly and for a time was in a money berth, was removed from the water on the third lap. With him was Stanley Pritchard, Buffalo, brother of Frank, who was also forced to give up the unequal contest.

All day Walker, rowing ahead of Young had cut the corner on the buoy and left Young to swim around alone. It was just an unforeseen occasion when Young hit the buoy. The Toronto lad, his head down, bored through the water at terrific speed and evidently never saw the heavy float which marked his course.

WARKWORTH

Mr. O. E. Kelly spent Sunday at Margaret's Island, Rice Lake.

Mr. and Mrs. Grant Allen are spending a week in Toronto.

Mr. and Mrs. C. A. Thompson, Cobourg visited his parents, Mr. and Mrs. J. E. Thompson on Sunday.

Master Peter Dingman returned home Sunday after spending a week with Mr. and Mrs. W. Phillips, of Grafton.

Mr. and Mrs. Earl Skingle, Mr. Korah Skinkle and Clifford Skinkle were Sunday visitors of Mrs. Korah Skinkle who is ill in Belleville Hospital.

W. B. Baker has returned after spending a week with his sister Mrs. (Rev.) Russell McGillivray, Ottawa.

Mr. and Mrs. C. T. Maycock and Everett Maycock have returned after spending a week with friends at Magnetawan.

Rev. S. B. Griffith, Mrs. Griffith and family of Bracebridge are renewing acquaintances in town and vicinity.

B. K. Williams has recently been appointed Deputy Game Warden for Northumberland county.

Mr. and Mrs. E. P. Gallagher and daughter of Toronto are guests of Mr. and Mrs. T. G. Smith.

George Dawe visited relatives in Bethany on Sunday.

Mr. and Mrs. E. Anderson, Mrs. Clayton Anderson and Margaret of Roblin spent the week-end with Mr. and Mrs. E. Edgar.

Masters Jimmie and Bobbie Dixon have returned after spending a couple of weeks with Mr. and Mrs. R. B. Dawson.

Beauty queens from various parts of Paris recently presided at a fruit stand in Montmarte, where they presented fruit to poor children.

Brighton, England, will hold a Bristol Week, when people of Bristol will visit there, and Bristol will hold a Brighton Week later.

GROUP OF JOBLESS SEEK GOVT. FARMS

Body of North Monaghan Unemployed Petition Reeve of Township.

That there are indigent families and individuals willing to take up land in Northern Ontario under the Provincial Government's "back-to-the-land" movement, if the City and Township Councils will take the lead, would appear to be the inference that might be drawn from a situation in North Monaghan Township which was drawn to the attention of The Examiner this afternoon.

Henry Joseph Sanders, self-appointed spokesman of a group of over a dozen unemployed married men, intimates that he had left a petition worded in the following terms at the home of Reeve John McIntosh of North Monaghan Township, in the hope that some definite action would be taken. The petition is as follows:

"We, the undersigned residents of North Monaghan Township petition the Council for forms to fill out, as we wish to take up land under the Government Relief Scheme. Signed. H. J. Sanders, New Chamberlain Street; C. Gravelle, tent, Western Avenue; Raymore Mosher, C. Gravelle, Sr., Ed. Ellis, Ed. Clarke, John Thompson, all of Western Avenue; Richard McGrath, Business Street; Richard Michels, High Street; Thos. C. Nice, 23, Brown Street; G. Huggins, High Street; Henry H. Ellis, Lansdowne Street; Charles Bowne and Clarence Bowne, 6 New Chamberlain Street."

Made Inquiries.

Sanders, who claimed that he had left the petition at the Reeve's residence over a week ago, stated that falling word from the Township Council he "bummed" a ride to Toronto and back on a motor truck and sought information concerning the "back-to-the-land" movement at the office of the Department of Lands and Forests.

At Toronto, Sanders was referred to the clerk of his own municipality, he said. In turn the clerk of the municipality referred the men to the relief officer, the latter official stating that he was powerless to do anything in the matter.

"We are all unemployed married men who have had farming experience and who have also worked in the bush and on road construction work," stated Sanders. "We desire to get settled on the land, otherwise we face the prospect of starvation in North Monaghan during the coming winter."

Speaking for himself, Sanders said he had been unemployed with the exception of two weeks' work for a period of two years. The other men were in a similar plight, with the exception that some of them managed to get about a day's work per month cutting weeds for the Township Council.

Municipal Associations Make Extensive Requests

TORONTO, Aug. 31.—(CP)— Increase in governmental contribution to unemployment relief works to 75 per cent; extension of moratorium on property purchases under mortgages from housing commission, assumption by the government of all costs of provincial and suburban highways and all technical, commercial and vocational school training, are measures urged in more than two-score resolutions submitted at the 34th annual convention of the Ontario Municipal Association which opened today.

The resolution on relief works was introduced by the Niagara Falls delegation, and it further urged that the government be requested to assume the cost of direct relief over and above the amount expended for this purpose in 1930.

NEW PERTH ATTORNEY.

STRATFORD, Ont.—Official announcement was made to-day that J. C. Makins, K.C., well-known barrister, had been appointed Crown Attorney for the County of Perth. He succeeds H. B. Murphy, K.C., who retired because of ill-health.

NOTICE!

1932

County Treasurer's Sale of Lands for Taxes

COUNTY OF PETERBOROUGH

To Wit:

By virtue of a Warrant made under the hand of the Warden and Seal of the County of Peterborough, and to me directed bearing date the 27th day of July, in the year of our Lord, One Thousand Nine Hundred and Thirty-two, I am commanded under the authority of the Statutes in behalf, to levy on the lands hereinafter mentioned and described for the arrears of taxes due thereon, with the costs as hereinafter specified, as directed by the said Act. Treasurer to give notice that unless the said arrears and costs are sooner paid I will proceed to sell by Public Auction at the Court House, in the City of Peterborough on the 8th day of November, 1932, at the hour of ten o'clock in the forenoon, the said lands or so much thereof as may be necessary for the taxes, and all lawful charges incurred in and about such sales, and the collection of the taxes.

MILKMEN'S WAR ON IN LONDON

Dairyman Claims Rivals Substitute Sour Milk And Place Sand in Bottles.

PROBE UNDER WAY.

LONDON, Ont., Aug. 31 (C.P.)—Charges that some milk dealers in London had spoiled milk of rivals were made yesterday before the London Board of Health by a dairyman whose name officials withheld.

The man, Dr. Dowman of the health office said, had informed him some dealers placed sand in milk of rival companies, substituted sour milk for fresh milk and cream and discolored milk with chemical substances in an effort to discredit their rivals with customers.

He said agents of the offending companies tampered with milk after it had been delivered at doorsteps and cited an alleged incident in which a woman heard someone changing the bottle outside her door after milk had been delivered.

The woman ran to the door in time to see a man disappear, he added.

The health office started an investigation.

LINDSAY PRIEST TO TROUT CREEK

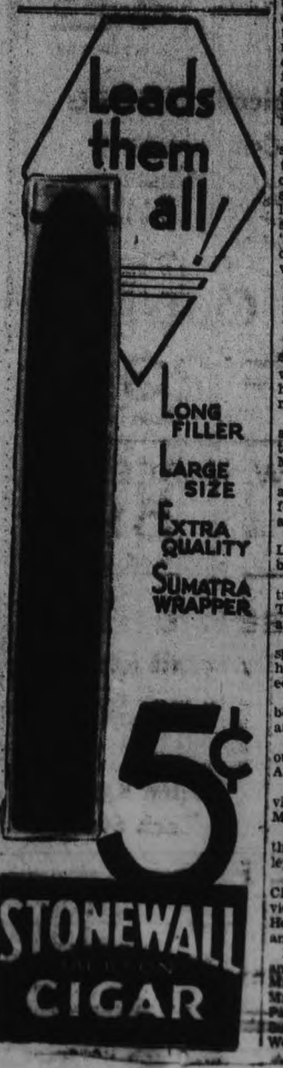
Rev. E. Welsh is Succeeded by Rev. C. McCarney.

GIFT FROM PARISH.

LINDSAY, Aug. 31—A farewell presentation took place this evening at the Knights of Columbus rooms to Rev. Father E. Welsh, curate of St. Mary's Church, who has been transferred to Trout Creek. A large gathering of the members of the congregation was present. An address was read by Mr. G. Cuthbert and Father Welsh was presented with a purse. Addresses were also given by Monsignor McColl and members of the congregation. Rev. Father Welsh will be succeeded by Rev. Father McCarney, of Trout Creek. Both clergymen are former Peterborough boys.

A single bottle of beer cost Max Aldous, one of the proprietors of the Lakeview House, Fenelon Falls, $100 and costs in the local police court this afternoon. The charge was laid following a visit to the hotel on August 23 by Provincial Constable Nelson. A bottle of beer was found in the refrigerator behind the bar. Defence counsel produced a witness who stated that the bottle was his. He was registered at the hotel and had asked Mr. Aldous to put it on ice to cool it.

A hit and run driver was responsible for injuries to four residents of Fenelon Falls who were motoring home from Greenhurst, Sturgeon Lake. The unknown motorist hit the Fenelon Falls car in the rear with such force as to turn it upside down in the ditch. The injured were Miss V. Merriam, who was injured in the chest and head, Max Aldous, badly shaken up and bruised, Miss B. Keller, who sustained injuries to the side and face. The driver sustained minor injuries.



Obituary

COLEMAN ALLDRED

NORWOOD, Aug. 31 (Examiner Correspondence))—The funeral of the late Coleman Alldred who met his death while at work in the Ontario Cheese Box factory, was held on Monday at two o'clock from the family residence on Spring street. The funeral was in charge of the Orange Order. Rev. Mr. Downing conducted the service and spoke very fittingly to the bereaved family and friends. The members of the Orange Order and fellow workmen joined the cortege to the Norwood cemetery where interment took place. The bearers were: Messrs. Oscar Hallahan, Roy Longhurst, John Morrison, Dougal Morreson, William Silverthorne and Walter Morrison.

He leaves to mourn his loss, his wife and children Kathleen, Marjorie, Grace, Josephine, Marie, Gerald and Evelyn.

Friends from a distance attending the funeral were: Mr. and Mrs. Aldred, Sr., Lindsay; Mr. Herb Alldred Lindsay; Wm. Silverthorne, Bobcaygeon; Mr. and Mrs. Oscar Hallahan, Dougal Morrison, Messrs. John and Walter Morrison, Deloro.

REV. W. MOSHER VISITS ROTARY

(Continued from Page 9)

their chosen professions or trades, and also of international service.

District Governor Mosher suggested that only by studying and appreciating the problems of other nations could an individual or a club hope to develop a broad and tolerant outlook on international affairs. It was a duty that devolved upon every Rotary Club and one that Rotary International was particularly stressing in their present years work, he said.

The world was at present in a critical state, he declared. It was badly in need of those things which were beyond price; things that were not quoted on the stock markets. The great need of the world was love, friendship, fellowship and tolerance.

"Most clubs are willing to undertake community service but when it comes to the fifth object of Rotary—International Service, they ask what can they do about international service," the speaker remarked.

The world was a small place, he pointed out, and it was up to everyone to get to know other people better and to try and understand the troubles and difficulties of other peoples. There were important questions confronting the world. There was the Imperial Economic Conference; the Disarmament Conference and other international parleys all striving to bring about a settling of the present world conditions. "We should have an interest in all these questions," Mr. Mosher urged.

He was not unmindful however that in a district such as the one over which he had jurisdiction it was impossible for the various clubs to discuss tariffs and the cancellation of war debts without differences of opinion. But he believed, "the fellowship of Rotary should be able to withstand those differences."

Canada World-Minded

The speaker believed that Canada was more "world minded" than the United States by reason of her connection with the great British Empire and also because of her connection with France by reason of her French population.

The great question to ask however, was he thought, "are we able to speak for the world? Do we understand the questions confronting the world? Rotary asks us to have more international meetings in order that the organization might find some way of contributing something to the world at large in the interests of international harmony.

The possibilities were great, the speaker thought. Rotary International with its world-wide link of clubs represented a cross-section of society. Rotary spoke the universal language—the language of friendship, and the speaker concluded, "we can perhaps bring about a change in the world which possibly would not otherwise come."

NORWOOD

Mrs. Vida Shean who has been spending her summer vacation with her father, Mr. F. W. Wilkins has returned to her home in Montreal.

Mr. and Mrs. Reggie McConnell and baby of Detroit are guests at the home of Mr. and Mrs. Thomas McConnell.

Mrs. C. Hamblin and son John are visiting at the home of the former's sister, Mrs. F. Richardson at Lakefield.

MADOC W.I.

Ladies Plan Year's Work—Mrs. W. Whytock Speaks on Home Economics.

MADOC, Aug. 31. (Examiner Correspondence). — The August meeting of the Madoc Women's Institute was held at the summer cottage of Mrs. R. Bristol at Moira Lake with an attendance of 37. A short sing-song, followed by the Institute ode, opened the meeting, Mrs. C. N. Whytock presiding. Mrs. Moorcroft reported for the Canvassing Committee, that $55.75 had been obtained for Fair special prizes fifteen of this being for Institute specials.

Suggestions for the year's work were called for, the two chiefly discussed being cemetery work and a community rest room. The matter was laid over to be discussed at a later meeting.

Mesdames R. Wellman, J. Whytock and George White were appointed to make arrangements for conveyance to the evening meeting at Mrs. Benjamin Miller's in September. Those willing to take cars, and those wishing to go, are requested to notify one of this committee.

Suggestions were made regarding sympathy and condolence cards and on motion of Mrs. W. Whytock and Mrs. A. Bronson, it was decided that these cards be obtained and Mrs. C. Henderson of the Floral Committee was asked to take charge of same.

In the absence through illness of Mrs. R. Wickham, the current events of the month were taken up by Mrs. C. Whytock. Mrs. W. Whytock followed with an interesting address on Home Economics, stressing at the close the importance of an economy in time and strength of the worker.

Mrs. J. R. Brown of Bonaflaw and Miss Nellie Webb of Springbrook were honored guests of the day. Mrs. Brown spoke earnestly on the necessity of Institute work. Beginning with a stock-taking on Institute aims and achievements, Mrs. Brown reviewed the work by standing committees, and highly commended the taking of current events month by month as both educational and inspiring.

Miss Webb, being heartily congratulated as the winner of the North Hastings District Scholarship gave some interesting details of the girls' competition work and of the trips she has been privileged to win.

Roll call was answered by favorite pickle recipes and excellent recipes were given, many of which were copied by the members, after which a pleasant hour was spent over the tea cups.

DYSENTERY IS DANGEROUS
CHECK IT AT ONCE

is the remedy you should use.

It is not an experiment, but a tried and proven preparation that has been used in Canada for the past eighty years for all bowel complaints.

Price 50c a bottle, at all druggists or dealers, put up only by The T. Milburn Co., Limited, Toronto, Ont.

Weddings

ELLIOTT—HAIG

HAVELOCK, Aug. 31 (Examiner Correspondence).)—A wedding of local interest took place in Toronto on Saturday afternoon, when Doris Gertrude Haig, youngest daughter of Mr. and Mrs. Ben. Haig of Toronto, formerly of Havelock, was married to Mr. Ralph George Elliott, younger son of Mr. and Mrs. J. P. Elliott of Norwood.

The ceremony was performed by Rev. E. O. Seymour of Oakville, a former pastor of Havelock United Church and an old family friend, at the home of the bride's parents in Kennedy Road.

The winsome bride was attired in regulation wedding gown of ivory satin with yoke and sleeves of chantilly lace, embroidered tulle veil in cap effect with orange blossoms, and carried a shower bouquet of butterfly roses with lily-of-the-valley. She was attended by her sister, Miss Olive Haig attired in beige lace with matching hat, carrying Talisman roses.

Mr. Frank Elliott of Buffalo attended his brother as best man.

Mrs. (Dr.) Norval of Akron, Ohio, a sister of the bride, played the bridal music. She was attired in black panne velvet and wore a corsage bouquet of red roses.

After the ceremony a reception was held by the bride's mother assisted by Mrs. Elliott, mother of the groom. Mrs. Haig wore a gown of rose chiffon trimmed with angel skin lace, a felt hat, and wore a corsage coquet of Johanna roses. Mrs. Elliott wore black satin with velvet hat, and corsage of red roses. Afterwards the happy young couple left for a motor trip, the bride wearing a suit of cloth of silver, with silver fox neckpiece and black hat trimmed with cerise velvet.

Mr. and Mrs. Elliott will reside in Montreal.

Magnesia Best for Your Indigestion

Warns Against Dosing Stomach With Artificial Digestants

Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have now discontinued disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestants and instead take a teaspoonful of Bisurated Magnesia in a little water after meals with the result that their stomach no longer troubles them, they are able to eat as they please, and they enjoy much better health. Those who use Bisurated Magnesia never dread the approach of meal time because they know this wonderful anti-acid and food corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation, and make digestion easy. Try this plan yourself, but be certain to get Bisurated Magnesia especially prepared for stomach use.

SPECIAL SERVICE AT CHEMONG PARK

"Seth Parker Revival" Was Largely Attended.

MILLBROOK, Aug. 31 (Examiner Correspondence) — A service, somewhat unique in character, and as a "Seth Parker Revival," was presented at the Chemong Park pavilion on Sunday beginning at 9.30 p.m., cottagers from the Park, residents of Bridgenorth and surrounding countryside, and several car loads from Peterborough, being included in the large attendance.

Toronto artists who assisted with the program were Douglas Ludlow, guest of Mr. and Mrs. Harry Forler, host and hostess at the pavilion, who gave a number of recitations including the old-time favorite, "How Rubenstein played the piano," repeated by request from Saturday night's special offering; Miss Gladys Winters, who is visiting Mr. and Mrs. H. W. Richmond, at their summer cottage in the park, whose vocal solos revealed a sweet, well-trained, and clear mezzo-soprano voice, her numbers being all well received, with particular favor shown the first selection, "In the Garden," the audience joining in the chorus; Miss Jean oWrk, the accompanist of the evening; Russell Harris, who was heard to decided advantage in his violin solos; and Vincent Ludlow, whose instrument was the cello, and who is a member of the Vincent Gould orchestra which plays regularly for the week-night dances.

Community singing of familiar hymns, during which requests from the audience for favorite numbers were honored, appropriately opened the "Seth Parker" program, Mr. Ludlow conducting, the platform being arranged as a cosy interior with an organ for use in the sacred selections, Miss Work preferring the piano for those of a secular character, and for the violin solo accompaniments.

There was an inspiring patriotism about the vim and heartiness with which the chorus, "O Canada" was sung, and apparently the entire program made a successful appeal to the listeners, recalls which were insisted upon after each solo and recitation number meeting with a kindly response from the individual response from the individual artists.

Seating accommoddtion was provided within the pavilion, through the courtesy of Mr. Forler, but unfortunately interference with the spot-light arranged for adequate lighting purposes meant that the audience had considerable difficulty in seeing the words on the song sheets. However practically all of the hymns and songs selected, or asked for, were well known and there was hearty singing right up to the closing number, "God be with you till we meet again," the National Anthem bringing the program, the first of its kind to be initiated by Mr. Forler, to a fitting conclusion.

A feature of the evening that elicited hearty applause was the singing by the boys of "Pack up your troubles," their particular choice when the conductor gave them oportunity, and of "Katie," by the girls, when their opportunity came of naming a favorite.

Hastings

Mr. and Mrs. A. B. Smith were visitors to Omemee on Sunday.

Mrs. E. Hendricks of Toronto is spending her vacation at the home of Mr. and Mrs. M. J. Baker.

Mr. Frank Collins of Peterborough was a Sunday guest at the home of Mrs. E. Cunningham.

Mr. and Mrs. George Brooks of Trent River were Sunday guests of the former's parents, Mr. and Mrs. Albert Brooks.

Mr. and Mrs. E. Logan of Belleville spent Sunday at the home of the former's mother, Mrs. James Logan.

Messrs. S. Stevenson, William Boyle, and G. Scriver were in Roseneath on Saturday afternoon, where they played ball for Roseneath against Cobourg.

Mr. and Mrs. T. W. Chaplan of Lakefield were Monday guests at the home of Mr. and Mrs. M. J. Baker.

Mrs. William Stewards of Lang is a guest at the home of her son, Mr. and Mrs. H. Edwards.

Master Albert Venders is spending his vacation at the home of his grandparents, Mr. and Mrs. Albert Brooks.

Miss Kathleen Gallagher of Warkworth was a guest on Monday at the home of her sister, Mr. and Mrs. A. N. Bailey.

Mrs. Arthur Wilson of Peterborough was a Sunday visitor at the home of Mr. and Mrs. H. Edwards.

Mr. Earl Fairman left on Monday for Cochrane to resume his position on the school staff there.

Mr. Jack Killoran of Peterborough spent the week-end with friends in the district.

Miss Verna Hall of Toronto returned to her home on Sunday after spending her vacation at the Bassman cottage.

Mr. Joe Carter of Peterborough, a former resident of town, called on old friends on Sunday.

Mrs. H. Edwards was a visitor to Kawartha Lakes on Sunday.

Mr. W. Burkholder of Omemee spent Sunday at the home of Mr. and Mrs. A. B. Smith.

Mr. Tim Collins and son James, of Peterborough, were Sunday guests at the home of Mrs. E. Cunningham.

Mr. Walter Killoran of Peterborough was a week-end visitor with friends in town and district.

Illness prevented Sir James Barrie, the author and dramatist, from distributing prizes at Bedford School, Bedford, England, recently.

CANADIAN PACIFIC
CANADIAN NATIONAL

WHEN G. A. COX WAS FINANCING

Recollection In Montreal Gazette Of Old Midland Railway.

FIFTY YEARS AGO.

"George A. Cox, president of the Midland Railway, and Robert Jaffray, returned to-day from England. There they placed the first bonds of the railway company, to the value of $612,000 on the money market."

The above item appeared not yesterday but fifty years ago in the Montreal Gazette as a despatch from Toronto. It was republished recently in the Gazette's "Fifty Years Ago" column.

At that time Canada had entered upon her great era of railway expansion, states The Toronto Star in commenting upon it. The Canadian Pacific was under construction. Its rival, the Grand Trunk, was looking eagerly for ways in which this new and formidable competitor might be out-generalled. The Midland—a railway with its main line extending from Port Hope to Midland, now part of the Canadian National—had been built with German capital by Baron von Hugel. Its securities had been quietly acquired by Mr. Cox, who finally gained control. Later it was sold to the Grand Trunk, whose management intended that heavy traffic from the upper lakes should reach Montreal and the seaboard.

Traffic, as it transpired, was to take other routes. And steam railways, which were regarded fifty years ago as the great and established means of communication, were to find their revenues sapped, first, by the competition of electrics, and then by the competition of rubber-tired motor vehicles. Today no one talks railway expansion. No one goes to the London market—or to any other—with new railway projects for this land of paved highways and gasoline go-buggies.

HOPE TO EXTEND WHEAT PEGGING

Finance, Industry and Government Will Get Together Thursday in Regina.

STUDY DEBT QUESTION.

REGINA, Aug. 31 (C.P.).—At the call of the Government, high officials of banking institutions, trust companies, mortgage and loan organizations, implement companies and similar organizations will assemble in the Legislative chamber at the Parliament Buildings Thursday to discuss debt adjustment problems with Premier J. T. M. Anderson and members of his Cabinet.

Discussions, it was said, will likely centre around a pegged price for grain in settlement of debts contracted prior to 1932. A few merchants and several implement companies have been taking wheat in payment of debts. It is stated unofficially that the conference on Thursday was called in the hope the movement could be extended greatly.

The hope really is to establish a pegged price on all grains which would be acceptable to all the larger institutions operating in the province, including if possible insurance companies. It is also claimed that one—possibly there are more—is working on a scheme whereby all forms of farm produce would be accepted and the debtor credited with the market price as sold. Such a scheme would entail the establishment of distributing places in the larger centres.

Obituary

MRS. JAMES GRAHAM.

The funeral was held on Monday afternoon to Fife's Cemetery, of Mrs. James Graham, who died at her residence near Villier's Corners, Otonabee Township, on Saturday evening, following a lingering illness.

She is survived by her husband, two sons, James of Colborne, and William at home; also one daughter, Mrs. Adams of Otonabee, one brother, James Dickson, and a sister, Mrs. Alfred Harris, both of Otonabee. The funeral was conducted by the Rev. J. V. McNeeley of Keene.

Lakefield

Mrs. Fred Waldon celebrated her eighty-fifth birthday on Saturday at her home on Queen street. The celebration was quiet because of the illness of Mrs. Fred Abbott (the eldest daughter) but the sons and daughters gathered about their mother to wish her good health and to enjoy more birthdays. Mrs. Waldon is in good health and takes a great deal of interest in his home and family and in the community where most of her life has been spent. A wide circle of friends in the village write in offering felicitations.

The Lakefield Rifle association is holding its regular Labor Day shoot on Monday Sept. 5th and the fourth and last of the shoots in the silver salver competition on the Thursday following September 8.

St. John's Church

Rev. A. W. MacKenzie M.A., D.D. was in charge of the service in St. John's church on Sunday morning. There was no evening service.

Guests this week at "Bellview" are Mrs. J. Hartford and daughter Gertrude, of Port McNicholl.

Mr. and Mrs. Armistead returned to Toronto Monday, after spending a few days guests with Mr. and Mrs. Darrah.

Mr. and Mrs. Stridding and daughter Betty Mae; Mr. and Mrs. Kendall of Piqua, Ohio, are guests at "Riverside" cottage.

Mr. Fred Pollock of Havelock caught a nine pound pickerel Monday night, while trolling in the Trent waters.

Strychnine Found In Body Of Youth

HAMILTON, Aug. 31.—The presence of strychnine was revealed when an autopsy was performed on E. H. Tate, 277 Stinson Crescent, aged 19 years, who died suddenly on August 22, and the case is being fully investigated by local police.

Tate was taken ill shortly after his return from Niagara Falls, where he had spent a week-end, and died in convulsions. Efforts are now being made to trace his movements, but the police have had no success so far.

When the investigation is completed an inquest will be arranged.

FLORIDA STORM PASSES LIGHTLY

Sweeps Over Everglades Doing Less Than $10,000 Damage.

FIVE ARE INJURED.

MIAMI, Fla., Aug. 31 (C.P.).—Bright sunshine yesterday restored normal conditions in the wake of the tropical disturbance which passed over the lower end of the Florida peninsula Monday night without serious damage.

The storm crossed the sparsely settled Everglades area, and presumably passed out into the Gulf of Mexico yesterday some distance south of Fort Myers with its intensity greatly diminished.

With the passage of the storm from the east coast, merchants here removed barricades from their display windows and conditions returned to normal. Aside from a few broken windows, torn awnings and such, the storm did no damage here. Airway transportation to Havana and Nassau was resumed. Railroads maintained their schedules, and no damage was reported to the Overseas Line that bridges numerous keys between here and Key West.

For a while, Naples, south of Fort Myers, was without contact with other points, but later a message came through, saying damage there was inconsequential.

Five persons were treated at Miami hospitals for slight injuries attributed to the storm, but property damage to the greater Miami area was estimated at less than $10,000.

Havelock

Mr. and Mrs. S. Cherrie and son Donald of Belleville, Mr. Cherrie's sister, Mrs. Ramsay of Toronto and Miss Margaret Purches of Alliston were week-end visitors with Rev. and Mrs. Hugh Brown. On Sunday Mr. Brown officiated at the baptism of Donald Cherrie.

Rev. Hugh and Mrs. Brown visited friends at Warsaw on Tuesday. They were accompanied by Mr. Brown's niece Miss Margaret Purches.

Miss C. Graham of Sault Ste. Marie is a guest this week with her brother, Mr. Angus Graham and Mrs. Graham.

Mr. George Dart of Midland, formerly of Havelock was a recent visitor with his friend, Mr. J. R. Bedford.

Miss Helen Craig has returned from Port McNicoll where she was the guest of friends, for a week's vacation.

Name Paris Street For Slain Doumer

PARIS, Aug. 31—Paul Doumer, recently assassinated President of France, will be known to future generations by a street name. The Paris municipal council has decided to "immortalize" him by naming the extension of the Avenue de la Muette after him.

Electrics and Caledonians Split Soccer Points

BLOWERS GETS SCOTS' GOAL TO TIE COUNT

Teams Battle Through Seventy Minutes of Strenuous Soccer for 1-1 Decision.

Anderson Plays Good Game.

After a strenuous seventy minute battle for possession of league points, the Canadian General and the Caledonians failed to break the issue with the score standing one-all. Joe Bolton saved a penalty kick and had to retire, until he recovered, to take his place after the interval. Len Anderson, new C.G.E. goalie gave a good account of himself in a new role, while Earle at outside right proved an acquisition. George Blowers got the equaliser from a penalty award. The league standing is as follows:

	F	W	L	D	F	A	Pts.
C.G.E.	14	7	3	4	29	21	18
Packers	12	7	2	3	30	15	17
Delorq	13	6	3	4	29	28	16
Caleys	14	6	7	1	28	39	13
Port Hope	12	0	8	4	14	25	4

Two points for a win and one for a draw.

Slow Opening

Caley's lost the toss, to face the sun, while the C.G.E. started with ten men. Play developed into a lackadaisical style which was uninteresting from a spectator's point of view. Eventually the Electrics carried the attack right upon the Scots' decenee to find the C.G.E. pivot man accepting the opening as he steadied the ball to his desire and sent a drive into the net out of the reach of Bolton. The Scots replied with many dangerous raids to test out Anderson, new C.G.E. custodian, who kicked clear. But T. McPhate connected with the return to skim the crossbar with a lightning drive. They kept up the pressure to find the runners-up in the league consolidating on defensive methods with accuracy, to hold their goal intact. After a continued seige Robb transferred the ball to the other end when a penalty kick taken by A. Mitchell failed to be converted. Bolton saved the spot kick as it rose in below the bar. He fell to the ground with his hand injured and retired for the remainder of the period, after the first aid men had attended him. Greer took his place in between the sticks and made a good job of it. The Electrics were pressing as the interval was announced. Canadian General 1, Caledonians 0.

Very Keen Tactics

On resuming, the Scots opened up their attack with a barrage of combination plays around the goal territory, Bolam and Mitchell checking closely to give their custodian ample time to clear the dangerous attacks. Burgess nipped the ball out up-field where the Caley centre-half intercepted a C.G.E. well planned attempt to increase the lead when Jimmy Quinn picked the far corner of the goal, Bolton, Scots' goalie pulling the ball down out of danger. This was followed by a splendid shot from the wing by Earle who played a nice game in his new position. Keen tactics crept into the play which was accompanied by heavy body checking that brought forth penalties that were always dangerouhe as the ball hovered around the goal. Hanson, time and again, broke down the wing to place perfect centres into goal. Blowers took the kick to give the custodian no chance. With only ten minutes to go, the players let loose on both sides to pepper one goal then the other in an attempt to get the deciding goal. Just as the whistle sounded, T. McPhate in possession of the ball, sent a rocket drive into goal where Anderson stopped it bodily.

Canadian General 1, Caledonians 0.

Canadian General—L. Anderson, goal; J. Mitchell and B. Bolam, full backs; S. Clark, W. Robb and A. Burgess, halves; G. Earle, J. Quinn, B. McMaster, A. Mitchell and H. Darling, forwards.

Caledonians—J. Bolton, goal; S. Agnew and G. Blowers, full backs; P. Reid, T. Craig and W. Rankin, halves; E. Hanson, W. McCracken, A. O'Halloran, A. McPhate and T. McPhate, forwards. Subs., E. Adkinson and J. Greer.

Referee—Alex McKinley.
